	1905	1904
Cattle	141,964	163,941
Hogs	628,442	598,303
Sheep	410,686	276,942
Horses	5,858	7,783

LIVE STOCK IN SIGHT.

The following shows the estimated receipts of cattle, hogs and sheep at the five principal western markets:

	Cattle	Hogs	Sheep
Chicago	18,000	24,000	20,000
Kansas City	7,200	6,000	2,900
South Omaha	3,000	3,500	13,500
St. Joseph	1,500	2,700	13,300
East St. Louis	2,000	6,000	2,500

RECEIPTS OF STOCK BY CARS.

The following shows the number of cars of stock handled today by railroads centering at the stock yards:

	Cattle	Hogs	Sheep
Chicago and Missouri	79	18,000	20,000
Chicago, Burlington and Quincy	2	2,000	2,000
Chicago, Rock Island and Pacific	8	2,000	2,000
Great Western	1	1,000	1,000
Hannibal and St. Joseph	1	1,000	1,000
Kansas City, St. Joseph and Council Bluffs	6	1,000	1,000
Missouri Pacific	7	1,000	1,000
St. Joseph and Grand Island	23	1,000	1,000
Atchison, Topeka and Santa Fe	26	1,000	1,000

CATTLE.

Market Was Slow and Quiet and Generally Steady With Friday.

While receipts of cattle in the aggregate at the five large markets was about the same as a week ago, there was a less number received in Chicago and a nominal enlargement at outside points, and this had a steadying effect on values. The local offerings were not great in number and the quality was much inferior to the general runs of last week, as no choice cattle were offered, and very few that could even be classed as good. Supplies consisted largely of fair to medium grades of butcher and shipping steers, with an occasional lot suitable for export. Buyers did not appear to have urgent orders, and while they were generally willing to trade around steady prices with last Friday, sellers, as a rule, were holding for a little higher range, and this created a rather slow movement. On some lots that did not meet the strongest competition sellers had to make considerable effort to obtain even steady prices.

Conditions at other markets were of a bearish nature, except on the best offerings, and the general outlook was not of an encouraging nature, as there is little hope for any improvement until the eastern dressed meat situation clears. Traders manifested an urgency of demand, even with light receipts, and the only hope for an improvement is enlarged receipts at outside points and minimum supplies in Chicago.

DRESSED BEEF AND SHIPPING STEERS.

No.	Av. Price	No.	Av. Price
20	124.15	23	93.45
28	106.50	34	123.45

48	113.50	63	81.45
55	124.50	73	92.45
62	129.50	83	96.45
69	131.50	93	90.45
76	107.50	103	80.45
83	83.50	113	84.30
90	115.40		

COWS, BULLS AND MIXED.

The trade in butchers' stock today was more animated than at the close of last week, but values were not quotable changed. No choice cows and heifers were included in the supply, and very few that could be classed as good, the larger proportion of the offerings being common to fair grades on the day. When the selling interest finally opened and cutting order, buyers realized that values here are materially higher than at competing points, but as they had to have enough for killing purposes they were disposed to pur-

chase quite freely and soon made a clearance. Fat bulls continue in good demand and prices are fully steady and stable showed no change from the decline quoted last week. Veals were only in moderate supply and the demand was sufficient to hold values fully steady with the close of last week.

STOCK YARDS DAILY JOURNAL

45 West Illinois Ave., St. Joseph, Mo.

The St. Joseph Journal Publishing Co., Publishers.

W. E. WARRICK, Editor and Manager

Official Paper of the St. Joseph Live Stock Exchange.

Largest Outside Circulation of Any Paper Published in Buchanan County, Mo.

Entered at the Postoffice in St. Joseph, Mo., as Second Class Matter, September 3, 1895.

SUBSCRIPTION RATES: Daily, per year, \$4.00; Daily, six months, \$2.00; Daily, three months, \$1.00; Daily, one month, \$0.30; Tri-Weekly, per year, \$1.00; Semi-Weekly, per year, \$1.50; Weekly, per year, \$2.00.

INSTRUCTIONS TO SUBSCRIBERS: In making a change of address please state your former address.

RAV BEET SUGAR. Louisiana Sugar Planter: In order to make beet sugar popular, the great beet sugar factories of this country have converted the sucrose of the beets directly into pure, white refined sugar, thus securing the market for the high grade product and avoiding any unpopularity that might attach to the raw beet sugar offered in the market separately.

NEW SOCIETY FAD. Coleman's Rural World: A fad which originated in Paris and which, it is said, society leaders in this country are getting ready to adopt is that of having the family coat-of-arms tattooed on their horses.

RAINY DAYS ON THE FARM. Fremont, Neb., Tribune: The old fashioned rainy day is calculated better than anything else to recall the days and joys of childhood and youth.

EUROPEAN BUTTER. Coleman's Rural World: A second attempt has been made to invade the American market with European butter.

ARE YOU GOING EAST? In making your arrangements for your vacation this summer it would be well to consider convenience and saving of time.

Science in Farming.

