

STOCK YARDS DAILY JOURNAL.

A Daily Commercial Newspaper for Modern Farmers and Stockmen and an Advertising Medium that Reaches the Buyers.

Vol. VIII. No. 223.

ST. JOSEPH, MO., MONDAY, MAY 29, 1905.

LAST EDITION.

TERMS: PER YEAR, \$4.00. SINGLE COPY, 5 CENTS.

GENERAL SUMMARY OF LIVE STOCK MARKETS

Official Receipts 49 Cars, 1,367 Cattle; 47 Cars, 3,614 Hogs; 20 Cars, 5,315 Sheep.

BRIGHTER CATTLE MARKET

Develops on More Moderate Supplies. Local Trade Strong to 10c Higher.

QUALITY COMMON TO FAIR

Active Demand For All Useful Live Stock. Prices Strong to Dime Higher—Holdover a Depressing Factor in Stocker and Feeder Trade. Prices Lower—Big Eastern Run Causes Lower Hog Market. Prices Off 5 to 7 1/2 Cent—Sheep Sady and Active.

RECEIPTS FROM JANUARY 1, 1905. The following table shows the receipts from January 1, 1905, and receipts for the corresponding time in 1904:

	1905	1904	Dec.	Inc.
Cattle	172,081	159,818	27,553	12,263
Hogs	776,662	685,623	91,039	91,039
Sheep	516,078	307,354	208,724	208,724
Horses	9,713	9,165	548	548

LIVE STOCK IN SIGHT. The following shows the estimated receipts of cattle, hogs and sheep at the five principal western markets:

	Cattle	Hogs	Sheep
Chicago	18,000	51,000	28,000
Kansas City	9,000	25,000	11,500
South Omaha	5,500	4,500	5,000
St. Joseph	1,400	3,600	5,300
East St. Louis	3,500	4,900	8,000
Totals	33,400	72,100	53,800
Saturday	1,000	35,500	5,100
Week ago	40,700	48,400	53,800
Month ago	31,700	44,800	53,800
Year ago	31,400	59,000	36,000

CATTLE.

Moderate Marketing at All Points Beneficial to Values.

The severe drubbing of values last week because of the excessive supplies had the effect of checking shipments which was shown in the moderate marketing at all points today, the aggregate at the five markets being only 33,400, as compared with 40,700 for the corresponding day last week.

Local receipts were far under the requirements of the trade and included nothing choice and only a nominal number that could even be classified as good, offerings generally being of common to fair quality and light and medium in weight. However, there was a good feeling to the trade from the outset, and anything that was at all desirable sold strong to 10c higher, but on some common to fair styles, sellers did not think they sold to any better advantage than at the close of last week.

Continued moderate marketing in the east will give the trade an opportunity for reaction, and supplies can be enlarged at the outside points without seriously affecting values. This is especially true of South St. Joseph where the demand is broad enough for even larger supplies than arrived last week.

DRESSED BEEF AND SHIPPING BEEF.

COWS, BULLS AND MIXED.

There was a rather small supply of cows and heifers among the arrivals today, and there was included a pretty large proportion of yearling heifers and steers mixed. The good fed cows met a strong demand and sold with a little strength, some sales being fully 10c higher than the close of last week, and the market on good light and medium fed heifers and steers mixed, was steady to strong and in some cases somewhat higher, the regular demand being augmented by liberal outside orders, which absorbed the bulk of supplies of this class. Canners and killing cows in grassy condition were again discriminated against to some extent and buyers indicated a little weakness, but buyers considered their grass purchases fully steady owing to their poor killing qualities. There was a nominal number of bulls on sale and there was a normal demand at steady prices for the export and good bologna and butcher varieties, but the common offerings were rather slow sales. Steers were quoted as steady and with no change, being quotable at \$3.00 to \$3.50 for common to choice offerings.

FOR TARIFF REFORM

Stockmen Want More Favorable Opening For American Meat Products.

WANT TARIFF WALL LOWERED

Reciprocity Treaties Appear to Be Only Means of Opening Foreign Markets.

Washington, May 29.—The live stock interests of the country have come to the conclusion that the tariff walls are too high. Preferably by means of reciprocity treaties, they want to cut down the tariff walls. They want to open the door for the export of meat of the United States to go free of duty to European markets, and through the other such products to come to the United States as can be agreed upon between commissioners negotiating treaties. F. J. Hagenbarth, president of the National Live Stock association, called by appointment with Commissioner Garfield at the White House Saturday last and urged the President's cooperation. Mr. Hagenbarth wants the President to discuss the situation in his annual message to Congress. At the conclusion of his interview, Mr. Hagenbarth said: "I have become convinced that the continued depression in the live stock business is due chiefly to the limitations which have been placed on our markets. Our export trade has fallen off 40 million dollars in France and 50 million dollars in Germany. England is practically our only foreign market. In the United States more than 50 per cent. of the population demands only 55 per cent. of the carcass of the steer.

"Germany, which was one of the biggest buyers, has attacked us through its system of inspections which are merely retaliatory measures because our tariff reductions cut our export trade almost to the limit. It now threatens even prohibitive tariff regulations. In seeking a remedy some of us have held the packers responsible and others the railroads. But there may be merit in both contentions. The one great cause for our lack of prosperity is the restrictions placed upon our markets."

OTHER LIVE STOCK MARKETS

CHICAGO. Union Stock Yards, Ill., May 29.—Special to The Journal: The Drivers' Journal reports: Cattle—Receipts, 18,000. Market mostly 10c higher; top \$6.30; London cablegram steady, bid 12 1/2; Liverpool 5c lower than Wednesday at 2 1/2.

