the "Louisiana Yam Supper Season," grabbed off the whole first quarter of the year to promote its product - January, February and March.

Now I like yams, but I hardly believe I would care to eat them every day throughout the first quarter of the year. I can go more for "National Cherry month" - February - when you're supposed to eat gobs and gobs of cherries. It's a good idea; Maybe by promoting Cherry Month, some of the restaurants will return to putting cherries in their cherry pies, at least during February.

Now January has a nice "special." It's "break-a-cold" month. Well, I cooperated with that one fine. I have gone the one-a-month idea one better and have broken two colds - one the first two weeks and one that is stretching into its second week as the month nears an end.

I think, though, that the cold- announced the promotion of for 1963. breaking business deserves a Bobby Airhart from assistant vicewhole month; it takes at least president to a full vice-presidency that long to break one of the of the bank. ### NOTED ARTIST **Emilio Caballero To Present Show On Glass Enamel**

The Muleshoe Art Association will present Dr. Emilio Caballero, Head of the Department of Art. West Texas State College, Canyon, in an art show from 2:30 to 5 p.m. at the Southwestern Public Service building here Sunday, January 27.

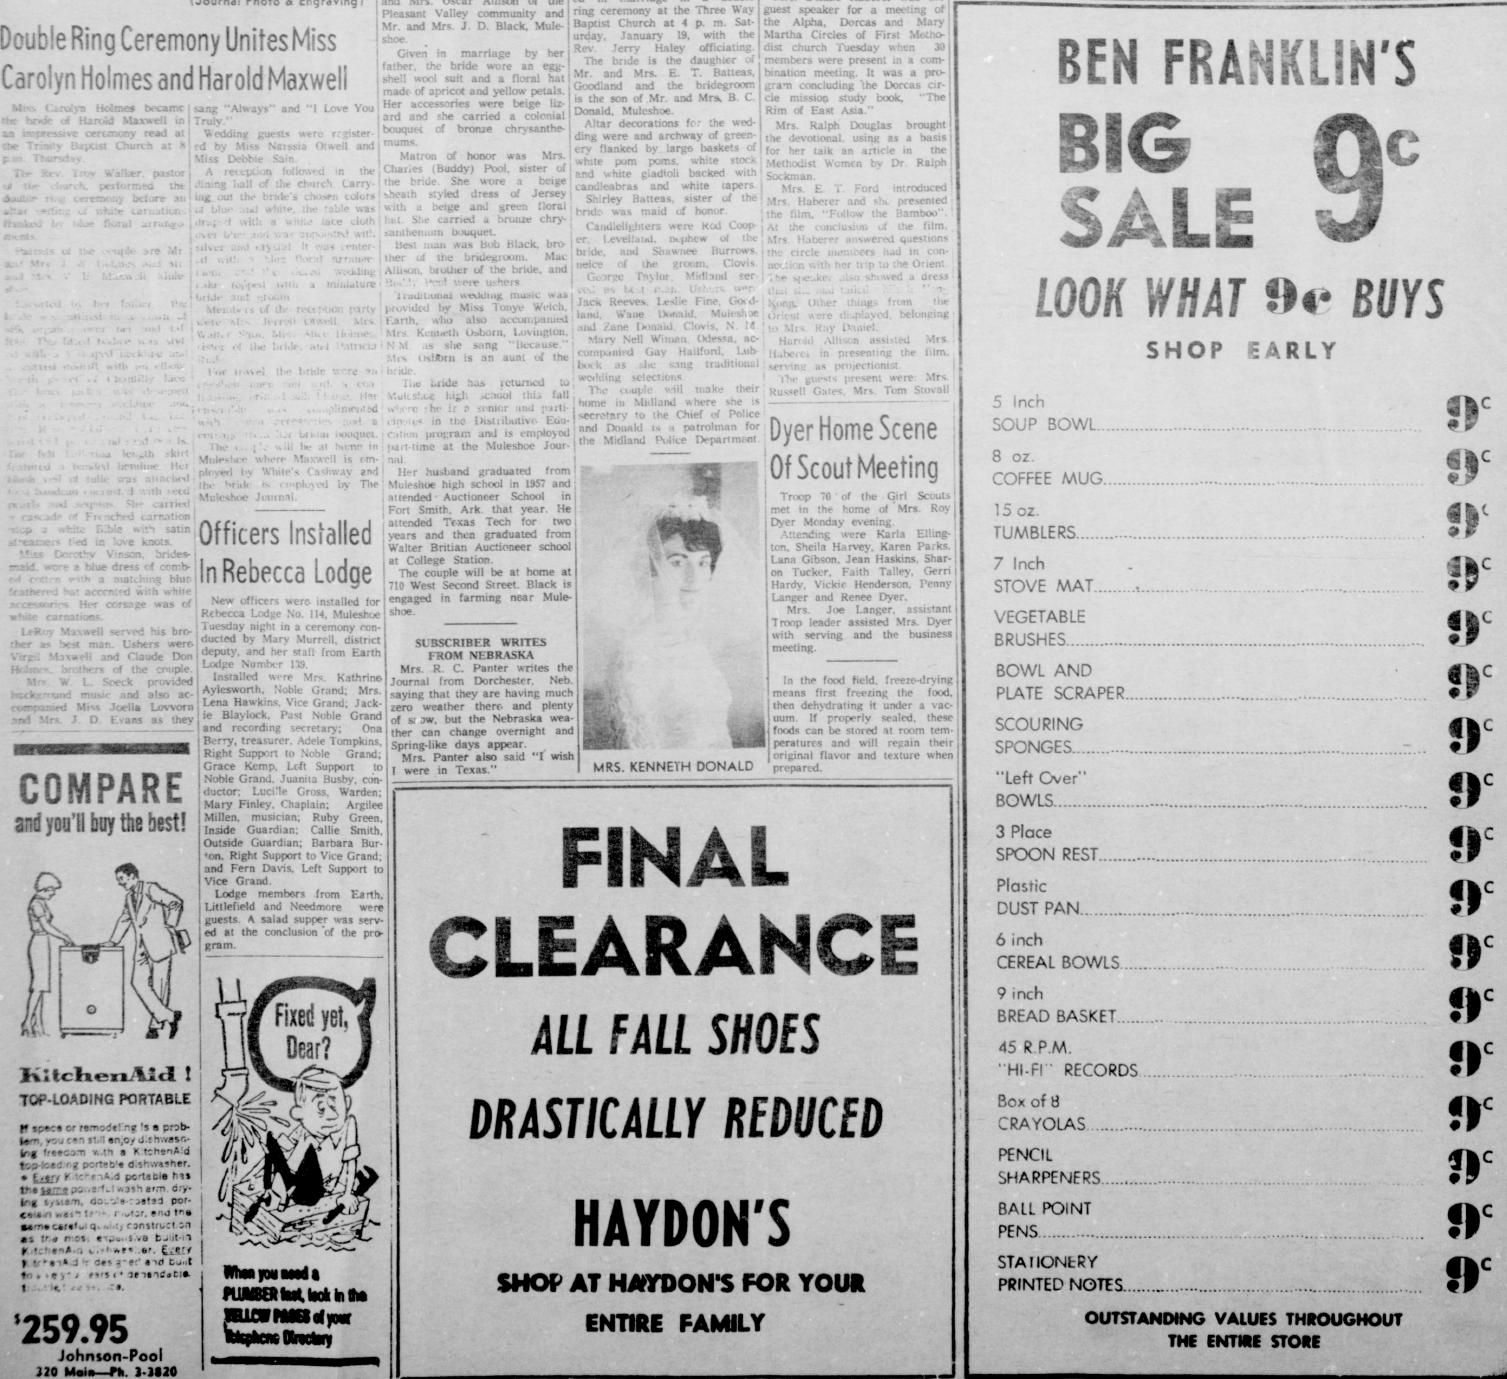

The noted artist was commissioned for a 93 by 3 feet mural in glass and ceramic tile, the history of the Permian Basin, for the Midland Library, Midland in 1960. Also among his many accomplishments his painting Valle de Cimar was chosen by ART: USA to represent a cross-section of work of top artists throughout the United States. He has also conducted television programs on art during the past three years. His show in Muleshoe will feature glass enamel on copper plaques. This technique is one least

there are a number of other "days" or "weeks" coming up in February.

