

Robert Keenan Won First Place In Senior Calf Entries

The Sherman County 4-H Livestock show held at Stratford Saturday attracted a large crowd and keen competition in the calf and pig classes. Robert Keenan took 1st prizes in the junior and senior calf classes and won grand champion of this division of the show with his senior calf. Other boys' calves in the junior class placed as follows: Leroy Morris, 2nd; Gene Keenan, 3rd; Vance Morris, 4th; Edwin Weatherford, 5th; Jimmie Weatherford, 6th and Leroy Morris, 7th.

In the hog division, Duane Schafer, Wayne Cartrite, Jimmie and Edwin Weatherford carried off 1st place honors. In the senior sow class, Jimmie Weatherford's sow won 1st, Don Ray Knight's 2nd and Gene Keenan's 3rd. In the boar class, Wayne Cartrite's Duroc Jersey won 1st and Grand Champion. Edwin Weatherford's Chester White 2nd, Gene Keenan's Chester White 3rd. In the junior sow classes the boys' gilts placed as follows: Duane Schafer, 1st; Wayne Cartrite, 2nd and 4th; Donald Ellison, 3rd; Joe Bugner, 5th; Wayne Hamilton, 6th; Bill Malone, 7th; Marvin Sears, 8th and James Stavio, 9th. Edwin Weatherford's senior sow won grand champion.

In the dairy show division, Jimmie Weatherford's Jersey heifer won 1st place and Grand Champion. Edwin Weatherford's Jersey cow won 1st place. Edwin also won the award for showmanship.

Very attractive prizes were awarded to the boys showing the livestock by liberal donations by merchants, businessmen and individuals in Stratford and Texhoma.

13.75 Miles Paving Is Goal For Gruver Road

County Judge L. P. Hunter and County Commissioner W. T. Crabtree met with State Highway officials in Amarillo Tuesday in an attempt to secure 13.75 miles of paving as Sherman County's share in the 1947 farm-to-market paving project on the Stratford-Gruver highway.

Hansford County has a designation of 10 miles of paving on the road for next year on the same project.

It is a ruling of the State Highway Commission that paving of farm-to-market roads will be paved in segments to intersections of another highway. As a result he proposed 10 mile pavement in Sherman County was trimmed to 8 miles. Every effort is being made by the Commissioners' Court to take advantage of this ruling to gain 13.75 miles of paving on the road which would stop the 1947 paving project at the intersection of the Sunray-Texhoma road, a road junction which is highly favored by the residents of the north east part of the county.

At present a grade which will be acceptable to the highway commission on the Stratford-Gruver road has been built to the Sam Lasley section, and work is continuing to extend this grade to the Hansford County line.

Through this saving to the state highway department it is thought that the extension of the paving project for a distance of about 5.75 miles over the present approved project will be made possible under the 1947 program.

Public Service Co. Moving To West Texas Office

Announcement by the Southwestern Public Service is being made this week that the gas office will be moved to the old West Texas Utilities office, effective the first of October.

According to company plans, statements for water, light, power, heat, and gas services will be mailed together to their customers and payments will be accepted at the office which formerly housed the West Texas Utilities Company.

Joe Doby, former manager of the Southwestern Public Service Company, is retiring to devote all of his time to his private business which he will maintain at his present location.

Chester Guthrie, former manager of the West Texas Utilities Co., will remain in Stratford as the manager of the Southwestern Public Service Company, having all electric, water and gas facilities under his jurisdiction.

The West Texas Utilities Company properties were officially sold to the Southwestern Public Service Co. Sept. 23. Functioning of the company has been gradually consolidated and this week the combined offices of the company will be open in the former West Texas Utility office.

Stratford Girls 4-H Club Selects Officers

Miss Bobby Dick Farris was elected as president of the Stratford 4-H Club at their meeting at the school Tuesday morning. Marjorie Boney will serve as the vice-president and reporter. The secretary will be Patsy Jean Coffman and Ruby Brannan, treasurer. There were thirteen girls present at the meeting.

The home demonstration agent, Miss Dorothy Dixon, very briefly discussed the 4-H club program.

Mr. and Mrs. V. W. Foreman entertained with a watermelon feast Thursday night. Those attending were: Mr. and Mrs. Owen Hudson and family, Nell Foreman, Mr. and Mrs. N. W. Hudson and Gary, Mr. and Mrs. Orland Lasley and Jannis, Mr. and Mrs. Gerald Las-

Surplus Dalhart Air Field Buildings Offered For Sale

Surplus army buildings at the Dalhart Army Air Field went on sale to priority holders Wednesday, according to Morgan R. Lewis, deputy regional director of the War Assets Administration. The sale will continue through October 4.

