A few months ago our "County Fathers" voted in Commissioners Court to order a feasibility study, to determine what needed to be done with respect to our existing Fisher County Courthouse. They wanted to have something concrete to help them make a decision on (a) remodeling the Court House (b) constructing a new Court House or: just letting the old one rot where it is.

Monday morning, September 13, Max Lovett, with Lovett & Sellers Architectural Firm, presented four plans of action as a result of the feasibility study conducted by his firm.

Of the four plans presented, only one in my opinion deserves any consideration. That is the one that calls for the complete destruction of the present facility and construction of the "Wing Type" one-story structure. The estimated cost of construction is in the neighborhood of \$350,000 to \$370,000 depending on the addition or deletion of a few extras in construction.

Now that the Commissioners Court is really getting down to business on seriously studying the construction of a Court House, a few major items need to be aired.

First, do we really need a new Court House and why. In our opinion something definitely needs to be done. From all facts that we have received to date, the only really sensible thing to do is build a new structure. No one wants to throw good money away and in our opinion that is exactly what we would be doing if we spent one more thin dime on trying to patch up the present court house. It is the responsibility and duty of the Commissioners to furnish adequate building space and to maintain proper health standards in the court house. In our opinion the courthouse has deteriorated to such an extent that unless they start and seriously proceed with some program, the commissioners are not fulfilling their responsibility to either the people or the county employees.

Aside from the fact that the bats have completely taken over, the unsanitary conditions because of the bat debris, the deplorable odor, and the unlikely condition that the bats could ever be 100% eliminated, lies many other arguments in favor of constructing a new structure. The office space is deplorably inadequate. Many dollars would have to be spent on slipshod additions to afford our county workers the privacy and working area that they need. The District Courtroom is a disgrace. Ventilation is so acute that in the summer when court is in session, the old evaporative cooler type air conditioners have to be turned off in order for the jury to hear testimony. Huge cracks in the structure make one question the safety of the structure. The list goes on.

Second, what is going to happen to our county tax value and valuation? We called Judge Ralph Ammons on this matter and were informed that from all sources he could sample, he expects no major change in either the present 95¢ county tax value nor the present trend in County Valuation. The evaluation engineer can see no decline in the next 8 to 10 years in oil valuations. Judge Ammons is of the opinion that the county taxes should not have to be increased one penny to construct the Court House. If you'll study the "Fisher County Tax Valuation and Rate Schedule" found in this week's paper, you'll notice that for the past 40 years our valuation has climbed, with a few exceptions, from 8 million dollars to 30 million dollars. This is due to the increased valuation on oil property in Fisher County.

ARCHITECT PRESENTS FOUR NEW COURT HOUSE PLANS

The new Fisher County Court House feasibility study, ordered by the County Commissioners, was presented at the regular meeting last Monday.

Max Lovett, representing Lovett & Sellers Architects, presented the commissioners with four plans of action.

