Light Mid-Week Supply at All Points But Demand Not Urgent.

While supplies are not running heavy at market centers they are still con siderably larger than for the previous week and above actual urgent demands of the trade. The market has been breaking one, Chicago quoting a decline yesterday of 15@25 cents from opening of the week on steers and this break i naturally reflected at all river points The aggregate supply at five points for week, while at the local point there has been a moderate falling off.

On the local market today the limited receipts included a few just fair kinds of steers, with nothing offered that carried quality enough to get into the \$7.00 class Swift and Company 1,464 4,982 or better. I refuse to be interviewed on the situa tion," said Chas. Goepper of the National Packing company, who was here yester day on one of his periodical rounds. In tow of Alderman Ackerly, Goep was taken down to the ancient city hall and shown all the interesting and curious relies in and around our famous market square.

RANGE CATTLE MOVEMENT.

The last weeks in July will perhaps se cattle beginning to move to markets from the northwestern range countries, al though it will no doubt be the middle of August before they begin moving in large volume. Southwesterns are now moving in fairly liberal numbers, but the ranges will hardly furnish enough cattle during the season to overcome the shortage of supplies to come from corn-belt sections.

QUALITY IS COMMON.

"Quality of hogs is better here than at most market points," said Charlie Goepper of the National Packing con pany, who is out on a "lining-up" tour. "But then you get good hogs here as a ule. Quality is running rather commo at most points now and you can safely look for a wide spread in the range of prices. This may work out to be a num on dope at present."

ALCOHOL VERSUS GASOLINE.

In reply to inquires from the United State, Consul-General Robert P. Skinner of Marseilles furnished the following information relative to the status of alcohol and gasoline as power producers d in France and the efforts which have been made toward the general use of the former:

"Real and rapid progress has been made in overcoming past objections to the use of alcohol, and when the price of denatured alcohol is somewhat lower than gasoline it can be substituted for the latter, both for automobiling and general power purposes. Former reports

MAY HAVE A ROBBER

OFFICERS ARREST A NEGRO WHO IS SUSPECTED OF LARGE THEFT.

THINK HE STOLE POUCH WITH \$50,000

Postoffice Inspectors Believe He Is the Man-The Prisoner Denies That He Is Stevens or That He Knows Anything of the Robbery-Mixed Up In Many Similar Messes.

Washington, July 2 .- F. E. McMillin, chief inspector of the Postoffice department, has been notified of the capture and arrest at Monroe, Mich., of Charles Stevens, alias Charles Savage, a negro in connection with the recent robbery in Kansas City of a \$50,000 registered pouch of mail on the way from Los Angeles to New

The negro was identified by a photograph. Officials of the Postoffice department assume that he is the man wanted for the robbery. A reward of \$3,000 was offered by the department for the arrest and conviction. An inspector will be sent to Monroe.

The negro, who is about 30 years old, will be taken to Kansas City for trial. Stevens served a sentence of six years for the robbery of mail at Salt Lake City and Portland, Ore., and once was arrested in connection with a \$10,000 diamond ring robbery at Portland.

Monroe, Mich., July 2.-The negro arrested here as Charles Stevens, suspected of the registered mail robbery at Kansas City, denies that he is Stevens, and declares that he had nothing to do with the robbery.

AN AIRSHIP FLEW ALL DAY.

Count Zeppelin Sailed From Lake Constance to Lucerne and Back.

Lucerne, Switzerland, July 2 .- An airship flight that lasted all day was made Wednesday by County Zeppelin. Count Zeppelin began his fight early In the morning and at 5 o'clock in the evening his great aerial craft was returning to its starting place on Lake Constance.

The airship, said to be the largest in the world, was first seen about noon maneuvering over Lucerne and Lake Lucerne. The immense craft sailed back and forth, dipped and arose again and appeared to be under perfect control.

The appearance of the airship caused great excitement. Business was almost suspended, and thousands of residents and tourists stood in the streets and on the shores of the lake and cheered the aeronaut.

Count Zeppelin tarted from Friedrichshaven, Germany, on the northern shore of Lake Constance. He came here by way of Basel near the Swiss and German frontier. The return to Lake Constance is being made by way of Zurich.

GOVERNMENT OFFICIALS NOT PLEASED WITH SHOWING.

There Has Been a Constant Falling Off in Revenues for Nine Months.

Washington, July 2.-From the treasury standpoint the fiscal year just closed has been a most unsatisfactory one. Since about the middle of October last when the period of money stringency set in and the consequent depression in business began to be felt, there has been a constant falling months just closed. For June a sur-This fact, however, is not significant as June is unfailingly a surplus month, closing month of the fiscal year when appropriations gradually reach the point of exhaustion. The month of June, 1907, showed a surplus of approximately \$11,000,000 and every preceding June for many years past has shown large surplusses
