BRIEF CITY NEWS

Did any of you stop to think that yesterday was the longest day of the year? Fred Fiddler is the guest of Wathena relatives. T. H. Richey is reported to be ill at his home on King Hill avenue.

MUST WAIT TILL FOURTH

Chief of Police Proscribes Antepatriotic Exuberance. Chief Frans yesterday issued orders to patrolmen to stop all "previous" celebrating of the Fourth of July.

SHOT BY ROBBERS

River Front Scene of Battle Between Officers and Thieves. Two men, bent upon cutting adrift the sand boat at the upper plant of the Pioneer Sand Co., Third and Jackson streets, at 11:30 o'clock last night, shot Night Watchman Claude D. Gilbert through the left wrist in a hand to hand encounter on the deck of the boat.

MERRY PICNIC THROG

Retail Grocers, Butchers and Bakers Have Great Day at the Lake. The rising ruler of the day peeped up over the crest of old King Hill at about his usual time of peeping this morning; the mists that overhung packing town soon vanished and displayed the butcher, the baker, the grocer and their several and distinct wives, children, and more or less relatives all loaded and hooked up for a picnic.

PRESIDENT AT WORCESTER

Mr. Roosevelt Received a Hearty Greeting From the People of the Massachusetts City. Worcester, Mass., June 22.—The president's train reached this city three minutes ahead of the schedule.

CONDITONS IN RUSSIA

High Taxes and Poverty Make Life Miserable for the Poor Peasants. The budget of the empire exceeds \$200,000,000 and is increasing enormously, to the detriment of the rural taxpayers, who sustain this burden almost exclusively, while the privileged classes, supplied with much better means, do not pay anything like a just proportion, says the London Statist.

MERRY PICNIC THROG

Retail Grocers, Butchers and Bakers Have Great Day at the Lake. The rising ruler of the day peeped up over the crest of old King Hill at about his usual time of peeping this morning; the mists that overhung packing town soon vanished and displayed the butcher, the baker, the grocer and their several and distinct wives, children, and more or less relatives all loaded and hooked up for a picnic.

RECEIVED DEGREE OF DOCTOR OF LAWS

After the Address by Dr. Mable, who was Orator of the Day, the President Spoke Briefly, Referring to the Late Senator Hoar and the Public Services of President Wright.

HUNTERS' LICENCES

Some scores or more nimrod appeared at the office of the county clerk yesterday and took out licenses to arm themselves arsenals and dogs and chase incoercible little squirrels, puny logged snipe, shy little quails and other harmless things athwart the undulating face of nature.

NO ACTION TAKEN

No action was taken last night by the South St. Joseph Business Men's club upon the proposition to grant a bonus to the Davis-Gould Mill company. The club met in extra session for the purpose of taking the matter up for final action but the committee having the matter in charge was not ready to report.

SOLUTION CUTS THE ICE

Calcium Chloride Solves the Problem of Keeping Third Rail Clear of Sleet. The great difficulty that was experienced last year in keeping the third rail of electric lines clear of sleet will be recalled, says the Chicago Chronicle. A great number of suggestions have been offered for overcoming the trouble, such as a protection for the rail, use of sleet cutters, the electric heating of the rail, etc., but it would appear that the western scheme of using a solution of calcium chloride on the rail is the least expensive and the most practical.

EMPLOYING TEACHERS

School Board Rapidly Filling Ranks of City Pedagogues. The work of employing teachers for the coming city school year is now in progress and contracts are being signed by reappointed and newly elected instructors in the St. Joseph public schools. Twenty-five or thirty teachers yesterday renewed contracts. Numerous changes in the personnel of the corps have been made.

PROPOSE FAT STOCK SHOW

There is some talk of a stock show to be given under the management of the Retail Merchants' association in the near future. No authentic details have as yet been arranged but it is known that the association has such a project under advisement with a view of holding a live stock show in this city at some time during the summer months.

BASE BALL NOTES

Twelve innings, tie game at 3 to 3 was the Omaha-St. Joseph result on the local diamond yesterday. The dark headed mascot of The Journal bunch says he is not going to say, just yet, whether it was a case of playing ball on the part of the Jobbers or playing dog on the part of the Omahas.

ARE YOU GOING EAST? In making your arrangements for your vacation this summer it would be well to consider convenience and saving of time.

HORSE MARKET

For an off time of year there was considerable stir in the horse and mule end of the live stock trade today.

There was quite brisk inquiry for attractive horses for the local trade and the outside inquiry for rugged and well broken mules keeps up to more than a normal standard for the season.

