Ray's Rite

By RAY MARTIN
This is National Newspaper Week. It's also National Bible Week, and probably several other "weeks" also. In fact, I read one time that if all the various and sundry weeks were laid end to end it would take 10 years, I believe it was, to get them all observed in sequence.

But let's talk about National Newspaper Week. I know more about that subject. Of course, being a newspaper man, it wouldn't particularly stop me from writing about some other week whether I knew anything about it or not. Such is a newspaper man.

But in thinking back about some of the people whom I've known or interviewed during those 25-odd years, certain persons come to mind. Except for the new rich or the new-hero type, most of the people whom I've interviewed through the years have been pretty swell people - they had to be or they wouldn't have got where they were, for the most part.

Take Jack Dempsey, for instance. Now there's a swell fellow. He came to our town while he was still very much in the limelight. He had just announced he was quitting the ring while he still had all his marbles and most of his teeth.

I was a young reporter at the time and scared stiff. But Jack was so gracious I was right at home the minute I walked into his hotel room. "I guess," he said, "you want me to talk about fighting. Ok. Let's talk about fighting." Just like that and we were off on a talk about one of Jack's favorite stories.

And then there was the time I talked with Bette Davis, she of the perfect diction. "I like acting," she said, "and I probably will keep it up for four or five years or maybe even longer." That was 20 years ago and she's still an actress. Another gracious lady. I remember how she said, "Mr. Martin, it's so nice of you to visit me." See what I mean?

And another I liked right off was Gene Autrey, the cowboy-singer king of a decade or so ago. Saw him at a party given in his honor just after they had changed the little Oklahoma town of Berwyn to his name - Gene Autrey. He was another who knew his way around.

It was in another Oklahoma town, Ravia, that Will Rogers had discovered Gene Autrey, a telegraph operator at the Frisco railroad station. Will Rogers heard Gene sing, suggested that he try his hand at singing commercially, and that's the way Gene got started.

Dressing Rooms Approved; Cost Set at \$42,230

Muleshoe Mules' old "Mulebarn" soon will be a thing of the past.
The board of education voted this week to build a new 40 by 98-foot physical education and athletic dressing room building at a cost of \$42,230.
The contract for the structure was let to Reveire Construction Co., Lubbock, and work is to get under way immediately.
Superintendent Neal Dillman said the new structure long had been needed and the board had had the plans under study for several weeks. He said the structure to be built of masonry faced with brick, will be attached to the west end of the gymnasium and will be divided into four sections.
Half of the new building will be for girls' and boys' physical athletic teams for senior and junior high school. Four shower rooms will be provided for each unit for a total of 32 showers in the structure.
"It has been almost impossible for us to carry on a physical education program," the superintendent said, "since the boys and girls had no dressing rooms."

Duncan's Rites Set for Today

Funeral services will be held at 2:30 today (Thursday) at the Church of Christ for Coly Irvin Duncan, 30, who was killed in an automobile accident at St. Denis de L'Hotel, France Oct. 8. Conducting will be D. L. Thompson, and burial will be in Muleshoe cemetery, with arrangements made by Singleton Funeral Home.
Pall bearers will be David Stovall, Jr., W. G. Harlan, Wayne Kindred, Dee Chitwood, Bill Pierce and Woody Lambert. A military escort will be headed by Sgt. Thomas S. Kirwan.
Survivors include his mother, Mrs. W. E. Duncan, Muleshoe; a sister, Mrs. Frank Tuzek, Chicago; and two brothers, Hillis Duncan, Big Spring, and Carl Fred Duncan, Tacoma, Wash.
Duncan was born in Muleshoe Oct. 2, 1932 and was serving in the U. S. Army in France.

Mules Buckle for Conference Kick-Off; Dads Are Guests

By J. C. SPAIN
It's playing "for keeps" from now on for Muleshoe Mules as they launch their 1962 District 3-AA this week by meeting Morton here. Beginning with this week's record, scores count on the district record, so the honeymoon is over.
And this will be "Dads' Night" too for the Mules. Fathers of the players will wear the same number as their football-playing sons, and will be offered the opportunity of sitting on the Mule bench during the game.
Thus the Mules will have two incentives to play heads-up ball - a conference counter and dads looking over their shoulders.
So far the Mules have done only fairly well, actually winning only one game, and last week the AAA State Champions of 1961, the

Highway Program Still Bogged Down

Little progress is being made on the proposed four-lane widening of U. S. 84-70 northwest of Muleshoe to the county line, it was learned Thursday as unfinished preliminary details in the state highway department continued to create a stalemate.
Meantime, Bailey County can't make any move until these details are disposed of, County Judge Glen Williams said. Bailey

Rundell, Splawn Win Grid Prizes

Howard Splawn, who's running up a pretty good record for picking football winners in advance, was again in the money in the Muleshoe Journal's football contest this past week, winning second place, on one of his pickings and tying for first on another coupon. Tying with him for first was Mickey Rundell, 232 Main Street.
All three coupons showed eight college teams picked correctly, but Rundell's guess of the Muleshoe-Dumas outcome at 50-6 equaled in points Splawn's 56-0 prediction of that game. On his

Political Steam Zooms As Early Ballots Cast

Courthouse Question 'Hot' County Issue

When Bailey county taxpayers go to the polls 19 days from now they will be handed a short ballot along with their 30-inch general election ballot. The short ballot will simply ask the voters (and they must be taxpayers) whether they approve of a \$360,000 bond to provide money for extensive remodeling of the courthouse and building a new county jail.
The figure - \$360,000 - came as a surprise to many persons who had been interested in new facilities. They had expected the figure to be much lower; the first talked-of price tag had been \$280,000.
Judge Glen Williams, in explaining the \$360,000 price said the original cost tag for \$70,000 less had been "for construction only and did not include other cost items."
"When we first began to talk with the architect, he said we might get by for as little as \$265,000," Judge Williams said, "and that was the figure originally quoted by him to backers of the proposed move."
"However, that was for construction only, and when we made a more complete study of those early sketchy plans, we found that the jail would not be large enough. The fact was pointed out by Dee Clements, sheriff."
"Accordingly, the architect enlarged the jail facilities and the price went up correspondingly. He then estimated the construction costs at \$290,000 and that is the amount agreed upon in the bond election figure." The new figure also provided funds for vault-type offices for tax collector and clerks.
He said state laws require that an architect be hired for any structure to cost more than \$2,000 and the fee is 5 percent of (See COURTHOUSE, page 4)

PUZLED VOTER — If you were voting the blanket-sized General Election ballot for your first time, you'd be puzzled too if they shoved a 30-inch ballot at you. Here 21-year-old Mrs. Sherry Tunnel, Route 4, Muleshoe, studies a sample of the ballot.