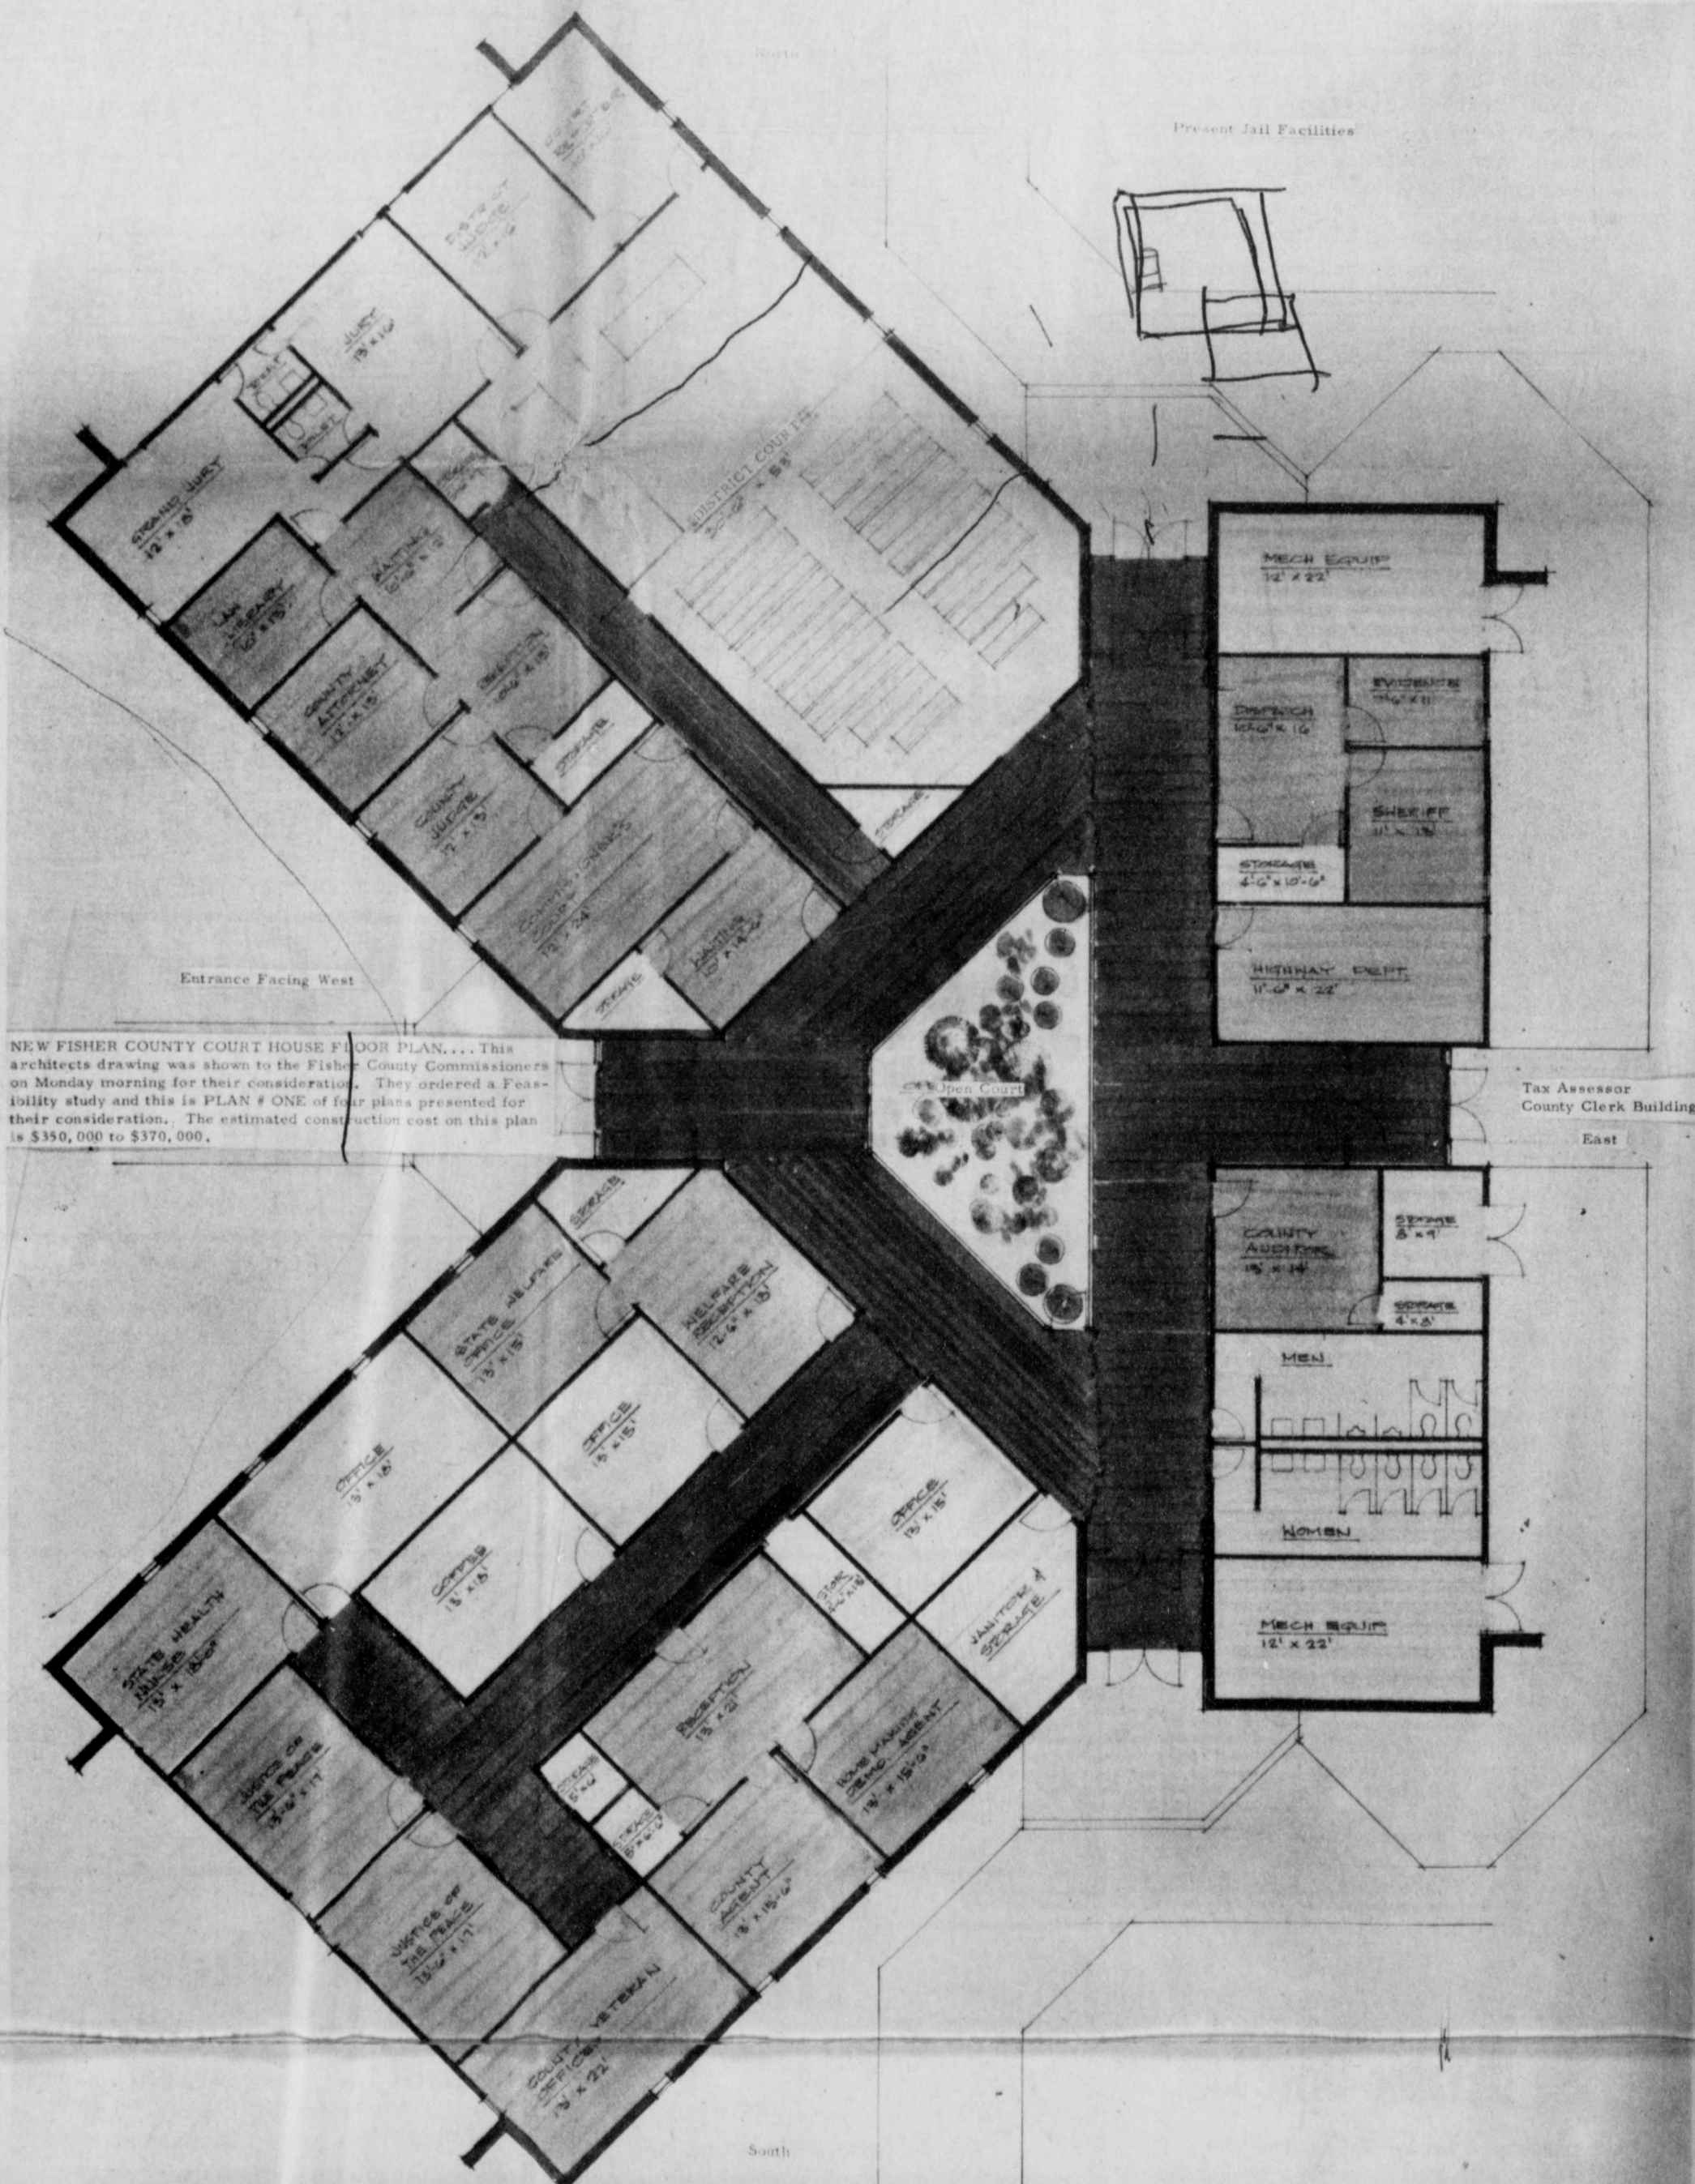

The first plan calls for the complete removal of the existing Court House and the construction of a modern one-story building to be erected in its place. This plan would cost an estimated \$350,000 to \$370,000, depending

upon whether or not the commissioners accepted or rejected a glassed in court yard. This proposal called for adequate office space for the present and additional expansion facilities for the future.

The second plan Lovett presented also called for the destruction of the present Court House, but the proposed new facility would be rectangular in shape. This plan would cost an estimated \$350,000.

The third study would utilize the existing

Dear Kim:

Most Texas newspapers and an unfortunately large number of our citizens reacted to our position on the wage-price freeze, as it affects State employees and teachers, on the basis of emotion, without realizing that there were very good, logical and legal reasons for our position--reasons which compelled us to take that position.

The issue is not, as has been suggested by many, that we or the State of Texas oppose any reasonable means of curbing inflation. Nor is it that we want special treatment for our State, its employees or teachers.