Homer E. Massey, a negotiator representing WAA's non-industrial real property division, will be at the air field office at Dalhart to assist interested purchasers in making their applications for these buildings.

Garrison Motor Co. Showing New 1946 Chrysler Car

Garrison Motor Co. proudly announces the arrival of their new Chrysler car which is now on display in their show room. The new car arrived Tuesday morning.

Mr. Garrison states that he has a quota of three cars a month but that does not guarantee him delivery of that many.

J. T. Cartrite Injured In Fall From Scaffold

J. T. Cartrite, Sherman County farmer-stockman, was injured at his home in Canyon Saturday afternoon when he fell from a scaffold while repairing the house.

He is suffering from back injuries and a broken arm just above the left wrist.

LaCiencia Club To Meet With Mrs. Burgess

The LaCiencia Club will meet Thursday of next week in the home of Mrs. Bob Burgess. Last week the club met in the home of Mrs. R. C. Wilkenson.

LOCAL NEWS

Bennie Simons left Saturday morning for Peabody College at Nashville, Tennessee, where he will work on his Ph. D. degree in library science. He was formerly employed as librarian at the library in Huntsville, Texas before entering the armed forces and after receiving his discharge. Mrs. Simons and children will remain in Stratford at the home of her parents, Mr. and Mrs. Roy Allen.

Mrs. Clyde Martin was an Amarillo visitor Thursday of last week.

J. A. Gunnels, Lone Wolf, Oklahoma, is visiting this week in the home of his daughter and family, the T. D. Chisums.

O. C. Jones, Friona visited in the W. J. Thompson home Tuesday.

Ralph Keener and Dick Diehl were in Amarillo Monday selling cattle at the Livestock auction.

Mrs. W. N. Price and baby daughter were brought home from Amarillo Thursday of last week. The little newborn was named Dorothy Elizabeth.

Mr. and Mrs. Melvin Phillips visited in Plainview over the week end.

Upon the death of a worker who paid social security taxes, his next of kin should check with the Social Security Administration office, Amarillo, Texas. They may be eligible for payment under the old-age and survivors insurance program.

ley and Ima Jeane.

Owen Hudson and Verne Foreman attended to business in Dalhart Monday.

Mrs. Ollie Mae Miley and Mrs. J. D. White of Erick, Oklahoma, visited from Sunday until Tuesday in the home of Mr. and Mrs. C. G. Williams and family, and Mr. and Mrs. D. L. Miley.

Mr. and Mrs. C. F. Moon spent Sunday in the home of Mr. and Mrs. C. G. Williams and family, and Mr. and Mrs. D. L. Miley.

Mr. and Mrs. Gerald Lasley and baby visited in the home of Mr. and Mrs. C. G. Williams and family, and Mr. and Mrs. D. L. Miley Friday night.

Phillips Suint Well Drilling At 2,357 Feet

The Phillips Suint No. 1 well, located in section 23, Block 1-C, GH&H, was drilled with rotary tools at 2,357 feet at the last report.

The Shamrock Price No. 4 is drilling with cable tools with approximately 10 million cubic feet of gas escaping from the well.

The drilling site at the Shamrock Fisher No. 1 remains abandoned awaiting arrival of cable tools to complete the well for gas.

Ralph Harding Dealer For The Quonset Huts

Ralph Harding announces the addition of the Great Lakes Steel Corporation to his line of business this week in placing the all steel "Quonset 40" huts before the public for their approval. These buildings provide a combination farm machine shed and granary.

Baptist Revival Meeting Will Close Sunday Night

Revival services which have been held daily at the local Baptist Church will close with the Sunday night services. Rev. H. L. White, Commerce, Texas, who has been delivering the evangelistic messages has won the admiration of large audiences. Edgar Spearman, Dallas, has been assisting the evangelist in leading the song services.

Mrs. Gill Entertains

Mrs. Thurman Gill gave a birthday party for her husband, Sunday, at 5:00 P. M. at the home of her mother, Mrs. W. J. Thompson.

The table was set on a lace tablecloth with tall yellow and white candles as decorations. The house was decorated with beautiful yellow flowers.

Hot chocolate, birthday cake, and watermelon were served to: Mr. and Mrs. John Kidwell, Mr. and Mrs. Wilbur Thompson, Ordway, Colorado, Mr. and Mrs. W. J. Thompson, Misses Arlene Grimes, Dorothy Dixon, Woodford Kidwell, Marijo Brown and Lorel Halle.

