

# It Went Mostly Democratic

Bailey county voters, turning out in record numbers for an "off" year, followed a Democratic pattern for the most part, but they favored Jack Cox, Republican, for governor, and Des Barry, Republican candidate for congressman-at-large.

All area and local Democratic candidates got the nod from Bailey county voters in Tuesday's election, although Dennis Taylor, running for congress, was only 21 votes behind his Democratic opponent, George Mahon, when the smoke cleared away.

The turnout here, as throughout the nation and Texas, was heavy. A final county vote tally had not been made Thursday, but as many as 1,613 votes were known to have been cast since that many ballots were polled in one uncontested race.

And in the amendment vote, a total of 1,724 votes was cast. Observers pointed to this as an unusually high number since amendments often are passed by many voters.

The 14 amendments were definitely not liked by Bailey county folk; every single amendment proposal was defeated in this county, although one — No. 2 — was lost here by only 20 votes.

The peak amendment vote came in the much-publicized "de novo" amendment, the 14th, when 1,144 voted against the proposal and only 580 voted for the amendment in this county.

Only one county official faced opposition; Glen Williams, county judge and ex-officio county superintendent of schools, faced Republican Senn D. Slemmons. Williams, a Democrat, won 1,133 to 709. He was re-elected for a four-year term.

Other county Democratic candidates faced no opposition. These included Hazel Gilbreath, county and district clerk; Edith Wilt, county treasurer; Loyd Stephens, precinct 2 county commissioner; R. P. McCall, precinct 4 commissioner, and Joe D. Vaughn, justice of the peace. Pat Boone Jr., present county judge in Lamb county, was unopposed for district judge, 154th judicial district which includes this county. Boone, a Democrat, polled 1,472 votes in Bailey county.

In the governor's race, Bailey county went Republican. Jack Cox carried the county, beating John Connally, Democrat 936 to 712. Constitution candidate, Jack Carswell, received 3 votes.

Preston Smith, Democrat, took the county in his race for lieutenant governor. He received 1,019 votes to Republican Bill Hayes' 812.

Waggoner Carr, another Democrat, candidate for attorney general, landed 1,157 votes to beat his Republican opponent, T. Everton Kennerly who polled 677.

Another race in which Bailey county voters preferred the Republican candidate, was in the congressman-at-large

race. Voters gave Des Barry 923 votes to Democrat Joe Pool's 915.

Ben Ramsey, democrat, got 1,152 votes to Republican Bernold M. Hanson's 656 to cop the county's vote for railroad commissioner, unexpired term. The same trend was evident in the race for comptroller of public accounts, Robert S. Calvert, Democrat, polled 1,032 in this county, and Mrs. Hargrove Smith, Republican, rung up 561. Joseph H. Rummler, Constitution party candidate, got 7.

In congressional races, George Mahon, Democrat, nosed out Dennis Taylor, Republican, 941 to 920 in this county, and incumbent Andy Rogers, Democrat, polled 1,096 votes in this county to Republican John Zahn's 737. Bill Clayton, Democrat incumbent, tallied 1,098 votes to Republican Frank Ford's 753 in the race for State Senator, 30th district. State candidate who were unopposed included:

Mead F. Griffin, associate justice of the supreme court, place 1; James R. Norvell, place 2; Zollie Steakley, place 3; W. A. Morrison, court of criminal appeals; Wm. J. Murray, Jr., railroad commissioner; Jesse James, state treasurer and Alton B. Chapman for associate justice, 7th supreme court district. All are Democrats.

This county also favored John C. White, Democrat veteran commissioner of agriculture, over Harry Hubbard, Republican. White got 1,099 votes in this county to Hubbard's 694. Complete Returns on Page 6A

SUCCESSFUL — County Judge Glen Williams, only Democrat on the county ticket facing opposition, won over Senn Slemmons, Republican in Tuesday's general election.

## Oldsters Are Victims Of Insurance Scheme

Older people, or "senior citizens" as they have come to be called, are the targets of a vicious scheme being practiced by a number of unscrupulous insurance companies.

This word comes from the Muleshoe Chamber of Commerce and The Better Business Bureau, both of whom have recently received inquiries and complaints about such schemes.

Within the past week complaints have been registered against two insurance companies and their itinerant salesmen who misrepresented the coverage of insurance policies.

Both cases concerned elderly couples who were high pressured into purchasing policies without fully understanding the coverage contained in the printed policy.

In both cases the salesman represented the coverage as being greater than the policy specified. One of the companies is under investigation by the State Insurance Commission for fraud and the other enjoys only marginal respect.

The Chamber of Commerce has also received inquiry from a local couple who had a sad experience with an out-of-town sewing machine company and its fast-talking salesman.

In this case an old scheme was worked, called "hitting". The couple answered an ad for a nationally known make of sewing machine at a bargain price. When the salesman brought the machine it was an old foot powered model which the couple naturally did not want. So the salesman then used a fast line to persuade them to buy a modern imported machine at a much higher price.

They now own a machine made in Japan which they cannot get.

Ray's 'Ritin'

By RAY MARTIN

This is the do-it-yourself age, and the fellow who can't do anything from building his own mousetrap up to a seven-room house without benefit of professionals is considered a sissy these days.

Of course, I've never exactly held that theory, believing that the fellow who has had training and experience in a certain line can do a better job than the amateur who merely reads the directions and goes on from there by ear.

Maybe one reason I've always kind of leaned toward the professional man to do any kind of a job is because I've seen some pretty rank amateurs (and believe me they were rank) in this business of the Fourth Estate in which I've been more or less earning a living for lo! these many years.

Like the high school boy that a well-known newspaper hired and put on accidents because they could get him cheap. He was sent out to cover an accident one day in which one person was injured seriously. His lead to the story read: "An elderly man was injured seriously, etc."

The "elderly" man recovered and proceeded to sue the paper for calling him elderly. He said it hurt his business, tagging him an old-man. He didn't collect, but the case went to court and it cost the paper more in attorney's fees than a good, trained reporter would have cost the paper for a year.

Oh, yes, I forgot to say that the "elderly" man whom the 17-year-old reporter was telling about was 37.

So, as I said, I hold with the professional more than the amateur.

Just the same, last week Mama (See RAY'S, page 7)

## Busy November Set by Schools

November is to be a busy month in Muleshoe schools, a check of school calendars revealed Wednesday.

Next Sunday is Veterans' Day (Formerly known as Armistice Day) and pupils throughout the school system are being told of the meaning of the day and advance programs are being presented by some groups in observance of the day.