Hogs—Receipts, 5,500. Market 5c lower; top \$5.40; bulk \$5.30 to \$5.35. Estimated tomorrow, 20,000. Sheep—Receipts, 25,000. Market mostly 10c lower.

KANSAS CITY, Mo., May 29.—Special to The Journal: The Drivers' Journal reports: Cattle—Receipts, 5,000; 50c to 10c higher; top \$6.30; Texas 10c higher. Hogs—Receipts, 5,500. Market 5c to 10c lower; top \$5.40; bulk \$5.30 to \$5.35. Sheep—Receipts, 11,500. Market strong, active, top \$7.25.

SOUTH OMAHA, Neb., May 29.—Special to The Journal: The Drivers' Journal—Stockmen reports: Cattle—Receipts, 5,500. Market strong to 10c higher. Hogs—Receipts, 4,500. Market 5c lower; top \$5.15; bulk \$5.10 to \$5.12. Sheep—Receipts, 5,000. Market slow, 10c lower.

EAST ST. LOUIS, National Stock Yards, Ill., May 29.—Special: The National Live Stock Reporter reports: Cattle—Receipts, 2,700. Texas—Receipts, 5,500. Market 5c lower; top \$5.40; bulk \$5.25 to \$5.30. Sheep—Receipts, 5,000. Market dull.

GRAIN AND PROVISIONS. The following Chicago grain and trade quotations were furnished by F. E. Fearing, Commission company, room No. 2, Corby building, 5th and Edmond streets, St. Joseph, Mo.

WED ON OPEN PRAIRIE. Lewton, O. T., May 29.—On the open prairie a half mile from the nearest house, three miles from Duncan, at 5 o'clock Saturday afternoon, Ray L. Caywood and Mrs. Nora Hattan were married. The license had been procured from an Indian Territory court, while both contracting parties lived in Oklahoma, but to make sure of the legality of the marriage they went over the line into Indian Territory, where the ceremony was performed by Rev. G. M. Harrell, also a resident of Oklahoma.

SALE OF BIG FARM. Large Tract Reno County, Kansas, Land Sells at \$25 Per Acre. Hutchinson, Kan., May 29.—The News says: The big Stocum ranch in Bell township, 5,000 acres, has been sold for \$20,000 to J. S. Nunemaker of Kingman county. The sale was concluded today, R. H. Filin, clerk of the district court, making the deal. The property belonged to J. Stocum, he purchasing it thirteen years ago from the late J. P. McCurdy, of Hutchinson, for \$8,000. Last year 2,000 bushels of wheat and 6,000 bushels of corn were raised on the place and sold for a little more than \$10,000. There is a big crop of both wheat and corn on the place this year.

Mr. Filin had lived on the place for thirteen years before he left to come to Hutchinson, and his son is now in charge of the place. It is one of the very valuable ranches in Reno county and has brought no more than its worth.

BARBER OUTFIT FOR SALE. Four chair outfit complete. Will be sold cheap. Call J. McGreevy, 107 Missouri avenue.

HEREFORD BULLS FOR SALE. Two fine Registered Hereford Bulls, weighing 650 to 900 pounds. Will be sold right. Inquire Harris & Co., Exchange Building.

ITEMS IN BRIEF. Sheep and lamb values hold steady. Lambs of Colorado feeding made a 7.15 top. Shorn lambs were the principal holdings on sale today. Wm. Riehr shipped in two cars of hogs today from Bladen, Neb. H. Wessels had a car of mixed stock on sale today from Hanover, Kan. The Great Western Sugar Co. had cattle on the market from Loveland, Colo. Fred Gerloch, of Rosemont, Neb., was on the market with a car of steers from his feed lots. Thos. Mullally, jr., of Naponee, Neb., was at the yards with a car each of hogs and cattle. Wertz Bros. were buying stock cattle on the market Saturday for shipment to Guilford, Mo. A. R. Mingers, a prominent stock dealer of Hanover, Kan., was down today with a car of swine. H. D. Kept was at the yards today with two cars of steers of his own feeding from Watbena, Kan. N. Blankenb, of Inavale, Neb., an extensive leader and well-known shipper, was here with a car of stock.

L. I. Livengood was here today with a three-car shipment of cattle from Riverton, Neb. They were sold early at \$5.15. Wm. Dunn had a car each of cattle and hogs on the market from Bloomington, Neb., the hogs selling at the highest price of the day. E. Sindt, a prominent feeder of Naponee, Neb., had a car of cattle of his own feeding on the market today that weighed 1,250 pounds and sold at \$5.35, the best price of the day. "Shipments from the Colorado sheep districts are about ended," said a sheepman from Colorado who had lambs here today, "from now on tail-ends will constitute the receipts from that section of the country."

A. M. Averhoff, of Riverton, Neb., was in with a car of light weight steers that found ready sale. "I have taken The Journal a long time and like it, as I at ways find its quotations correct," said Mr. Averhoff. He reports crop conditions as here fairly about Riverton. C. L. Herrick, of Riverton, Neb., was at market with a car of butchers' stock and steers, and a car of yearling heifers and steers, mixed, of his own feeding. "I prefer South St. Joseph's market," said Mr. Herrick, "as the yards are more conveniently arranged and prices are in the lead."

CURIOUS FEAR EAST PLANT. A curious member of the vegetable kingdom has been discovered in the far east. It is a species of acacia, which grows to a height of about eight feet, and when full grown closes its leaves together each day at sunset and curls its twigs in the form of a pigtail. After the tree has settled itself in this way for a night's sleep, like most sleepers, it objects to being disturbed. It touched it will flutter as if agitated and impatient at the interruption of its slumber. The oftener the foliage is molested the more violent becomes the shaking of the branches, and at length the tree emitted a few moments, which it called a "few moments," which it called a "few moments."