Firemen Busy as 114 Area Blazes Fought

Fire that originated in the garage, apparently from an electric fly sprayer in operation, did extensive damage to the Jim Koeneiman residence at the Hartley dairy, 2 1/2 miles west of Muleshoe Monday. Fire Chief Earl Ladd reported.
The garage was virtually destroyed, the kitchen damaged and the entire house smoked, he said.
This was call No. 144 for the local group so far this year.
"We've had an unusually high number of calls this year - about twice the number for 1961 to this date," the chief said.
Lots of the fires, he said, have been caused by grass set by railroad engines. "One such engine," he said, "set off five distinct fires over a 10-mile area and did considerable damage to grass lands along the right-of-way."
Tall grass left from last year caused considerable damage during the spring and summer months, a time when blazes usually are not expected in great numbers. "This grass, covered (See FIREMEN, page 4)

Month's Traffic Record: 7 Hurt

Bailey County highways were fairly safe during September, it would appear, when only seven rural accidents were investigated by the DPS during the month. Sergeant D. S. Lawson, patrol supervisor for this area, reported.
Fortunately no one was injured or killed in the seven accidents, the report showed. The wrecks accounted for an estimated property damage of \$4790.
To date, rural accidents from January through September totaled 38 crashes. As a result, one person was killed, 17 injured and (See RECORD, page 4)

Green Captures Golf Tourney in Club Series

Jim Green walked off with top prize in the Muleshoe Country Club's membership golf tournament this week with a 54-hole net of 196. Pro Ray Hardy announced.
Charles Lenau was only six strokes behind with a net of 202, and Pat Bobo would up the series with a net total of 203.
Two men tied for fourth and fifth spots - Ray Daniel and Woody Lamberth, each of whom finished with a net total of 207. Another tie gave Russel Haberer and Sam Fox the sixth and seventh places with 209 each. Calvin Woods finished with a 211 net for eighth spot in the series.
This year's event, limited to members of the club, was an unusually good one, Hardy said, with 34 participating in the men's division. Committee was (See GREEN, page 4)

County Grain Sorghum Farmers Signing Up For Area Program to Boost Foreign Sales

Bailey county farmers who produce grain sorghum are being asked to give two pounds out of every 1,000 pounds produced to help finance a grain sorghum program to promote the grain's use around the world.
It's all a part of Grain Sorghum Producers Association which familiarize feeders around the world with grain sorghum as feed for livestock and poultry everywhere.
Broken down, the county would have a total of \$9,726 from these two-pound holdouts for use in the promotion program. However, the goal has been set for only half this amount, and pledge cards seeking sign-ups are being promoted in the county.
A meeting to get the association's program here under way was held recently when officers were elected. Walter Little was named president; Lester Howard,

13 Republicans Facing Full Democrat Slate

With election day only two weeks and five days off, politics was beginning to take on speed Thursday and interest in the three-issue ballot was increasing, political observers here noted.
Appearance of the lengthy ballot - it stretches out 30 inches long - tended to spark interest as absentee voting opened Wednesday.
The voters must decide:
1. Their choices for 25 precinct, county, state and federal offices;
2. The fate of 14 amendments to the state constitution;
3. Whether they will favor a \$360,000-bond issue for remodeling the old courthouse and building a new county jail.
Thus the voter is likely to spend considerable time at the polls when he goes in November 6 to cast his ballot.
A column is provided for the independent party, although no names appear on the printed ballot. Space also is provided for write-ins for all 25 offices.
Expecting a fairly heavy election turnout, 3,000 ballots have been printed for the November 6 election.
The 30-inch single ballot contains the names of all candidates. (See REPUBLICANS, page 4)

\$1-A-Bale Cotton Program Backed

Twenty-one area ginners announced this week they will support the Cotton Producers Institute, an organization to promote consumer use of cotton, lowered production costs and the development of new cotton qualities and uses.
They are asking that cotton producers also back the movement which is financed by a \$1-per-bale fee to be collected by all gins during the harvest season.
In a letter to cotton producers, the ginners said, "at the request of many of our customers and in line with the usual support area gins give to progressive movements, we will cooperate in the program."
The program, the letter explained, is purely an optional (See COTTON, page 4)

14 More Speeders Nabbed

Department of Public Safety has continued its crack-down on traffic violators, started a little more than a week ago, and as a result, 14 more charges have been filed in Justice Joe D. Vaughn's court here, ranging all the way from speeding to improper lights.
The previous week, 34 tickets were handed out and that many cases were filed in Judge Vaughn's court. Fines, for the most part, were of the \$20.50 variety, although a 100-mile-an-hour speeder "drew a considerably higher fine," the judge said.
Highway Patrolman James Freeman said the arrests were made mostly on U. S. 84 east of Muleshoe. Speeding headed the list, but several were picked up for having no driver's license. Recently a motorist was arrested for the fourth time on a charge of driving without license. Peak fine for this offense is \$16.50.
"This particular offender, our four-timer, said he always intended to get a driver's license but he just couldn't seem to get around to it somehow or other," Judge Vaughn said.
Thus every fine he pays now amounts to more than five times the cost of the license.