Since yesterday morning some horses have been arriving for the auction and information at hand indicates a larger supply of good horses to be on hand than was anticipated—enough so to justify telegraphing some eastern men who had made inquiry and a number of outside buyers will be on hand.

Demand thus far this week has been fully up to the supply of the kinds of horses that are wanted, but this demand is very particular and will not accept anything on common or green order.

Quotable prices remain about the same as have been prevailing recently. The following quotations are those current and quotable for horses and mules at private sale.

Table with columns for 'HORSE QUOTATIONS' and 'MULE QUOTATIONS'. Lists various types of horses and mules with their respective prices.

New Hospitals for Panama. Panama, June 22.—The Panama Canal Commission has decided to build new hospitals, one at Empire with 500 beds; one at Colon with 96 beds; and one at Tobago with 100 beds; also to build a sanitarium.

German Lutherans at Detroit. Detroit, Mich., June 22.—With several hundred delegates present from various parts of the country the convention of the German Evangelical Lutheran synod of Missouri, Ohio and other states was opened here Wednesday with a religious service in Emanuel church at the corner of 17th and Pine streets.

Philadelphia Trust Company Failed. Philadelphia, June 22.—The City Trust & Safe Deposit company, for years rated among the most reliable financial institutions in the community, Wednesday closed its doors.

Score of Woodmen Foresters. Milwaukee, June 22.—Interest was at a high pitch Wednesday in the competitive drills of the Foresters at Camp Hawes. Joliet camp No. 2,872, with a score of 98,957, carried off first honors in the senior class.

Expect Funston at Reunion. Fort Scott, Kan., June 22.—The officers of the Twentieth Kansas regiment met here Wednesday to arrange the programme for its sixth annual reunion, which will be held at this place July 19.

Clinton, Mo. Bank Falls. Clinton, Mo., June 22.—The bank of Salmon & Salmon, the oldest and largest financial institution in this Hoary county, did not open its doors for business Wednesday.

Favor Salaried Secretary. Topeka, Kan., June 22.—By a rising vote, the State Christian Endeavor Society, at the meeting at the First Presbyterian church Wednesday morning, decided that a field secretary shall be elected on a salary to canvass and campaign the state continually for the purpose of working up interest and enthusiasm.

Many Want Peace Conference. Washington, June 22.—The announcement that the peace envoys of Russia and Japan, after convening here may adjourn to some other place if oppressive heat should prevail in Washington, has resulted in considerable rivalry among American cities and summer resorts.

Emporia, Kan., June 22.—Dependent because of ill health, Fred Klemm, a German farmer, shot himself through the heart Wednesday. He was well-to-do.

MANIAC SHOT NINE.

Barricaded Himself in a Hotel and Shoots to Kill.

BOMBARDED CARS FROM WINDOW.

After Holding the Police at Bay Two Hours, Stopping Street Car Traffic and Shooting Nine Persons He Killed Himself.

San Francisco, June 22.—After holding 1,000 persons at bay for two hours, shooting nine people and defying the police, Thomas Lobb, a maniac, killed himself.

The insane man was barricaded in his room on the fourth floor of the United States Hotel, 123 Eddy street. He went to the place Tuesday night and Wednesday morning began throwing furniture from the windows to the street. Several persons narrowly escaped being struck.

At 8 o'clock Lieut. John Green of the police rushed a strong squad to the scene, among the officers being five members of the crack rifle team of the department. They were unable to accomplish anything, however, as the maniac was strongly entrenched in his room and appeared to have an unlimited amount of ammunition.

It was determined that he must be captured, dead or alive and all the rooms adjoining the one he occupied were quickly filled with armed officers. A lively fusillade was begun through the door, transom and walls of the madman's stronghold, to which he responded with remarkable rapidity.

The plaster was scattered from the ceiling and walls and the police were soon covered with white flakes and nearly blinded by the lime. Officer Kassane attempted to peer through the transom, when he received a charge of shot which disfigured his face and completely riddled his helmet.

The body of the dead man has been identified as that of Thomas Lobb, aged about 28 years, apparently an Englishman and a stranger here. In his pocket was a card bearing the address of the British consul general, and a receipt from baggage showing that he was a recent arrival in San Francisco.

San Diego, Cal., June 22.—Thomas Lobb, who killed himself in a sensational manner in San Francisco on Wednesday after having shot nine persons, was a resident of this city nearly two years, leaving here a month or so ago. While here he worked at his trade as a carpenter and bore a good reputation as a workman.

Albany, N. Y., June 22.—The report of Superintendent Francis Hendricks, of the state insurance department, to Gov. Higgins upon his investigation of the Equitable Life Assurance Society was made public here and in New York Wednesday night.

