After graduation today, Martha dressed her little sister, Amy, in cap and gown and let her walk across the stage. Amy chortled all the way home. "I graduated, just like Martha."

Martha is a sweet big sister. She lets Amy watch while she gets ready for dates, makes clothes for her dolls and invents endless games designed to please a four-year-old. On the other hand, Amy adores the ground her "Marthy" walks on and listens to her advice before all others. It was Martha who straightened her out when she rebelled against church-going. "We go," said Martha, "not because we have to, but because we love God and want to be good."

How glad Bob and I are that we have always gone to church and taken Martha with us! Love of God is an essen-

Big moment

tial part of her life. Now she is helping us teach Amy a similar understanding and reverence.

Go to church, and take your child. Share with him the greatest wealth on earth.

MRS. JOSEPH BYRON KELLEY

Deborah Jane Sherry, Joseph Byron Kelley Pledge Wedding Vows At Slaughter Chapel

Miss Deborah Jane Sherry became the bride of Mr. Joseph Byron Kelley last Saturday evening, April 24, at Slaughter Chapel of First Baptist Church. Dr. W.A. Criswell officiated.

The bride is the daughter of Mr. and Mrs. Dudley B. Sherry of 8446 San Benito Way. The groom is the son of Mrs. Raye Kelley of Rotan, Texas.

The bride wore a formal length gown of pure silk organza veiled over silk taffeta and accented with imported French peau d'ange lace in a diamond white. The classic gown featured a princess line bodice and a skirt which flared to give a full A-line effect, accented with scattered appliques. The magnificent Watteau train unfolded from the back bodice to extend chapel length. Long fitted sleeves tapered to form petal points over the hands and a small applique of the lace enhanced the upper part of each point on the sleeves. Her bouffant veil fell from an open contour caplet of matching lace, featuring lace flowers encrusted with seed pearls at each side. Honor attendants were Mrs.

A. Wayne England, sister of the bride, matron of honor and Mr. Byron Shelley of Lubbock, cousin of the groom.

The bride is a graduate of Bryan Adams High School and of Baylor University. The

groom attended Hardin-Simmons University and is presently a student at the University of Texas at Arlington.

Following the wedding trip, the couple will make their home at 1315 Annex, Apt. 105.

Quiet Meditations

by Rev. Albert Cooper

First United Methodist Church Rotan

"Well Done, Thou Good and Faithful Servant, Enter Thou into the Joys of Thy Lord". Matt. 25:21.

These are the words of the Master to all who leave more than they have been given. This is only a faint glimpse of the joy in store for the faithful man of God, who expends himself in service to his fellowmen. A wise word of counsel, a smile of encouragement, a hand extended in time of need, a faith that meets rebuff and adversity with confidence and courage; these are the component parts of a Spirit steeped in God's love, conscious of His mercy, and the recipient of His Grace.

A man who recognize that the good in his life comes from God and is more than willing to share that good with those around him is the kind of man on whom God depends to make His way known on earth. When a man fills his niche in life with honor and comes to the end of his way, we feel a tremendous loss. But the mystery of God's way is that that kind of faith is imparted to others, and someone else will take up the load and carry on for God, and the good that has been done becomes a part of the storehouse of God's Eternal Kingdom. Such a man was our friend, L. E. Newton, and his influence will remain with us who loved him for the rest of our days, and his impact upon the church he loved and served will never die. Let us rejoice in the crown he has won, for that is his reward.

"Be Thou faithful unto death and I will Give Thee a Crown of Life." Rev. 2:10.

Rotan's 8th Grade Last Will And Testament

We the eighth grade class of 1970-71 being of sound mind and body (at least the majority of us) do hereby make this our last will and testament.

We leave the memory of the 'best class ol' R.J.H. has ever produced, the memory of our brilliant minds, our unequalled glory, and our constant mischief to our successors.

We hope you will appreciate our extreme generosity and what an unforgettable class we are!

Timothy Acorn leaves his natural afro and irresistible smile to Jackie Gentry.

Juan Gutierrez leaves his greasy kid stuff to Jesus Lopez.

Teresa Coan leaves her parking experience to Pam Cleveland and Annette Weems. There's a big hunk for each of you!

Barbara Aumada leaves her collection of bubble gum wrappings to Ester Yanez and Barbara Wallace. I hope you girls can send off for a nice prize.

Sue Tonn decided she was too perfect to leave anything.

Alan Weathersbee leaves his chance to become President of the United States to Kim Gray. Better hurry it's going fast Kim.

Benny Morales was going to leave his cute little curly eye-lashes, but he looked too handsome to give away anything.

To Lisa Summers goes Risa Robert's strawberry red hair. Beware of weeds in the strawberry patch!

Mary Jane Garcia leaves her reputation as class gossip to Amando Hernandez. Are you sure you want it Amando?

