Fisher County Students Effected By New Immunization Requirement

Smith signed into law, Senate Bill 27, amending section 2.09 of the Texas Education Code. This law is now in effect and requires that all children entering Texas elementary or secondary schools or institutions of higher education must have been immunized against six diseases: diptheria, tetanus, poliomyelitis, measels, rubella, and smallpox. The law states that "the State Department of Health shall provide the required immunization to children in areas where no local provision exist to provide these services. "

Senate Bill 971, an amendment to Senate Bill 27, has become law. It enables the State Board of Health to modify or delete any of the six required immunizations, and allows the provisional admittance of students if the required immunizations have been begun and are continued to be received "as rapidly as is medically feasible; and requires the State Department of Health to promulgate rules and regulations relating to the provisional admission of persons to an elementary or secondary school or institution

of higher education. " This statement is issued to set forth policies and plans for implementation of the law and the amendment thereof.

All students will be allowed to enter their respective school systems during the Summer and Fall 1971 terms, with the provision that their immunizations against at least one of the aforementioned disease will have been started by January 1, 1972 and all completed as soon as

medically feasible. The immunization requirements apply to all students attending public, private, or parochial schools, for example: kindergartens associated with elementary schools, elementary or secondary schools, academies, colleges, universities, and schools for the blind, deaf, men-

tally ill and mentally retarded. For complete immunizations the following are required in the respective class or age group-

Children in Kindergarten and Grades One through Five, or Children Ages 5 through 11 in ungraded schools: Polio, at least 3 doses of roal vaccine, provided one or more doses have been received since the fourth birthday. Diptheria/Tetanus, minim of 2 doses with at least

one dose having been received since the fourth birthday. (Usually given as DTP for children less than 6 years of age, and TD for children 6 years of age and older.) Measles, 1 dose of vaccine, or history of measles

cine. Not required past age 12 years. Smallpox, 1 vaccination within the past 10 years. Children and others in grades

six through twelve, or children and others ages 12 and older in ungraded schools other than institutions of higher education: Polio, at least 3 doses of oral vaccine, provided one or more doses have been received since the fourth birthday. (polio vaccine is not requires for persons nineteen years of age or older.) Diptheria/Tetanus, minimum of 3 doses with last dose within 10 years. Booster dose only after initial series. (Pertussis should not be given past age of 6 years.) Measles, the majority of children in this group will have been previously immunized or obtained natural immunity through infection, Recommended but not required on an individualized basis if history of vaccine or illness is though to be negative. Rubella, not required past age 12 years. Smallpox, 1 vaccination within the past 10 years.

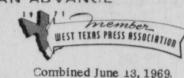

Students in institutions or ingher education: Tolle, at least 3 doses of oral vaccine. provided one or more doses have peen received since the fourth birthday. (Polio vaccine is not required for persons nineteen

A mighty popular place in town is the swimming pool. Mr. Armstrong estimates that around 50 people use the pool every day and bout \$600.00 has been taken in since the pool's opening. He would like to remind everyone that three nights a week are open for parties, Tuesday, Wednesday and Friday nights, with Thursday night open for public swimming. Later in the summer, Saturday night the pool will be open for the public, also.

No wise man ever wished to be younger. Our local editor had an embarrassing experience last Thursday while on his way to Lubbock to take John to a specialist for his ears. They stopped to eat breakfast in Post. When it was time to pay the cashier behind the counter our Editor discovered he had left his money at home and didn't even have any checks. They searched the car but not a single check was to be found. What a spot to be in! Kim told the man at the restaurant if he wouldn't make him wash the dishes he would get him the money for their meal. A call to our local banker to send some money saved the day. Moral: Check your hip pocket before you go out of town.

Roy Kingsfield will leave Friday for Alpine to take part in a trail ride from Alpine to Pecos. This will be around a 100 mile ride and will take 4 days. They will average 25 miles a day and be in Pecos for the parade on July 1 opening the Pecos Rodeo. Roy is a member of the West Texas Trail Riders Association and makes trail rides quite often. Roy stated that a trophy was awarded to the oldest man making the ride and he received the award last year and we think he will this year too, because, he sure is old, they have to tie him on his horse. (How's that for getting even, Roy?)

Common sense is not so common. My Mother is usually feeding some kind of baby animal, most times a pig, but some time not so common as that, and this time it happens to be seven baby ground squirrels that my brother plowed up last Saturday. They are making it a lot better than the 6 baby skunks that only lasted about a week.

Newman Old Settlers Reunion Held Sat.

The thirty-second annual Newman Community cemetery working and Old Settlers Reunion was held Saturday, June 5. under the Newman Tabernacle, a landmark for many years. The original tabernacle was erected in 1900 on land donated by Mr. John W. Dickerson. It was rebuilt in 1930 and in 1970 was repaired, re-roofed, repainted and tables were added. Also, the area around the tabernacle has been graveled and two outbuildings have been moved to the grounds and painted this

To the cemetery this year, a chain-link fence has been added which with the gate and arch and name plate put up in 1968, makes this one of the best landscaped and best kept rural cemeteries in this area. The cemetery is on land donated by Mr. C. Y. Powell in the early

keeping the covenant

When it was first organized, the Midwest electric cooperative made a covenant to provide area coverage and to furnish electric service to all the people in their service area without electricity who desired it. Such an agreement was not easy to keep because cooperative members were widely dispersed, often miles apart and located, for the most part, in sparsely settled rural areas. But with an honesty and integrity which are a part of their heritage, they have kept the covenant, furnishing a low-cost dependable supply of electric power which is warming the hearts and homes of thousands of member-owners while Helping Texas Grow.
