AMUSEMENTS.

At the Peoples. The performance at the Peoples theatre the past week is one of the best vaudeville bills ever presented in St. Joseph at the small admission of two cents. Knight and Seaton in their funny sketch entitled "The Adventures of Panhandle Pete," is indeed clever.

At the Lyric. During the past week the business at the Lyric theatre was very satisfactory, at each performance the house was about filled. The Wednesday and Saturday matinees are becoming a general fad with the ladies, as Mr. Rentrow presents each lady with a useful and pretty souvenir.

MISS GENTZELL STILL LEADS. In the count of the votes for the carnival queen of the South End Spring Festival the standing is the same as it was last week, although more votes have been cast than for several weeks.

It is strange how seldom the world asks a man for an excuse when he has a really good one.

LIKELY TO WAIT IN JAIL.

Uncle Sam in No Hurry. So Italian May Leave Station. Owing to the fact that the United States government is busy looking up Eduardo Imperatore's sojourn in this country, the Italian, who is now in Central police station awaiting deportation to his native country, may have to spend a month in the county jail.

FAREWELL TO ROSE. Ticket Agents Give Dinner at Elks' Club. A farewell dinner at the Elks' club last night tendered to C. E. Rose of the Rock Island city ticket office, who soon goes to Wichita, Kansas, to become chief clerk to district passenger agent of the Rock Island at that place.

HURLED FROM BUGGY. Neither Mrs. Hunt Nor Child Hurt. However, in Runaway. Becoming frightened at an automobile at Eighth and Felix streets yesterday afternoon, a horse driven by Mrs. J. C. Hunt, wife of a painter, ran away, and was stopped at Twentieth street and Frederick avenue, after it had tipped over the buggy, throwing to the pavement Mrs. Hunt and her 3 year old child, but injuring neither.

THE MONEY IN CIRCULATION. The amount of money in use outside of the United States treasury on April 1 was 12 million dollars less than on March 1, and 221 millions more than a year ago, according to the circulation statement of the Treasury Department.

BEEF CATTLE IN THE SOUTH. The Alabama experiment station summarizes beef-cattle growing in the South as follows: 1. With cotton seed meal as the sole concentrate the average daily gains were as follows: With cotton seed hulls, 1.55 pounds; with cut sorghum fodder, 1.33 pounds; with shredded corn stover, 1.19 pounds.

WHEAT PROMISES WELL. Topeka, Kan.—According to county reports received by the state board of agriculture wheat in Kansas is very promising and there is a big acreage. Green bugs and Hessian flies are noticeable by their absence, they having been found in only a few places. The fruit prospects are good for a large crop.

ANCESTORS ARE BEINGS PEOPLE RAKE UP to blame their failings on or to supply missing virtues.

BOYS HAVE A CHANCE.

Liberal Prizes Offered by Missouri Corn Growers' Association. Columbia, Mo.—Liberal prizes are being offered again this year at the State Fair and at the Missouri State Corn Show at Columbia by the best corn grown by Missouri boys.

BULLETIN ON OATS. Ames, Ia.—A reasonable and interesting bulletin from the Farm Crops Section of the Experiment station at Ames, Iowa, is now being mailed to the farmers of the state. It marks the completion of ten years' investigation work into the merits of 70 varieties of oats, and fully demonstrates that Iowa's yield of this cereal has been too low.

SOME COLORADO FIGURES.

Land Pays For Itself With Product of One Year. Denver, April 9.—The Times in summarizing the wonders of Colorado says: Land in Colorado pays for itself with the product of one year. Four thousand dollars per acre was paid recently for fruit land on the western slope, with a young bearing orchard.

ALL ARE OPTIMISTS

INDUSTRIAL AND POLITICAL PROBLEMS DISCUSSED BY MEN WHO SHOULD KNOW.

OUT-LOOK BRIGHT TO THEM

Commissioner Neill Opposing Competition Said Association or Combination Was the Only Way to Counteract It.

Philadelphia, Apr. 11.—Industrial, sociological and political problems of the time were discussed at length here Friday at the annual session of the American Academy of Political and Social Science by men prominent in various walks of life.

All the speakers were optimistic as to the financial and business outlook. Mr. Gompers said that if 50 business men were to go before a just judge and give their opinions as to the cause of the recent financial and industrial disturbance, he was of the opinion that they could not agree, but he desired to make it plain that whatever the cause, the working people were not to blame.

