### CATTLE.

Receipts Continue Moderate, Active Demand For Light Best Steers.

The marketward movement of cattle is continuing of moderate proportions at all leading points, five markets having had only 67,000 for two expired days of the week against 77,000 for the same last week. This continued moderate movement is beginning to have some effect upon the trade that is noticed in a more free movement among buyers, although values on fat steers are not much if any higher. The activity of demand is more noticeable on light and medium weights than upon the heavier and higher priced grades. This is perhaps due to some extent to the smaller proportion and relatively higher prices at which fat dressed beef and butcher cows and heifers are selling.

Today the local supply of steers was proportionally liberal, but it did not include anything on strictly choice or prime order. There was quite free movement to the trade in light and cheaper priced grades of steers and prices were full steady to strong, buyers all looking for cattle to sell from around \$5.00 down. In the heavier weights while the supply was not large the market was slower in getting started, although there finally proved to be demand enough to absorb offerings at full steady prices.

Bulk of steers here were of grades selling between \$4.40 and \$5.00, with best here for the day selling at \$5.25, although choice heaves would have sold around \$5.75 or better.

### HOGS.

Live Pork Prices on Upturn, 10 @ 15c Higher on Bulk, Active.

More liberal marketing than last week and prices ruling higher are encouraging factors to the selling interest in the hog trade. It looks as though packers have got around to a point where they want to start prices up for hog product. "The situation is either this or the slaughterers are anticipating small supplies with the breaking up of country roads. Cattle can be moved in mud, but hogs can't."

Supplies at this point for two days show an increase of 2,000, while at five leading markets for the same time the increase amounts to 30,000. In the face of this the demand proved active today and sales showed an uneven advance of 5 @ 20 cents, with the bulk selling at 10 @ 15 cents over bulk prices of Monday. At this advance the supply was well moved out before the noon hour and the market closed strong at the advance. Only a few pigs were offered and the market for them was unchanged.

Hogs were better in quality and heavier in weight than yesterday, there being a big showing of smooth quality weighing above 250 lbs. with plenty in the 300 lb. class and up.

Prices ranged from \$4.05 @ 4.42 1/2, with the bulk selling at \$4.15 @ 4.25. The bulk yesterday sold at \$4.05 @ 4.20, a week ago at \$4.20 @ 4.45, a month ago at \$4.25 @ 4.35, a year ago at \$6.82 1/2 @ 6.92 1/2, two years ago at \$6.05 @ 6.15, three years ago at \$4.85 @ 5.00, four years ago at \$5.10 @ 5.35.

### SHEEP.

Sheep About Steady—Lambs 10 @ 15 Cents Lower.

Another decline was registered in lamb values today while sheep held to about a steady level. First estimates called for a run of 2,500, but later 5,700 was posted. The run at leading points totaled 34,200, or slightly in excess of last Tuesday's arrivals.

A lot of local fed stuff got in and Colorado was poorly represented. Sheep were scarce, the supply running largely to lambs. Quality was fair, although some inferior stock was offered. Lamb trade was irregular. Some lots sold a dime lower, but bulk showed a 1c depreciation, while in extreme cases the slump was more marked. With the market on a down grade trading was of a sluggish nature and the clearance was late. Good heavy weight lambs sold largely at \$5.50 @ 5.55. A four car split of yesterday's \$6.55 Mexican lambs was on sale. Two cars sold at \$6.55 and the balance went at \$6.50. A range of \$6.20 @ 6.25 took a good share of the big lambs. A string of lambs selling at \$6.55 were duplicates of last Thursday's \$6.80 offerings.

The sheep end of the deal was about steady as to prices and trade had pretty fair tone throughout. Mexican ewes sold at \$4.90. Offerings included the first shorn sheep seen here in several weeks, a bunch of 97 lb. wethers in this class selling at \$4.65.

SAILORS SAW A BULL FIGHT
More Than 5,000 Men from the Fleet Were There.
The Bands Played Patriotic Airs, Ladies Wore Picture Hats and Two Matadors Were Hurt.
Lima, Feb. 25.—Ten thousand spectators, more than half of whom were officers and men of the American fleet, witnessed a thrilling bullfight Monday afternoon. President Pardo and his staff occupied the royal box, and the adjoining boxes were filled with the higher officers of the visiting warships. Society, too, was prominently represented and the spectacle from start to finish was one not soon to be forgotten, especially by those who had never witnessed such a scene.

