

St. Clair, Lambert Elected

Muleshoe voters named Woody Lambert, a cleaning plant operator, as city commissioner, and re-elected Irvin St. Clair in light voting Tuesday.

Lambert nosed James Jennings, a Muleshoe insurance man, by 10 votes—80 to 70.

Voting was light, but a late spurt pushed the total to 150 votes. Up until 3 o'clock, only 61 ballots had been cast, Ernest Kerr, election judge, said. After 5 o'clock, however, a mild spurt pushed the total to a higher figure than had been expected.

Lambert succeeds Myron Pool II who did not seek re-election. St. Clair was without opposition.

Hold-over councilmen are Farries Heathington and T. L. Tim-

mons, and Mayor Arthur Crow.

Meantime, voters here and in other school districts, go to the polls again Saturday, this time to vote for members of the school board.

Here in Muleshoe, four persons are seeking three seats on the Muleshoe Independent school board.

Names on the ballot will appear in this order: C. V. Riley, W. E. Myers, Eugene Black and A. R. McGuire.

Riley is a drilling company operator, and Myers, Black and McGuire are farmers.

In addition to the school board races here, two other school districts are to hold elections Satur-

day.

At Three Way, candidates are J. F. Furgeson, Carl Pollard, Dale Nichols, Leon Dupler and Melvin Hale.

Two are seeking offices at Bula. They are Ivan Clawson and Elwood Autry.

Voters also will ballot on county school trustees. For county member-at-large, only name appearing on the ballot is that of Tye C. Young.

Candidates in commissioner's precinct No. 2 are Harold Mardis, the only candidate. No name appears for commissioner's precinct No. 4. And in commissioner's precinct No. 3, E. A. Kenley is the only candidate.

Interest in the local school board

race apparently is light, since only seven absentee ballots were cast up to Tuesday night when the period for casting absentee ballots ended.

Only four votes, however, were cast absentee for city commissioner's races.

School board members whose terms do not expire this year are John Smith, Dr. R. B. Putman and Jim Green.

Voting in the school election will be done at the junior high school with Carl Bamert as judge. Polls will open at 7 a.m. and close at 7 p.m. Anyone who has paid his poll tax, has lived in the state a year, the county six months and the precinct 30 days is eligible to vote.

Ray's 'Ritin'

By RAY MARTIN

Perhaps nobody deals with people's names more often than a newspaper man. In fact, people are the only creatures that make news except animals and inanimate objects, but those objects make news only when they relate to human beings. Thus, the name is still the only thing that is news.

Pinned on the wall back of this corner's desk is a little note written in big red type which is a constant reminder to this corner. The note reads: "Robert (not Bobby) Alford is at the First National Bank; Bobby Airhart (not Robert) is at the Muleshoe State."

There's a reason for this little note. Even though this corner knows the difference in the two men and knows both of them pretty well, when it comes to using either name in the paper, it's just as likely to be the other one—if you get what I mean.

And there should be another note: "Ray Daniel is in the insurance business; Charles Daniel is the ASCS manager here." Again the names seem to be interchangeable, even though the two men don't resemble at all.

Oh, well, if population keeps growing as the experts say it will, by the year 2,000 everybody will just have number, not a name. At least that is the prediction. Of course it probably won't make any difference anyway if I'm still around 37 years from now and still turning out news copy. I'll probably say Mr. 345-345-346-436 in the place of Mr. 345-345-346-435. And I guess the same thing will apply to telephone numbers which already sound like the national debt in some places. Oddly enough, however, I've never had any trouble with my Social Security number. That I might explain, impressed itself on my mind several years ago when I wrote a daily column which carried the daily head: "American Hired Hand No. 422-09-7121."

Much is being written and said about boxing these days since two top-flight boxers have been literally beaten to death in recent fights. Several states are considering eliminating professional boxing altogether, just as dueling was outlawed a number of years ago. Still other states—and con-

A SNIFF OF SPRING — The rite of spring began over this land of ours, and all the fractious roverboys came romping, all the frisky fluttergirls came flaunting from winter cocoons. And little fluttergirls like Leigh Ann Atmar sniffed flowers and flipped for photographers. Some discerning botanist may note that the object of Leigh Ann's sniffer is artificial. No matter, her imagination makes it as real as the joy in her blooming face. Leigh Ann, 2 1/2, is the fluttergirl of Mr. and Mrs. Timon E. Atmar, Houston. (AP Photo)

Polio Drive Here Highly Successful

A total of 3,500 persons took type III polio oral vaccine here on two Sunday afternoons, the Bailey County Medical Society, which sponsored the drive, said Wed.

Sponsors are pleased with the success of the program here and should bring about 90 to 100 percent polio immunization here, they explained.

A total of 2,100 persons swallowed the vaccine-soaked sugar cubes the first Sunday, and last Sunday's "make-up" day saw 95 turn out during the two-hour period.

A society spokesman said the program was successful because of the splendid co-operation "of many persons and firms that helped us put the program across."

He said it would be impossible to extend thanks to everyone who helped, "but we want everyone to

Bonds Two Years Old, Road Long Way Off

Killer 84 had a birthday this week. It was just two years ago Wednesday that Bailey County voters approved a \$250,000 bond issue to pay for the county's part in widening the road west of here which had claimed 33 lives in seven years.