HOBBIES ARE INTERESTING — Two members of the Muleshoe Hobby Club are pictured with their handiworks that were the highlights of Tuesday's meeting. Mrs. Walter Witte is showing her glitter picture and Mrs. Henry Bass is displaying another unusual item, a piggy bank made from a plastic jug.

(Journal Photo & Engraving)

Novelties Shown By Hobby Club

Highlight of the Tuesday afternoon meeting of the Muleshoe Hobby Club was the showing of a panel glitter picture done by Mrs. Walter Witte. The picture was a scene and a building with colored glitter forming the major part of the etching.

Other items of interest shown were sachet for storage closets made from styrofoam balls, net, hairpins, ribbons and artificial flowers. This feat is accomplished by cutting net into squares, slipping them firmly into the curve of the hairpin and sticking the hairpins in to the styrofoam balls close together, giving it an all-over ruffle. A ribbon forms a loop for hanging and artificial flowers add beauty to the item to which you add your favorite sachet.

Mrs. Henry Bass was displaying a piggy bank that she had made from a half gallon plastic Clorox jug using corks for the feet and gluing round pieces of odd colored material over it to make the markings.

The meeting was held at the Community Club room and Mrs. Walter Witte was hostess. Mrs.

Charlie Phipps acted as president in the absence of Mrs. Julian.

In addition to the 18 members present, the meeting was enjoyed by three guests, Mrs. H. O. Barbour, Mrs. Noah Kinsler, and Joella Lovvorn.

The next meeting is to be in the home of Mrs. Jenks Beller on November 6.

PLAINVIEW VISITORS

FOSTERS VISIT PARENTS
Dr. and Mrs. John Foster and children visited his parents in Kingsville last week.

Save the liquid in which you have boiled a smoked tongue and use it to make a flavorful split-pea or lentil soup.

When split pea soup is too thick it may be thinned with canned tomatoes (the regular or stewed variety). If the regular tomatoes are used, you may want to add a suspicion of sugar.

Stir foods in skillets or saucepans with a wooden spoon; a metal spoon will probably scratch the inside surface of the pan.

Sewing Contest Plans Underway

It's "Make It With Wool" contest time again in Lamb County or at least time to begin making plans for it. Many, many wonderful prizes are waiting for the winners in this contest. They include Scholarships, U. S. Savings Bonds, Singer Sewing machines and the Grand Prize of a 14-day all-expense trip to California fashion centers and the Island State Hawaii.

Entries do not have to be in until November 17 but if a girl is going to make a garment it would be well if she would send her entry forms before beginning her sewing as she will receive some very helpful information on sewing with wool.

Any girl who might be interested is asked to contact her home-ec. teacher or the county home demonstration agent for further information. Anyone who wishes can write the Lamb County contest chairman, Mrs. Allen Haley, Route 1, Box 161, Muleshoe, for entry forms and other information about this contest.

Ten girls can go from Lamb County to the District Contest at Lubbock. Three winners to be selected in the Sub-Deb division (13 through 15 years), also three winners in the Junior division (14 through 17 years) and in the Senior division, three winners (18 through 21 years) may compete. Also there will be an adult division (over 21 years) and one winner may compete.

If more than three girls enter any of the above divisions and more than one adult enters, there will be a county contest in Lamb County the first part of November. All persons who decide to enter are asked to notify Mrs. Haley, giving their names, ages and addresses so that she might determine if a county contest will be held.

All girls and women who like to sew are urged to get their entry forms and other information as soon as possible so that they will have plenty of time to plan and make their garment for this "Make It With Wool" contest.

 the Mules' 23. Two plays later, Doug Holtzclaw ran over from the 13 for the tally. Joe Ballard's huge toe did the honors again as he kicked the PAT.
 The Mules then took the kick on the goal line and ran it out to the 16. On the first play, however, they fumbled and the ball was recovered by Ronnie Barnes. Demons end, on the Mules' four-yard strip, Robert Houlette then punched over for the score with

Joe Ballard's kick good again. The score read: Dumas 28, Muleshoe 0.
 For the fourth time the Mules took the kick, but they were powerless to move and were forced to punt. The Demons, in three plays, yanked the ball only three yards and themselves were forced to punt. The punt was blocked by hard-charging Mule linemen, and Muleshoe took over on Dumas 47. In three plays they advanced to the 20; then big 66, Kelly Baker, intercepted a Mule pass on the 4-yard-line. How-

ever, Dumas couldn't get going either and moved only to the 14 before they had to punt again. With time running out, the Mules went to the airways and completed two for short yardage as the half ended with the score 28-0.
 On the second-half kickoff, Jimmy Cabrera took the ball on the goal line and ran out to the Mules' 20. On the first play, the Mules fumbled, Dumas recovered on the 21 but drew a five-yard penalty which pushed ball back to the 26. Then Joe Parsons tossed a pass to Ronnie Barnes on the 1, and Barnes went over for a TD. Joe Ballard kicked the extra point.
 The Mules received the punt on their own 4 and Don Smith ran it out to the 23, but the Mules got no farther and had to kick down on the Dumas 46. Four plays later, Julian Miller got loose and ran over for the touchdown from the Muleshoe 34. Joe Ballard again got that extra point.
 Muleshoe received the punt and moved out to the 29 before they

had to punt, a kick which was good for only eight yards to the 37 where Joe Ballard took it and ran the distance for a score. For the first time during the evening his kick for extra points was no good.
 The Mules took the ball on the 5, and six plays and four incomplete passes, moved out to the Dumas 47. Prepared to punt, a high pass from center caused the Mules to take a loss back to the own 49 where the ball went over on downs as the third quarter ended.
 Two plays into the final period Joe Ballard ran over from the 34 for his second touchdown for the night. Again he missed the kick and the score stood at 54-0.
 The Mules couldn't penetrate the big Demon line and had to kick again. Dumas took the ball on their own 44, and on the second play fumbled. The ball was recovered by Stanley Black on the Dumas 45.
 Kenny Heathington threw a pass to Dwight Burkhead on the 20 and Clifford Gray moved the

ball to the 14. Heathington tossed another pass to Gary Ratliff on the 13, and he ran to the 9. Jerry Gilbreath ran to the 7, and on the next play, crossed over for the Mules' only score of the ballgame with six minutes left to play.
 The Demons took the kick on their 10 and ran it back to their own 42. Nine plays later Ricky Burgess scampered over from the 13 for the final score of the ballgame. The Mules tried three long passes before time ran out, and the game ended 60-6 with Dumas on the long end.