FOR A NEW RESERVOIR.

Fish Commissioners Hold Session at Hatchery, south of City.
Meeting in the new building just erected at the state hatchery, south of the city, the Missouri state fish commission yesterday held a comparatively quiet session. The new structure, erected at a cost of \$2,000, met with the approval of all the members of the commission.
After an inspection of the grounds, the commission voted to spend \$500 in improving the ten acres owned at the hatchery, beautifying the grounds, and if possible, to convert them into a park. Alliances were made for enough money to erect a new reservoir for the fish. The commission is composed of R. E. DeWitt, South St. Joseph, J. M. Soutland, secretary, St. Louis, Mo.; W. H. Hughes, St. Louis, Mo.; Richard Porter, president, Paris, Mo.; John Gabe, Brown, Mo.

RAN DOWN WOMAN.

Tea Party, After Injuring Mother and Her Little Girl.
Running to catch a southbound South Park street car at Sixth and Edmond streets at 3 o'clock yesterday afternoon, Mrs. C. D. Perkins and her 3 year old daughter were run down by a teamster who was driving swiftly in the same direction the car was going.
With blood spurting from the cheek of the child, where it had been cut by a hoof of the horse, and both shaken up as a result of being trampled upon, the woman and child were taken in a nearby drug store. Dr. W. B. Riley attended them. They were later removed to their home, 1624 Pacific street. Neither are thought to have been seriously injured.
Not waiting to see what damage he had done the teamster whipped up his horse and drove rapidly away. The police are searching for him.

RETAILERS BANQUETED.

Held Annual Feast at the Metropole Last Night.
Retail merchants, their clerks and their friends, numbering more than 150, last night attended the third annual banquet of the Retail Merchants' association given at the Hotel Metropole. The long tables were arranged in the shape of a double T and at the head sat President Frederick Neudorf and Mayor W. E. Spratt, who was the first speaker on the program with the toast "How It Feels to Leave the Mayor's Office."

A WOMAN'S RIGHTS

The Supreme Court Upholds the Oregon Law Limiting Her Hours of Labor.

NEEDS MORE PROTECTION

Justice Brewer Goes Beyond Mere Personal Reasons in Deciding That Her Contractual Rights May Be Abridged.
Washington, Feb. 25.—That laundries and other concerns employing females in mechanical labor in Oregon may not require such employees to work more than ten hours a day in compliance with the law enacted by the legislature of that state in 1903, was proclaimed Monday by the supreme court of the United States in the case of Curt Muller, a laundryman doing business in Portland vs. the state of Oregon. Muller attacked the law as unconstitutional, claiming that it puts a limitation on the power of contract. The Oregon supreme court upheld the statute on the ground that it is a police regulation, and its decision was affirmed by the federal supreme court in its ruling Monday. The opinion was by Justice Brewer.

Holding first that women's rights can be no more infringed than those of men, Justice Brewer went still further and held that on many accounts women are entitled to greater protection than her brother. On that point he said in part:
"Differentiated by these matters from the other sex, she is properly placed in a class by herself, and legislation designed for her protection may be sustained, even when like legislation is not necessary for men, and could not be sustained. It is impossible to close one's eyes to the fact that she still looks to her brother and depends upon him. Even though all restrictions on political, personal and contractual rights were taken away, and she stood, so far as statutes are concerned, upon absolutely equal plane with him, it would still be true that she is so constituted that she will rest upon and look to him for protection; that the physical structure and a proper discharge of her maternal functions—having in view not merely her own health, but the well-being of the race—justify legislation to protect her from the greed as well as the passion of man. The limitation which this statute places upon her contractual powers, upon her right to agree with her employer as to the time she shall labor, are not imposed solely for her benefit, but also largely for the benefit of all. Many words can not make this plainer. The sexes differs in structure of body, in the functions to be performed by each, in the amount of physical strength, in the capacity of long-continued labor, particularly when done standing, the influence of vigorous health upon the future well-being of the race, the self-reliance which enables one to assert full rights, and in the capacity to maintain the struggle for subsistence. This difference justifies a difference in legislation and upholds that which is designed to compensate for some of the burdens which rest upon her."

