largely of medium and inferior grasses, selling from \$4.50 down. Trade was a little slow today, but a seasonal clearance was made.

There was no material change in bull values today. The calf supply was fairly liberal, quite a few Texans getting in. Following the weak close of yesterday, the market today was 25c lower, making a decline of 90c from early yesterday. Top veals sold at \$5.50.

Stocks and Feeders.

There were not many fresh arrivals in the stocker and feeder line today, the few lots available making about yesterday's prices. Dealers reported a small movement to the country yesterday and were not very anxious bidders for fresh material today. Speculators are carrying a good line of stock cattle and are beginning to pay more attention to finding an outlet for accumulated supplies than to take on fresh arrivals. Stocks in dealers' hands embrace everything in the stocker and feeder line. Good heavy feeders are the only thing in the lot which are not well represented and there is a demand for more cattle of this description than are coming. Country demand is not very strong and is of a discriminating nature. Plans stuff is difficult sale.

The limited run of stock cows and heifers was traded readily at full steady prices.

AGAIN AWARDED CONTRACT.
Parrish-Erickson Company Gets Auditorium Hardware Work.
For the second time the Parrish-Erickson Hardware Company has been awarded the contract for furnishing the hardware for the Auditorium. The contract was let to the company several weeks ago by P. P. Buddy, contractor for the building, but without the sanction of the Auditorium committee. Fearing that other hardware dealers in the city might feel slighted the committee asked the Parrish-Erickson company to surrender the contract. "Our order for the goods had already been sent in," said J. A. Feffer, president of the Parrish-Erickson company, last night. "But in order that there might be no hard feeling and for the welfare of the city and the Auditorium we gave up our contract and then bid against others for it again. Some changes were made in the specifications for the hardware and the committee decided that only the best material would be accepted. This accounts for the higher price on which we secured the second contract. The goods which we have ordered are the best obtainable and will be the finest of their kind in the city."

WANT OLEO MARKED.
Dairymen Ask Government to Put Inspection Stamp on Imitation Butter.
Washington, D. C.—Representatives of the dairy interests and the oleomargarine manufacturers of the country figured in a hearing before the Agricultural Department in which the dairymen asked that the government place the inspection mark on oleo, while the manufacturers argued against it. The Agricultural Department holds that oleomargarine is a meat food product and therefore comes under the meat inspection law. The law provides that all meat food products shall bear the government mark of inspection, and the department holds that each individual pound print of oleomargarine when it is wrapped in a cloth or a paper must be stamped with the government mark of inspection. Regulations governing the matter already have been promulgated by the department, and by their terms are to be put into effect July 1. Chicagoan is Heard. S. B. Shilling of Chicago, president of the National Dairy Union, represented the dairy interests, while Mr. Morgan of New York, an official of the American Meat Packers' association, appeared in behalf of the oleomargarine manufacturers at the hearing before Secretary of Agriculture Wilson and Dr. A. D. Melvin, chief of the bureau of animal industry. The oleomargarine manufacturers protested against the proposed regulation requiring them to stamp their product. It was contended by them that the department had no right to make such ruling; that the matter was fully covered by the regulations of the internal revenue bureau, and that its enforcement would subject them to useless expense and cost. Frank Admission Made. The oleomargarine manufacturers opposed the department's contention that the papers in which the pound print of oleomargarine are wrapped are meat products and should be marked, contending that these are not true containers within the meaning of the law. The dairy interests, on the other hand, pointed to this attitude as confirmatory evidence of their claim that the oleomargarine manufacturers desire to sell oleomargarine as butter. They contended that the objection to the government mark of inspection on oleomargarine is that people seeing this mark will recognize the fact that the product is oleomargarine and not butter, and this would prevent the sale of oleomargarine as fancy (creamy) butter. Secretary Wilson took the matter under consideration and probably will announce his decision in regard thereto in two or three days.

TOO BUSY, ROCK RESIGNS.
George Hall is Made Secretary of Calumet Club.
The resignation of Frank Rock as secretary of the Calumet club was received and accepted at a meeting of the club Monday evening. He gave as his reasons insufficient time to attend to the club business. His successor, George Hall, was immediately named.