It is simply a question of whether Texas will be treated in a manner consistent with other States, almost all of which have already had pay raises go into effect for their employees in the past year, whether the Governor is supposed to protect and defend the Constitution and laws of his State, or simply forget his oath of office, and whether the Congress actually could authorize, or did authorize, the President to avoid State laws.

Indeed, we in Texas have been in the vanguard of the fight against inflation and recession. We operate under a spend-as-you-go budget, unlike the federal government's inflationary policy of deficit spending, which put this nation more than \$20 billion in the red last year.

We have cut spending wherever possible and even vetoed the entire second year of the biennial appropriations bill so that we could reduce spending to more sensible levels. We have prevented the enactment of unnecessary taxes which would have placed an added burden on the already economically strained pocketbooks of our citizens. And, more than a year ago, we called on the Republican Administration in Washington to revise its failing economic policies in favor of well-planned, reasonable wage and price controls.

Obviously, there are many complex legal problems involved which make it difficult for the people to understand the action we took. Hopefully, greater understanding of the necessity for our action will become apparent as more and more people acquaint themselves with the facts.

Sincerely,
Preston Smith
Governor of Texas

COUNTY AGENT NEWS

By Richard Spencer

People in the cattle business can look to the future with optimism as beef consumption continues its upward spiral across the country.

A recent U. S. Department of Agriculture research publication states that beef now accounts for about two-thirds of all red meat consumed in the United States.

Continuation of the present per capita trends is expected and this coupled with an increasing population will call for a third more beef by 1980. The average American today consumes about 114 pounds of beef annually.

The expansion of beef cow numbers may hold the real key to meeting this increased demand for beef. Today, practically all available calves are being used for feeders, and calf numbers will have to be increased to maintain the growth of the beef industry.

Cattle feedlots over the U. S. handle more beef today than the entire cattle industry produced a scant 20 years ago. Yet the industry still needs to increase its output by a third to keep pace with trends in population and per capita consumption over the next 10 years.

Cattle feeders can take a look at the live futures market as a means of reducing some of the risk in the cattle feeding business that results from price changes. Contract arrangements also help the producer lessen risk.

The migrant farmworker force declined almost 25 percent last year, reports the U. S. Department of Agriculture. During the same period, the rest of the farm labor force fell around one percent.

The U. S. farm population declined 5.8 percent in 1970 to a total of 9,712,000 reports the U. S. Department of Agriculture. As a result, farm population accounts for only 4.8 percent of the national total compared to 8.7 percent in 1960.

DID YOU KNOW? The United States is the third largest importer of agricultural products. The United Kingdom is first and West Germany is second.

Beware of bargains when shopping for landscape plants. A bar-

gain is only a bargain if you get something that gives enough personal satisfaction to make you feel it was worth the money needed to purchase it.

Good bargains do exist within the retail nursery trade, and there are some guidelines for buying a bargain. The first rule is to always buy quality. Quality is the prime consideration of any bargain. Unless the nurseryman has been quality-conscious throughout his entire operation, the plant may not be a bargain at any price.

Plants will always cost you more than their actual purchase price. After making the purchase, planting is the next step. This involves more money for peatmoss, topsoil, fertilizer, tools and other materials. If a plant fails to survive because of poor production and handling before you bought it, then it is no bargain at any price. You actually lose money.

Quality is a very difficult thing to define. To be assured of good quality plant materials, always deal with a local established and reputable nurseryman. To help identify a bargain the next time you are in the market for nursery stock, ask yourself the following questions:

1. Can you recognize quality nursery stock? If not, does the firm have a good reputation for quality?
2. Are the plants tagged and identifiable with specific variety names?

3. Are the sales people able and willing to offer opinions on what plants might best fill your needs in the landscape?
4. Do you have a varied choice of sizes, colors, and shapes from which to choose?

5. What kind of guarantee is mentioned, and is the salesman willing to discuss any inquiries you make about guarantees?

If you can give yourself a satisfactory answer to each of these questions, in all likelihood you have a bargain.

Farmers and ranchers as well as others in Fisher County should become familiar with the new vehicle brake law passed recently by the Texas Legislature.

The new law applied to every trailer, semi-trailer, and pole trailer equipped with air or vacuum actuated brakes and to

every trailer in excess of 3,000 pounds. These trailers must now be equipped with brakes acting on all wheels which can be applied automatically and promptly and remain applied for at least 15 minutes upon breakaway from the towing vehicle.

However, there are some exceptions to the law. Trailers with a gross weight of 3,000 pounds or less and those weighing 40 percent or less of the towing vehicle are exempt.

Also farm trailers or semi-trailers moving temporarily on highways at speeds of 30 miles per hour or less and having a gross weight of 10,000 pounds or less are exempt from the brake requirements if they are otherwise exempt from vehicle registration laws.

In addition, cotton trailers weighing 15,000 pounds or less moving temporarily at speeds of 30 miles per hour or less are exempt if they are exempt from vehicle registration laws.

Other special brake requirements were added for mobile homes, certain vehicles in driveway and towaway operations, and certain trucks and truck tractors having three or more axles.

Farm And Ranch Tour

Several Fisher County residents made the Farm and Ranch Tour last Saturday that covered numerous agricultural points of interest.

First stop of the bus-driven group was the Big Three Pork Producers operation seven miles east of Roby. The group, headed by county agent Richard Spencer and Roby vo-ag teacher Jimmy Laurie, received a partial tour of the unfinished "closed herd" facilities under the supervision of Albert Mayberry and Johnny Edmondson, 2 of the three owners. B-K Cattle Company of Trent has the third interest in the 1,200-sow capacity plant.

The remaining hours of the morning were spent examining milo varieties on the Garl and Moore farm, six miles northeast of Roby, and guava-cotton interplantings on the Richard Stuart place, five miles southwest of Roby.

Fisher County farmers and ranchers, acutely aware of the stifling affect of mesquite upon range and farmland, saw how Jeronimo Gaona of Roby combats the problem Saturday afternoon.

Cattle operations occupied the tour members during the second leg of the tour.

A visit to the 4,700-acre Travis Martin Ranch, 12 miles west of Roby, pointed up Martin's

breeding program with Brown Swiss-Angus crossbred cattle. The offspring from these Brown Swiss sires and Angus dams have, county agent Spencer said, made good gains and have a great deal of size for their age.

Martin, who lives in Sweetwater, has bred the cross bred heifers back to a Santa Gertrudis bull, so that their first calves will be small and, hopefully, will present no serious birth problems.

The group also inspected several "coming" two-year-old bulls and a portion of Martin's 200 head of crossbred mother cows.

The annual tour closed in Rotan at the Vernon Surratt Feedlot.

Tour members were Jerry Hoodenpyle, Bob Barrington, W. J. Hale, Martin Palmer, Jack

Smith, Morris and Mark Guelker, Edwin Merrick, Gary Floyd, Carol and Jerry Hodges, Jimmy Laurie, Richard Spencer and Gene Terry and son Tony.

Visiting Mrs. Ida Campbell of Roby last Sunday afternoon were her sister Mrs. Lucy Ford of Merkel, a niece Mrs. R. T. Blair and a friend Mrs. Jewel Dunnigan.

Visiting in the home of Mr. and Mrs. Jess Goforth of Roby for the past several days, has been their son Allan of Van Nuys, Calif. He is employed at Lockheed Aircraft Co. in Burbank as an Aero Space Engineer.

Mr. and Mrs. O. C. Ashton's granddaughter and husband, Connie and Fannie Tallman of El Paso spent a few days with them. The two couples went to Grandfields Gap to spend the Labor Day weekend with Connie's parents, and daughter of Mr. and Mrs. O. C. Ashton, Mr. and Mrs. Bill Settle.

Mr. and Mrs. Roy Dennis of Cisco are the parents of a new baby girl, Julia Gail, born Sept. 7, 1971 at 4:25 a. m. weighing 7 lbs. 3 1/2 oz. Maternal grand parents are Mr. and Mrs. Howard Ingram of Cisco. Paternal grandmother is Mrs. Eva Nell Dennis of Roby.