Size month." Being a newsman, I do not have plenty of the former, and Goathead Flats Estate is certainly not equipped with enough storage to permit going all out for the larger sizes. Instead, we have to use the small. 16. spendthrifty size, and do a reneat next month.

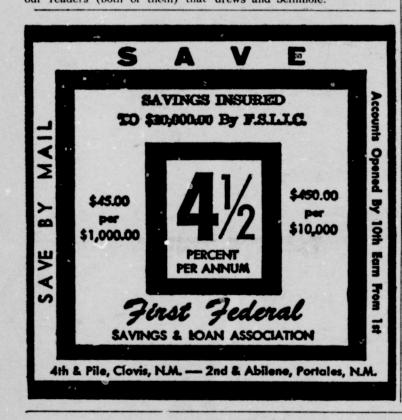

Or there's another "week" coming up soon --- January 26 to February 2, to be exact. It's called "National Fur Care Week," and perhaps a few of our readers may want to do something about that. There are not many after you had gone to the beauty tate that need taking care of, shop in January that you weren't but I'll see what we can do about mama's rabbit-skin waist-length job that she inherited. Original-

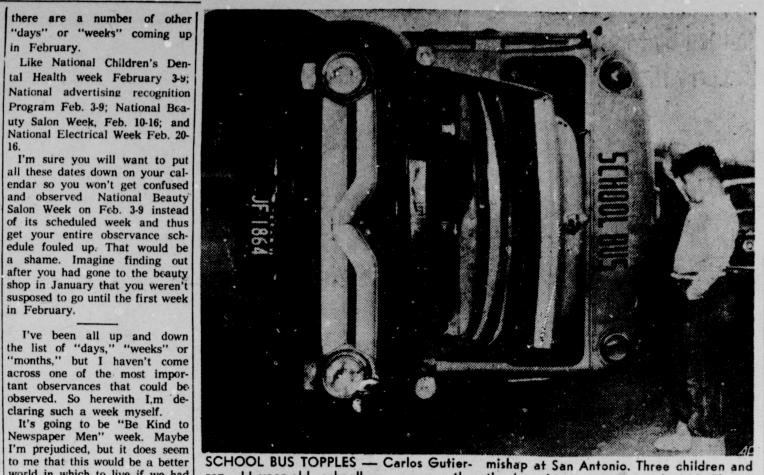

ly it was probably a full length job, that fur jacket, but as the fur became uncared for, it became necessary to shorten it to a jacket.

Just the same, we'll get it out sometime between January 26 and February 2 and see if we can devote a little care to the fur's preservation. She might be able to get another eight or 10 year's wear out of that rabbit skin if we observe this "National Fur Care Week" properly.

Another "week" that I'm going to observe is National "Kraut and Frankfurter" week coming up January 24 to February 2. Now there's a week I can really get my teeth into (pun intended.) Kraut and franks, I believe,

should be on everybody's diet at lated with Singleton Funeral large sum to the already profit- with the sister in California to least once a year, but personally Home here for nine months, has I would have settled for a Kraut purchased an interest in a funeral and Franks' day instead of a home in Denver City. A memorial to the late Harrol prietors have gone broke.' Griffiths, proprietor of Tri-Co Bowl, appeared in the "South this prediction from coming true. Plains Kegling, Bowling on the South Plains," newspaper, written by Eddie Irwin.

"Over at Muleshos, on Wednesday, Harrol Griffiths, proprietor of Tri-Co. Bowl suffered a third heart attack in the past few months and died in the hospital there.

"Harrol was unknown by many proprietors simply because he was a proprietor who didn't travel in the tournament trail and spent most of the time in his establishment. But those who visited his house or came in contact with him through Bowling Associations, knew him for man who stood up for what he believed in, wasn't bashful about expressing opinions, and to the end felt that bowling had better turn away from its present ideas and head back toward the field of providing family entertainment.

"Some thought Harrol's ideas were somewhat radical. And to hose length up to approximately some they were, but he was 1,200 feet sufficient to reach many never ashamed of feeling that houses in the residential section drinking and bowling don't mix; which heretofore did not have that gambling had no place in city waterworks protection. the bowling picture; that youngsters needed to be encouraged

# What are you saving for tomorrow... besides money?

Any American who's read his history books knows it takes more than money to make the future secure. It takes freedom, too.

