

'Main' Teams Undefeated

# Another First for MHS, Debate Teams Win

Muleshoe high school, well-known for its winning teams of one kind or another, has a "team" that has been hanging up victories right and left, yet has had little publicity on its achievements.

The team — or teams, rather — are debate outfits put out by the 1962-63 coach, Kerry Moore. To date, the "main" teams, both boys and girls, are undefeated, and the squads as a whole have a record so far of seven wins out of eight debates in which they have participated. The season is nearing a close, but some of the top outfits of the southwest still must be faced.

In fact, the record rung up by Moore's clubs in the last two and a half years has been impressive. Out of 50 debates in which Muleshoe high school teams have participated, they have walked away with 45 victories.

To make the record more impressive, the debaters meet practically all comers, despite the size of the school. In most events, the teams are pitted against outfits from schools of similar size. This is not the case with the debate teams since Muleshoe may meet such schools as Dallas, Abilene, Amarillo or Lubbock in speech events, Moore pointed out.

The school's most recent victories came at Clovis, N.M., last Saturday when Muleshoe finished second in over-all events in a nine-team tournament. Shirley Smallwood came home from the New Mexico contest with the No. 2 title for girl debaters, and Don Williams won No. 5 spot for boys.

The debaters from Muleshoe also have two other tournament wins under their belts; they won both the Hereford and the Canyon tournaments in previous events this school year.

Next contest will be February 22 when the Muleshoe fast-talkers meet Hereford here. On March 2 they will participate in the Texas Tech tournament. At that event last year, Muleshoe wound up with seven wins and one loss.

Schools expected to participate this year include such large outfits as Midland, Odessa, Abilene and Dallas.

Canyon will send debaters here February 23, and on April 6, the 3-AA tournament is to be held at Friona. Both boys' and girls' squads from Muleshoe have won that event for the past two years,

and girls were runners-up in the regional during the same two seasons.

Boy debaters on Moore's 1962-63 edition are Don Williams and Barry Lewis with Jack Herndon, Wister Harrison and Johnny Dalton as alternatives.

On the girls' team are Shirley Smallwood, Shirley Richards and Nine Ed Bovell.

Subject this year is a tough one and the debaters have "put in many, many hours in research," the coach says. Subject is: "Resolved: That the United States should promote a common market throughout the western Hemisphere."

The debaters never know until five minutes before time; for the event to start whether they will (See TEAMS, page 5)

TOP DEBATERS — Muleshoe has had an unusually good year in debating circles throughout the southwest this year, and here are the top boys' and girls' teams going over some of the finer points with their coach Kerry Moore, far right. In eight debates so far, the teams have won seven. "Main" team has a perfect record to date. Shown are, left to right, Don Williams, Barry Lewis, Shirley Smallwood and Shirley Richards. ## Ray's 'Ritin'

By RAY MARTIN

There's an old saying in the southwest that goes, "If you don't like the weather, stick around for 24 hours and it will change."

Now personally I didn't have a thing against the weather we had last week, even though it was a bit dry. But I liked seeing the thermometer far above that red zone which means that the temperature is freezing or below.

I can take gobs and gobs of that kind of weather, perhaps because I saw enough of the cold weather when I was a boy to do me for several years.

But we got the other kind, come Sunday. Missus and I had been southward to Big Spring to visit the daughter and her husband. Balm and nice until about 5 o'clock down there when it turned a bit cool. Not bad, though, so around 8 we started breezing along northwestward toward Muleshoe. "Wouldn't be surprised," said the missus, "that we run into a shower before we get home." She was right! Very right! We did run into showers—the frozen kind.

It was just out of Brownfield that the stuff began pelting us. There were a few drops of rain and then something began smacking the windshield that had a depressing sound to it.

"Sleet?" inquired the missus, incredulously.

"No, it's too warm, besides there are no clouds," I consoled her as I crossed fingers on both hands.

Now there is one thing that I have learned about West Texas: It isn't necessary for a cloud to be on hand for it to rain or snow or sleet. Clouds are a Yankee institution. Up north you have to have em to have any kind of precipitation. But not, as I said, in West Texas. The moon was shining, for instance, when this hard water began hitting the windshield. The dog, Cinderella Louise Durfendorf I, was curled up on the front seat.

She woke up, barked a time or two at the noise the sleet from the cloudless sky was making on the windshield and went back to sleep. She should be used to sudden weather changes; she's a native of west Texas.

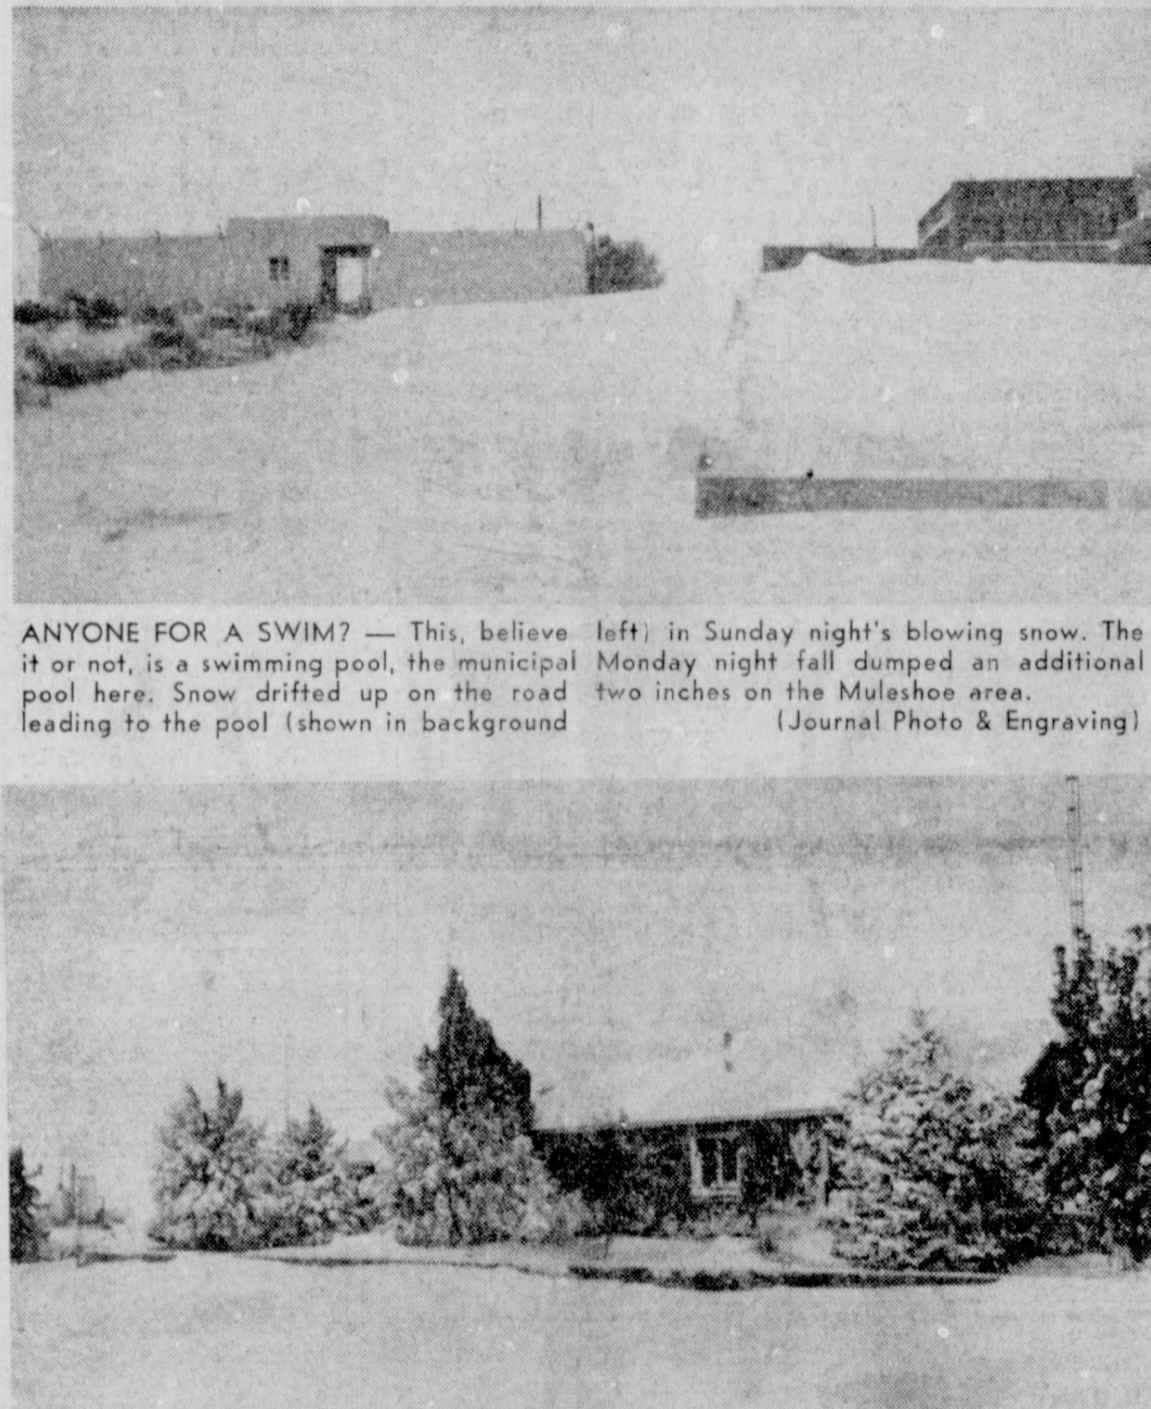

Now cloud or not, the sleet continued, and finally the moon, probably embarrassed because it was shining while sleet was falling a mile a minute, gave up and led the clouds—what few there were—have the center of the stage.

We tuned in a newscast and heard the announcer say that the temperature was to drop slightly Sunday night but would be back up in the 40's by Monday noon.

So, maybe this weather we were having last Sunday night was as much of a surprise to the weatherman as it was to us. Or maybe he just didn't show up for work Monday morning he was so embarrassed!

Be that as it may, weather prediction or not, this frozen rain continued to fall. We crept northward to Levelland. Never had noticed the distance before as being particularly great between Levelland and Brownfield, but Sunday night something happened; the two towns were, I am sure, separated by at least 100 miles.

Anyway, we managed to pull up in front of some old friends' home in Levelland and they took us in, Cindy and all. At that moment I was seriously considering bedding down there until about May 1, and I wondered if our friend house-

ANYONE FOR A SWIM? — This, believe it or not, is a swimming pool, the municipal pool here. Snow drifted up on the road leading to the pool (shown in background left) in Sunday night's blowing snow. The Monday night fall dumped an additional two inches on the Muleshoe area. (Journal Photo & Engraving)

CHRISTMAS CARD SCENE — Snow — scenes all over West Texas. Here is a Muleshoe home, wrapped in its winter wonderland garb. (Journal Photo & Engv.)

## Holly Official Douses County's Hopes for Sugar Beet Acreage

Bailey County farmers have had the door slammed on their efforts to obtain sugar beet acreage for the Hereford mill of the Holly Sugar Corporation.

The final word on the three-year struggle by local farmers through Bailey County Sugar Beet Growers Association, was received last week in a letter from Holly.

Officers of Bailey County Sugar Beet Growers Association pointed out that Curry County, New Mexico was designated as a growing area because of the effort exerted in Washington by the New Mexico elected representative. Officers add they feel such effort was not made by Texas representative on behalf of local growers.

Bailey County Sugar Beet Growers Association was formed three years ago to represent the local growers in an attempt to secure acreage for beet production in this county and area.

Congressman George Mahon has been asked to comment on the letter below, and it is hoped he will do so, in order that his comments may be published at an early date.

The letter from the Holly Sugar Corporation, signed by C. M. Nicholson, was addressed to Carl Bamert, president of the Bailey County Sugar Beet Growers Association. (See ACRES, page 5)

## Party to Fete The Pounceys

Directors of the Muleshoe Chamber of Commerce and their wives are to be hosts for a come-and-go party Sunday for the Carroll Pounceys who are leaving March 1 for Amarillo where Pouncey is to join the Amarillo CC staff, it was announced Wednesday. The party will be held at the Muleshoe Country Club from 3 to 5 p.m. Sunday.

The public is invited. The party is being staged by the Chamber and by other friends of the Pounceys and is being arranged especially by wives of the directors, Mrs. Bobby Aichart and Mrs. Frank Ellis announced.

Salespeople are encouraged to (See TIPS, Page 5)

# School Board Renames All Principals, Coaches

Muleshoe board of education draw \$11.80 rotola of \$10.42 has re-elected all four school principals for two-year terms, and has re-named six coaches for one-year terms. It was announced this week by Neal Dillman, superintendent, following Monday night's meeting of the trustees.

The board also has officially called for the annual school board election for Saturday, April 6, and has named Carl Bamert as presiding judge for the election which is to be held in the library at the junior high school building.

Principals re-elected, and their salaries, were announced as follows: H. W. Callan, senior high school, \$8,600; R. E. Everrett, junior high school, \$7,875; Milton Oyler, Richland Hills, \$7,245; and W. O. Coltrane, Mary DeShazo, \$6,900.

Coaches re-elected for another year include: Bill Taylor, athletic director and (See ELECTION, page 5)

## All West Texas Hit By Rain, Snow, Sleet

A rash of minor accidents was reported, and most schools throughout the area either closed for two days or else operated with skeleton staffs—and pupils. Muleshoe operated on Monday, but closed its doors Tuesday after a new (and calmer) snow had settled over the area Monday night.