CITATION BY PUBLICATION

(THE STATE OF TEXAS)
TO: J. M. NEWMAN, MARGARET ARMSTRONG, ALICE STRANGE, MOLLY WRIGHT, SPENCE NEWMAN, LAFAYETTE NEWMAN and the unknown heirs of J. M. Newman, Margaret Armstrong, Alice Strange, Mollie Wright, Spence Newman, deceased, their heirs, devisees, legatees and legal representatives, GREETING:
You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 11th day of November, A. D., 1946, at or before 10 o'clock A. M., before the Honorable District Court of Sherman County, at the Court House in Stratford, Texas.

Said plaintiff's petition was filed on the 23rd day of September, 1946. The file number of said suit being No. 1095.

The names of the parties in said suit are: G. L. Harland, and J. M. Newman, Margaret Armstrong, Alice Strange, Mollie Wright, Spence Newman, Lafayette Newman and the unknown heirs of J. M. Newman, Margaret Armstrong, Alice Strange, Mollie Wright, Spence Newman, Lafayette Newman, deceased, their heirs, devisees, legatees and legal representatives, as Defendants.

The nature of said suit being substantially as follows, to wit: A suit in trespass to try title and for damages, wherein the plaintiff sues for the title and possession of Section twenty-three (23), Block One (1), Public Free School Land, Sherman County, Texas, as the same was thought to be bounded prior to the survey thereof by Howard T. Trigg in the year 1924, and including not only said half section as surveyed by said Trigg, but the land to the north thereof and south of the State Line Highway (otherwise known as the Cimarron Base Line), for damages, and rents, and specially pleading the five (5) and ten (10) year statutes of limitation in support of his title to said land.

If his citation is not served within 90 days after date of its issuance, it shall be returned unserved. Issued this 23rd day of September, A. D., 1946.

Given under my hand and seal of said Court, at office in Stratford, Texas, this 23rd day of September, A. D., 1946. (Seal) DISTRICT COURT OF SHERMAN COUNTY, TEXAS. LELAH BONEY, Clerk District Court, Sherman County, Texas.

City Paving Project Discussed At Meeting In City Hall

Faculty Members Honored With Tea Monday Afternoon

Faculty members of the Stratford Schools were honored by the Stratford Parent Teachers Association with a tea Monday afternoon in the home making rooms at the school building.

Teachers and other visitors were welcomed by Mrs. A. L. King, program chairman.

Officers of the P. T. A., including Mrs. B. B. Carter, membership chairman; Mrs. Tommie Wakefield, Secretary; Mrs. Archie Arnold, Treasurer; and Mrs. Herbert Folsom, publicity chairman, were introduced.

The program consisted of a song by Timmie Lou Flores, a reading by Jackie Williams, and a duet by Mrs. Frank Mehner and Miss Fern Cunningham accompanied by Mrs. Hosa Flores at the piano.

Mrs. M. E. Cleavinger, Jr., poured coffee for about 60 members and guests.

CARD OF THANKS

We wish to thank the people of Stratford for their kind deeds and contributions which have helped defray our recent hospital expenses.

Mr. and Mrs. Elbert Williams.

Rain Wednesday Night Covered Territory

Rains which fell in torrents Wednesday night of last week covered most of the local territory with heaviest rainfall west and east of Stratford where water is still standing in most all low places.

In Stratford the rain registered 1.53 inches.

Rock Island In Trade For Riley Truck Line

The Rock Island Truck line is in a trade for the Riley truck line operating through Stratford and the deal is now before the interstate commerce commission for approval.

Verlon Haile's Car Smashed In Accident Sunday Morning

Verlon Haile escaped without injury Sunday morning when the right front fender of his Dodge sedan was smashed when he rammed a car parked on U. S. highway 54, 5 miles southwest of Stratford. Haile was blinded by the lights of an approaching car.

Specialist Views Local Tree Sites

E. W. Johnson of the Woodward, Oklahoma experiment station was here Wednesday of last week viewing the shrubbery and tree sites at the homes of T. F. Baskin, Vernon Morris, John Knight and Leslie Keenan. He is watching the growth and adaptability of trees and shrubbery best suited to this territory.

Assembly of God Church

Welcome to Assembly of God Church, across street from Court-house. Sunday School 10:00 A. M. Morning Worship 11:00 A. M. Evangelistic service Sunday evening 8:00 P. M. Bible study and Prayer Meeting Thursday 8:00 P. M.

Mayor G. R. Garrison, Aldermen H. E. Lowe, Leo Smith, Leslie H. Parker, and Brown Ross, City Secretary, in a special called meeting at the City Hall Monday night met with Cone Donelson, Van B. Boston, Joe A. Doby, W. F. Wiginton, John Kidwell, Lester Plunk, Shuler Donelson, Eugene Hudson, and Virgil McGee, interested citizens in paving approximately 40 blocks of the streets in the business and residential district of Stratford.

