Heavy Receipts at All-Points Caused United Dressed Beef Co.... a Lowering of Values.

The supply of cattle at the five points today aggregated 41.800, as compared with 36,600 for the corresponding day last week, and as 29,000 were reported in Chicago, values naturally suffered to some extent as the demand was not broad enough to absorb the increased supplies except at a lower range of values.

ive there was a fairly large proportion of beeves, including some good to choice export and eastern dressed beef grades, for which prices ruled steady in a good many instances, yet there were lots sell ing at \$5.60 and better that were considered weak to 10¢ lower. After receiving the announcement of the MAP SHOWING LOCATION OF Teamsters joint council refusing to obey the ultimatem of the Team Owners Association, a meeting of the latter organization was held, and it was decided to give the teamsters more time to consider the proposition. At first it was the intention of the team owners to put their ultimatum into effect Monday morning, but believeing that the teamsters could be induced to change their minds, they were given until Tuesday to make final answer to the proposition. Information which the team owners say they received Sunday, that the teamsters joint council was not a unit, in its deterelnation to fight the owners, was given by the owners as the reason for the the spirit of hopefulness expressed Friwhen a call was sent out for another never be dispelled. meeting of the teamsfers joint coun-

Who pays the rent. You know it is not the merchant, but his customer—it is the customer in his every purchase pays into the coffers of a landlord a tax in the way of an increased price. The question then is—do you want a heavy tax or a light one? Should this landlord fee be big or little? If you believe in little rents this store will interest you. In the congested, high rent section, this store would bring a rental five or ten times what we now pay. We could serve you no better, nor show you a larger variety—St. Joseph shows you a retail district of only four blocks, and absolutely advances no valid argument why you should pay more there for your purchase than elsewhere.

BUILDING STORM CAVES.

The Many Violent Storms Have Awakened People to Necessity of Providing Places of Safety, Lawton, Ok., May 15 .- The south-

west country has had its eyes opened to the danger of cyclones and a complete revolution in storm cave building is in operation. It is estimated from reports that have been received from various towns in the "new country" that five thousand caves are being dug. City officials and town boards are urging this and some of them have passed ordinances requiring it. At Hinton, Ok., the follow-He has told friends for months past that he did not intend to remain in and to produce the greatest results published: "On nights when clouds to the public and to the railroads look at all dangerous a sentry will be stationed in the bell tower provided with a repeating shot gun.