Roxanne Callan, daughter of Dr. and Mrs. C. M. Callan, Rotan, has enrolled for the fall semester at Lubbock Christian College. She is majoring in Liberal Arts.

Mr. and Mrs. Joe Ballenger of Roby had as their guests over the weekend their children and families, Mr. and Mrs. Glendal Ballenger and Chad of Roscoe, and Mrs. Keith Dlepper, Richard and Bobby Joe of Midland who also visited in Rotan with Keith's parents, Mr. and Mrs. David Klepper.

Master Todd Matthews, son of Mr. and Mrs. John Matthews of Roby, celebrated his 3rd birthday Thursday, Sept. 9, at the home of his parents. His cake was decorated with a stagecoach, cowboys, and indians which was served with punch. The patio decorations were by Miss Debbie Hayes of Rotan.

FISHER COUNTY RECIPES The Elf's Corner

Send your recipes to
The Elf's Corner, Drawer A, Rotan, Texas 79546

Dear Readers:

It is with loving care that we begin the selection of recipes for this, your special section. And from now on through the Merry Christmas season, we will be having fun with recipes and we will have the extra pounds to prove it by then.

For any woman or man who loves to cook, "the oldest form of art", we feel this is going to be an exceptionally fine column for us all. With all your good recipes we will have at least one good one a week and sometimes maybe more. So send them in and then "Happy Eating".

This week, as I have as yet received no recipes, I am going to give you one of my own special treats. Hope your hubby smiles at you when he tastes these delicious--:

"DEEP FRIED ONION RINGS"

2 1/2 lbs. Bermuda Onions
2 cups milk, (sweet milk)
1 egg, beaten
1 cup flour
1/2 cup corn meal

1 T. Oil
(Wesson or Crisco)
1/2 t. Salt
1/4 t. Pepper

Slice the onions and separate into rings (the large outside rings will look best, although all will taste the same). Cover them with the milk and let stand 30 minutes. Remove the rings and drain on a towel. Add the oil and egg to the milk and thoroughly mix in the dry ingredients. Dip the rings in the batter (with a fork or tongs) and fry in deep hot fat. Enjoy them.

There are people I believe who would die eating these things. Say, how did you do this week? Did you take time to have a cup of coffee with a friend. If you did, I'll bet my bottom dollar you had a good time. Give it another try this week. Make someone feel good.

Until next week,
I love you.

ASCS Office Answering Wage-Price Questions

Inquiries about the wage-price freeze and other aspects of the President's Executive Order on Economic Stabilization are being received daily in the Fisher County Agricultural Stabilization and Conservation Service (ASCS) Office, according to Frank Mitchell, County Executive Director.

He reminded Fisher County residents that additional information is constantly coming to the ASCS Office, which is an official center for information concerning the Stabilization Program.

While the County ASCS Office is an official center for information on the wage-price freeze, it has no authority to act on complaints or handle requests for exceptions to the freeze, Mr. Mitchell said. Such complaints or requests should go directly to the Internal Revenue Service district office at 3651 S. Interregional, Austin, Texas 78740. If this is not convenient the County ASCS Office can provide forms, advice, and assistance to persons desiring to submit a complaint.

He also emphasized that the County ASCS Office is serving as an information center for all county residents.

Normally, the ASCS Office deals primarily with farmers participating in farm action programs of the U. S. Department of Agriculture. However, the more than 2800 ASCS County Offices throughout the Nation have been called upon to provide information service on Economic Stabilization to all citizens, Mr. Mitchell reported, in order to give assurance that every citizen has direct access to official information.

Information received in the County ASCS Office is "across-the-board," he said. It deals with all aspects of the President's Executive Order on the economy. Information included relates to agriculture and agribusiness, but is not confined to this.

Persons seeking information may visit, write, or phone the Fisher County ASCS Office. It is located at Roby, Texas. The zip code is 79543 and mailing address is Box 308, Roby. The telephone number is 776-2264.

County HDCElects New Committee

The Fisher County Home Demonstration Council met Tuesday, September 7, in the meeting room of Midwest Electric in Roby. Mrs. Bill Hardy presided.

Mrs. Fred Waddell gave a report from the Finance Committee on the concessions sold at the Fair. Mrs. Dave Cave, Exhibit Committee Chairman, gave a report on Fair exhibits.

The nominating committee elected were Mary Posey, Mrs. W. P. Schubert, Mrs. James Cave, and Mrs. L. E. Hardin.

Plans were discussed for attending the State and National

Mr. and Mrs. Curtis McQueen returned home Saturday from a weeks vacation with Mr. and Mrs. Morrow Hunsaker of Las Vegas, Nev.

meetings of Home Demonstration Club members in Dallas, September 20-24.

Among those planning to attend from Fisher County are Mrs. Bill Hardy, Mrs. Dale Cave, Mrs. Walter Byrd, Mrs. H. F. Guelker, and Mrs. Lowell Thomburg.

All ExStudents Correct Mail Address Needed

All parents and friends of ex-Rotan students are urged to please contact either Mary Lou Goodwin or Mrs. James Mann to report address changes of students.

A concentrated effort is being made to make sure that every ex-student is notified of this year's homecoming event and the correct addresses are very important.

ground floor of the present court house. A new District Court Room would be added to the layout just south of the County Tax Assessor-Collectors Office. If this plan were used, the stairways to the upper portion of the court house would be sealed with numerous other renovations made to modernize the present facility. Estimated cost, \$234,000.

The fourth proposal is basically the same as the aforementioned. The only difference being the removal of the top floor of the existing structure. Estimated cost \$300,000.

Several other items of business were discussed at Monday's meeting.

The commissioners set September 27th as the date of the 1972 budget hearing. This meeting will begin at 9:00 in the County Judge's office. It is to be a called meeting for the purpose of approving the final 1972 estimated budget.

The members of the commissioners court also authorized the hiring of another secretary. Billie Lou Holcomb, who has been dividing her time between the County Agents and the County Attorney, will become the full time secretary for Rudy Hamric, Fisher County Attorney.

The Court authorized Al Finch, Fisher County Auditor, to hire an additional secretary to work with the Auditor's Office and the County Agent's Office.

A motion was made by Thurman Terry and seconded by Blackie Ford to advertise for bids on a new 2-seater pickup for the County Agent. Bids will be opened at 10:00 a. m. on October 11th.

Tom Collins, Fisher County Service Officer received the OK from the court to attend a Veterans Affairs School in Waco, September 20 to 23.

The commissioners purchased the building and lot now housing the State Welfare personnel and Commodity Storage for the sum of \$1,000 from the Citizens State Bank. They had been paying \$60.00 per month rent on the building.

County Judge Ralph Ammons informed the Commissioners of a very important meeting to take place in Aspermont on Sept. 22. This meeting, scheduled to begin at 2:00 p. m., is being called for the purpose of hearing suggestions on the construction of a recreation lake on the Double Mountain Fork of the Brazos River. Judge Ammons encouraged all county commissioners to be present and invited all interested county citizens to attempt to make the meeting. If enough county personnel make the meeting, the construction of a dam on the Double Mountain Fork could very well get approval, and the approval of any other proposed project. This project is being financed with Government funds.

Rotan Yellowhammers Edge Past Spur In 14-12 Game

The Rotan Yellowhammers struggled for 48 minutes last Friday night to walk away with their first 1971 victory.

Spur by a close 14-12 margin. Immediately following the contest head coach, Charlie Davis, commented that he was mighty relieved to have that first game behind him. "We learned a lot about our football team tonight," Davis said. "It's one thing to be right there with the boys, moving them around and telling them what plays to run during a scrimmage, and something all together different when they are turned loose during a game."