People who look on the department of agriculture as a mere ornamental frill on the government might attain wisdom by glancing over the annual report of the secretary, which was submitted to the president a few days ago.

Evil of Overeating. Our present food standards are absolutely false, our knowledge of nutrition is faulty, our ability to answer truly the simpler dietetic questions is doubtful.

Danger's Fascination. The risk involved in automobile racing is one of the reasons for its great popularity among venturesome men.

There was a letter carrier out in Omaha, said Representative Hitchcock, "who had not taken a vacation for 25 years. He worked every day.

Temperance women must be lacking in a sense of humor or else they would not have given one of their uncles in a near-by city the name of the "Brandywine Branch of the Woman's Christian Temperance Union."

A French physician declares kissing to be a "natural therapeutic practice."

"Don't take any Carnegie money," threatens to be handed down to posterity in the book of American sinners.

FRESH AIR ESSENTIAL.

One That Would Have a Good Complexion Must Go In for Outdoor Exercise.

"Come into the garden, Maud," sounds all very well in the summer time. But how about the season when there is frost in the air, snow on the ground and when the garden is wind blown?

It is said that there is no bleaching agency in the world to compare to a stifled atmosphere.

During the present winter there has been in Gotham a very handsome young English heiress. All society has paid court to her, and her beauty and wit have been the gossip of the ladies' luncheons.

Each afternoon this girl goes for a walk, and frequently in the morning she walks also. She seems to need little sleep, for she is up and away by seven o'clock generally, and all mornings by eight.

FOR FIVE O'CLOCK TEA. The Custom a Pretty and Cheery One and Should Be Observed with Attention Paid to Daintiness.

There are illimitable possibilities for artistic effect in the arrangement of the tea table. Pretty china, modern and antique silver services, quaint lamps, candles, screens, tabourettes and trays, all go to form picturesque corners from which the beverage is served.

About the making of tea. English women think Americans quite lacking in a knowledge of the art. This might have been true once, but Americans have become proficient since then.

Those of cream cheese, and chopped olives go well with the tea; lettuce sandwiches or those of minced ham, chicken or nuts, are always delicious.

Chambray silks, in a shimmer of soft, pale shades, change with every light into new beauty.

China silk slips, sheer and cool, are made to wear under the lingerie blouses. White, or the palest shades of pink, or blue, are the only colors worn for the slips.

When Writing Advertisers. Mention The Journal.

Health Pillows.

For my invalid friends I made two health pillows—both of white linen, one filled with pine needles and the other with hops.

Cauliflower. Cauliflower is a vegetable with great possibilities for the housewife inclined to gastronomic adventure.

Grape Fruit Mousse. Grape fruit is so delicious by itself that it seems superfluous to use it in any way except as nature intended.

May Be Mexican Ambassador. Mexico City, May 1.—It is reported that Senor Zenit, Mexican minister to Austria, will be promoted to the Mexican ambassadorship at Washington.

Linevitch Reports Victory. St. Petersburg, May 1.—Gen. Linevitch, in a message to Emperor Nicholas, says: "Two Russian forces the night of April 29 simultaneously attacked the Japanese near the town of Tungshiang."

Queer Furniture. "Yes," said the lecturer, "I'm dealing in furniture these days."

Officers and Directors. PORTER A. THOMPSON, President. J. V. FENNEL, First Vice President.

W. L. DITTMORE, Second Vice President. F. E. PATTERSON, Secretary and Cashier.

Accounts of Packing House Employees Especially Solicited. Bank Open Thursday and Saturday Nights for the Purpose of Cashing Checks.

HOUSEHOLD NOTES.

One of the greatest conveniences in the modern kitchen is the number of shelves made like the leaves of an old-fashioned table, which hang flat against the wall when not in use.

Fine table linens should be frequently changed in order that hard rubbing may not be necessary in laundering them.

Pumpkins and squashes will generally keep better in a garret where the temperature is just above freezing than in the cellar.

In choosing a color scheme for a bedroom, give thought to the location; thus blue is best adapted for a south room.

St. Petersburg, May 1.—Gen. Linevitch, in a message to Emperor Nicholas, says: "Two Russian forces the night of April 29 simultaneously attacked the Japanese near the town of Tungshiang."

"Yes," said the lecturer, "I'm dealing in furniture these days."

"How is that?" asked a listener. "Making one-night stands under a lecture bureau, with the help of the time-tables."

STRIKERS ARE FIRM.

Both Sides of Struggle in Chicago Unyielding.

THE PEACE COMMISSION HAS FAILED.

Labor Leaders Indicted by Grand Jury—Food Supplies May Be Cut Off—900 Extra Policemen on Duty.

Chicago, May 1.—Twelve of the labor leaders identified with the teamsters' strike now in progress in this city were indicted Saturday night by the grand jury.

The strike continued to spread and many teamsters employed by lumbermen, grocers and coal companies went out. It is believed that the meetings Sunday of the labor men will forecast accurately to what extent the trouble may go. The most serious phase of the trouble was the aggressiveness of the packers and ice dealers, who have decided that they will stand with the members of the Employers' association and demand that their teamsters make deliveries where the firm employing them desires such deliveries to be made. It was decided too by the packers and ice dealers that they would issue orders for deliveries to boycotted firms and that if any teamster declined to make them, he is to be instantly discharged. This means a lockout, as the men have already declared that they will not make such deliveries. Two thousand three hundred men will be involved when this action is taken by the packers and ice dealers.