Saturday, twirlers will go to Levelland to take part in an area twirling contest.

At the same time, members of the girls' basketball team will go to Wayland Baptist College at Plainview to attend a day-long basketball clinic. Wayland has one of the nation's outstanding girls' basketball teams, and will meet a famous team from Russia later in the season.

On November 15, the annual banquet for members of the local chapter Future Teachers of America, will be held at the (See SCHOOL, page 7)

## Open House Planned At All City Schools

Muleshoe schools will have open house next week when parents will be invited to visit all five schools, meet the teachers and visit their children's classrooms, Neal B. Dillman, superintendent, announced Thursday.

Junior and senior high schools will be at home to parents next Monday night, while elementary schools - DeShazo, Richland Hills and Hilltop - will be hosts to parents on Tuesday night.

Hours will be from 7 until 9 p.m., and programs will conclude with refreshments in school cafeterias.

The program is a part of American Education Week November 11 through November 17, and throughout the week, emphasis will be placed on education with special programs including civic club meetings.

The parents will be invited

especially to visit all their children's classrooms and talk with the teachers. They will be asked to discuss any problems which they may have with the teachers, Dillman explained.

Many new projects will be explained and latest teaching methods will be outlined to the parents. The elementary school teachers will tell of the relatively new system of teaching spelling and reading which is proving highly successful in teaching both these subjects to small tots. Some pupils also will be on hand to demonstrate the new methods.

"We hope every parent of school age children turns out for these open house programs," Dillman said, "to learn first hand of the work which the teachers are doing in the Muleshoe schools."

## Courthouse Bonds Rejected

### Lovelady Trial Is Slated

Karl K. Lovelady, Bailey county attorney, will go on trial in district court here Monday, November 19, it was announced Wednesday when docket for the court was announced. District Judge E. A. Bills will preside.

### School Enrolment Hits Record High

Muleshoe school enrolment pushed to just under the 2,600 mark this week, Superintendent Neal B. Dillman announced, to set a new all-time high.

### 5,150 Persons Take Type II Vaccine

A total of 5,150 persons took Type II polio immunization here, a check Wednesday revealed.

### Project Spanked 2 to 1

Bailey county taxpayers, by a two-to-one decision, Tuesday turned down a proposed \$360,000 bond issue which would have provided funds for remodeling the courthouse and building a new jail.

Only three cases so far have been scheduled for that term of court, two counts against Lovelady, and a forging and passing case against Willie Walker. District Attorney Jack Young said a hearing is slated for this week in Roswell, N.M. to determine whether Walker is to be returned for trial. He has refused to (See LOVELADY, page 7)

With a peak of 1,962 pupils on class-rolls Monday, the total was 120 higher than on opening day of school September 3, reflecting a general population spurt for Muleshoe.

Leading the upward parade were the lower grades, first through sixth grades showing the greatest gains since the first day of school, although enrolment was at peak levels for all grades, a check of records revealed.

Checks are made on Monday of each week, and these reports show a gradual increase since the opening day.

Last Sunday, 1,150 chewed the vaccine - saturated sugar cubes on "make-up Sunday". The previous Sunday, 4,000 were on hand for mass immunization day.

The vote was 580 for the proposal to 1,144 against the measure.

### Farm Worker Dies In Stalk Shredder

Ramon Villesca Meza, 40, a transient farm worker from Mexico was killed instantly Saturday morning by a stalk shredder eight miles south of Muleshoe on the Jack Schuster farms.

Broken down, the senior high records show 64 in the senior class, 107 in the junior class, 120 sophomores and 164 freshmen.

"We expect to crack down on such violators" the sheriff said. "We have been fortunate so far in not having had bus riding school children killed, but more

and more violations are being reported to my office.

Many, too, favored the jail remodeling but did not approve a general overhauling of the courthouse at this time.

## Mules Maintain Perfect 3-AA Record With Win Over Olton

By J. C. SPAIN

The Mules came through a big conference test last Friday night with flying colors as they whipped the Olton Mustangs, 13-0.

An outstanding defensive effort was turned by both teams as neither could move past the 40-yard line during the first quarter and most of the second quarter.

This was the Mules' final home game of the season, and was their second straight win in the 3-AA conference for a perfect record so far.

This week the Mules journey to Friona for their next-to-last game of 1962, a conference setto, and on the following Friday will play at Dimmitt to end the sea-

son. Both games, since they are conference freys, will start at 7:30.

With about six minutes left in the half Ronnie Johnson snagged a Mustang pass on the Olton 23 to set up the first score of the ball game. Eight plays later Kenney Heathington ran over from

the 7 yard line but the play was called back and the Mules were assessed a 15-yard penalty which put the ball on 21.

On the next play Jerry Gilbert ran to the 13. Heathington ran over again and this time it counted. Jimmy Cabrera's kick for the extra point was good and as the half the Mules led 7-0 in their second conference of the season.

The third quarter was much like the first with Olton moving no closer than the 23-yard line to the Muleshoe goal.

Late in the fourth quarter the Mules started a drive from their own 40 and in seven plays moved to the 18. The Mules then drew a 5-yard penalty which put them

the 7 yard line but the play was called back and the Mules were assessed a 15-yard penalty which put the ball on 21.

On the next play Jerry Gilbert ran to the 13. Heathington ran over again and this time it counted. Jimmy Cabrera's kick for the extra point was good and as the half the Mules led 7-0 in their second conference of the season.

SPEAKER — Floyd Stark, district governor of Rotary, will speak to Muleshoe Rotarians at their luncheon next Tuesday. (Story on Page 5-B.)

### Halloween Social Sponsored By CWF

A Halloween night social was held in First Christian Church with the Christian Women's Fellowship in charge of entertainment.

A spook house with hanging dummies, blowing sheets, cobwebs and spiders, along with the high-pitched shrills of the spook house witch provided entertainment in keeping with the festive event. Pat Arnold played the part of the witch.

Sad Sam, another attraction that kept the group laughing, was played by Dr. S. E. Goucher who dressed as a hobo and with sad eyes and speaking slowly, mingled among the crowd telling a hobo tale of woe.

Witches Brew was served from a huge black pot. Logs underneath the pot were lighted with bulbs to give it a natural glow of an open fire. Mrs. S. E. Goucher, dressed as a witch, served the brew and cookies.

The social was well attended by church members and guests.

### Eastern Star Deputy Grand Matron Makes Official Visit To Chapter

Mrs. Jewel Strong, Worthy Matron and Buck Creamer, Worthy Patron, presided at the regular meeting of Muleshoe Chapter No. 792, O.E.S. Tuesday evening November 6 in Masonic Hall.