And we leave Coach Boaz the memory of our fantastic 8th grade athletic dept.!! That's really something to remember.

Jerry Gentry leaves Betty Allen his extra-large bush comb!

Sara Ramirez leaves all the gum stuck under her desk to Bonito Garcia and Alex Flores.

Nonia Trout leaves 25 autographed pictures of herself to Brenda Bratton. Well, what did you expect, Brenda?

Kathy McCombs leaves her spit curls to Burt Weathersbee.

Jerry Clay Hariman leaves his mud puddle to James Goodwin! And he's even throwing in all his mud pies!

Frankie Gaspar was going to leave his teddy bear to Frank Lopez, but he decided to keep it in case he got lonely!

Debbie Daniels leaves her pierced ears to somebody that wants them!!

Larry Hartman leaves his manly walk and modesty to Brian Harrison.

And Mrs. McCasland, we leave you with our underclassmen!! We know they can never completely follow in our shining footsteps, but maybe you can turn them into decent, self-respecting little angels like us! Don't be discouraged if they don't turn out perfect like we did! After all a class like us is one in a million!!!

Hope Yanez leaves her beautiful dimples to Marcelina Yanez.

Judy Sharp leaves her spit wads to Manual Ortiz and Danny Ramirez who have a few of their own!!

Lynda Hooper leaves her shy, loving disposition to Terri Cade.

red hair to Donna Jennings, They want to keep in the family! Linda Carr leaves her "soul power" to Bobbie Norman.

Tina Macias leaves his boxing ability to Leo Lopez.

Freda Odom leaves her unbelievably wild giggle to Joyce Sharp. Sorry 'bout that, Joyce!

Cecil Womack leaves his little sister to anybody that wants her!!

And now, for all you 7th graders, we, your illustrious upperclassmen, are, out of the generosity of our hearts, going to let you keep Mr. Hudgins for another whole year!! No thanks please. We are quite aware of the tremendous sacrifice we are making!!!

Reid Cave leaves his censored pinups to Monte Morrow. Have fun, Monte!!!

Joe Alaniz leaves his adorable curly hair to Glen Wilfong, Dan Burk, and Brent Jones. Don't worry boys, there's enough for all!!!

Mrs. J.C. Parks Presides Over WMS Meeting

Getting water from its source to where it is needed often creates problems. Plastic pipe may be the answer to the problem even if the water is to be used in the home. Plastic pipe, is economical and easy to install. The smooth interior surface reduces pressure loss in the pipe due to friction, and normally a plastic pipe has the same water carrying capacity as a galvanized steel pipe one size larger.

Less labor is needed for installing plastic pipe. Digging a ditch isn't necessary. A boot attached to a subsoiler designed for a farm tractor will feed the plastic pipe into the trench cut by the blade.

Flexible pipe can be worked around large rocks, laid around curves or placed on uneven grades without cutting the pipe or using expensive fittings.

Pipe-fitting attachments for subsoilers are relatively inexpensive. Their cost can be justified in time and labor saved. Often a subsoiler or pipe-laying attachment can be rented from a local machinery dealer or neighbor.

Plastic pipe to be used for carrying water into the home should bear the seal of the National Sanitation Foundation.

If a water pipeline is needed to get water to spots on the farm where it is not now available, check into the possibility of using plastic pipe.

Once an ornament plant becomes badly diseased, it is almost impossible to nurse it back to health.

Homeowners will do well to remember this rule. It is difficult, if not impossible, to eradicate disease organisms from a badly diseased plant. For this reason, every effort should be made to prevent disease-causing organisms on plant material or in the soil.

Mild disease conditions are not always easy to detect when buying ornamentals. Dealing with reputable nurserymen is the best insurance against getting puny plants.

Plants in poor growth condition are usually more susceptible to disease and the weather this spring has been such as to cause delayed growth on many plants.

Plants should be checked for any sign of disease and all diseased branches should be removed. Pruning wounds should be treated with an approved wound dressing to stop the entrance of wood decaying organisms.

Even good cultural and sanitation practices may fall short at times. This is the time to use specially formulated chemicals which are safe when applied according to label instructions. Fungicide applications should

begin when disease development first appears and should continue at 7 to 14 day intervals as long as weather conditions favor the disease. Addition of a household detergent at the rate of one teaspoonful per gallon will help get a more uniform covering of the chemical onto the plant.

Don't ruin your lawn by mowing too close. Mowing too close encourages a thinning of the turf and shallow rooting. This lowers the resistance of the lawn to drought and disease, and gives weeds an opportunity to take over.

Because of the extended drought a lot of lawns are depending upon their owners to give them the water and plant food needed to keep up their good appearance. And this is no easy job. It will take the best management practices to keep the lawn beautiful and growing and proper mowing is one of the most important practices.

The lawn should be mowed often enough so no more than one inch of the leaf tip is removed at any one clipping.

