Sewer Rates Are Going Up

The charge for sewer service in Robert Lee is going up next month. The increase will show up on bills mailed out for service for the month of June. City officials say the increase is necessary in order to make the system pay its way.

All categories of service are being increased, but the one which concerns most residents of the city are for residential service and service for ordinary busines-

Residential rates and rates for most business are being modestly increased from \$3.00 to \$4.00 per month. Big users of the system, such as the courthouse, hospital, laundries, cafes, the school, etc., are being increased proportionately.

City fathers told the Observer this week that the sewer system is operating with a \$6,000 deficit, lacking that amount to pay for operation and bond and interest payments. They reminded Robert Lee residents that this is the first and only rate increase which has been imposed since the sewer system was completed in

A copy of an ordinance which was passed at the May 11 meeting of the city council is being published in this week's issue of the Observer. A detailed price list is contained in the ordinance and readers are invited to look it over.

Four Men Painfully Burned In Flash Fire at Pipeline

Four men were painfully burned shortly before noon Tuesday when a flash fire ignited at the site where they were working on a pipeline. The accident occurred about 11:45 a.m. at the Moro Booster station of Union Texas Petroleum, located about 35 miles north of Bronte.

The men who were not considered to be seriously burned, included Tommy Blair, a welder of Robert Lee; Kyle James and Billy Ren Lee, both of Bronte, who are employed be Ernest Clendennen Welding, Inc., of Silver; and Kenneth Dwain Pruitt of Bronte, an employee of Union Texas Petroleum.

Chester Wilson of Bronte, who is in charge of Union Texas operations in this area said Wednesday morning that even though the burns were painful, the reports he had received indicated none was seriously hurt. Wilson reported the following information on the four men:

Blair received facial burns, was treated at North Runnels Hospital in Winters and released.

James received first and second degree burns on his arms and face. He was taken to Shannon Hospital in San Angelo, where he was treated and released. He was scheduled to report

back to the hospital Wednesday morning to have his dressings changed and his burns checked by physician.

Lee received first degree burns on his arms and face. He was taken to North Runnels Hospital for treatment and kept overnight for observation. He was expecting to be released Wednesday.

Pruitt received first degree burns on his face and wrists and slight burns on his back. He was taken to North Runnels Hospital for treatment and was kept overnight, expecting to be released Wednesday.

Wilson said the men were working on a meter run and had practically finished the job when the fire ignited. The men said they had no idea as to what set off the fire but possibly they bumped two pieces of metal together and created a spark that ignited an accumulation of gas. They had not been welding for several minutes, Wison said, ruling out a rumor that the fire started from a welding torch. No damage to equipment was reported.

Wilson said, "we were very fortunate that no one was seriously burned. I thint they will all be able to come back to work in a few days."

Rosary for Duran was said at 8 p.m. Wednesday in Robert Massie Riverside Chapel in San Angelc Funeral mass was at 10 a.m. Thursday in St. Mary's Catholic Church in San Angelo, With the Rev. Joe Uecker, pastor, officiating. Burial was in Calvary Cemetery.

Duran, who had been a resident of San Angelo for 20 years before he moved to Robert Lee last week, was born Oct. 2, 1957. in Coolidge, Ariz. He was a member of St. Mary's Catholic Church.

Survivors include a son, Roy V. Duran of San Angelo; his parent, Mr. and Mrs. Ramon Duran Sr. of San Angelo; a sister. Esther Duran of San Angelo; and six brothers, Toby Duran, Henry Duran, Billy Duran, Johnny Duran, Rudy Duran and Ramon Duran Jr., all of San Angelo.

STUDENTS MUST COMPLETE SOCIAL SECURITY REPORT

If you have been getting Social Security checks as a full-time student 18 to 22, you should soon receive a "Report of Student Beneficiary at End of School Year." It asks about school enrollment, possible work activity in 1981, and whether you have married.

Make sure you promptly complete the top three-fourths of this form when you get it. Then ask your school registrar or other official to fill out the bottom one-fourth to certify your enrollment and have that person return the form to the Social Security Administration.