Routine business was transacted and instruction received from Mrs. Mary Farley, Muleshoe, Deputy Grand Matron District 2 Section 3, of the Grand Chapter of Texas, who paid her official visit to the chapter.

### Scout Leaders Slate Activities

The Friday night chili supper sponsored by the Muleshoe Girl Scouts netted the organization more than \$250 which will clear their accumulated debts from last year, according to Mrs. Dale Fischgrabe, chairman.

A meeting of the Neighborhood leaders of Girl Scouts has been set for Wednesday, November 14, for an Investiture Service. The program is to begin at 9:30 a.m.

In addition to this service, a crafts display will be featured on the Christmas theme to give leaders new ideas for crafts to be made by their respective troops for Christmas gifts.

Three local leaders attended a council meeting and luncheon in Lubbock Monday. They were Mrs. Jack Julian, Neva Calvert, and Mrs. Dale Fischgrabe.

Mrs. Roy Wrinkle, Mrs. Charles Mayhugh, Chesta Cowan, Mrs. Jack Julian, and Mrs. Fischgrabe are to attend a training school in Lubbock next week where a new program in scouting is to be introduced.

A workshop is planned for November 15 in the Muleshoe Girl Scout House with Friona Scout leaders as guests. Mary Anderson, professional leader from Lubbock is to conduct the workshop.

A salad luncheon is to be served by the Muleshoe group.

### Parent-Teachers Executive Group Hear Committees

The executive Committee of the Mary DeShazo P-TA met Monday, November 5, in the school cafeteria with ten members present. Mrs. Ed Edmison, president presided.

Reports from the year book chairman and the budget committee were approved. A full report from the project committee will be given at the next regular meeting.

Members of the DeShazo PTA are to meet Tuesday, November 13, at 7:30 at the school for open house during Education Week.

Suggestion boxes will be placed in each room and parents are asked to leave their suggestions pertaining to their school, P-TA, or school project.

### Grandmother Coffee Honors Mrs. White

A grandmother coffee honoring Mrs. T. R. White was given in the home of Mrs. Gilbert Lamb Wednesday morning, October 31.

The honoree was presented a play pen for her new granddaughter, Tyree Wagnon, daughter of Mr. and Mrs. Joe Pat Wagnon, born on Sept. 25.

A poem was composed for the special event by Mrs. Lamb. It read:

Congratulations  
To Grandmother Marie  
On the safe arrival  
of granddaughter Tyree  
To say we love you  
- Is trite, we know  
But making our friend happy  
Gives us a glow;  
And we want to wish for Tyree  
That she grows up to be  
A great gal — like her  
Grandmother Marie  
We know this is a terrible rhyme  
But gee, what did you expect  
for a dime?

### Wesleyan Guild Prayer Program

Week of Prayer was observed by Methodist Circles last week with the Wesleyan Guild presenting the program on Tuesday.

Mrs. M. H. Laney, spiritual life secretary, opened the program with a prayer and Mrs. Ray Edwards gave the meditation.

Also on the program were Mrs. Delmar McCarty, Mrs. W. H. Elrod, Elizabeth Hardin and Mrs. Frank Peery.

The offering made is to go to the projects in Hong Kong, Korea and Okinawa on the foreign field and the building fund for the Navajo Indian Mission, Holding Institute, and Boyan-Haven-Mather Academy.

### S. C. Caldwell's Return From Visiting Relatives

The S.C. Caldwell's returned Tuesday night from a ten-day trip to Beowawe, Nev. and Twin Falls, Idaho where they visited with their son and family, the Bill Caldwell's, and with their daughter and family, the Alfred Clays.

As it was hunting season there, they enjoyed eating chucker quail, pheasant, and venison.

They reported the scenery was beautiful in fall colors. They also found pleasant weather on the trip.

ENGAGEMENT ANNOUNCED — The engagement of Miss Martha Kathleen Pollard to Herbert Maurice Anthonise is being announced by her parents, Mr. and Mrs. Carl Pollard, Stegall. Her fiancé is the son of Mr. and Mrs. H. P. Anthonise, Houston. He is a graduate of Allen Military Academy, Bryan, and attended Texas Tech where he was a member of Delta Sigma Pi. He is presently employed by Chambers Air Conditioning in Houston. Miss Pollard is a 1962 graduate of Three Way high school and Isbell's University of Beauty Culture. Vows will be read at the Three Way Methodist Church on November 23 at 8 p.m.

### Muleshoe Club Attends Workshop

Five Muleshoe Study Club members attended the Caprock District of Federated Women's

workshop held in O'Donnell Saturday at the First Methodist Church.

Attending were Mrs. T.R. White, Mrs. Gilbert Lamb, Mrs. O.N. Jennings, Mrs. Ramon Martin and Mrs. J.G. Arrn.

On the program, Mrs. White gave a report from the Texas Department of Public Safety, Mrs. Jennings on outstanding programs for the district and Mrs. Martin on Fine Arts. The three are members of the Caprock District executive board.

A luncheon was served in the church dining hall with organ music as a pleasing background.

One tablespoon of water is usually added to a slightly beaten egg when this mixture is to be used as a dip in breadings, chops or similar foods. But if there isn't enough of the egg to go around, you can add a teaspoon or two of water for dipping the last pieces of food.

MRS. NORMAN BRANTLEY  
(Journal Engraving)

### Jane Sanders And Norman Brantley Pledged Double Ring Marriage Vows

Jane Ellen Sanders and Norman Brantley pledged marriage vows in a double ring ceremony read at half past three on Sunday, November 4, in the First Baptist Church. The Rev. Don Murray officiated.

Candelabras holding white tapers flanked by baskets of white gladiolus accented with turquoise satin bows formed the background for the ceremony.

The bride's parents are Mr. and Mrs. Robert Sanders. Mr. and Mrs. T. J. Brantley are parents of the bridegroom.

Escorted and presented in marriage by her father, the bride wore a formal gown of silk organza highlighted with a front bodice and skirt panel of Chantilly lace. The Sweetheart neckline and three-quarter length sleeves were accented with flat self-bows. The floor-length skirt was of bouffant styling and her veil of illusion depended from a queen's crown of tiny seed pearls. She carried a bridal bouquet of white feathered carnations atop a white Bible.

#### ATTENDANTS

Mary Sanders served her sister as maid of honor. Bridesmaid was Peggy Crownover, Knox City, and bridesmatron was Mrs. Jerry Smith, Lazbuddie.