And, if all goes well, construction may get under way sometime in 1964 on the road that is recognized as one of the most hazardous 10-mile strips in Texas.

Looking back on the two years' activities since the bonds were approved on April 3, 1961, the diary find something like this:

Breakfast Set By High Plains Boosters Here

Officers of the High Plains Research Foundation will bring their campaign for funds to Muleshoe next Saturday with a breakfast at Paul's Restaurant at 6:30 it was announced here this week.

The breakfast, which also will be an "education promotion" to tell the people of this area about the work which the Research Foundation is doing, "will be for Bailey County people and for Pleasant Valley community in Lamb Co. Arrangements for the breakfast were made at a planning meeting here last week.

Meantime it was announced that W. E. (Chaek) Little of Bailey County has been re-elected to the board of trustees of the Halfway project. Little succeeds Clyde Bray who died last autumn.

Other members in this area are Jim Wedel, H. E. Schuster and Jess Osborne.

Other new members elected to the board at its recent meeting were Macyl Orman, Fort Worth, and Cephas Glover, Littlefield. Dr. D. M. Wiggins, Lubbock, was elected to the executive committee; he has been a member of the board since 1958.

A resolution of appreciation and for the services of three members of the board who had passed away was read.

Seven Persons Held In County Jail Here

Seven persons were in the county jail at mid-week, Sheriff Dec Clements' report showed.

One man was being held for disturbing the peace, one for drunkenness, two on vagrancy charges, one on simple assault and two were being held for investigation.

Farm Bureau Blasts Proposed Wheat Plan

The 1963 wheat program has been the subject of many discussions, pro and con. The ASCS and other governmental agencies, in general, favor the program which is to go to vote of the growers May 21. On the other hand, a number of organizations oppose the program.

A discussion of the program for the 20 Texas counties which grow wheat is to be held in Lubbock today Thursday, when John E. Hutchison, director of the Texas Agricultural Extension Service, will discuss both the good and bad features of the new wheat program. Six such meetings are being held in this area with newsmen as special guests.

The Farmers Union has given a blanket endorsement to the program; the Farm Bureau, on the other hand, opposes the program. The Muleshoe Journal asked the Farm Bureau here to make a statement on the Bureau's views. Below is the Bureau's statement:

Qualified wheat growers of the Muleshoe area will go to the polls May 21, along with wheat farmers all over the nation to cast

13 Charges Filed In County Court

County officers have been busy the last few days county criminal court docket would indicate, with 13 persons arrested for alleged crimes ranging from worthless checks to aggravated assault with a motor vehicle.

The complaints were put on record by Bailey County's new county attorney, Roger Gorrell. Several persons pleaded guilty and were sentenced, and trial for the remainder is due to come up at the next term of county court.

Charles Ray Hartsis was charged with disturbing the peace in a public place. He pleaded guilty and was fined \$200 and costs by Judge Glen Williams.

Pedro Mendoza pleaded guilty before Judge Joe Vaughn to a charge of aggravated assault. He was fined \$25 plus costs.

William Matison Far was charged with aggravated assault with a motor vehicle. He pleaded not guilty when arraigned before Judge Williams. Bond was set at \$500.

James Edward King pleaded guilty to a charge of driving while intoxicated and was fined \$100, given a three-day jail sentence, and his driver's license was suspended for six months.

Olen Wendall was charged with driving while intoxicated. He also pleaded guilty and was fined \$100, given three days in jail and his driver's license was suspended for six months.

An abandonment charge was filed against Jose Angelo Gonzales. He was charged with abandoning his wife and children. Judge Williams ordered him to pay the rent, provide food, clothing and medical attention "and other necessities for his wife and children."

He first pleaded not guilty, but later changed his plea to guilty and was sentenced to 30 days in jail. The carrying out of the sentence, however, was deferred, "pending defendant's obedience to above order."

William Lawrence Watson pleaded guilty to a charge of driving while intoxicated and was given

Mules Line Up '63 Schedule; 10 Games Booked

Muleshoe Mules will have five games in which to hit their stride this fall before they tackle conference freys, it was revealed today when the 1963 schedule was released.

With four games in District 3-AA series, the Mules have lined up a 10-game series this fall. Head Coach Bill Taylor said One "new" team has been added to the 1963 bill of fare; Stanton will come here October 25 for a non-conference game. This is the first time the Mules have included this team on their lineup.

The school officials were unable to line up a game for October 11, although the 1963 schedule was held up for several weeks while officials tried to book a game for

'Army' Reaches Goal of \$1,500

Salvation Army has gone over the top in its campaign here to raise \$1,500 for a service center, it was announced this week by S. D. Stemmans, campaign chairman.

Joe Vaughn, chairman of the Army's Committee here, said Bill Moore had been named to act as camp chairman, and work will be started immediately to pick underprivileged boys to attend the Salvation Army's camp one week in June. The camp is located near Midlothian.