In conclusion Superintendent Hendricks says: "No superficial measures will correct the existing evils in this society. A cancer cannot be cured by treating the symptoms. Complete mutualization with the elimination of the stock, to be paid for at a price only commensurate with its dividends, is, in my opinion, the only sure measure of relief."

"This report, with a copy of the evidence taken on this investigation, will be transmitted to the attorney general for such action thereon as he may deem proper."

MISSOURI'S OIL FIGHT. Hearing of Evidence Resumed Before Special Commissioner Anthony at St. Louis.

St. Louis, June 22.—A. L. Stocky, secretary of the St. Louis Oil company, was the first witness Wednesday when the hearing of the suit instituted by Attorney General Hadley of Missouri to revoke the charters of the Standard

Oil company, the Waters-Pierce Oil company and the Republic Oil company was resumed before Special Commissioner Anthony in the St. Louis appellate court room.

Mr. Stocky, stated that in some parts of Missouri his company came into competition with the Standard company, in other parts with the Waters-Pierce, and in some sections, where, according to the witness prejudice existed against both concerns, with the Republic Oil company.

He also told of an attempt to induce the company of which he is an officer to enter into the agreement by which the state is alleged to have been divided into separate fields of operation by the three defendant companies. The Republic Oil company was formerly known as the Spotted, Schumer & Teagle company, and, according to Mr. Stocky's testimony, cordial business relations existed between the latter concern and his company, but as soon as the name was changed, the witness stated, the company made "terrific drives at our business."

They Favor the Block System. Denver, June 22.—The annual convention of Train Dispatchers' association, which is in session here heard papers and addresses on subjects concerning the handling of trains and performed routine work Wednesday. The convention has reiterated its stand in favor of the "block system" for handling trains and the delegates appear to favor some legislative action to enforce the adoption of this system by the railroads of this country.

Secretary Macbie, of the association, believes that disastrous wrecks would be avoided by the use of the block system.

MEETING OF RIKSDAG

Extraordinary Session Was Called to Consider Norway's Secession.

WILL NOT FORCIBLY RESIST ACTION.

King Oscar in an Address Deplores the Dissolution of the Union. But Counsels Calmness and Prudence.

Stockholm, Sweden, June 22.—The extraordinary session of the riksdag summoned by King Oscar to deal with Norway's declaration dissolving the union, met for business Wednesday.

The session was opened by King Oscar in person with the usual ceremonial. The king made a speech from the throne in which he protested against the charge that by violation of the constitution he had provoked the step taken by Norway.

In the council of state which sanctioned the introduction of the bill in the riksdag the king and the premier were on the side of a pacific solution.

Premier Ramstedt spoke first, pointing out that it was not to Sweden's interest to resort to coercive measures. He recommended therefore entering into negotiations for a convention by which guarantees should be obtained conducive to the mutual welfare of the two countries.

The premier suggested that delegates be appointed to the end as it was only after such a conditional settlement and after the riksdag had fully considered the matter that Sweden would be in a position to decide as to her definitive approval of the dissolution and agree to annulling the act of union.

After several members had acquiesced to the premier's views, King Oscar with visible emotion spoke as follows:

"It is a painful step which the council of state calls on me to take. My conscience tells me that I have during my long reign always striven towards the object I had in mind at the time of my accession, namely, the welfare of the brother peoples. It is truly painful to me to contribute to the dissolution of a union in which I thought I saw the independence, security and happiness of the united kingdoms. If, however, I am ready to get this 1905 in order to avoid a still worse evil and in the conviction that the announcement of mutual accord would bring no real advantage to Sweden."

"I have acted," the king said, "in accordance with my conscience and always in conformity with the constitution and with the desire to work conscientiously for the true welfare of the peoples. The bill presented to the riksdag does not aim at replying to injustice by acts of coercion. The union is not worth the sacrifices which acts of coercion would entail. A union into which Norway would be forced in such a manner, would be of little value to Sweden."

The king concluded with expressing the hope that the Swedish people would be guided by calmness and prudence and that God would give them strength and unity to reign within their own frontiers what they had lost by the dissolution of the union.

His majesty showed marked emotion when he referred to the recent events in Norway and affirmed that his action was dictated by regard for the true welfare of the two countries. His speech was heard in tense silence, and there was tears in many eyes, while the stern gravity of the majority of the faces gave evidence of deep appreciation of the solemnity of the occasion.

When the king had concluded the presidents of the chambers stepped forward and conveyed to him assurances of the devotion of the chambers to his majesty.

