

HOLD ON TO YOUR HAT... IT'S RODEO TIME!

Members of the Fisher County Sheriff's Posse are in the process of preparing for the 10th Annual Amateur Rodeo to be held June 15, 16, and 17.

The Fisher County Rodeo will begin on Thursday with a big downtown parade beginning at 5 p. m. Leading the parade will be the Six White Horses from Hardin-Simmons University in Abilene.

The parade is open to anyone desiring to enter a float of any kind. There will be trophies awarded to the adult riding clubs and a first place trophy to the best Junior Riding Club in the parade. Judging will be according to the American Association of Sheriff Posse and Riding Club standards.

Connie Byrd of Rotan, a student at Hardin-Simmons and member of the Six White Horses team will be participating in the grand entry drill Thursday night.

The rodeo is being produced by Adrian Parker of St. Jo, Texas. Jack Lain of Sweetwater is the rodeo clown.

The 73 Club will sponsor a country-western dance each night at the Community Center. Music to be furnished by J. W. Brewer and his Auctioneers.

The events in this year's rodeo include calf roping, double mugging, bare back bronc riding, saddle bronc, open barrel race, jack pot barrel race and bull riding.

There is going to be a special Pony Express race involving several Fisher County Sheriff Posse youth during the three-day rodeo.

Several Fisher County cowboys are scheduled to participate in various events of the rodeo. On Friday, Mike Cade and Tommy Frierson are entered in the bull riding event and on Saturday night Buddy Jones will try his hand at bull riding. In Friday night's bareback bronc event, Frank Garcia and Ronnie Martin are scheduled to ride and on Saturday Larry Gruben and Mike Cade are entered in the event.

Editorial Comment By Kim Pease

Free Ride Over

In the distant future Fisher County residents will be faced with what could prove to be the most important decision they will ever be asked to make when they vote for or against forming a county hospital district.