CRUSADE CHAIRMAN — Publicity Chairman, Mrs. L. B. Hall announces that Mrs. Charles Alsup is to be Crusade Chairman for the Bailey County Chapter of the American Cancer Society for 1963. Mrs. Alsup is pictured with Ralph Edwards, National Crusade Chairman for this year, thanking him on behalf of Bailey County for his work in this field at a recent meeting in Dallas where he was principal speaker. Edwards, radio and TV star of "This is Your Life" spends much of his time working with Cancer drives and has made a number of Cancer films. The fund drive will be launched here on April 30.

Mrs. Ralph Tunnell Introduced At Gift Tea In Kimbrough Home

A gift tea introducing Mrs. Ralph Tunnell was given Saturday, March 23, in the home of Mrs. R. L. Kimbrough.

Ann Brooks Tours With College Choir

Melissa Ann Brooks, a member of the McMurry College Chanters, is with the group on their annual spring tour performing in 13 cities and towns in West Texas. The tour began March 31 and is to continue through April 5.

The choir will sing in both churches and schools while making this 900 mile trip.

Miss Brooks is the daughter of Rev. and Mrs. Horace Brooks, Denver City, formerly of Muleshoe. She is a sophomore music education major and a member of Wah Wah Service Club. While on tour the McMurry students will perform in Throckmorth, Memphis, Willington, Shamrock, Borger, Gruver, Spearman, Stratford, Friona, Plainview and Post.

Miss Fields Tells Of Foreign Tour

Three Trans World Airline hostesses, Doris Fields, daughter of Mr. and Mrs. R. L. Fields, Muleshoe, Janet Jones and Shirley Pyorre, San Francisco, Calif., toured China, Japan and Hawaii during the months of February and March.

Their first stop was in Hong Kong where they spent ten days touring the city and surrounding country including Kowloon, the city of Victoria and Macao. They also drove throughout the New Territories which took them to the Red China border located approximately 60 miles outside of Hong Kong.

Hong Kong is a major seaport, Miss Fields writes, and is under British rule. They found the living conditions in China to be very poor, a condition which has been stressed more by the influx of refugees pouring in from Red China.

From there, the trio flew to Tokyo and drove to Hakone via Kamakura then on to Numazu where they boarded a train for Kyoto.

Kyoto is the only city that was not bombed during the war and today represents "old Japan." Tokyo and the surrounding area are very modern and cosmopolitan.

From Kyoto they drove to Osaka and flew back to Tokyo on Japanese Airlines.

On their return trip they stopped in Honolulu for several days of sunshine and relaxation.

Covered Dish Lunch Slated At Church

A covered dish lunch will be served in Fellowship Hall of the First Christian Church after services Sunday, April 7.

All members of the church and guests are urged to attend church and stay for the lunch fellowship.

Progressive Home Club Guests For Luncheon At Girls Town USA

By VERA ENGLEKING
The Progressive Home Club, along with some invited friends were luncheon guests of Girls Town, USA at Whiteface Sunday.

Those attending were Mr. and Mrs. Louie Norwood, Mr. and Mrs. Buck Creamer, Mr. and Mrs. Willie Strong, Mr. and Mrs. Roy Bryant, Mrs. Lola Bryant, Mrs. Arthur Ryan and Mrs. Vera Engleking.

Girls Town is located about eight miles south of Whiteface. This is home for thirty-two girls at the present, ranging from seven months to twenty years of age, which provides a better way of life for girls who need help. Most of the girls leave after graduation from high school to become usual citizens.

Girls Town was founded March 13, 1949 by Amelia Anthony, who as managing director. Girls Town is located on the Tom Dugan ranch who was the donor of the land with 100 acres for buildings, playgrounds, gardens and grazing cattle and horses.

The old Dugan bunkhouse still stands and was redecorated for a

Paula Paul Wins Press Contests

Paula Paul, daughter of Mr. and Mrs. Frank Griffiths, was among the top three winners in story writing and photography in a state-wide contest of the New Mexico Press Women, a writer on the Albuquerque Tribune staff.

Paula was awarded first place for her news story describing the opening of New Mexico's Arts and Crafts Fair in Old Town. Old Town is the picturesque part of the ancient city surrounding the Court House square, serving as a historical point of its establishment.

In photography, Paula again took first place for her sports picture made of the Albuquerque basketball team participating in the New Mexico State Tournament. She named the picture "All City Scramble."

An article on hair coloring placed second in a division of the contest.

Paula began her career in the newspaper field with the Morton Tribune and worked for a time with the Portales paper before going to Albuquerque where she has worked for the past 18 months. She has won numerous awards in writing contests in competition with other writers on newspaper staffs with a 10,000 circulation and over.

She is vice-president of the Albuquerque Press Women.

Gift Presented To Club Member

A TV lamp was presented to Lola Bryant for her new home by Home Club at their meeting on March 28 in the home of Muriel Lewis. Six members attended, presided in the absence of the president, Zida Mae Black. A short business meeting was held. Mabel Ryan drew the hostess gift.

The meeting adjourned and the group went to the home of Lula Mae Shanks for a Tupper Ware party and refreshments.

Mr. and Mrs. J. Pat Wagon were hosts for a casual get-acquainted social for the new pastor and wife of the First Christian Church, David and Barbara Branson.