Three Muleshoe school buses failed to reach home port from their Monday morning trips and one skidded onto its side trying to get through to pick up pupils Monday morning. High drifts practically closed many of the lesser roads of the county and it was because of these drifts that Muleshoe officials decided to call off classes Tuesday.

Since the snow on Sunday was plummeted by strong winds, the (See TEXAS, page 5)

## Farmers Given Facts On '63 Sorghum Plan

Public Service Co., discussed the tremendous impact of beef cattle feeding on the Golden Spread in general and this area in particular.

The 1963 program of the United States Department of Agriculture, was explained by Charles Daniel, ASCS supervisor for the county and by J.K. Adams, county agent.

The organization re-elected Walter B. Little as president and Bill Wimberly as elevator representative by acclamation. Selected for the board were Burl Black, John Gunter and Ross Goodwin. Sam Thomas of Southwestern

## Second 'Hung Jury' Marks Court Here

New District Judge Pat Boone Jr. wound up his first week of criminal district court here with "no decisions." For the second time in a week, a jury was unable to agree on guilt or innocence and was dismissed after reporting members were "hopelessly deadlocked." They deliberated for 3 hours on the case of Willie Walker, Negro, charged with forging and passing.

Earlier in the week, a jury had failed to reach a decision in the case of Karl L. Lovelady, former county attorney, who was on trial on a charge of theft. That jury deliberated for five hours and 33 minutes.

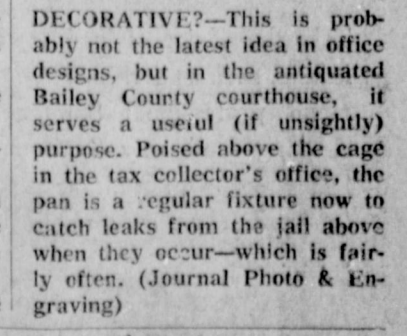

District Attorney Jack Young said this week that "something will have to be done soon" in the Walker case. Walker was returned to jail after the jury failed to agree; he had been unable to make bond and had been held in the county jail for several weeks.

Walker also faces two similar charges.

No date for the re trial of Lovelady has been set. He is free on his original bond, but still faces trial on another case, a charge of giving a \$50 worthless check.

Only the two cases, that of Lovelady and of Walker, had been scheduled on last week's first criminal court here by the Littlefield judge.

Members of the jury in the Walker case, all men, were: Woods E. Gforth, Robert Hooten, James Jennings, E. W. Evans, N. A. Dunlap, Marvin Holt, Oran Reaves, J. W. Herrington, Joe Harbin, Roger Albertson, J. E. McVickers and Elbert Hamilton. Walker was alleged to have signed the name of James Graves on a \$20 check given August 12 last year. He has been in jail since August 13.

DECORATIVE?—This is probably not the latest idea in office designs, but in the antiquated Bailey County courthouse, it serves a useful (if unsightly) purpose. Poised above the cage in the tax collector's office, the pan is a regular fixture now to catch leaks from the jail above when they occur—which is fairly often. (Journal Photo & Engraving)

## Comedy Booked As Senior Play

Senior high school class will present its play, "That's My Cousin" by Kurtz Gordon next Tuesday night at 7:30, it was announced Wednesday. Admission price will be 50 cents. Kerry Moore is the director. A student matinee is to be presented Tuesday afternoon.

The play is a comedy with the scene laid at Uranium Dude Ranch at Cross Roads Canyon in Colorado.

Cast includes Gerald White, Blendia Hendon, Gail Kitchens, Jerry Harrison, Smitty Aylesworth, Davy Anderson, Barbara Surratt, Barbara Evans, Marilyn Green, Jean Mock, Rita Coker, R. G. Bennett, Ronnie Locke, James West, Donald Shanks, Pam Lenau, Alvin Reasoner and Jeanne Coffman.

## Automobile Is 'Weapon'

## One Indian Dead, Another Held

Charges of murder with malice aforethought were filed in Justice Joe Vaughn's court here Tuesday against 22-year-old John Edward Cusher of near Dimmitt in connection with the death early Tuesday morning of Bobby Glean Noah 27.

The complaint alleges Cusher fatally injured Noah Sunday by "driving an automobile into and over" Noah at Noah's father's home five miles south of Muleshoe just off SH 214.

Noah died at West Plains hospital at 7 o'clock Tuesday morning of injuries received in the fray. Dr. W. F. Birdsong said the death was due to a fractured pelvis and to internal injuries. He had been showing some signs of improvement Monday, but took a turn for the worse Tuesday morning and died a short time later.

He was single.

Judge Vaughn set bond at \$2,500. Sheriff Dec. Clements said the two men, both Indians, were employed as laborers on a ranch near Dimmitt. He said the two men got into an argument Sunday outside the older Noah's home. Cusher jumped into an automobile and "ran down" Noah, the sheriff said. Clements said the two (See INDIANS, page 5)

# Muleshoe Merchants to Go All-Out for Washington's Birthday Sales Event

## Bailey-Parmer Young Republicans Club Sponsors Lincoln Day Supper

The Bailey-Parmer Young Republican club sponsored a Lincoln Day Supper Monday evening in the high school cafeteria, honoring Abraham Lincoln, our 16th President—a man who never grew too old to keep on learning, both from people and from books; a President who had the courage to do whatever was necessary to save the Union.

One hundred and sixty tickets were sold to the supper, but many were unable to attend because of the icy roads. The master of ceremonies was the president of the club, Clarence E. Mason. The invocation was given by Rev. Don Davidson. The speaker for the evening was Dr. Floyd Golden, an ex-president of Eastern New Mexico College, and one of 30 educators who went to Russia and spent several weeks studying their educational system. The serving tables were beautifully decorated in a patriotic theme.

In contrasting the American and Russian educational system, Dr. Golden said the Soviet Russia's system was solely for Service to their Government; whereas American education is for Service to Humanity. There is no free enterprise in Russia—the government controls all education and has placed great emphasis on it the last forty years. Why? The Communists think that through their education system they can conquer the world for Communism without firing a shot.

They want America's Economic System, and America's standard of living—which of course, would not work for them without our form of government and religion. But their plan is to encircle America—the final catch to be America. They take two steps backward to get one long step forward. When did they agree to pull out of Cuba? After they had gotten a commitment from the U.S. that we would not invade Cuba!

He pointed out that a Christian cannot be a Communist, and a Communist cannot be a Christian, but that does not rule out the fact that they can infiltrate our churches, schools, and government—this, he said, was the way the Communist meant to conquer America.

But Communism is a cowardly ideology—whenever the United States has taken a firm stand, the Communists have always backed down. He also stated that to his knowledge no team has ever won a football game without, sometimes during the game, taken the "offensive"—and that is part of the game that so far has failed to de-

velop. Dr. Golden challenges Americans to put more emphasis on Education and Religion. Communism is a very dreadful thing, says Dr. Golden. Life becomes cheap, reduced to the same status as animal life in America.

The Christian people in Russia do not like their form of government, but are afraid to speak out or work against it—it is better to just go along than to go to the cemetery! There is no freedom of speech; it is an honor for children to report their parents, and the wife, her husband. He says Communism is on the march, and spreading rapidly.

The farming equipment is similar to what he used forty years ago here in America. There is some modern machinery, but it is in exhibit halls. They have had two crop failures in the last seven years, and are behind in agriculture—also in manufacturing—not staying with their goals.

In labor situations seventy to seventy-five percent are women. Most of the work is done by hand. The men supervise, but the women do the hard work. Between the ages of thirty-five and sixty-five there is only one man to seven women. World War II lost many men. Seventy percent of the doctors are women, he said.

## Mrs. Mary Sligar Is P-TA Speaker

Mrs. Mary Sligar will be featured speaker for a joint meeting of Mary DeShazo and Richland Hills P-TA to be held Thursday at 7:30 p.m. in the Muleshoe Senior High School auditorium.

Mrs. Sligar has had many years experience in public school teaching and twelve years in laboratory school at West Texas in charge of second grade and training teachers. She has a BS and MA degree from West Texas. She has completed four semesters in the study of Human Development (Child Development), attending one at Texas University and three at the Institute for Child Study, University of Maryland, completing all course work for a doctorate, lacking only her dissertation.

Since 1959 she has been engaged in teaching Human Development at West Texas State College. Mrs. Sligar has two married daughters and four grandchildren. One daughter is a teacher. All P-TA members and those interested are invited to attend the program.

# National Beauty Salon WEEK

Back Easy Elegance Coiffure

Magic Belle

### Belle Fashion

Frankly feminine and romantic "Belle" hair fashions will add the crowning element of grace and ease to the smart young look in the fashion picture for Spring and Summer, according to the Official Hair Fashion Committee of the National Hairdressers and Cosmetologists Association.

The new hair styles will be featured throughout the nation in honor of National Beauty Salon Week, which will be observed February 10-16.

The new "Belle" hair fashions have a free and easy "down" line of bouncing waves and curls for daytime wear, which converts dramatically into a rising "up" line of brushed waves for evening wear. In both lines there is a disarming touch of glamour as an extra filigree to romance... a love-lock tucked in here, there, or almost anywhere. But, always there... and perfumed... in the best traditions of beaux and belles in the days of Elizabeth I.

In the "down" line, especially with the free and easy silhouettes in clothing, the "Belle" has a highly understated look of easy care and simple elegance with bouncing wave curls flowing softly down to frame the face and hug the head. For evening elegance, the hair is brushed gently into rising wave patterns, topped with love-locks, especially effective with the long and fluid silhouettes and Empire influences in clothing. Or, the hair at the crown is brushed up so that when it turns to fall, it comes down in gracefully controlled layers of looped and brushed wave curls, reminiscent of the catagans worn during the Romantic and Victorian eras, and seen in George Washington wigs. For particularly dramatic and sensational effects, little wigs and wiglets are used at the crown, but always with at least one love-lock, perfumed.

For the young, from teens to young marrieds, and for the very young at heart, the "Belle" hair fashion takes a true bell shape. It is designed playfully into a gay and carefree Jockey Cap Coiffure, which is destined to become a classic for sportswear and casual dress. In this coiffure, a saucy bang suggests the bill of the cap, and can be worn turned upwards in a jaunty flip, or rolled under like the lip of a bell for a highly sophisticated topper to Eton and Chanel jackets.

In all variations of the "Belle" hair fashions, whether in the "down" or the "up" line, the hair is fashionably short for a free and easy swing. It ranges from zero to two inches at the nape, with four to five inches at the crown area, and three to four inches at the front hairline.

But in all cases, the exact length is dependent on individual needs, and requires professional hair shaping, as well as permanent waving, to give the hair its natural flow and convertibility from the "down" line into an "up" line.

Easy Elegance Coiffure

Hair coloring and hair conditioning play a particularly important note in coiffures for Spring, too, since hair must be bright and fresh with shimmering beauty. To enhance the look of shimmering freshness, several tones of color will be used, giving a single overall color effect, generally with the lightest values around the face for added emphasis on young fresh beauty.

The tortoise shell effects will be among the most fashionable hair colorings with varying shades of honey and brown used to emphasize brightness and shimmer. Nasturtium shades in yellow an amber tones, too, will be popular, as will be pale blends of blind and auburn shades.

Make-up for the coming season calls for the soft, clear look of warm porcelain tones, ladylike, feminine, romantic. Skin tones will tend towards the soft values of peach blossoms, and delicate shades of pink, rose and coral. Lip and eye make-up will be emphasized, but knowingly for a natural appearance, nothing bizarre. All will be in keeping with the knowingly feminine quality of the "Belle" hair fashions.

Jockey Cap

## Maid of Cotton Scheduled For Lubbock Shows In Early March

Shelby Smith, the 1963 National Maid of Cotton, will visit Lubbock March 3-5 for a round of personal appearances and a style show, it was announced today by the Maid of Cotton Committee of the Lubbock Chamber of Commerce.

The 23 year old Albuquerque, New Mexico Miss won the title on December 28 in Memphis, Tennessee. She was the New Mexico Maid of Cotton entry in the Memphis competition.

After winning the national title she appeared at the Cotton Bowl game in Dallas on New Year's Day and then flew to New York where she spent a month preparing for her national and international tour. While there she was fitted and photographed in her all-cotton wardrobe created by New York's leading designers.

On January 24 she starred in a fashion show at the Waldorf Astoria during the annual meeting of the American Soap and Glycerine Producers Association where representatives of the fashion press, the textile and soap industries previewed her washable all-cotton wardrobe.

Miss Smith's rendezvous in Lubbock is being sponsored by the Maid of Cotton Committee of the Chamber of Commerce. A special sub-committee is coordinating her round of personal appearances there. The sub-committee is headed by George Pfeifferberger, executive vice-president of the Plains Cotton Growers Association.

The "red carpet treatment" will be accorded Miss Smith when she arrives at Municipal Airport on the afternoon of March 3. She will appear in a style show the evening of March 4 at Municipal Auditorium sponsored by Hemphill Wells.

Standing five feet seven and one half inches tall, Miss Smith weighs 127 pounds and has dark brown hair and brown eyes. She is the daughter of Mr. and Mrs. Howard W. Smith of Albuquerque. He is manager-president of a moving and storage firm. Shelby has one sister, Sherron, 16.

Lubbock is the smallest city the Maid will visit while on her tour. Other Texas cities she will visit are Houston, San Antonio, Dallas, and El Paso.

