EASTER TRIP: Our family left for East Texas last Thursday to spend the Easter weekend with Janece's relatives. We stopped in Fort Worth to spend the night. After a very democratic family vote, we elected to rest our weary bones at the Holiday Inn. I went to the front desk to register the Pease Clan and noticed a sign that said "Water Beds Available". After a short pause, I decided to give it a try. "Janece, we're only going to walk this road one time and this may be the only opportunity we'll get to sleep on a water bed", I said. Well, she was all for the idea. The kids were excited at the thought of sleeping on the new fangled bed, and gave the resting pad a real test by jumping, inspecting and sloshing around on it. When the newness wore off and it was time to get down to real serious sleeping the trouble began. The bed is real good if you and your partner remain still but the slightest tossing or turning "rocks the boat". Janece and I woke up on Friday morning feeling like we had crossed the Pacific Ocean. Keep in mind that your scribe weighs over 200 pounds and Janece is just over 100 pounds. She remarked that she spent a good part of the night grabbing for the headboard to keep from falling off the bed. It was a new experience, but we're not looking forward to another night on the high seas.

UNCLE SAM: Mid West Electric Co-Operative in Roby is sponsoring a patriotic program in all Fisher County Schools. The program is put on by Lois Dunlap of Abilene, who dresses up like Uncle Sam and talks to all grade levels about a wide variety of subjects dealing with patriotism. I had the opportunity to hear him address the Roby Lions Club last Thursday and can highly recommend this fine program. He spoke to the Roby schools last week, will be in Rotan's school system through Friday of this week, then on to McCauley and Hobbs. A tip of the hat to Mid-West for sponsoring this fine program.

BANDS: The musical groups named "Brazos" and "The Road Runners" from Fisher County played at intermission at the Calendar Club Variety Show and we failed to mention them when we ran the dual picture pages a few weeks ago. I think they were the only two groups that we failed to get a picture of, and we apologize. On that subject... if you'd like a copy of the pictures taken at the Variety Show, the cost is 50¢ each. Let us know this week.

FOOD FOR THOUGHT: People expect the pastors to have the grace of a swan, the friendliness of a sparrow, the strength of an eagle and the night-hours of an owl... and some people expect such a bird to live on the food of a canary.

ERRORS GALORE: Our apology to Rotan School Superintendent K. C. McCasland for mis-quoting him. We understand we caused a lot of confusion concerning the dismissal time for the school children at Easter. We won't try to back-track and explain all the mistakes we made, but we'll try one more time to get this right. On Monday, April 10th, school will dismiss at 2:45 for a teachers meeting. Classes that normally dismiss prior to 2:45 will do so, but by 2:45 all school classes will be dismissed. We have triple checked this information this week, but we're still keeping our fingers crossed.

PASSING IN ON: Rev. Charles Whitlock of the First Baptist Church in Roby gave the below article to us and we thought you would enjoy reading it.

GIRL WATCHERS' CLUB

There is a "GIRL WATCHERS' CLUB" at the Lakeside Jr. High School in San Diego. It has 39 members. The club published and distributed to all girls on the campus, the following proclamation:

"We, the boys of the Girlwatchers Club, have been watching girls for the past 4 weeks. Some of what we have observed has pleased us. But, much of what we have seen displeased, disgusted and repulsed us.

"Therefore, we have agreed and resolved that some changes must be made. We feel the changes suggested are reasonable and fair. In general all we are asking is that girls again become feminine in their thoughts, words and deeds.

"We are tired of constantly being forced to look at girls' underwear. For example: Pettipants hanging out, skirts not long enough to cover underwear during such normal activities as sitting, stooping, reaching up or running. "Boys do not like the carelessness girls display when sitting with legs apart or lying on floors, grass, benches and retaining walls, constantly making others look at their underwear. This is no thrill for boys or anyone else, just obnoxious.

"We find girls draped in boys' or men's clothing unattractive and unfeminine. Many are wearing sailors' pea-jackets, boys' shirts with tails hanging out... and sundry other items of male clothing. Wear your own clothes and let us wear ours.

"We are concerned about girls' choice of vocabulary in both spoken and written communication. We take a dim view of girls using both profane and obscene language in their conversations with each other and with us... Clean up your mouths or keep quiet.

"We think girls passing notes or letters around is silly, but girls passing obscene or vulgar notes is revolting and intolerable. Stop writing dirty notes — period! "Girls who smoke, ditch (cut classes), shoplift, and hitchhike are known to all of us and respected by NONE of us. Suggestion: Don't smoke, attend school, pay for the things you need and walk where you're going."

The "proclamation" concluded with an announcement that girls failing to comply with it would be subjected to "a total boycott of all friendly relations" with the 39 boys... All girls got a copy of the proclamation in the home rooms Friday morning and they all froze. They were still sore all day Monday, but by Tuesday they showed so much improvement, particularly in connection with underwear, the boycott was lifted pending a Girl-watchers' meeting Friday.

RS ANSWERS ANSWERS ANSWERS

An adding machine performs accurately for anyone who uses it correctly. Each person may record a different column of figures. Answers will vary accordingly but each will be correct.

Life also registers what we give it... produces results correspondingly. Sometimes we are so hurried and hurried with whirling activities we forget to include worship.

When we do clear our minds for understanding and prayer with God, good results follow.

The Church has accurate answers for modern problems. Let it help you find correct solutions.