The form must be completed even if there has been no change in your situation. If this is not done or if the form is returned late, your benefits may stop. Also an investigation may be made to see if all past payments were correct. Benefits can continue during summer months if you were a full-time student before vacation started and you plan to go back to school in the fall. If -your plans are indefinite now, you should have benefits stopped to avoid having to pay back some checks not due. Then if you do return, back payments can be made later for months you miss-

If you have a summer job lined up, remember that earnings can affect your benefits. In 1981 you can work and earn up to \$4,080 and receive all your Social Security checks. If you earn more than this, \$1 in benefits will be withheld for each \$2 in earnings over \$4,080. Earnings for the entire year must be counted. Let social security know if you think your earnings might exceed \$4,

SWIM-EXERCISE CLASS PLANNED FOR WOMEN

"Working against the resistance of the water is one of the best ways possible to improve flexibility, strength, and to tone and firm your figure. Because all the exercises are done in shallow water, you do not have to be able to swim," states Ms. Nelson.

Registration will begin at 6:15 p.m. Tuesday June 2. A fee of \$25.00 will be charged to cover the expense of the class.

Those wishing to preregister may do so at Ben Bessent Chevrolet or Heart O' Texas Savings & Loan.

THE VIETNAM VETERANS MEMORIAL

There were no parades. There were no cheering crowds. There were few honors and less understanding as they returned home. Not all the men and women who went to Vietnam wanted to go

and many did not always understand why. But they served their nation because as members of the Armed Forces it was their duty

Without opening old wounds, I want to say something about Vietnam — about a war of gradualism which failed to achieve a clearcut victory

Even though Vietnam was the first living-room war — the first major conflict beamed into homes in New Hampshire, Iowa, Oregon and Texas — it remains one of the great untold stories of

And while the war itself was on television, countless scores of the men who fought it were not. Most returned home anonymously, unlike previous wars where entire regiments and divisions returned home together.

Some Americans still question the war and others have been indifferent — not pausing to listen to the stories of the veterans. The war itself was half a world away and the nation seemed to want it to stay that way. The veterans and the Vietnamese — as Neville Chamberlain put it in a different but equally tragic context — were a faraway people of which we still know little.

For the most part when the soldiers came home, they chose to be quiet. They were young. They could not compete with the images on the television screen. People had too many preconceptions about the war. They didn't want to deal with it. Families knew their sons and daughters had changed, but they couldn't

Although many came back disillusioned, today there may be an antidote, a way to begin the healing process.

Washington is a city of monuments and memorials and there is now a move underway to honor the Vietnam war dead. To that there is a poignant dimension.

It is a memorial conceived and being carried through by a group of Vietnam veterans to honor their fallen fellows — and by clear implication, to express allegiance to the sense of duty and obligation to country they pledged during a war many of their

Jan Scruggs, a former infantryman who has been a catalyst for the memorial effort, said that \$1.2 million of the estimated \$7 million the memorial will cost has been raised and the Vietnam Veterans Memorial Fund hopes to break ground a year from now.

The fund, incorporated in 1979, is a nonprofit organization created to establish the memorial on two acres of national park land in Constitution Gardens near the Lincoln Memorial. On July 1, 1980, the government by a unanimous joint resolution of Congress, authorized the land donation, but the memorial itself will be funded through private contributions.

The Vietnam Veterans Memorial will make no political statement about the war. Instead, it will provide the means for all Americans to unite in acknowledging the sacrifice of the veterans.

The memorial consists of two 200-foot black granite walls rising out of the earth and gently sloping into it to meet at an oblique angle 10 feet into the ground. The names of the 57,692 dead Americans will be inscribed on the walls.

Reviewing the 10-year period ending in 1972, 2.7 million American men and women served in Vietnam. Over 300,000 were wounded; more than 75,000 were permanently disabled and an estimated 1,500 remain unaccounted for. We know of the ones

Because of the tragedy and controversy surrounding the war itself, Vietnam veterans have received little acknowledgement by American society of their honorable service, sacrifice and dedication to duty and country.

The effort for the memorial is not only a means to bring all Americans together as one people to honor these individuals, but also to recognize all those who returned from Vietnam to be responsible and productive citizens of their states and local communities.