She is a graduate student and biology lab assistant at University of New Mexico in Albuquerque, working on her master's degree. She is a member of Kappa Kappa Sigma biology honorary; Dean's List; Honors Program; has modeled and given modeling instruction; lectured on fashion to sororities and women's clubs. She has lectured and given lab demonstrations on various aspects of radiation and radiation biology.

For hobbies, Miss Smith likes

## Valentine Tea Honors Study Club Members

The home of Mrs. T. R. White is to be the scene of a Valentine tea today, Thursday, at 5 p.m., for Muleshoe Study Club and their guests.

Theme of the meeting will be "Growth and Good Citizenship Through Cooperation".

Mrs. Morris McMillip will speak on working with Farm Bureau and Mrs. Glenn Dunn's topic will be "Washington, Our Number One City."

A Valentine poem is to be given by Mrs. Gilbert Lamb.

Members of the Epsilon Sigma Sorority are to be the honored guests.

The program is to be under the of Mrs. Gilbert Lamb.

MISS SHELBY SMITH

## Banquet Held For FHA Group

The Muleshoe Future Home-makers of America held their Sweetheart banquet at the Muleshoe High School Cafeteria at 7:30 p.m. Saturday.

Patsy Holley was mistress of ceremonies for the program which began with the invocation by Harmon Elliott.

The welcome was given by Carolla Bass and the introductions were made by Pat Pruitt.

Dr. Roy C. McClung, pastor of the Plainview Baptist Church, was guest speaker.

A solo, "Till There Was You", was presented by Sandra Scott, accompanied by Susan Birdsong at the piano.

During the coronation ceremonies with Dean Ethridge as master of ceremonies, Kathy Moore was crowned queen and Archie Evans as king. Prince and Princess who were crowned were Judy Burge and Butch Green.

The group sang, "Let Me Call You Sweetheart" followed by the benediction, by Harvey Bass.

Constantinople was renamed Istanbul in 1930.

## Mrs. Griffiths Hosts TEL Social

Mrs. Byron Griffiths was hostess for the February 5 meeting of the TEL Sunday School Class of the First Baptist Church.

Mrs. J. L. Alsop presided during the business session. Mrs. W. B. Harlan gave a devotional from the book of Psalms. The group sang "Haven of Rest" and Mrs. Martha Byers led in prayer.

Members of the class were urged to participate in an enlistment effort and to visit.

Visitors were Mrs. Rose Allen, Mrs. W. C. Wilhite, Mrs. R. Petty, and Susan Hensley, granddaughter of Mrs. John Benson.

The Mint has not stamped out a silver dollar since 1935, but it has almost 74 million on hand.

Mr. and Mrs. Allen Haley and daughter, Sandra, Muleshoe, visited in the home of Mr. and Mrs. Elmo Stevens Thursday night.

Mr. and Mrs. Bob Angeley and children of Amarillo and Mr. and Mrs. Tracy Angeley and son of Lubbock were home for the weekend. They visited in the home of their parents, Mr. and Mrs. Jarvis Angeley.

Mrs. B. H. Porter, Mrs. U. B. Porter of Sudan, C. C. Lively and Elvin Lively spent the weekend in Roswell visiting with Mrs. B. H. Porter's brother, L. L. Lively; her son, Travis Porter, and other relatives.

Mr. and Mrs. S. L. Jackson spent the weekend in Amarillo visiting with their son, and his family, Mr. and Mrs. Joe Don Jackson and their daughter and her family, Mr. and Mrs. Grady Boyd.

Ronnie Henry, son of Mr. and Mrs. Eugene Henry of Muleshoe, spent Sunday and Sunday night in the home of his grandparents, Mr. and Mrs. S. L. Jackson.

The Muleshoe High School band held its annual winter concert Sunday in the High School auditorium. Those participating in the

concert from Pleasant Valley were Veta and Carolyn Allison, Sondra Harris, Patsy Angeley, Katherine West and Nickie Landers.

Mr. and Mrs. Anne Farley spent Thursday afternoon in the home of her daughter and her family, Mr. and Mrs. Elmo Stevens.

## Epsilon Sigma Alpha Entertained With Evening Valentine Social

Epsilon Sigma Alpha Sorority Valentine social was held Tuesday evening, February 5, in the T. R. White home with Mrs. Joe Pat Wagon and Miss Rheata Peeler as hostesses.

The home was beautifully decorated in the Valentine colors of red and white. The centerpiece, a creation by Miss Peeler, was of red and white carnations entwined around the base of a candelabra holding colorful candles under crystal globes. The arrangement was highlighted with the "cupid touch", red and white styrofoam hearts and satin streamer tied in love knots.

Mrs. Robert Alford, speaker for the evening, was presented by the Sorority president, Mrs. Kenneth Precure.

Mrs. Alford's topic was entitled "Profit System" and was based on America's free enterprise system and the profit thereof compared to the economy of other nations.

Fundamental plans were made for a benefit dance to be held in May with the proceeds to be used for improving the Bailey County

Library.

Mrs. Fred Johnson was presented a gift before her departure for Germany where she is visiting her son's family, Lt. and Mrs. Roald Johnson.

Attending were: Mrs. Bo Bryant, Mrs. Robert Alford, Mrs. Buck Campbell, Mrs. Elvon DeVaney, Mrs. James Freeman, Mrs. Karl Freyer, Mrs. J. Charles Gilbreath, Mrs. Larry Hall, Mrs. Fred Johnson, Mrs. Charles Lewis, Mrs. Ernest D. Martin, Mrs. Jim McPherson, Mrs. Keaneth Precure, Mrs. Ray Santos, Mrs. Jimmie Small, Mrs. John Young and the hostesses.

## Bill Case Combo To Provide Music At Valentine Ball

A Valentine Sweetheart party will be held at 8:30 p.m., February 14, at the Muleshoe Country Club for members and guests.

Those attending will be dressed as a child. Music is to be by Bill Case Combo.

Hosts and hostesses are Mr. and Mrs. Vance Wagon, Mr. and Mrs. Odell Logan, Mr. and Mrs. Bill Jim St. Clair, Mr. and Mrs. Carl Bamert, Mr. and Mrs. Jim Small, and Mr. and Mrs. Buck Wood.

Pago Pago, in American Samoa, is pronounced pango pango.

Both Alexander Graham Bell and Thomas Edison experimented with rotary-wing flight.

Washington bid farewell to the officers of his army at Fraunce's Tavern in New York City.

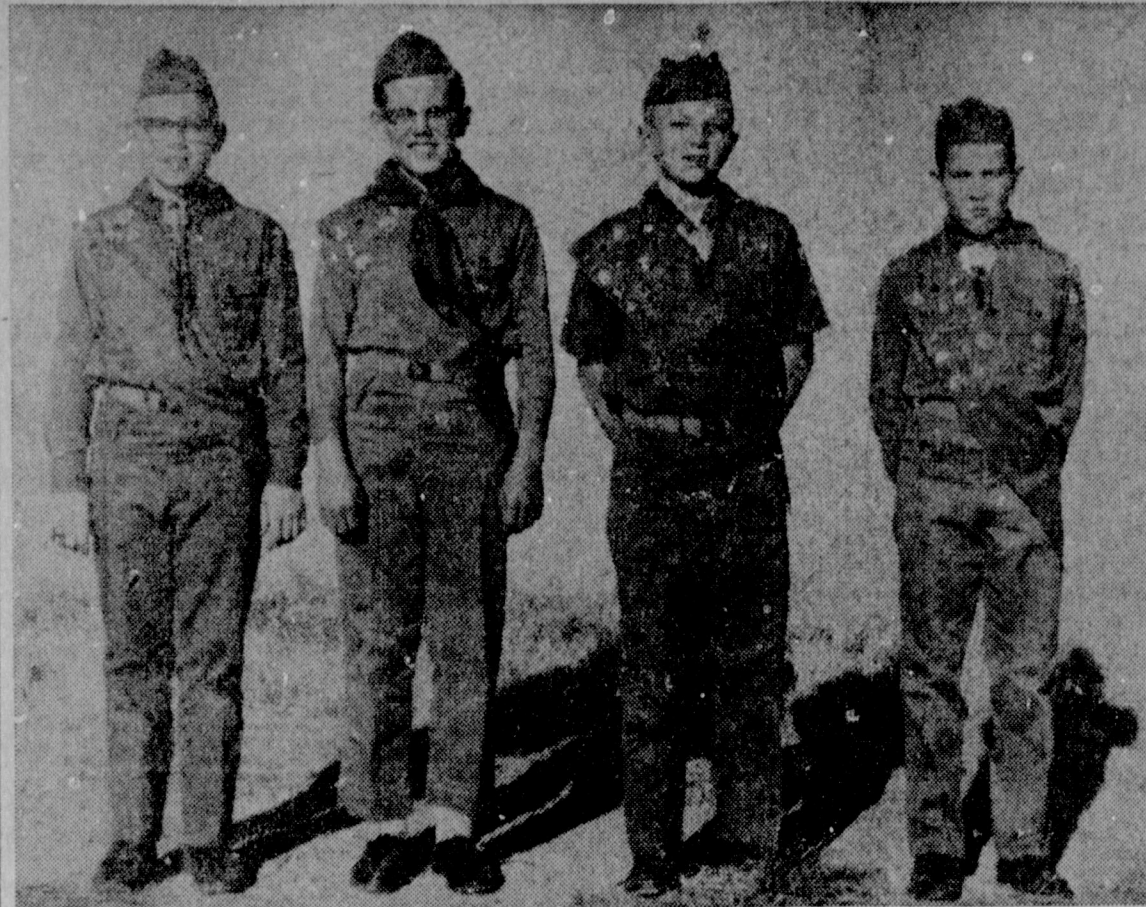

### EASTERN STAR

Mrs. Jewel Strong Worthy Matron and Buck Creamer Worthy Patron presided over the regular meeting of Muleshoe Chapter No. 792, O. E. S. Tuesday Feb. 5 in Masonic Hall.

A program, honoring Past Matrons and Past Patrons and the Chapter's birthday was observed by the birthday.

Mrs. Emma Dee Copley gave a interesting report on previous meeting from the time the Chapter was instituted. Each Past Patron gave a highlight of their years.

A delicious salad supper was served by the members.

**LIFE BADGES** — Four local Scouts, Tommy Jones, Billy Kelly, Bruce Purdy, and Jerry Haskins, received their Life Badges at the 53rd Anniversary of Scouting Feb. 7-13. Members of the Muleshoe Packs, Troops and Explorer Post attended churches of their choice in unit form last Sunday. (Journal Photo & Engr.)

## Snow Welcomed By Bula Farmers

By MRS. JOHN BLACKMAN  
BULA — Monday morning Bula awoke to a beautiful rain late Sunday evening, the first measurable moisture of the year.

Bula boys kept their unbeaten district 6-B record Friday night when they met Threeway on their home court. Bula now has won the district and will play in the district tournament to be at Bledsoe Thursday, Friday and Saturday of this week.

Mr. and Mrs. Lowell Walden spent Sunday night in the home of his mother, Mrs. L. L. Walden.

Mr. and Mrs. L. H. Medlin, Broken Arrow, Okla., arrived late Sunday for a visit with their son and family, the Buck Medlins.

They are enroute to Truth or Consequences, N.M., for a short stay and to enjoy taking the baths.

Mr. and Mrs. W. B. Gage were in Shamrock Wednesday to attend the funeral for her uncle, Joe Valentine, Charleston, Ark.

Mr. and Mrs. Cecil Jones spent several days the past week in Ft. Worth visiting their daughter, Mr. and Mrs. Murry Alexander, and baby son, Kerry.

Mr. and Mrs. Terry Blake, Cin-

dy and Dayton, were in Abilene Thursday and Friday of last week when they visited in the home of friends, Mr. and Mrs. Roy Martindale and he also did some work at ACC on his thesis.

Mrs. Dacey Frey, Ballenger, is here for a visit of several weeks with her daughter and family, the George Bahlmans.

Mr. and Mrs. Tom Bogard and Mr. and Mrs. W. C. Risinger went to Plainview Saturday evening to see Opal Bogard and Carrol Cook play with the Wayland Flying Queens in baseball against National Business College, Nashville, Tenn. The Queens lost 39 to 37.

Mr. and Mrs. Clyde Price visited Sunday in Odessa with some friends, the Arlus Knights.

Mr. and Mrs. Dewitt Tiller and Mrs. Ruby Reid and Jolene drove to Lazbuddie Sunday afternoon for a visit in the John Adudell home and also to visit Mr. and Mrs. J. F. White and children of Phillips, Mr. and Mrs. White have recently made a tour of Europe and had many interesting happenings to talk about.

Mr. and Mrs. W. C. Risinger visited Sunday afternoon with their daughter, Jacqueline, a student at West Texas State, Canyon.

R. E. Jones visited his son, Pfc. Wendell Jones, at Ft. Bliss, El Paso the first of last week.

Mr. and Mrs. Jack Speck and children, Karen and Jackie, were weekend guests of her mother, Mrs. Castiberry, and other relatives of Rochester and Rule.

Mrs. J. S. Speck moved to Morton last week to make her home with her daughter and family, Mr. and Mrs. Carl Kernell and children.

Rev. and Mrs. R. D. Thommarson were hosts to members of the junior and intermediate classes of the Bula Baptist Church after their evening worship hour Sunday. Twenty-one young people attended. Games were enjoyed and refreshments were served.