CONDITIONS IN PORTO RICO.
Meats are sold at prices very nearly the same as those in the United States, as are also cereal products, rice, lard and many such necessities. The fruits and vegetables raised on the island are comparatively cheap, but on the whole the average cost of foodstuffs of all kinds is a little higher than the average in the United States. As the average daily wage of the field laborer is from 30 to 50 cents, it will be understood why malnutrition is another cause of the great lack of progress.

Grass Good and Cattle Generally in Fine Condition.
Forth Worth, Tex., June 29.—Reports of the inspectors of the Texas Cattle Raisers' association to the headquarters in Fort Worth are as follows:
Lawton, Fort Hill.—Weather cloudy and rainy; range in good condition; no shipments; grass was never better and cattle doing well. W. P. Smith, inspector.
Lakewood.—Weather is as dry as can be, but cattle are holding up well; since May 2, 12,900 head of cattle have been shipped and driven from this county. Miles T. Stone, inspector.

MUCH RAIN LAST WEEK.
Temperature Over Nebraska Less Than Normal With 90 Degrees Maximum.
Lincoln, Neb., July 1.—More than normal rainfall and a temperature slightly above the normal, is shown by the weekly report of the state weather bureau. The daily temperature of the last week was between 70 and 80 per cent of the normal. Monday and Saturday there was a maximum temperature of more than 90 degrees.

A BIG HAY CROP.
Live Stock World: That there is going to be a big hay crop is assured. It has been a good many years since there was such a liberal precipitation as has fallen since the last day of May and the result has been a heavy crop of timothy and clover. This is gratifying to the farmer, who naturally feels that he is pretty well fortified when he has the barn full of hay. Every state in the corn belt reports a generous hay crop and splendid pastures. In this year of high-priced corn this is certainly fortunate, but the average farmer would consider himself much more fortunate if the corn crop turned out good. Hay is all right as a supplemental feed, but it takes corn after all to make fat cattle and hogs. High prices for feed always encourage economy in feeding and the number of cattle that will be fattened during the next six months will depend entirely on the outcome of the corn crop.

BENTON TAKES LAST TRIP.
For the last trip of the season the state fish car, "Benton," under the personal direction of R. E. DeWitt, state fish commissioner, will leave this evening for Springfield, Mo., and adjacent territory. The purpose of the trip will be to distribute graylings among the various lakes. A week will then be spent in fishing. Those who will accompany DeWitt are: W. H. Sherman, Dr. E. H. Bullock, A. L. Graves, J. W. Peterson, Dr. J. H. Sampson and Dr. Frank Bullock of Forest City.

OFFICERS ARE RE-ELECTED.
All officers and trustees were re-elected for another year at a meeting of the Police Relief association yesterday. The officers are: Robert Maney, president; A. L. Campbell, vice-president; D. L. Claiborne, treasurer; Thomas Burke, recording secretary; William Gray, financial secretary.

CHANGING THE SEED.
Impossible to Grow the Same Wheat in the Same Soil All the Time.
Hutchinson, Kan.—Men who make a study of seed wheat and soils say that what the Kansas wheat grower needs is a change in seed wheat. It isn't much of a new sort of wheat, but a change from what is grown on one farm to what is grown on another farm, some distance away, says the Daily News. Change the soil a certain sort of wheat grows in and you have changed the seed. Millers and elevator men want to see the quality of the seed improved, if there is a chance to do so. They believe that better results will follow a change in the seed. Some of them have offered to exchange the best wheat they can get from some distance away from their mills for other wheat of the same grade. They agree to do this without extra cost to the farmer. But this will give the farmer some seed grown 100 or so miles away, in a different soil and with a slight difference in the climate. This will be a better seed than the wheat the farmer has grown in his own fields this year.

IS A PREPLEXING QUESTION

Washington, July 1.—American military forces are now in service for the enforcement of the neutrality laws along the Mexican border.

The employment of American troops for this purpose, by the way, is almost without precedent in recent years and as well as the attorney general himself have been obliged to give close study to the question of the extent to which they may exercise the power of preventing persons entering the United States across the Mexican border.

Frequent conferences were held during the day by the various officials of the state and war departments and Senator Godoy, the Mexican charge at Washington also had a thorough discussion of the situation with Acting Secretary of State Bacon.