The ginners pointed out that CPL is "completely producer-controlled, non-political, voluntary and 100 percent of its funds go for research to cut production costs, develop new qualities and uses, and nationwide consumer advertising to sell more cotton." The program here is being carried out as a part of the National Cotton Council, the gins servicing the program and bearing all administrative costs. None of the Institute funds will be spent in salaries or overhead, the ginners explained.

 the total building cost.
 Broken down, the figures for the building and remodeling include:
 Construction costs, \$290,000.
 Architects' fees, \$14,500.
 Bondsman's fees, \$2,500.
 Cost of moving in and out of the courthouse and rent during the time the building is undergoing repairs, \$6,000.
 Contingency fund, \$14,500, which also is 5 percent of the total cost.
 Equipment for the new facilities, including counters, vaults, fixtures, etc. \$28,000.
 This brings the total to \$355,500, and Judge Williams said that bond elections usually are called for even figures - thus the \$360,000 agreed on for the bond move.
 He said the structure will cost "just what it actually costs to build it, and may not run as high as the estimate put out. The commissioners set that figure, however, just to be on the safe side."

Keep Accurate Reports, SS Official Urges

There are many cases each year where a farmer's or rancher's monthly social security benefits are delayed because he has not kept good records, John G. Hutton, District Manager, Lubbock Social Security Office, said Wednesday.

Complete and accurate records are necessary not only for good farm and ranch management but for getting proper and continuous protection for social security benefits as well, he said.

Hutton explained that farm and ranch operators are required to make accurate reports of wages for their hired hands and to report their own earnings to the District Director of Internal Revenue for social security purposes. Good Farm or ranch records assure prompt and accurate payments of social security benefit to the farmer and rancher. These records do not have to be elaborate but they should show the various types of farm or ranch income and expenses.

back of a second-hand envelope. Another great guy: I've seen reporters try to back him into a corner to make him say what candidate for president he favored, but he was always too smart. Once I remember he came to our town to make a speech. I was on the front row. Rogers said, "I don't know why you folk paid good money just to hear an old hay-seed like me speak. I ain't smart. I ain't well educated. I don't know nothing, and yet here you are, so I figure I had better entertain you the best I can. Now let's see, what big shot in Washington do you want me to discuss and cuss tonight?" And that's the way he started.

And I'll never forget J. C. Penney. He came to our town to buy cattle for his Elmira, N.Y. dairy farm, and I managed to get an interview with him. "See you in our store at 9 o'clock tomorrow morning," he told me. When I walked in he was standing near the front of the store. "Let's go back to the shoe department to talk," he said, "so we went to the shoe department to talk."

It was smack in the middle of the depression, so I asked him the usual question of the day: When is the depression going to end?

He was giving me his opinions when he looked up and saw a tall, gawky young man standing nearby, holding a newspaper-wrapped bundle under his arm. "Pardon me," Mr. Penney said to me, "but I believe that young man wants to see me," and turning to the young man he asked "did you want to see me, young man?"

"Are you Mr. Penney?" the seedy looking fellow asked. When Mr. Penney assured him that he was Mr. Penney, the young man

NAMES THAT FIT
WILLIAMS, Ariz. (AP)—A message from one of the nation's oldest laws—the Ordinance of 1787 for governing territory northwest of the Ohio River—is inscribed in stone on the Ohio University campus. "Religion, mortality and knowledge being necessary to good government and the happiness of mankind, schools and the means of education shall forever be encouraged."

begin unrolling his bundle. "Well, Mr. Penney," the young man said, "I bought these shoes here a month or so ago, and they ain't holding up like they ought to."

Getting up he said, "Well, young fellow, I don't know much about the shoe department; I'll get somebody to help you."

I was having difficulty keeping from laughing when Mr. Penney returned. "I guess that's a new experience," I said. "No," said Mr. Penney, "it happens every time I'm in a store. You see it's a sign of dem-

ocracy at work."

And then he went on to explain: "You see in a Democracy there is no 'Mr. Big'. You can go straight to the head man without any preliminaries. That's democracy at work, and it will be a sad day for our country when it reaches the stage where you have to go through channels to see anybody. Nobody should ever be that big."

And that, of course, was the lead on the story I wrote about the interview.

I've left this business of newspapers two different times - three

counting a five-year public relations stint - but there's something fatalistic about newspaper work - a man always comes back to it provided he has been properly vaccinated with printers' ink. It's funny, but that's the way it is.

So, as I said, this is National Newspaper Week.

COTTON PRODUCERS INSTITUTE

The Bailey County Cotton Growers and Cotton Ginners are cooperating with the Cotton Producer's Institute in a national program for the following purposes:

- *Research to cut production costs of cotton
- *Development of new qualities and uses for cotton
- *Nationwide consumer advertising to sell more cotton

This program is a part of the National Cotton Council's plan to meet the growing threat to the cotton industry from synthetic fibers.

We commend the Bailey County Cotton Growers and Bailey County Cotton Ginners for their cooperation in a program that will contribute to a long and profitable future for our Bailey County Cotton Industry.