Flower girls were Jo Beth and Gail Glasscock, Portales, N.M. They are cousins of the bride.

The bride's attendants were attired in dresses of turquoise deluster satin with chiffon scarfs. They carried a single long-stemmed white carnation and wore head pieces of circular design topped with turquoise cabbag-roses.

Miss Williams wore a dress identical to that of the bride's attendants and carried a basket of white carnations.

Curby Brantley served as his brother's best man and groomsmen were James Brown and Jerry Smith, both of Lazbuddie. Ushers were Bob Sanders, brother of the bride, and Jerry Don Glover, Lazbuddie.

Traditional wedding music was presented by Mrs. W. T. Andrews, organist, and soloist, Georgia Flood, Wayland College student, Plainview.

#### RECEPTION

A reception followed the ceremony in the dining hall of the church. The bride's table was laid with a white linen cloth with appointments of silver and crystal. A three-tiered wedding cake, topped with a miniature bride and groom centered the table. Jana Goodwin and Linda

## Trinity Baptist Set Attendance Record and Goal

The officers and teachers of the Trinity Baptist Church met Wednesday night October 31, to make plans for reaching a new record in Sunday School attendance for November 25. The Sunday School attendance was 178 October 28. This was the largest attendance the church has had in her life time. The officers and teachers were enthused and showed much zeal in reaching the new all time record of 200 in Sunday School.

The Trinity Baptist Church has shown a continual growth for a long period. They completed a new educational building in August of last year, and find themselves in need of an auditorium and hopes to begin plans soon for the building of this space.

Trinity is a Southern Baptist Church striving to preach the Gospel of Jesus Christ and to make Muleshoe a better place to live.

Los Angeles surrounds the independent cities of San Fernando, Culver City and Beverly Hills.

## Texans Pay Tax On \$7.17 Billion

Texas taxpayers reported \$13.6 billion adjusted gross income on the 2,873,000 Federal income tax returns filed for 1961, Ellis Campbell, Jr., District Director of Internal Revenue, said today.

Income statistics, after allowance for deductions and exemptions, showed taxable income in Texas of \$7.17 billion resulting in income tax liability of \$1.69 billion.

Both items represent increases over the income year 1959 — an increase of 0.3 per cent on taxable income (\$7.15 billion in 1959) and an increase of 0.2 per cent in income tax liability (\$1.69 billion in 1959).

Internal Revenue reports that Texas tax returns showed an increase in 1960 over the previous year in salaries and wages, dividends, interest, and combined other income and loss. Largest increase reported was the 14.1 per cent rise in interest with \$213 million reported in 1960 against \$187 million in 1959. Dividends were 8.3 per cent higher with \$321 million in 1960 and \$297 million in 1959. Combined other income and loss reported in 1960 was \$2,384 million in 1960

as compared with \$2,376 million in 1959, an increase of 0.3 per cent.

Salaries and wages showed the largest dollar amount increase, with \$10,658 million reported in 1960, an increase of 0.8 per cent over the \$10,575 million in 1959.

On a nationwide scale, Internal Revenue's Preliminary Report for 1960 indicates the vast gross income over the past decade. In 1950 only 14 per cent of the returns had income over \$5,000. By contrast, of the 61 million individual returns filed for 1960, 42 per cent showed income above the \$5,000 level.

Your **OLDSMOBILE** will give you better service with **AMALIE** 100% Pure Pennsylvania Motor Oil

Why? Today's high compression engines running at high or low speeds; running in grueling stop and go traffic require the superior oilness, the heat resistance found only in AMALIE Pennsylvania Oil.

AMALIE is the oilier oil refined from the world's finest crude by special low-heat process. AMALIE stands up under engine heat long after conventional oils break down, thin out, drain off. Cuts wear, insures long miles of smooth engine performance...

**Wiedebush & Childers**

**DIP INTO REAL DRIVING CONFIDENCE**

... the kind that results when you give your car adequate protection. It's as simple as regular use of Shamrock Motor Oil. Shamrock Motor Oils come in different categories as engines do. Your Shamrock dealer will recommend the right one for your car. You'll notice a strong family resemblance in Shamrock's new motor oil cans! There's an even stronger one in their quality... quality you can measure by your car's performance.

**Mrs. Clean Wylie AND DAUGHTER Jackie Kay**

It's easy to see that the 4th generation, Jackie Kay, idolizes the 3rd generation, Mrs. Clean Wylie — and there's no doubt that the 4th generation will cook electrically when she becomes a Mrs. Mrs. Wylie of Lockney, Texas, says, "It's the only way to cook!"

**Mrs. Buck Sams**

Mrs. Sams just loves to cook. In fact, almost every day she cooks for family and friends — and her meals are a delight to the palate. It is not unusual for her to serve 10 lucky diners every noontime. Certainly this is a fine tribute to modern electric cooking. And, as Mrs. Sams puts it, "I just love my electric range."

**Mrs. Floyd Jackson**

"It's so clean and nice" is the comment of Mrs. Jackson who represents the 2nd generation, when she talks about her electric range. Mrs. Jackson, a busy woman, operates the Jack and June Shop in Lockney. She just doesn't have time to engage in unnecessary cleaning tasks — that's why she cooks electrically.

## Four generations of electric cookers

Electric cooking is family cooking. And, for so many reasons: The cleanliness of electric cooking means less time spent on needless cleaning-after-cooking and more time invested with your family. The principle of electric cooking — gentle, accurate heat — lets you cook fresh vegetables with a minimum of water — vitamins are retained, not drowned then boiled away in excessive water. Money is saved — meats roasted in your electric oven have little shrinkage; you use all you pay for. Take a tip from the family featured above — cook better electrically!

## Off The Runways

By DORIS KINSEY  
BUSINESS TRIP

Herb Griffith piloted the Comanche on a business trip to Portales last week. He was accompanied by Russell Bryant and Mr. and Mrs. Don Bryant.

Mr. and Mrs. Bill Jim St. Clair and Mr. and Mrs. Carl Bamert flew to Canyon Saturday where they attended the football game. The flight was made in the Cherokee with St. Clair at the controls.

Sailplanes were in the air over Muleshoe again Saturday with two men from Albuquerque training in the two-place Schweitzer. Hugh Burns and Paul Scates alternated on the training flight with Morgan Locker instructing. The Super Cub used for towing the Sailplane was piloted by Stanley Williams.

Apparently the men thought they were going to a larger town than Albuquerque, as upon their arrival, they repeatedly expressed their astonishment that Albuquerque didn't have everything

that a "small" town like Muleshoe has. So again, Muleshoe scores a hit as "the biggest little city" in the country!

