CATTLE.

Lively Demand For Steers With Prices
Strong to Dime Higher.

There was no hesitating on the part
of steer buyers today and the supply
was quickly absorbed at prices fully
strong to around a dime higher than
on the opening market of the week.
Supplies were not large at any point,
the local run for two days at this
market being about the same as a week
ago, while at five markets the 63,500
total for two days is upward of 3,000
less than for the same time last week
and 18,000 less than a year ago.
Offerings during early part of the
day did not include any cattle on
choice heavy order, the best here
being in the handy weight line, averag-
ing less than 1,200 lbs. and selling
at \$5.70, while anything of choice to
prime quality would have sold around
and over the \$6.00 mark. Later \$5.90
was paid for a full load and with
a few at \$6.00. There was a fair
showing of light to medium weight
steers of attractive quality and
these met quick outlet at the strength
of the market with sales ranging
from \$5.20 to \$5.60. The lower priced
light weights hardly got full benefit
of the market strength and sold steady
to strong in a range of \$4.50 to \$5.20,
but with few loads selling as low as
the low figures quoted.

Market movements seem to suggest
continued moderate receipts of beef
cattle at central markets and the out-
look for prices on fed cattle appears
to be fairly encouraging.

COWS, BULLS AND MIXED.

Demand for butcher stock contin-
ues to hold keen edge. Receipts of
cows and heifers were moderate,
although somewhat larger than yester-
day. Included were more of the
toppy grades than have been coming
of late. There was a broad demand
from both shippers and regular
buyers for all useful butchers and
dressed beef cows and heifers and
these styles were active sale at good,
strong prices, quite a few sales being
considered a dime higher than yester-
day's average trading. In the
common and medium grades the mar-

ket was fairly active at prices fully
up to Monday's level. A good clear-
ance was readily effected. Sales in-
cluded a string of well fattened cows
and heifers mixed at \$5.35, the sea-
son's top for this class of stock.
Handy weight heifers sold at up to
\$5.15 and quite a string of mixed
heifers and steers sold in a range of
\$5.00 to \$5.40, with one lot making
\$5.70. Medium fleshy heifers sold at
\$4.00 to \$4.55, with a common class at
\$2.50 to \$3.00. Bulk of the good dressed
beef cows sold at \$4.00 to \$4.50, with a
few lots selling around \$4.75. Medium
killers sold largely at \$3.50 to \$3.90,
cutters at \$3.15 to \$3.45, while bulk of
the canners brought \$2.65 to \$3.00.

Demand was good for bulls at firm
prices. Most of the decent fat styles
sold at \$3.65 to \$4.25. Bologna at
\$3.25 to \$3.60.

After first rounds of buyers this
morning the market for calves showed
weaker tone and bulk of the supply
sold on an easier basis. Top was
\$6.25, but not many made the price.

Trade Active on Big Dime Advance
and Close Strong.
Live hog prices took another long
plunge toward the \$5.00 mark this
morning. Recent advances in prices
have failed to stimulate any increase
in the marketward movement of hogs
and prices are working up regularly
as a consequence. Today, with re-
ceipts running lighter all around than
were expected and, following strong
finishing markets at all points yester-
day, the market was not long in open-
ing at prices fully 10 cents higher
than yesterday. Demand was good
and the supply was readily absorbed
at the full advance with the finish
being strong at the higher level. In
fact, some of the buyers figured that
15 cents would hardly more than
cover the advance. Pigs were scarce
and prices steady to firm for good
kinds.

This advance of today puts prices
on the highest level seen since the
first week in December, last year,
when the bulk was selling at \$4.50 to \$4.80,
with tops at \$4.85. The quality of
hogs today was quite good, although
there was a fair proportion of light
weights. These have been unpopular
lately, but showed full strength of
the market today and with the coming
of warm weather these light
weights will gradually sell closer to
the top.

Prices ranged from \$4.50 to \$4.80,
with the bulk selling at \$4.60 to \$4.70.
The bulk yesterday sold at \$4.50 to
\$4.60, a week ago at \$4.40 to \$4.55,
a month ago at \$4.20 to \$4.35, a year ago
at \$6.47 to \$6.52, two years ago at
\$5.12 to \$5.22, three years ago at
\$3.60 to \$3.70, four years ago at \$5.90 to
\$5.15.

