CURFEW WHISTLE WILL TOOT

Arrangements for Curfew Completed. Business Men's Meeting.

Children of fifteen years and under must prepare to scold for cover upon the tooting of the curfew whistle. At the meeting of the South St. Joseph Business Men's club last night report was made that arrangements have been completed for the blowing of a curfew whistle promptly at 9 o'clock in summer and 8 o'clock in winter.

Mr. Davis explained that the cost of moving would be approximately \$400, and that they would require a fifty foot front near some railroad with a two year lease and an option on the property after the lease had expired.

The proposition was referred to the manufacturing committee for investigation with instructions to report at the next meeting.

A communication from Swift & Co. was read by Secretary W. S. Tuttle asking the club to cooperate with representatives from the packing plants to secure two deliveries each day by the express companies, through one of their agents, in South St. Joseph.

E. R. Kimber, chairman of the committee appointed to arrange for a street carnival in South St. Joseph, reported that it was now impossible to secure a carnival company for this year, but suggested that the committee be left standing to arrange for a carnival for the opening year.

Authorization was also given at the meeting last night to purchase orders for the completion of the Lake Contrary road. The cost will be small, as the road is now almost completed.

An effort will be made to dispose of the three heifers given by the Central Short Horn Breeders' association for the benefit of the auditorium fund.

HOT NIGHT ON THE HILL.

High School Has Class Night That is Up to the Weather.

unanimously voted that the class motto, "We can if we think we can" was well chosen.

Crowding the orchestra and filling the big gallery until standing room did not exist, the parents and friends of the graduates laughed at the many school jests and applauded at the success of this one or that one of the merry crowd assembled on the brightly lighted stage.

To retain the school atmosphere as long as possible, the students enacted their respective roles in a "typical class meeting" in the first part of the program.

President Dee Carpenter called the meeting to order, and Secretary Joe Roberts read the minutes of the last meeting, which directed attention to the short-comings or weak points of the seniors, causing laughter, but no offense.

Unfinished business relating to a class picnic was taken up, Fred Nieman designated "official seconder," and Roland Westover "class objector," becoming prominent.

The class poem by Miss Hilma Peterson related poetically the accomplishments of "05" since 1901.

AUDITORIUM COLLECTIONS.

Flattering Report of Conditions Made at Meeting Last Night. Collection of subscriptions to the Auditorium fund are reported to be satisfactory.

Quite a number of the larger subscriptions have already been cashed and Harry Bipek, chairman of the collection committee, reports a flattering condition in his part of the Auditorium work.

Swift & Company, since the last meeting of the committee, have tendered their full subscription of \$1,500. The Hammond Packing company also completed their subscription of \$1,000.

The subscriptions of the packing companies and of the Hotel Metropole were tendered promptly upon the announcement that funds were needed.

The prevailing spirit of the general mass of the subscribers has been demonstrated in an evident desire to pay subscriptions in full.

HORSE MARKET

One developing feature in the horse market at present, and which should be carefully noted by the country trade, is the discriminating tendency in favor of good class fat horses, and mules as well, against green and common light stock.

HORSE QUOTATIONS. Harness horses, Heavy draft, choice to extra, 170-200; Heavy draft, common to good, 120-175; Small chucks, extreme range, 80-120; Farm chucks, 1,150 to 1,500 lbs., 85-120; Southern horses, choice to extra, 100-130; Southern horses, plain to good, 40-70; Small plugs, 20-40.

With a lighter run all around than a week ago the local market ruled active and stronger with supply being quickly absorbed. Top sales showed 2 1/2c higher than yesterday and the bulk of business was on a basis of the advance although in some instances where quality did not suit buyers the prices were not more than steady to strong.

SATURDAY'S BUSINESS

Local receipts of cattle for the week totaled 7,100, as compared with 8,416 the preceding week, 7,157 a month ago and 9,874 for the corresponding week a year ago. Supplies at the five large markets aggregated 124,500, as compared with 145,700 the preceding week, 117,100 month ago and 115,400 for the corresponding week a year ago.

disposition among buyers to discriminate against grassy offerings on which prices show a decline of 10c to 15c for the week, and the trade generally expects a still further decline in this class as the season advances and they become more plentiful.

MONDAY'S BUSINESS

The aggregate receipts of cattle at the five leading markets reached 49,300, as compared with 37,400 for the corresponding day last week, and this enlarged marketing seriously affected values at other points.

STOCKS AND FEEDERS.

There was some movement toward the country yesterday afternoon, but the demand was not sufficient to enable dealers to make a clearance, and the outlook was for light trading today.

CATTLE.

Local receipts of cattle for the week totaled 7,100, as compared with 8,416 the preceding week, 7,157 a month ago and 9,874 for the corresponding week a year ago.

The big reduction in aggregate supplies this week gave value an opportunity to make substantial gains regardless of the lower prices prevailing Thursday and Friday.

CREATES DICTATOR.

Emperor Nicholas Places Internal Affairs in Strong Hands.

WILL CRUSH POLITICAL AGITATION.

The Czar Has Chosen the Most Stern and Uncompromising Man in His Kingdom to Do His Work.

St. Petersburg, June 5.—Emperor Nicholas' ukase virtually creating a government general Trepoft dictator has given rise to a mighty sensation. It is the imperial recognition of the crisis in the internal affairs of Russia and instinctively recalls the step taken by the emperor's grandfather, Alexander II, immediately after the attempt to blow up the winter palace in 1880 when he appointed a commission of public safety headed by Gen. Loris-Melikoff, except that the position of Gen. Trepoft will be more analogous to that occupied by Loris-Melikoff when later in the same year he was appointed minister of the interior with full control of the police.

