TEXAS CATTLE RAISERS MEET.

Gathering of Next Week One of Broad Influence in Cattle Interests of the Country.

There is, perhaps, no other association of cattle raisers in this country that has as direct or widely extended bearing upon the cattle trade of the country as the one that meets in Fort Worth, Texas, next Tuesday for a three days' session. This is a cattle raiser's association whose membership is made up of cattle raisers. For years it has been one of the principal sources of supply for the great ranges of the north and northwest in addition to the large number of fat steers furnished to the markets each year.

While the membership to the Texas Cattle Raisers is confined to men who are directly interested in raising cattle in Texas and southwestern territory, the conventions are always largely attended by delegations, not only from the northern range countries but also from all of the great central markets.

ON A BOOMING TOUR.

Special Train With Newspaper Plant Boarded on Eastern Trip

Tulsa, I. T., March 16.—A hundred Tulsa citizens and a daily newspaper plant, loaded on a special Pullman train, has started on a tour of the chief cities of Ohio, Indiana, Illinois, Iowa, Missouri and Kansas.

This train will visit Chicago, arriving over the 'Frisco railroad March 19 at 7:30 p. m., and will remain until 1 p. m. March 20. An invitation has been forwarded to the people of Chicago to visit the train and meet the members of the Tulsa party.

These 100 men will devote fifteen days to telling of the resources and industrial advantages to be found in the Indian Territory.

An exhibition car will show coal mined here in this vast coal field, 7,500 square miles in extent, having Tulsa as its center; crude oil of the highest quality, taken from the wells in that district, which is a continuation of the great Kansas field and rapidly approaching it in quantity of production; showings of corn, cotton, fruit and grain grown near Tulsa; hardwood timber, vitrified brick, dressed stone, cement rock and other building materials, all produced near Tulsa.

There will be scores of large photographs giving street and farm scenes in and near Tulsa; burning gas wells, the Arkansas river, factories, Indians, schools and churches.

A feature characteristic of the tour will be an illustrated daily newspaper actually printed on the train. Extra editions will be produced at various cities the party visits, for distribution to the people, and will contain more or less information about Tulsa.

PRAIRIE FIRE DISASTROUS.

Area Fifty Miles Long and About Ten Miles Wide Burned Over.

Ellendale, N. D., March 16.—The prairie fire which swept over the hills west of town last week inflicted serious losses upon many farmers. The fire started near Coldwater, sixteen miles west of the hills, and came straight for Ellendale, but when about ten miles from the town the wind changed and carried the flames south toward Frederick. A small creek eight miles north of Frederick stopped its progress.

The fire burned over a tract of land thirty miles in extent and about ten miles wide, devouring everything in its path, including buildings, hay-stacks and stock. Not so much stock was lost as was at first thought, because most of the animals were out on the range and escaped by running, but the loss of hay is enormous. Thousands of tons have been destroyed.

WANT TO BE REPRESENTED

Russian People Demand That They Be Allowed Voice in Elaborating Recent Rescript.

POWERFUL WEAPON FOR THE LIBERALS.

Importance of Ukase Was Largely Overlooked at First. But Now People Are Claiming Right to Freedom of Speech and Assembly—To Force Test of Government's Sincerity.

St. Petersburg, March 17.—The zemstvos, doumas, etc., throughout Russia are taking advantage of the imperial ukase issued simultaneously with the rescript conferring upon "individuals and institutions" the right to freely petition the emperor through the committee of ministers on all questions affecting the welfare of the empire, to demand representation upon the commission which is elaborating the rescript.

The importance of the ukase which was largely overlooked at the time has now become a powerful weapon in the hands of the liberals who contend that it necessarily carries with it a complete guarantee of freedom of speech and assembly, without which the right to petition on general questions would necessarily be a farce, and also freedom of the press for the discussion of such questions.

They now propose in order to force a test of the government's sincerity to openly organize clubs for the purpose of debating political questions. The Moscow and St. Petersburg zemstvos have already voted strong resolutions demanding representation on the rescript commission.

The strike situation seems everywhere to be improving. The social democrats here have advised the strikers who are without money and confronted with starvation to return to work and less than 10,000 workmen are now out. On the other hand the prospects of agrarian disturbances on a large scale are becoming decidedly more threatening and are causing the deepest concern.

Many landed proprietors are afraid to go back to their estates. The movement has not assumed a political phase but is in the old form of a demand for a redistribution of the land. Agitators are shamelessly spreading the report that the emperor has decreed such a division telling the peasants that the proprietors do not want to submit and thus setting them against the landlords "in the emperor's name."