SHEEP.

Prices Up Another Point—Western
Lambs Made \$7.35.
Sellers scored another point in the
sheep house today, although trade
was somewhat irregular. Supply was

light, only 1,700 getting in. The west
had 30,800.
Lambs comprised big end of the
local run and quality was quite good.
Colorado furnished three cars of
weighty lambs, duplicates of yester-
day's \$7.10 styles, but best offerings
came from Nebraska. The market
was unevenly steady to 15c higher.
Bulk of the supply sold 10 to 15c
higher. Two cars of good, but not
choice, western lambs brought \$7.35,
highest of the year to date. Two cars
of Colorado lambs at \$7.25 were 15c
higher than yesterday, while one car
at \$7.10 sold steady with opening day
of the week.

Only a few odd lots of sheep were
available and this end of the deal was
not fully tested.

"BIG BROTHERS."
Women Launch New Plan for Reaching Bad Boys.

On the theory that boys are bad, because of environment, and that they acquire an idea that no one cares, the St. Joseph Federation of Women's clubs, has undertaken to organize a "Big Brothers" club. The work of the club will be in connection with the juvenile court.

The movement locally, is the result of a similar movement in New York City three years ago, when forty men leagued and agreed to watch over at least one boy, and to help him when in trouble.

All those who desire to join in the movement in this city are requested to write Mrs. J. E. Lonsdale, 2801 Lafayette street, she being the secretary of the philanthropic department of the federation, which has the movement in charge. The assistance of ministers is asked.

TO LAY CORNERSTONE.
Impressive Church Ceremony Will Be Held Next Sunday.

The cornerstone of the new St. Francis Xavier Roman Catholic church, Twenty-sixth and Seneca streets, will be laid at 3 o'clock Sunday afternoon. The Rt. Rev. Maurice F. Burke, bishop of St. Joseph, will lay the stone, with the Catholic societies of the city, will assist at the impressive ceremonies.

Plans for the new church were first discussed more than a year ago and it had been the intention of starting the work on the new edifice last year, but it was found that the building would cost more than had first been expected and the work was deferred until this spring. The contracts for the new church have been let, and after the laying of the cornerstone, Sunday, the work of building will be pushed forward. The cost of the church, without the furnishings will be in the neighborhood of \$33,000.

THROW TWO OUT.

Then Dry Goods Men Form New League.

The Wyeth and the First National League were thrown out of the Saturday League of last year at a meeting of the six teams comprising it, held at the Wyeth Hotel Christian association rooms. There was a vote of three and three cast on the question and T. J. P. Smith of the Tootle, Wheeler & Motter team, who presided as chairman, cast the deciding vote to oust the two teams. Jesse Newman acted as temporary secretary.

Following his vote, the Wholesale Dry Goods League was formed. It is to be composed of the Tootle, Wheeler & Motter, the Hundley, the J. S. Brittain and the Richardson teams. The move to form a similar league was made, it was given out in order to give each team a chance to play more games during the season. It was also thought that by this move the patronage would be better from the wholesale houses.

Smith was elected president of the new league and he appointed a committee to draft by-laws, ascertain when grounds can be used and arrange a schedule. George H. Soper was elected secretary and treasurer of the new league.

About twenty acres of land will be required, and it is desired that it either be located in the city or near the limits.

Robber Got Little.
Spokane, Wash., Mar. 17.—The trail robber who overpowered the railway mail clerks and ransacked the registered mail on the Great Northern westbound train early Sunday morning between Bonner's Ferry, Ida., and Spokane, secured only \$2.40 for his six hours' work, according to the statement of the postoffice inspectors. There was not a single consignment of currency from banks in the mails and the robber left all the checks, drafts and stocks he found in the mail as well as the jewelry. Every letter has been checked over with the exception of one from a small eastern town and this may have contained five or ten dollars. No trace of the robber has been found.

