Carol Avows Rumania to Stay Neutral

Sacrifices Asked to Preserve Country Against Enemies

BUCHAREST, Mar. 7 (AP)—King Carol opened parliament today with a declaration all resources of Rumania would be thrown behind the army as a "supreme guarantee of our independence and integrity of our borders."

Disclosing taxes would be materially increased to bear the cost of keeping 1,600,000 men under arms, the monarch said.

"I am sure my people will accept such sacrifices for the sake of country and peace."

Strict neutrality, he declared will be continued even in the fields of foreign commerce.

Removal of Labor Board Members Is Asked by Committee

WASHINGTON, Mar. 7 (AP)—A majority of the special house committee asked congress today to replace the three members of the national labor board.

Sixteen other amendments to the Wagner labor act were also proposed.

Chairman Smith, Virginia, said the suggested changes were not intended to affect fundamental principles of collective bargaining in the act but would define work of the new administrative body more clearly and eliminate the cause of some dissatisfaction expressed about the present board.

British Shoot Down German Plane Off Coast of Scotland

LONDON, Mar. 7 (AP)—The air ministry announced today British planes had shot down a German plane off the northeast coast of Scotland.

The ministry also announced successful reconnaissance flights during the night over northwest Germany and the Wilhelmshaven naval base.

The navy, meanwhile, herded six more Italian coal ships into contraband stations.

Artist Entertains Rotarians With Talk And Demonstrations

Demonstration of methods used in commercial art, with interesting explanatory remarks, were given by A. Hyde, Midland artist, in a talk at the Rotary club today. Hyde, introduced by Clinton Dungan, with whom he is associated in "point of purchase" advertising method which brought him to the Rotary luncheon several samples of various types of advertising and commercial art.

He demonstrated the embossograph machine used for making show cards. Next was shown the screen reproduction method which may be used turning out volume orders of show cards, indoor or outdoor advertising. He also made free hand drawings and exhibited samples of water color drawings used in commercial art, as well as leather burning plaques which he makes as a hobby.

Much humor was injected during Mr. Hyde's demonstrations of cartooning when he produced for the audience, without looking at his subjects, drawings of Fred Fromhold converted into "Ferdinand" smelling his flowers, the Town Quack and Dr. W. E. Ryan.

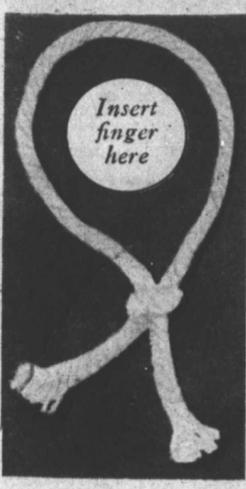

Visitors at the luncheon, besides Dungan and Hyde, included J. Webb Miller, high school instructor; Rotarians Louie Fishbein of El Paso, Joe Pyron, A. J. Hunt and Louis Rochester of Odessa. Fred Middleton was in charge of the program and Secretary W. I. Pratt presided.

Pratt will be guest speaker Friday noon at the Odessa Rotary club.

Local Group Attends Lamesa CC Banquet

Paul A. Nelson, chairman of the Trade Extension committee of the Midland Chamber of Commerce; S. A. Debnam, county agent and president of the Midland Rotary club; H. B. Spence, executive secretary of the Permian Basin Association and Chamber of Commerce manager Bill Collins represented Midland at the annual banquet of the Lamesa Chamber of Commerce in that city last night. Principal speaker at the affair was the Hon. Pat J. Neff, president of Baylor University.

To String You Along

Insert finger here

This is a piece of string. String is used by stragglers to tie up packages. It can be woven into pretty patterns. Small boys sometimes use it to trip people. Guy de Maupassant even wrote one of his most famous short stories about a piece of string. Forgetful folk tie it on a finger to jog their memories. Sometimes a bit of string isn't always handy in this bustling, mechanized world. So perhaps you'd like to stick your finger through the space indicated in the picture—to remind yourself that March 15th is the deadline for federal income tax returns.