Attending were Mr. and Mrs. Allen Haley, Mr. and Mrs. Neil Ray Arnold, Mr. and Mrs. Gene Winningham, Tom Hunke and son, Eric.

Mrs. Celia Matthiesen, mother of Vera Engleking and R. L. Matthiesen, celebrated her 81st birthday with a dinner March 27 in the home of Vera Engleking.

Mrs. Matthiesen was also feted with many calls, cards, gifts, and flowers for the occasion.

guest house and home for the managing director. The purchaser and donor of this building remains anonymous.

A low rambling house resembling many ranch homes is the home for the girls with many rooms with two girls to the room and a huge living room for the girls to enjoy. This room consists of a huge fire place, a piano, television, library, and ham operator radio that five girls are licensed to operate. A portrait of Tom Dugan hangs above the fire place.

Another massive building donated by the John Maybee Foundation of Tulsa, Okla., houses the kitchen with its modern equipment and storage facilities. The dining area and recreational room is divided by a huge fireplace and on the walls of the recreation room is hanging twenty-three oil paintings along with a self portrait of George Fredrick, Mason, Ariz., who gave them in memory of his late wife, the former Alan Yantis, a great Texan and writer of western stories in the Twenties.

Out-buildings house cattle and horses. Horse back riding is one of the favorite activities for the girls.

The girls attend school and church at Whiteface by bus donated to Girls Town through non-denominational facilities.

Girls Town is largely operated through donations with the exception of the money profited from the land. This is the reason why The Progressive Homes Club became interested in sponsoring a girl, Carolyn Erhart, there.

A sponsor makes the lives of the girls more enjoyable and gives them additional help when in need.

Camps Announce Daughter's Birth

Mr. and Mrs. Bob Camp are the proud parents of a daughter born at 11 a.m., March 28 in Searcy, Ark.

The young lady weighed 8 lbs. 5 ounces and has been named Kiela Ann.

Grandparents are Mr. and Mrs. Bernice Camp, Muleshoe and Mrs. Jacqueline Clark and John Clark both of Lubbock.

Kiela Ann's father is a 1960 graduate of Muleshoe and is presently enrolled in Harding College Searcy, where he is making quite a name for himself on the college track team. He recently set a new record for the college by winning three first place trophies in the Shot Put division.

Mrs. Andrew Brown Hosts Lazbuddie Club

Mrs. Andrew Brown was hostess for the Lazbuddie Home Demonstration Club meeting on March 28. Twelve members and one visitor, Mrs. L. M. Smith, attended.

Mrs. Jimmy Briggs gave an itemized report on the new spring clothes bought by the club for Vickie Mertil at New Mexico Christian Childrens Home.

"The Recovery of Family Life" was the title of a book review given by Mrs. Glynn Lusk.

DISTINCTIVE—Well yes! Muleshoe women make their scene typical as they visit their milliner during pre-Easter shopping days, trying on hats in order to select the most captivating style for their Easter Parade. Mr. and Mrs. W. H. Blackwell Marks 75th Anniversary With Celebration

Mr. and Mrs. W. H. Blackwell, Littlefield, are to celebrate their 75th Wedding Anniversary, April 7 with Open House at the Littlefield Community Center between the hours of 2 and 5 p.m.

Lazbuddie Group Decides on Issue

Interested Lazbuddie school patrons and P-TA members met Monday night to discuss the Local Unit Ballot. There was spirited group discussion on federal aid, United Nations, and associated U. N. organizations since the ballot contained questions concerning these issues. The motion was made and carried that the ballot be completely rejected. The group also decided that they could best serve the interest of Lazbuddie Schools by withdrawing from the state and national P-TA organization and forming a local parent teacher group.

Guild Meeting Date Postponed

Wesleyan Service Guild met Monday night, March 25, in the Church Chapel.

Officers for the 1963-64 year were elected as follows: Barbara Burton, president; Mrs. Fred Johnson, vice-president; Mrs. Francis Gilbreath, recording secretary; Mrs. Lola Bray, treasurer; Mrs. Sam Gholson, secretary of Education; Mrs. W. H. Elrod, Spiritual Life. Other officers will be appointed at a later date.

The next meeting of the Guild would have been Monday, April 8, however, due to Holy Week Services, the meeting will be April 15. Time and place to be announced.

Hosts for the occasion will be their children: Sam Blackwell, Muleshoe, Mrs. Mollie Young, Hot Spring, Ark.; Mrs. Willie Bruce, and Mrs. J. D. Richard, Littlefield; Mrs. J. D. Hooper, Springlake; J. B. Blackwell, Dimmitt; Paula Blackwell, Fairbanks, Alaska; Joe Blackwell, Boulder City, Nev. and Mrs. Bert Brannon, Amarillo.

The couple were married April 8, 1888 in Arkansas in a home wedding ceremony. They made their home in East Texas for a period of time, moving to Littlefield in 1926.

Blackwell farmed near Whitharral for about ten years and then farmed northeast of Littlefield until his retirement at the age of 75 years. They moved into Littlefield at that time.