THE JAPANESE ADVANCE.

Drama's Force Making Steady Gains in the Direction of Khabarovsk's Headquarters.

Tokyo, June 22.—The following official despatch was received Wednesday from the headquarters of the Japanese army in Manchuria: "In the direction of Welyuanpaomen our detachment occupied Lienbwachieh June 18 without encountering resistance. It also occupied Yengmulinzu, 20 miles northwest of Welyuanpaomen and drove the enemy back on his positions on the Kirin road."

"Farther north another force the same day dislodged the enemy from Yangtzu pass and the vicinities ten miles north of Welyuanpaomen and occupied a line of hills northwest of Shihuiwotzu and those seven miles north of Yangtzu pass. Our forces also routed the enemy holding positions north and northwest of the same place."

"In the Changtu direction our force advanced along the railroad and dislodged the enemy's cavalry and infantry, holding an eminence two miles north of the Shatoku railroad station and took possession of a line of hills south of Sulmao and 18 miles northeast of Changtu June 19. The station was found to be demolished. Our casualties were four men wounded. The enemy left ten corpses, including the body of an officer and three horses

killed. Our force captured one machine gun and one horse. The enemy's loss must have been heavy.

"Our force advancing on the Feng-hwa road after a vigorous fight with infantry and artillery from three in the morning of June 19, dislodged the enemy from Peifangchengkou, ten miles southeast of Hsilienchian and occupied at 8:40 the same morning Liutiaokou, 16 miles north of Changtu."

FAST TRAIN WRECKED.

The Lake Shore Scores First in Wrecking Fast Train at Mentor, Ohio.

Mentor, O., June 22.—Running at the rate of more than 50 miles an hour, the Twentieth Century Limited on the Lake Shore railroad, dashed into an open switch at the passenger station here shortly before 10 o'clock Wednesday night. Four or five persons were killed and 12 or 15 injured. The combination baggage and smoking buffet car and the coach behind it caught fire and were destroyed.

The train was eastbound, having left Cleveland about 9 o'clock and as it does not stop here it was running at great speed. The engineer did not notice the open switch until the train struck it. The engine left the rails and plowed into the ground, tearing up the track for yards. The two coaches following it jammed into it with great force and were crushed, the fire from the engine setting them ablaze. Fortunately most of the occupants of these two coaches were rescued before the fire reached them.

Among the killed is the engineer, the other dead being passengers who were so badly hurt that he will die and among the injured is a Mr. Wellman of Cleveland, and Attorney Bennett, of New York.

The Lake Shore officials at once summoned all the doctors within reach, a number coming from Cleveland. The dead and injured were taken care of and sent on a special train to Cleveland where they will be placed in hospitals.

BOWEN STRIKES BACK.

Former Minister to Venezuela Maintains That His Charges Against Loomis Are True.

New York, June 22.—Herbert W. Bowen, formerly minister to Venezuela, Wednesday made public a long statement in reply to President Roosevelt's letter dismissing him from the diplomatic service as a result of the investigation made by Secretary Taft into the controversy between Mr. Bowen and Francis B. Loomis, first assistant secretary of state.

Mr. Bowen declares that the "Venezuelan scandal constitutes a national disgrace." He asserts that "the Loomis scandal" provoked Caracas and constantly "grew worse and worse." Mr. Bowen says that shortly after he called the matter to the attention of the department of state he received a cable offer from Washington of diplomatic promotion that would remove him from Caracas.

"I admit," he declared, "that I regarded the offer as an attempt to bribe me, veiled under the offer of higher position and inspired by Mr. Loomis. I make no doubt that in the course of the recent inquiry it has been sufficiently plain that I did not think Mr. Loomis an honest man and that I did not believe his conduct as minister to Venezuela had been honorable."

Mr. Bowen says that the recent departmental inquiry should not prevent "an open, impartial, fearless and thorough investigation into all the facts." "Suppression of truth will never establish it," he adds, "Tolerance of evil will never crush it. No officer, however high, should shelter a wrongdoer."

MAY CALL OUT MILITIA.

Gov. Folk Determined That Laws Shall Be Enforced in St. Louis County.

St. Louis, June 22.—A conference Wednesday night between Gov. Folk, Herbert S. Hadley, the attorney general, and John Kennish, assistant attorney general resulted in an agreement that Mr. Kennish should attempt Thursday to force the officers of St. Louis county to stop pool selling at the Delmar race tracks. The races Wednesday were poorly attended, but pool selling went on.