Mr. Brubaker needs the position for financial reasons, and as a stepping stone in the practice of law. Every voter should investigate Mr. Brubaker's qualifications. Young men should particularly be interested in his candidacy, and no voter can make a mistake in voting for him.

A Check on Telegraph Messages.

Washington, Mar. 17.—Bills to require telegraph and telephone companies to place on all messages the time of receipt and the time of delivery, and making it unlawful to give the franking privilege were up for hearing Monday before the house committee on interstate and foreign commerce. President W. W. Beattie and General Secretary Wesley Russell of the Commercial Telegraphers' union, addressed the committee. They asserted that it is not an infrequent thing for telegraph companies to hold until after three o'clock in the afternoon messages received for transmission in the morning; that three o'clock is the hour when many leased wires are surrendered for the day by brokerage and other concerns, and that the telephone companies make the hour from three to four a "general clearing up time" for "the ordinary business of the public."

Flag Designs Not Needed.
Washington, Mar. 17.—Because of a general misapprehension on the subject of the change in the national flag necessitated by the admission of Oklahoma to the Union of states, the war department has found it necessary to issue circular letters to correspondents suggesting designs for the flag, that a design has already been adopted to go into effect on the Fourth of July next. In the approved design the field or union of the flag consists of 46 stars arranged in six rows, the first, third, fourth and sixth rows having eight stars and the second and fifth rows having seven stars each.

HITCHCOCK IS FREE

ACQUITTAL OF COMEDIAN ORDERED BY JUSTICE BLANCHARD IN NEW YORK.

GIRL WITNESS RETRACTS FORMER STORY

Flora Whitson Swears On Witness Stand That a Gerry Society Agent Had Frightened Her Into Making the Charges Against Actor—Arrested for Perjury.

New York, Mar. 17.—A sensational development occurred Monday in the trial of Raymond Hitchcock, the comedian when Justice Blanchard ordered the acquittal of the defendant on the indictment against him growing out of the charges of Ellen Von Hagen, a young girl. The action of the justice was taken upon motion of Assistant District Attorney Garvan.

Flora Whitson swore on the witness stand that an agent of the Gerry society had frightened her into making the charges against Hitchcock. "He threatened to take me away from my home—to separate me from my mother if I didn't tell that story," said the girl in a sobbing voice when asked why she had made the charges against Hitchcock before the grand jury.

Flora Whitson was arrested on a charge of perjury as she was leaving the court room.

It has not yet been determined what action will be taken on the remaining indictments against Hitchcock.

The girl said the only person to whom she had told the truth concerning her relations with Hitchcock was her stepfather. It was after the stepfather had been called to the witness stand and testified that the girl had assured him that Hitchcock never had ill-treated her that Mr. Garvan moved for the dismissal of the case.

In directing the jury to return a verdict acquitting Hitchcock on the Von Hagen indictment Justice Blanchard said he regarded the testimony of the Whitson girl as of the most startling nature. He suggested that it be made the subject of thorough investigation by the district attorney's office.

Gen. Horne's Trial Begins.

Kansas City, Mar. 17.—The trial of Gen. R. C. Horne, charged with the killing of H. J. Groves, managing editor of the Kansas City Post, an afternoon newspaper, began in the criminal court here Monday. On November 22 last Gen. Horne, who was vice president of the Post Publishing company, after an argument over money matters, shot H. J. Groves, managing editor, and wounded O. D. Woodward, a part owner. Groves died three days later. Mr. Woodward recovered. Horne, who had invested his savings in the paper, asserted he had been robbed.

Old Postal Employee a Suicide.

Washington, Mar. 17.—Despondent because of his dismissal from one station to another in this city, William A. Ridgely for 20 years assistant superintendent of carriers in the Washington postoffice, jumped to his death Monday from the fourth story of his home at 1104 Thirteenth street, Northwest. He had not fully recovered from the inhalation of illuminating gas a fortnight ago. He was 63 years old and had been a postal employe for 40 years.

Floods in Pacific Northwest.