News of People In Armed Services

CAMP PENDLETON, Calif.— Marine private first class Boyd M. Gilbreath, son of Mr. and Mrs. Boyd L. Gilbreath of Bovina is serving with Company G of the First Marine Regiment, First Marine Division at Camp Pendleton, Calif.

The company took part in counter-guerrilla warfare training exercises Sept. 10-13, to familiarize marines with the basic tactics involved in such operations.

Emphasized were patrol security, ambush and counter-ambush, helicopter uses and general field problems.

PROJECT MERCURY— Charles W. Chisman, airman apprentice, USN, son of Mr. and Mrs. Chase V. Chisman of Route 1, Farwell

is serving aboard the support aircraft carrier USS Kearsarge, a unit of the recovery force which the U. S. Navy and U. S. Marine Corps have assigned to the Pacific Ocean area for the third manned orbital flight into space.

The organization of ships and aircraft units, Task Force 130, is now on station in the Pacific to locate and recover Astronaut Walter M. Schirra. His re-entry is planned to take place over the Pacific.

The 4,000-man force is commanded by Rear Admiral Charles A. Buckanan, Commander Task Force 130. He is at the Pacific Mercury Control Center on Oahu, Hawaii, to direct the force, which includes seven ships, three aircraft units and a detachment of "frogmen."

A similar force, Task Force 140, is on station in the Atlantic Ocean in the event the flight is terminated there.

The around-the-world vigil, maintained by the Pacific and Atlantic recovery forces, marks the first time that Pacific Fleet units have been specifically assigned to Project Mercury operations. However, in past space shots, all military units which possibly might be used have been on standby during a space shot. The landings of the two previous U. S. manned orbital flights have been terminated in the Atlantic. Shore-based communications stations, linked in a world-spanning network, and air stations also figure in the recovery operations.

GRAFENWOHR, Germany— Army Pvt. Everett F. Cody, son of Mr. and Mrs. Carl Cody, Earth, recently completed eight weeks of intensive field training with other members of the 4th Armored Division at the Seventh Army Training Area in Grafenwohr, Germany.

The training included day and night tactical exercises emphasizing mobility and chemical, biological and radiological warfare. An essential part of the training is range firing of individual and crew-served weapons including the Army's new M-60 machinegun and the 105 and 120-millimeter tank guns.

The 4th, a major element of NATO forces in Europe, plays an essential role in maintaining world peace.

Cody, assigned to Company A of the division's 67th Armor in Furth, Germany, entered the Army in February 1962, completed basic training at Fort Ord, Calif., and arrived overseas on this tour of duty in August 1962.

The 21-year-old soldier is a graduate of Springlake High school.

Muleshoe Man Attends School

A Muleshoe man recently attended the basic ordinary life underwriters school of United Founders Life Insurance Co.

Marvin Bennie Porter, 416 West 7th, successfully completed the six-day "Salesology" school at company's home office in Oklahoma City.

Ford, Clayton Campaign Here

Both Democratic and Republican candidates for state representative, 91st district, were campaigning in Muleshoe this week.

Frank Ford, Republican, and Bill Clayton, Democrat, were concentrating here as the political campaign went into its final weeks. Election is only 19 days off.

Ford is campaigning on a platform of "progress," saying "We have had far too much 'go along, get along' government in Austin. Texas has suffered because our leadership has failed to meet the issues. We have fallen behind the national average in our rate of economic growth."

"Most important, I want to be a part of a state legislature which will not serve as a rubber stamp for LBJ or anyone else in Washington."

Clayton says his legislative platform includes:

A balanced budget, an across-the-board sales tax, a better hot check law, small loan legislation, improved public school system, inform constituents on legislative matters, retention of present water laws and retaining the right-to-work law.

He adds: "I pledge a return to a government of, by and for the people... representing no special interest groups..."

Ford says a vote him is a vote for progress "for conserving our American freedoms... opportunity for all citizens to create and achieve; a responsive, responsible two-party system, and dynamic growth for the towns of this area."

Mules' 7th, 8th Graders Victors

Muleshoe's junior Mules, 7th and 8th grades, hung up two more victories in their trophy room Tuesday afternoon with victories over Olton.

The 7th graders walloped the Olton lads 24 to 9, and 8th graders took Olton for a 36-8 cleaning.

In the former game, Robert Vela, left half, scored three touchdowns, and Embry, Julian and Johnson scored extra points.

For the 8th graders, Philip Short scored two TD's and one extra point; Ransom Jones got across for two, Curtis Spears scored one of the six-pointers, and Andy Stovall went on the scoring side with a PAT. In addition, Terry Rendall hung up a two-point safety.

The previous week, however, the junior high boys, who are coached by Bob Graves, split a double-header with Tulia. The 7th graders lost 12-6, while the 8th graders squeaked through for a 6-0 win. Scoring were Vela for the 7th graders, and Short for the 8th graders.

Next game for the young gridgers will be Tuesday at 5 o'clock when they meet Friona here.

Barbara Evans Crowned Queen

By KEITH STEPHENS

Last Friday night the band announced the band Queen and king for this year. The band formed a "crown" and Barbara Evans, the queen, was crowned by Keith Stephens, the king. The queen attendants were Davy Jean Anderson escorted by Smitty Aylesworth and Sandra Scott escorted by George Morrow.

The band has been selling magazines in order to make money to help pay their expenses. We are winding up our magazine sales this week and would like to thank everyone for their subscriptions. We are still selling subscriptions for "The Muleshoe Journal" and would appreciate any orders.

This year the band boosters will sponsor the annual Halloween Carnival, which will be held in the bus barn. The queen of the carnival will be crowned at the carnival and the candidates will be announced in the next few days.

CHARMED LIFE

HOUSTON, Ark. (AP)—Gary Bolling may not be a snake charmer but he is mighty lucky.

The 17-year-old boy picked up by the tail a five-foot snake about to swallow a squirrel and lugged it a mile through the woods to his home.