Mr. and Mrs. Blackwell had thirteen children, nine of whom are still living, 42 grand children, 86 great grandchildren, and 48 great great grandchildren.

Local Students In Piano Ensemble

Piano students participating in the Twelve Piano Ensemble in Lubbock recently were Marsha Parkinson, Georgia Ray, Monica Griffiths and Janice St. Clair, primary division; Marianna Gammons and Charlotte Seaton, senior division; Jewelene Brackman, Stephany Peery and Donna Anderson, junior division; Frank Hinkson, Thresa Seaton, Nina Moore and Karen St. Clair in the intermediate division. They are students of Mrs. Sam McKinstry.

The ensemble is an annual event sponsored by the South Plains Music Teachers Association and was held this year in Monterey High School, Lubbock.

JENNY SLIPPER POINTS—

FOR THE WOMEN. . . This column was born to interest women, on the theory that women are as interested and capable in politics as well as cooking; in cultural pursuits as well as school and church activities; in tidbits of national, state as well as business and personal local news; in fashion, children, interior decoration, gardening; in humorous happenings as well as serious ideas. . . Thank goodness for others who agree we have the right and duty to discuss these thoughts as we see fit.

INCOME TAX: We heard some rather bitter comments the other day about Uncle Sam and his income tax bite. One person questioned the "profit motive's continuing value" with "We might as well work for someone else as ourselves; we pay most of what we work hard to earn to the government."

THEN along came this story of a local home "taken as 'payment back income taxes' ". This close-at-home fact conflicts with the sometimes leniency of the IPS policy; for instance, to a certain congressman who hasn't paid his and additionally has enjoyed a Paris (France) nightclubbing trip—all at us-taxpayers' expense.

CONGRESSIONAL ETHICS, incidentally, are now under attack. If you didn't read the latest blow by some "anonymous congressman" in a recent magazine article about "Congressmen Who Cheat", you really missed a good one! Rep. W. J. Bryan Dorn, D-

S.C., last Saturday presented a bill in Congress with the comment "We have investigated every activity of the federal government. Now it is high time the Congress adopt a code of ethics which would warrant the respect not only of the nation but of the free world." (Included in his bill: ban on hiring relatives, full accounting of all travel expenses, publication of all income and assets and criminal penalties in conflict of interest cases.)

BLUE BONNETS in Muleshoe, courtesy of Mr. and Mrs. H. B. Mathison, are on display in all their grand azure and white beauty on the counter at Cobbs. They're lovely, reminding us of the blue-green fields of our state flower which grow wild downstate. The Mathisons picked them near Kingland while on a fishing trip last week with the Alex Dariecks, former Muleshoe residents.

SHERIFF CARL NEELEY'S brother and his wife of Amarillo were weekend guests of the Neeleys here. We hear they had a hilarious bowling game Saturday night, mainly because Mrs. C.M. Neeley (Amarillo), who had never bowled before, discovered ALL the classic, first-try bowling mistakes.

BRECKENRIDGE was the destination of the Ray Daniels family over the weekend. They flew down for a visit with Winona's parents here.

PHONE The Journal about your Easter doings, please. . . We'll look forward to hearing about your trips, guests, or special events.

COOK OF THE WEEK WE'RE DELIGHTED to have the following recommendation from our cook of the week's seven year old granddaughter, Debbie: "She just makes everything better'n anybody!"

To Mrs. E. E. Engleking of the Lazbuddie community we send our thanks for three excellent recipes for this week.

Described as that fine home maker, Mrs. Engleking is active in the Lazbuddie Methodist church

as well as in her own garden, yard, kitchen and house. (Some days she dresses 20 or 30 chickens for the freezer) Her hobby is ceramics, and her newly tiled kitchen cabinets are a graphic example of her handiwork.

Mr. and Mrs. Engleking's daughter, Betty, lives in Oklahoma Lane community, with husband Lloyd, children Estelle, Eldon and Weldon. Their son and family—

Richard, Marilya, Debbie and David Engleking — are nearer-by in Lazbuddie to the parents. For all, Mrs. "E" is the "best!"

GREEN TOP SALAD
1 pkg. orange Jello
1 cup hot water
½ lb. marshmallows
3 oz. cream cheese
¼ cup salad dressing
½ cup whipping cream
1 small can crushed pineapple

and juice
Cut up marshmallows and dissolve in hot water with Jello. Add cream cheese and salad dressing. Beat well with beater. Cool before adding pineapple and whipping cream. Chill. Dissolve ½ pkg. lime Jello and pour over top of salad. Refrigerate.

ICE CREAM PIE
1 pkg. lemon Jello
1 cup hot pineapple juice

1 pint strawberry ice cream
1 cup drained, canned pineapple
Dissolve Jello in hot pineapple juice, add ice cream by spoonfuls, stirring until melted. Chill until thickened, then fold in drained pineapple. Turn into baked pie shell or graham cracker crust. Chill until firm, for 15 or 20 minutes. Garnish with strawberries.

CLOVER LEAF HOT ROLLS
2 cups scalded milk

2 Tbsp. sugar
2 Tbsp. shortening
2 tsp. salt
1 small potato cooked and put through a strainer
2 pkg. dry granulated yeast
Scald milk, add shortening, sugar, salt and potato. Let cool until lukewarm.