Mrs. Edward West, wife of an ex Santa Fe employe, was drowned at the same time Mrs. Sherman disappeared. Her body has not been recovered.

Mr. West and his mother were able to save themselves, the mother climbing to the top of the house from which she was rescued by two men in a boat.

A baby named Hurst, daughter of a Santa Fe engineer, was drowned after being taken from its father, who had sought refuge on a housetop, by Chas. T. Covell, superintendent of public works, who had already rescued seven persons in a boat.

The high water was preceded by a hard rain and severe electrical storm in which the courthouse tower was shattered by a bolt of lightning.

GOWN A MISFIT? NEEDN'T PAY.

Judge Decides Against Modiste in Favor of Plum Dresser.

New York.—The court finds that the dressmaker is under obligations to produce a gown which should afford no reasonable ground for complaint as to its fit.

Miss Dresser wanted a gown. She went to Mme. Prudhomme. When it was delivered the actress said it did not fit. She had ordered "a gown that would make her look as if she had been poured into it."

The result was that Mme. Prudhomme sued for the \$500. The modiste being without sentiment, declared that Miss Dresser was fat. She indicated this by a wide extension of her arms.

There was a lively tilt in court and the blushing Louise explained her troubles.

The judge listened intently. He regarded the gown with critical eyes and decided that Miss Dresser need not pay.

GOSSIP AT DENVER

CANDIDATES FOR VICE PRESIDENT ON DEMOCRATIC TICKET ARE NUMEROUS.

JUDGE GRAY COULD HAVE IT

Political Managers of Delaware Man However Refused to Listen to the Proposition—Other Convention Gossip.

Denver, Col., June 30.—Although dates for the nomination for vice president on the Democratic ticket are numerous, and despite the fact that a number is likely to be largely passed before a choice is actually made, it is the general opinion among leaders of the party as are now that if George Gray of Delaware declare his willingness to accept second place on the ticket, he can get it. Josiah Marvel of Wilmington, Del., the manager of the Gray presidential campaign, who arrived in Denver Tuesday night, will not, however, give his consent. He insists the Delaware man is a candidate for first place and when it has been decided that he cannot have first place, he will be ample time to place him in second for the secondary position. He cares to take it. Mr. Gray denies, however, that Judge Gray would be satisfied with anything less than the head of the ticket.

It is well known that Mr. Bryan has pleased to have Judge Gray as vice presidential candidate, the only thing that prevents the from becoming a leading candidate that position is the simple but a fact that he will not deign himself to be a candidate at all. Gray presidential boom was launched Tuesday and headquarters were opened in the Savoy. They were arranged some in advance of the arrival of Marvel, and during the early part of the afternoon a corps of expert bill writers were going about the hotels and up lithographs of the Delaware candidate. No other pictures were placed as yet, and the Gray secured the most prominent positions in the lobbies of all the leading hotels. The headquarters were opened after the arrival of Marvel but because of the late which he put in an appearance Gray boom was not put into operation. By Wednesday, it is expected to be in full operation.

Anderson headquarters will not be open for several days, and the which the Bryan banners will be put out has not yet been decided but it will be on Saturday after the arrival of the Neagles. It is believed that there will be a committee on resolution possibly on the floor of the convention itself over the anti-injunction plank. Word has come in from Lincoln that Mr. Bryan has a plank of a somewhat nature, and it is certain that as Sullivan, national committee from Illinois, and Chairman of the National Committee strongly opposed to it. Sullout a statement in which "Equal rights before the law" used other expressions of character which were opposed that he was opposed anti-injunction plank. Sullout that he intended to congression that he planned anti-injunction plank, but fully believed that he is same language in this part tions. It is well known Mr. Bryan and Mr. Sullout influential members delegation no particular ve is lost, and reports regulated that if an anti-injunction plank is adopted more character than the Illinois feel that they can appoint state, when it comes for president, will break Bryan instructions.

VALUABLE DIAMONDS GONE

UNSET GEMS WORTH \$35,000 MISSING IN CHICAGO.

A Buyer for Stern Brothers & Co., Claims to Have Been Robbed.