Although the strike has not as yet interfered in any material manner with the food supply of the city, there is now a strong probability that there will be a scarcity of food unless the strike is settled in a short period.

John Mitchell, president of the United Mine Workers' union, arrived in this city Saturday and conferred with the strike leaders. He attended the meeting Sunday of the Chicago Federation of Labor.

The fighting in the streets Saturday was the most vicious since the commencement of the strike. Three persons were shot, two were stabbed and 20 were bruised and beaten.

Chicago had on her working clothes Sunday and to any one without a knowledge of the fighting going on here between capital and labor an examination of the calendar was necessary to make certain that it was Sunday. From daylight this morning until dark Sunday night the downtown streets were crowded with heavily laden wagons and trucks, giving the city a week-day appearance that was never witnessed before on the first day of the week.

Believing that the fight now going on for supremacy between the Employers' Association of Chicago and the Union teamsters, is to be a protracted one, the business men of the city took advantage of the suspension of regular business to procure an extra supply of material and supplies. Every available team and every one horse vehicle was brought into use during the day for the purpose of replenishing coal bins and to obtain other material necessary to the transaction of business.

While all these preparations were going on for an emergency effort were being made in Mayor Dunne's office at the city hall to bring about a possible adjustment of the teamsters strike.

The Chicago Federation of Labor was also busy considering the strike situation, but no action was taken to spread the strike to the affiliated union. Believing that the teamsters are justified in the fight they are making the federation passed resolutions: requesting President Roosevelt, Gov. Deneen and Mayor Dunne to investigate conditions before calling out militia if requested to do so.

The conferences in Mayor Dunne's office lasted six hours and the peace commission appointed by the mayor Saturday, failed utterly in its efforts to bring about a settlement of the strike.

The police department took advantage of the lull of the strike to make plans for the disposition of the police force for resisting any lawlessness which may develop in the days to come. Announcement was made Sunday night by Chief O'Neil that the police are to take a tighter grip on the situation than ever this week.

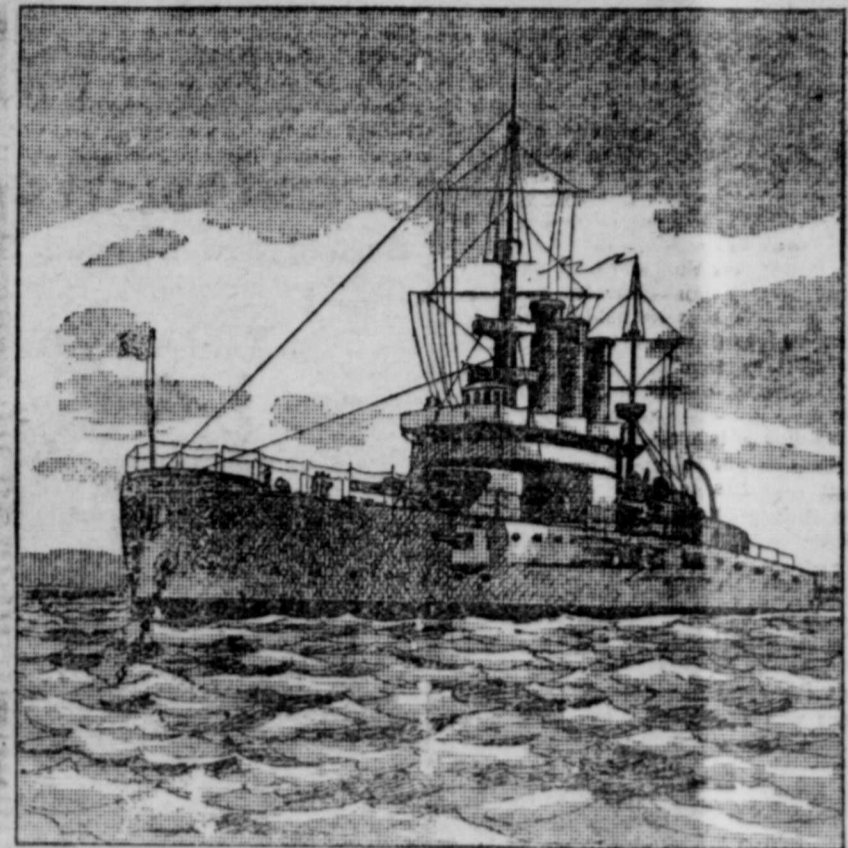

"We will play no favorites," said Chief O'Neil, "and we will have peace and order in Chicago if the entire force has to be put on strike duty."

Nine hundred extra policemen will be put on duty in the downtown district Monday morning.