Reaction and repression "doubtless will be the quick interpretation put upon the emperor's act as soon as it becomes known to the liberals, but to the columns of the official messenger and coming almost without warning, the ukase is not as yet generally known to the liberals, but to the initiated the future of Constantine Petrovitch Pobiedonostseff, chief procurator of the holy synod, looms large. Behind the scenes the old man remains as stern and as uncompromising as ever. He left what many believe to be his dying bed last Thursday and went to Tsarskoe-Selo where he spent almost the entire day with his majesty.

The decision to place in the hands of the strongest executive in Russia, which Trepoft is universally recognized as being, the power to crush with iron the political agitation which has brought Russia almost to the brink of revolution, according to public belief is the fruit of Pobiedonostseff's visit, for so far as can be ascertained not a single one of the emperor's ministers was in the secret.

The ukase came like a bolt from a clear sky. M. Boulignin minister of the interior could not face the humiliation and immediately resigned and it is not probable that the other ministers will follow suit. It is rumored in the city that Count Lamsdorff the foreign minister has already placed his resignation in the hands of the emperor and that he will be succeeded by M. Muravieff former minister of justice

and now ambassador at Rome. Admiral Alexieff has also demanded the acceptance of his demission.

Whatever he may do, it is nevertheless apparent that the emperor has decided that the hands of government shall no longer be forced by political agitation and the new legislative assembly shall bear the hall mark of imperial fashioning and not that of popular clamor.

The decision of the emperor undoubtedly was precipitated by the Russian disaster in the Sea of Japan, as liberals and radicals everywhere were preparing to make the best possible use of it in furthering their wishes.

The government also will be threatened with peace demonstrations, the first of which was to be a big meeting of zensovist and damaisat at Moscow Monday which Gen. Trepoft as his first act prohibited.

On the surface of things, therefore it looks ominously like the placing of Trepoft at the helm to deal with the internal crisis which the determination to pursue the war is apt to cause. Indeed there are rumors that a general mobilization has already been decided upon and that the appointment of Trepoft was made so as to enable the government to carry it out. It is dangerous to forecast the result of the change in the situation. As long as there will be vent for escaping steam in congresses and assemblies, pressure did not accumulate but with the extra weight on the safety valve and with the fires of internal agitation burning hotly there may be an explosion.

APPRECIATE RURAL DELIVERY

Records of Postoffice Department Show 4,708 Petitions for New Service Pending.

Washington, June 5.—According to tables prepared in the division of rural free delivery which have just been laid before Postmaster General Cortelyou by the Fourth assistant postmaster general, there is yet no perceptible abatement in the demand for rural free delivery service. There are pending 4,708 petitions for new service as against 5,470 similar petitions on file one year ago.

The work of establishing service is proceeding as rapidly as possible.

Rural routes are being ordered into effect at an average rate of about 600 a month. With the beginning of the new fiscal year, July 1, when the new appropriation for rural free delivery becomes effective, a large number of new routes will be established the service to start August 1. It is found necessary to give at least 60 days notice of the intention to start new service.

The greatest pressure for the continuance and extension of the services coming from the southern states.

HE NOW WALKS.

Without His Canes or Any Pain and Says the Boy Phenomenon Cured Him.

After Suffering 40 Years With Rheumatism and Having Exhausted All Other Methods Without Avail.

Mr. T. W. Munden, an Old Citizen, Now Says, "I Would Not Be Back Where I Was Last Monday for \$5,000."

The papers have contained so much that has been written, witnessed and experienced relative to the unparalleled cures that are daily being accomplished by the Boy phenomenon at 305 North Eighth street, that to those who have not witnessed his wonderful cures or been cured by him, it sounds like romance.

So marvelously strange and startling are some of his cures that they are almost beyond belief, and were it not that they have been seen and witnessed by thousands of the best citizens of St. Joseph they could hardly be given credence, but the proofs that such things are done are incontrovertible. With every testimonial published has appeared the full name and address of the person cured, if you doubt their printed story, Mr. T. W. Munden of 3011 Dearborn street has been a resident of this county nearly fifty years and what he says can be relied upon. He had become disgusted with medicine and discouraged in trying to get well, but when the Boy Phenomenon arrived, although without any faith he took treatment because his friends insisted he should try it.

Being so thankful for his sudden relief and restoration to health again, after being laid up so long, he gave the following statement for publication:

For forty years I have been subject to rheumatism, but some so severe as this last attack three years ago, which, with a contusion of other troubles, resulted in rheumatic paralysis that laid me up completely, with pains so terrible that it was with the greatest difficulty I could stand or walk, and only managed to get around a little with my cane. Six months I was unable to leave my house, suffering a thousand deaths every day. I had taken gallons of medicine and tried everything that I heard of for such troubles, but never got but temporary relief, and during the last three years could not even get that, as I suffered awful pains almost continually. But, since receiving treatment by the Boy Phenomenon, I feel like a new man. I never thought I would live long enough to enjoy such happiness and relief as I have had since last Monday. It is the greatest blessing I have ever known; words failing to express the relief and gratitude I feel. Respectfully,

T. W. MUNDEN. This is your opportunity to be cured. No matter what your condition, how long you have been sick, nor how many others you have tried, no matter what your doubts may be, there is hope to all who will take the trouble to investigate. And if after satisfying yourself that the Boy Phenomenon is all that he claims to be and that magnetism is the treatment you want, you must take advantage of your earliest opportunity to obtain an appointment if you wish to be treated at the present reduced prices, which will end in two weeks, after which his regular fees will be charged. His office at 305 North Eighth street, near Jule, is open daily, except the Sabbath, from 10 a. m. to 5 p. m.