It was almost as if the coaches fielded a new squad during the last half of play. The Hammers were behind 6-0 at the half and came out of the locker room ready to catch-up. If Coach Davis' philosophy about motivation had to be summed up in two words it would probably be "don't quit." He constantly preaches it, firmly reminds his players of it and steadfastly will not tolerate any player that does not adhere to his "don't quit" policy. As coach Davis and coach Petty bellowed "hang in there", "lets go-we gotta win", and other chants of encouragement from the sidelines their words evidently fell on open ears, because it was that will to win, desire and positive attitude that played a big part in Rotan's first victory.

Lupe Alaniz took the opening kickoff from Spur's Carl Walker at the 3-yard line and darted to the 22 before being belted by four Spur players.

Neil Summers crashed over right guard for 2 yards on the first play from scrimmage but an off sides penalty set the hammers back five yards to their own 17-yard line. Summers took a pitch out from Norville Kennedy on the next play and picked up 9 yards to the 27-yard line. Fullback, William Duke, got his first call with a 3rd and 4

needed for the first down, but came up a yard short of the amount needed for a first down. Rotan was forced to punt on the following play.

Spurgene rated a sustained drive toward paydirt late in the first quarter despite some tough defensive work by Randy Muphree, Santos Flores and Randy Smith. On the first play of the second quarter, Spur's Brit Blackwell cracked the Hammer defensive line and scored from 4 yards out. The extra point attempt was

blocked by a host of Rotan players.

Late in the 2nd quarter, half-back Freddie Patterson of Spur, attempted to sweep right end but was nailed by Harold Gruben and William Duke. On the following play, Ruple Weems and Morris Womack teamed up to stop Blackwell after a one yard gain and with 4th down and 6 yards needed for a first down, Spur was forced to punt. Senior Ruple Weems charged through the Spur line and hit the kicker, before he had a chance to punt, giving Rotan the ball on the 25 yard line. Norville Kennedy tried to find an open receiver, but time ran out and he was hit deep behind the line of scrimmage on the last play of the first half.

Junior Bruce Jones recovered a Spur fumble on the Rotan 26 yard line that seemed to turn the tide for the Hammers. After two cracks at the Spur defense by Duke and Ken Smith failed to produce yardage, Kennedy took to the air with a pair of passes. The second pass to David Springer sailed just inches over his outstretched hands at the one-yard line. The Hammers were forced to give up the ball on this play, but for the first time in 26 minutes of play they had knocked loud on the touch-down door.

After some strong defensive play by Sid Hatman, Bruce Jones, Randy Smith, Elwood Mize and Harold Gruben the Spur squad was forced to give up the ball at their 40 yard line. William Duke made his best run of the evening on the first play from scrimmage, picking up 31 yards to the Rotan 29 yard line. After being penalized 10 yards for a personal foul, Rotan elected to run on 4th down, needing 14 yards for a first down. Kennedy completed a pass to Harold Gruben at the nine yard line and Paul Wylie danced the sideline to score 6 points on the following play. Santos Flores provided a key block springing Wylie on his 9-yard scamper. The extra point kick by Kennedy was blocked leaving the score tied at 6-6.

On the first play from scrimmage after taking Rotan's kickoff, James Kelley took a pass from Terry Rainbow and ran 27 yards into the end zone putting Rotan behind again 12-6. The TD play covered 66 yards.

Carlos Mesa attempted to run the extra point but was pinned to the turf just short of 2 points by Gary Powell. Neil Summers took Spur's kickoff and raced to the 36 yard line

before being stopped by Rickey Corder, The Summers, Duke, and Springer backfield was too much for Spur though as the trio picked up 3 first downs and 36 yards before climaxing the drive with 6 points.

Dave Springer took a pass over his right shoulder from Norville Kennedy and bounded 6 yards to put the Yellowhammers back in the race and tie the score 12-12. With 2 minutes remaining in the 3rd quarter, Neil Summers ran the extra point try and tied the score at 14-12.

Spur threatened with two minutes remaining when Rainbow tried to hid end Carl Walker with a pass, but Harold Gruben made a fine play killing the pass and series enabling Rotan to take over the ball.

On the first play from scrimmage, Rotan fumbled but Gary Powell recovered a Spur fumble on their first play from scrimmage which allowed Rotan to run out the clock and thus savor their first victory.

Kennedy completed 5 out of 12 passes for 79 yards to Spur's 4 out of 8 for 96 yards. Rotan had 201 yards rushing to Spur's

80 and 13 first downs to Spur's 11.

The Rotan head coach singled out William Duke, Santos Flores, and Gary Powell as defensive standouts and credited Henry Soliz, Dave Springer, William Duke, Paul Wylie and Neil Summers with good offensive plays.

The Yellowhammers will travel to Stanton this Friday for their second 1971 clash.

Guests in the home of Mrs. Mattie Wilkins and Mrs. Opal Neely, Roby, were Mrs. Wilkins' granddaughter and family, and niece of Mrs. Neely, Mr. and Mrs. Jim Lanning and two children of College Station; also, another granddaughter and niece, Miss Sandra Wilkins of London, Eng. She is to return to England to finish work on her PhD, majoring in psychology. She is daughter of Mr. and Mrs. Jimmy Wilkins of Houston.

ROBY LIONS SUFFER 32-6 LOSS TO SWEETWATER B

Roby's Ted Posey had a disappointing night as head coach of the Lions.

His team the average spectator, looked far from ready. But the thing that the average person fails to take into consideration is four fluke plays that spelled the difference in getting beat and getting whipped.

Take away the two kickoff returns that went for TD's and the intercepted pass and pass over center that went for TD's and you have tie ball game, 6-6.

Anyone can be a Monday morning quarterback, but the things that the Lion's did correctly far outshined the things that they goofed up on. The fact that they played a full game of ball, trying to score up until the final whistle is commendable. The minor adjustments needed in the defensive secondary will come with due time and experience.

Roby kicked off to Sweetwater "B" to open the contest Saturday night. David Hicks of the Mustangs received the ball and handed off to Mike Maloney who scampered virtually untouched to pay dirt.

Jerry Vinson, Keith Matthies, and Dale Evers were called up heavily during the first 2 series of down for the Lions.

With 3 min. and 15 seconds left in the first quarter, Frank Castor was forced to kick on a long 4th and 12 situation. His kick fell into the arms of Butch Sims of Sweetwater and it was Castor that saved a TD as he

was the last man between Sims and 6 points.

On the following series, Roby Dale Evers successfully guided his team from the Sweetwater 28 yard line to 6 points. The 72 yard series climaxed with Evers plunging over the TD stripe to tie the game at 6-6. Matthies, Vinson, and Donnie Stephens all had good runs on the series.

With 9 minutes remaining in the first half, Roby kicked off to the Mustangs and the same identical player ran the same type play for 6 more points.

Jack Barrington and Stuart Carey and Alonzo Lujan were Lion standouts defensively on

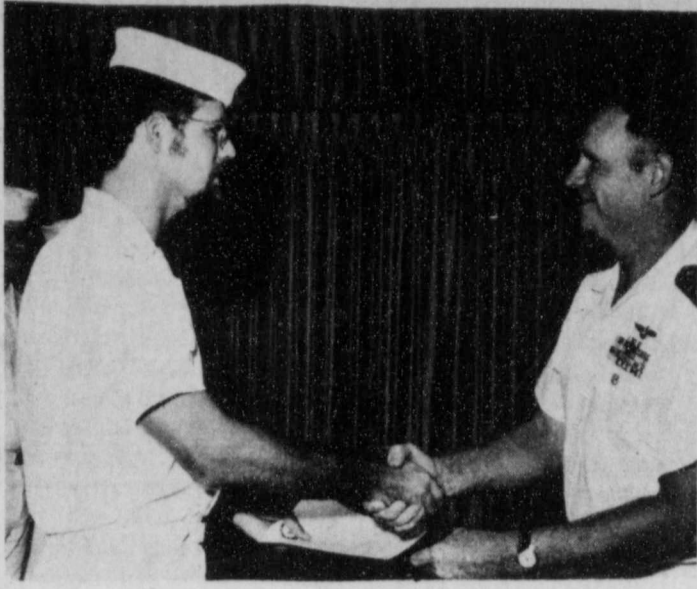

the following series. They played big parts in forcing the Mustangs to punt. A pass thrown by Mark Kiser was intercepted and another 6 points were added to Sweetwater's score.