I personally am very grateful to every American who sacrificed during this era of our history to retain the freedom we know today. Kathy and I are sending our contributions today to the Vietnam Veterans Memorial Fund, Washington, D.C. 20098.

We're extremely proud of our country and the men and women of the past who responded to this nation's call of duty. The Vietnam veterans have never asked for what they are due — and we have never thanked them. Now, we must show our gratitude.

Miss Jessie Helped Record Live History Working On Paper

When the '64 Study Club, Coke County Library Board and the Coke County Historical Commission join in holding an autograph party for Mrs. Jessie Yarbrough Sunday afternoon, May 31, they do more than honoring one who wrote. They also, in this, honor those who lived. For History is the story of those who make it. People have lived it before it is written down.

A newspaper prides itself in publishing the news while it is news. But that same newpaper plays a second role, which in the long run is also a great service. Newspapers are also historians.

Around the turn of the century and just afterward, the handset type in the shanty that housed the Robert Lee Observer-type set by a young girl whose legs had not grown long enough to reach the floor from the tall printer's stool--the print made from that type not only told of the comings and goings and doings of a hearty, high-minded people. It also recorded and pictured in its columns the personalities and the perspectives and the values of that day.

Although she may have not realized it then, the newspaper was recording history just as every newspaper across the land is doing today, especially the weeklies, who are closest to the people. That is history, just as these lines will be tomorrow.

History then is not a cause or a crusade. It is a people- a people who were and are, and, God willing, will be. It does include official records, to be sure, but it

Glenn Roach Earns Degree

Glenn Roach of Lubbock, son of Mr. and Mrs. W. T. Roach, received his Master's Degree in business administration from West Texas State University in Canyon recently. The graduation ceremonies were held in the Civic Center in Amarillo before an overflow crowd.

Attending the graduation were his parents of Robert Lee; Mrs. Glenn Roach and daughter Stacy of Lubbock; his brother Billy Rankin Roach of Tulsa; his sister, Mrs. Mike Bagwell and Kirk of San Angelo; and his mother-inlaw, Mrs. W. E. Cryer of Lee, Fla.

Roach is employed in Lubbock with the Adult Education Program there and at South Plains. Junior College in Levelland. He drove to Amarillo for night school classes to finish requirements for his master's degree, while continuing to work in Lubbock.

McClure Rites Held Tuesday

Preston McClure, 59, brother of a Robert Lee resident, died at 12:45 p.m. Monday in Overall-Morris Memorial Hopital in Coleman.

Services were held at 2 p.m. Tuesday in Walker Funeral Home Chapel in Coleman with burial in Coleman City Cemetery.

McClure, a lifetime Coleman County resident, was born Aug. 7, 1921, in Talpa. He served in the Army Air Corps during WorldWar II and was married to Billie O'Connell July 8, 1942, in Anson. He was manager of the meat department at the Shoppin' Basket in Coleman and a member of First Baptist Church.

Survivors include his wife; a daughter, Mrs. Cynthia White of San Angelo; a son, Ronnie McClure of Brownwood; a brother, James R. McClure of Robert Lee; and a granddaughter.

is far more than that. The stories of the people, the pictures, the letters, the memories recorded of the people bring the whole scene to life and make it count in truth, in liberty and in law, and in love of country and of home.

The Study Club and those who join them in this do testimony to the fact that a genuine understanding of our past is absolutely essential to a practical patriotism that undergirds the future of the very government and its people.

Mrs. Yarbrough and others like minded have served well in bringing Coke County people that deeper appreciation, in which have joined and will join more and more the young as well as the old.

Heart Problems Being Taken To San Antonio

Mr. and Mrs. Victor Wojtek returned home Sunday after a 2½ week stay in San Antonio. Mr. Wojtek is recuperating at home after open heart surgery in Community Hospital there and is reported to be making a remarkable recovery. Their five children took turns visiting their father in the hospital.

Community Hospital is achieving renowned name as an important heart treatment center.

Also, receiving treatment and surgery there, four doors from the Wojtek room, was Mrs. C. C. Weir of Lake Spence. Accompanied by family members, she also returned home last week to recuperate.

Taking tests across the hall

was Paul Burns, a local rancher. It was determined that he did not

need surgery at this time.