FEWER HARVESTERS NEEDED. Estimate of Kansas Needs Scaled Down By Employment Bureau. Topeka, May 29.—T. B. Gerow, free employment director, has scaled down his estimate of outside harvest hands needed to care for the coming wheat crop. "Three weeks ago he said it would take 40,000 outside hands," said he, "and I believe that we will not need more than 25,000 men now. We will also need about 800 outside teams. The railroads will put in the usual rate of 1 cent a mile for harvest hands in bunches of five or over in dust time."

Brown's Positive Dandruff Cure, \$1.00 bottle. Take one home with you. Exchange barber shop.

SALE DATES CLAIMED. The handsome and commodious new sale pavilion, St. Joseph, Mo., June 10; Hal T. Hooker, Marvill, Mo., manager.

Observation—Cale Cars now in service on Wash. day trains between Kansas City and St. Louis, both directions on Wash-New York last night train No. 5.

BRIEF CITY NEWS.

Mrs. Lee Haney of Park avenue is visiting relatives in Topeka.

Miss Daisy Hayne will visit with relatives at Hardin, Mo., this week.

Mrs. William Fenway of Agency visited in South St. Joseph Saturday.

Mrs. J. A. Ward of East Valley street is the guest of her parents at Bedford, Iowa.

G. E. Pullard, a former Franklin, Kas., citizen, will engage in business in South St. Joseph.

Misses Ljdi Jones and Dot Tuttle have gone to St. Louis for a visit with relatives.

W. B. Craig has moved his family to 226 East Colorado avenue from Brookfield, Mo.

Mrs. Adolph Vollmer has returned from Liberty, Mo., where she has been visiting her parents.

Mrs. Eric Cogdill and son Vernal, will visit this week with Mrs. Cogdill's parents at Mayville, Mo.

E. L. Wells of DeKalb has returned home after visiting his brother, A. J. Wells, of 214 Hyde Park avenue.

H. J. Bowen has returned from Jewell, Ga., where he attended the funeral of his mother, who died suddenly of heart failure.

Mr. and Mrs. E. T. Davis of King Hill avenue visited with their daughter, Mrs. Frank DeBaur at Horton, Kas., yesterday.

St. Joseph realty transactions for last week are reported as quite numerous with the southern suburbs making a big showing.

Members of the crew of the Contrary, the new cup defender, are expressing satisfaction over the showing of the craft which was again given a trial spin over the Lake Contrary course yesterday. Rain interfered with the plans to take the boat over the course last Saturday afternoon.

ABSENCE OF BOOZERINOS. Screwing down the "lid" did much toward quieting the streets of the south end on Sunday. South St. Joseph has never been so boisterous as some stock yard localities are credited with being, but since the "lid" was put on the Sunday boozerinis have mostly disappeared. But the streets are not lacking of occasional excitement. Down on Lake street near Michigan, yesterday afternoon a gang of male bipeds, ranging in age from six summers to gray-haired uncertainty, had a boxing carnival that afforded amusement to residents for several blocks in every direction. Everything was friendly and the way some of those lusty youths handled the big soft gloves afforded more real fun than a patent-medicine show with a minstrel attachment.

TENNIS PLAYERS ACTIVE. The main topic of conversation among local tennis players is the question of team formation for the coming tournament of doubles. Already five teams have been practically decided upon and several more will be added during the next few days. Since the courts were opened for play, several dark horses have come to the front, among the number being men who have creditable records on eastern college courts. As the result, players have been slow to pick team mates, all realizing that the tournament will be a race from the outset. With a club numbering more than sixty active members, it is expected that eight or ten fast teams will show up in good form at the outset.

IT WAS A RUSH DAY. Saturday was a busy day in St. Joseph's business center and the busiest spot in town was at 219-21 South Sixth street where the Chicago Bargain store had inaugurated its great mid-season sale. The crowd started early and got bigger as the day advanced. In fact it was a veritable rush from opening to closing hour. The great sale is continued again today and tomorrow and people who could not get in Saturday got out and started early again today. It is a bargain sale for sure.

The shortest line from Kansas City to St. Louis is the Washburn. Best trains day and night. Ask your local agent for tickets via the Washburn.

AT THE LAKE RESORT.

Fair Crowd Yesterday. Much Interest in Initial Matinee Races.

Although the grounds were wet and the day was one of alternating sunshine and showers, St. Joseph turned out a crowd of liberal proportions at the Lake Contrary grounds yesterday. All midway attractions were in full operation and received liberal patronage.

Fishing in the lake was fairly good as was attested by a large number of good strings of fish that were brought in, although it catches ran largely to carp. The event of this week that will probably attract most attention and interest will be the initial matinee on the race track next Saturday when the public will be given an opportunity to see some of the best horses in training at the track. In this line it is worth noting that among harness horses in training at the Lake Contrary are some of the fastest performers in the west and some great performances may be looked for.

Completion of the organization of the Lakeside Driving Club is doing much to stimulate interest in coming track events, of which the matinees will be no small factor.

RAIDED TIGER DEN.

Several Festive Fellows Caught Dal-lying With the Jack Pot.

A raid made on an alleged poker game at 515 South Eighth street resulted in the arrest of five men early yesterday morning. The men arrested were Chas. Schreiber and W. Wexroth, charged with being keepers of the game, and Oscar Walters, Frank Boswell and E. Startzell, charged with gaming. The five men were released on \$300 bonds each. The police department has been watching the place for several weeks, it is said. At one time the game was being held on South Sixth street, it is alleged, and the location was changed to South Eighth.