Mrs. R. D. Thommarson led the study, "Christian Witnessing" as the WMU of the local Baptist Church met in the home of Mrs. Clyde Hogue for their circle program Wednesday. Mrs. E. W. Black read the prayer calendar and the scripture reading. A short business meeting followed.

Attending were Mrs. R. D. Tho-

## Progress Church Sets Family Night

By MRS. M. O. NIGH  
PROGRESS — The Progress Methodist Church will hold fellowship hour and family night on February 15 in the home of Mrs. Eva Murrain.

WCSA met this past week in the home of Mrs. Annie Hill, with eight members present. They are studying the subject, "Today's Children, Tomorrow's World."

The next meeting will be February 20. The last 5th Thursday was spent visiting the shut-ins.

The visitation program, "The Twelve" visited Wednesday night February 13.

Mrs. Audrey Gleaton, Lubbock, visited in the home of Rev. and Mrs. Tommie Gleaton and son this past weekend.

Mrs. D. O. Smith returned home Tuesday of last week from the Plainview hospital where she had undergone surgery recently. She is doing fine. She returned to the doctor Friday for a check-up.

Mrs. Johnnie Westbrook, Mrs. mmarson, Mrs. P. R. Pierce, Mrs. L. W. Clevenger, Mrs. Fred Locker, Mrs. E. O. Battles, Mrs. H. G. Thompson, Mrs. E. W. Black, Mrs. C. A. Williams, and the hostess, Mrs. Clyde Hogue.

Mr. and Mrs. Curtis Snitker attended the wedding in Morton Saturday evening for her sister, Miss Lois Jennings and J. Bartlett.

Mrs. Cecil Cox spent the weekend with her father, W. R. Archer in Cleburne. She accompanied her daughter, Shirley, Lubbock, who was in Dallas for the hair styling show first of the week.

## P-TAs Marking Founding Date

February 17 is a red letter day in the annals of parent-teacher associations for it was on that day in 1897 that the organization, now known as the National Congress of Parents and Teachers, was born.

This infant organization was to grow to great heights, nurtured by a group of women who believed the child to be the hope of the world. The women were inspired and led by Alice McLellan Birney of Georgia and Phoebe A. Hearst of California, who called together the, then, National Congress of Mothers.

They would have been pleased had 50 attended from over the United States but, to their amazement and delight, more than 2,000 came. The women left the meeting fired with enthusiasm to return home and organize mothers' clubs—and they did. Today there are more than twelve million women and men in some 47,000 units. The Texas Congress, organized in 1909 numbers more than 766,000, with some 2,700 units.

The objectives of that first meeting are the objectives of P-TA's today: the welfare of children and youth in home, school, church, and community. Many activities, which are accepted as part of the community and school system today, were started or encouraged by the P-TA. They include the hot lunch program, health examinations, prevention of juvenile delinquency, raising the number and quality of the nation's schools and teachers, better teacher salaries and tenure, school bond issues, improved school equipment, health, school libraries, parent education, scholarship, moral and spiritual development—the list is almost endless as each new chapter is added.

Whether by speeches, pageant-

Eva Murrain and Mrs. Mattie Griffin spent a day recently with Mrs. Russ Duncan.

Rev. and Mrs. Tommie Gleaton and son and Mrs. Audrey Gleaton visited Sunday with Mrs. Mattie Griffin.

The Progress First Baptist Church is having a study course this week at 7 o'clock each night.

## IT'S THE LAW in Texas

A public service feature of the State Bar of Texas

**HISTORY OF WILLS**  
Courts see that will or "will" as to property is carried out after you die. Before then you may revoke or change any time.

The passing of property to heirs is one of man's oldest transactions. As far back as the Egyptian, Assyrian and Jewish civilizations, we have wills written and witnessed on papyrus, clay tablets, etc. In one will an early testator left some of his property to his wife and named a guardian for his children.

The Hammurabi code (2100 B. C.) permitted a father by deed to favor his son.

Under early Roman law the head of a house could tell the patrician assembly his wishes, but later Roman law favored a written will to keep the testator's plans secret until death. It also favored having a firm record of his wishes, not resting on memory.

By 1200 A.D., the English law of wills (from whence ours came) was quite well advanced: The church courts (like our probate courts) supervised disposition of property according to a "testament" of how the testator wanted his property to go.

Church courts supervised personal property (movables like armor or personal effects); land was passed on by wills which the king's court handled. Hence today we speak of "last will and testament" since English courts came to pass on both real and personal property, so that one court could handle the whole estate.

English church courts had "executors" who carried out one's testament. To die "intestate" or

(without a testament) was almost like dying unconfessed. Sometimes the church in the interests of the man's goods to others besides his family. Thea, as now, some property had to be left to the surviving wife and children.

By the time of the American Colonies, the laws were well settled, and law courts, rather than church courts, administered and distributed estates here.

(This newsfeature, prepared by the State Bar of Texas, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.)

**HUNTER'S EXPLANATION**  
BARDSTOWN, Ky. (AP)—Lt. Marvin Essex, a retired Army officer, returned from a hunting trip with a fine deer.

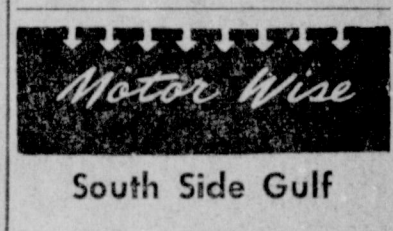

"Got him in one shot," he told friends.

"I thought you fired 11 times," said his hunting companion, P.D. Johnson.

"I did," Essex replied. "I shot once to attract the deer's attention, nine times to clear out the brush and once to kill him."

The number of emergency permits issued annually in Texas has increased from 1,121 in 1955-56 to 7,099 in 1961-62.

Charles LaMotta, junior half-back from Pittsburgh, will captain Lehigh's 1963 football team.

**Class Group Goes Roller Skating**

By GAIL KITCHENS  
LONGVIEW — The Junior class of the Longview Baptist Church went roller skating Friday after-

noon in Clovis. Those attending were: Randy Lackey, Larry Kitchens, Gary Ethridge, Terry Reasoner, Kay Killingsworth, Ava Jo Harrell, Brenda Tiller, Paula and Peggy Carter, Mike and Finetta Marlow, Jim and Richie Warren, Sue and Kathy Darsey, Marty and Al Davis, Brenda Ellis, and Connie and

Vicki Griffin. Mrs. O. M. Lackey, Mrs. Horton Griffin, Mrs. James Warrea and Mrs. Gordon Tiller.

Mr. and Mrs. Emmett Smith, Doc, Shelton, and Johnny, Andrews, visited Sunday with his sister and family, Mr. and Mrs. James Warren.

Several young people from the Longview Community attended the FHA banquet in Muleshoe Saturday night.

They were Karon Black, Sharon Tiller, Linda Warren, Kay Tiller, Donna and Carroll Kelton, Jean Killingsworth, Dean Ethridge, and Gail Kitchens.

Mrs. Bobby Lacey and Kyle visited Friday and Saturday with her mother, Mrs. Thomas Trammell, Lubbock.

The Intermediate GAs of the Longview Baptist Church went ice

skating Friday afternoon. Those attending were Kay Tiller, Shirley Blair, Charlotte Barnett, Faustine Darsey. The group was accompanied by Mr. and Mrs. Dan Darsey.

Gayle Seagroves spent Friday night with Melissa Pruitt, Muleshoe.

Mr. and Mrs. Virgil Obenhaus and Cleta visited Sunday in Lubbock with his brother and family, Mr. and Mrs. Lester Obenhaus.

Mrs. J. U. Dawson spent Friday night and Saturday in Clovis with her daughter, Mr. and Mrs. Leon Harvey, and family.

Homer Lackey and daughter, Rena Kay, visited in Brownfield Sunday with his sister, Mrs. Nell Gibbs.

Mike Polson, son of Mr. and Mrs. Clark Polson, was honored with a birthday dinner in the home of his grandparents, Mr. and Mrs. W. B. Killingsworth. Mike is 3 years old.

**Legal Notice**

**NOTICE OF ELECTION ORDER FOR INDEPENDENT SCHOOL DISTRICT TRUSTEE ELECTION AND APPOINTMENT OF OFFICERS.**

Be it ordered by the Board of Trustees of Muleshoe Independent School District:

That an election be held in said School District on April 6, 1963 for the purpose of electing three members to the Board of Trustees of said School District.

That said election shall be held at the following place and the following named persons are hereby appointed officers for said election:

At the Library, Junior High School Building in Muleshoe, Texas, in said School District, with Carl Bamert as Presiding Judge and clerks appointed by him.

The manner of holding said election shall be governed, as near as may be, by the Election Code of this State, and this Board of Trustees will furnish all necessary ballots and other election supplies requisite to said election.

Immediately after said election has been held the officers holding the same shall make returns of the results thereof to the Board of Trustees of said School District, and return the ballot box to the Secretary of said Board for safe-keeping.

The secretary of this Board of Trustees shall forthwith issue a copy of said election by posting notices of this order at three different places within the boundaries of said School District which posting shall be done not less than ten days prior to the date for said election.

Adopted this 11th day of February, 1963.

**Off The Runways**

By DORIS KINSER

Kathy Phillips, daughter of Jennie Belle Phillips, is a new student pilot at Muleshoe Flying Service.

Kathy is training in the Comanche and after two lessons she expressed her opinion of the experience as "I love flying." Her instructor, Morgan Locker, said the young lady was doing remarkably well at the controls.

**TO EL PASO**

Jack Little and Bill Wimberley flew to El Paso last Wednesday for a business engagement.

**ODESSA PILOT**

The Sunday edition of the Odessa American carried a story of one of their senior citizens who has been flying since 1916 and it is still his favorite hobby even though he retired from his job years ago.

Roy Schlemeyer, 77, has seen many types of airplanes bite the dust and remembers fondly his experiences up in the blue yonder.

Schlemeyer soloed in 1916. In those days, a person interested in flying would have to have the courage to take up a plane with out any dual instruction time with a qualified pilot.

According to the story, Schlemeyer took his first ride in Electra and soon afterwards joined the Signal Corps to get into flying with the Army.

Six days after the United States entered World War I, Schlemeyer joined the Army. That was in April 1917, had three weeks of basic training, and was sent to Toul, France, where he participated in five operations on three fronts.

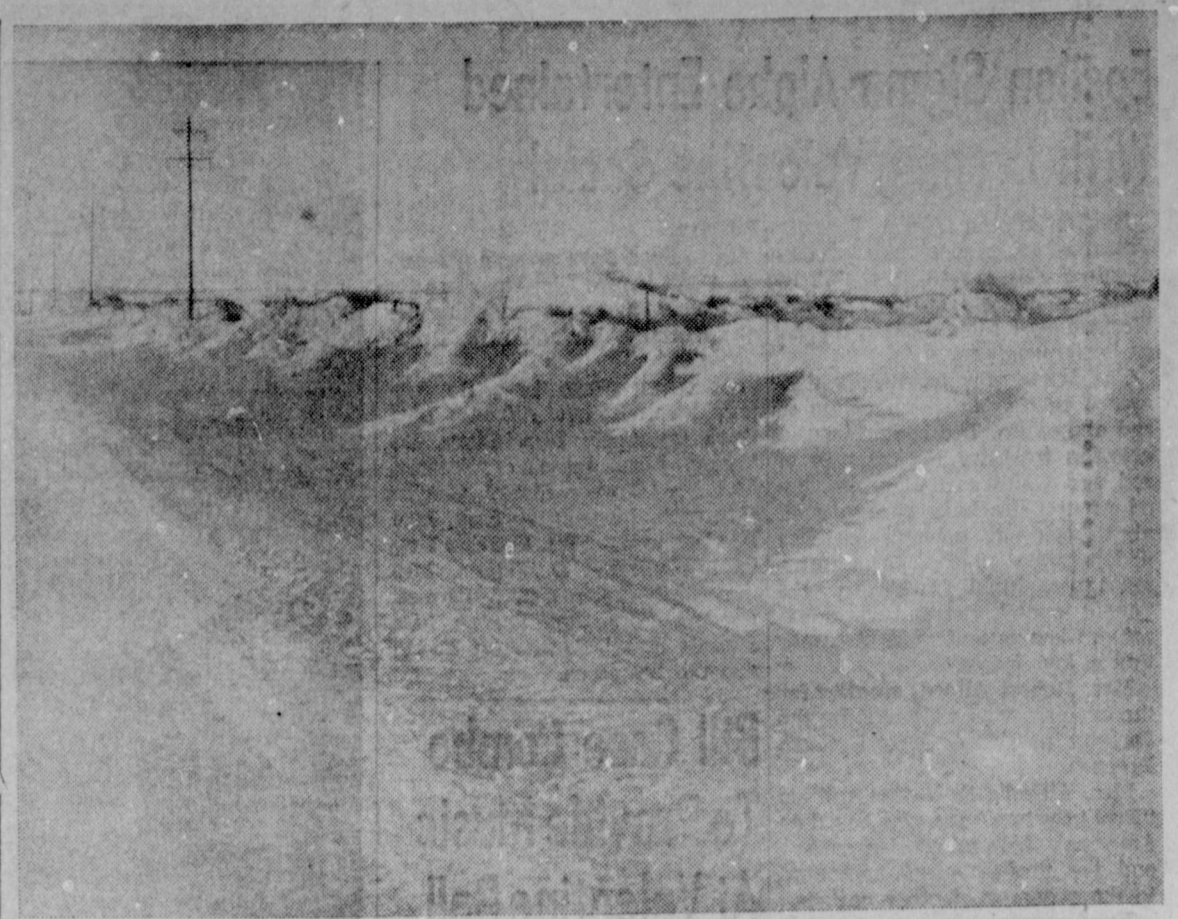

During that time the DH-4s were used for reconnaissance work for the artillery and infantry. The plane had 400 horsepower delivered by a Liberty engine and would cruise at 130 miles per hour with a stalling speed of 65 mph.