Capt. Raiborne Suicides. Salt Lake, May 1.—Capt. W. A. Raiborne, Twenty-Ninth Infantry, U. S. A., committed suicide at Fort Douglas after making a murderous assault on Lieut. Wm. H. Point, also of the Twenty-Ninth Infantry. Point was shot twice by his superior officer, one bullet penetrating his left thigh and another inflicting a deep flesh wound in his right leg. After Lieut. Point had fallen Capt. Raiborne turned his revolver upon himself, sending a bullet into his head about three inches behind his right ear. He died almost instantly.

The Flood at El Paso. El Paso, Texas, May 1.—The Rio Grande river broke over its banks Sunday 80 miles above El Paso and overflowed 2,000 acres of alfalfa and other rich lands, ruining crops and carrying away many small houses. The town of Berino is entirely abandoned. It is feared the river will cut a new channel on the American side.

NEW BATTLESHIP KANSAS LAUNCHED ON MAY 1.

HUNTERS AT CHURCH

President Roosevelt and Party Attended Services.

AT THE OLD BLUE SCHOOL HOUSE.

Hunters and Their Families for Miles Around Attend and Shake Hands With the Chief Executive.

Glenn Springs, Col., May 1.—Unique in the history of Colorado was the church services held at the Old Blue School-house on the West Divide creek and attended by President Roosevelt and his hunting party and all the ranchmen and their families for miles around. The little district school building was not a tenth part large enough to accommodate the congregation and as a result the organ was moved to the platform in front. On this platform seats were provided for the president and his party, the Rev. Horace Mann of Rifle, Colo., who preached the sermon, the choir and the trustees of the church. The members of the congregation stood or sat on the ground or in their conveyances which were grouped around the building. The sermon by the Rev. Mann was of an unusual kind. It began with a story told with slang of the western flavor and was full of advice suited to a congregation inuring itself to the hardships of mountain life. It touched upon the responsibilities of the position of president as well as the characteristics of some of the men who have occupied that exalted place. After he had concluded the president spoke for about ten minutes. He expressed his well known views on good citizenship, the morality of man, patriotism and duty to the home and country. He was cheered heartily throughout his remarks. After the services were concluded, he shook hands with every man, woman and child present.

Many persons drove or rode horseback from Newcastle, Rifle and other towns from five to 15 miles away. The president's party presented a picturesque appearance as they came up. All were on horseback and they were dressed in their hunting clothes. They had no others at the camp. Many of those in the congregation wore their best. The dresses and hats of the women were showy and in striking contrast to the mud splattered tan duck, blue jeans and other rough materials making up the costumes of the president and his fellow hunters. Mr. Roosevelt was dressed in the same clothes he wore when he left his private car at Newcastle two weeks ago. His hat was what is known as the "slouch." He wore it pulled over his eyes and badly out of shape. His jacket was sheep lined duck, his trousers of duck tied about his ankles with strong cord. His shirt was blue cotton. He had discarded his leather shaps and sweater as a concession toward the proper church going regiment. The clothes of Dr. Alexander Lambert and the guides were even rougher. No mountain band or road agents ever looked more formidable. The western air of the party went straight to the hearts of the people. They applauded and yelled boisterous praises of the president, regardless of the day and the fact they were virtually in a house of worship though the roof was the blue sky, the floor of soft grass and dead leaves and the walls were formed by the mountains on every side.

It was at the conclusion of the president's remarks, when he leaned forward and beamed a welcome that took in every one in the congregation that the president looked his best. He was the picture of rugged health as he said: "And now I want to shake hands with all of you. There are a good many of you so don't stamper or get to milling."

As the president made use of these cattle terms, applause was terrific. He took a position in a corner made by the school-house and the platform, where it was impossible for the people to crowd. Dr. Lambert acted as chief of the escort service and the hunters and cowboys as his assistants. They passed the crowd along and despite the fact that the president had a word for nearly every one present, the congregation was disposed of in nearly half an hour. All remained however until

the president's party started back for their camp.

Harriman Interests in Mexico.

Mexico City, May 1.—The government has granted a concession to Thomas Harriman, representing the Cananea, Yaqui River & Pacific railroad, to build a line from Guaymas north to the American border and southeasterly from Guaymas, touching Agiabao and Topolobampo. This is a Harriman road. Still further extension of the Harriman system into the heart of Mexico, it is said, is contemplated by the building of the prolongation of the Senora railroad through Culiacan, capital of the state of Sinaloa, thence to Mazatlan, with an eventual running of the road to this city.

Shops May Be Moved.

Topeka, Kan., May 1.—It is stated here that the Topeka & Northwestern railway company, a subsidiary company of the Union Pacific, which is building the cut-off between Topeka and Marysville, will shortly ask for bids for the construction of shops in North Topeka. It is thought in Topeka that the construction of shops for the Topeka & Northwestern railway is the preliminary step to the ultimate removal of the Armstrong shops to this place.

Hiring Guards for Chicago.

Pittsburg, Pa., May 1.—One hundred guards for strike duty in Chicago were hired in Pittsburg Sunday. They will leave for the west Monday night on a special Pullman car. The agents who employed the men said he was working for the Chicago Employers' Association. The men, he said, are not expected to take the places of strikers. They are simply wanted as deputy United States marshals to assist the United States marshal at Chicago in the protection of wagons and private property from the mob.