After four unsuccessful attempts to get a first down on the following series, Roby had to give the ball back to Sweetwater and they took advantage of a large hole in the Lion defensive secondary to score six more points. The score at half time was 24-6.

Keith Matthies took the opening kick off of the second half at the 19-yard line and returned it to the 37 before being

County Coaches Comment

Rotan by Charlie Davis

Spur has a fine ball club and we knew that before they took the field. We made some mistakes that really hurt during certain field positions. The boys never did give up and I guess we were more impressed with that than anything else. The offense moved the ball better against Spur than they did in their last two scrimmages. Our passing game was much better than it has been.

Norvelle Kennedy is throwing better each week. Harold Gruben, Earl Pearson, Mike Cade, and David Springer are doing a fine job catching the football. Neil Summers, William Duke and Paul Wylie have improved carrying the football. Stuart Nowlin, Henry Soliz, Marsh Hill and Santos Flores did a fine job blocking in the line.

Outstanding boys on defense were Gary Powell, Elwood Mize, Henry Soliz, Santos Flores, William Duke, Norvelle Kennedy, Sid Hariaman, Bruce Jones, Randy Murphree, Randy Smith and Ruple Weems.

This coming week, we will play Stanton's Buffaloes. They have great speed in the backfield and quickness in their line. Their offense consist of an "I" formation, and they will use a 6-2 and 5-4 on defense.

Our football schedule for this week will be: Thursday, Sept. 16 at Rotan, Rotan Freshman vs Roby Freshman at 6:00; Rotan Junior Varsity vs Hamlin Junior Varsity at 7:30.

Roby by Ted Posey

Would you believe that--well I do! I was shocked at the results of the opening kick-off. Six points before the game is under way, WOW! Finally after fighting back to a 6-6 tie, we kick off again, no, not another six points. Following these great plays by Sweetwater, "B", they make an interception good for six points.

Like I said last week we did not know what to expect from Sweetwater. Plays like these will take a lot out of any team. This was the best coached group of boys from Sweetwater that we have faced since playing them on our schedule. They also conducted themselves respectfully before and after the game. When chatting with their coach after the game, he felt sure he would lose some of the boys to the varsity this week.

We had several injuries that hurt us. Mark Kiser reinjured a shoulder and will definitely miss Friday's encounter. Our guards the Lujan brothers both received neck injuries, but will see limited action Friday when we go to Gorman. Last Thursday in practice, Robert Morgan received a broken arm during workouts and will be out for about six weeks.

Friday we will be facing Gorman, who are coached by one of my college coaches, Houston Jolly. We are working hard this week to give a good account of ourselves. Notice--that Gorman is ranked second in the Class B Abilene Area teams. Last week they beat Hawley 39-0, so you can see that we will have a tough encounter.

I received word this week that Bobby Holcomb was running first team split-end at Austin College. Larry Brown (1969 ex) came by workouts this week, showing off his 2 month old son, Jr. to us. I told Larry his boy had a bread, resembling his mother. I have had word that Barron Wetzel is being red-shirted this year at Ranger Junior College.

Remember our B game with Rotan at 6:00 p. m. today, Also, the Jr. High will be out to beat a team from Hawley that beat Roby Cubs last Thursday 25-0. Jr. High game will be in Roby at 7:30 p. m. tonight.

Hobbs by Larry Rose

Last Friday we went to Lueders to play the Lueders-Avoca Raiders and came out on the short end of a 46-0 score.

Now how much comment can one make on a 46-0 loss except that it is history and Friday we play O'Brien at O'Brien at 8:00 p. m.

McCaulley by Norman Pond

McCaulley's Eagles outgunned Paint Creek Friday night by a score of 50-0. Eddie Gibson led scoring for the Eagles with three TDs for 18 points. (He also had a 70-yard kick-off return that was called back by a holding penalty). Johnny Perales was second in scoring with 2 TDs. Larry Marshall, Jr. came in next with 4 of six PATs for 8 points. Daniel Benavides caught a 30-yard scoring pass for six and James Spalding finished the game with 4 minutes left in the 4th quarter as he scampered 36 yards behind a second string offense to stop the game on the 45 point rule. Defensively, Larry Marshall, Jr. was probably most outstanding. Larry repeatedly dropped Paint Creek ball carriers for losses. Daniel Benavides, James Griffin, Ronnie Kiser, James Spalding, and Randy Williams also were tough on defense.

I have never seen a bunch of guys who have "seen the light" like these Eagles. They have been working harder this year and the hard work is really paying off. Weiner is our next opponent and we look for them to be really tough. They knocked us pretty hard in a scrimmage a week ago and they have probably boned up on our offense better by now, too.

McCaulley Jr. High beat Moran Thursday night to the tune of 56-6. Alex Perales could do no wrong as he scored 4 times. Danny Lujan had 2 TDs and 5, two point conversions while Joe Spalding had one touchdown. Again, a good team effort sparked the win.

Area Young Farmers Convention Saturday

Over 400 Area II Young Farmers and Young Homemakers will meet Saturday, September 18, in Wall for their tenth annual Convention and Awards Banquet.

Twenty-two organized local chapters representing over 600 active members have been organized in West Texas since 1961. These chapters are organized through local departments of Vocational Agriculture in high schools and in cooperation with the State Department of Education.

Active membership is limited to young men engaged in agriculture and less than 36 years of age with a desire to meet regularly and discuss ideas concerning scientific farming and agriculture. Meetings are conducted monthly and are coordinated through local high school Vocational Agriculture teachers. There are over 225 active chapters in the State with membership of over 5,000.

Mrs. Jim Cobb, General Manager, Texas Electric Cooperatives in Austin, will be the main speaker at the Awards Banquet Saturday night. The banquet will start at 7:00 p. m. at the St. Ambrose Church Hall in Wall. Other highlights will include presentation of awards to individuals and chapters who have made outstanding contributions to Young Farmer activities, agriculture, and local communities. Candidates are selected by

local chapter and are to be judged on their advancements in agriculture and leadership in local communities and in local and area programs. Star Young Farmer candidates include: Kenneth Williams, O'Connell; Bill Holmes, Anson; Royale Douglas Lewis, Fluvanna; Jerry D. Hoodenpyle, Roby; and Marvin Dieschke, Wall.

The Wall Young Farmers and the Wall Young Homemakers will serve as "host" chapters.

Charlie Teal Services Held

Charlie W. Teal, 76, retired Roby farmer, died at 2:15 p. m. Friday, Sept. 9, in Callan Hospital following a brief illness.

Funeral was held at 4 p. m. Saturday in the First Baptist Church of Roby with Rev. Norris Taylor of Spur, former pastor, officiating, assisted by the Rev. Charles Whitlock, pastor.

Burial was in Roby Cemetery under direction of Weatherbee Funeral Home of Rotan.

Mr. Teal was born Jan. 3, 1895 in Tishamingo, Okla. and came to Fisher County in 1907. He married Mattie Driver in Fisher County in 1915. She died Aug. 14, 1970.

He was a member of the First Baptist Church in Roby.

Survivors are one daughter, Corene Teal of the home; three sons, C. W. Jr. of the home, Raymond of Sweetwater, and W. D. of Houston; three sisters, Mrs. Fannie Harmon of Porter, Mrs. Bertha Evans of Dallas, and Mrs. Elsie Carter of Rotan; one brother, Jack Teal of Sweetwater; 12 grand-children and one great grandchild. He was preceded in death by two sons and two daughters.