WAS AN ORDERLY SESSION

FOR WHOLE DAY DOVE OF PEACE HOVERED OVER HOUSE.

Business Was Given Consideration to Exclusion of Politics—Discussed Naval Bill.

Washington, Apr. 11.—The dove of peace hovered over the house Friday. Instead of interminable roll calls and clashes of party leaders on questions of parliamentary law, there was an orderly session devoted almost entirely to the consideration of the naval appropriation bill.

Many other speeches were made under the order of general debate on the naval bill, but they were on other subjects. The list included Messrs. Webb, of North Carolina, who favored the regulation of interstate traffic in intoxicating liquors; Lamar, of Missouri, who wanted a stricter Sunday observance law for the District of Columbia; Touvelle of Ohio, who pleaded for a monument to the men under General St. Clair and Wayne, who fell in battle against the Indians; Perkins of New York, who desired free wood pulp; Kustermann of Wisconsin, who emphasized the necessity for decent American legation buildings abroad.

Consideration of the naval bill had not been concluded when the house at 5 o'clock recessed until 11:30 Saturday.

CAR MEN IN A RIOT

UNION SYMPATHIZERS GAVE CAR LOAD OF STRIKEBREAKERS WARM RECEPTION.

AT PENSACOLA, FLORIDA

They Came From St. Louis—Were Met At Train and 15 Wounded Before They Reached Safety.

Pensacola, Fla., Apr. 11.—The bringing of a carload of strike breakers from St. Louis Friday afternoon by the Pensacola Electric company was the signal for rioting and disorder which resulted in the injury of 15 of the imported men.

When near the car barns so fierce was the onslaught on the imported men that they separated and fled, 30 running into a negro house, while the remainder reached the car barn and barricaded the doors. The 30 men who gained the negro house barricaded the doors and it took the police over an hour to disperse the mob and remove them to places of safety.

Benjamin Commons, vice-president of the International Association of Street Railway Employees made an address urging the strikers to disperse and go to their homes quietly.

GO TO CHICAGO UNPLEGGED

MASSACHUSETTS REPUBLICANS COMPROMISE DIFFERENCES.

A Resolution Declares That Majority of Delegates Are Favorable to Taft.

Boston, Mass., Apr. 11.—The four men who will head the Massachusetts delegation to the Republican national convention will go to Chicago unpledged. These four delegates selected at the state convention Friday are United States Senators Henry Cabot Lodge and W. Murray Crane, Ex-Secretary of the Navy John D. Long and Sidney O. Bigney, a business man.

The convention adopted resolutions endorsing Gov. Curtis Guild, Jr., as a candidate for the vice-presidential nomination and advocating a "wise revision" of the tariff. On the question of the presidential candidacy of Secretary of War William H. Taft, the platform held that the convention "recognized that a majority of delegates to the convention desired his nomination," but that it was "uncertain whether a resolution of preference would be carried, and its presentation would certainly lead to a contest which would be injurious to the welfare of the party."

This last named plank, the adoption of which was the feature of the convention, it was admitted by all the party leaders, was a compromise. It was submitted to the committee on resolutions Friday morning by the Taft league, after an all-night session. The fight on it may be regarded as beginning with the inception of the Taft movement in this state several months ago, and it became acute when Senator Crane, although not directly opposing the candidacy of Secretary Taft, declared in a public statement in February that the delegation to Chicago ought not to be hampered by pledges.

Up to an early hour Friday both sides had made every effort for a decisive victory in the convention. The Taft men wanted either pledge or preference resolutions, whereas their opponents fought against anything that would indicate a preference. The compromise was effected when the leaders of the unpledged cause admitted that a majority of the delegates to the state convention favored Secretary Taft and the leaders agreed that a resolution expressing a desire instead of a preference for his nomination would be satisfactory.

Admiral Evans Grows Worse. Dr. Edwards Summoned by Special Train to Consultation.

Leaving the machine in care of the chauffeur, the two got on a trolley car, went to Sandusky, and were married.

"Mr. G.H.H." and "Amos Barton" were the vicar and curate respectively of Chivers Cotton, the "Shepperton" of "Scenes of Clerical Life."