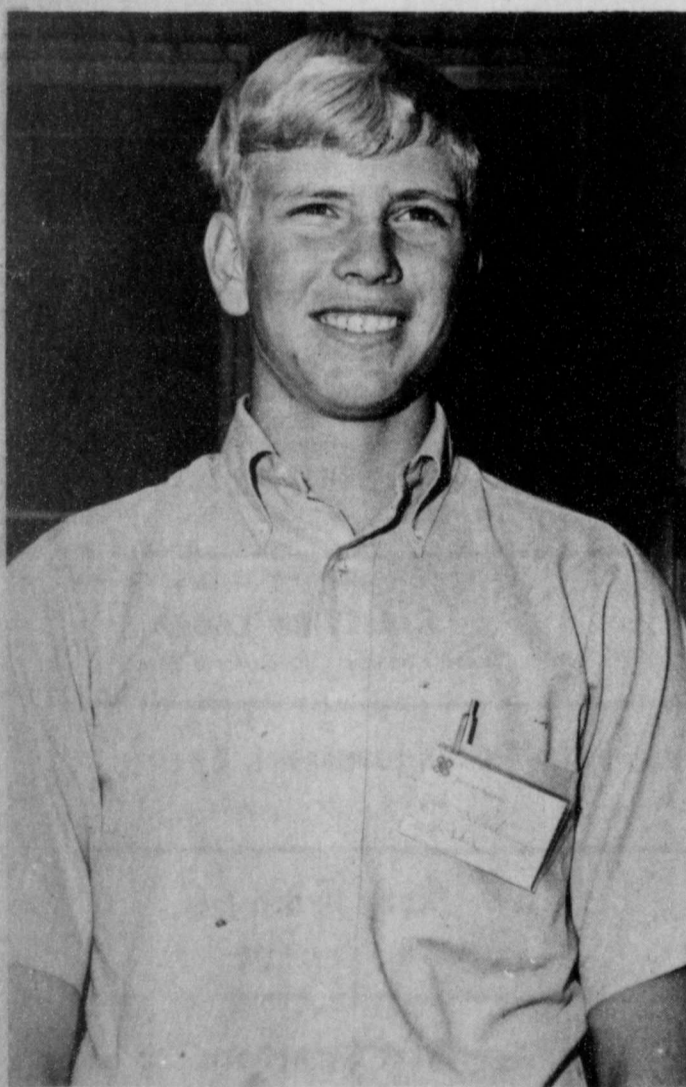

We pledged to keep our readers informed on important issues involving the progress of the hospital steering committee, and to date there have been no significant changes in the committee's plan. The next important step comes when the proposal is brought before the Legislature in Austin during the special session. If the members of the Texas House of Representatives and Senate approve the district as submitted, then it will be up to the residents of Fisher County to accept or reject the proposed hospital district. A special election will be called and each resident will be given the opportunity to vote after the district has received approval in Austin.

We attempted to emphasize in our editorial of May 11th that residents would have a vote and we re-emphasize that point today. We understand that there is a group circulating a petition in the east section of Fisher County that is informing potential signers that if the proposal passes the legislature, there will not be a vote by the people. This is absolutely untrue. There will never be a hospital district in Fisher County if the people don't vote to have one established.

We in Fisher County need to begin to realize that "the free ride is over". If we don't pay hospital district taxes for a hospital in Fisher County, we'll eventually pay them somewhere. Hamlin is beginning to move toward establishing a hospital district, and they would just love to take in the eastern portion of Fisher County. Sweetwater is not beyond creating a hospital district and swallowing up as much of Fisher County as they want. They have the vote in Sweetwater to do just about what they please.

If we are going to have to pay taxes in the future, why not pay them in Fisher County for a county hospital?

LAST CALL: Rotan Ag Teacher Ronnie Tichelman asked that we issue a last call for names to be placed on the 1972-73 FFA Birthday calendar. Birthdays will be listed for 25¢ each and anyone interested can contact Clay Helms at 735-2945 or Bruce Jones at 735-3474. Final cut-off date is Saturday night, June 17th.

ROBY LION SPEAKER: Rotan banker Wayne Harris will be the guest speaker at the noon Roby Lions Club meeting on Thursday June 15. Harris is closely involved with the committee seeking to assure Fisher County residents of adequate medical facilities in the future and is expected to speak on that subject.

CANCELLATION THREAT: My good friend Glen Copeland threatened to cancel his subscription if I didn't get on the ball and start pecking out this "off the wall" column again. Rather than lose a subscriber, I'd do almost anything short of murder and treason.

THE BIG MAYBE: My young son John, age 3, found a pair of scissors the other day and decided to test his natural ability at barbering. He took a few choice chunks of golden locks from the side of his head. When I finally noticed his "butcher job", I sat him down and began a serious father-son talk. "John", I said, "did you cut your hair?" In a very serious tone and in a quiet voice he responded by saying "maybe I did, and maybe I didn't". Well, he did it again, outsmarted old Dad. After his non-committal remark I flashed a broad smile and marveled at how he weasled out of a tight corner. He wanted to feel me out to see how I liked his "butcher job" before he gave me a straight answer. My Dad asked me the same question about 25 years ago and as best I remember, I went to bed hungry that night.

OLD PICTURES: We have had a few comments recently on old pictures. We will be glad to run them in the paper as space permits. If you have an old picture that you would like to share with Fisher County, drop it by the office. We will return it to you unharmed.

GOOD NEWS: We understand Mrs. Jack McClure is doing much better after her surgery in Abilene recently. Hope she is able to come home soon and return to her normal routine.

UNCLAIMED TIRES: Police Chief Kenneth Hardin asked that we call your attention to some unclaimed tires that were taken off cotton trailers at the Farmers Gin lot. If you have a trailer at the lot, check and see if any tires are missing. Hardin has 7 unclaimed tires and rims.

INCOMPLETE STORY: A few weeks back we reported in a story that Candy White Dycus had graduated from ACC. What we failed to mention was that she did it with honors. Congratulations.

COTTON'S NEW HOME: Cotton Clawson has moved across the street from the Advance Office. The former location of Cotton's garage was north of town. We wish him luck at his new location.