Contract estimates for paving the streets with a 6 inch caliche base, asphalt and gravel, with curb and gutter, would cost the citizens of the town approximately \$175.00 for each 30-foot lot. This part of the paving it was thought would meet with very little opposition but this estimated cost did not include the street intersections nor the connecting east and west streets on which the paving cost would have to be distributed between the lot owners on the block, as estimated cost of about \$5,000 a block.

At first paving enthusiasts introduced the idea of securing the paving pledges of as many residents of the town as possible and then finishing the paving project by public subscription. However when the estimated cost of the project was completed, it was generally agreed that the entire paving project could not be carried out other than through floating a bond issue.

As the demand for paving of the streets in Stratford grows, the City Council, will in all probability place the issue squarely before the residents of the town in the form of a bond issue election, in which the tax payers will be given the privilege of deciding by popular vote as to whether or not they want the paving, and if they favor a bond issue to do so.

The estimated cost of the paving project would be approximately \$200,000.00. In the last two years the tax valuation of Stratford has increased to \$1,000,000.00. This increase in taxable property has been due to the rapid building development which has been taking place. It was estimated that by raising the tax valuation of the City property 25 percent the taxable revenue would be sufficient to retire the necessary outstanding bonds.

The plans for the paving include a 72-foot street for paving on Main Street and Grand Avenue and he paving of 42-foot streets in the residential sections.

Mrs. J. W. Shireman left Tuesday for a few weeks visit with relatives in Illinois.

Methodist Church

Church Of Christ

A. C. Huff, Minister. Bible Classes 10:00 A. M. Morning Services 11:00 A. M. Evening Services 7:30 P. M. Wednesday Evening Services 8:00 P. M.

Our attendance and interest has been good during and since the meeting. The attendance Sunday a week at the morning service was 56; collection \$27.70. Last Sunday at the morning service 18 were in attendance with a collection of \$20. We have secured a loan on our building and all business matters adjusted so we are prepared to pay for our building and the payments are not going to be any burden on us. We are glad that we will not need to ask for help from other churches to pay for the building. We thank God for these blessings.

We have arranged to have a midweek service on Wednesday evening at 8:00 o'clock. Thirty minutes will be devoted to a song drill, followed by Bible readings, and prayers, by those who are preparing themselves for leadership. We have good material. Come and enjoy our services with us. Our singing is good but we want it better. Every one is welcome to all our services.

A. C. Huff.

have died — temporarily. As this is being written there are no major strikes in progress and none threatened for the very immediate future. The nation sits back with a sigh of relief, disaster having been narrowly averted, to indulge in wishful thinking to the effect that the worst is over and that labor-management strife is permanently ended.

HOTEL STRATFORD

"Once a Guest—Always a Booster"
Mrs. Areace LeBleu, Prop.
Phone No. 7

and bothered and galvanized for action when the coal strike was on, a nation-wide rail strike threatened and a maritime strike hanging in the offing, has sunk back into its former state of apathy and laissez-faire, as far as enacting remedial legislation is concerned.

The settlements of the General Motors, steel, rail and coal strikes, and the averting of the maritime strike, however, but still uncured of his basic ailment.

The perilous situation through which the nation has just passed, can be likened to a man stricken with an appendicitis attack. He calls in his physician, who has him x-rayed. The x-ray shows a diseased appendix, the only real cure for which is to chop it out. But, meanwhile, there has been surcease from the stabbing pains, due to the application of ice. The patient, temporarily relieved, heeds not the advice of his physician, does not have the diseased appendix removed, thus leaving himself subject to future distress and suffering, perhaps premature death.

What we have done has been simply to apply the ice to the wound of our industrial patient. He is still a mighty sick man, kidding himself because for the moment he feels no pain, he is cured. He still has his diseased appendix, which in his case, is the Wagner Labor Relations Act. Until this sore spot in our industrial economy is removed, there can be no permanent labor-management peace.

This Act, acclaimed by union labor as its "Magna Charta", eventually will, if not repealed, be the Frankenstein monster to destroy union labor. Its discriminatory provisions against the employer, sooner or later will destroy that employer. When that transpires, one of two things will happen to the worker. He will be out of a job, or he will be a slave working for the government, with his collective bargaining and strike rights just cherished memories of a former happier period.

The point the workers of this nation must realize is that what hurts the boss, sooner or later gets around to hurting them. One of the irresponsible labor leaders, more forthright than his contemporaries, openly acknowledged that the Wagner Act hurts the boss when he said: "Sure, we know the Wagner Act favors us over management. H—, that's why we're against changing it."