## TO HORSE SHOW

W. L. Barton, Bobby Murrell, Jimmy Herring, Earth and Morgan Locker flew to Perry Okla. recently where they attended a showing and sale of thoroughbreds.

Some of the most beautiful and expensive horses were shown and sold. The area men enjoyed the show as well as being amazed at the prices paid for the horses. Buyers attended the sale from many states.

(Continued from page 1)  
and I succumbed to the do-it-yourself trend. We decided to antique the organ and bench out at Gopher Flats Estate, a rather ambitious project and one that could have ended in disaster for a \$1,700 investment.  
I read several articles on how such a job should be done, none of which agreed. Thus, having decided to be made for that purpose—we set out to buy the paint and start on the job.  
We made several places around town here to get ideas. We finally agreed on a combination that sounded as if it might work. At least it was a paint which claimed to be made for that purpose—antiqueing.  
The directions had been written by a painter instead of a writer, so, as a result, were confusing and vague. (I've always held that manufacturers should hire professional writers to write the directions for their products.)  
Well, anyway, we read what the can assumed to be sufficient

directions and then we spread newspapers on the floor and sailed blithly into the job. The can said that one coat was all that was necessary of this dull white stuff that you put on first. The can was wrong; it took two coats.  
Then we stood back to look the job over. As a white paint it was ok, but we didn't want a white organ. So, after the paint was dry, we started step No. 2. A small bottle of what the company called "ink" came with the white paint (At \$1.89 extra) and this stuff was intended to give the organ that desired old-age look. Seems this antique business comes in several colors, including gray, tan silver or gold. We had picked the gray tone.  
So, we opened the little \$1.89 bottle, spread out the cheesecloth with which you were supposed to apply this antiqueing liquid and set sail.  
We made about three sashlays with this cheesecloth business and then made a discovery: The gray stuff was taking off the white paint. Seems the gray stuff was all mixed up and thought it was paint remover instead of aging ink.  
The man from the store came out and looked at it. "Hm, hm," was his comment. He didn't know what had caused the stuff to go haywire, either.

**NEW TEACHER —** Here's Muleshoe's newest teacher, Jo Ann Mickey, Canyon, who replaces Mrs. Finis Hodges as an English and Spanish teacher in senior high school. Mrs. Hodges resigned to join her husband in Coldwater, Kans., where he is pastor of the First Presbyterian Church. Mrs. Mickey has a B.A. degree from West Texas State College with major in English and minor in Spanish. She taught in junior high school here in 1958-59 and has been teaching at Lazbude until last week.

**YOUR HEALTH**

**That Bee Sting May Be Fatal, Doctors Warn**

Arthropod envenomization is a technical phrase meaning injury produced by the bites or stings of, or contact with, certain kinds of insects and insect-relatives such as spiders, scorpions, ticks, and mites.  
Such injuries, or reactions, vary from person to person and are the results of toxin or poison gaining entry to the body. They range from mild responses to the toxin (venom) to severe allergic reactions and death.  
In recent years more and more individuals have shown moderate to severe to fatal reactions as a direct result of insect stings and bites causing this public health problem to take on added interest among physicians and scientists.  
Death caused by insect stings is not new. An ancient Egyptian ruler, King Menes, died of a wasp or hornet sting in 2642 B.C. Sensitivity to bee stings was reported in the United States in 1811.  
A study of 215 human deaths from venomous animals reported from the United States in the five-year period 1958-64 revealed that 40 percent were caused by insects of the order Hymenoptera (bees, wasps, yellow jackets, hornets, and ants).  
Poisonous snakes accounted for 33 percent; spiders, scorpions, and other venomous animals accounted for 27 percent.  
When the data are rearranged to eliminate deaths from snakebites, about 60 percent of the remaining 144 deaths were caused by wasps, bees, hornets, and their relatives.  
During 1958-61, 43 Texans died as a result of envenomization. Snake bites accounted for about two deaths per year except during 1960 when nine fatalities resulted from this cause.  
As a result of repeated exposure to the stings or bites of certain arthropods, individuals may develop an extreme sensitivity to these venoms. In such persons, the sting or bite of a single arthropod may suffice to cause a severe allergic reaction and death.  
Individuals who show severe reactions to insect poisons may be desensitized by appropriate medical treatment. (A weekly feature from Public Health Education Division, Texas State Department of Health.)  
Four ex-University of Kentucky players are with National Basketball Association teams. They are Adrian Smith of the Cincinnati Royals, Frank Ramsey with the Boston Celtics, John Cox with the Chicago Zephyrs and Cliff Hagan with the St. Louis Hawks.

Washington, and L. C. Roddam, both previous winners, tied with Jim Small.  
Meantime, the contest continues this week, and prognosticators will find the list of this week's games on Page 4B. Five bucks again will go to best pickers and three bucks to the second best.  
Grand prize winner for the season will receive two tickets to the Cotton Bowl New Year's game in Dallas and \$50 for expense money.  
Entries for this contest must be received at the Journal office by 5 p.m. tomorrow (Friday) or letters must be postmarked by that time.

**School--**

First Baptist Church, Terry Moore is teacher sponsor of this group.  
On November 17, Future Farmers of America are to be hosts to an FFA leadership conference in the Muleshoe senior high school auditorium when emphasis will be placed on Robert's Rules of Order.  
The schools here will be well represented at the State Parent-Teacher Association meeting in Fort Worth November 14-16. Among those going are Superintendent and Mrs. Neal B. Dillman.  
Bob Cousy and Tom Heinsohn of the Boston Celtics played college basketball at Holy Cross and still make their home in Worcester, Mass.

Christmas lights are to be turned on during the Thanksgiving holidays and will be left on throughout December. Christmas home lighting contest also is to get under way December 1 with Jack Young as chairman. Merchandise prizes will be awarded winners in the home lighting phase of the program.  
Merchants are to meet soon to decide on a store schedule during the holidays.

a "guarantee," but since there are no parts stocked in the U.S. for this machine the guarantee is worthless.  
These cases and many similar ones point up the need for local people, and particularly people living in the rural areas to beware of buying from transient salesmen.  
Almost without exception bargain priced merchandise can be bought at the same or lower prices from local merchants who know brands, and who will stand behind everything they sell and service.  
The Chamber of Commerce will investigate any questionable deals or companies without charge. The only warning is that such investigation does little good after the purchaser has already signed the contract or check.  
A phone call to the Chamber at 2480 has saved many people from making a deal that is both costly and unnecessary.