Portland, Ore., Mar. 17.—Not in many a year have so many points in the Pacific Northwest all at the same time, faced such serious damage from flood as they did Monday. From last Friday until now heavy rains have fallen over the whole northwest and every river is a lake. Bridges have been washed out or dynamited, railroad tracks are under water and when traffic is not delayed by these disasters huge land slides block the way.

Farmers Need Men.

Lancaster, Pa., Mar. 17.—So badly do the farmers of this county require help on the farms, that the Farmers' league has issued an appeal to the unemployed of the cities and towns to go to the country for work and an appeal has been sent to the Bureau of Labor and Immigration at Washington, asking that able-bodied emigrants be directed to this county.

Gatling Gun Against Night Riders.

STRIKE ON A GOULD ROAD

MACHINISTS ON DENVER & RIO GRANDE WALK OUT.

The Trouble is Expected to Extend to Every Road of the System Ultimately.

Denver, Mar. 17.—At 10 o'clock Monday 1,500 machinists, boiler-makers and members of kindred trades working in the Denver & Rio Grande shops went on a strike in response to an order issued by W. J. McQueeney, representing the machinists' national organization after a final conference at which Manager A. C. Ridgeway of the railroad refused all concessions.

"The strike will ultimately spread to every road in the Gould system and affect roads all over the United States," said McQueeney. "There is every indication that the struggle will be a long one and fought hard by both sides."

The strike is the result of an order posted by the road a month ago abrogating all contracts with the unions. Since that time numerous conferences have been had between the men and the company, but it was impossible to reach an agreement.

Briefly the new shop rules which are rejected by the men will result in the abolition of the nine-hour day, the doing away with all over time for Sunday and holidays, a graduated scale of wages, refusal to recognize men as union men or members of organizations, the payment of all employees according to individual merit, regardless of maximum or minimum scales, and the right to change the shop rules at will.

In addition to the Burnham shops in Denver where 300 men struck, shops in the following cities are affected: Pueblo, Grand Junction, Salida, Alamosa, Leadville, Minturn, Gunnison, Chama and Ridgeway in Colorado, and Salt Lake, Ogden, Helper, Thistle, Bingham, Tucker and Green River in Utah.

In all about twenty-five hundred men are involved, it is said.

The local shops were practically tied up Monday but the company's officials say they will fill the places of the strikers as rapidly as possible.

THRESH OUT JEROME CHARGES.

Gov. Hughes Appoints Commissioner to Take Testimony.

Albany, N. Y., Mar. 17.—Gov. Hughes announced at noon Monday that he had appointed Charles Andrews, former chief judge of the court of appeals, as commissioner to take testimony and report his findings in connection with the charges recently preferred against District Attorney Jerome.

In making his designation, Governor Hughes makes it clear that the evidence to be taken is to be limited "so far as the same relates to the conduct of the office of said district attorney and his performance of duty during his present term of office." The governor let it be understood that he thus follows the constitutional intent. Matters relating to Mr. Jerome's first term of office will not have any bearing on the proposed inquiry, unless some aspect of them is germane to the present term.

Waggoner Attacks Tax Law.

Topeka, Kan., Mar. 17.—B. P. Waggoner, state senator from Aichison county and general attorney for the Missouri Pacific railway, says that the Kansas tax commission law is unconstitutional because it was not properly passed by the senate. Every attorney in the state house Monday asserted that if Mr. Waggoner's contention is correct about this law, about one-half the laws passed by the Kansas legislature since Kansas became a state are invalid on the same ground. Mr. Waggoner contends that after a year and a half was taken on the bill an amendment was made to the title and that this amendment was not voted on by ayes and nays. He insists that this should have been done.

Hughes Men Working in Iowa.

Des Moines, Mar. 17.—A letter from the Hughes Campaign league of New York City, was received by the Savery hotel management Sunday and a telegram is expected making definite reservation of the apartments during the state convention this week, and which will be utilized by representatives of Gov. Hughes in an effort to prevent instructions for Secretary Taft. Friends of Secretary Taft are confident that the convention will adopt strong instructions for their candidate, believing that without regard to factional lines a proposition to instruct would have a large majority.

STUDENTS IN RIOT

WRECK A THEATER AND DEFEAT POLICE AND FIREMEN AT ANN ARBOR, MICH.