Add yeast to ½ cup warm water and 2 tsp. sugar, stir until dissolved and let stand until milk

cools. Then add yeast mixture to lukewarm milk and stir in enough flour to make fairly stiff dough. Turn out on floured pastry cloth and knead until smooth. Put in greased bowl, cover, let rise until light. Grease muffin tins and put three small round rolls in each muffin pan. Let rise until light. Bake in 400 degree oven until done and brown. Year's Fire Total Reaches 66 Mark

Fire Number 56 was the last on the Muleshoe Fire Department record of Tuesday. The 8:45 p.m. Saturday night trash fire north of the alfalfa mill was number 66.

Earl Ladd, fire chief, commented "Well, it rained Sunday morning, so no fires since then. Keep praying for more rain."

The Bob Harvey residence, 421 East Dallas, had smoke damage but no fire, as a result of a defective heater, at 7:45 a.m., March 30.

March 29, 10 p.m., a gas stove explosion at Richard Laredo residence, 211 E. 5th, caused heat

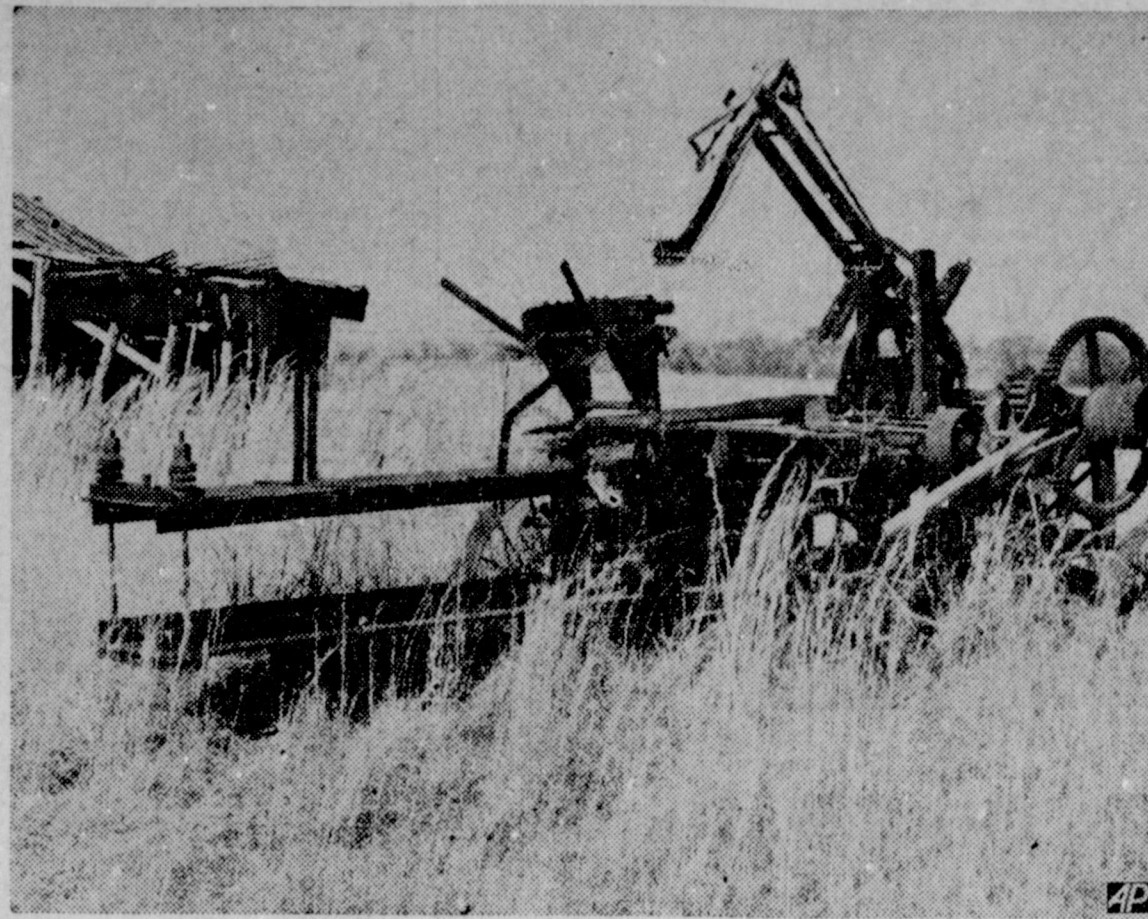

damage but no flame. The house is J. M. Forbes' rental.

On March 27, three fires were reported. Day courts, Apt. 11, Mrs. Leonard Mann, a gas stove fire, and two simultaneous grass fires at the tomato shed and east of city line.

King Pasture had a grass fire on March 26.

Mrs. Haberer Talks to Seniors

By SHERYL STEVENS

PLEASANT VALLEY — Bonnie Haberer was guest speaker Friday night at a Banquet honoring the Amherst Seniors. The banquet was given by the WSCS of the Amherst Methodist Church. The banquet had an oriental theme and the Mistress of Ceremonies and the serving girls wore original-oriental costumes from Japan. Mrs. Haberer spoke on Hong Kong.