Congress Requested To Abolish Poll Tax Payments in South

WASHINGTON, Mar. 7 (AP)—Congress was asked Wednesday to offset the work of political machines by abolishing poll taxes in eight Southern states.

Led by Maury Maverick, mayor of San Antonio and former Congressman, a big Southern delegation urged a judiciary subcommittee of the House to write the poll tax ban into the Hatch act prohibiting pernicious political practices.

The measure, offered by Representative Lee E. Gayer (Dem.), California, would subject to fine or imprisonment any official who required payment of such a tax as a prerequisite for voting in presidential and congressional elections.

Gayer said the states which still retained the poll tax laws were Alabama, Arkansas, South Carolina, Mississippi, Georgia, Tennessee, Texas and Virginia.

Maverick said fraudulent voting in these states could be overcome by extending the free ballot to millions of sharecroppers and others now unable to meet the tax requirement.

Himself acquitted last year of a charge of violating the poll tax law, the San Antonio Mayor declared it was a common practice in some states for political machines to obtain thousands of fictitious poll tax receipts. He said they then were able, by presenting the fraudulent receipts, to vote non-existent persons.

He estimated there were more than 2,000,000 persons in the South who were "not corrupted but just can't vote" because of the poll tax requirement. He said this situation made the South "a piecemeal, fractional, divided democracy."

Describing himself as a practical republican—a professional politician, Maverick said that, if Congress abolished the poll tax requirement on federal elections, the states would complete the job by doing away with this prerequisite in state and local elections.

Troop 54 Scouts To Meet Tonight

Troop 54 Boy Scouts will hold their regular meeting tonight at the scout hall starting at 7 p. m. and closing at 9 o'clock. Ben Murray, assistant scoutmaster, will have charge of the program and will be assisted by E. J. Ragdale and Joe Conkling. Special games and activities will feature the program. This will be the second night of the patrol contest and much activity is expected to be reported when the patrol leaders make their report for the week.

Buster Howard, scoutmaster, will conduct a business session at conclusion of the regular meeting. The outline of troop activities for the next four months will be discussed and plans for coming council contests will be discussed.

Membership cards for the next year will be given all scouts who attend the meeting.

British Liner Finishes Trip To New York

Queen Elizabeth to Be Docked Today as Secret Trip Ended

NEW YORK, Mar. 7 (AP)—Britain's new \$28,750,000 liner Queen Elizabeth—largest and fastest ship afloat—arrived today at the end of a bold dash across the Atlantic.

Painted a drab gray, the 85,000-ton liner dropped anchor near the old quarantine station, Staten island, this morning.

Having passed the morning slack tide, the Queen Elizabeth was to remain at quarantine until this afternoon to await a tide permitting her to tie up at a pier at the foot of 50th street alongside her sister ship, Queen Mary, and the French liner Normandie.

Word that the liner was enroute to New York did not leak out until last night.

The Elizabeth began her run for it under conditions of the utmost secrecy—and all but ended in the same way. It was not until late yesterday afternoon that word seeped out here that she was on the way, and an hour or so later this was authoritatively confirmed in London.

This confirmation came only after the liner was judged to be safe beyond question and seemed immediately to point to one of these conclusions:

The submarine menace in the Atlantic was not as great as had appeared earlier in the war; that the Elizabeth's great speed had been a vital factor—her top is assumed to be about 30 knots—or that her convoy was so powerful as to be impregnable.

However, in the war's 6-month history, this fact had been such a feat by a merchant ship, save the long, furtive and half-incredible chase led the British navy by the German liner Bremen before she arrived last Dec. 12 safe in a German port.

The Elizabeth—which had been reported in maritime circles here to have been the repeated target of German bombers in her fitting-out basin on Clydebank—left without passengers and seemingly unharmed.