THANKS

In view of the fact that I have been extremely busy, and consequently did practically no campaigning at all, the nice vote of confidence given me in Tuesday's election was very heartwarming. You will never know how much I appreciate it.

As far as I am concerned there are no partisan issues on the county level, and certainly there are no personal ones. So my hearts desire now is that we all forget the things which are behind and reach forth unto those things which are before, and work together in the community interest so as to build a better Bailey County

The doors of our office will always be open, and we invite you to come in anytime we can be of service to you. Inform yourselves about your County Government because it is our desire to serve, and well informed people are easier to serve.

ANN PHELPS  
... 1962 Carnival Queen

## Ann Phelps, Junior Pupil, Named Queen

Ann Phelps was crowned carnival queen at the annual Muleshoe schools' Halloween carnival last week.

She represented the junior high school band. Candidates running for queen also represented grand schools and senior high bands. Debbie Burrows was elected to represent grade schools, and Susan Birdsong, a sophomore, and Kathy Gray, a senior, were chosen from the senior high school.

## FTA Planning Parents' Dinner

The Future Teachers of America had a meeting Monday night. The club is making preparations for the District convention December 8, where they will run Stanley Black for president of District 13. Dick Allison and Karen Jones will give a speech on "Today's Teaching-Tomorrows Heritage" at the convention.

The FTA will have a Thanksgiving banquet for the parents on November 15 in which they will show films afterwards. All members parents are invited to attend.

Coin jars and posters were placed in stores and other places of business in downtown Muleshoe in which voters cast their ballots - pennies. Each vote represented one cent.

Ann was crowned during the activities at the carnival, and was presented with a dozen red roses. The flowers only added the finishing touch to the queen who dressed in gold from the top of her crown to the tip of her toes.

Ann, an honor student, is the daughter of Mr. and Mrs. Bernard Phelps, Muleshoe. The Muleshoe Band Boosters sponsored the Halloween Carnival.

## COLLEGE STUDENTS VISIT IN MULESHOE

Miss Shirley Peters and Miss Lenda Landers were guests in the home of Mr. and Mrs. Henry Landers this weekend. Miss Peters and Miss Landers are students of West Texas State College.

The Stanley Cup champion Toronto Maple Leafs began the hockey season with two new faces. They are Kent Douglas, 26, and Jim Mikol, 24.

## 'Slaves' Named as Fund Project

The Senior Class elected students to be sold as "slaves" to student body as a money raising project.

The senior class choose two boys and four girls to be the mercy of the highest bidders will. Sue Willman, Davy Jean Anderson, Gail Kitchens and Barbara Evans were the lucky girls and Jerry Hutton and Archie Evans the boys.

The date for the auction has not been set. The freshman, sophomore and junior class will also take part in the sale.

## Lutheran Rally Set at Amarillo

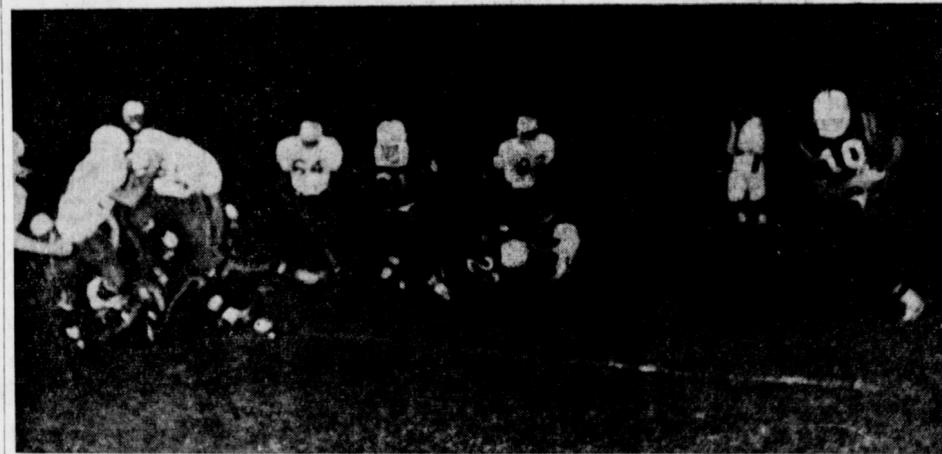

Dr. Oswald Hoffmann, who has been described by Time Magazine as having the most widely broadcast sermon on radio, will speak before a huge Lutheran Hour Rally in Amarillo on Sunday, November 18.

The Rally, sponsored by Zone one of the Lutheran Laymen's League, an auxiliary organization of the Lutheran Church, Missouri Synod, will be held at Municipal Auditorium beginning at 3 p.m. A spokesman for the Rally Planning Committee said a capacity crowd of over 3,000 is expected. There is no admission charge.

Dr. Hoffmann is in his eighth year as speaker on the famed Lutheran Hour radio broadcast, which is beamed to more than 100 countries in some 30 languages. Director of public relations for the Lutheran Church Missouri Synod, Dr. Hoffmann is recognized as one of the country's outstanding protestant clergymen. His weekly radio audience consists of an estimated 25-million persons.

Included in a host of distinguished activities of the renowned evangelist was his role as ad-

viser on the film Martin Luther, the story of Reformation which has been carried on hundreds of television stations and has been shown to thousands of churches and organizations.

TOUCHDOWN PLAY — Kenny Heathington ran this touchdown play twice before it went on the scoreboard. The first time the play was called back and the Mules were penalized; two plays later he again crossed the goal line to ring up the first of two touchdowns Muleshoe scored in its 13-0 victory over Olton last Friday. ## Twirp Week Set For November 26

The MHS Student Council met last Monday to attend to some pressing business.

The council voted to have twirp week from November 26 to December 2. During this seven day period, the ladies of MHS will act the part of gentlemen and vice-versa. The president, Dick Allison, appointed a committee to attend to the details of twirp week.

Plans were also made for some representatives to attend a meeting of the South Plains Association of Student Councils. Any member of the Council that wishes may attend by paying \$1.75 for lunch. This year the meeting will be held at Seminole, Texas, on November 10.

## Problem Unsolved

Bailey County has turned thumbs down on a proposed \$360,000 courthouse remodeling project. The vote, while far from one-sided, was decisive; the voters simply did not want to spend that much on such a project.

But the problem still exists. The state health department, sooner or later, may condemn the county jail; it is a health hazard and eventually must be replaced with a humane, sanitary one.

The Journal supported the bond issue, feeling that the cost at \$360,000 was not excessive and that the tax increase which would have resulted would not have placed a burden on the taxpayers.