The Lutheran Church has announced that they will have a make-up Sunday with services in the Pleasant Valley Community building on April 7. Their pastor is Rev. Leo H. Simon from Littlefield. They will then start having their services on the second and fourth Sunday of the month as before.

Mr. and Mrs. Carl Reeder from Lawton, Oklahoma, visited in the W. D. Lackey home last week. The Lackeys and Reeders also

visited in the homes of: Mrs. H.E. Reeder, Mr. and Mrs. Marvin Doss and Mr. and Mrs. Perry Bowers.

Mrs. S. L. Jackson went to Lubbock Friday to stay with her grandchildren, Julie, Andy, Susan, and Jeffrey Jackson while their parents, Mr. and Mrs. Woody Jackson went to Tyler to inspect a Borden's Milk Company plant there. Mr. Jackson is to manage the plant at Tyler.

Mr. and Mrs. Jim Allison, Leslie and Scott from Seattle, Washington, are visiting in the home of his parents, Mr. and Mrs. Gerald Allison before going on to Alabama where they will live.

Those attending the "42" tournament Friday night in the Pleasant Valley Community Building were: Mr. and Mrs. S. K. Platt, Mr. and Mrs. Joe Embry, Mr. and Mrs. Forest Green, Judy Roach, Benny Dyck, Mr. and Mrs. Roy Bryant, Dolores Duncan and Betty Jackson.

Mrs. S. K. Platt and Ilene and Lavoy Berry of Brownfield and Renay Berry of Olton went to

Lubbock to do some shopping Saturday.

Bonnie Haberer and Russell Haberer were in Amarillo last week to meet with Ted Haberer of Ainsworth, Nebraska. Ted Haberer was there for the cattle sales.

The WSCS of the Y.L. Methodist Church had a social Monday morning with Mrs. D. B. Head as hostess. Others present were: Dottie Wilterding, Mrs. T. G. Craft, Mrs. M. L. Oswald, Lottie Bickel, Mrs. A. J. Ryan, Pat Johnson, Mrs. E. H. Bickel and Mrs. Jessie Lewis. After the entertainment, refreshments were served by the hostess.

Mrs. Bonnie Haberer attended the golden wedding celebration of the Mill Otts of Sunnyside Sunday afternoon.

The Red Cross Drive in Pleasant Valley was Tuesday. The drive was conducted by members of the Pleasant Valley Social club.

The WSCS of the Y. L. Methodist Church met Tuesday morning at 9:30 a.m. at Dottie Wilterding's house. Those present were Mrs. M. L. Oswald, Mrs. E. H. Buhman, Mrs. A. J. Ryan, Mrs. D. B. Head, Mrs. Elmo Stevens, and Mrs. T. G. Craft.

High Plains Foundation Announces New Soybean Variety for West Texas

Dr. Earl H. Collister, director of the High Plains Research Foundation, announced today that a new improved soybean variety has been developed in the breeding program at Halfway. This is the first variety to come out of the Foundation's extensive breeding and improvement program on soybeans for West Texas.

The new variety has been accepted by the State Seed and Plant Board for certification under the state seed program. Field plots to increase the new soybean variety will be conducted in cooperation with farmers throughout the High Plains area this year.

Dr. Collister said the new soybean variety has been named HINN in honor of Harold Hinn, one of the founders of the High Plains Research Foundation, and who has served as the chairman of the Board since its organization some six years ago. In commenting on the selection of the name for the new variety, Dr. Collister stated that "all of the Trustees of the Foundation unananimously approved naming the variety after Hinn who has given such devoted leadership to the Foundation through the years."

Seed produced by the Foundation this year will be released to certified seed growers on or about January 15, 1964. The certified seed growers will then produce certified seed during 1964, which will be released to farmers for planting in the spring of 1965. The Foundation at Halfway will be responsible for maintaining a pure source of Foundation seed for Certified Seed Growers.

In commenting further regarding the Hinn variety, Dr. Collister stated that in tests conducted at the Foundation, it was superior in many respects to the commercial varieties now available for use. One of its outstanding characteristics is the ability to hold the seed in the pod under adverse weather conditions. This inherent shatter resistance and high seed

News From Austin

By VERN SANFORD
TEXAS PRESS ASSOCIATION
AUSTIN — Texas' Padre Island National Seashore project is getting closer and closer to reality.

Already approved by Congress it now is waiting for financing by the U. S. and approval by the State of Texas. Project could become a vast tourist attraction for Texas.

Final version of the bill giving the state's submerged lands in Laguna Madre and the state's approval of the project was worked out in conference committee. It won Senate approval. House endorsement virtually is assured.

This will convert the northern 81 miles of Padre Island into a natural reservation of seashore, to be kept unspoiled for the enjoyment of future generations.

LOANS — One phase of the battle over interest rates has ended. But more rounds likely are to come.

Senate spent two tough days in which allows those who lend \$1,500 or less to charge more than 10 per cent interest. It does not apply to banks, savings and loan institutions, credit unions and many types of cooperative lending organizations. But it does apply to all finance companies.