Sergeant Gibson, who led the arresting patrolmen, slipped up to the door of the room early yesterday morning and laid in wait for a chance to walk in on the players. When one of the men came out of the room the police sergeant went in and startled the men in suddenly announcing that they were caught "with the goods on them." The arresting officers were Sergeant Gibson, Patrolmen Campbell, White, Alice and O'Brien.

MEMORIAL DAY.

Arrangements for Decoration Day Will Be Completed This Evening.

Many of the churches held memorial services yesterday in preparation for the annual floral tribute to soldiers who have answered the final roll call and arrangements will be completed this evening for the exercises to be held tomorrow. The forenoon will be devoted to the decoration of graves, while in the afternoon there will be a short parade, followed by exercises at Krug Park.

Captain M. J. Bauer, in command of Company K of the Fourth regiment, N. G. M. has called a meeting for drill this evening. All the members of the company who intend to take part in the parade tomorrow should be on hand, Captain Bauer says, as the new tactics will be used at tonight's drill for the first time.

Nearly all the business houses will close tomorrow afternoon; some will close the entire day. Several excursions will be run out of the city to resorts and others will bring large crowds to St. Joseph.

AMUSEMENTS.

The Gaskill Carnival company's week of entertainment under the auspices of the Modern Woodmen of the city will open at Sixth and Olive streets tomorrow. As the Gaskill people were here a year ago, they are comparatively well known, their performances and attractions having pleased St. Joseph people thoroughly. It is stated that their shows this year are bigger and better than ever and they will without doubt be very enjoyable.

The delay in opening was caused by washouts between Memphis and Kansas City, the show not arriving until late this afternoon.

The Lyric production of "A Brother's Crime" gave excellent satisfaction to the audiences and the play, which is to run for the week, will doubtless prove a very successful one. It is an intensely melodramatic play, filled with scenes of striking interest and exciting situations.

The Japanese Palm Garden at the junction of Seventh and Robidoux streets, which is to be opened Tuesday, will doubtless prove one of the most attractive of the city's summer resorts.

Special efforts are being made to furnish an acceptable grade of music and capable solo and concert artists have been engaged for the season. The garden is to be comfortable in the extreme and will furnish a delightful recreation spot.

"BOY PHENOMENON."

Strange Signs to Be Witnessed at Tootle Theatre This Week. The Boy Phenomenon, who cures the sick by the transfusion of his magnetic force, is to be in St. Joe a few weeks. To prove his power he will treat the afflicted Monday and Tuesday nights at the Tootle Theatre, after which he may be seen at 305 N. 8th street in St. Joseph.

cures performed by the "phenomenon" who is a youth of about twenty-five years. He operated on about a dozen patients altogether, who were treated for all sorts of ailments. One, a quite old man, was a rheumatic, scarcely able to walk. The boy rubbed him with his hands and he became quite sprightly. Another case was that of a boy, one of whose limbs was useless so that he was compelled to use a crutch. A home when he discarded the crutch he would have to drag himself along on the floor. The "phenomenon" made a few passes over him and he was able to walk down stairs from the stage. Several persons who were almost deaf when they went upon the stage could hear a whisper before they left.

After his public exhibitions at the Tootle Theatre, he will establish offices at 305 N. 8th street, where he can be consulted for the next few weeks.

BASE BALL NOTES.

Sunday was a murky, sweltering polka-dot sort of a day with the storm center at League Ball park, where things got positively cyclonic before the sun settled back to Elwood.

It was after the seventh inning that the umpire had to scoot for the cyclone cellar while the storm of five hundred fans and a few alleged ball players tossed brick bats, blood curdling oaths and a few other things around in a manner that called for police.

It was the last game of the St. Joseph-Omaha series and both sides actually wanted the game. Score at the end of eleven innings 2 to 1 in favor of the visitors.

Henline of the Jobbers, and popular with St. Joseph ball enthusiasts was transferred to the Omahas yesterday.

Western League games yesterday resulted: Omaha at St. Joseph 2 to 1; Denver 8, Colorado Springs 7; Des Moines-Sioux City game postponed.

The Schlitz will play the Lone Stars next Sunday afternoon on the Morris diamond, in South St. Joseph.

The M. K. Goetz Jrs. defeated the Patee Street Sluggers by a score of 16 to 0. Batteries—Schaeffer and Frey; BeGool and Felling.

The Stars defeated the South Park Sluggers by a score of 7 to 4. The feature of the game was the batting of G. Snyder. Batteries—Murphy and Vaughn; Inman and Mobler.

The Cathedral team defeated the Shamrocks in the last ten inning game by a score of 9 to 7. The features were the batting of Rienke and the fielding of the Cathedralists.

The Schlitz team won from the Hercules yesterday at Plumbers' park by a score of 2 to 0. The features of the game were the pitching of Morrison and the catching of Dorset.

Manager Perkins of the Rex has declined the offer of a game with the Goetz for Decoration day, as the result of his inability to get the team together on that date.

Standing of the Clubs. W. L. Per. St. Joseph 17 5 289 19 14 481 Omaha 15 12 246 19 14 447 Des Moines 14 12 358 19 14 439

THROUGH SLEEPER TO CHICAGO. VIA THE ROCK ISLAND. Through Pullman sleeping cars, St. Joseph to Chicago, are being operated in the Rock Island's Fast Express, leaving St. Joseph Union station every evening, 7:05 o'clock. The Rock Island is the line to take.

Whitelaw Reid Departs. New York, May 29.—Whitelaw Reid, new American ambassador to the court of St. James, succeeding Joseph Choate, sailed Saturday for England on the American liner Philadelphia.