NEWLAND'S RIVER BILL UP.

Washington, Feb. 25.—The Newlands bill for the appointment of an inland waterway commission and appropriating \$39,000,000 as a special fund to be known as the "inland waterway fund," was taken up Thursday by the senate committee on commerce. In view of the great interest aroused by President Roosevelt's messages and speeches on the general subject, it is likely that a bill will be reported from the committee at the present session.

A SPECIAL IN THE DITCH.

Laredo, Tex., Feb. 25.—The Gates special enroute to the border, carrying John W. Gates and son, Charles, is said to have gone in the ditch at Encinal, a station 45 miles from this city. Every car left the track. Callers Monday night started from the railroad station with instructions to get all available physicians.

CRIMINAL CODE BILL READY.

Washington, Feb. 25.—The bill to revise the criminal code of the United States was passed by the committee of the whole of the senate Monday and was ordered reported with amendments so that it might be put upon its passage.

SATURDAY'S BUSINESS

CATTLE.

Finish of the Week Shows Down Turn in Live Beef Market.

About 1,000 cattle arrived here today but fully half of the number were Texans bled through to the north, going to the range country...

The best cattle here this week sold at \$5.55, although \$5.55 was bid for one lot that the owner would not take and went on to take slim chances on another market.

COWS, BULLS AND MIXED.

Trading in this branch today was of a small clean-up character and did not furnish a market criterion...

STOCKERS AND FEEDERS.

Yard dealers have been disappointed in the week-end volume of outgoing trade and will be obliged to carry a considerable number of their young cattle into next week.

MONDAY'S BUSINESS

CATTLE.

Supply Moderate, But Demand Appears Indifferent on Steers.

Opening market day of the week did not bring out as many cattle at leading markets as were expected.

STOCKERS AND FEEDERS.

A slim fresh supply held prices on a steady basis in this branch of trade.

COWS, BULLS AND MIXED.

Offerings of cows were moderate for opening day of the week and the demand was good from all sources.

Trade opened early and carried very fair life until supplies were exhausted, in striking contrast with Friday's dull and lower market.

Bulls sold fully steady with the close of last week. Good shippers and exporters sold at \$4.00 to \$4.40 and a good class of butchers at \$3.60 to \$4.00.

FEEDING COWS AND STOCK HEIFERS.

It is not impossible that the buying and slaughtering interests see a big falling off ahead as a result of thawing weather that will make the marketing of hogs a tough proposition on account of bad roads.

Quality of hogs was fairly good, although there is still a large proportion of lighter weights.

Prices ranged from \$3.95 to \$4.50 with the bulk selling at \$4.05 to \$4.20. The bulk Saturday sold at \$4.00 to \$4.10, a week ago at \$4.10 to \$4.30.

## ELKINS LAW HOLDS

Supreme Court Decides Hepburn Act Did Not Repeal Section One of That Statute.

## GREAT NORTHERN LOSES

Justice White Rendered the Decision Which Sustains the Findings of the Minnesota Court and Court of Appeals.

Washington, Feb. 25.—The question whether the railroad rate law, known as the Hepburn act, repeals section 1 of the Elkins act prohibiting rebates by railroads, was involved in the case of the Great Northern Railway company vs the United States, which was decided Monday by the supreme court of the United States against the railroad company and against the contention of such repeal.

The case was instituted in the United States district court for the district of Minnesota, which court fined the railroads \$1,000 each for 15 violations of the first section of the Elkins law.

The alleged offenses against the law were committed during the summer of 1905 and consisted in granting concessions to the W. P. Deveraux company on its shipments of oats and corn from Minneapolis, Minn., to points in Washington. The company admitted the concessions and fought the prosecution on the ground that by amending the Elkins act so as to provide for punishment by imprisonment rather than by fines, the Hepburn law had modified the original law as to accomplish its repeal and render punishment under it impracticable. Monday's decision was announced by Justice White and affirmed the finding of the district court and the United States circuit court of appeals.