Fear Trouble Monday.

Warsaw, May 1.—Easter Sunday passed without incident. The authorities have taken all precautions against disturbances Monday. Sixty thousand troops are available, but the military commanders have been ordered to use the utmost moderation should the services of the soldiers be required. The governor general of Warsaw has asked the foreign consuls here to recommend that foreigners keep within doors.

Funeral of Joseph Jefferson.

Buzzards Bay, Mass., May 1.—Following services that were impressive in their simplicity and suggestive of the character of Joseph Jefferson was Sunday laid away at the Bayview cemetery in Sandwich within walking distance of the cottages of many of his friends.

Trains from West May Get In.

Kansas City Mo., May 1.—Twelve Santa Fe railroad trains which are from two or three days to a week behind arriving schedule are due to arrive in Kansas City during the early hours of Monday morning from the west.

St. Paul Globe Suspends.

St. Paul, Minn., May 1.—After a life of nearly 30 years, the St. Paul Globe with Sunday's issue suspended publication. The announcement of its intention to go out of business was made ten days ago and caused much surprise as there had been no premonitory symptoms indicating its demise. The Globe was the only democratic morning daily in the state and was the recognized organ of its party.

Indian Agency Officers Resign.

Muskogee, I. T., May 1.—J. F. Wisdom, chief clerk to the United States Indian agency, has resigned. He has been chief clerk on Union agency since 1893. The position pays \$1,800 a year. Clark J. Lisdell, head of the department of leases, roads and Delaware improvements, also handed in his resignation. He was appointed by the Indian agency eight months ago.

Killed His Father.

Omaha, Neb., May 1.—While John D. Osborn, displeased with a meal served him, was throwing bricks through a window at his wife Sunday, his son, Leo Osborn, took a shotgun from a closet and emptied the contents into his father's.

STANDARD MAY BUY.

Contracts Let for 150 More 35,000 Barrel Oil Tanks.

WILL DOUBLE PIPE LINE CAPACITY.

Storage Capacity of Five Million Barrels Planned—More Pipe Lines Contemplated From Field.

Independence, Kan., May 1.—Contracts have been let by the Standard Oil company for the construction of 150 more 35,000-barrel oil tanks. The Standard Oil company also is going to double its pipe line capacity between Kansas City and Whiting, Ind. Announcement also is made that as soon as the additional tankage is provided the Standard Oil company will take the entire product of the Kansas territory field, now 49,000 barrels a day. The additional tankage contracted for will take care of more than 5,000,000 barrels of oil.

It is surmised that the Standard Oil company has driven the price to where it wants it and is now in the market to accumulate a supply of cheap crude oil with which to club any independent refinery and pipe line plans. As soon as the independent refineries or pipe lines begin working the price of crude oil will be raised and the price of refined oil lowered. This will force independent refineries to sell their product at a loss. Present prices being lower than the cost of production, the Standard Oil company can sell fuel oil, when the fuel oil pipe line opens, at cut rates because of this accumulation of cheap oil.

Letters have been received here that the pipe line capacity of the Standard Oil company east of Kansas City to Whiting is to be doubled and that a force of men is engaged to repair the abandoned tankage in the Ohio fields. When present arrangements are consummated the Standard Oil company will have a pipe line capacity of more than 50,000 barrels a day east of Kansas City. There is talk of another pipe line from the oil field to Kansas City, but nothing has been done yet. This, however, will be a necessity as soon as the additional tankage is supplied.

You see this adv. So will others see yours. Try it.

MR. BOWEN WILL SAIL MAY 8. Responds to Secretary Taft's Dispatch With Request to Remain Until That Date.

Washington, May 1.—Secretary Taft Sunday heard from United States Minister Herbert W. Bowen at Caracas in response to the secretary's dispatch directing him to come to the United States in connection with the charges affecting Assistant Secretary Loomis which were reported to the State department in a personal letter by Mr. Bowen. The minister acknowledges his willingness to come to the United States, sailing Monday, but preferred that he be permitted to delay his departure from Caracas until the Monday following so that he may have time to settle some matters before leaving. This arrangement will be satisfactory to Secretary Taft and permission was given the minister to delay his departure as requested. It is assumed therefore that Mr. Bowen will avail himself of Secretary Taft's permission.

WILL FURNISH TANK CARS.

Traffic Managers of Santa Fe Make Partial Concession to Demands of Oil Producers.

Kansas City, Mo., May 1.—The conference between the executive committee of the Kansas Oil Producers' association and J. E. Gorman, freight traffic manager, and J. R. Koontz, general freight agent of the Santa Fe system, failed to agree upon all the demands of the oil producers and another meeting will be held soon.

The demands acceded to by the railroad officials included an agreement on the part of the Santa Fe to furnish tank cars promptly to oil producers and to waive the restriction calling for tankage facilities on the part of small consumers. This means that the railroads will send cars to the destination whether there are facilities for unloading or not. It was also agreed that demurrage charges would be assessed against unloaded cars after sufficient time to unload the car had been given.