Proper mowing requires a sharp well adjusted mower. The mower should be sharp enough to cut the tips of leaves without crushing or burring them. Most mowers can easily be adjusted to the correct cutting height. Bermuda lawns should be mowed at a height of one to one and a half inches and most other lawn grasses a half-inch higher.

The management practices used on the lawn during the current dry weather can well determine whether or not your lawn will survive.

Sunday School Lesson

Now and then all of us experience difficulty in going to sleep. When this happens, we aggravate matters by repeatedly checking on the time, listening for every sound, letting our impatient thoughts race about like caged animals. By fretting we only make matters worse.

How much wiser the psalmist was who used his times of wakefulness to meditate on the Lord! His words "my mouth shall praise thee" suggest that possibly some of the psalms are products of such night hours of communion with the One who "shall neither slumber nor sleep."

When we lie awake, alone in the dark, grasping after oblivion, we might profit more by engaging in loving contemplation of Him who first loved us. Since our days offer little time for meditation, let us use our sleep delays creatively, moments in which to remember all the mercies of our God.

PRAYER: We thank Thee, Lord, for the knowledge that in sleeping we can rest in Thee and in waking we can rejoice in Thy presence. We offer our thanks in the name of Jesus, who taught us to pray, "Our Father who art in heaven... Amen."

THE THOUGHT FOR THE DAY
Whether asleep or awake, we are the Lord's.

Hereby removing all previous wills and everything else we have said:

Rotan Class Prophecy

As the end of our Senior year approaches, naturally we wonder what the future holds for us. Matt and I decided to consult a computer and find out what each and every member of the 1971 class would be doing 10 years from now. Some of our findings were very interesting as well as very shocking. The computer predicted that our fate is as follows:

1. Steve Nowlin is a very distinguished member of our society. He has chosen teaching as his career. Steve finished Tech in only 6 years. He received a major in rugby and a minor in basket weaving. Principal Hale reported that Steve is very popular with all the 15 students at Hobbs High School.

2. Jeanne Aldridge is a top executive in the Platex Women's Wear Company. She is not only regional saleslady to West Texas, but she also models the apparel. Can you picture that!

3. Hector Velez and Santos Perez are now prominent lawyers in Chicago. They confided in us that they just hope the Internal Revenue Service doesn't catch up with them.

STEVE NOWLIN

Son of Mr. and Mrs. Dwight Nowlin. Born April 6, 1953 in Eglin Beach, Fla. Moved to Rotan in December, 1953 and entered Rotan schools in first grade. Plans to enter Texas Tech next fall to major in business. Will coach football.

JEANNE ALDRIDGE

Daughter of Mr. and Mrs. H. E. Aldridge. Born August 4, 1953 in Rotan. Will enter Western Texas College this fall to major in business. She plans a career in mathematics.

Roby Class Prophecy

The dust settles over the world after the atomic warfare of World War III.

At the aid station run by the world-famous surgeon, Dr. David Noles, survivors straggle in. They seem to be mostly the 1971 Seniors of Roby High School.

The first ones that drag in are the last surviving members of the Super Bowl XIII where their team, the Dallas Cowboys, won. They are Bob Holcomb, Jeff McClure, Ray Douglass and John Knox. They said the game ended with a bang. Next, comes a torn-up Mike Herron pulling his prize Angus from Denver. On this prize steer is an unidentified blonde. Marching down the road is the last survivor of the U. S. Army, Rex Beauchamp. The general is dribbling a basketball and looking for his old buddy, Ted Posey. Skipping merrily down the road is the international Playboy and great tennis player, Neil McWhirter. He seems to be strummin his racket.

As we all look on the hill where the old school building was, there is Craig Lawliss, still reading a library book. The first female of the class to appear is Patie Evers. She is attired in

white linen and looking for a stock farmer. Another one coming is Vickie Parker herding a horde of kids. All the kids have little black mustaches. Running down the hill are Charles Hill, editor of Ebony Magazine, and his prize model Aletha Morgan. Aletha is looking for a town to the north. Stumbling over his feet, Barror Wetzel comes in wearing a T. C. Jenkins T-Shirt. He told us that he was blown off a barrel and out of the pool-room at the J & W Ranch House. Injured, but still walking, is Regina Eaton. Regina has been

affected by the fallout and is nearly as tall as her ex-husband. Pulling a long, white, metal container is Andi Whitfill. She is very welcome because she was the beverage lady in her town. Andi seems to be the last one to walk in.

Let us look around the aid-station. A familiar face seen is Betty Stovall, a hospital clerk. She is asleep as usual. At the end of the injured line is Melvin Salley and his wife Debbie Douglass. She is very worried because Big Mel is about to have a kidney transplant. Von-da Jones has agreed to give up a kidney so that Mel might live.

These last survivors hope that they might be able to start a new world. A world that is free of weapons and war is possible if they can work together.