Justice White said that the effect of the Hepburn law in repealing the Elkins act must be considered in the light of Section 13 revised statutes, which provides that the repeal of any statute shall not have the effect of releasing any penalty or liability incurred under the statute repealed. He said it was clear that the mere repeal of a statute does not in any way repeal that statute and there could be no contention that standing alone the act had the result of destroying the effect of Section 13. Quoting Section 107 of the Hepburn act, which provides that the act shall not affect causes pending in the courts, Justice White said:

"The difficulty of construction, if any, arises from the word following the general repealing clause: 'But the amendments herein provided for shall not affect causes now pending in the courts of the United States, but such causes shall be prosecuted to conclusion in the manner heretofore provided by law.' These words, we think, do not, expressly or by implication, conflict with the general rule established by Section 13, revised statutes, since by their very terms they are concerned with the application of proceedings pending in the courts of the United States of the new methods of procedure created by the Hepburn law. Any other construction would necessitate expunging the word 'shall be prosecuted to a conclusion in the manner heretofore provided by law.'"

Sustains Judge Landis. Chicago, Feb. 25.—The decision that the Hepburn act does not repeal Section 1 of the Elkins act takes away one of the big points on which the Standard Oil company, is basing its appeal from the fine imposed by Judge Landis," said District Attorney Sims in Chicago Monday. "Incidentally it is a big feather in Judge Landis' cap. He was the first jurist to decide this point."

Engagements Must Be in Writing. Omaha, Neb., Feb. 25.—Bishop Richard Scannell, of the Catholic diocese of Northern Nebraska, has made a ruling for his diocese that all marriage engagements must be made in writing, witnessed by two persons before priests will be permitted to perform the marriage ceremony. He declares that engagements have come to be looked upon so lightly that this ruling becomes necessary. It is effective after Easter Sunday.

Treaty Protects Japanese. Victoria, B. C., Feb. 25.—The court of appeals Monday afternoon upheld the decision of Chief Justice Hunter that the Natal act passed by the British Columbia government was inoperative as far as Japanese were concerned because of the treaty existing between Japan and Great Britain and made applicable to Canada by a dominion act of parliament.

Three Children Cremated. El Paso, Tex., Feb. 25.—Three children of Mr. and Mrs. W. A. Davis, the eldest three and a half years old were burned to death Sunday afternoon in a fire which destroyed their home in Santa Rosa, N. M. It is supposed the fire was started by the explosion of a gasoline stove, while Mrs. Davis was calling upon a sick neighbor.

It is a Slow Race. Chicago, Feb. 25.—Late Monday the automobiles entered in the New York-to-Paris race were still trying to reach Chicago. The leading car was the American, and it was at Chesterton, Ind., 41 miles from this city, and making progress at the rate of one mile an hour.

## CONGRESSIONAL SUMMARY

The Senate Devoted the Day to Speech Making.

House Witnessed Unusual Spectacle of Speaker Cannon Overruling Committee of Which He is Chairman.

Washington, Feb. 25.—Ocean mail subsidy and currency legislation were both the subjects of speeches in the senate Monday.

Senator Gallinger opened the debate in favor of his bill for ocean mail subsidy to build up an American merchant marine and he was followed by Senator Dewey who strongly approved the measure.

Senator Simmons of North Carolina and Whyte of Maryland, spoke in criticism of the Aldrich currency bill, Senator Whyte announcing that he would not vote for any measure now before the senate. An hour was devoted to further consideration of the bill to revise the criminal code.

The unusual spectacle of the committee on rules being overruled by its chairman, the speaker on the floor of the house was witnessed in that body Monday, much to the discomfiture of Mr. Dalzell, a member of the committee. Mr. Dalzell brought in a resolution providing for an investigation of peonage in the southern states, but the speaker on an objection by Mr. Mann (Illinois) held it was not privileged. Despite Mr. Dalzell's argument the speaker refused to alter his decision and the resolution was recommitted.

The army appropriation bill, carrying \$85,007,566 was taken up. After Mr. Hull (Iowa) had explained its provisions, Mr. Slayden (Texas) criticized "The enormous extravagance for the military establishment," while Mr. Holliday (Indiana) pleaded for increased pay for the enlisted men of the army.