Now we still have the jail problem with us, and the courthouse office space is still inadequate. Just when another proposition can be drawn up and submitted to the voters we do not know, although we hope that a plan can be devised soon which will meet with the taxpayers' approval.

We must do something about this matter and the sooner the better. We would like to hear from people on what they consider to be the best solution to the problem.

The matter rests with the county commissioners. They can call another election anytime they desire, and doubtless will discuss the question at their meeting next week. Judge Glen Williams said he does not know what action will be taken next. However, many citizens believe that the matter is imperative.

Public demand for action doubtless will force an early reference of the jail problem (at least) to the voters.

### THE SANDHILLS PHILOSOPHER

## Our Philosopher Was Jittery About Bonds, For Own Reason

Editor's note: The Sandhills Philosopher on his Johnson grass farm must have been affected about like everybody else by the international situation, his letter this week indicates.

Dear editor: Despite the fact I've tried my best to keep the international leaders informed that this Johnson grass farm out here is the most un-bombworthy spot on the face of the earth, that nobody in his right mind would waste a bomb on it, I'll admit I was a little on the jittery side when those Russian ships were sailing toward those American ships off of Cuba two weeks ago.

Well, not jittery enough to make a run for any place, I don't have any place to run to, but I was uneasy, and the reason is that the world's not ready yet for an all-out missile war. It's too inexperienced.

I mean, its aim ain't good enough.

Oh, I know the experts talk about intercontinental ballistic missiles which are in place and 'eroed in on this or that big population center, but judging by the number of failures, mis-firings, and off-course satellite shots so far, how do I know a giant missile with an atomic warhead aimed at Clovis might not get off two degrees and land on my chimney?

This is typical of the human

race. You're required to have a license to drive a car 60 miles an hour, a license to get married, a license to real estate, a license to even cut hair or run a beauty shop, but any nitwit can pull the pin loosening a missile going 600 miles a second. I tell you, this is a dangerous situation for a man who has spent years carefully developing a farm that's not worth dropping a cannon ball on. Building a big city, that's one thing, everybody knows that's a bomb target, but when even this Johnson grass farm might get hit through some unlicensed gunner's bad aim, nobody's safe. Something ought to be done about it.

By the way, a lot of people are saying, "We sure proved Khrushchev was a liar when he said he didn't have any big missiles in Cuba, than agreed to remove them," but anybody who's just now finding out the Russians are liars, well, it's mighty late in the day for him.

YOURS FAITHFULLY,  
J. A.

TEXAS PRESS ASSOCIATION

AUSTIN — A statewide drive is underway to raise \$950,000 for a "Cerama Star" shrine at Washington-on-the-Brazos, where the Republic of Texas was born.

Campaign was announced by Gov. Price Daniel after meeting with Mrs. Mary Moody Northern of Galveston, Robert L. Thornton of Dallas and Gus S. Wortham of Houston, who co-chairman the project. "Cerama Star," as visualized by designer Clyde E. Gray of Woodville, will be a star-shaped concrete, building covering five acres of ground at the historical site near Brenham.

It will contain more than 6,000 square feet of ceramics, tracing Texas history.

Shrine is to perpetuate the memory of the 59 courageous early Texans who met at Old Washington on March 2, 1836 and declared their independence from a tyrannical Mexican government. They set in motion a course of events which saw, within 56 days, the fall of the Alamo, the Massacre at Goliad, and the decisive victory at San Jacinto which secured the freedom of Texas.

Back in 1956 the Texas Press Association joined with the Texas Independence Day Organization to encourage construction of such a memorial.

Building is to be shaped like the Lone Star, with a tower rising from the center, topped by a powerful searchlight known as the "Light of Texas Freedom."

An elevator will take passengers to the top.

**TOURS FOR THE TAKING**  
Scouts for the Texas Highway Department's Travel Division, always on the look-out for interesting things for tourists to see, have uncovered 324 tours that Texas industries offer in 70 cities.

Information came from queries as to what plants would spread the welcome mat for visitors.

Replies were compiled into an easy-to-read booklet entitled, "Visitor Tours of Texas Industry."

Copies can be obtained through the Travel Division's Austin office, or at any of the eight State Tourist Bureaus.

**SYSTEM CHALLENGED**  
The "place" system of electing two or more state representatives from Texas' larger counties has been challenged in Austin's 53rd District Court.

Houston attorney Robert W. Hainsworth seeks a declaratory judgment that the present method of apportionment of representatives in the larger counties is unconstitutional.

His petition attacks the 1961 reapportionment act of the 57th Legislature.

Act assigns representatives by

the place system to 17 counties now allocated more than one representative: Jefferson, Galveston, Harris, Nueces, Hidalgo, Cameron, McLennan, Bell, Dallas, Travis, Tarrant, Bexar, El Paso, Wichita, Taylor, Lubbock and Potter.

**Basketball Probe Continues**  
House Speaker James Turman and members of the House general investigating committee have been issued subpoenas to appear in Austin before the Travis County grand jury.

Their appearance is desired in connection with a hearing on Contempt - of - the - Legislature charges.

Three witnesses balked at answering the committee's questions during the probe of possible fixing in Southwest Conference basketball games.

Citations charging Milton (Duck) Mallard of Bryan, Enoch (Sig) Dickson of Dallas and M.C. (Sonny) Pearson of Austin were received from Turman by District Attorney Tom Blackwell of Austin.

**PARKS PLANS FALL THROUGH**  
Those water-color illustrations of a \$1,500,000 lodge on Lake Texoma in Eisenhower State Park now are more of a dream than a reality.

Plans for the project fell through when John Prather of Dallas, a member of the Eisenhower Development Corporation, financing the lodge, told State Parks Board executive director Bill Collins that the finance company holding a \$350,000 note against the marina, had filed for reposition.

Lamplighters Inns, Inc. of St. Louis, Mo., which had agreed to operate the lodge, withdrew when it became apparent that the proposed \$500,000 marina won't be completed in time for the tourist season.

Prather said his group still is interested if it can find a backer, but the Parks Board figures it is under obligation to no one at this point.

A giant sigh of relief was expressed when board members were assured the state was not financially involved in the building plan.

Several attempts to finance a lodge on the Texas side of the 20-year-old lake have failed. Oklahoma's Lake Texoma Lodge across the lake was built about 1953.

**IN THE BLACK**  
Land Commissioner Jerry Sadler reports that his department is in such good financial condition that it won't need to ask the Legislature for an appropriation of the Veterans' Land Program, out of General Revenue, for the next two bienniums.