Schlemeyer also flew a Spad, which was a fighter, Hisson-Standard, Jenny and Kenuck, all trainers.

While flying observation for ground troops, several methods of transmitting messages to them were devised since they did not have radios. One method used was attaching information written on paper to a streamer and letting it fall earthward to be picked up by the ground crew.

In 1925, the Odessan became the first pilot for Braniff Airlines. One flight he especially remembered was a flight from Tulsa to Oklahoma City in a 6-place Stinson Junior. "Braniff kept on growing and growing," he said.

This old-time flyer, who has been up with the birds for 46 years, keeps active by conquering other types of craft. Recently he got his glider rating and is working toward his commercial rating for gliders.

COMMISSIONED — Tommy L. Laney, Texas Tech graduate from Muleshoe, has been commissioned second lieutenant in the Air Force. A secondary education major, Laney is the son of Mr. and Mrs. M. H. Laney of Muleshoe. He will report to Laredo Air Force Base for pilot training on March 4.

**Farmers--**  
(Continued From Page 1)

Using a huge "flip chart," Adams pointed out the step-by-step processes of the brand new grain sorghum program. He said that the objectives of the 1963 program are: To stabilize farm income and hold down buildup of stocks; to protect the producer-feeder; to cut program (USDA) program costs, and to protect the consumer.

He explained that past grain sorghum programs had upped the farmers' income by some \$2 billion. As a result of the program in the past, government stocks of grain sorghum had been reduced 27 million tons.

In explaining the USDA program history of the system was traced showing that from 1952 to 1960, grain sorghum had been increased by some 7 million tons a year. Then in 1961 the use, for the first time in years, exceeded output, so stocks of grain sorghum declined. In 1962 this trend continued.

One reason for Tuesday's meeting was to explain the program as the approaching deadline for signing up for participation in the 1963 program. Farmers who want to enter the grain sorghum program this year must sign up by March 22; sign-up started Feb. 1. Farmers already have been given their base figures by ASCS. It was pointed out, and thus should be able to determine whether they want to participate this year, it was explained.

In order to be eligible for payments this year, the farm owner must cooperate on corn, grain sorghum and barley, and to participate he must sign an agreement

Moore says the public is welcome at all debates. The Hereford affair is slated for 1 p.m., while the Canyon debate will take place at 9 a.m.

PROCLAMATION SIGNED — Jean Haskins, second class scout of Troop 20, looks on as Mayor Arthur Crow signs a Girl Scout proclamation which reads: "Our Girl Scouts, and the volunteers who help them, are among our finest citizens. The campaign for funds to support the Girl Scout program in our town is officially opened this week. The monies you contribute will be used to bring better scouting to more girls in this area. The Girl Scout

program of the 'sixties' calls for additional training for the adult volunteers in Girl Scouting. The Girl Scouts' theme is "Service—A Girl Scout Promise." We all hope that the citizens of Muleshoe will help them keep this promise, by contributing to the fund drive of 1963." Plans for the local drive were made at a leaders meeting Tuesday night. Dues this year will be \$1,706.66. (Journal Photo & Engv.)

**Rays's--**

(Continued from Page 1)

wife had laid in a bountiful supply of grub.

What I had thought was pretty rough apparently was just the introduction to the storm. She had hardly got in bed when old Jack Frost pulled out all the stops and let go with a blast of wind that shook the foundation of their sturdy new home.

I thought of Whittier's "Snow-bound," but decided I wouldn't get out of bed just then and hunt a copy of the poem to read.

Came Monday morning and we crept northwestward again. Wasn't so bad; made that 55 miles in only two hours and 10 minutes! Passed several cars that had wandered off the road during the night and were buried in snow. One of them, I think, was the car that whizzed around us on that Brownfield-Levelland jaunt.

By the way, speaking of the weather, must remember to go get some flower seeds. The missus wants to plant them tomorrow. As I said, stick around awhile and the kind of weather you like will be around; we like warm, so we're getting ready for it, flower seeds and all.

I haven't however, sent my tropical slacks out for their annual spring cleaning, and we're not planning to replace the glass panels in the storm door with the screen panels out at Goathead Flats Estate, our winter (and summer) home!

**Tips--**

(Continued from Page 1)

attend "Dynamics of Selling", which discusses how to secure and hold customer's attention, satisfy customer's wants and needs, and help customer make the proper buying decision. The sales training course will be offered from 7:30 p.m. to 10 p.m., Monday, Tuesday, Wednesday and Thursday, February 18-22 at the public meeting rooms in the Bailey County Electric building.

These two courses are made available by the Distributive Education Program of the University of Texas and the Texas Education Agency.

Francis A. Flynn, supervisory training specialist from the University, will conduct the courses. Flynn has held similar programs throughout Texas for the past five years, teaching a similar course in Muleshoe two years ago.

Individuals and groups interested in attending either or both of these courses should call the Chamber of Commerce for additional information. Brochures describing the courses in detail are available at the Chamber office or from Lindal Murray, chairman of the Chamber's Education committee.

**Snows--**

(Continued From Page 1)

ously hurt by the sudden storm, but the snow and ice covering made supplementary feeding necessary for livestock out on grass or grain.

He said that wheat was not aided greatly by the precipitation since it had already frozed back and had been grazed so heavily in most areas that it did not have the capacity to hold the moisture. The rain, however, did help and will help to make wheat stage a quick comeback, he concluded.

**Texas--**

(Continued from Page 1) snow did little to help dry farm lands, but Monday night's calm snow, although "dry did aid the moisture situation.

Farmers said the moisture will permit returning to the fields to plow and housewives were pleased with the dampening-down of February dust.

The nation's private forest owners plant more than a billion trees a year.

About 90 per cent of the world's population uses the metric system of weights and measures.

**Teams--**

(Continued from page 1)

speak on the affirmative or the negative side. A debate lasts one hour and 30 minutes for each team.

Debating is not new to the members of this year's team, all of whom are either sophomores or juniors. Shirley Richards, Nine Ed Bovell, Don Williams and Barry Lewis have all attended college workshops on this year's debate subject, and last summer, Don Williams and Barry Lewis attended a two-weeks' workshop at West Texas State. They walked off with first place in the high school division debate tourney, incidental-

ly. Moore says the public is welcome at all debates. The Hereford affair is slated for 1 p.m., while the Canyon debate will take place at 9 a.m.

to participate on all three of these crops. If he signs up, he must agree to divert acreages to 'conservation use'.

He also must not increase his acreage in any of the three crops mentioned on any other farm which he may operate.

Payments for diverted acres will be made at the rate of 20 percent of the established normal production up to 50 percent on additional acreage diverted.

Special provisions are made for farmers with 25 acres or less. Thus payments will be based on a minimum of 20 percent of the base or a maximum of 4 percent of base.

Participating farmers will be paid price supports (\$2 per cwt.) on normal production on planted agreement on entire production, the latter as an "incentive" payment.

Here's an example of how it works: If the farmer has a normal yield of 4,000 pounds yield per acre and his produced 6,000 lbs. per acre, he will be allowed to put the additional 2,000 pounds per acre into loan for approximately \$1.69 per cwt.

It also will be possible for him

to receive a 50-percent advance payment. Diverted acres may be pastured through May 1 and again starting Nov. 1. Thus acreage diverted and planted to wheat, oats, rye, etc. may be pastured Nov. 1 for the remainder of the contract for this year.

By entering the program he is assured an income even if drought should hit his crop. Of course the farm operator must agree to improve land through conservation and control of obnoxious weeds.

Here are some examples of how the 1963 program would work. Assuming that a farmer has a base rate of 4,500 pounds, and he diverts 20 percent of his 100-acre farm, he would receive \$17.60 payments per acre for a total of \$352. He would plant his remaining 80 acres to grain sorghum he would draw \$11.80 or a total of \$1,024. This would make a grand total of \$1,376.

But if he should produce 7,000 pounds per acre he would have a loan payment of \$1.69 guaranteed on 80 acres and produce a total of 560,000 pounds. At \$1.69 per acre this would equal \$9,464 or a grand total of \$10,840.

Under another plan, if the farmer decided to go in completely for the layout program, he would lay out 40 percent of his land and get \$352 before hand. Then he would receive \$820 on the next 20 percent and \$768 payment on 60 acres he plants to grain sorghum. This comes to \$2,000. He plants the remaining 60 acres and makes 7,000 pounds per acre or 420,000 pounds total, he would receive \$7,098 total which would bring his grand total to \$9,098.

Or he may risk planting his entire 100 acres to grain sorghum, and assuming he makes an average of 7,000 pounds per acre, and the market price is \$1.50, he would gross \$1,050; or at \$1.40 market price he would receive \$9,800 or at \$1.30 his gross would be \$9,100.

Adams pointed out that the farmer must decide this matter for himself. Of course he must be sure to figure the reduced operating costs on the layout land, and also the grazing value of the diverted acres. He says it costs about \$45 per acre to produce grain.

**Election--**

(Continued from Page 1)

head football and track coach, \$7,241; Louis Powers, boys' basketball coach and assistant football coach, \$5,842; Willie McAlpin, girls' basketball coach and assistant football coach, \$5,534; Bob Coleman, ninth grade coach, \$5,434; Bob Graves, 7th and 8th grade coach, \$5,242; Melvin Mackey, 7th and 8th grade girls' basketball coach, \$4,950.

Three positions will be open on the board, it was explained. Members whose terms are expiring are E. V. Bartlett, Murl Stevenson and W. F. Bartley. Absentee voting is to start on March 18 at the county clerk's office, and absentee voting is to end April 2. Candidates for board places may file now; deadline is March 6 at 12 midnight.

The board also was given a progress report on new dressing rooms being built as an annex to the gymnasium. The rooms are nearing completion and should be ready to turn over to the school board by the last part of this week, it was announced.

A lighting report, pointing out conditions in classrooms here, was given showing that lighting is "well below the recommended standards for student classrooms," minutes of the meeting show. The board at its Monday night session decided to continue a study of the problem before trying to remedy the situation.

Enrollment figures announced at Monday's meeting were as follows: Senior High, 446; junior high 290; Richland Hills, 548; Mary DeShazo, 588; and Hilltop, 63. This makes a total enrollment of 1,935.

**Indians--**

(Continued from Page 1) men were unable to remember "what they had been arguing about."

Unable to make bond immediately, Cusher was returned to the county jail. He will be held for action by the next district court grand jury which will have the power either to indict him on the charge of murder with malice aforethought or of reducing the charge to murder without malice. Texas does not have a law for manslaughter.

Cusher has a wife and small child.

Funeral services for Noah will be held at the Assembly of God Church at Pickens, Okla., Friday followed by burial in the family cemetery nearby. Singleton Funeral Home, Muleshoe, is in charge of arrangements.

Noah was born in McCurtain county, Okla. He is survived by his father, Emerson Noah, and by a brother, Emerson Noah, Jr.

"YOUR FRIENDLY ONE-STOP FARM SERVICE"

### Wayland Group Going to Sudan

By EVELYN M. SCOTT  
SUDAN — The Mission Band of Wayland Baptist College in Plainview will appear on the program at the Sunday evening service of the First Baptist Church.  
The band will present a drama, "The Challenge of the Cross" and will direct a young people's fellowship service at the close of the service. The program will get underway at 7:30 p.m.

The WMU of the First Baptist Church will entertain members of the senior class of Sudan High School with a banquet Monday evening, Feb. 18, at 7 p.m. The banquet is sponsored annually by the WMU of the church.

Mr. and Mrs. Coney Rudd have moved into the house formerly occupied by the Dan Woods. Mr. and Mrs. Woods have moved to a farm they recently purchased.

Mr. and Mrs. John Nix, Texline, visited during the weekend in the home of Mr. and Mrs. R. D. Nix.

Mr. and Mrs. Jay Miller were weekend guests in the home of Mr. and Mrs. Harold Close in Clovis.

The WMU of the First Baptist Church met last week for a business meeting with Mrs. R. E. DeLoach, vice-president, presiding. The meeting day was changed from Tuesday to Monday afternoon.

In attendance were Mrs. DeLoach, Mrs. Willie Hazel, Mrs. J. P. Arnold, Sr., Mrs. Halbert Harvey, Mrs. John Bath, Mrs. Homer Morris, Mrs. L. F. Meeks, Miss Ruby Mince.

Mrs. Lona Rollins and Mrs. H. W. Qualls visited recently in the Lubbock home of Mrs. Blanche Jones when other guests there.

Your **OLDSMOBILE** will give you better service with **AMALIE** 100% Pure Pennsylvania Motor Oil

Why? Today's high compression engines running at high or low speeds; running in grueling stop and go traffic require the superior oiliness, the heat resistance found only in **AMALIE** Pennsylvania Oil.  
**AMALIE** is the oilier oil refined from the world's finest crude by special low-heat process. **AMALIE** stands up under engine heat long after conventional oils break down, thin out, drain off. Cuts wear, insures long miles of smooth engine performance...

