### CATTLE.

Trading Quiet and Steady to Weak With Yesterday's Close.

There were not enough beef steers on the market today to make any showing and trading was quiet at prices steady to weak with the lower close of yesterday. The few medium and plain pretty cattle were rather slow and some pretty fat dressed beef steers sold at \$5.50 to \$5.75, which would probably have sold at \$5.50 to \$5.75 Wednesday. The trade for the week has been very active and considering the lower close of yesterday and the slight weakness of today, prices show a net gain for the week of 10c to 20c, with some light and medium kinds more. Best heavy kinds showed the least gain.

The general improvement in values for the week has been due to the light marketing at all points, this inasmuch as the week closes somewhat lower than the high point is indicative of what the country can expect should receipts next week show much of an increase.

The local demand is strong and a material increase over this week's supplies could be taken care of without impairing the good tone of the market, but it is imperative to the country trade to keep supplies in Chicago as low as possible, therefore increased shipments to outside points would be beneficial.

COWS, BULLS AND MIXED.  
There was not enough butchers' stock on the market today to inspire much competition and trading was quiet at prices about steady with yesterday. There has been an excellent demand prevailing all week for good to choice fed cows and these grades show little if any change from a week ago, but the common to pretty good grassers have gradually worked lower all at the close they show a loss of 10c to 15c as compared with the close of last week. Light and medium heifers have also suffered, as the speculative and order demand forced values to a point that made them top heavy, and in the absence of this demand yesterday packer buyers endeavored to get them somewhere near in line by breaking the market 10c to 25c, which still left them higher than competitive points. The demand for bologna and butcher bulls, as well as the desirable export styles has been in strong demand throughout the week and prices

BRIEF CITY NEWS.

O. R. Phelps is reported to be ill at his home on Valley street.

Mrs. F. L. Neffler has gone to Denver to make her future home.

Mrs. F. M. Baker of Massachusetts avenue has gone to Springfield to attend to business matters.

Miss Mabel Gentzell, of West Valley street is convalescing from a light attack of pneumonia.

Miss Bertha Mays and William McGee were married at 4 o'clock Wednesday afternoon at the King Hill Baptist Church, Rev. Adolph Volmer officiating.

A meeting of the Children's Missionary society of the King Hill Baptist church will be held at the home of Mrs. Barber at the end of East Missouri avenue Saturday afternoon.

A strawberry social will be given by the Ladies' Aid society of the Evangelical church from 2 to 10 o'clock next Tuesday night at the home of Mrs. P. E. Buesch of 622 1/2 Morris avenue.

Today was "parents day" at the McKinley school and many of the parents whose children attend that school visited the different departments of the school during the afternoon.

Clarence Boughner, a 16 year old boy living on Arizona avenue, is seriously ill from blood poisoning, the result of running a thorn in his hand at Hammond's packing plant last Monday while dressing a sheep.

James Jones of Pettipiece's addition was ordered taken to the Ensworth hospital yesterday by Dr. F. G. Weary, to be operated upon for the removal of an abscess, the result of appendicitis. The operation will be this morning. Dr. Weary states that the patient will recover, although he is still seriously ill.

The Rev. Humstead, mayor of Hiawatha, Kan., and pastor of the Evangelical Mission, of Hyde Valley, will deliver a lecture at Sellers Hall tonight. A small admittance fee will be charged, and the money thus raised will be turned over to be used for needed improvements. There will also be instrumental and vocal music.

LOTUS CLUB DANCES.

The Lotus club has decided to inaugurate nightly dances at the club house on the Lake Contrary grounds. Since the opening of the summer club a few weeks ago, there has been a demand from the members for more dances, it is said, and the directors were in favor of the request.

It is their intention to provide some sort of new amusement for the club members throughout the season.

Seventeen new members were admitted to the club last night, making the enrollment 550 persons. About 200 of last year's members are expected to reenter within the next few days.

INCREASE IN CIRCULATION.