Other speeches were delivered by Mr. Hamilton (Iowa), who favored tariff revision and by Mr. Washburn (Massachusetts) in favor of removing the restriction of the Sherman anti-trust law regarding organizations of merchants in certain cases.

Chained to Telephone Pole. Harrisburg, Ill., Feb. 25.—The stocks and pillory of early times were revived in memory here Monday when D. H. Dillon, said to be a former Chicago gambler, was chained to a telephone pole all day for refusing to pay his fine for having fleeced several young men of the town. He was arrested and fined for running a poker game. Shackles were placed about his feet and he was securely fastened to a telephone pole in the lock-up yard. Chief Pridwell says the character of the punishment was advised by Judge McKenzie, who fined the prisoner. The chief said Monday night Dillon would be chained up daily until he pays his fine or agrees to work on the city streets.

Attorneys General in Conference. Austin, Tex., Feb. 25.—The next convention of the National Association of Attorneys-General was called to meet at Denver in August by a majority of the executive committee in session here Monday night. The date of the meeting will be decided at a session to be held in St. Louis in March, at which a number of attorneys-general will be present. Attorneys-General Hadley, Jackson and Asstants Lightfoot and Blake continued their conference with reference to trusts and necessary legislation.

Forfeited a \$10,000 Bond. Omaha, Neb., Feb. 25.—J. H. Edmiston, ex-chairman of the Populist state committee, failed to appear in federal court Monday morning for trial on charges of perjury in connection with land frauds, and his bond of \$10,000 was forfeited.

## THINK IT A PLOT

The Murder of a Catholic Priest in Denver Church May Have Been Premeditated.

## WOMAN SAW TWO ITALIANS

Chancellor of the Archdiocese of Chicago Believes a Society Exists to Make War on the Church.

Denver, Col., Feb. 25.—It developed Monday night that a woman, a member of St. Elizabeth's church, who was present in the church Sunday when Father Leo Heinrichs was shot by Giuseppe Guarnaccio, the self-confessed anarchist, Monday told one of the priests of the church that a week or so ago she saw two Italians together in front of the church and that one of them was pointing toward Father Leo, who was standing nearby talking to a parishioner. She is certain that one of the men was Guarnaccio and that he was the man who apparently was interested in ascertaining the identity of Father Leo. On the strength of this statement, the police again took into custody Mike Brunetti, the roommate and companion of Guarnaccio who was arrested Sunday but later released. He is being held for investigation. The police are now working on the theory that a well laid plot for the murder of Father Leo had been worked out by Guarnaccio and some of his associates, possibly anarchists.

Chicago, Feb. 25.—That a society exists with the purpose in view of carrying on warfare on the church as its aim is the conviction of Rev. Edward F. Dunne, chancellor of the archdiocese of Chicago. Chancellor Dunne said Monday night that he believed that Alcio received his inspiration to murder at a meeting of the society in Chicago last December.

"I have reason to think," he said, "that the Denver tragedy was nothing less than a step in a general scheme to make good the anti-clerical society in civilization. It is said that Alcio attended such a meeting. I am told by competent authority that he was in Chicago at that time. It is reasonable to assume that he sought his own level. That level was the meeting which had been advertised in the Tribune. So far as I am concerned, and I voice the sentiment of many Catholics of Chicago, the impression is strong that Alcio gained whatever inspiration he had for the Denver tragedy at that meeting on December 15."

Chancellor Dunne was informed Monday by several Italian priests that a man answering the description of the assassin had been seen in several of the Chicago Roman Catholic churches.

# TALLOW, FURS, FUR PELTS, WOOL, HIDES

THE eastern hide market has declined from a half to one cent per pound the past week, and indications are that prices will be still lower. We are reducing our quotations for the coming week one-half cent, and shall be pleased to receive whatever goods are consigned to us on this basis, but unless conditions are improved we shall probably reduce prices another half cent next week.

Tanners have fallen completely out of the market claiming they have enough short haired, fall hides to carry them over until the better quality hides are being received in the spring, and they do not desire to purchase any of the long haired winter grubby stock, and if they do so it will be at greatly reduced prices. We consider it policy to keep closely sold up on hides as you take considerable risk even at the low prices, by allowing them to accumulate.

Furs are in demand at full prices. Tallow market weak.