THANKS TO MERCHANTS: Donna Gruben sold the Rodeo page advertising in this weeks paper. She did a fine job and a big thanks to the merchants for helping her. We hope the readers notice those that support the Rodeo Page and thank them for doing so. The merchants that advertise in this paper are the ones that make it possible for us to publish each week.

VACATION: If you're planning a vacation trip this summer, why not take a picture and let us run a story. If you tell us, we'll tell Fisher County.

RODEO TIME: Don't forget the Fisher County Sheriff's Posse Rodeo this weekend. The big event will kick off Thursday at 5:00 with a downtown parade led by Six White Horses.

REMINDER: The Newspaper office in Rotan has a full line of office supplies. We invite you to stop in and see our stock.

WINNER: Leandro Ramon of Roby was winner of the La-Z-Boy recliner given away by Ladies Auxiliary. The drawing was held last Saturday at 4 p. m.

BRAIN BUSTER: Figure this one out. Drop us a post card and let us know how long it took you to get your answer. "A man travels a total of 4.1 miles each day to and from work. The traveling consumes 73 minutes each day. How many hours would he save in 120 working days if he moved to another residence so that he would travel only 1.7 miles each day in travel?"

THOUGHT FOR THE WEEK: Give someone a piece of your heart instead of your mind.

ROBY FIREHALL: Above is a picture of the newly re-modeled Fire Hall building in Roby. All the work was done by volunteer firemen to include completely re-doing the inside, installing a new ceiling air conditioning system, new rest rooms, and a new floor. The new building is going to be used as a meeting place for the firemen, a community building, and a site for family re-unions. Pictured are Kidd Waddell, Pete Driver, Ruben Rodriguez, Howard Fought, J. M. Whitfill and Wayne Pursley. Plans are to remodel the exterior in the near future.

HONEYMOON

The wedding bells rang, the bride was radiant, the groom's mother cried, just a little, and the maid of honor caught the bouquet. It was a perfect wedding, and the honeymoon has been ideal.

Tomorrow, this young couple will be going home to begin a new way of life. In it, reality will be combined with romance. There will be the blending of two temperaments under a single roof. There will be all the frustrations of daily living, and the pain as well as the pleasure that comes with just being alive.

How will they adjust? That depends on the basics that were taught to them years ago, in their own homes—and in church.

Limit One Per Family

The cooler the home, the warmer the marriage.

Marriages may be made in heaven, but it's hard to keep them heavenly when it's hotter than blazes.

That's where central gas air conditioning comes in. It can bring you together. All summer long. As close as you want. All summer long.

And it won't cost you much either. In fact, if you have gas heating in your home, you could easily have half a central air conditioning system already. Because you may be able to use the duct work and furnace blower you already have. That saves about fifty percent on installation costs.

That's just part of the savings. Gas costs less to operate than electricity. And gas air conditioning owners get special low rates during the long hot summer months.

But you'll save more than money with gas. You'll save time and energy, too. Because with central gas air conditioning there are fewer moving parts. Fewer breakdowns. Fewer repairs.