Just consider, for example, how little your saved-up dollars would be' worth without the freedom to spend them as you wish. Consider how little the costly education you hope to give your child would be worth without his freedom to put it to use.

Thèse are reasons why so many Americans are buying U.S. Savings Bonds today. Each dollar you invest in a Bond comes back to you 3313'; larger at maturity-but it does more. It also goes to work for your country. Bond dollars all together yours and everybody's make a tremendous and important fund Uncle Sam can use to stand for freedom all over the world.

With U.S. Savings Bonds, you save money - and the freedom to enjoy it, too. Good reason to buy some soon and regularly, from now on.

USSR USA

us economically. One way we can stay in front is to stay strong financially-individually and as a nation

You won't . it printed on a Savings Bond, . at one of its big benefits is the strengthening of freedom itself.

# March of Dimes Pioneers Plan To Improve Child Medical Care

Top-quality medical care, though often capable of changing the whole life prospects of infants and children with crippling disorders, is unavailable to the majority of these patients. That is why The National

Foundation-March of Dimes is oneering with a project degned to remedy this situation y financing a network of more 50 treatment centers across the nation for birth de-

fects, arthritis and polio. But fully twice this number of centers is needed because of the magnitude of the problem. This urgent need is one of the hief reasons for the current March of Dimes campaign here this month.

'No other health organization in the United States, or for that matter not even the ederal government, has attempted any such comprehen-sive network of special treat-ment centers," Basil O'Connor, president of The National Foundation-March of Dimes,

"We invested a great deal of study and thought in this project before we began in 1960 with the three pilot units cated from the Atlantic to the cated from the Canadian to makes the difference. But even with all this plan- the Mexican borders. ning and preparation-which

# SEALTEST FULFILLS ITS PROMISE... THROUGH QUALITY CONTROL!

Scaltest has made a promise to every mother. The promise is a simple one: to produce the funcst milk possible.

To accomplish this, Sealtest uses the latest in laboratory equipment, the ultimate in modern production techniques, and the talents of trained personnel. The quality of Scaltest Milk is controlled from the farm right to your door. In fact, most of the people at a Scallest plant work at quality control.

This kind of dedication can only result in the finest milk. Serve Sealtest!

# Dan Blocker, TV Star from O'Donnell, Picked as Press's 'Texan-of-the-Year'

AUSTIN - Dan Blocker, a really "big" man, will be the recipient of the Texas Press Association's 1963 "Texan-of-the Year" award. Announcement of his selection

has been made by George Baker, president of the newspaper association and publisher of the Fort Stockton Pioneer.

The presentation to Dan Blacker, 300-pound co-star of the NBC-TV show Bonanza, will be made at TPA's Mid-Winter Meeting at the El Tropicano Hotel in San Antonio on Saturday evening, January 26.

Blocker, known on TV as Hoss Cartwright, was born in Bowie County, Texas, on December 10, 1929. He grew up in the Texas Panhandle and received his education in Texas.

Weighing 14 pounds at birth, he pulled the scales to 105 pounds by the time he entered grade

his friends as "The Big'n". At drama and English, he taught the wedding of age 10 he worked alongside grown school at Carlsbad, New Mexico. # Dan Blocker, TV Star from O'Donnell, Picked as Press's 'Texan-of-the-Year'

AUSTIN - Dan Blocker, really "big" man, will be the recipient of the Texas Press Association's 1963 "Texan-of-the Year" award.

Announcement of his selection has been made by George Baker, president of the newspaper association and publisher of the Fort Stockton Pioneer.

The presentation to Dan Blacker, 300-pound co-star of the NBC-TV show Bonanza, will be made at TPA's Mid-Winter Meeting at the El Tropicano Hotel in San Antonio on Saturday evening, January 26.

Blocker, known on TV as Hoss Cartwright, was born in Bowie County, Texas, on December 10, 1929. He grew up in the Texas Panhandle and received his education in Texas.

Weighing 14 pounds at birth, he pulled the scales to 105 pounds by the time he entered grade

school. He became known among age 10 he worked alongside grown school at Carlsbad, New Mexico. David Williams at the Eastside could whip any of the local for graduate work at UCLA. Al- day night. toughs, regardless of their age. most immediately he was chosen