The agitation has now spread to Simbirsk province where the peasants are making ready to begin a division of the land as soon as the snow melts.

It is reported that the terrorists have formally notified the government that they will cease their activity for a month and await the result of the rescript.

A story is current that a plot in the aristocratic Page corps has been unearthed, incriminating papers being discovered on the person of a student named Verhovsky, son of the general of that name, and another student. The authorities, however, deny all knowledge of the plot.

TOOK THREE BALLOTS.

Missouri Legislature Tried Hard to Break the Deadlock—Cockrell Gaining Strength.

Jefferson City, Mo., March 17.—After having failed to elect Judge S. P. Spencer United States senator as a compromise candidate in the joint ballot of the past two days the supporters of Thomas K. Niedringhaus, the caucus nominee, returned to him in the fifth ballot taken in joint ballot. The ballot showed decided strength for the reelection of F. M. Cockrell, but did not decide the deadlock. The result was: Cockrell, 80; Niedringhaus, 63; Pettjohn, 18; Parker, 5; Warner, 2; Bartholdi, 1; Spencer 1; total vote 170; necessary to choice 86. Three pairs were announced. Senator E. H. Frisby changed from the support of Niedringhaus to Pettjohn, whom the Kerens men continued to vote for.

On the second ballot Senator Curry arose and said: "I want to try another candidate, therefore I will change from Niedringhaus to Parker." Senator Frisby went from Pettjohn to Kerens. Five other Pettjohn men cast their votes direct for Kerens. The ballot stood: Cockrell, 81; Niedringhaus, 59; Pettjohn, 12; Parker, 12; Warner, 1; Kerens, 6; Spencer, 1; total vote, 172; necessary to choice, 87. A third ballot was ordered.

The third ballot resulted: Niedringhaus, 58; Cockrell, 81; Parker, 13; Pettjohn, 1; Spencer, 1; Kerens, 16; Harrington, 1; Warner, 1; total vote, 172; necessary to choice, 87. No result having been obtained after three ballots, the joint session was dissolved until Friday noon.

Appointments by Gov. Hoch. Topeka, Kan., March 17.—Gov. Hoch has announced the appointments as deputy oil inspectors of the following: W. D. Mitchell of Fort Scott; Fred H. Jewell of Topeka; A. C. Husey of Wichita; N. A. Turner of Colby; George S. Boyd of Garden City. E. P. Harris was named as the third member of the printing plant commission in place of M. M. Murdock.

Providence Block Damaged. Providence, P. I., March 17.—Fire and water damaged Music hall block in the center of the city to an amount estimated at 100,000.

At Slater Mo. The 50,000 gallon city water tank, which was at an elevation of 75 feet, collapsed partially wrecking the large stone barn of L. A. Smith & Son, the Y. M. C. A. building and the city light and water plant.

Hundreds of young people in this city will this spring be joined together in the bonds of matrimony. To each and all of them will come the thought

"A Home and How to Furnish It,"

and those who will worry about it the most are young men who work on salaries and have little or no deposits in the bank. They have pride and ambition and they want homes in which to usher their young brides. To these young men everywhere we wish to say: You find the flat, the rooms of the cottage, and the Enterprise will furnish them completely, and let you pay by the month the installment terms you can afford.

If you want to surprise your bride and have the home in readiness to receive her, we'll help you and give you the benefit of our knowledge of colors, contrasts and styles.

This credit system has no reaction—loss of position, illness or other calamity has no effect upon your purchase. We make every allowance for such a condition.

PEABODY IN AGAIN.

Colorado Legislature Unseats Alva Adams by Vote of 51 to 41.

JESSE McDONALD TO BE GOVERNOR?

Knowing Ones Declare Republicans Acted After It Was Certain That the Man Seated Would Resign at Once.

Denver, Col., March 17.—James H. Peabody yesterday won his contest for the office of governor from which he retired on January 10, after serving a term of two years, but his victory was achieved only after he had given his pledge to resign and surrender the chair to Lieut. Gov. Jesse F. McDonald.

The vote in joint convention of the general assembly by which Gov. Alva Adams was ousted and Gov. James H. Peabody installed was 51 to 41. Ten republicans voted with the democratic members for Adams. It was more in the nature of a party than a personal triumph, for both Peabody and McDonald are republicans and Adams is a democrat. Although the republican majority on joint ballot is 25, the membership of the legislature being 38 republicans and 31 democrats, it had been found impossible to gain for Peabody enough republican votes to restate him as governor for the remainder of the biennial term ending in January, 1917. Twenty-two republican members of the general assembly, according to report, refused to be bound by any action in caucus on the contest and entered into a compact not to vote for Peabody. A majority of them, however, were in favor of seating the lieutenant governor in the governor's chair if means could be found to do so legally. Finally the leaders of the opposing republican factions arranged a promise by which Peabody would be vindicated being declared elected and McDonald would be made governor.