The decision to put her in here was brought about in part by the fact, it was stated in London, that New York was one of the few safe harbors with facilities sufficient to accommodate her.

So vast is her bulk—she is 1,030 feet long—that her launching Sept. 28, 1938, in the Clyde River was one of unusual difficulty, since she is 160 feet longer than the Clyde is wide. At last, after the river had been deepened, she was headed upstream and sent down the ways with 2,350 tons of drag chains attached to her hull.

3 Trapped, 27 Make Escape When Dutch Submarine Is Sunk

DENHELDER, The Netherlands, Mar. 7 (AP)—Three men were trapped and 27 others made a dramatic escape Wednesday from the Netherlands submarine O-11 when she was rammed and sunk by a Dutch tugboat in the Nieuwe Diep, Netherlands naval harbor.

Two sergeants and a cook were trapped in the vessel lying nose down in 20 feet of water with her stern above the surface. No signals were heard from within the craft but, on a slight possibility they might be safe in a watertight torpedo chamber, derricks were ordered from Amsterdam for further rescue attempts.

Leaving the harbor with two other submarines for exercises to be filmed in a movie for mobilization activities, the submarine with hatches open, was rammed as she cruised on the surface.

Jurat Commander Goossens, a movie operator, and 13 crew men were on deck. They quickly closed the hatches before the vessel sank and swam to safety.

The ship's oil tanks were emptied and half an hour later the submarine's conning tower emerged.

Goossens, scrambled aboard from a rowboat and with assistance from inside opened a hatch. All but three of the imprisoned men escaped and were removed to a hospital.

A Proclamation

WHEREAS, The Midland Safety Council, a member of the National Safety Council and composed of representatives of the various civic and service clubs of the city, in the interests of furthering a program of safety both in the home and on the highways, has undertaken sponsorship of an observance in the city of SAFETY WEEK; and

WHEREAS, the Midland Safety Council has rendered and is rendering a highly beneficial service in the promoting of Safety in Midland and vicinity;