No Sunday Baseball in New York. New York, May 29.—As a result of the opinion recently rendered by the corporation counsel against Sunday ball playing in New York, the police refused to permit any games to be played in the various parks in Bronx borough and on the grounds of the Catholic Proctery and St. John's college, Fordham.

Centerfolding Plant is Found. Chester, Tex., May 29.—A complete centerfolding plant has been discovered at this place by United States Marshal A. J. Houston. The molds were captured and information has been obtained which will lead to the arrest of several men who are alleged to have operated the plant. Large quantities of emporions coin have been circulated in this part of the state during the past several months.

Will Perform for Editors. Arkansas City, Kan., May 29.—Twenty-four cowboys, their horses and paraphernalia passed through Arkansas City en route to the "101" ranch at Bliss, Ok., where they will put on a Wild West show for the members of the National Editorial association on June 11. These men have been with Zack Mulhall's show in New York, which just closed an engagement at Madison Square garden.

Cut in Kerosene Oil Prices. Chanute, Kan., May 28.—It was announced here Saturday that prices paid by the Prairie Oil company for all grades of Kansas-Territory Oil were reduced four cents a barrel. The Prairie is taking about 1,200 barrels daily from the Chanute field, being about one-fifth of the possible production.

Receiver for Annuity Association. Wichita, May 28.—Paul Brown has been appointed receiver of the American Annuity association by the district court. The concern was recently enjoined from doing business in the state by Attorney General Coleman. The liabilities are \$9,000 and the assets \$875.

Four Drowned at Ford. Dodge City, Kan., May 29.—Howard Kolly, F. F. Genter, Mrs. Emma Parsons and Miss Carrie Heitblecker, a pleasure party, all of Dodge City, while out driving in an open surrey Sunday afternoon, attempted to ford Duck creek, a small stream five miles north of Dodge City. Their vehicle was overturned by the swift current and swept away, drowning the occupants and both horses and demolishing the surrey.

At Work on Orient Again. Guthrie, Ok., May 29.—One hundred construction men began work last week laying Orient track south from Lonsdale, south of Carmen. The line has been graded and the laying of the track is progressing at the rate of a mile a day. Enough steel is on the ground to lay 20 miles of track, which will take the road to the South Canadian river. It is announced that work on the Orient will be continued all summer.

Bring your children to us and have them properly fitted.

Every Day Is Sunday. Few people know that other days of the week than the first are being observed as Sunday by some nation or other. The Greeks observe Monday; the Persians, Tuesday; the Assyrians, Wednesday; the Egyptians, Thursday; the Turks, Friday; the Jews, Saturday, and the Christians, Sunday. Thus a perpetual Sabbath is being celebrated on earth.

Food for Thought. A woman does a lot of thinking trying to figure out whether the baby is going to be a great man or a good man.—N. Y. Press.

HORSE MARKET

The horse market continues in a more or less paradoxical condition. Ordinarily a big demand is not apparent at this season of year. It is approaching the time of year when horse men like to the lake regions to cool off and recuperate. But as yet there has not been much let up in the call for horses of a good kind and local dealers are kept busy stirring up the country to get horses in.

Even the usual post-auction full was not noticeable today. Buyers were on hand early and looking for a good class of horses.

Arrivals of fresh offerings were above Monday expectations and included some good work animals, one pair of very good bunks arriving from Perry, Iowa, shipped by J. A. Kere, and a good shipping of heavy mules.

Private trading was brisk with prices holding fully up to the standard established in the recent auction.

It looks safe for country dealers to pick up everything in the horse and mule line except light green horses, for which the call is very timid at lower prices than were prevailing a few weeks ago.

The following quotations are those current and quotable for horses and mules at private sale:

Table with columns for horse types (Harness horses, Heavy draft, etc.) and prices. Includes sub-sections for HORSE QUOTATIONS and MULE QUOTATIONS.

BIXBY TO FINISH

Dawes Indian Commission Will Expire July 1 and the Chairman Will Complete Work.

Washington, May 29.—Tama Bixby, present chairman of the Dawes Indian commission, has been designated by the Secretary of the Interior to continue the work of that commission after it expires July 1.

The announcement was made at the Interior department that Mr. Breckinridge had withdrawn his resignation as a member of the commission. He will continue to serve during the life of the commission.

Photographed Canals of Mars

Bloomington, Ind., May 29.—Word was received here Sunday that Prof. C. O. Lampland, a former student in the astronomy department of Indiana university, but now connected with the Lowell university at Flagstaff, Ariz., has photographed the canals in the planet Mars.

Fairbanks Congratulates Dakotas

Grand Forks, N. D., May 29.—Five thousand people greeted Vice President Fairbanks at the station Sunday night as he passed through en route to Portland, Ore. From the rear platform of his train he bowed his acknowledgments to those who were near enough to hear and in a brief speech took occasion to congratulate North Dakotans on the prosperity evidenced on all sides, and predicted still greater things for the future.

Kansas Board of Pharmacy

Junction City, Kan., May 29.—At the meeting of the state board of pharmacy here the reorganization of the board was effected with the election of the following officers: President, L. A. W. Naylor of Holton; secretary, W. E. Sheriff of Ellsworth; chairman of the finance committee, C. L. Becker of Ottawa. The board will meet in Ottawa August 23, when the next examination for pharmacists will be.

Ran Down Launch

San Francisco, May 29.—The steamer Arctic ran down a small gasoline launch in the bay late Sunday afternoon and Robert Howell, engineer of the launch, and Alexander Miller were drowned. Three other occupants of the launch were saved through the prompt action of the skipper of the Arctic.