Permanent cure for industrial strife will not come from new labor laws. Such laws will only bring a flock of new bureaus and bureaucrats to administer them, more government controls, more public employees eating at the public trough. Through our history we have repealed laws when x-ray showed they were a disease upon the body economic. The x-ray shows the Wagner Act, passed by Congress with the high hope that it would prevent industrial strife, has acutally increased industrial strife. The Wagner Act has aggravated the wound, and the common sense thing to do now, is to repeal it.

Anything short of this will simply be applying ice to the wound, be but a temporary palliative. For the future welfare of our industrial economy, our labor laws need an appendectomy. The appendix — the Wagner Labor Relations Act — must be removed.

seem to be dead and decaying after a treatment of 2,4-D. Trew says, but persimmon and pin oak

are resprouting. The county agent believes that the treatment date, July 17, was too late for best results.

To those who eagerly await their new Chevrolets...

Here Is the Latest News about Chevrolet Deliveries

Everybody from factory to dealer is doing everything that can be done to speed deliveries to you

We have been informed by the Chevrolet Motor Division that the past month has witnessed only a slight improvement in the rate of production of new Chevrolet passenger cars. As a result, shipments of new cars to dealers for delivery are still far below the level we and the factory had hoped to attain by this time. In fact, through August, Chevrolet's output of cars in 1946 was only 22.6% of the number turned out during the corresponding period of 1941.

We know that Chevrolet is doing everything possible to step up its production totals—to ship more and more cars to us and to its thousands of other dealers throughout America... and we know, too, that we are assured of getting our full proportionate share of the current output and of future production gains.

Disappointing as the total figures have been—and despite the fact that Chevrolet was out of production entirely during the first three months of the year—it is nevertheless true that Chevrolet led all other manufacturers in production of passenger cars during June 1946, and has continued to maintain its lead in total production from that day to this.

We shall continue to make deliveries of new Chevrolets to our customers just as fast as we receive them; we regret delays as deeply as you do; we thank you for your friendly patience and understanding; and we promise you a new high motoring experience when you take delivery of your new Chevrolet, giving BIG-CAR QUALITY AT LOWEST COST!

Keep Your Present Car Alive

Meanwhile, may we suggest that you safeguard your transportation by bringing your car to us for service now and at regular intervals. Let us help you to keep it in good running condition—to maintain its performance, appearance and resale value—until the day when your new Chevrolet comes along.

still grappling with the problem of getting nurses although it offers salaries and other benefits well above private scales, Miss Dorothy MacLeod, Chief Nurse in the Dallas Branch Office of VA, said this week.

VA hospitals in Texas, Louisiana, and Mississippi, are short 400 nurses, Miss MacLeod said. In some hospitals, notably the huge installation at Temple, Texas, formerly operated by the Army, VA has had to restrict the entrance of patients, she added.

Appealing especially to former nurses in the armed forces, Miss MacLeod said: "Thousands of the younger boys and men of World War II, so well cared for by Army and Navy nurses, are now in VA hospitals. They still need your help."

Salaries for VA nurses range from \$2,645 to \$5,905 per year, Miss MacLeod said. In addition, VA offers retirement pensions, recreational facilities and other benefits under a new Department of Medicine and Surgery.

VA is now planning a program of training that will be attractive to younger nurses just coming out of schools, Miss MacLeod said.

Application forms for amputee veterans to use in obtaining cars at government expense are expected to be available from VA offices in the Dallas Branch Area in about two weeks, VA announced this week.

VA is responsible for administering the new \$30,000,000 program enacted by Congress to provide automobiles or other conveyances for disabled veterans of World War II who are "entitled to compensation for the loss, or loss of use, of one or both legs at or above the ankle."

Veterans who think they are entitled to receive cars can obtain the necessary forms and information from VA contact representatives in all larger communities.

QUESTIONS AND ANSWERS

Q. What amount of guaranty may be issued on behalf of any one eligible veteran?

A. Up to \$4,000 on real estate or up to \$2,000 on personal property or business loans, and on more than 50 per cent of any loan may be guaranteed.

Q. If part of the guaranty has been used, how is the remaining guaranty computed?

A. To compute the used guaranty, subtract the amount of realty loan from \$4,000. The sum remain-

ing is the amount of realty guaranty available, or half that amount is the sum of personal property or business loan guaranty available.

Q. Are there any circumstances under which the guaranty may exceed 50 per cent of the loan?

A. Yes. Where a Federal Agency has made or is to make a guaranteed or insured loan for any of the eligible purposes, and the veteran needs a fully guaranteed second loan. This second loan may be fully guaranteed if—

(a) the amount involved is not in excess of the veteran's available guarantee, and

(b) the loan is not in excess of

20 per cent of the purchase price or cost.