Mrs. Wojtek said that the Coke
County patients and their families were a source of comfort and
encouragement to each other
during a difficult time for all.

In 1836, Richard Mentor Johnson became the only U.S. vice president ever elected by the Senate. He failed to get enough electoral votes to take office. He served with Martin Van Buren.

LETTERS TO THE EDITOR

Find enclosed \$9.00 check for the renewal of the Observer.

I certainly do enjoy it, especially the 75 year clippings. They are most informative to me, as I was born in that era, and do see news occasionally of my early day relati ves. It's so interesting to know

what they were doing back there then. And current new--I read of what my relatives are doing, also.

I certainly want one of Jessie Yarbrough's books on the Rabbit Twisters. I failed to find her address in your ad in the paper. But if she would save me a book, I will pick it up at the Sanco Reunion. Just leave it with Ulmer Bird.

Down in Kerrville June 11-14, a Texas-sized weekend is planned for the Brangus people. I attended the activities last year and know it promises to be worth the trip. Co-hosted by the International Brangus Breeders Association and the Hill Country Brangus Association, the program kicks off with the International Brangus Futurity and Junior Heifer Show. Kerr County Fairgrounds will be the setting.

Also on slate will be the Texas Brangus Breeders Association meeting at the Sunday House. Social events will include the P & F calf fry party at Hays Park, the Hill Country party at the River Hill Country Club and the "Miss America" and Western art Sale.

From there, a good bunch of us will leave the Hill Country for a change of clothes and head for Stamford and the 51st annual Texas Cowboy Reunion. The event opens June 30 and runs

Rehab Quarter Horse Sale will be June 30 and is designed to be a "Classic" event for the Big Country and Rolling Plains areas of Texas. This quarter horse sale is believed to accomodate the market demand for quality halter-performance and racebred horses throughout West Texas.

The Rehab Quarter Horse Classic will be the lead-off activity for the 1981 Texas Cowboy Reunion. It will serve not only as an excellent marketing channel for well-bred, useful quarter horses, but as a fund raising function of the West Texas Rehab Center.

The Stamford Art Foundation will present the eighth annual Western Art Exhibit to benefit WTRC. The works of 36 of the top western artists in the nation will be featured. The Collector's Preview is set for 6:30 p.m. June 30 at the John Selmon Memorial Art Gallery.

The Hager Twins, Reba McEntire, the Cates Sisters, and the Capitals will be featured entertainers at the Reunion this year.

Odessa Man Faces Charges

Bryan Chastain of Odessa was arrested last Tuesday and charged with unlawful possession of weapons in connection with the recent burning of a car, at Lake Spence, according to Coke County attorney Bill Helwig. He was arrested at Lake Spence by Sheriff Marshall Millican and questioned, jailed, and charged in San Angelo.

Chastain may face other charges, including a possible arson complaint in county court here. Instrumental in the arrest were Millican, Deputy Sheriff McGuire, Game Warden Sparks Burdett, and bait stand owner Henry Autrey.

Team Is 4th At Kerrville

The Coke County 4-H Range Judging Team competed in the Kerrville Range, Wool, and Mohair Judging Contest held Friday May 22, in Kerrville. Team members in attendance were Frankie Walker, Brantley Robertson, and Terry Joe Millican. The team placed fourth with Frankie Walker placing second high individual in the range contest.

Both the Range and Soil Judging Teams will be competing at the state meet to be held in College Station next week.

that Texans favor it overwhelm-

So many of the local community read your paper I thought this was a good opportunity to say what has been on my mind for several years.

I am writing this because this person is very close to me, but I am sure there are many ill, retired and shut-in people who have wanted to say the same thing.

If this letter helps only one person it will be worth my time and much, much more.

Before I retired I had many friends. Friends at work, church and several organizations I belonged to.

When I was ill and near deaths' door my family said many of my friends came to see me.

Now that I survived, where are they now?

Day after lonely day I sit home, not one soul calls or drops by. Knowing someone cared would

make the days easier to bear.

If you are a friend of mine, won't you come to see me, just one more time?

I am asking that my name and address be witheld because this person would never want anyone to visit because of pity.