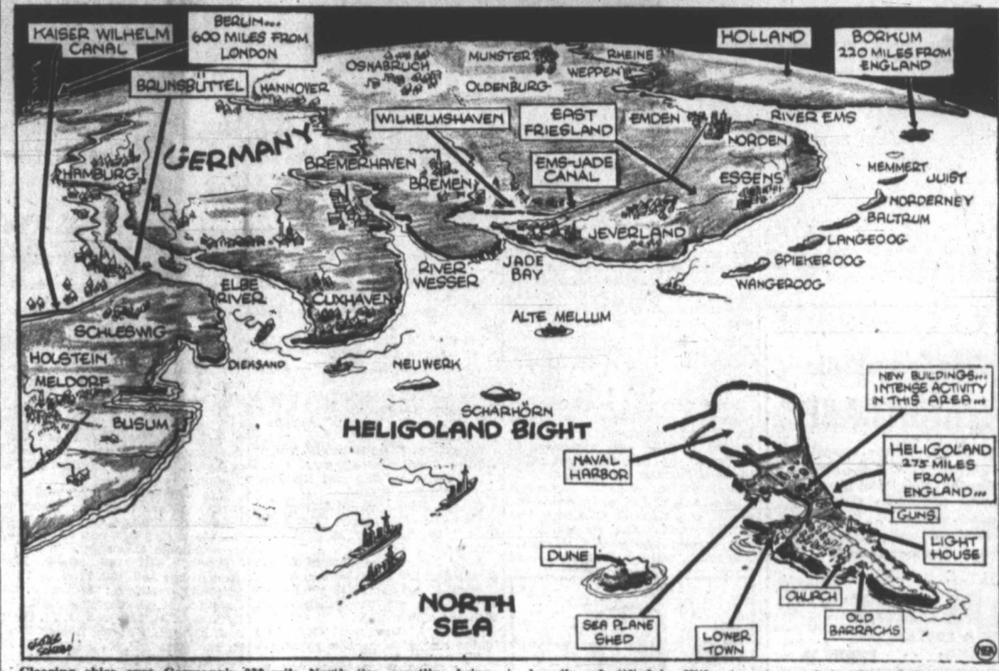

THEREFORE, I, Marvin C. Ulmer, Mayor of the City of Midland, believing the aim to be a most worthy and beneficial one, do hereby proclaim the week of April 22 through April 28, 1940, as "SAFETY WEEK" and urge that every citizen, young and old, and every civic and service organization of the city give due consideration to and cooperate in every way possible in the observance of SAFETY WEEK in Midland.

IN TESTIMONY WHEREOF, I have hereunto set my hand and caused to be affixed hereto the Seal of the City in the office of the Mayor of this city.

MARVIN C. ULMER, Mayor.

SWEDEN SEEKS ARMISTICE IN FINN-RED WAR

Battle Skies Clear for Action Over Nazi North Sea Coastline

Clearing skies over Germany's 330-mile North Sea coastline bring new raids by British bombers as the coming of spring permits resumption of war in the air. Scene of many plane battles has been the sky over Heligoland, base of Nazi naval vessels and aerial mine sweepers. Demilitarized under the Versailles treaty, it has been

heavily refortified by Hitler to act as a bulwark against sea attack on the Elbe and Weser estuaries. Heligoland, small island occupying less than 200 acres, lies some 40 miles off the German mainland. Nazi reports claim 335 allied planes have been destroyed since the war began, admit only 89 lost by the Reich.

New Upturn in Business During April Forecast by Aides of FDR

WASHINGTON, Mar. 7 (AP)—President Roosevelt's economic advisers, it was learned authoritatively Wednesday, now feel that the economic stage is set for a new, but gradual, upturn of business.

One of the chief executive's regular consultants said he looked for the rise to begin in April.

The federal economists, blamed sharp curtailment of production since December upon factory output-cutting consumption, now believe that production and consumption are once more in balance. This situation is supposed to give the war export and other business-stimulating factors a chance to turn trade indices upward.

In figures, these men calculate by the federal reserve board's monthly index of production. The index reached a record high of 129

Motion of Censure Defeated by British Government Leaders

LONDON, March 7 (AP)—Prime Minister Chamberlain's government last night smashed the first motion of censure it has faced in the house of commons since the war with Germany began a little more than six months ago.

By a vote of 292 to 129, the house upheld the government in its contention that new Palestine land laws impeding Jewish land purchases constitute a wartime necessity to keep disorder from spreading through most of the strategically-placed Arab world.

The majority of 163 against the opposition censure motion was much larger than the 88 vote margin the government obtained on its white paper last May. The white paper declared it was not British policy that "Palestine should become a Jewish state."

The land laws, restricting transfer of land from Arabs to Jews, were announced suddenly by Colonial Secretary Malcolm MacDonald Feb. 28. Jews throughout Palestine have staged protests against them, and there have been disturbances in several Holy Land cities in which more than 100 Jews have been reported injured, two fatally, and scores of British policemen hurt.

Hockley Wildcat on Whiteface Lands Is Drilling Ahead Today

Analysis having shown water encountered between 4,735-68 feet to be salt water and not sulphur water, Helmerich & Payne, Inc. and Denver Producing & Refining Company No. 1 Whiteface Farms, Inc. west central Hockley county wildcat, today was drilling ahead at 4,790 feet in lime, carrying 400 feet of fluid in the hole. It had bailed 100 gallons of oil and 770 gallons of salt water in six hours, bailing dry, after a 4 1/2-hour shutdown at total depth of 4,768 feet. Contract calls for depth of 5,500 feet unless production or sulphur water is encountered shallower. The test is 14 miles northwest of the Slaughter pool.