NUMBERED FULLY 2,000

When Firemen Attempted to Turn Water on Them They Captured the Hose and Paraded the Streets.

Ann Arbor, Mich., Mar. 17.—College feeling among the students of the University of Michigan burst forth into a riot Monday night. More than a dozen students were locked up in jail and the Star theater, a five-cent place of amusement, was literally wrecked. Late in the evening the mob of students, which numbered fully two thousand, directed a college "rush" against the front of the building, tearing away windows and doors and plaster and rolling the theater piano out into the street, where leaders of the students mounted the instrument and performed a dance to the accompaniment of mad cheers and yells from the unmanageable crowd. The trouble dates back to Saturday night, when a student in the audience who persisted in repeating the Ann Arbor college yell too often to suit the management, was ejected and thoroughly clubbed by a special policeman in the employ of the theater.

Monday night's trouble started with a small crowd of students throwing eggs at the building. This diversion soon gave way to a fusillade of rocks and when the police were called to quell the disorder the yells of derision sent up by the young men brought reinforcements from every direction. As the attacking party grew wilder, its aim broadened proportionately, and windows of the upper stories of the building and those of neighboring business places began to crash. Finding the police unable to subdue the rioters, Mayor Henderson summoned the fire department. Several police officers had been felled with flying missiles and others fought on, hatless after their helmets had been stolen to decorate some student's den. The firemen had no sooner laid their line of hose to the scene to give the mob a drenching than with a wild yell a detachment of the boys captured 100 feet of the hose and ran yelling down the street with it.

Mayor Henderson tried to secure aid from the National Guard but found that the local company's rules forbade it to respond. President Angell of the university, Dean Hutchins of the law department and Mayor Henderson vainly pleaded all evening for the students to disperse, but equally without results, as the disorders increased steadily until the work of devastation was complete.

GUNBOAT TO HAITI

PRECAUTIONS ARE TAKEN TO PROTECT AMERICAN INTERESTS IN THE ISLAND.

OTHER COUNTRIES ALSO AGIT

Great Britain, Germany and France Send Warships—Massacre of White Inhabitants Feared in Foreign Capitals.

Washington, Mar. 17.—An American war vessel, probably the gunboat Eagle, was Monday night on the way from Guantanamo to Port au Prince, Haiti, where the Haitian government Sunday summarily executed a number of alleged revolutionists. The vessel is not sent there because of any serious apprehension on the part of the officials here that American interests at Port au Prince or at other points in Haiti are in serious danger, but as a matter of precaution. The decision to send a war vessel was reached Monday after the officials had read the newspaper accounts of the executions supplemented by the information which the state department received from the island. Commander Potts whose flagship is the cruiser Des Moines, is the senior officer at Guantanamo and he was directed to dispatch one of his vessels to Haiti.

It is not believed at the state department that foreign interests in Haiti are seriously menaced. The disposition of the administration is to keep hands off and to give the people of Haiti an opportunity to work out their own salvation. It is realized that in dealing with revolutionary movements stern repressive measures often are necessary and the impression here is that it is not up to the American government to interfere with the acts of our neighbors unless the situation is such that our interests are in jeopardy or that broad humanitarian measures require us to interfere.

Paris, Mar. 17.—The situation between the Haitian government and France has become acute and critical. The French legation at Port au Prince is menaced and a general massacre of the white residents of the island is feared. This information was conveyed in an official dispatch to the foreign office from M. Carteron, the French minister to Haiti.

Berlin, Mar. 17.—The German admiralty has ordered the cruiser Bremen, at present at Curacao, to go to Port au Prince, Haiti, to be at the disposition of the German minister for the protection of German subjects or other foreigners.

London, Mar. 17.—The admiralty Monday morning sent orders by cable to the British cruisers Indefatigable and Cressy, which are both in West Indian waters, to proceed forthwith to Haiti for the protection of British interests there.