Your service station man will stock **AMALIE** for you... Just ask him.

were a number of former Sudan residents including Mrs. Floy Purvis of Seminole, Mrs. Sadie Smith of Ralls, and Mrs. Ima Wales of Yakima, Washington.

The Sudan Sewing Club will meet Thursday afternoon in the home of Mrs. A. F. Walker.

Robert Earl Williamson has returned home after being confined a number of days to a Littlefield hospital.

A YWA Houseparty will be held at the First Baptist Church in Littlefield this weekend. Sponsor of the local YWA group of the First Baptist Church here is Mrs. Don Dykes.

Mrs. Noel Lumpkin and Mrs. Bobby Jack Markham were Lubbock visitors Saturday.

Mrs. Hattie Harkey of Littlefield visited during the weekend in the home of her daughter, Mrs. Joe Salem and family.

Joe Rone and Kit Carson were Houston business visitors last week.

Mr. and Mrs. S. D. Hay and Mr. and Mrs. W. V. Terry were in Amarillo Friday to attend a Texas Panhandle Heritage Foundation meeting. Mrs. Terry is a Lamb County Board member of the Foundation and Mr. Hay is the Sudan projects chairman.

Mr. and Mrs. W. V. Terry were Lubbock business visitors Thursday.

Mr. and Mrs. Guy Walden were business visitors in Quannah last week.

Mrs. E. W. Baccus entertained with a coffee Thursday morning when approximately thirty attended.  
Out-of-town guests present included Mrs. C. C. Williams of Dimmitt; Mrs. Clois Faust, Mrs. Clarence Nichols, Mrs. Green, Mrs. Thomas Moss all of Littlefield, and Mrs. Ray Shafer of Pecos.

### Vegetable Meet Set in Muleshoe

Vegetable producers will meet next Wednesday at 1:30 p.m. at the Electric Co-op meeting room, sponsored by the Extension Service J. K. Adams, county agent said, with the Muleshoe Chamber of Commerce co-operating. Carroll Pouncey, C-C manager will preside.

On the program will be Dr. Homer Blackhurst of the horticulture department of A&M College, who will talk on "Tomatoes and the Plastic Mulch machine." Dr. John E. Larsen, horticulturist with the Extension Service, whose subject will be "Potato Production;" Jack Kyle, horticulturist with the Extension Service, who will speak on "Vegetable Research on Sub-Station 8;" Prof. Robert R. Reed of the horticulture department, Texas Tech, and C. D. Cahmbers, Paris Project Area Supervisor for Campbell Soup Company.

Chambers will show a film on tomato growing. He also will discuss the proposed contracts for vegetable growing in this area for Campbell's cannery at Paris.

**CARD OF THANKS**  
Due to the fact that the names and addresses of all who helped since our home was destroyed by fire, we wish to extend our heartfelt appreciation for the help, acts and words of kindness. Your generosity and thoughtfulness will always be remembered.  
The E. M. Sowder family

**NOT FITTIN' FOR MAN NOR CARS** — Last Sunday night's sudden snow and sleet storm which hit all of West Texas, sent more than one motorist into the bar ditch, and once in the ditch, cars stayed there until the next morning. This is what some of these stranded cars looked like on Monday morning. At top is a typical scene on U.S. 70 just east of Muleshoe, looking west, while the picture above shows stranded machines on the highway looking east. Throughout West Texas scores of motorists were forced off the road by the blinding sleet and snow driven by 45-mph winds. (Journal Photos & Engravings)

## Mrs. Galt Hosts Bible Study Club

**MRS. JACK LANE**  
THREE WAY — The Goodland Bible Study Club met Tuesday, February 5 in the home of Mrs. Tommy Galt. The group studied in II Samuel, chapters 5, 6, 7 and 8. Those present were Mrs. Jim Johnson, Mrs. Gene Kenley, Mrs. Leon Reeves, Mrs. L. W. Chapman, Mrs. Pete Tarlton, Mrs. Buck Ragsdale, Mrs. Baker Johnson and Mrs. W. C. McElvey. Club members who attended "Swanee" at ENMU, Portales, N. M., were Mrs. Neal Smith, Mrs. Pete Tarlton, Mrs. Jim Johnson, Mrs. Tommy Galt, Mrs. Cass Stegall, Mrs. Buck Ragsdale, Mrs. W. C. McElvey and Mrs. Baker Johnson.

Rev. and Mrs. Jerry Haley and Mr. and Mrs. Bob Burdick, Plainview, were dinner guests in the home of Mr. and Mrs. Jack Lane Sunday.

Mrs. Harvey Lee Balko, Lingo, visited in the home of Mr. and Mrs. Perry Henderson Wednesday.

Mr. and Mrs. Jim Henry Johnson and Tomie left Sunday morning for Dallas where they will visit Mr. and Mrs. Clinton Arthur, sister of Mr. Johnson. They plan to return about Wednesday.

The Three Way Baptist Church completed the state-wide Sunday School enlistment campaign Wednesday night.

Mrs. Emil Macha and girls Littlefield, and Mrs. Lawrence Quesberry, Needmore, visited in the Jack Lane home Wednesday.

Mr. and Mrs. E. O. Faeley, Donna and Bobbie, girl friend of Donna's, all of Littlefield, visited in the home of Mr. and Mrs. Jay Feagley Sunday.

Rev. and Mrs. Jerry Haley spent Thursday night and Friday in Lubbock.

Mr. and Mrs. Thurl Lemons, Kay, Mrs. Jack Ferguson and Donna attended "Swanee" at Portales ENMU, Wednesday night.

**CHURCH MEETING**  
A salad supper preceded a business meeting at the First Christian Church Thursday evening. Special guests were Mr. and Mrs. Koistra, Lubbock. The event was attended by some 40 members of the church.

A birthday dinner was given in the home of Mr. and Mrs. M. L. Carpenter, Stegall, Sunday for all of those in the Carpenter family

# The Muleshoe Journal

DEDICATED TO THE PROGRESS AND DEVELOPMENT OF BAILEY COUNTY AND THE GREAT MULESHOE COUNTRY

VOLUME 41, NUMBER 7

THURSDAY, FEBRUARY 14, 1963

## Yarbrough In Washington

We have read and heard much recently about the new federal budget, but I want to give you a breakdown of some of the public works projects for Texas included in that budget. I am fighting for these items, and I want to tell you what affects you and your home county and town.

A total of \$88 Million is included in the proposed new federal budget this next year for Army Corps of Engineers work in Texas on water conservation, flood control, rivers and harbors and hurricane protection projects. These projects fall into three categories of activity: First, the preliminary surveys, the planning stage, and finally, those where construction is underway.

One big step forward in the new budget is a proposal for a comprehensive \$250,000 study to find the best way to protect the Texas Gulf Coast from the high tides driven in by hurricanes, to prevent damage like that done by Hurricane Carla in September, 1961. I made a request for this study in the budget. I am glad to see it included.

Another vital new study would authorize \$50,000 for finding a way to cut down the salt pollution of the Arkansas-Red Rivers, and to improve the quality of surface water. Funds are also included for major basin studies on the Brazos, Colorado, Sabine and Neches River Basins, and on the Red River below the Denison Dam.

Among special projects in the planning stage are channel improvements on the Clear Fork Extension of the Fort Worth Floodway; hurricane protection for the Freeport area; an earth-fill dam for the Pat Mayse Reservoir on Sanders Creek, near Paris, Texas, so badly needed in Lamar and adjoining counties for their industrial development; seawall hurricane protection for Port Arthur and the Freeport area; channel work on Vince and Little Vince Bayous in Harris County, and on the Sabine Neches Waterway for the Beaumont-Port Arthur area.

Among big construction projects in the budget are the Somerville Reservoir on Yegua Creek, a tributary of the Brazos River and a part of the West Brazos river

development, and on the West Fork of the Ft. Worth Floodway on the Trinity River. A total of \$8,100,000 is requested for the Somerville Reservoir and \$500,000 for the West Fork project.

A total of \$500,000 is included for the McGee Bend Reservoir on the Angelina River, ten miles northwest of Jasper. Another \$500,000 is included for the Brazos Island Harbor project at Brownsville, on the southern tip of the state.

In addition to these Corps of Engineers-sponsored projects, the Reclamation Bureau has jurisdiction over other projects. For example, a total of \$23,000,000 is asked for the Canadian River project to provide a water supply for the cities in the Panhandle and South Plains. The dam is near Borger. Additional amounts are provided for other Bureau of Reclamation projects in Texas.

Meanwhile work continues on the great Amistad Dam, west of Del Rio, on the Rio Grande—a total of \$7 million being needed to continue construction under the direction of the International Boundary Commission. Fellow Texans, these are some of the projects I am fighting for as your Senator.

### POOLS TOUR TEXAS

Mr. and Mrs. Myron Pool, Sr. left Wednesday morning on a two-week vacation.

They plan to go first to Austin where they will visit their granddaughter, Ronda Johnson, who is hospitalized there. Ronda's mother, Mrs. Randy Johnson flew to Austin Saturday from Lubbock to be with her.

Mrs. Johnson will join her parents, the Pools, on a trip in the Texas valley if Ronda continues to improve.

The Pools will be visiting in Harlingen, Brownsville, Thrall, and other points before returning home around March 1.

### TO PLAINVIEW

Mr. and Mrs. J. C. Spain and sons, David and Kirk, were weekend guests in the home of his parents, Mr. and Mrs. J. C. Spain, Sr., Plainview.

## Girl Scouts

TROOP 214 met February 5 and discussed the Brownie banquet and Court of Awards.

The twelve girls attending enjoyed outdoor games and refreshments served by Mrs. Curtis Wellborn.

TROOP 70 met Wednesday, Feb. 6, and put some finishing touches on their projects. Learning that things sewed wrong side out can be turned so that all seams are inside. Next week they will be able to show off their projects.

TROOP 42 met Thursday, Feb. 7, and due to the lovely day, dropped all other work and went on a nature hike, collecting seedpods and rocks. There were 13 girls present and both leaders, Mary Sutton and Roxann Patton. The refreshments were served by Mrs. Jack Julian. Lessons in grace were taught, Mrs. Julian, outdoor chairman, accompanied them on

the hike. Next week, they plan to finish their scrapbooks and exchange Valentines.

BROWNIE TROOP 80 met Friday, Feb. 8. A discussion was held about the Brownie Promise and what it means to Scouts. A new member, Linda Head was welcomed. Each girl signed the get-well card to Mrs. L. A. Harper, the assistant leader, who is in the hospital.

TROOP 162 met Friday, Feb. 8. The girls made invitations to their Fly-up services to be held soon. Mary Moore, in the absence of the regular leaders, Mrs. Mac Langer and Mrs. Chesta Cowan were substitutes.

Twelve adults from Muleshoe attended the Girl Scout training school at Friona last Thursday. A film was shown showing the changes in the program for the four age groups of Scouts. The film and the instructions were very interesting and everyone enjoyed the school. A delicious luncheon was served at noon by the Friona ladies. Friona will be in Muleshoe on March 28 to attend the completion of the training thus far scheduled.

### Today's Meditation

**A DANGEROUS WISH?**  
"Beloved, I wish above all things that thou mayest prosper and be in health, even as thy soul prospereth." . . . I John 2

Suppose that your physical and material conditions were brought to the level of your spiritual condition. Would you be rich, strong, and healthy; or poor, weak, and sickly?

This wish was made for Gaius by John. Gaius was a strong man in the spiritual realm. It was a safe and excellent wish for him. He, according to John, walked in the truth of Christ and was rich toward God. In most cases there would be

great changes if the wish became a reality in our lives. Many that are strong physically and materially would suffer and be in need if materially and physically they were brought to the level of their present spiritual condition. And on the other hand there would be many poor and sick who would be healed and would have all they needed should their physical, material, and spiritual condition be equal. For many that are weak in the flesh are strong in the faith.

The fact is that one day this wish will be a reality with all. On that day of judgement, how will you stand? May God help you put the proper emphasis on the spiritual things while you still have time!

Rev. Don Murray  
Pastor of First Baptist Church

## MULESHOE MERCHANTS ARE CELEBRATING WITH A

# WASHINGTON'S BIRTHDAY SALE

ONE DAY ONLY!

Yes, Muleshoe merchants are really throwing a Party February 22 in honor of our first President. And YOU get the gifts!

You'll never have an opportunity like this again!

Be in Muleshoe early for your share in the big Birthday Party. Friday, Feb. 22, 1963

Each Participating merchant will offer at least one item at a ridiculously low price! First come, first served. Many items one only and they're worth being early for!

## SANDHILLS PHILOSOPHER

### Our Sage Has Something to Worry About: World Population Increase

Editor's Note: The Sandhills Philosopher on his Johnson grass farm found a new problem to worry about, his letter this week reveals.

Dear editor:  
I know people are worried about Cuba, Canada, DeGaulle, Russia, China, Congress, etc., but I have run across a problem that worries me more than all these put together.

According to an article I read last night in snatches during television commercials and station breaks, the population of the world will double in the next 40 years. It took from the start of time to 1830 to reach one billion. But it took only 100 years to reach two billion in 1930, and only 30 years to reach three billion, which is what it is now, assuming the count was accurate in the African and Australian brush country and the Siberian prison camps. In other words, the world's population is like the national debt. The bigger it is, the bigger it gets.

Consequently, in a few more years, the world's population will double again, and we'll have six billion people on earth. There's no way of estimating the national debt at that time, but I have confidence it will keep pace.