But the chief demand of the producers was not acceded to. This was a demand for a reduced rate on crude oil from the Kansas oil fields to interstate points. D. W. Longwell, of Kansas City, who is a member of the oil producers' committee, said that he believed that an agreement would yet be reached.

MINING PLANT DISAPPEARS.

The Earth Opened at Joplin and Engulfed an \$8,000 Equipment.

Joplin, Mo., May 1.—The earth literally opened and swallowed the \$8,000 mining plant of the Holy Smoke on the Aylor land south of Carterville Saturday afternoon. The mill was reduced to kindling wood. The debris is half buried 100 feet below the surface. The adjoining \$10,000 concentrating ore plant of the Lucky Hodge is seriously threatened with an extension of the cave-in. It is being rapidly dismantled. The hole in which the Holy Smoke mill went down is 400 feet square and 100 feet deep. Fifteen men at work in the underground drifts were warned by the groaning of the earth and escaped an hour before the final crash came. State Mine Inspector Ragland is aroused by this and another disastrous cave-in a short time ago under the tracks of two railroads in Joplin and declares that a radical change in the cave system of zinc mining must soon come about.

MAY ENJOIN RAILWAYS.

Interstate Commerce Commission Asked District Attorney to File Petition to Enforce Decision.

Chicago, May 1.—An injunction to restrain the Chicago Great Western and 17 other railroads from making a discrimination in prices between shipments of cattle and shipments of meat to Chicago has been asked of the United States court by the district attorney, Mr. Morrison. The petition is based on a recent decision of the interstate commerce commission in the case brought by the Chicago Live Stock exchange. As it was unable to enforce its decision, the interstate commerce commission applied to the district attorney and he filed the petition for an injunction. The petition was submitted to Judge Kenesaw H. Landis and he ordered that the defendants be served with copies of the complaint and make answer by June 1.

Arrangements for Gen. Lee's Funeral.

Richmond, Va., May 1.—A joint meeting of the committee of state officials and the city council appointed to arrange for the funeral of Gen. Fitzhugh Lee was held and a sub-committee on details was appointed. The sub-committee will attend to all arrangements connected with meeting the body at the depot and the funeral, which will be Wednesday. Former Gov. O'Farrell has been requested to act as chief marshal. Should he be unable to act, Gen. James Phillips will serve. The Howitzers Sunday fired a salute of 17 guns at intervals of half an hour.

New Lead and Zinc Mines.

Baxter Springs, Kan., May 1.—The lead and zinc mines near Baxter Springs have taken a new boom. Quite a number of new rich strikes have been made and the camp is full of prospectors looking up leases. The concentrating plants are running on full time and the ore is of the best quality. Fully fifty shafts are being sunk on new prospects which have previously been drilled. It is estimated there will be at least 25 large concentrating plants in operation within a year.

New Kansas Towns.

Topeka, Kan., May 1.—Four new towns will be established on the Topeka & Northwestern railroad now building from here to Frankfort via Onaga. The first one will be north of Menoken near the Indian reservation. The next one will be in Pottawatomie county and another about five miles east of Onaga. One town has been planned so far between Onaga and Frankfort, but the exact location has not been made public.

Missouri Prison Beef Contract Let.

Jefferson City, Mo., May 1.—The board of prison inspectors awarded the contract for furnishing beef for the penitentiary for the ensuing year to Schwarzschild & Sulzberger, of Kansas City, at \$3.47 a hundred pounds net. The Armour Packing company, who had the contract last year, bid \$3.58 per hundred.

SQUADRONS UNITED.

Commands of Holstevensky and Nebozoff Said to Have Joined Near Island of Hainan.

Hong Kong, May 1.—The steamer Stettin which has arrived here slighted from 30 to 40 vessels of the Russian Second Pacific squadron in Hongkong bay, Annam (About 50 miles north of Kamranh bay) Sunday afternoon. Two cruisers which had their decks stacked with coal, signaled the Stettin to stop and questioned her. The fleet was preparing for sea.

Both Squadrons Near Hainan.

Tsingtau, Shantung, Peninsula, China, May 1.—It is reported that the Russian Second Pacific squadron together with the Russian Third Pacific squadron are near the Island of Hainan.

Fleets May Join May 5.

London, May 1.—The Telegraphs Tokyo correspondent says: "It is stated here that the whole of the second and third Russian Pacific squadrons will join forces on the morning of May 5."

WILL ENSHRINE NAMES.

Soldiers and Sailors Killed Prior to Battle of Mukden to Be Honored at Tokio.

Tokio, May 1.—With elaborate ceremony beginning Wednesday and ending Friday, the names of 30,866 soldiers and sailors of Japan killed prior to the battle of Mukden will be enshrined in the Spokonsha temple. Many kinsmen and kinswomen of the victims of the war are assembling in Tokio to participate in the ceremony and are being shown special consideration. The flag of the Russian cruiser Varlag, which was sunk in the first naval battle of the war, and a standard captured at Mukden are on exhibition in the temple. The emperor and empress of Japan will attend the ceremony on Thursday and the crown prince and princess will be present on Friday.