Mr. Kennish is instructed to call on Sheriff Herpel to swear in a force of deputies large enough to handle the crowd at the race track and arrest every man found in the betting ring, no matter what part he may be taking in the betting. If Herpel refuses to enforce the law when this demand is made, the St. Louis county will be regarded as being in a state of lawlessness and it is altogether likely that within three days a force strong enough to take possession of the track and the gamblers and hangers-on will be ordered out.

It is generally known that four companies of the First regiment of National guards of Missouri and a battery have been told to be ready.

An Indian Round Up.

Lawton, Ok., June 22.—The entire tribe of Apache Indians, all prisoners of war of Ft. Sill military reservation, were Wednesday engaged at herding their 5,000 head of cattle from prairies of a 52,000-acre reservation for the purpose of branding and shipping a portion to markets. It was gala day for the tribe, who were assisted by military authorities, and Indian Sub-Agent, Geronimo, mounted on a sorrel racer, participated in the round-up.

PROTECTED MORTON.

President Roosevelt Refused to Prosecute Secretary of Navy.

SPECIAL COUNSEL HAD ADVISED IT.

Held That the Corporation Should Be Prosecuted for Violation of Injunction and Not the Officers of Santa Fe Railroad.

Washington, June 22.—President Roosevelt has taken occasion to express himself in most positive terms complimentary of the integrity and ability of Paul Morton, former vice president of the Atchison, Topeka & Santa Fe Railroad company, and now concluding his duties as secretary of the navy that he may assume the chairmanship of the board of directors of the Equitable Life Assurance Society of New York. These expressions are contained in two letters, one addressed to the attorney general and the other to Mr. Morton. The letters were made public Wednesday by the administration together with a number of others which, taken together, show the precise point of difference between the department of justice and Messrs. Harmon and Judson, who recently appeared as special counsel for the government in the rebate case involving the Santa Fe road and the Colorado Fuel and Iron company.

The special counsel wished to bring contempt proceedings against the officers of the road, which would have included Mr. Morton. Their position was that the testimony adduced before the interstate commerce commission established a violation of the court order of March 25, 1902, restraining the company from executing any agreement to transport interstate traffic at rates lower than the published tariff of the road.

This testimony they contended contained a prima facie case against the officers of the road and the only way to ascertain their guilt or innocence was through contempt proceedings.

Attorney General Moody opposed bringing the contempt proceedings on the ground that, while the evidence before the commission might show a violation of the injunction by the road, it contained nothing connecting and officer of the company with such violation. President Roosevelt took the same view. Both the president and the attorney general agreed that contempt proceedings should be instituted impersonally against the corporation in both the Colorado Fuel and the International Harvester case. The latter case, the president says, stands exactly on the same footing and involves practically all of the western roads.

ANOTHER RIOT IN POLAND.

Dragoons and Cossacks Fire on a Procession of Workmen, Killing 18 and Wounding 100.

Lodz, Russian Poland, June 22.—Eighteen persons were killed and 100 wounded Wednesday night by volleys fired by dragoons and Cossacks on a procession of 50,000 workmen which had been organized as a demonstration against the government.

The demonstration had been quietly arranged. At 8 o'clock the workmen, 50,000 strong, with 30 red flags, marched through Piotrkowska street shouting "Down with despotism." They gathered in the old market place where speeches were made by Socialists.

Up to this point the police had not interfered. At 9 o'clock the procession reformed and was marching up Glowna street, when suddenly the Cossacks and dragoons rushed from the side greets and fired a number of volleys. The crowd fled panic stricken leaving 18 killed and 100 wounded.

Stoessel Was Justified. London, June 22.—A despatch to the Exchange Telegraph company from St. Petersburg says the commission appointed to investigate the capitulation of Port Arthur finds that the surrender of the fortress was justifiable.

UNEXCELLED SERVICE VIA FRISCO SYSTEM.

Plan Your Vacation Now

Don't wait until the hot weather forces you to select some resort in a hurry. Plan your vacation NOW. Study the summer books descriptive of the lake resorts of Wisconsin, Minnesota and Michigan, issued by the

Chicago, Milwaukee & St. Paul Railway.

These will be sent to those interested, free. They will tell you about the northern lake resorts, what it costs to get there, how much to stay there, and the best train service there and back. Of course, you know The Southwest Limited is the train to take, if you want the best. Leaves Kansas City Union Station 5:55 p. m., Grand Avenue Station, 6:07 p. m., arrives Union Station Chicago, 8:20 a. m. next day. Direct connections for Wisconsin lake resorts.

G. L. COBB, Southwestern Passenger Agent, 907 Main St., Kansas City, Mo.