What worries me about this is another set of statistics. In 1890, if a farmer supported himself, he was considered doing his job satisfactorily. But in 1900, with more people moving to town, he was supporting himself and four city people. By 1963, the thing had got all out of hand and he was raising enough for himself and 23 people in town. Furthermore, as the population increases, the number of farmers decreases, and it doesn't take a mathematical wizard to see what a burden this puts on us farmers.

As I calculate it, in 40 more years, if the trends continue, one farmer will have to produce enough for 46 people in town.

Now you may think what's worrying me about this is that I'll

have to work twice as hard to carry my end of the load. You're wrong. What's worrying me is how those 46 people are going to get by on half of what they're getting now.

Yours faithfully,  
J. A.

## SCHOOL MENUS

### MONDAY

Barbecue turkey, deviled cabbage, creamed potatoes, fruit cup, boiled rice with sugar and ½ pint milk.

### TUESDAY

Ranch beans, buttered corn, lettuce, carrot and raisin salad, cornbread, apple cobbler, and ½ pint milk.

### WEDNESDAY

Juicy burgers, lettuce and tomato salad, French fries, pear half, frosted brownies and ½ pint milk.

### THURSDAY

Baked ham, green beans, fresh cranberry salad, ho trolls, but ter, raisin cobbler, and ½ pint of milk.

### FRIDAY

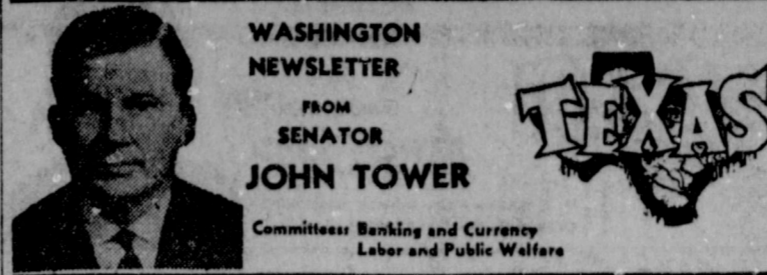

Hot dogs, chili sauce, chopped onions, French fries, ice cream bars, peach half, and ½ pint milk.

### BIG SPRING VISITORS

Mr. and Mrs. Ramon Martin were in Big Spring over the weekend as guests of their daughter and son-in-law, Mr. and Mrs. Edward L. White.

They drove back as far as Levelland and spent Sunday night with friends due to bad weather and icing road conditions. They arrived home about mid-morning Monday.

Saint David is the patron saint of Wales.

WASHINGTON NEWSLETTER FROM SENATOR JOHN TOWER

Committee: Banking and Currency Labor and Public Welfare

You've been reading in the papers and hearing over the radio and on television lately about our strained relations with our neighbor to the north, Canada. This set me to thinking about the whole state of our relationship with other countries. What's happened in our foreign policy over the past two years?

A few years back, President Eisenhower was rather severely criticized for the alleged lowebb of American prestige; our friends were mad at us and we were not asserting the leadership that we should. These problems are continuing. Any President has to deal with them, and no President is going to be entirely successful in dealing with them. Let's review some of the things that are of current concern to the American people, in the field of Foreign Relations.

We've noted recently that our relationship with Canada is a very strained relationship because of misunderstandings over defense policy. It has affected the internal politics of Canada.

In the past two years Laos has been taken over by a Communist-controlled coalition. It was our idea that this would be a neutralist coalition, but it is certainly dominated by the Communists and Laos is, for all practical purposes, under the effective military control of the Communists.

You've heard a lot about the Alliance for Progress program that was designed to help foster progress in Latin America. I think that it has been a failure. Some of the conditions laid down for participation in the Alliance for Progress whereby we would give grants and loans to Latin American Countries have actually been tantamount to requiring that some countries expropriate private property.

The agricultural reform that has been insisted upon has been unrealistic. There has been no insistence upon creating political stability or monetary stability that would encourage private investment of money in Latin America. We can't solve Latin America's problems until we can stop the flow of capital out of Latin America and encourage increased investment in Latin America.

Recently, too, is the matter of warfare in the Congo, the former Belgian Congo, and its effect on American and Belgian relations; indeed, its effect on our relations with a lot of our European friends. The United States was very wrong in supporting the United Nations actions in the Congo, which brought Katanga to heel, which destroyed the autonomous govern-

By VERN SANFORD  
Texas Press Association

AUSTIN — Lawyers are wondering if the Texas Senate really passed a constitutional amendment resolution proposing that the voters give women equal rights.

Records show that this resolution passed the Senate 26-5. But it also shows that the Senate voted down an amendment which would have made it clear that the purpose of the proposal was to repeal all laws on the statute books which treat women differently from men.

When courts interpret the laws and the constitution, legislative intentions is what they must determine. Records now show that the legislative intent of the Senate was not to repeal all the discriminatory laws about women.

This proposal, by Sen. William T. Moore of Bryan, has been defeated in the Senate many times before.

It now goes to the House of Representatives, which has passed it many times before.

TEXAS SELLS ITSELF. Legislators' proposals to add such slogans as "Lone Star State" and "Texas Has Everything" to favor with Dewitt Greer, chief engineer for the State Highway Department.

"TEXAS is the only slogan this state needs," Greer told the House Appropriations Committee. He added that more wording on car tags just means additional expense.

"All law enforcement officers will tell you," Greer explained, "that the readability of the rest of the plate is lessened if you crowd in slogans."

PARKS-HIGHWAY TIE IN. Greer testified before the same committee during hearings on a See HIGHLIGHTS, Page 6

## CHEVROLET TRUCK QUALITY

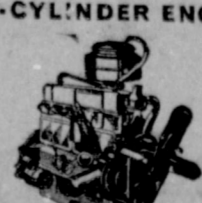

You can see the difference wherever you look

If you believe various makes of trucks are pretty much alike, you aren't doing justice to your pocketbook. There are differences. A Chevrolet truck welcomes comparison. Look at the little things on it—latches, hinges, stitching in the upholstery. Notice how strong the tailgate is, the rubber encased chains that keep it from sagging. The body floor is made of select wood to eliminate the rust problem and give you better footing. The lower side panels are double-walled; you might dent the inside but it won't show through. Chevrolet designs suspension systems to fit your need. The light-duty type is strong on comfort. Another kind for heavier trucks stiffens up as you increase your load and vice versa. Make sense? If you are going to need a new truck this year, you should look at the quality Chevrolet has to offer. May we bring over a new '63 so you can examine it?

New High Torque 230-cu.-in. Six is lighter but more powerful than its predecessor. It is standard in Series C10 through C50 models.

New High Torque 292-cu.-in. Six—most powerful truck 6 Chevrolet has ever built! Standard in Series C60, optional at extra cost in lighter models.

Just call us to test drive one of the "New Reliables"

### Cotton Classing Office Ends Year, 1962 Crop May Have Set New Record

W. K. Palmer, officer-in-charge of the Lubbock Cotton Classing Office, announced today that the 1962 crop may have set a new record for the South Plains with 2,269,000 samples classed in the three government cotton classing offices. This is slightly more than the total classed last year. It is expected that a few thousand more samples will be received over the next several weeks.

The Lubbock office has classed 1,799,500 samples to date. This compares with a total of 1,723,305 samples classed last year.

Of the cotton classed in Lubbock this year the white grades accounted for 40 percent, the light spotted grades 55 percent, and the spotted grades 4 percent.

The average staple length for the Lubbock office this season was 29.9 thirty seconds of an inch. Sixty-three percent of the cotton classed was 15-16 of an inch in length.

The Brownfield office finished the season with total classing at 263,768 samples as compared to 242,676 last year. Of the cotton classed in Brownfield the white grades accounted for 37 percent, the light spotted grades 60 percent and the spotted grades 2 percent. The average staple length for the season at Brownfield was 30.3 thirty seconds of an inch. Sixty percent of the cotton was 15-16 of an inch in length.

The Lamesa office classed 205,728 samples as compared to 202,961 last year. The white grades accounted for 33 percent of the cotton classed in Lamesa, the light spotted grades 61 percent and the spotted grades 6 percent.

The average staple length for the Lamesa office this season was 30.4 thirty-seconds of an inch. Fifteen-sixteens of an inch accounted for 54 percent. The Lamesa office had more cotton that stapled 31-32" or longer percentage wise than the Lubbock or Brownfield office.

Four grades accounted for over eighty percent of the cotton classed on the South Plains for the season. These grades were strict low middling, low middling, middling light spotted and strict low middling light spotted.

The micronaire readings were good throughout most of the season. Approximately 55 percent of the cotton classed miked 3.5 or better. The range of 2.7 to 3.4 accounted for 40 percent. Five percent of the cotton classed was classed as wasty.

The price quotations have been steady throughout the season. Cotton moving into trade channels on the Lubbock Market has either miked 3.5 or better or has been wasty. Middling 1 inch quotation is 33.00, which compares with 33.00 one year ago. For the four grades that made up the majority of the cotton produced on the South Plains the quotations are: Strict Low middling 29-32" 29.75, strict low middling 15-16" 30.25, low middling 29-32" 28.90, low middling 15-16" 29.46, Middling light spotted 29-32" 29.85, middling light spotted, 15-16" 30.35, strict low middling light spotted 29.05, and strict low middling light spotted 15-16" 29.55.

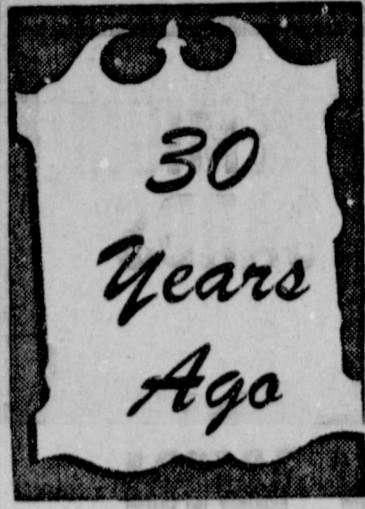

### Clayton Children Are House Mascots

The two children of Rep. and Mrs. Bill Clayton of Springlake were named official mascots of the House of Representatives.

Photographs of Brenda Jean Clayton, 11, and her seven-year-old brother, Thomas Wayne Clayton, will be set in a panel of pictures of members of the 88th Legislature which will be hung in the house chambers. Rep. Ben Barnes of DeLeon presented the resolution which made them mascots.

### TO AUSTIN MEET

Mr. and Mrs. Gilbert Lamb left Friday afternoon for Austin where they attended the Broadcasters' Convention held in Commodore Perry Hotel.

Muleshoe Motor Company advertised their new V-8 Ford along with some of the following descriptions: new longer and wider bodies, 112 inch wheel-base, V-8 type 8p cylinder engine, 75 horsepower, engine cushioned on rubber, electrically welded steel spoke wheels, four-wheel brakes, and two matching tone horns.

Cecil McLaury, popular young businessman and proprietor of the Onyx Cafe here, was married in Santa Rosa, N. M. to Miss Mildred West, daughter of Mr. and Mrs. Charles West, for Muleshoe citizens, but now living in Estancia, N. M.

The bride has lived here practically all of her life, and since the moving of her parents to N. M., resided in the home of her sister, Mrs. Connie Gupton.

In 1933, skillet and rolling pin contests were held in Muleshoe on special occasions and has become an interesting past time as well.

Mrs. Irvin St. Clair beat more than one hundred women in throwing when she hurled the skillet 121 1/2 feet and the rolling pin 118 1/2 feet.

Several daily papers carried a picture and stories of the winners.

Paving contracts on Highways 7 and 28 are to be let in April. It is understood that plans for the highways have been completed in Bailey and Lamb.

## News of People In Armed Services

FORT HOOD, Texas (AHTNC) —Stanley R. Wilson, 23, son of Mr. and Mrs. Bay Wilson, Muleshoe, recently was promoted to specialist four at Fort Hood, where he is a member of the 1st Armored Division.

A squad leader in Headquarters Company of the division's 46th Infantry, Wilson entered the Army in November, 1961 and received basic training at Fort Carson, Colo.

He is a 195 8 graduate of Muleshoe High School.

SANTA ANA, CALIF. (FHTNC) —Marine Lance Corporal Ronald E. Lehenbauer, son of Mr. and Mrs. Buster D. Lehenbauer, Bovina, returned to El Toro Marine Corps Air Station, Santa Ana, California, Jan. 26, after spending three weeks in combat exercise in Arizona.

The exercises included rocket firing in the desert near Yuma. Ground crew mechanics, ordnancemen, and others received experience in their jobs during the exercise.

FROM KANSAS CITY —Guests in the home of the Houston Tarts last week were Mr. and Mrs. Bill Hart, Kansas City, Mo. They returned Thursday afternoon.

**Lazbuddie Youth To Enter Baylor**

By MRS. C. A. WATSON  
**LAZBUDDIE** — Mrs. Leon Smith accompanied their son, David to Baylor recently where he will attend school.

Mrs. Smith visited the Jim Sybert family in Denton before returning home. Mrs. Sybert was the former Mona Smith, the daughter of Mr. and Mrs. Leon Smith Sr.

Mr. and Mrs. Orbie Chandler and children and Benny Watson, El Paso, visited last weekend with Mrs. Chandler and Benny's parents, Mr. and Mrs. C. A. Watson.

Medford McCoy, Sweetwater, visited his aunt, Lutishia Watson, Friday afternoon.