Card of Thanks

Constitution Week 1971

The Constitution of the United States of America was adopted September 17, 1787, ratified June 21, 1788, in effect March 4, 1789. On January 5, 1956, Senator William F. Knowland introduced the following Senate Joint Resolution 105:

"Resolved by the Senate and House of Representatives of the United States of America in Congress Assembled, that the President of the United States is authorized and requested to designate the period beginning September 17 and ending September 23 of each year as Constitution Week, and to issue annually a Proclamation inviting the people of the United States to observe such week in schools, churches and other suitable places with appropriate ceremonies and activities."

This Resolution was adopted July 23, 1956, and signed into law (Public Law No. 915), August 2, 1956. Constitution Week is sponsored by the National Society of Daughters of the American Revolution.

NEXT TO GODLINESS

Soap became a part of his daily life long before he understood its use. He's still more concerned with its bubbles than its cleansing properties — but he knows soap is mighty important.

And no one ever thought of postponing his bath until he was old enough to make decisions for himself!

Wise parents never postpone a child's religious training. Long before he is able to reason, he needs the character-building and guidance of the Church. Christianity should become important to him in his daily experience before its truths can be fully grasped by his mind.

Our churches are equipped to instill a vital Christian faith in the youngest child. Fortunate is the boy or girl whose parents begin his religious training early.

Gary Floyd Presides Over Young Farmers Banquet

The Fisher County Young Farmers held their annual awards banquet Friday night, September 10, at the Roby school cafeteria. Theme of the banquet was "Building a Better Agriculture by Learning".

Master of Ceremonies for the evening was past president Tommy Jack Stuart. The Invocation was presented by Doyle Hayes.

Speaker for the evening was Johnnie Ammons, manager of Midwest Electric Cooperative. He spoke of his recent trip to Russia on the Progressive Farmer Cotton Tour. He said they are America's number one competitor in cotton production and on the export market. Cotton in Russia is all irrigated and they have the same insects and weed problems as we have.

Jerry Hoodenpyle presented the year achievements of the chapter. The young farmers have had a very busy year he said. They have worked at the school playgrounds, city park, stock show, helped with the Nolan County judging contest, worked with the F. F. A. chapter, 4-H Clubs, held monthly meetings with educational programs and attended area and state young farmer programs.

Gary Floyd, incoming president of the chapter, presented awards. The Outstanding Associate member award was presented to Gene Terry. Any member over 35 years of age is an associate member. Gene has attended all meetings of the chapter and carried on all work details. He is a past president and past outstanding member. The Outstanding Member plaque was presented to Jerry Hoodenpyle. Jerry is a hard worker and lead-

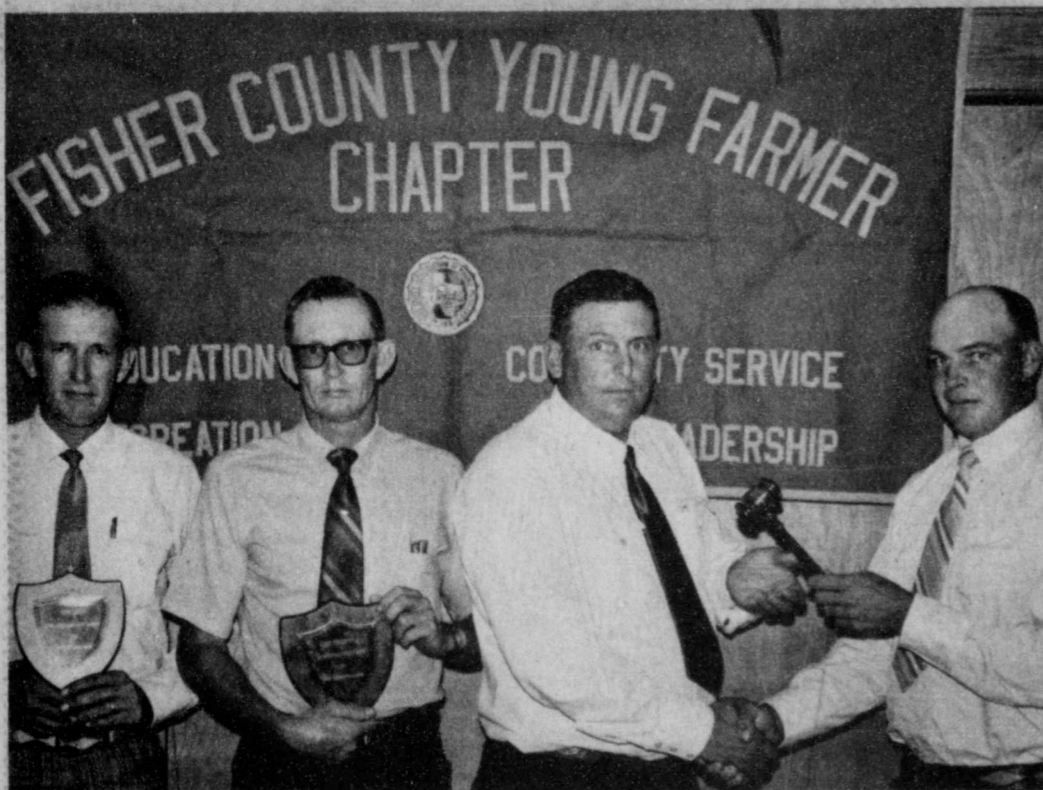

er of the chapter, he is always on hand when something is needed to be done. He has held nearly every office in the chapter and has been area officer for two years. He has also been an outstanding farmer in the county.

Tommy Jack Stuart received the past president award. Gene and Jerry will be competing for area honors at the Area II Young Farmers convention at Wall next Saturday. Tommy Jack will also be running for an area office.

Guests introduced at the banquet were Mr. and Mrs. Ed Merrick, new Farmers Home Administration Supervisor for the county; Mr. and Mrs. Parker Wetsel, Midwest Electric Co-op Assistant Manager; Mr. and Mrs. Don Waddell, Midwest Member Service Director and Young honorary member; and Mrs. Johnnie Ammons, and the wives of each

TOP AWARD: Jerry Hoodenpyle of Roby was the recipient of the Outstanding Young Farmer Award presented at the Fisher County Young Farmer Banquet last Saturday night.

YOUNG FARMER LEADERS: These four Young Farmers were recognized for their many contributions to Fisher County Young Farmer Chapter last Saturday night. Left to right, Gene Terry, recipient of the Associate Young Farmer Award; Jerry Hoodenpyle, Outstanding Young Farmer; Tommy Jack Stuart, Young Farmer Past President; and Gary Floyd, 1971-72 Chapter President.

RC & D Meeting Could Yield Developments

The Big Country Resource Conservation and Development will hold a meeting at the Stonewall County Court House at Aspermont at 2 p. m. Wednesday, September 22. The purpose of the meeting will be to determine if there is enough interest in the Big Country area to develop an application.

According to Charles Black, representative of the Soil Conservation Service, the resource conservation and development projects are designed to help people take better care of the natural resources and at the same time, improve their community's economy.

These projects are locally initiated, sponsored, and directed. They provide a base for people to come together to plan and carry out actions that will make their area a better place to live, work and play.

The Soil & Water Conservation Districts, County Courts, and the West Central Texas Council of Government are sponsoring the Big Country RC&D which is made up of twelve counties including Fisher.

In Fisher County we have had the following projects submitted, according to Black:

1. There has been very much interest expressed throughout the county to build a recreation lake on the Double Mountain Fork of the Brazos.
2. Due to a rapid decline in the communities population in the past thirty years, there has been a very high interest expressed in the need for additional industry such as feedlots, grain elevators, hay cubing facilities and various other agricultural related industries to be developed in the county.
3. With a rapid rate of salt

pollution on our cropland and rangeland, there is a drastic need for research to determine the source of this and a land treatment developed for these areas.

