The hide situation is strong and prices about 1-4c higher, so we advance prices accordingly. Now that the season for pepperbox hides is about past, if hides are well taken off and properly salted they will be mostly straight hides that will bring our highest prices. In winter shippers cannot ship and receive full satisfaction because they do not properly salt cure their hides, but in summer there is no green and half cured hides, they are either cured or rotten. All hides that are well salted come to us in good shape and will bring full price. Commence now and for the next six months you will be fully satisfied.