The ceremony is based on the national belief of the immortality of the soul and the homage due to ancestors.

ENTOMBED IN MINE.

Terrific Explosion Wrecks Mine Shaft and Imprisons 12 Miners—Rescue Work Slow.

Wilburton, I. T., May 1.—Six white men and six negroes were entombed by an explosion in the Missouri, Kansas & Texas coal mine No. 19, four miles west of here, at 1:30 Sunday morning, and four shifts of rescuers express fear that the bodies may not be recovered for nearly a week.

Temporary scaffolding was erected and the slow work of removing the debris began. Only four men can work at a time, and the process is tedious. At 6 o'clock Sunday night the workers were still 30 feet from the bottom of the shaft. The timbers torn out indicated that rescuing would be necessary and that will require several days. Ropes had to be stretched several feet from the shaft to keep back the press of the thousands who have turned the Sabbath into a sad holiday.

Might Cure It.

"I'm going to run over to England. Do you know anything that will cure me of me?"
"I declare I don't. I didn't know you had it! Perhaps a sea voyage will be just what you need."—Houston Post.

Townsend & Wyatt

DRY GOODS COMPANY.
5th and Felix Sts., St. Joseph, Mo.

SPECIAL ATTENTION

Today, we shall place on sale 25 imported gowns, party dresses and opera coats at a price which will make a memorable event in the history of Myrtle's wardrobe. These are special models brought over by the manufacturers from Paris to be copied, and are made of the finest materials, and made exclusively by the originators of styles and fashions. The value range from \$20 to \$120, and they will be placed on sale at the uniform price of \$25. (No alterations.) We shall endeavor to give a description of a few, but French patterns as a rule are too elaborate to permit of conveying an adequate illustration of their appearance in a limited space.

Paul Gray Nan's Velling Gown—Waist trimmed with white tulle over shoulders. Front edged with red and green applique, lower part of waist and skirt made of folded liberty satin. Sleeves puffed at top, bands of tulle applique at bottom. Hood throughout with excellent grade of taffeta silk. Skirt "pate", with tucks at bottom and trimmed to correspond. \$29.00

A Very Elegant Black Silk Crepe de Chine Gown—Waist made with full tuck and ruffles. Front in beautiful pattern of black applique extending over top of sleeve and around neck; lower part bloused over deep girde effect, tucked sleeve with deep applique cuff, edged with chiffon ruffling and silk. Skirt "pate", with tucks at bottom and full, finished with applique. Skirt tucked very full, finished with applique. \$29.00

In connection with above sale we offer Twenty Evening Waists—Taffetas, \$10.00

Neck and Chiffons—20 two alike, all high priced, show pieces—worth from \$15.00 to \$35.00, all.

ALL QUIET IN RUSSIA.

Serious Eastern Disturbances Did Not Occur as Predicted in St. Petersburg.

St. Petersburg, May 1.—Easter Sunday which is the occasion in Russia of a general interchange of visits, both official and personal, and of generous hospitality passed off with entire quiet in St. Petersburg and no disturbances in the provinces have been reported. In the factory quarters of St. Petersburg police and cossacks were much in evidence, manifesting their presence by constant patrolling, but there was no occasion for their services and it is thought the situation is well in hand. The situation has none of the ominousness of the 27 of January 22.

In Poland, however, serious trouble Sunday is feared. There was rioting

JAMES C. SMITH & CO.

Hides, Wool, Tallow, Furs, Pelts.

Second and Edmond Sts., St. Joseph, Mo. • Bell Telephone 995.

The hide situation is strong and prices about 1-4c higher, so we advance prices accordingly. Now that the season for pepperbox hides is about past, if hides are well taken off and properly salted they will be mostly straight hides that will bring our highest prices. In winter shippers cannot ship and receive full satisfaction because they do not properly salt cure their hides, but in summer there is no green and half cured hides, they are either cured or rotten. All hides that are well salted come to us in good shape and will bring full price. Commence now and for the next six months you will be fully satisfied. Phone, wire or write us before selling either hides or wool.

Free Weekly Prices Furnished. We charge no commission Shipping Tags Free to Shippers.

A CAMERA-ARTIST'S DEN.

Room Where the Amateur Photographer Can Indulge in a Display of His Successful Efforts.

Imagine a small room with walls of a grayish blue cartridge paper, a cream-colored ceiling, black plate rail, and you have the foundation for this most artistic den.

It had been a question how to dispose of the hundreds of good, bad and indifferent prints which had accumulated, and which were very dear to the photographer's heart. He had books filled, records of many summer and winter outings, but there were still countless prints unclassified. So this method was devised.

There were the pictures of college days. These were mounted on a piece of paper matching the wall paper. They were arranged according to fancy, trimmed irregularly—oblong, square, round—as best suited the subject. These made two or three panels, and were fastened to the wall by narrow strips of black molding. The prints of the Yellowstone camping party and western scenes made other panels. Home scenes—interiors—were mounted together. Other groups were added until the room walls were lined. The effect was good. One corner was devoted to park views, one to city scenes. Then on the plate rail the photographer placed enlargements of specially good negatives, some of them simply framed in black, some in "passe-partout."