4. There is also a need to accelerate the existing conservation programs by more funding through the cost share programs such as the Great Plains and Rural Environment Programs.

5. Watersheds for Rough Draw, Hackberry and a drainage for

the City of Rotan have been submitted for projects.

6. The need for a rural area fire protection has been submitted.

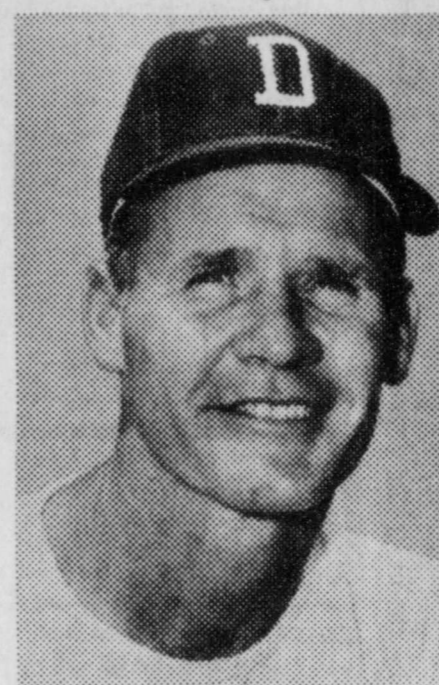

7. Also submitted for projects are a county library, airport and golf course.

These are but a few projects that would help in making Fisher County a better place to live, others will be added.

It is very important that Fisher County be well represented

at this meeting if there is such an interest in an RC&D project area. All interested parties and individuals are urged to attend.

If it is then determined that there is enough local interest in these twelve counties, then an application will be submitted to the SCS state conservationist by the sponsor. If it meets his approval, it is then sent to the Governor for his approval, then to the USDA for its approval for planning.

Head Coach Tom Landry of the Dallas Cowboys says:

"In my book, staying in top condition starts with a good night's rest every night. That's why I'm happy to recommend the Morning Glory Postur-Firm mattress. It has extra firmness and support all the way to the edge for a better night's sleep. In my opinion, you can't buy a better mattress—no matter what it's called or what it costs."

Monday, September 13, registration began for the 1971 Punt, Pass and Kick Competition in the showroom of Rotan Motor Co. In making the announcement, Ray Brown, owner of the dealership, said: "We're looking forward to a big local PP&K competition in Rotan on Oct. 2nd. We hope all the boys 8-13 years of age in this area will come in to register and take part."

Ray Brown pointed out that PP&K---throughout its 6 levels of competition---is free of any charge, and that a boy need only have a parent or his guardian accompany him to the showroom to register.

"Our competition here will have 1st, 2nd and 3rd place trophies for boys in each of the six age groups, or 18 trophies in all," said Ray Brown. "Increasing each boy's chances of winning is the fact that he competes only against other boys in his own age group," said the Ford Dealer.

"Of course there is no body contact in PP&K. It's punting, passing and place-kicking for distance and accuracy, just as the name says. First place winners in each age group in our competition will go on to the zone competition. And from there, top winners go on up the ladder through district, area, division and national finals," he said.

This year, the national finals will be held at the Super Bowl Game January 16, 1972. The finalists and their parents as Fords guests will tour New Orleans, enjoy a Banquet of Champions celebration, and have the chance to meet some of the top players in professional football. "Naturally, we hope some of our local PP&K winners will make it to the finals," said Mr. Brown.

The Ford Dealer further explained that each boy upon registering receives a free PP&K Tips Book. In the 1971 edition, there are competition tips by NFL stars Dave Lewis, John Brodie and Curt Knight plus all-round suggestions from Coaches of the Year Don McCafferty and Tom Landry. The tips book also includes complete PP&K rules and helpful conditioning exercises for contestants.

PP&K registrations will close at Rotan Motor Co. on Sept. 30. This is the 11th year PP&K has been sponsored by the Ford Dealers of America and the National

Football League. In that time, more than 7,000,000 boys have taken part in PP&K, making it the biggest and best youth activity of its kind in America.

**Karen Lynn Crouch Weds
Michael Oren Baldree**

Karen Lynn Crouch and Michael Oren Baldree, both of Abilene, were married in First United Methodist Church Saturday. The bride is the daughter of Mr. and Mrs. Ed Wilfong, Rotan. The bridegroom is the son of Mr. and Mrs. Oren D. Baldree of Old Glory.

The Rev. Joe Aalbu, pastor of Faith Lutheran Church in Sagerton, officiated.

Mrs. Tom Collins was musician, Mrs. Stanley Nowlin soloist.

Candles were lighted by the bride's brother, Dale and Glenn Wilfong. Guests were seated by Glenn Wilfong and Danny Baldree.

The bride, given in marriage by her father, wore a gown of white Bon Soir, with chapel train of tulle and imported lace. Her veil of nylon tulle was attached to a bow of Bon Soir. She carried a bouquet of yellow rose buds.

She was attended by Debbie Bynum and Rita Baldree of Abilene and Susan Baldree of Old Glory. Misses Baldree are sisters of the bridegroom. The attendants wore gowns of yellow voile accented with tiny pink flowers. Their headresses were of pink tulle attached to pink velvet ribbon. Each carried a long stemmed yellow rose.

Best man was the bridegroom's father, Oren D. Baldree of Old Glory. Gary Moore of Stamford and Joe Mac Boles of Hamlin were groomsmen.

Marcene Baldree, sister of the bridegroom, was flower girl. Clay Wilfong, brother of the bride, was ring bearer.

After a wedding trip to Fort Worth and Dallas, the couple will live at 774 Mulberry in Abilene.

The bride is a graduate of Rotan High School, and is employ-

C.Thornton Wins Contest

Two contest entrants tied with 7 correct guesses each, and many came close in the first Fisher County Football Contest.

Charles Thornton and Erbie Rodgers tied with 7 correct guesses each but Thornton was closer on the total combined score of the "tie breaker" game so was selected the winner.

Several games were scratched because of an error on the schedule.

Other individuals coming close on the contest were: Jesse Almanza, 6 correct; Carlton Taylor, 6 correct; Mildred Parker and Bruce Jones, 5 correct.

The Fisher County Football contest is sponsored by 15 county businesses and can be found on page two of this week's paper.

Vicky Stephens Wed Sgt. Warrick

Candelabra and baskets of pink and white carnations trimmed Meadowbrook Baptist Church for the Aug. 20 wedding of Miss Vicky Lou Stephens and Marine Corps Sgt. Darrell Wade Warrick. The bride's father assisted by the Rev. Harold Chambliss officiated at the ceremony.

Daughter of Rev. and Mrs. Merle Stephens of Irving, the bride's school was Jasper Place Composite High in Edmonton Alberta Canada. Sgt. Warrick, son of Mr. and Mrs. Bill Talbert, also of Irving, was educated at McArthur High School.

The bride chose a gown of lace over peau de sole with re-embroidered motifs trimming the bodice and long sleeves. Her veil of illusion was attached to a beaded headpiece and she carried a bouquet of pink roses and white carnations.

Miss Lynette Stephens was her sister's maid of honor.

Wayne Roberts was best man and Gary Moss and Charlie McClean were ushers.

A reception was held at the church.

The newly weds will reside in Yuma, Arizona.

Nancy Harper DAR Chapter To Hold Meeting

Members of the Nancy Harper Chapter, DAR, will meet in Sweetwater on Tuesday, Sept. 21, at Sweetwater Country Club with members of the Program Committee as hostesses. A program discussing rights of the individual under our constitution will be presented. Charles Griggs, Sweetwater attorney, will be guest speaker.

On Saturday, September 18, all members of Nancy Harper Chapter are invited to attend a Constitution Week Luncheon at the Womens Club in Abilene. The invitation is issued by John Davis Chapter of Abilene. Several local members plan to attend.