George Eitz No. 1-A J. T. Caddell, diagonal northwest offset to a producer in the north end of the Slaughter pool, southwestern Hockley, is drilling below 3,480 feet in anhydrite and salt.

Guthrie-Lake Oil Company No. M. L. Shoe, sole active wildcat in Lynn county, was experiencing difficulty with caving hole, bottomed at 670 feet in red rock.

Peace Terms Of Russians Made Public

Surrender of Many Important Cities Is Demanded by Soviet

STOCKHOLM, Mar. 7 (AP)—Sweden is seeking to arrange an armistice in the Russian-Finnish war, usually reliable sources said today, adding that Russian peace terms had recently been presented to Finland.

The exact nature of the terms are still a subject of speculation, but there were unconfirmed reports that Russia had demanded the surrender of the Karelian isthmus, Viipuri, Lake Ladoga and a part of the northern Petsamo area.

The armistice would be followed by further efforts to arrange a peace settlement, these sources added.

HEAVY LOSSES ARE INFLICTED ON REDS

HELSINKI, Mar. 7 (AP)—Russians seeking to cross the ice in an effort to take the seaport of Viipuri had suffered heavy losses, the Finnish high command reported today.

More than 30 tanks were destroyed, the communiqué said, in the battle continuing today.

Elsewhere in the Karelian isthmus front Finns said the invaders' attacks had been repulsed.

Meanwhile, the Finns called up the class of 1920 and men of other classes are scheduled for re-examination this year and in succeeding years.

HELSINKI, Mar. 7 (AP)—The Red army hurled hundreds of tanks and planes into a series of fierce attacks against Viipuri but Finnish defenses held firm, the high command declared Wednesday.

Some of the bloodiest fighting was reported on the icy bay where the Russians have repeatedly in the last four days attempted to seize coastal positions for an attack on Viipuri from the rear.

For three consecutive days Finnish communiques have mentioned this fighting in their opening sentences, this time saying the Russians "supported by aircraft, tanks and artillery" had been repulsed.

Heavy Russian losses were described in the Polakkala sector near the Isthmus center.

"Dozens" of enemy tanks were destroyed, the Finns said.

Military observers expressed belief the Russians were concentrating on the Polakkala region because of enormous losses suffered in trying to cross open terrain toward Uusman and Kollarnjoki were repulsed.

The Finns described similar success on the Kuhmo sector, midway along the Russian-Finnish frontier.

LATE NEWS

AUSTIN, Mar. 7 (AP)—State police were advised today that two prisoners had fled the Gaines county jail at Seminole last night. The fugitives had been described as "dangerous." They had been arrested for automobile theft.

LOS ANGELES, Mar. 7 (AP)—Betsy Cushing Roosevelt today was granted a divorce from James Roosevelt, son of the president.

Trees, Plants Needed In Beautification Work

Miss Marguerite Hester, county librarian, today asked that all persons having small trees, shrubbery or flower plants they wished to dispose of to please notify her.

All plants given are being used in city beautification work being done here. To date, more than 300 trees have been donated this year and have been set out, most of them in the Mexican section of the city.

The plants will be called for by someone as soon as she is notified they are available, Miss Hester said.

Spine Declared Curved If Same Leg Is Crossed

BOSTON (AP)—Stand firmly on both feet and don't always cross the same leg when you sit down if you wish to avoid curvature of the spine, warns Dr. Perrin T. Wilson, just president of the American Osteopathic Association.

"The habit of one-legging," Dr. Wilson told the 37th annual meeting of the association, "is one of the sure ways of developing spinal curvature."

He said violinists suffer most from failure to balance the spine by standing and sitting correctly.

Dentists and bookkeepers also are high up with people who play tennis, golf or who bowl the leading offenders in the sports world.

Dr. Wilson believes the condition in children, often attributed to carrying heavy school books, is due to the practice of students in throwing one hip out slightly as a shelf for the books when they step to talk.