For a screen this amateur photographer made a frame five feet high, containing three panels two feet wide, joined by hinges. These he covered with grayish blue burlap, fastened on with brass tacks. On these panels he put exclusively blue prints. One panel contained baby pictures of his boy up to two years old, the next panel up to four and the third a faithful record of this child's life up to the age of six, for this father had taken the boy's picture every month since his birth. It is needless to say that this room was the admiration of all friends, who dearly loved to sit there when calling. The furniture was all simple known as mission style, in black finish; also the work of this clever amateur's hands.—Chicago Record-Herald.

THE AGREEABLE WOMAN.

Her Influence Far-Reaching and She Refreshes All with Whom She Comes in Contact.

The woman you like to meet, and who never stays too long when she comes to see you, and to whom you reluctantly say good-by, may not be either rich or beautiful or particularly brilliant in intellect, but she carries an unmistakable charm with her which it might be well you, yourself, should seek to acquire. She always says the "Good morning" as though she particularly meant the "good" part of it, and when she shakes hands with you she is not satisfied to merely touch your fingers. When you look at her face, no matter how dark the day may be, you instinctively feel that the sun is shining, and she always infuses a feeling of comfort into the atmosphere about you, no matter what was "in the air" just before she came in. No matter how "blue" you felt while the door was closed between you, things get rose-colored very quickly after she steps across the doorway, and, somehow, the smell of spring blossoms, the glint of birdwings and the flutter of sun-

TABLE MANNERS.

Always be prompt in attendance at meals, particularly when you are the guest of another.

Never seat yourself at table until your host or hostess gives the signal; and never, gentlemen, until all the ladies present are seated.

Always sit quiet in your chair, neither too far from the edge of the table, nor too far from it.

Always let the napkin lie upon one knee. Never spread it across the breast or upon the lap. It is more customary in the best circles not to unfold it more than its length.

Never lean upon the table.

Never touch anything upon the table unless necessary, either the food or the table furnishings.

Never take more than one dish of soup.

Never crumble bread into your soup, nor into your cup.

Never press food upon a guest when he has refused.

Never be disturbed by any accident that may occur; if possible let it pass without the slightest notice.—Green's Fruit Grower.

IN MEMORY OF JEFFERSON.

Services Under Auspices of Players' Club Held at "The Little Church Around the Corner."

New York, May 1.—Services in memory of Joseph Jefferson, under the auspices of the Players' club, of which he was the only president besides Edwin Booth, were held Sunday at the Church of the Transfiguration, to which Mr. Jefferson many years ago gave the name of "The Little Church Around the Corner." The service was conducted by the rector, the Rev. George C. Houghton, with the full choir of the church. David Bispham, a member of the Players' club, was the soloist. The service was specially arranged, and besides portions of the usual Episcopal service it was to an unusual extent composed of anthems and hymns.

The church was crowded to the doors, and probably every prominent member of the theatrical profession who was in the city and able to be present was there. The ushers, all of whom were actors, were members of the Players' club.

Sanitary Bandages.

Too many people run to the family ragbag when a finger is cut, and hand-egit it with the first bit of goods that comes to hand. It is dangerous to put colored calico strips, or soiled white rags on wounds, and children should be taught to use only clean ones in tying up cuts. As soon as a handkerchief, napkin, or any piece of white linen is too old for use in any other way, wash and rinse it well, iron thoroughly, dry and fold neatly and put in a clean box where all the members of the family will know where to find it.—Exchange.

Suggestions for Housewives.

White paint when dirty should be washed in milk. Colored paints may also be treated in this way.

Glass can be cut with a pair of ordinary shears if glass and shears and hands are all kept under cold water.

SMART MEETS SMARTER.

Thought He Knew How to Keep an Umbrella, But It Got Away.

Into the Jersey City station of the Pennsylvania railroad sauntered a portly man. He wore a cheery look and carried an umbrella, relates the New York Times. Advancing to one of the benches, he pulled a chain and padlock from his pocket, ran one end of the chain through the open handle, and made the umbrella fast to the seat. Then he said to a man sitting there: "I've traveled all over this country for five years, and I know a thing or two."
Then he walked away.
The man who sat there got up. He had a check suit and a smooth cheek. He stepped up to the umbrella, pulled a file from his pocket, rubbed it to and fro across one of the links in the chain for a few minutes, loosening the umbrella. Then he said to another man: "If the fellow who is smarter than chain lightning comes back after his parcel, tell him the chap you saw a-walkin' off with it never was off the farm afore."

Historic Structure Burns.

Lawrence, Kan., May 1.—Fire late Sunday afternoon destroyed the old Dutch windmill that was erected in 1863, and which has been the mecca of sightseers in Lawrence for the last 40 years. The fire started in the top of the building, evidently from a cigar stub thrown down by a careless visitor, of whom there are hundreds every Sunday, and the dry timbers burned with a ferocity seldom equaled.