Q. May several veterans use the guaranty to acquire property jointly?

A. Yes, but the total amount guaranteed may not exceed 50 per cent of the loan or the total entitlement for guaranty of the veterans, whichever is lesser. No loan may be guaranteed to exceed 50% except a loan secondary to one made, guaranteed or insured by a Federal Agency.

Q. May a lender require security, in addition to the property being purchased, if the lender is not satisfied with the loan without addi-

tional security?

A. Yes. This is a matter between the veteran and the lender. The VA does not object to its being given if the veteran is willing to give it.

Q. Is the guaranty or insurance privilege of a veteran restored to its original amount when the indebtedness is repaid.

A. No.

SET YOUR SIGHTS

- It takes planning to achieve a goal

Some young men know what they want and plan for it. Others are still looking for their niche. The new Regular Army can help both.

Perhaps you want to go to college but can't afford it. If you enlist in the Army, you'll get your chance. Honorably discharged after a three-year enlistment, you are eligible for 48 months of education at any college, trade, or business school for which you can qualify. The Government will pay your tuition, laboratory fees, etc., up to \$500 per ordinary school year, plus \$65 a month living allowance—\$90 a month if you have dependents.

If you haven't found your spot, an Army enlistment offers you training in any of 200 trades and skills. You leave the service eligible for further training at the best civilian schools.

You can assure yourself of the benefits of the GI Bill of Rights if you enter the Army on or before October 5, 1946. See your nearest Army Recruiting Station for details.

HIGHLIGHTS OF REGULAR ARMY ENLISTMENT

1. Enlistments for 1½, 2 or 3 years. (1-year enlistments permitted for men now in the Army with 6 or more months of service.)
2. Enlistment age from 18 to 34 years inclusive (17 with parents' consent) except for men now in Army, who may reenlist at any age, and former service men depending on length of service.
3. A reenlistment bonus of \$50 for each year of active service since such bonus was last paid, or since last entry into service, provided reenlistment is within 3 months after last honorable discharge.
4. A furlough for men who reenlist within 20 days. Full details of other furlough privileges can be obtained from Recruiting Officers.
5. Mustering-out pay (based upon length of service) to all men who are discharged to enlist or reenlist.
6. Option to retire at half pay for the rest of your life after 20 years' service—increasing to three-quarters pay after 30 years' service. All previous active federal military service counts toward retirement.
7. Choice of branch of service and overseas theater (of those still open) on 3-year enlistments.

NEW, HIGHER PAY FOR ARMY MEN

In Addition to Food, Lodging,

Clothes and Medical Care

In Addition to Column One

at the Right: 20% Increase for Service Overseas. 50% Increase if Member of Flying or Glider Crews. 5% Increase in Pay for Each 3 Years of Service May Be Added.

	Starting Base Pay Per Month	MONTHLY RETIREMENT INCOME AFTER:	
		20 Years' Service	30 Years' Service
Master Sergeant or First Sergeant	\$165.00	\$107.25	\$185.63
Technical Sergeant	135.00	87.75	151.88
Staff Sergeant	115.00	74.75	129.38
Sergeant	100.00	65.00	112.50
Corporal	90.00	58.50	101.25
Private First Class	80.00	52.00	90.00

About Your Electric Power Supply

Reddy Kilowatt says:

Now that you are being served by our company, I think that you would probably like to know how capable we are. It's a L-O-N-G story. But I'll make it short by saying that now your community is being served from an efficient electric power grid system which receives its electrical energy from numerous large steam turbine generating plants.

In other words there are four large steam turbine power plants within the immediate vicinity of the north Panhandle, assuring an abundance of dependable, low-cost electric power.

THE PLOW THAT TAMED THE WILD PRAIRIE

NEITHER bitter hardships nor hostile Indians could daunt the pioneer farmer, but the rich prairie soil of the new West broke his heart. With no plow to turn the greasy, black loam after the first breaking, the frontiersman was forced either to grub an uncertain existence from it or to move westward to new virgin land.

In 1837, at Grand Detour, Illinois, a plow tamed the wild prairie! It was John Deere's new plow with a steel moldboard which shed the sticky prairie soil. At last, the pioneer farmer could unhitch his emigrant wagon and take root in the fertile plains of the West.

Times, methods, and machines have changed, but John Deere Plows have never relinquished their century-old leadership. Let us show you how it will pay you to own a John Deere.

"We Are Open 24 Hours A Day"

Who Will Benefit?

That's the 12 Million Dollar Question of your Public Service Co.

There are just about as many answers to that question as there are people in the Panhandle Plains Pecos Valley area.

Your Public Service Company's 12 million dollar expansion program will benefit everyone.