An increase of 4,466 books is shown in the librarian's report for the past month over May, 1904, the total number taken out of the public library the past month being 14,102.

Of this number 2,493 were taken from the children's department, 549 from the adult department, 221 from the Carnegie branch, and 1,869 from the school supplementary reading department.

CHILDREN'S DAY SERVICES.

Children's day will be celebrated at the First Christian church, Tenth and Edmund streets next Sunday. There will be a special orchestra, full choir and a program is being prepared. One of the features will be the missionary offering, which is always large on these occasions. Special invitations have been sent out for the services by Rev. C. M. Chilton, pastor of the church, and James M. Irvine, superintendent of the school. The meeting will begin at 9 o'clock in the morning.

TOOTLE-LEMON STATEMENT.

A statement giving the daily interest on the city funds for May up to the nineteenth of the month was rendered to City Comptroller Ashbrook yesterday by the Tootle-Lemon National bank. The amount was \$940.40. Since May 19 the interest should be about \$800, it is said. The bank has refused to pay this money. The amount will be figured up and the matter then placed in the hands of City Counselor Norris by the comptroller.

CONTRARY WINS RACE.

Spirited Contest on Lake Results in Defeat of the Togo.

Trial races of the yachts on Lake Contrary are attracting much interest from local sports at present. Yesterday afternoon Captain George Robbins, builder of the boat Togo of the Lake Contrary fleet, in charge of the new cup challenger, Contrary, outtailed his own craft over the six mile course, reaching the home buoy by a margin of 30 seconds' lead.

W. T. Van Brunt with J. H. Van Brunt and Dr. George Northwood sailed the Togo. Gus Irwin and Commodore E. M. Platte completed the crew of the Contrary.

A fair wind yesterday was conducive to a good showing by both boats. The Togo rounded the north buoy 200 yards in advance of the Contrary.

At the west buoy the Togo still maintained her lead. The Contrary, however, caught a fair breeze and slowly began to close up the gap. At the north buoy the Contrary forged ahead and held a lead of almost 200 yards to the finish.

Captain Robbins is greatly pleased with the showing made by the Contrary, but is still satisfied that he has the fast, or boat.

The first of the trial races between the Togo and the Contrary, to determine which of the two boats will make the bid for the Omaha Street Railway cup in the Lake Manawa regatta the last of the month, will be sailed Monday afternoon. Gus Amundson of White Bear Lake, Minn., builder of the Contrary and Captain Robbins will each sail their own boats.

DOUBLE WEDDING.

Well Known Young People Married at a South End Church.

A double wedding took place in the auditorium of the Gooding Methodist church last night. The contracting parties were Dr. Clarence Elliott and Miss Vera Prindle, and Arthur Ray Prindle and Miss Mable Burton.

The church was tastefully decorated for the occasion and the bridal party marched to the altar to the accompaniment of a Mendelssohn wedding march, where the marriage ceremony was performed by Rev. V. O. White, pastor of the church.

Miss Prindle is the daughter of Mr. and Mrs. W. H. Prindle, and Miss Burton is the daughter of Mr. and Mrs. James Burton, both well known South St. Joseph families.

Dr. Clarence Elliott is employed in the bureau of animal industry. Arthur Ray Prindle, a brother of Mrs. Elliott, is engaged in the hardware business on South Sixth street.

After an informal reception the newly wedded couples left for short honeymoon trips to the west and north.

CONFETTI AT CARNIVAL.

Rode the Camel and Dreamed of Romance on the Desert.

Confetti down her back, confetti in her hair, confetti by the bushel sack, confetti everywhere. If you couldn't have fun on the Carnival grounds last night, you might as well make a contract with the undertaker, for you are certainly a dead one. That confetti business certainly gives you a chance to mix up informally, promiscuously and profusely and something like 5,000 whooping, yelling people, young and old got gay and full of minced paper on the grounds last night. But the girl who had the most fun was the one who rode the camel. She was numerous and noisy and ready to go again. She could swing and sway and send down great showers of minced and varicolored paper upon the surging mass below and didn't care a continental for ping pong girls as long as there were camels to ride. She got home, tired out at a late hour and, after tucking her pink toes away in bed, she dreamed of crossing the desert on board a camel.