The next day he turned it over to a friend who supplies snakes to the Little Rock Zoo. The friend thanked Gary and congratulated him on his luck.

The snake turned out to be a canebrake rattlesnake.

Editorial

Byrd And Kennedy

Senator Harry F. Byrd, Chairman of the Senate Finance Committee, has been warning the nation against reckless spending and budget deficits for so long that his latest warning is likely to sound like the same old refrain.

But it is a warning that could be the last before serious financial trouble — if it is not heeded by the Kennedy Administration. Everyone must know by now that in his first year, President John Kennedy ran up one of the largest peacetime deficits in U.S. history — over six billions.

The current year promises to be another year of deficit spending. Meanwhile, the drain on the dollar, while being slowed in recent months, continues, and if it cannot be halted, the dollar may be in for a confidence crisis which will force drastic action to halt the outflow of gold from the United States.

Senator Byrd predicts that the current year's deficit will be at least five billions. That will mean the first two years under Kennedy have meant a total deficit of between eleven and twelve billion dollars!

The disturbing thing about the present situation is that the President has asked for more money for countless programs. Congress, with a more sober eye on fiscal reality, has refused to appropriate it.

Senator Byrd says this is the most serious crisis we face as a nation today. In the past he has been right far more often than he has been wrong. His comment helps focus the issue in this coming congressional election—whether they should elect members of Congress who will favor more spending or more financial responsibility in government.

Thus the November elections are momentous for the nation and every American.

SANDHILL PHILOSOPHER

Our Philosopher Looks at Cuba, But Can't Come up With Answer

Editor's note: The Sandhills Philosopher on his Johnson grass farm looks at an international problem this week, then backs away.

Dear editor:

A lot of people have been worrying about what to do about Cuba and I got to thinking — not because I didn't have anything else to do, that's a waste of thought, the time to think is when you have got something else to do — and I have decided the people aren't thinking big enough.

Say so nobody figured out what to do about the Cuban problem; it wouldn't last. Another problem would crop up some place else. We've had one crisis

after another for years now and I've decided the thing to do is to put all our crises into one pile.

As I understand it, there are 103 countries in the world, as best the map makers can find out, and the way to eliminate all minor crises and put them in one lump is to arrange for each of the 103 to have guided missiles trained on all the others. Each country should have guided missiles zeroed in on every major population center in every other country. I'll admit this would be a mess of guided missiles, but it's the only way out.

Then after you get all these missiles in place, invent a special radar firing device that'll set

Johnsons Continue European Tour, Describe Trip to Rome

(Editor's note: The letter below is from Capt. Ronald Johnson, son of Mr. and Mrs. Fred Johnson, Muleshoe, and describes a trip to Rome, Italy. This is a second of a series of three travel letters he wrote to his parents here.)

Dear Folks,

Chapter two of this breath-taking saga begins with Wednesday, September 5. Our breakfast this morning was a continental breakfast, what we were to have every morning for the rest of the trip. This breakfast consists of hard rolls, bread, and butter. Carrol always got a pot of hot tea. Jeff drank fruit juice (we brought our own cans), and I had coffee. Italian coffee is a bit different from ours and even from the German's. It comes out in a pot — very black and very hot. You also get a pitcher of heated milk. Equal quantities of hot milk and coffee are poured out and liberally treated with sugar — really a pretty fine drink.

After breakfast, we were picked up by the tour bus at 9 a.m. Rode into Venice. Caught a power launch which took us down the Grand Canal to St. Mark's Square. Millions of "fijuns" for Jeff to chase here. The square just about defies description. Byzantine, Gothic, Renaissance, and Baroque architecture are all represented in this one square. Of course the most impressive building in the square is the

Basilica of St. Mark. This church is really elaborate and ornate. It was built from 569 - 130 A.D. The Venetians stole marble and semi-precious stones from all over the Mediterranean to build it. The entire ceiling is done in mosaic. The walls and facade are all extensively decorated with mosaics depicting various Biblical stories. Inside, of course, the main altar is the sarcophagus of the Apostle Mark.

The second most interesting feature of St. Mark's Square is the Clock Tower. This clock is 3 stories high. The first floor of the clock contains the face of the clock. The dial marks the hours, the phases of the moon, and the movements of the Zodiac. The clock was built in the 1490's and has no minute hands. On the second floor, at the sides of a statue of the Virgin, two small doors open — showing the passage of time every five minutes; this is done in Roman numerals of course. Something of interest that we didn't see is offered during Ascension week, when from the left hand door an Angel with a trumpet and the Three Wise Men come out to bow before the Holy Virgin. The third floor of the clock is occupied by the gilded, winged Lion of St. Mark on a blue field sprinkled with stars. The clock is topped by a large bronze bell. This bell is struck every hour on the hour by two huge bronze "Moors" wielding sledge hammers. One of them strikes the hour, then in case you miscounted his strokes, the other one does the deed too.

With everybody in the world then looking down the barrel of a guided missile, who'd be interested in shooting first?

You have no idea how reasonable people get when they're blocked on all sides. Man is supposed to be the only animal with reasoning ability, but I understand when a forest fire breaks out, the rabbits and the foxes, the antelopes and the mountain lions, all begin reasoning that the only way out of the mess is to run together for awhile.

On the other hand, come to think of it, this hundred percent guided missile idea might not work after all. Sparrows might build a nest in the firing device of a missile down in Afghanistan, trigger the thing, and send the world up in smoke. Or a minor dictator might get mad at his wife and pull the trigger just for spite.

Maybe it's better to worry with all these little crises. Now you take the Cuban problem... Yours faithfully, J. A.

made Venice a power → Neptune, god of the sea, and Mars, god of war. The inside of the palace is mainly decorated with paintings by Tintoretto. There are several walls and ceilings done by Titian and Raphael also.