Chicago, July 1.—S. C. Powell, a buyer employed by Stern Brothers & Co., wholesale jewelers in the Columbus Memorial building, 103 State street, reported to the police Tuesday that he either lost or was robbed of a sack containing \$35,000 worth of unset diamonds. Powell claimed that he had purchased the diamonds a short time previously and had entered the Columbus Memorial building with the intention of turning them over to his employers. He said he entered the elevator, but instead of getting off at the floor on which his firm is located he rode to the fourth floor and entered a barber shop. When he went to the offices of his employers about 15 minutes later, he discovered the diamonds had disappeared.

Powell declared that he was almost positive he had the diamonds in his possession when he entered the building. He said that he had two bags of diamonds, one containing \$25,000 worth of the gems and the other \$45,000 worth, and that he carried one sack in either inside pocket of his vest. The police are inclined to believe that Powell may have been the victim of pickpockets before entering the building. Acting Captain Cadmore of the city detective bureau said that a circular giving a description of the diamonds would be sent to every large city in the United States.

Powell has been employed by the jewelry concern for several years and during that period has transacted nearly all the purchasing of gems for the firm.

He is alleged to have swindled poor working girls in Chicago out of \$8,000, selling them fake mortgages for ridiculously small amounts.

VORYS IS OUT OF IT

REPRESENTATIVE BURTON SAYS OHIO MAN WILL NOT BE NATIONAL CHAIRMAN.

MR. TAFT PUTS IN HARD DAY

Worked Like a Slave Tuesday to Dispose of War Department Business Before Leaving Office.

Washington, July 1.—"I'm in process of sloughing off my official robes." This was the laconic description of his condition given by Secretary William H. Taft Tuesday evening as he sat at his big flat topped desk in his private office at the war department. He had been working like an East Indian slave during the day in the disposition of more or less important departmental business. He gave notice early in the day that he did not propose to discuss politics in the last hours of his administration as secretary of war, because of the enormous amount of routine matter which he necessarily had on hand. Throughout the day he was in consultation with Gov. Wright, who is to be his successor as executive head of the war department and with bureau chiefs of the department.

The only real political conference he had during the day was with Representative Theodore E. Burton of Cleveland, O. The conference was prolonged. Mr. Burton discussed with the secretary the details of the convention and the political situation at it has developed since the convention adjourned. They devoted particular attention to the political conditions in Ohio, Mr. Taft's native state, concerning which he is especially solicitous.

At the conclusion of the conference, Mr. Burton said that a number of questions were considered by Mr. Taft and himself concerning which he could not talk.

"Mr. Vorys, who has been mentioned in connection with the national chairmanship of the Republican party will be identified probably with the approaching national campaign in an important capacity; but, as the situation is now, he will not be the chairman of the committee.

I have no information at this time on the national chairmanship question beyond that. I am quite certain, however, that all of the wrinkles which now seem to exist will be smoothed out in a few days." Commenting upon his interview with Mr. Burton, Secretary Taft said diplomatically: "We considered the state of the whole union, but a little political touch was given to the interview, I will admit."

It developed from the talk with Secretary Taft that Mr. Burton may go to Hot Springs for a brief sojourn about the time Secretary Taft and his family arrive there. The secretary said that he and Mrs. Taft and their son, Charlie, would leave Washington next Friday afternoon for Hot Springs, Va. He also announced that he sent out notices Tuesday to the members of the subcommittee of the national committee requesting them to meet him at Hot Springs on July 8 to determine the matter of the Republican national chairmanship. Concerning the chairmanship the secretary said that he was absolutely without information that he could communicate to the public.

Apparently the matter is as much in the air as it has been since the meeting of the sub-committee in Cincinnati on the 29th inst.

The Roosevelt's Picnic. Oyster Bay, July 1.—President Roosevelt and his sons wore a good coat of tan when they returned to Sagamore Hill late Tuesday from the family picnic in the woods by the waters edge at Lloyd Neck on the sound. The entire party had a delightful time, they reported, and looked fit.

Want An Eastern Man. Lincoln, Neb., July 1.—That the Nebraska delegation of 16 is for a New York man for vice president if the factions from that state can get together, and failing that, for Judge Gray of Delaware, was asserted Tuesday by a Democrat high in the councils of his party in Nebraska. This announcement is regarded here as almost equivalent to an expression from W. J. Bryan himself.