The same condition, he says, occurs to young mothers who carry their offspring on one hip.

Junior Music Clubs Invited to Take Part in Chorus

A letter from Miss Mabel Johnson, state junior chorus chairman of the Texas Federation of Music Clubs, inviting the Robyn Junior club and the Treble Clef Juvenile music club to take part in a massed chorus at the state Federation convention to be held at Waco, April 17-20, was received by Miss Lydia G. Watson at the meeting of the Robyn club at Watson studio, 210 W. Ohio, Wednesday afternoon.

Roxy Ruth Friday was leader for the day.

The following program was presented:

Piano—"German Dance" (Beethoven)—Eileen Eiland
Violin—"Spanish Dance"—Joyce Vaughn
Piano—"Call to Arms" (Anthony)—Marjorie Barron
Biographical sketch of Wagner—Jean Walsh
Piano—"In the Blacksmith Shop"—Mary Frances Phillips
Piano—"Uncle Zeb and His Fiddle"—Lois Dee Eiland

George Friday, a guest from the Treble Clef club, played "The Fairy Harp" by Thomas, as a special number.

Jerry Jordan and Edward Clarke presided at the attendance card.

About 15 boys and girls were present for the meeting which closed with the club motto.

Afterward, the newly-organized junior orchestra held a rehearsal.

Over 165 Folk Festivals will be held in New Mexico, West Texas and Arizona this year in connection with the Coronado Celebrations.

Wednesday Club Hears Texas Day Program at Meeting

Woman's Wednesday club, meeting in regular session at the home of Mrs. R. C. Conkling, 811 North D street, Wednesday afternoon presented a program on Texas Day.

The theme was appropriate in view of the fact that March 6 marked the fall of the Alamo at San Antonio one hundred forty years ago.

Mrs. Conkling presented the program discussion.

The club voted to take up a course of study, "Our Heritage," for next year.

Present were: Mmes. J. M. Caldwell, Andrew Fasken, George Glass, James H. Goodman, M. R. Hill, O. B. Holt, R. L. Miller, Eric Payne, John Perkins, W. E. Ryan, Ernest Sidwell, Robert Turpin, M. C. Turner, W. T. Walsh, W. G. Whitehouse, and the hostess.

Mrs. Haygood Leads Texas Day Program For Study Club

Mrs. J. M. Haygood was program leader and Mrs. Fred Turner, 1905 National Colors, was hostess when the Modern Study club observed Texas Day Wednesday afternoon.

The program opened with singing of "Texas, Our Texas."

Mrs. J. H. Rhoden then presented an article, "Texas Flowers in National Colors," written by Eub Whitehouse, sister of Dr. W. G. Whitehouse of Midland. The talk was illustrated with pictures of the various blossoms.

Mrs. Lamar Lunt discussed "Higher Education in Texas," telling of the state schools and their endowments and other interesting facts about higher institutions of learning.

Mrs. Haygood selected and discussed several topics on Texas as it is today and on the progress of the state. Her talk was followed by a roundtable discussion when the present were two guests, Mrs. Jack Brown and Mrs. Love, and the following members: Mmes. J. H. Chapple, F. C. Cummings, R. K. DeFord, J. M. Haygood, J. M. Hills, J. J. Kelly, L. C. Link, Lamar Lunt, H. E. McRae, P. A. Nelson, J. H. Rhoden, A. H. Riley, S. S. Stinson, K. S. Blackford, Glenn Lewis, Tom Sealy and the hostess.

Miss Dabney Reads 'Key Largo' at Club Meeting

Play Readers club met at the home of Mrs. E. W. Anguish, 601 N. Big Spring, Wednesday afternoon to hear Miss Geraldine Dabney read "Key Largo," the drama in which Paul Muni has been starring in New York.