There'll be many new industries using low cost, reliable electric power, more homes with the advantages of electrical living, more farmers taking on Reddy Kilowatt as their new "hired hand".

We're happy that in our 22nd year, we're a pioneer in building ahead for the future. Our expansion program will bring better living, electrically, to everyone in the years to come.

Another in a series of advertisements designed to help build this fast-growing territory in which we serve.

RED BLAIK'S brilliant Army football team is on the march again. With a record of 18 consecutive victories picked up in 1944 and 1945, Army's first team should carry it through another big year, even if its spotless record so far happens to be dented before December arrives. At least no one should expect any further wild romping over such teams as Notre Dame, Michigan, Duke, Cornell, Columbia, Pennsylvania and Navy.

"Our first line strength is extremely good," Red Blaik tells you, as he looks over his eager talent—talent that includes such backfield stars as Blanchard, Davis, McWilliams and Tucker. "But we are no longer three deep. We are no longer even two deep. In addition to our starting backfield, which will match any in football, we have Fuson at center, Poole and Foldberg at ends and two good guards."

As good as Blanchard and Davis are, they are not as likely to steal the entire show again from such fine backs as young Tucker at quarter and Shorty McWilliams at halfback.

A look at the complete records in McWilliams' case proved the Army was entirely blameless in connection with Coach McKean's charges from Mississippi State. It was McWilliams, backed up by his family, who wanted to come to West Point. McWilliams made application while still in high school, before he ever entered Mississippi State. Letter after letter has proved this.

The trouble started on his home furlough when rather luscious financial inducements, apart from any Mississippi State official connection, were made. And don't believe this was the only large financial inducement offered a college football player this year.

A Smart Choice
 McWilliams elected to stay at West Point of his own free will. It was a smart move in his case, as too many leaving service football have come under the gossip of ducking the draft, whether or not the charges are true. I might add that his opponents will find the able entry from Mississippi is one of the best backs in football. He is a great kid with unusual ability. And if there is a better quarterback in college football than young Tucker, or a much better passer, I'd like to have his name.

This year of 1946 may be the last season in some time that Army can field any winning team. For one reason, too many colleges are paying good football players money that West Point and Annapolis won't and have no desire to meet. For another reason, too many young men have no yearning to get up at 5 a. m. and work 16 hours a day.

It is my belief that college paychecks are going to lead to a national scandal unless there is a sudden check. The fight for young stars, plus inducements offered, already have broken all past records. Athletic scholarships and jobs that can take a young fellow through college, are O. K. But not the substantial paycheck on the side, usually handled by key-up alumni. Back again to this 1946 Army squad—In my opinion Army will have the best backfield in college football—Blanchard, Davis, McWilliams and Tucker—power, speed, smartness and spirit. Once again, keep a more open eye on McWilliams and Tucker.

Tough Year for Army
 "This is the hardest year we've known since 1943," Blaik says. "Frank Lahey at Notre Dame is three deep with a flock of veterans who range back to his great team of 1943. Many have picked Notre Dame as the best team in football. It may be Pennsylvania will give us all the trouble we can handle. Navy had some hard luck in losing men, but Tom Hamilton will do a fine job with a squad that will give anyone a battle." "Few men on our squad," Red added, "have ever known defeat. They love football. They are all fine officer material, and that is what West Point is supposed to turn out. We can be beaten and we may be beaten, but unless we are handicapped by injuries to key men, it will take quite a team to turn the trick."

At this point, Athletic Director Colonel Biff Jones was gazing moodily into the autumn sky. "I was just thinking," he said, "that if we had enough parking space for the human body, we could play to at least 300,000 in the Michigan game, and over 800,000 in the Notre Dame and Navy games. We might do 300,000 in the Pennsylvania game."

"You don't think so? Come along to my office and see the ticket requests already piled up. There were over 110,000 applications for the Michigan game early in June.

"Get O'Sullivan SOLES as well as Heels next time you have your shoes repaired.

Kidneys Must Work Well!

For You To Feel Well
 24 hours every day, 7 days every week, never stopping, the kidneys filter waste matter from the blood. If more people were aware of how the kidneys must constantly remove surplus fluid, excess acids and other waste matter that cannot stay in the blood without injury to health, there would be better understanding of why the whole system is upset when kidneys fail to function properly. Burning, scanty or too frequent urination sometimes warns that something is wrong. You may suffer nagging backache, headaches, dizziness, rheumatic pains, getting up at nights, swelling. Why not try Doan's Pills? You will be using a medicine recommended the country over. Doan's stimulate the function of the kidneys and help them to flush out poisonous waste from the blood. They contain nothing harmful. Get Doan's today. Use with confidence. At all drug stores.