Vote Against East St. Louis Strike. East St. Louis, Ill., July 1.—Three hundred motormen and conductors of the East St. Louis local of the Amalgamated Street Railway Employees held a meeting here to consider whether a strike should be declared because of the recent discharge of Motorman George Gloss. The vote was against a strike and in favor of making one more effort to induce the company to reinstate Gloss.

TO RESTORE THE OLD RATES

RAILROADS OF MIDDLE WEST DECIDE ON A CHANGE.

Minimum Charges on Package Freight to be Put Into Force Again.

Chicago, July 1.—It was announced here Tuesday that the railroads of the middle west have decided to restore the old rates on package freight, putting into force again the former minimum charges for shipments of this character. The move means a savings of thousands of dollars annually to the shippers of this section. The old minimum of 25 cents was in force from Chicago to the Mississippi river and St. Paul. West of there, as far as central Kansas, the charge was 50 cents and from that section to the coast the minimum was 75 cents. The change made a year ago when these rates were abolished and the first class rate was substituted, brought increases of from 50 to 300 per cent. The increase, for instance, to Oklahoma points was from 75 cents to \$1.50 and to common Colorado points it was \$2.50.

The roads found, however, that the disparity in rates caused by the various minimum establishment by state railroad commissions, gave certain cities big advantages over neighboring distributing centers. Milwaukee could ship to all Wisconsin points on a minimum of 25 cents whereas it cost Chicago considerably more. Similarly Omaha had a better opening to many markets of the middle west than other towns within a comparatively same distance.

In addition, according to some of the transportation experts, the new rates drove a considerable amount of business to the express companies who were not affected by the decision to raise the charges. The old rates are to be restored within a few weeks.

McCLELLAN IS STILL MAYOR.

W. R. Hearst Lost in the New York Election Contest. New York, July 1.—Justice Lambert directed the jury to find a verdict for Mayor McClellan in the election recount suit, upholding Mr. McClellan's election. The taking of evidence in the contest of W. R. Hearst, claimant of the office of mayor, was concluded prior to Judge Lambert's order. After a recount of the ballots in the majority election of 1905 had shown a legal plurality of nearly 3,000 for McClellan, Clarence J. Shearn, counsel for Hearst, asserted that the ballot boxes were stuffed. Mr. Shearn offered evidence in an effort to show that Mr. Hearst was defrauded of 6,653 votes. Mr. Shearn then rested his case.

Counsel for Mayor McClellan then offered in evidence the official returns of the election inspectors and the poll books and tally sheets from the county clerk's office.

Many Enlisted Men Discharged.

Leavenworth, Kan., July 1.—Tuesday 200 enlisted men in the Thirteenth infantry stationed at Fort Leavenworth were discharged from the service upon the expiration of their enlistment. This is the largest number of men ever leaving the service at this post, except at the mustering out of regiments at the close of the Spanish-American war. The men will be paid Wednesday. Their final will total over \$65,000.

WANTS NEW YORKER

NEBRASKA'S VOTE FOR ANY MAN THAT STATE'S DELEGATES UNITE ON.

GRAY, OF DELAWARE, A STRONG SECOND

Should Mr. Bryan Be Elected a Special Session of Congress Will Be Called to Act on Tariff Revision—Judge Gray Still a Candidate for First Place.

Lincoln, July 1.—The Nebraska delegation at the Denver convention will approve any New York man on whom the factions of that state can unite for vice president. Failing in this, Nebraska will vote solidly for Judge Gray for vice president. The record of Judge Gray is regarded as that of the best for pleasing the labor votes and it is for these votes that the Democratic party is going to make its strongest bid, assert the Nebraskans.

The Nebraska delegation, which is considered in accord with Mr. Bryan in every particular, is standing for a strong anti-injunction plank that will satisfy the demands of President Gompers and other labor leaders. This element will be further placated by the nomination of Judge Gray for vice president if the New York factions cannot agree on a man.

The visit of Josiah Marvel of Wilmington, Del., the manager of the Judge Gray campaign, has accentuated the belief that the Delaware man