SOUTHWEST STORMS

Indian Territory and Oklahoma Are Again Visited.

WIRES DOWN AND TRAINS DELAYED

Many Portions of the Country Visited by Damaging Rains, Wind and Hail Saturday and Sunday.

Joplin, Mo., May 29.—A cloudburst, accompanied by a terrific wind, traveling with the velocity of a tornado, struck Joplin at 6:45 Sunday evening, doing several thousand dollars' worth of damage. The storm came from the northwest, and in ten minutes the streets were running rivers. The water rose several feet above the sidewalks and literally poured into several Main street stores and basements.

Cyclonic conditions have prevailed here and the storm Sunday evening was preceded by a hot and sultry atmosphere. The Postal Telegraph company's wires are down and with the exception of the Western Union wire to Kansas City, Joplin is cut off from outside communication.

Tornado at Platter

Muskogee, I. T., May 29.—Trains on the M., K. & T. railroad in Indian Territory north of here are tied up by washouts all along the line. Passenger No. 1, due in Muskogee from the north at 6:15 o'clock Sunday morning, is laid out between two washouts north of Wagoner and has not yet reached here. The Katy flyer, out of Kansas City south is also indefinitely late.

Later reports from Platter are that the tornado which visited that town wrecked a number of houses, tore the roof off the Frisco depot, carrying it a hundred yards, blew in the north wall of the building and severely injured one man in the depot. The town was more or less shaken up and many were more or less injured. The storm did fearful damage north and south of Platter, tearing up and snapping off large trees and wrecking a number of farm houses. As wire service has not yet been restored, it is impossible to learn all details.

Traffic Crippled

Oklahoma City, O. T., May 29.—Cessation of rains leads to the belief that the flood damage in the two territories has been arrested. Traffic in the western part of Oklahoma is seriously crippled and Rock Island officials state that it will be several days before trains can run south and west of Anadarko.

A Ton of Glass Broken

Guthrie, O. T., May 29.—The rain Sunday night was accompanied by a severe electric storm. At Gotebo, Greer county, the worst hail storm known to the history of the new country passed over that part. People were unable to go to their cyclone caves because they were filled with water. The streets were flooded. It is estimated a ton of glass will be needed to replace windows in the residence district.

Trains Tied Up

Onadarko, Ok., May 29.—The Washita river is still very high, and all trains south and west are tied up. The Rock Island company is working day and night repairing the washouts near Randlett, on the south and Gotebo on the west branch of that road, but states that it will be several days before traffic will open up.

Bridge Gone

Thomas, Ok., May 29.—Forty bents were swept from the Frisco bridge over the South Canadian river Saturday night. The river is raging and there is no way of transferring passengers. The bridge is about a mile long and it is a total wreck.

DESTROY AMERICAN STEAMER

Reported Sinking of an American Ship by the Russian Pacific Squadron.

St. Petersburg, May 29.—Nothing is known at the admiralty of the reported sinking of an unknown American steamer off Formosa by Vice Admiral Rojestvensky. It is recognized at the admiralty as quite possible that Rojestvensky may have been compelled by military necessity to destroy a neutral. If he feared that to allow it to proceed and report the whereabouts and direction of the Russian would endanger his strategic plan he had no other alternative except to take off the crew and sink the ship. Such an incident is unfortunate, but every naval officer must admit that the risk in such crisis is too great to take any chances. If the ship was unjustifiably sunk from the standpoint of international law Russia, of course, will have to foot the bill; but any cost is cheap if it furthered Rojestvensky's mission.

GO! THE ROBBER.

One Man Attempting to Rob Northern Pacific Train is Captured by Trainmen.

Missoula, Montana, May 29.—The Northern Pacific North Coast Limited Train No. 2 was held up about 11 p. m., May 27, two miles east of Bear Mouth, Mont., at Mile Post No. 81 by one man. After ordering the messenger out of the car, he had about 25 pounds of dynamite, blew the safe open in the express car, shattering the side of the car and blowing the door of the safe. After the discharge of the third explosion the robber forced Engineer

Wilson to crawl in the car ahead of him, and the messenger to follow. As soon as they were in the car the bandit forced Engineer Wilson to strike a match, and as he did this, Engineer Wilson saw Express Messenger Laub ready to hit the robber with a piece of broken car. Wilson immediately blew the match out and the express messenger struck the robber and knocked him out. The robber was not killed, but was bound and taken to Drummond, where he was turned over to the county authorities. The express car was not badly damaged and went through on the run. No valuables were taken and passengers were not disturbed. At 1 o'clock Sunday the robber was still unconscious.

The railway company was wired to Engineer Wilson and Express Messenger Laub congratulations and will immediately mail each man a check for \$1,000 in recognition of their services.

FOR NATIONAL UNIVERSITY.

An Effort Being Made to Establish One at Washington Worthy of the Capital City.

Washington, May 29.—The executive council of the national committee of four hundred to promote the establishment of the University of the United States, after consideration of the efforts made by its members to unite the various university organizations at Washington in one great university of the highest rank, and their failure through the prevailing influence of local and denominational forces, Sunday issued a statement declaring it to be the duty of the National university committee and of the National Educational association and others interested in the higher education to devote themselves with new energy to the early establishment of the University of the United States on the basis of the bill introduced by Senator Frye at the last session of congress.

The committee says that no university organization yet chartered can meet the demands of the country for such a university at the national capital as shall be national, non-denominational and non-partisan, graduate in all departments and closely related to other American institutions all to "make of Washington a chief center of learning for the world."

MAYOR WEAVER WINS

Philadelphia's Plucky Official Comes Off Victorious.