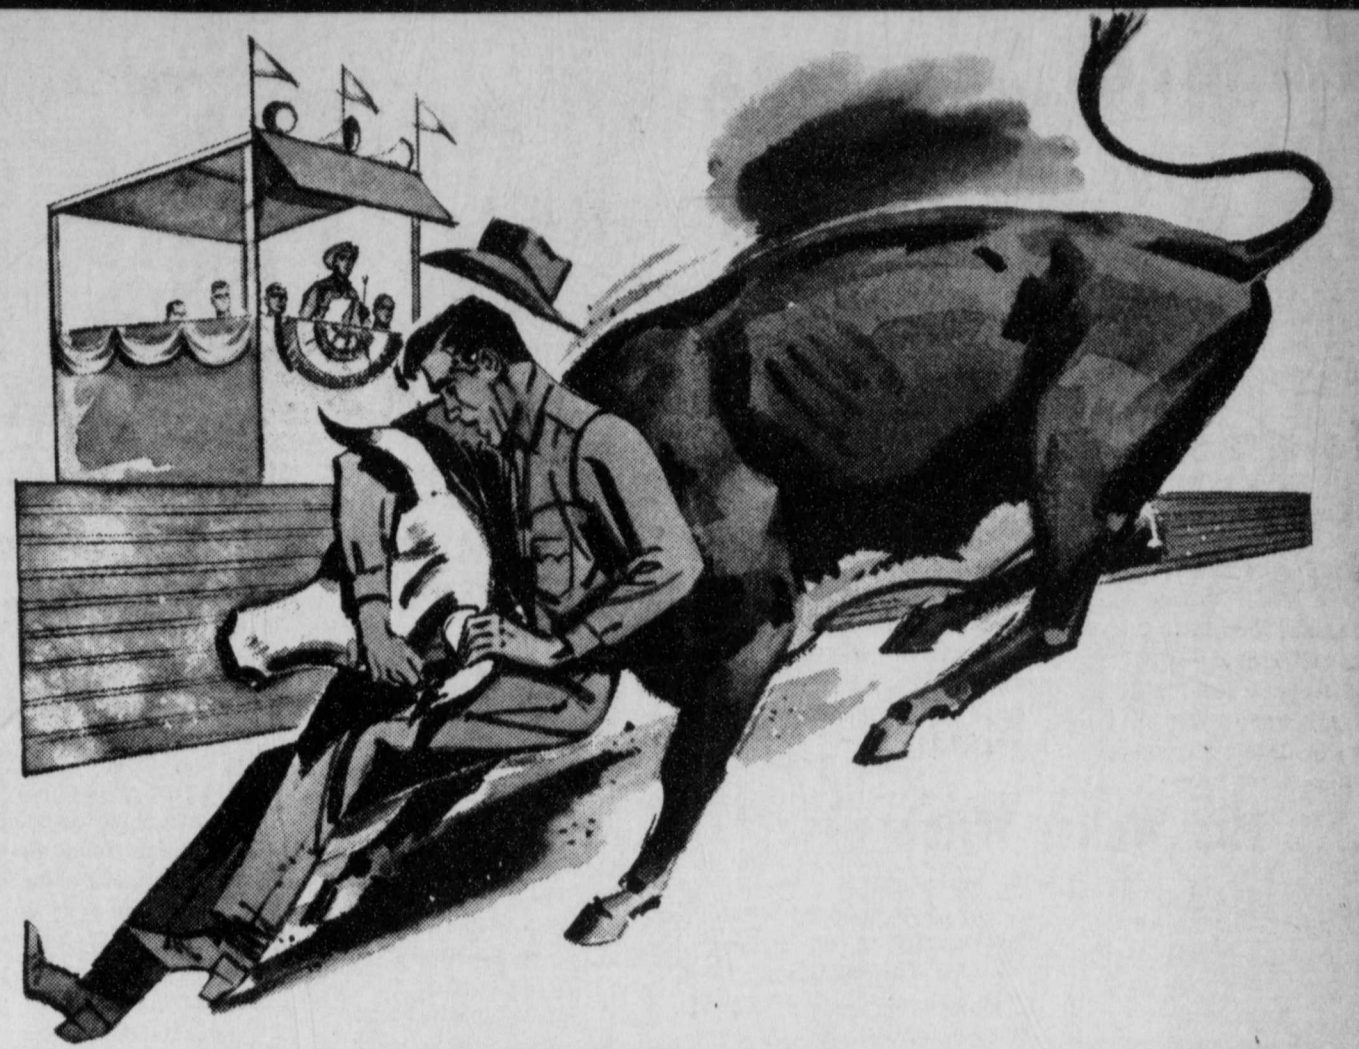

This summer, have central gas air conditioning installed. For loves sake.

"We urge each branch church and each church member... to measure their progress in the light of their increased devotion to the healing ministry," he declared.

It was announced at the meeting that the 28-story Church Administration Building and the 5 story Church Colonnade, with its film and broadcasting studios, would be completed last this year.