"Key Largo," by Maxwell Anderson, takes its name from the place of residence of the Spanish characters whose story makes up the play. Muni plays the part of the Spanish deserter of the Cause who is impelled to return to the family of a comrade who has died for the Cause in a search for relief from his troubled conscience. How he seeks for and finally finds peace through his death in protecting another is told in an interesting play.

Date of the Play Readers annual tea has been set for May 1.

Mrs. John Redfern was the only guest.

Members present were: Mmes. Elliott H. Barron, W. H. Bryant, DeLoe Douglas, Jack Hawkins, J. Howard Hodge, Wallace Irwin, Chas. L. Klapproth, W. T. Schneider, W. B. Stowe, Fred Wilcox, Fred Fuhrman, B. K. Buffington, W. W. LaPorte, Robert Muldrow, Miss Dabney, and the hostess.

New Feature To Be Introduced At Style Show

Fashion trends for all sizes, from small children's wear through sizes 18 and 20 will be shown at the Episcopal style show at Hotel Schaubauer next Monday evening, officials have announced. The showing of the latter sizes is a feature introduced for the first time this year and is expected to prove a popular section of the pageant.

Tickets at 50 cents each may be obtained from any member of the auxiliary or at the door on the night of the show. The public is invited to attend.

WMU Program Led by Mrs. Cox Wednesday Afternoon

Mrs. M. D. Cox led the program on "Lost Sheep, Lost Coin, Lost Son" at the Baptist church Wednesday afternoon. The program was third in the series being presented this week by the WMU in observance of the Annie W. Armstrong week of prayer for home missions.

Following were the program numbers:

Hymn—"How Firm a Foundation"

Lord's Prayer in unison

Devotional—Mrs. O. J. Hubbard

Current Events—Mrs. Cox

Talk—"A Ministry within the Reach of All"—Mrs. Cox

Hymn—"My Jesus, I Love Thee"

Talk—"For My People—The Indians"—Mrs. J. C. Hudman

Talk—"In the Whirl of the City's Sin"—Mrs. Ralph Barron

Hymn—"Throw Out the Life-Line"

The program closed with the offering and a prayer by Mrs. Myrtle Smith, WMU president.

About 15 were present.

Young Democrats of State to Gather in Amarillo March 16

Young Democrats of West Texas will hold their annual convention again this year in Amarillo, meeting at Hotel Amarillo March 16, announces Calvin Hazelwood, West Texas President.

Colonel Ernest C. Thompson, member of Texas Railroad Commission from Amarillo, will speak on the morning program. Other dignitaries who stated they would attend include Bascom Giles, Land Commissioner; J. E. McDonald, Commissioner of Agriculture; Bryan Bradbury, State Representative from Abilene; George Moffett, State Senator from Chillicothe; G. H. Nelson, State Senator from Lubbock; Alvin R. Allison, State Representative from Levelland.

Price Daniel of Liberty, President of the Texas Young Democratic Clubs, will attend and speak on the part of the Young Democrat in Texas politics. John McCarty of the Amarillo News-Globe will deliver the keynote address. John Ketter, President of the Pampa Young Democrats, will respond to the address of welcome to be extended by Mayor Ross Rogers of Amarillo.

E. Byron Singleton, First Vice-President, is in charge of arrangements at the convention. Gene Jordan, President of the Potter County Club, is working with Singleton to perfect all details of the convention, the largest West Texas Convention in history.

Hazelwood, besides being President of the West Texas Clubs, is also Chairman of the State Executive Committee and has called a meeting of all officials of the State Organization to meet in Amarillo at the same time.

Greasewood Club Studies Making And Uses of Cheese

"Cheesemaking and the Demonstration of Cheese Dishes" was the theme of the meeting of the Greasewood home demonstration club at the home of Mrs. Arthur Judkins Wednesday.