Birthday greetings to Maria Silinas, Lydia and George Silas, Gayla Seaton, Glenda Dale, Thomas Ketchum, and Jerry Weaver, Esmule Mondrozon, Mary Lou Delgado, Sue Windham, Lloyd Bradshaw, Donna Smith, Dale Vise, James Flores, Bobbie Paul, Creig Schumann, Pauletta Templeton, Kent Hargrove, Jackie Seaton, Cooper Young, Rosa Ovalla and Allison Precure.

Ray and Marshall Kelley from Earth were in the Lazbuddie area last week on business.

Lazbuddie did not have school Monday due to bad weather conditions.

J. T. Bostic, 75, father of Mrs. Raymond Houston, passed away at his home in New Deal Friday Night. Funeral services were held in Slayton Monday afternoon in the Westview Baptist Church.

Other survivors in the area are grandchildren, Mrs. Clyde Redwine, and Eugene Houston. Mrs. Clyde Henry of Muleshoe is a daughter.

The science classes of Lazbuddie presented a program, "The

**YOUR HEALTH**

**Food You Eat Vital to Teeth, Service Says**

Nutritious foods are important to oral health, but it is what we avoid eating that really counts in preventing dental decay.

The young growing child whose teeth are developing should receive adequate amounts of the building materials found in good nutrition. The foods that result in good general health also are important for the development of the teeth.

However, after the teeth have erupted, an important thing to remember is to avoid excessive consumption of sugar-rich foods and carbonated beverages, especially between meals.

Studies have shown that the acids which are produced in the mouth from the fermentation of carbohydrates, and especially sugar, are a basic factor in causing tooth decay.

For this reason, the consumption of foods such as candy, pastries, chewing gum, sweetened beverages, etc., should be kept at a minimum. High carbohydrate confections are the most undesirable.

In adulthood, a good diet is an aid in avoiding diseases of the gums and other supporting tissues of the teeth, the leading cause of tooth loss after age 35.

The essential daily foods for adequate nutrition, experts agree, include milk, vegetables, fruits, eggs, meat and butter.

Dentists emphasize that foods should be selected not only for nutritional qualities but for their physical character as well.

Fibrous or firm food plays important role in keeping the mouth naturally clean and providing a

Science Fair" at the P-TA meeting in Lazbuddie auditorium on and interesting projects were exhibited.

**massaging effect on the gums.**

Examples of such foods are carrots, celery, apples and oranges. Through eating such cleansing foods, ancient man was able to keep his mouth relatively free of debris without the aid of the modern toothbrush.

Milk is desirable for a well balanced diet. It is particularly needed from birth to about eight years of age. During this period when the teeth are formed, the body needs plenty of calcium. Once the teeth are formed, however, it is too late to make up a calcium deficiency.

(A weekly feature from Public Health Education Division, Texas State Department of Health.)

**Clifton Corcoran Returns From Trip**

Rev. Father Clifton Corcoran, pastor of Immaculate Conception Catholic Church, returned Friday of last week from a vacation in Arizona.

In Phoenix, Rev. Corcoran was a guest of Patrick O'Day at the Apache Hotel. O'Day's father was a conductor for Santa Fe for many years and made many stops in Muleshoe.

While in Phoenix, Rev. Corcoran visited the Rev. Father John Oliver, director of Catholic Charities and attended services in St. Agnes Catholic Church, one of the most elaborate churches in Arizona. He also enjoyed visiting in the home of Read Mullan, Phoenix Ford dealer.

Going to Tucson for several days, Rev. Corcoran was the guest of Archbishop Daniel Gercke. While there he visited the Catholic Seminary College and other points of interest. They toured the border town of Nogales.

He returned to Muleshoe after a three weeks' vacation.

**MORNING DEVOTIONS**

The Rev. Father Clifton Corcoran, pastor of Immaculate Conception of Mary Catholic Chapel here, will conduct morning devotions over KMUL Monday through Friday, February 18-24.

### Highlights--

(Continued from page 2)  
bill by Rep. David Haines of Bryan to put state parks under the Highway Commission's jurisdiction.

Greer made it clear that his commission is not seeking an extra job. But he stated, "If you gave us the parks to administer, we would do an outstanding job of it."

Haines' proposal is an alternative to Gov. John Connally's suggestion that the Parks Board be combined with the Game and Fish Commission.

Rep. Haines said he thought Greer's agency could and should take over the parks, and make each highway district responsible for the parks in its district.

"If the parks were improved," Haines stated, "it would increase highway travel, which would increase gas consumption. And that would increase the gas taxes to the highway commission, so they would have a high stake in doing a good job."

**DEATH OF POLL TAX?**  
If the rest of the Senate feels like the Senate committee on constitutional amendments, the poll tax may be on its way to extinction.

Committee gave a nine - to - two approval of Laredo Sen. Abraham Kazen's bill to submit to the people a constitutional amendment that would kill the poll tax as of February 1, 1965.

The two "no" votes in committee came from Sen. George Parkhouse of Dallas and Sen. Galloway Calhoun Jr. of Tyler.

"Ayes" came from Sens. Kazen, Charles Herring of Austin, Roy Harrington of Port Arthur, Don Kennard of Fort Worth, Culp Krueger of El Campo, Walter Richter of Gonzales, Aaron Schwartz of Galveston, Franklin Spears of San Antonio and Jack Strong of Longview.

If Kazen's bill passes the full legislature, voters would make the

final decision in the 1964 general election. So far, every state that has voted on the federal constitutional amendment to do away with poll taxes, except Mississippi, has voted to drop it.

**"COLOR-BLIND" TAX**  
Rep. Howard Green of Fort Worth introduced a bill to make the poll tax "color blind."

Green called the race notation on voter registration forms useless and outmoded. Furthermore, "It is an additional bar to full citizenship."

He believes his bill will pass with little opposition, but there are many who consider the race notation a necessary aid to voter identification.

**ANTI-POLLUTION BILL**  
A bill to give a county health officer the power to enter and check business establishments and manufacturing plants "to discover threats to the public health" from air or water pollution was revived by Rep. Bob Eckhardt of Houston.

He failed to get it passed in previous sessions.

Governor Connally is supporting the new bill.

**DONATIONS OPPOSED**  
Contributions from oil companies to finance investigations by the attorney general to see if competitor's oil wells are slanted would be outlawed under a bill introduced by Rep. Ben Barnes of DeLeon.

Nearly \$300,000 in contributions from major—and some minor—oil companies was used by former Atty. Gen. Will Wilson to make such surveys in East Texas.

Atty. Gen. Waggoner Carr told Representative Barnes that the \$80,000 recently appropriated by the legislature will be sufficient for his investigations.

So Barnes filed a proposal which would make it illegal for the attorney general to accept money from anyone to investigate or prosecute anything.

**PARENTAL PAY PLAN**  
Fifty per cent of a man's weekly wages could be attached to pay

child support if Tyler Rep. Ben Jarvis' bill becomes a constitutional amendment.

**COUNTY UNIT CHANGE IS PROPOSED**  
Rep. George T. Hinson of Minola thinks it's time someone began doing something about "modernizing county government."

So he has introduced a bill to require county commissioners to be elected by the county at large.

Each county precinct would have to put up resident candidates, which, Hinson explained, would assure continued local representation through pooled knowledge of each precinct's problems, and prevent the largest community from filling the commissioners court with its own residents.

Hinson believes his county - at - large election plan would get commissioners from all precincts to work at all times for the best interests of the entire county.

If his bill becomes law, Hinson sees it as a forerunner to eventual, economical pooling of the resources—capital, road machinery, manpower and equipment—of all a county's precincts into one central unit.

**DO 'EYES' HAVE IT?**  
A proposal by Rep. Bill Walker of Cleveland that the state song be changed from "Texas, Our Texas" to "The Eyes of Texas" has been referred to a study subcommittee which includes no Texas exes.

Subcommittee chairman Gene Hendryx of Alpine is a Sul Ross graduate. One member, Rep. Howard Green of Fort Worth, finished at T.C.U., and the third member is an ex-Aggie—Rep. Richard C. Slack of Pecos.

Some interested legislators have suggested that the "Eyes of Texas" might be made more palatable if the opening bars of the "Aggie War Hymn" were added.

But a state association of music clubs has indicated that the Aggies aren't the only ones opposed to a change of the state anthem.

**A&M DIRECTORS NAMED**  
An ex-Aggie, a "Harvard man," and a graduate of Case Institute of Technology were named by the Governor to six-year terms on Texas A&M College's board of directors.

L. F. (Pete) Peterson of Fort Worth, recently named president of A&M's Former Students Association; Gardiner Symonds, head of Tennessee Gas Transmission Company of Houston, who received a master's degree from Harvard; and Case graduate Dr. A. P. Beutel, director of Dow Chemical Company, are Connally's nominations.

Senate will vote on seven other college board appointments this week. But the date it will consider the A&M appointments has not been set.

**BEACH BEHAVIOR**  
"We have a terrible situation in regard to littering on Padre Island," says Nueces County Judge Noah Kennedy.

Kennedy and two other Corpus Christi officials appeared before a House committee to speak in favor of a bill by Rep. James Lattimore of Corpus Christi which would allow Gulf Coast counties to

regulate speeding and littering on public beaches.

**UNION SUES TEC**  
A suit against the Texas Employment Commission has been filed by the AFL-CIO.

Labor union accuses three TEC commissioners and four employees of "pro-employer lobbying."

Petition also alleges use of state funds for research and preparation of pro-employer amendments to the State Unemployment Compensation Act.

These actions violate state law prohibiting state employees from influencing legislation or legislators," claims the union.

Sen. Culp Krueger of El Campo, sponsor of one of the TEC bills, says the suit is just another AFL-CIO smoke screen to hide the real issue—which is their opposition to the appointment of J. E. Lyles as labor's representative on the commission.

**CAPITOL BRIEFS**  
Rep. O. H. (Ike) Harris (R-Dallas) has introduced a bill to repeal the so-called "Lyndon Johnson law."

Present law permits a candidate's name to appear on the ballot twice, thus permitting him to run for two offices at the same time.

Use of prison labor to improve state parks is under consideration. This fact was brought out in a legislative hearing of the House Appropriations Committee.

Dr. George Beto, director of the Texas Department of Corrections, was asked about the prospect of using convicts to clean up and repair parks buildings. He replied

that prison officials already are considering this.

Atty. Gen. Waggoner Carr and Polk Co. Dist. Atty. Sam Freas have held preliminary discussions toward possible state-county coordination of prosecutions for graft in Polk County.

Carr said the Polk County official has asked for help in prosecuting indictments returned by the county grand jury against four county commissioners and a county judge for malfeasance of office.

Securities dealers and salesmen will have to pass a written exam to get a license if a bill by Rep. Gene Fondren of Taylor becomes law.

Land Commissioner Jerry Sadler says he is doing more work for less money.

Sadler has written the chairman of the Senate finance and House appropriations committees that he is asking \$2,000 less for 1964-65 operations than the present budget.

Sulphur industry spokesmen have asked for a tax cut to help them fight competition from Louisiana, Mexico and elsewhere.

After hearing three Texas sulphur producers tell of declining sales, closed mines, worker layoffs and shrinking dividends, the House Taxation Committee assigned three members to make further study.

A bill proposing a cut of 37 cents per-long-ton in the Texas severance tax, now \$1.40, would equalize the rate with Louisiana.

Rep. Bill Walker of Cleveland is author of the bill for a \$1.03-per-ton rate.

### Christian Science Announces Topic

"Soul" will be the subject of the lesson-sermon this Sunday at the Christian Science Church, 900 Mitchell in Clovis, N. M.

Bible readings will include this passage from Psalm 42:11: "Why art thou cast down, O my soul? and why art thou disquieted within me? hope thou in God: for I shall yet praise him, who is the health of my countenance, and my God."

Other passages will emphasize the Christian Science teaching that man's real soul is not something in the material body, but the one infinite Soul, or God.

Also included will be this sentence from "Science and Health with Key to the Scriptures" by Mary Baker Eddy, (p. 60): "Soul has infinite resources with which to bless mankind, and happiness would be more readily attained and would be more secure in our keeping, if sought in Soul."

**McGEES ARE GUESTS**  
Mr. and Mrs. Harold McGee and son, Ronnie, visited Sunday in the home of his mother, Mrs. Nola McGee and a brother, the Bobby McGees.

They were also guests in the home of Mrs. McGee's father, C. M. Brown, and her sister, the Noah Kinsers.

The Victoria Falls are in Southern Rhodesia.

### DeSHAZOS VISIT HERE

Mr. and Mrs. Dick DeShazo, Amarillo, were recent guests in the home of his father, J. J. DeShazo.

It was Mrs. DeShazo's first visit in Muleshoe and she said she liked her husband's home town fine.

The couple were recently married in El Paso.

**PAY AS YOU GO**  
MORRILTON, Ark. (AP) — Members of the Morrilton City Council in 1880 received 50 cents for each council meeting they attended. They were fined 50 cents for each meeting missed.

Georgia is the largest state east of the Mississippi River.

### WONDERFUL BIRDS

SAUSALITO, Calif. (AP) — Seven pelicans glided in single file above the sparkling bay water.

One bird suddenly cocked his head and dived. He emerged from the water with his big pouch full of wriggling fish.

The other pelicans then dived — one by one.

"I wonder," a tourist mused, "who trains those clever birds?"

LOUISVILLE, Ky. (AP) — The Kentucky Unemployment Compensation Commission was sorting through a number of job applications when it came across this one.

The applicant had been asked why he left his previous job.

"Done all the work," was the answer written down.