From the Dodge's Palace, we Mark's Square via taxi (small launch) for a glass factory across the Grand Canal. En route we passed the beautiful Church of Santa Maria della Salute. This church was built from 1630-1687. It was built as a plea to God to stop the plague which killed 47,000 people in the city. We didn't go inside, although it contains masterpieces by Tintoretto and Titian.

At the glass factory, we watched an old master and his apprentice blow, cut, and shape a pretty vase — quite interesting. They allotted too much time for us to view and buy their wares (we didn't buy). Wish we could have spent that time in the previously mentioned church.

From the glass factory, we crossed the canal again and proceeded to a restaurant. Our meal was really fine. Carrol and Jeff had a main course of veal. Mine crossed the famous enclosed "Bridge of Sighs" and briefly inspected the dungeons. This bridge was so named because the prisoners who crossed it generally got their last look at sunlight through the windows on the bridge. The dungeons were not pretty.

From the Palace, we left St. consisted of whole, french-fried 'quid and minnows, fried shrimp, fish filets and chopped portions of large squid tentacles-delicious.

This ended our tour of Venice. It was lovely and entertaining. After we got home, we read more of our literature on the city and realized that we missed

many fine churches and art galleries. However, for the time and money we had to spend, we felt that we got a pretty fair tour of the main attractions.

Four hour drive to Florence. The Auto Strada through those hills is magnificent — the bridges and tunnels exhibit real engineering (and a lot of money expended). Got to our hotel about 7:30. Really pooped, ready for any kind of hot meal and a few hours in bed.

End of Wednesday's travels. End of letter. Next letter starts with Thursday, September 6.

Love,
Roald

SOMETHING TO CROW ABOUT

TULSA, Okla. (AP) — A crowd brought two friends together for the first time in 16 years.

Joe the Crow, owned by Dennis Aaron, son of Mr. and Mrs. Bill Aaron, disappeared on Monday. On Wednesday, Mrs. Vera Harvey saw a newspaper story of Joe's disappearance and recognized the bird as one her two teen-age sons had found.

She also recognized the Aaron name as that of some people she had known for many years but hadn't seen for 16 years. She drove to the Aaron home to renew acquaintances and Joe the Crow was returned to his owner.

Local big game hunters have been very successful this season. A grand total of game brought back to Muleshoe as of Wednesday was two elk, nine deer, one donkey, and four jack rabbits.

The hunters, in two parties, went up to the Colorado deer and elk country and were gone from four to ten days. One group, with Morris Childers, Irvin St. Clair, Rudolph Weidubush, James St. Clair of Morton, and George Runyon, Earth, brought back the elk. These were bagged by Weidubush and Runyon.

Another party, with Ray Griffith, Jess Osborn, O'Neal Rockey, Dr. A. E. Lewis, Roy Jordan, Gil Wollard, Roy White and Garvin Thorne brought in five deer. As this bunch was leaving Garman in Colorado, they met Dr. L. T. Green, Walter Moeller and E. C. McWilliams who were on their way in. O'Neal who had failed to get a deer, returned with them and they came back Tuesday morning with a deer each.

Some grand—or at least tall—stories have been told about the hunting trip. All were agreed, however, that Ray Griffiths is high score man, as he brought in one of the largest deer ever seen in Colorado—it was alleged.

1942- The first cotton ginning report of the 1942 season was issued Tuesday and shows that 220 bales were ginned in Bailey County from the 1942 crop prior to October 1. The report shows that no cotton was ginned in this county during the same period last year.

1942- Muleshoe visiting friends. She has been in California for the past several weeks, but is now living in Lubbock.

1942- Staff Sgt. Ira Thomas left Monday for Alabama, after spending a 15-day furlough with his parents, Mr. and Mrs. J. L. Thomas.

Elaborate Revue Planned by Lions

A full baggage car of equipment is required to stage the Prince Zogi Revue which is to appear here October 26 at 8 p.m.

Prince Zogi and his "Stars of Today" are playing a series of one night stands for the first time since 1955. In recent weeks over \$25,000 has been invested in the Zogi Revue bringing the total investment to a tremendous sum. C. A. Frank, business manager, declined to name the total figure because, as he says, "It would be unbelievable." However, he did say that Prince Zogi could retire for life on the amount that is invested in the Revue and provide his cast a substantial retirement, too.

The Prince Zogi Revue will be presented against a background of numerous colorful changes of scenery and will utilize an abundance of dazzling, exotic costumes, some of which were created in the Orient while

others were designed in Hollywood, New York, London, and Paris.

This is the show that entertained Broadway, dumfounded enthralled thousands upon thousands from coast to coast. Back Stage, a theatrical trade journal, declares that the Zogi Revue is one of the most charming shows on the road today. The audience will enjoy every minute of the dazzling two hour production and go away declaring it to be one of the finest shows of the decade.

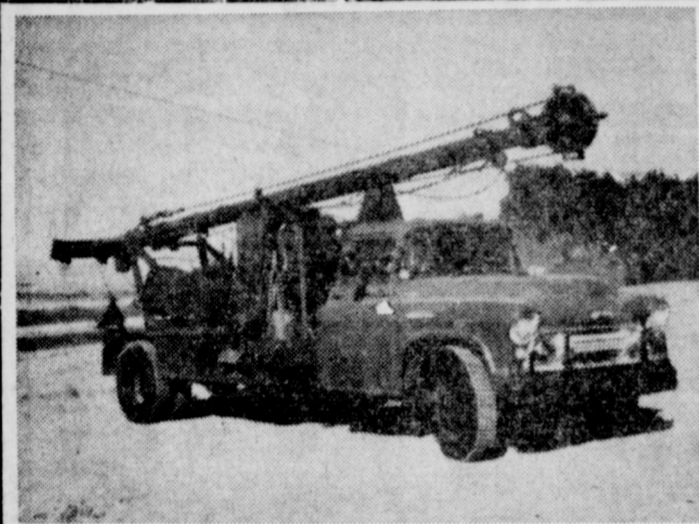

Headliner acts include the illusion, The London Ghost Cabinet, The Guillotine illusion, Music Humor and Prince Zogi in person.