While \$15,847,000 is due to be paid out during the next two years, for bonded indebtedness, the program has more than

## Feeder Cattle Demand Is Good

Demand has continued good for all classes of fed cattle in Texas during the past month with lighter weights and shorter feeding periods than normal.

Fed cattle prices were mixed during October with the early month decline fully recovered on good and choice cattle by month's end, according to the latest monthly summary published by the Cattle Feeders Division of the Texas and Southwestern Cattle Raisers Association.

Compared to last year, good grade slaughter steers 800 - 1100 pounds, were selling three dollars per hundred weight higher at Fort Worth at the close of the month.

Total number of cattle and calves on feed in Texas, Oct. 1, stood at 325,000, the largest number ever recorded in Texas, and 48 percent above the same date last year.

Lloyd Bergsma, director of the TSCRA Cattle Feeders Division, said the increase in the number of cattle and calves on feed in Texas means that orderly marketing will be an extremely important factor in determining future price levels.

The dressed beef trade was rather erratic during October. Price declines early in the month were recovered with prices generally closing the month at levels slightly above last month. However, markets in the Western regions were only about steady.

Steer beef of the choice grade appeared in the strongest demand. Heifer beef was only about steady and at some markets was weak compared to last month's close.

Prices for light weight stocker cattle turned higher late in the month, with demand being particularly strong for steer calves. Light to heavy rains had improved wheat pasture prospects in some areas, but additional moisture was needed in others.

Automotive experts further recommend that the wipers should exert one ounce of pressure against the windshield glass for each inch of blade length.

Many service stations and auto dealers now regularly use a simple test device to determine whether your wiper arms exert this pressure, needed to keep you under adverse weather conditions.

Brakes, tires, headlights, parking lights, signal lights, exhaust system, anti-skid tire chains and seat belts are also important items to check on, the safety director said.

A motor tune-up appointment with a qualified expert will pay off in dividends of added comfort and safety when bad weather days come — as they will come," he added.

Changing over in driving habits is a "must" for fall and winter driving, too, Musick concluded.

"Speeds which were safe on dry summer pavements will not be as safe on wet autumn roads, particularly on snow or ice, or icy winter roads," he emphasized.

## TSA Urges 'Winterizing' Your Car Now

Dropping leaves and dropping temperatures are signals to get motor vehicles "winterized," J. O. Musick, General Manager of the Texas Safety Association, said today.

The safety director also recommended motorists change over now from summer driving to winter driving habits.

"Anticipating the cold weather that's coming, car owners will be wise to check now on their heaters, defrosting equipment and batteries," Musick said.

He pointed out that motor clubs and other organizations rendering emergency road service can attest to the fact that many of their calls deal with battery and starting failures.

"The time to have a battery checked is when it still seems okay," he added.

"Service stations will gladly advise on how to care for the battery on which you depend so much. Oil Change, the addition of anti-freeze and putting reinforced tire chains in the trunk should not be postponed until some cold or blizzard morning when thousands of other last-minute car owners are compelled by weather to give emergency attention to their vehicles."

The change-over from summer to winter driving also calls for an inspection of windshield wipers, whose blades may have dried out from summer heat or age, Musick said.

Assessing automobiles for city and school taxes, without assessing "all other personal property on an equal and uniform basis," has been upheld by the Austin Court of Civil Appeals.

Court reversed a judgment of the Hays County District Court which had denied the City of San Marcos and San Marcos Independent School District judgment against F. W. Zimmerman for delinquent taxes on three motor vehicles.

## '63 Chevrolet Trucks

THEY'VE ALWAYS BEEN TOUGH BUT NEVER STRONGER THAN NOW!

You can be sure that new engines, frames, suspensions that licked Mexico's Baja\* Run will work for you long, faithfully and at traditionally low Chevrolet cost.

A Chevrolet truck has always been a sound investment because of its quality construction. This is what makes it give you an honest day's work every day at very low cost and—when you are finished with it—return more resale money to your happy pocket.

This year stronger frames, engines that can pull more, and practically tailor-made suspension systems make Chevrolet trucks a better buy than ever. If you're in the market now, we'd welcome the chance to tell you about, and let you drive, the new trucks. Just give us a call.

### Farm-City Week Planned in Texas

Citing the necessity for elimination of misunderstandings between farm and city people, Gov. Price Daniel has called for the observance of Farm-City Week in Texas, Nov. 16-22.

Gov. Daniel pointed out that the prosperity and well-being of Texas are dependent upon co-operation between the two great elements of our society—farmers and urban people.

He said the complexities of their individual problems and the divergence of their activities often lead to misunderstanding. "This misunderstanding must be eliminated," he stated. "Each group must understand the other and its contributions to our welfare and prosperity."

Farm-City Week is observed and Canada each year, and Governor Daniel pointed out that opportunity for farm and city people to become re-acquainted.

Dolph Briscoe, Jr., of Uvalde, Texas, chairman of Farm-City Week, and immediate past president of the Texas and Southwestern Cattle Raisers Association, said communities throughout Texas are planning Farm-City Week activities to help strengthen the ties between rural clubs have joined with other civic organizations in promoting joint meetings and tours.

## Floyd Stark, Rotary District Chief, to Speak in Muleshoe

Floyd Stark, of Seminole, governor of district 573 of Rotary International world-wide service organization, arrives here Monday to visit the local Rotary club, one of the 45 clubs in his district. In addition to addressing Muleshoe Rotarians at their meeting, Tuesday noon he will confer, Monday evening with John Miller president of Rotary Club of Muleshoe, and other club officers of Rotary administrative matters and service activities.

Stark is a retired merchant in Seminole and is a member and past president of the Rotary club of Seminole. He was elected a district governor for 1962-63 at Rotary's 53rd annual convention in Los Angeles, Calif., last June. He is one of 271 district governors responsible for supervising the activities of more than 11,200 Rotary clubs with a total membership of 524,000 Rotarians in 128 countries around the globe.

Speaking of governor's visit, the president of the Muleshoe club said, "He is coming here as a counselor and advisor. He has broad experience in Rotary and is well qualified to assist club officers in solving whatever problems they may have and in organizing an effective program for achieving goals in community betterment, raising the standards of businesses and professions, and furthering international understanding."

One of the responsibilities of a Rotary district governor is to supervise the organization of new clubs in his area. Last year, more than 300 new Rotary clubs were formed in 48 countries, with clubs being organized for the first time in the Bahamas, Haiti, New Caledonia, and Zanzibar.

As a Rotary governor, Stark is serving on a global team headed by Nittish C. Laharry, of Calcutta, India, president of Rotary International.