GAS LEASE PROPOSITION WITHDRAWN

With Defeat Certain if the Fight Was Continued the Gas Lease Grabbers Take Easiest Way Out.

Philadelphia, May 29.—Civic honesty has triumphed. The gas steal was suddenly shelved Saturday afternoon when at the end of a two hours' conference between Boss Durham and Thomas Dolan, president of the United Gas Improvement company, to which the city's gas plant was to be handed over for 75 years, Dolan wrote a letter to the presidents of the select and common councils formally withdrawing the proposition. The surrender of the gang is complete and absolute. The mayors victory is crushing and far-reaching. In five days from being the most negative official that ever held office under a municipality he has become foremost among the mayors of great American cities.

Single handed he attacked an organization of 20,000 officeholders, completely put together and ruled by an absolute political organization ever built up in the history of American politics, and after five days of bitter fighting the autocratic head of that organization ran up the white flag. Durham's lines were broken in a dozen places—his lieutenants were deserting him in groups and political assassination stared him in the face. With an eye to the future, he surrendered.

The gas lease fight of last week which resulted in the advocates of the proposition bowing to popular will by withdrawing the proposed lease from city councils served as the text for many sermons in Philadelphia churches Sunday. There were few houses of worship of last week were not touched upon.

The names of Messrs Potter and Acker will probably be sent to councils on Thursday and in case they are not confirmed the mayor will reappoint them ad interim, every 30 days until the controversy is settled.

The injunction proceedings instituted last week against the mayor's new directors assuming office will come before Judge Robert Ralston in common pleas court Wednesday, when he will hear argument on a motion to make the injunction permanent.

Printing Plant Contract Let

Topeka, Kan., May 29.—The state printing plant commission let the contract Saturday for erecting the building to be occupied by the state printing plant to F. M. Spencer. The contract price was \$28,000. It is specified in the contract that the building shall be completed by November 1.

Four Young People Drowned

Springfield, Mo., May 29.—By the overloading of a small rowboat on the James river, six miles south of here, Sunday morning four well known young people of this place lost their lives by drowning.

A NAVAL BATTLE ON.

Togo Said to Have Demoralized the Russian Fleet.

SIX RUSSIAN SHIPS REPORTED SUNK

Two Battleships, Three Cruisers and Supply Boat—Japanese in Pursuit of Remaining Vessels.

Washington, May 29.—The American consul at Nagasaki cabled the state department Sunday that the Japanese have sunk a Russian battleship, four other warships and a repair ship in the straits of Korea.

In a Running Fight. Tsingtau, May 29.—There is a running naval engagement between the Russian and Japanese fleets in the Straits of Korea, near the islands of Oki. It is reported that the whole Rus-

Admiral Hehatchi Togo.

stan fleet is not participating, all the slower vessels having steamed around Japan. The Japanese losses so far are stated to be one cruiser and ten torpedo boats.

Washington Hears News. Washington, May 29.—A dispatch was received at the state department Sunday saying that the Japanese government had made the announcement that its fleet had engaged the Russians in the Straits of Korea Saturday and had held them. The reported sinking of the battleship Borodino is mentioned in a dispatch received at the state department from the consul at Nagasaki. The dispatch follows: "Nagasaki, May 28. Japanese sunk the Russian battleship Borodino and four more warships and a repair ship."

The other dispatch reads as follows: "Tokio, May 27.—Japanese fleet engaged the Baltic squadron this afternoon in the straits of Pashima, which was held, commanding heard from shore."

As London Hears It. London, May 29.—The Tokio correspondent of the Daily Mail says that the Russian fleet has been dispersed, that several Russian ships have been disabled and that the remainder are in flight with the Japanese pursuing.

Were 13,000-Ton Battleships. Washington, May 29.—From information which has been received in Washington it is believed that two of the Russian ships reported to have been sunk in the Korean straits by the Japanese are the Orel and her sister ship the Borodino. They are battleships of 13,000 tons. Three other vessels reported sunk are believed to have been cruisers, the remaining one being a repair ship.

Reports Summarized. Washington, May 29.—According to the latest information, the battle between the Russian and Japanese naval forces for the supremacy of the Oriental seas, on which hangs the outcome of the far eastern struggle, has begun, if it has not terminated decisively. All the dispatches received by the Associated press point to a Japanese victory, though it is not yet known whether the full force of Vice Admiral Rojestvensky's fighting ships took part in the contest which, according to the dispatches, took place in the comparatively narrow waters of the Straits of Korea. The first information came in a dispatch from the American consul at Nagasaki to the state department at Washington telling that the Japanese had sunk one Russian battleship, four other warships and a repair ship in the Korean straits, and this was followed by a dispatch received by the state department, the date of which was not given, that the Japanese government had made the announcement that its fleet had engaged the Russians in the straits of Korea Saturday and had held them. The state department also received information that two of the vessels reported to have been sunk were the sister battleships Orel and Borodino, and that three of the other ships were cruisers. From Tsingtau, the German port on the Shantung peninsula, came a report that a running naval engagement took place near the island of Oki in the sea of Japan, 200 miles northeast of the strait of Korea, and that the whole Russian fleet did not participate, the slow vessels having been sent around Japan. Russian sources give no news of the battle, while the Japanese government, following its custom, is silent as to either the battle or its outcome.

The Details as Gathered. London, May 29.—Many dispatches from Tokio and other points appearing in Monday morning's newspapers are filled with more or less authentic details of recent movements of Vice Ad-

miral Rojestvensky's ships and surmises and rumors of the result of the battle between the Japanese and Russian fleets, but add nothing reliable to the dispatches received by the Associated press correspondents.

According to the Daily Telegraph a private telegram was received in London Sunday night in a very high quarter to the effect that Vice Admiral Togo had gained a great victory.