At the conference at which the bargain was made pledges were given to the independent republicans by the heads of four large corporations who had been active supporters of Peabody that he would retire after being seated and permit the lieutenant governor to take the office of governor. Gov. Peabody's resignation, it is said, was placed in the hands of W. S. Boynton and will be filed by him with the secretary of state.

Gov. Adams, who had spent the day packing his effects, surrendered his office to Gov. Peabody shortly after five o'clock yesterday afternoon. Scores of letters, telegrams and telephone messages had been received during the day urging Gov. Adams to resign. He felt forced but he decided to resign. He felt outraged at the action of the general assembly and expressed surprise that Mr. Peabody should become a party to what he termed a conspiracy to secure the office of governor for a man who had no claim whatever for the place. Gov. Peabody was escorted to the joint assembly by a committee after the adoption of the report and resolutions restoring him to the office of governor. He was greeted with cheers. The oath of office was administered to him by Chief Justice Gilbert. When the applause following this ceremony subsided Gov. Peabody thanked the members of the legislature for having "done their duty" and assured them that their action would meet with the approbation of their constituents. He said that his election would do away once for all with criminal elections and if this end was attained a great good would come to the state.

TO HOLD CLUB OVER LEE.

Indictment Against Ex-Lieutenant Governor Will Be Quashed If He Testifies Against Farris.

Jefferson City, Mo., March 17.—Attorney General Hadley stated that he had been informed by Former Lieutenant Governor John A. Lee's attorney that Mr. Lee would come to Jefferson City and answer to the indictment returned against him last night without a request. Mr. Lee is living in Chicago. He was indicted on a charge of perjury in connection with the defeat of the bill repealing the statute prohibiting the use of alum in the manufacture of baking powder in the legislature of 1901. It is stated, however, that in all probability the indictment against Mr. Lee will be quashed providing he will testify at the trials of State Senators Farris and Smith, indicted on charges of accepting bribes in connection with the alum bill.

MORE TESTIMONY.

Santa Fe Hearing Resumed—Former Director Prairie Oil & Gas on Stand.

Chanute, Kan., March 17.—Several witnesses were examined here yesterday in the hearing in the case brought to test the Santa Fe railway from the state. Foster Allen, local manager for the J. N. Knapp oil interests, resumed the stand. Since yesterday, Mr. Allen had had a telegraphic correspondence with Mr. Knapp, and this he produced in court. It related to his complaint to the Santa Fe agents against alleged unjust basis of weights for the transportation of crude oil shipments. Mr. Allen, however, declined to produce certain correspondence between the Knapp concern and the Santa Fe freight department. He admitted that the classification allowing gas and oil

to be shipped under the old rate was also applicable to independent refineries.

Gardiner Lathrop, of Kansas City, general solicitor of the Santa Fe, testified that he knew nothing of the railroad having held a meeting at Topeka in January, last, to secure legislation.

H. B. Scott, a former director of the Prairie Oil & Gas, company, testified that R. W. Cummings, E. T. Patterson and O. J. Evans each owned one share of stock in the Prairie company and that the balance of the 30,000 shares was in the name of W. J. Young, of Pittsburg, Pa. He professed ignorance as to where the money came from to make investments for the Prairie company. He believed, he said in reply to a question, that the Standard oil company purchases the refined product from the Prairie company.

Farris' Next Trial May 22.

Jefferson City, Mo., March 17.—State Senators Frank H. Farris and Charles H. Smith who were indicted last night by the Cole County grand jury on charges of bribery in connection with the defeat of the bill to repeal the statute prohibiting the use of alum in the manufacture of baking powder in the legislature of 1901, appeared before Judge Martin and gave bond in the sum of \$2,000 each. Judge Martin set the cases for hearing on May 22.

We find no particular change in the hide market since our report of one week ago. Prices remain fairly steady and we make no change for the coming week. We want to again remind you to SALT YOUR HIDES. We have been talking this through the columns of this paper for the past month or six weeks, and yet we hardly receive a bill of hides with less than one to all of the bill straight glue, for lack of salt. It is very much more satisfactory for us to remit for good hides, then you are satisfied and we feel much better about it.

The tallow market remains about the same. Furs are lower and we will discontinue our prices about April 1. Send in what you have and we will allow you all we can for it.