DOAN'S PILLS

IMPROVED UNIFORM INTERNATIONAL SUNDAY SCHOOL LESSON

By HAROLD L. LUNDQUIST, D. D. Of The Moody Bible Institute of Chicago. Released by Western Newspaper Union.

Lesson for September 29

Lesson subjects and Scripture texts selected and copyrighted by International Council of Religious Education; used by permission.

JESUS AND THE LAW OF LOVE

LESSON TEXT—Psalm 119:33-38; Matthew 5:43-48.

MEMORY SELECTION—Love worketh no ill to his neighbor; therefore love is the fulfilling of the law.—Romans 13:10.

Love fulfilled the law—in Christ. God so loved the world that he gave his only begotten Son (John 3:16). The law of love is therefore appropriate as the subject of our closing lesson on the general theme, "Jesus Interprets Old Testament Laws."

Love is the heavenly gift of God, who is love, to man who so much needs its grace and power for his own life and for his living with others. I. The Mind of Love (Ps. 119:33-35). Eight times in this psalm there is found the cry of verse 33 for instruction in the laws of God. Man not only must know them, but he must know how they operate. The picture here is that of a man who wants to get in step with God, marching out to spiritual warfare and being prepared to respond in prompt obedience to the commands of his divine leader.

Here we have the true mind of love. The one rightly instructed in the principles of God's rule in the world sees that love is the basic requirement, but that it expresses itself in a life that is in accord with the will of God.

The thought of this passage is well expressed by Dr. W. R. White: "The psalmist had the highest possible conception of love before the revelation in Christ. He saw it as the basic order of things. He conceived it as identical with the will of God. He viewed it as the safe, happy path for man. He considered it as the way of wisdom. He passionately desired to embrace it and order his life by it. He saw it imparting to the naive and simple the benefits of extraordinary judgment. To measure up he knew that he had to be quickened or made alive to it by the power of God."

II. The Manner of Love (Ps. 119:36-38). Love operates not from necessity, but because of an inner urge which will not be denied. The psalmist prays that his heart may be so inclined toward the Lord and so quickened within that he may be eager to do the will of God.

Love has a technique, if you will, a manner of operation. It avoids certain things which would hinder or prevent its full function and seeks out those attitudes and experiences which will encourage and enlarge. Covetousness must be avoided, for that is idolatry (Col. 3:5). We noted in our lesson of two weeks ago that covetousness makes a man stingy, envious, selfish, proud and foolish. That means that love must rule out this destructive element. Love cannot live in such an atmosphere.

Love turns away from vanity. The vain things of this world are usually presented in such attractive dress that to look at them is to be tempted. The answer is to turn your eyes away, or better still, ask God to give you special grace not only to turn away, but to stay turned away. The vain passions of this world destroy real love, even while using the word to describe their base counterfeit.

The positive side of the matter is also clear. The manner in which love best expresses itself is in the fear of God, in the established order of a life according to the law of God (v. 38). By being inclined to his testimonies it finds the right way—God's way (v. 37).

III. The Measure of Love (Matt. 5:43-48).

How far does love go? Does it have a limit? Does it choose those toward whom it will express itself, loving the lovely and ignoring or hating the rest? In answer to these questions let us first ask, What is the general attitude of the world? The answer is evident. The world has established its own principle of conduct based on selfish advantage. It pays to be polite to those who can favor you, so cultivate their good will by acts of courtesy and kindness. Your neighbor may be able to help you in an hour of need, so do good to him as you have opportunity.

But an enemy—what can you gain from kindness to him? Hate him, and treat him like an enemy. Christianity knows nothing of such a spirit. Even though it be necessary to oppose wicked men in order to hinder their evil plans, we need not lose our love for them. Even those who despitefully use us may be loved for Christ's sake.

"Consider him that endured such contradiction of sinners against himself (and went right on loving them) lest ye be wearied" in your own love for those who bear the sad name of enemies (see Heb. 12:3). This is admittedly a high standard, but it is not too high for those who know the love of Christ.

"RIGHT from the Start"

You start right when you measure the required amount of Clabber Girl into your flour... You are sure to get just the right rise in your mixing bowl, followed by that final rise to light and fluffy flavor in the oven... That's the story of Clabber Girl's balanced double action.

For better baking use the baking powder with the BALANCED double action.

CLABBER GIRL Baking Powder

Your Home is WARM every MORNING

Start a fire but once a year... Heats all day and all night without refueling! Amazing, patented interior construction. Provides an abundance of clean, steady heat for the average home... at low cost. Holds 100 lbs. of coal. Burns any kind of coal, coke, briquets or wood. Requires less attention than most furnaces. More than a million now in use!

WARM MORNING COAL HEATER