Based on the meager details already received here, most of the newspapers are ready to believe the Japanese have secured a victory.

The secrecy maintained at Tokio apparently extends to the European legations. At any rate Baron H. Hakushima, the Japanese minister here declined to see newspaper correspondents much less to talk of the battle.

The indications from many of the dispatches are that Rojestvensky sent some of his vessels through the Tsushima strait with the view of mystifying the Japanese.

A dispatch to a news agency says that two Russian warships were sighted Sunday afternoon at Masuki (Maschike) in Shiyari province, Hokkaido, steaming southwest but it is unknown whether they belong to Rojestvensky or if they were from Vladivostok.

It is assumed here that the Japanese government will follow its customary plan not to allow details to be published until the action has been completed and it is believed that the fight has been of a running character.

The Daily Telegraph's Tokio correspondent says that an intermittent fog prevailed in the Sea of Japan Saturday. It occasionally lifted, when there was a brilliant sunshine. A high wind prevailed with a rough sea.

The Russian ships were first sighted at 6 o'clock in the morning approaching the Tsu Island under cover of a fog which, however, lifted and the squadron retired. This squadron is believed to have consisted to six first class ships and according to information received 21 more Russian warships were not far away. Nothing definite is known, however, says the correspondent, and the authorities merely reported that cannonading was proceeding. It has now been discovered, the correspondent continues, that Rojestvensky's ships coasted along the coast of the island of Tsu on May 28, and on the following day they cruised about north of Luron and transferred large quantities of bunker coal from colliers. Then Rojestvensky decided to divide his fleet into several parts. He traversed the Bashi straits and steamed in a northeasterly direction. On the morning of May 29 the Russians were southwest of the Lucha islands and the slow converted cruisers and transports were sent to Shanghai while the main squadron went to Tsu Island.

A dispatch from Shanghai says that Japanese warships arrived in the offing of Woosung Saturday and attacked the Russian ships, but a later dispatch says that the Russian transports are to stay in the vicinity of Shanghai while the vessels of the volunteer fleet are to leave for either German or French territory. It is reported that Rojestvensky's squadrons used Chusan (one of a group of islands off the east coast of China in the province of Chekiang) as a naval base, and it is also stated that the Chinese authorities ordered the vessels to leave Woosung by 8 o'clock Saturday night or to haul down their flags. The Russians, the dispatch said, were temporizing.

It is reported from Hongkong that the British fleet is leaving for the north at full speed.

ADMIRAL ROJESTVENSKY.

of Woosung Saturday and attacked the Russian ships, but a later dispatch says that the Russian transports are to stay in the vicinity of Shanghai while the vessels of the volunteer fleet are to leave for either German or French territory. It is reported that Rojestvensky's squadrons used Chusan (one of a group of islands off the east coast of China in the province of Chekiang) as a naval base, and it is also stated that the Chinese authorities ordered the vessels to leave Woosung by 8 o'clock Saturday night or to haul down their flags. The Russians, the dispatch said, were temporizing.

The Daily Telegraph's correspondent and the Daily Telegraph itself both discredit the rumor that the Japanese will attack the Russians at Woosung, which rumor lacks confirmation from any other quarter, though the Shanghai correspondent of the Morning Post cabling May 28, says that the firing of big guns was heard outside Woosung Sunday night. The same dispatch says that the Russians claim they are merchantmen and are entitled to remain at Woosung, while the Chinese admiral now declares that he will not permit the transports to leave and, the dispatch adds, the Chinese warship Hachi has cleared for action.

The Tokio correspondent of the Daily Mail says that 15 of Rojestvensky's ships appeared east of Tsu Island at 2:45 o'clock on Saturday morning while at 10 o'clock that morning the fleet was passing ten miles southeast of Tatziki and that cannonading was heard.

King Oscar is Firm. Christiania, May 28.—King Oscar, at Saturday's sitting of the council of ministers, declined to sign the law requiring a separate consular system for Norway. The ministers immediately tendered their resignations but the king refused to accept them.

TEAMSTERS ARE DETERMINED

No Immediate Settlement of Chicago Strike Expected—Preparations for Long Contest.

Chicago, May 29.—There was nothing developed Sunday that would indicate an immediate settlement of the teamsters' strike, which has been in progress for nearly two months. That the labor unions are of the belief that the fight will be a long one was demonstrated at the meeting of the Chicago Federation of Labor Sunday, when arrangements were made for holding a strike demonstration on July 5. According to the present plans it is the intention to hold another parade of the strikers and the affiliated unions unless the controversy has been ended before that date. At the meeting Sunday each union affiliated with the central body was represented by three delegates at the request of President Dold. The strike situation was discussed in all its details and the sentiment of the meeting was that the teamsters should continue the fight until the seven express companies should offer some sort of a compromise. The officials of the express companies are still obdurate in their declaration that no concessions need be looked for from their side, so the matter of settlement through this channel seems as remote as ever.

With over 7,000 policemen and deputies of the sheriff detailed on strike duty the employers declare that during the present week they will be able to demonstrate to the strikers that any further continuation of the fight will be suicidal to the teamsters' union.

Indian Territory Storm. Durant, L. T., May 29.—Advices have been received here that Platter, Colbert and Woolville, small towns south and west of Durant, were visited by a tornado at three o'clock Saturday morning and most of the houses demolished or unroofed. No lives were lost.

Mount Vesuvius Warning Up. Naples, May 29.—The eruption of Mount Vesuvius continues, the volcano showing four new openings through which lava flows while the immediate surrounding country is covered with ashes. The Punicular railroad has been compelled to cease running.