Mrs. T. O. Midkiff demonstrated the making of cheese and Miss Alpha Lynn, county home demonstration agent, prepared several cheese dishes, showing the many uses of different kinds of cheese. A salad of cottage cheese and green vegetables was stressed. The cottage cheese was made as follows:

Take one gallon skim milk to which has been added 1/2 cup buttermilk and let stand overnight. Next morning, cut the curd into 1/2 inch cubes with cheese cutters. After cutting the curd, allow it to set undisturbed for 10 minutes before stirring or applying heat. This helps to prevent the cheese from breaking in the cooking process.

Add from one quart to 1/2 gallon water at a temperature of 110 to 120 Fahrenheit directly to the cheese. The water tends to keep the cubes from breaking while stirring. Place the pan containing the cubes of cheese in warm water and heat slowly to 120 (about 30 minutes.) Stir carefully while heating. Test cubes for sufficient cooking by putting a few cubes in cold water. If they are firm and hold their shape and contain little whey, the cooking is complete. Drain the whey and wash the curd twice with cold water, being careful not to break the cubes. Drain all excess water from the cheese, salt, and it is ready for use.

To make the salad mentioned above, take one pint of creamy cottage cheese, 1/2 cup sliced radishes, one-third cup sliced green onions, two tablespoons diced green pepper, a little mayonnaise, salt, and pepper. Make into balls the size of a walnut and place on crisp spinach leaves.

Luncheon was served to those present, including: Members, Mmes. Dick Midkiff, R. E. Calcutt, D. W. McDonald, T. O. Midkiff, Dick Abbott, S. A. Debnam, Tyson Midkiff, M. D. Rutherford, and the hostess; visitors, Mmes. Teague Hutchinson, Raleigh Elliott, W. A. Hutchinson, E. Hale, and Miss Lynn.

Sugar Rations Cramp British. LONDON (AP) — Britain felt a sharp twinge in its sweet tooth when the full effect of sugar rationing was met by sweets manufacturers. Originally, sugar was not rationed for manufacturing purposes, but eventually the food ministry decided to make "allotments" to manufacturers of chocolates, jam, custards, jellies, ice cream and other sweets. The extension of rationing has affected the traditional tea time beer drinkers to speculate as to how soon their favorite brew will be touched by the war.

Chemical War On Pests Gains

WASHINGTON, (U.P.)—Government chemists have developed and proved a new drug, known as phenothiazine, which will kill insects without injury to warm-blooded animals, including man.

Six years ago the chemists found a promising substance in phenothiazine, the parent of many important dyes prepared from diphenylamine and sulphur, for use in killing intestinal parasites in animals. While phenothiazine was discovered in 1894 it had been used only in making dyes. Agriculture Department chemists discovered its properties as a drug. Chemically, it is related to sulphamamide. As soon as manufacturers make application to the Secretary of Agriculture, phenothiazine will be released as a medicine for treating certain infestations of sheep, swine and horses which heretofore have resisted medication.

Besides the immediate use phenothiazine has shown promise as a medication for certain infections, as an insecticide, as a fungicide, and as a control of larva of horn flies and mosquitoes. The drug is the only one developed which has proved effective in treating sheep and hogs for nodular worms. It has proved effective also in treating strongyles—an internal parasite—in horses. As an insecticide, phenothiazine has been specifically effective in

controlling such pests as the codling moth, Mexican bean beetle and grape berry moth. It has not been effective against the boll weevil, tobacco hornworms and the Japanese beetle.

The drug has proved effective in the control of mosquitoes, but its use is somewhat limited because of the cost. But for rock garden ponds, for example, enough phenothiazine to prevent mosquito breeding will not harm goldfish, nor is it harmful to wildlife that might drink at treated ponds.

British Marriages Reach 40,000 in One Month

LONDON (U.P.)—Forty thousand weddings a month, mostly war weddings, is the peak figure since the war.

And thousands will be marrying now under the new scheme for cheap weddings and honeymoons for the troops. The registrar general is suggesting that in necessitous cases soldiers shall be able to get married on leave of special license. Hotels all over the country are offering cheap honeymoons.