NO CHANGES AT PRESENT.

Question of Additional Police For South End Not Yet Settled.

Chief of Police Frans, Captain McNamara and Sergeants Kelly and Gibson and Secretary Graves of the board of police commissioners will continue work on the local police force from yesterday to June 16 without new commissions.

The terms of these officers expired yesterday and the board of police commissioners, as is customary, will not hold a meeting to elect officers until June 16.

Dr. Doyle, who was recently appointed to the board of commissioners and elected its president, said the subject of the election of officers has not been taken up by the board, but that to his knowledge there will be no attempt to make a change at this election.

The question of appointing two sergeants for South St. Joseph and also that of a captain will probably be taken up by the commissioners at the next meeting.

An ordinance having been introduced in the city council to appropriate money for ten additional patrolmen, it is thought the new men will be named June 16.

AUDITORIUM FUNDS.

Work Has Begun and Subscriptions Should be Paid.

Actual work on construction of the Auditorium was finally begun on Wednesday of this week and it is now considered necessary for the completion of the building that all who have made subscriptions and who have not paid, do so without delay, said an officer of the auditorium association yesterday.

The collection committee and Secretary R. H. Todd have just completed sending out letters to all those who have failed to redeem pledges, made some months ago. The expense of this work has been heavy and good results are expected, although a number of the old subscribers have moved out of the city.

FOUND DEAD HORSE.

Patrolmen Davis and O'Brien of the South St. Joseph station were notified last night that a horse, evidently injured by being struck by a street car, was lying badly mangled a short distance north of the King Hill brick yards. The officers upon arriving at the scene found the horse dead. Between the fore legs lay a large butcher knife. No knife marks were evident upon the body and the presence of the weapon cannot be accounted for.

BASE BALL NOTES.

The longer the jobbers stay in town, the less the fans think of them.

Another large goose egg was put to the credit of the jobbers yesterday.

Call it the Rojestyevsky team of the league, and let it go at that.

Western league games yesterday resulted as follows: On the local diamond Sioux City 5, St. Joseph 0; Des Moines 4, Denver 1; Omaha 6, Colorado Springs 0.

The Shamrocks yesterday defeated the Messianic Street Sluggers by a score of 19 to 6 on the high school grounds.

The Nelson Morris Jrs. defeated the Hyde Park Juniors yesterday afternoon by a score of 7 to 4. The superior all around work of the Morris squad won the game. Batteries—Ault and Foster; Atkins and Carroll.

Captain Murray of the Nabiscoos has scored a game with the Easton, Mo., club for Sunday afternoon. In view of the inability of the two clubs to get together last Sunday, a double header will probably be played.

The Nabiscoos easily defeated the Gover, Mo., team last Sunday afternoon by a score of 17 to 6. Zimmerman pitched brilliant ball and had nine strike outs to his credit. Jones for Gover also pitched a great game.

TALK HOSPITAL PLANS.

Another meeting of the board of health was held at 10 o'clock this forenoon and further plans were discussed for the new emergency hospital building. Plans submitted yesterday were slightly altered and the expense of building thereby reduced. A rental of \$100 a month is asked for the present emergency hospital by Blum Brothers, who now own the building.

SPECIAL EXCURSION TO DES MOINES, IA.

Washington, June 2.—The Japanese official dispatch which confirms in every detail the associated press report from Tokyo, giving details of the Russian defeat and designating the three Japanese torpedo boats which were the only Japanese losses. It states that practically the whole fighting strength of both fleets was engaged and that the Russian fleet was practically annihilated.

KANSAS WHEAT HARVEST.

Topeka, Kan., June 2.—The Kansas wheat harvest will commence next Monday, according to information received by F. D. Coburn, secretary of the Kansas board of agriculture. Reports received by Secretary Coburn indicate the wheat is in fair condition. The crop will not be so large as was indicated a month ago.