The Lions Club is making arrangements for the appearance of Zogi's Revue in Muleshoe.

OUR TIES WITH ARKANSAS

Old Arkansas Tavern Texas' Birthplace

(Editor's Note: The following article, one of three, was written by the Arkansas Publicity and Parks Commission)

The State of Texas was born in Arkansas.

Its birthplace was an Old Tavern where the road from Camden and the Quachita river to Fort Towson crossed the Old South-west Trail, also known as the Chihuahuas Trace.

The Old Tavern also served as the cradle for a time, because it was here that the plans for the War for Texas Independence were formulated, and its original men, money, lead and power recruited.

Built in 1824, by Elijah Stuart, it was a two-story structure with long veranda across the front and side. There was a wide hall through the center. There were at least a dozen rooms for travelers, with one large room on the second floor where most of the community gatherings were held. It also served as the courtroom.

Stephen F. Austin, known as the "Father of Texas", was a surveyor, land speculator, and judge in Arkansas, before he pioneered settlements on the Brazos. He platted the original City of Little Rock and then became a Territorial Judge. The Old Tavern became a familiar stopping place for Austin and his brother-in-law, James Bryan.

Washington, about 30 miles from the Mexican border, was Hurley, Lubbock, Sunday evening.

Kay Lemons spent the weekend in Portales, N.M. with her sister, Sandra Jean.

Cindy, Debbie, Julie and Tammy Bateas, Farwell, spent the day Tuesday in the home of their Frank Griffith.

Mrs. Virginia Simpson, Causey, N.M. visited in the home of Mr. and Mrs. Marvin Holt Thursday.

Kathy Pollard, Lubbock, is visiting with friends in Houston for a few days this week.

The Paul Arthurs, Raton, N.M. spent the weekend in the home of Mr. and Mrs. Tommy Galt.

Mr. and Mrs. Harlan McCraw, Ruidoso, N.M. visited in home of Mr. and Mrs. Cass Stegall Sunday.

WCS of the Three Way Methodist church met Wednesday evening in the home of Mrs. Ruth Cooper. They continued their study on "The Rim of East Asia," led by Mrs. Leon Reeves. There were five members present.

Mrs. Billy Wall is spending a few days with her parents, Mr. and Mrs. Homer Huff, Muleshoe. She will be returning home one day this week.

Madalyn Galt, daughter of Mr. and Mrs. Tommy Galt, served as musician in the installation service of Rainbow for Girls, October 6 at Morton in the Masonic Hall.

Mr. and Mrs. Ed Latimer visited in the Jay Feagley home Sunday night.

the Old Tavern at Washington, then left for Mexico. One company marched 250 miles to join the regiment, only to find when they reached Washington that the regiment was full and they had to return home.
Former Governor Archibald Yell resigned his seat in Congress to go with the regiment. He enlisted as a private in Solon Borland's company, and was elected colonel of the regiment. John Seldon Roane, later to become governor, was lieutenant colonel; Borland, major; Gaston Mears, adjutant; Josiah Houston, sergeant-major; and Dr. Craven Peyton, surgeon.
William Quesenbury, familiarly known as "Bill Cush", because of his writings and cartoons, was the quartermaster. He also worked in oils and some of his paintings of that war are highly treasured possessions.
Company A was organized in Pope county, with J. S. Moffett, captain, being succeeded later by W. H. Taylor.
COMPANY FORMED
Salon Barland organized company B in Little Rock, and Christopher Columbus Sanley became captain after Borland was promoted.
George Washington Patrick was captain of Company C organized in Johnson county.
Captain Andrew Porter, who organized Company D in Independence county, was killed at Buena Vista, and Franklin Desha became captain.
Albert Pike was captain of Company E from Little Rock.
Captain J. J. Dillard headed Company F from Crawford county.
Edward Hunter was captain of Company G from Sevier county.
William E. Preston headed Company H from Franklin county.
Captain William K. English headed Company I from Hot Spring and Saline counties.
John Preston was captain of Company K from Phillips County.
A troop of Arkansas Cavalry under Major Borland, camped near Hacienda of Encarnacion, was surprised and captured. They were treated with great severity and cruelty. Lt. Thomas J. Churchill, afterward a general in the Confederate Army and govern-

nor of Arkansas, was one of the prisoners.
COL. YELL KILLED
Arkansas troops took part in the Battle of Buena Vista, fought February 23, 1847. They sustained a charge made by Mexican lancers. Colonel Yell was killed at the beginning of the battle, along with Captain Porter, Corporal Saunders, the standard bearer; John Pelham, Albert Phipps, Painter and Higgins.
Saunders received 17 lance wounds in his body.
Joshua F. Danley, L. A. Torosky, William Turner, Horatio Dodd and William Russell of Daley's Company B received lance wounds. Private Taylor was wounded and died. Capt. Danley returned from the war a cripple from a grapeshot wound. Upon the death of Colonel Yell, Lt. Col. Roane succeeded him.
The Twelfth Regulars, which participated in engagements at Contreas and Churubusco, had a large number of Arkansans.
The war was an easy conquest for American arms. To conclude a peace, Arkansas Senator A.H. Sevier resigned his seat in the Senate and was sent as minister to negotiate the treaty. Associated with him was Nicholas P. Trist.
A treaty was affected at Guadalupe Hidalgo, a suburb of Mexico City. The United States acquired New Mexico and California by paying the Mexican government 20 million dollars.
CURIOSITY KILLED THE PIG TYRONE, Okla. (AP)—Thanks to a nosy pig, one and maybe two farmers are alive today.
Don Bevan and Bob Howell feed their livestock near each other every morning and while the animals eat they chat and usually lean on a metal auger which distributes pig feed.
As they talked recently a pig touched the auger and dropped dead. The machine had developed an electrical short.