Shot on Railway Train. Augusta, Ga., Mar. 17.—Former Judge O. W. Buchanan, of Winstboro, S. C., whose wife is a niece of Senator Tillman, was mysteriously shot and perhaps mortally wounded late Monday while on his way from Columbus to Augusta to attend the bedside of his niece who is ill here. Judge Buchanan was seated by an open window in the day coach of a Southern railway train when the train left Wards, S. C. The train had proceeded but a short distance when a shot was fired through the window by some unknown person, the bullet entering the judge's right side. He was taken to a private sanitarium, on his arrival here, and an operation performed. He is in a critical condition.

English Premier a Sick Man. London, Mar. 17.—The bulletin issued Monday concerning the condition of Sir Henry Campbell-Bannerman, the premier, which makes especial reference to the "considerable weakness" of the patient, has caused a renewal of the anxiety concerning his health. The heart trouble of the premier is so pronounced that his physicians up to the present time have not been able to restore his organs to its normal activity. There are still great hopes that Sir Henry will recover his health, but it is recognized by his friends that he never again will be a strong man.

Want Kansas Cases Advanced. Washington, Mar. 17.—A motion on behalf of the attorney general of Kansas to advance on the docket the cases of the state of Kansas vs. the Western Union Telegraph company and the Pullman Car company was made Monday in the supreme court of the United States. The cases involve the constitutional right of the state to prohibit the companies from doing an interstate business because of their failure to pay charter fees as required by state law. The motion was taken under advisement.

To Restore the Motto. Washington, Mar. 17.—Under the suspension of the rules the house Monday passed the bill providing for the restoration of the motto "In God We Trust," on gold and silver coins of the United States.

Shoshone, Wyo., Scorched. Shoshone, Wyo., Mar. 17.—The larger part of the business district in this city was destroyed Monday by a fire which started in a saloon. Damage about \$60,000.

PAID THE NEWSPAPER MEN

TO SEND OUT NEWS ABOUT SUBMARINE BOATS.

But the Electric Boat Company Denies Attempts to Influence Legislation—Other Witnesses.

Washington, Mar. 17.—Admission was made before the special house committee investigating the charges of Representative Lilley of Connecticut regarding the legislative methods of the Electric Boat company, that money had been paid by the Electric Boat company to certain newspaper men to prepare and distribute news concerning submarine boats. This testimony was given by Charles S. McNeil of this city, an attorney for the Electric Boat company. Mr. McNeil, however, entered a general denial that his company had ever paid for the dissemination of news with the purpose of influencing legislation or for creating a wrong impression in the public mind. He also denied that a general press bureau was maintained by the Electric Boat company or that as far as he knew the company had ever spent money for the entertainment of members of congress or others who might exert an influence in securing contracts with the government for its boats.

A number of other witnesses were examined during the day and they entered general denials to Mr. Lilley's charges. These witnesses were former United States Senator M. C. Butler of South Carolina; former United States Senator Marion Butler of North Carolina, and E. W. Creech and F. P. B. Sands, both of this city, all of whom at one time or another had been employed as attorneys by the Electric company.

Tyro Bandits Still at Large.

Bartlesville, Ok., Mar. 17.—The trio of Tyro, Kansas bank robbers, are still at large, evidently in the hills along Hominy Creek, 20 miles southwest of Bartlesville. Posses are still on the hunt for the robbers. The men who were disarmed by the robbers Sunday returned here Monday, and declared that the leader of the gang is Henry Starr, a well-known character in the southwest. The authorities have been looking for Starr for months.

TALLOW, FURS, PELTS, WOOL, HIDES

"A WAITING MARKET" just about expresses the conditions as they exist today, with tanners practically out of the market, and seemingly not anxious to buy and dealers are not forcing their hides on the market apparently caring little whether they sell. However, the market is in the buyers favor and prices would have to be shaded in order to move any hides. There are no bright prospects for the hide market at this time, and we think it advisable to keep your hides closely shipped out as it seems the prices we are able to secure today are full value for the long haired grubby hides which are being received at this season.

The tallow market remains very quiet with no change in quotations. Furs have been in good demand at full prices, however, the lateness of the season and the warm weather are having their effect and prices from this time on will be lower.

Ship in anything you have in our line and we will handle it to the very best advantage and remit promptly.