SLIGHT JAPANESE LOSSES.

Tokio, June 2.—The Japanese losses in the battle of the Sea of Japan were 113 officers and men killed and 424 officers and men wounded. The completion of the revised list shows that the losses were under the original estimates. The flagship Mikasa was the heaviest loser, losing 63 killed and wounded.

HORSE MARKET

So far as supply was concerned there was an enforced quietness in the horse trade of today. Offerings during the part of the day were confined to a small number of horses picked up close to town, though there were some consignments reported due to arrive late in the day.

There is no apparent let-up in the inquiry for good classes of horses. A Pennsylvania order that should have been shipped yesterday has not yet been completely filled and it has become a regular thing lately that buyers are compelled to wait and fill orders by a piecemeal plan.

Market is fully sustained on a basis of recently advanced prices and it looks safe to get good drivers, big work horses and mules in here at any time, but handle all green and common stock with extreme care.

The following quotations are those current and quotable for horses and mules at private sale:

Table with horse and mule prices. Includes categories like Harness horses, Heavy draft, Farm chunks, etc.

Table with mule quotations. Includes categories like Hands, extreme range, Heavy draft, etc.

HORSE NOTES.

For any service other than slow work on dirt roads the horse with injured legs or defective formation in these members should be shunned, unless the injury be of such a nature that he will soon recover from it.

In a horse well marked fullness of brain half way between the eyes and the setting of the ears, accompanied by health and fullness immediately back of the ears are always connected with kindness of disposition and associated with ambition.

Advance Sale of Refrigerators

It may seem a little early to talk about a refrigerator, but hot weather will soon be here, and then you will want to be prepared, and besides we want you to come and see our line before purchasing, for we feel we can save you money.

The Preservation of Perishable Food is the First and Most Vital Point to Consider in a Refrigerator.

To attain this end requires a low temperature and absolutely dry air, which can only be attained by a perfect circulation of air in the refrigerator. We assert that the circulation of pure, dry, cold air in our refrigerators is so perfect that you can place a piece of thoroughly saturated blotting paper and a box of matches side by side in the provision chamber, close the doors, and in a few minutes the paper will be perfectly dry, and the matches will readily ignite and burn.

The Second Vital Point is the Economical Use of Ice.

It must have in addition a lining of non-conducting charcoal sheathing which is waterproof, air tight and odorless. The space between the outside and inside cases must be thoroughly filled with charcoal.

It must be provided with a drip pipe and trap, so as to exclude the outside air from the ice and allow the drip from the melting ice free exit.

It must be thoroughly lined with zinc and soldered air-tight.

Our refrigerators have all the above points of excellence not found in others. Come in and let us show you our line.

Horse Auction

Fifty Cars of Range Horses and Mules to be Sold at Auction

GRAND ISLAND, NEB.

Tuesday, June 6

COMMENCING AT 1:00 P. M. SHARP.

On account of hail, snow storms, rains and washouts on the railroads, we have offered a good excuse for not having more horses at our last sales, but there will be no excuse this time as the horses will surely be here at Grand Island, 50 carloads and perhaps 70 carloads. We want every horse buyer and dealer in the country here to help us out, and want them all sold in the afternoon from 1:00 p. m. sharp until sold. Rain or sleet, there will be no postponement of this sale.

We will have from 100 to 200 head of work horses which will be sold singly, also a few nice select teams that are unbroken and some spotted ponies. Yes, we will have a carload of good young mules from 1 to 4 years old. We have the promise of a carload of burrows of all sizes and colors. Now is the time to get in the horse business.

TO PURCHASERS OF CAR LOTS WILL DELIVER FREE to any intermediate point between Grand Island, Nebraska, and Sioux City, Omaha, St. Joseph, Kansas City, Manhattan and Topeka, on all lines having agreements with the U. P. and many towns on the B. & M. including special low rates east of Missouri river.