Sponsors of the bill wanted to allow more than 10 per cent interest on loans up to \$3,000. But the Senate cut it down to \$1,500. Rates as high as 464 per cent were permitted on loans as small as \$5, under a fixed fee basis of calculating charges on loans under \$100.

Further revision in the House, and probably thereafter in conference committee, is expected.

NETS — While one state agency was burning fishing nets, another was advertising for bids to buy some net. So a law change sailed through the Legislature to put a stop to that.

Old law says when Game & Fish Commission men find an illegal net, they confiscate it, advertise for the owner, and when he does not appear to claim it, they burn it.

New law will say that when they get to the burning stage, they can give it to the Marine Research agencies of the University of Texas or Texas A&M.

BILLS KILLED — Legislators appear to have killed some hot proposals.

One is the effort to abolish the state tax on property. Senate voted 23-4 to kill a proposed constitutional amendment to do away with the smallest part of that tax — that which furnishes cash for state office buildings and pensions for old Texas Rangers and Confederate widows.

House killed a bill by Rep. Howard Green of Fort Worth to prevent city councils from saying that employees of their cities must live in the cities.

Also, House killed a proposal by Rep. "Red" Berry of San Antonio to allow 18-year-olds to vote. It got a bare majority — 72-71 — but as a constitutional amendment, it needed a two-thirds majority. Berry abandoned his proposal to allow betting on horse races in Bexar County.

Another bill to regulate companies which sell funerals in advance on the easy payment or "lay-away" plan was killed on a point of order.

FASTER SPEEDS — The lonr talked - about proposal to allow 70 miles an hour speeds on open highways went to Gov. John Connally for signature. Rep. Forrest Harding of San Angelo was the sponsor.

Proposal sets top speed at 70, but gives State Highway Department the power to reduce that speed limit where it is not safe.

LICENSE FEES — House passed a bill to exempt anhydrous ammonia tanks from the license plate fee if they weigh less than 4,000 pounds and are on wheels. If weight is between 4,000 and 10,000 pounds, license fee will be \$5.

Cotton seed trailers were given the same treatment, extending to them the exemption which already applies to stock trailers.

Senate action now is required.

HOME - TOWN TREATMENT — A program aimed to save money and do a better job on treating

WINNING DESIGNS — Pupils throughout the Panhandle were invited to submit drawings depicting their counties for a Texas Panhandle Heritage Foundation contest. Here are their county's winners, left to right: Donna Latimer, Three-Way school, April 21. Donna's drawing will be converted into stone as a permanent plaque at the park. (Journal Photo & Engv.)

mental illness went to Governor Connally for signature.

Rep. Malcolm McGregor of El Paso and Sen. Don Kennard of Fort Worth sponsored the plan. It allows the Board for State Hospitals and Special Schools to contract with local city or county hospitals to treat mentally ill or tuberculars in their home counties.

Authorization of such a program on a statewide basis followed a test at El Paso which proved highly successful from both medical and financial standpoints.

STUDY ORDERED — A group of 25 Texans to be named by Governor Connally will take a long look at the state's system of education beyond the high school. Bill to allow him to appoint such a group went to his desk.

Group will report back to the next Legislature in 1965.

LAND FUSS — A dispute over ownership of 1,812 acres of land in Laguna Madre in Cameron County has resulted in a House resolution by Rep. Eligo (Rika) de la Garza of McAllen.

Resolution now is in a House State Affairs subcommittee. It would allow J. W. Luttes and Shell Oil Company to sue the state and establish title to the Laguna Madre tract.

WATER FOR ALICE — The city of Alice in Jim Wells County proposes to solve its water problem by creating a reservoir to Creek and by drawing on Lake Corpus Christi for an additional supply.

Project was approved by the Texas Water Commission.

Alice has been depending on wells, but C. R. Marks, engineer for the project, said the wells are no longer sufficient. However, they will be continued in use after the Chilitipin-Lake Corpus Christi program is completed.

SLICK OPERATORS IN LIQUOR — An illicit liquor scheme, being worked along the Texas border in such a way as to escape taxes, is the target of Rep. John E. Blaine of El Paso.

He says his bill — or the committee substitute for it — would mean thousands of additional dollars to state and federal governments.

Bill, which is in a House Liquor Regulation subcommittee, would authorize Liquor Control Board to require a bonded liquor exporter, with a state license fee of \$750

per year, and eliminate a "bootlegging" operation along the border, Blaine said.

Operation, which is devious and complex, would be hampered by requiring the Texas-Mexican liquor traffic to move by common carrier.

CANDY BARR — Governor Connally approved recommendation of the Board of Pardons & Paroles to parole Juanita Dale Phillips, known as Candy Barr, who has been serving a prison sentence for narcotics violation.

SHORT, SHORT, SHORTS — Governor Connally urged Congress to reject the changes in oil and gas tax laws proposed by Gen. Waggoner Carr said he will send an assistant to help in the Jim Wells County grand jury investigation of last November's general election. . . Hardin, Jasper, Stonewall and Tyler Counties are among those for whom hospital district laws are being passed under a new constitutional authority. If legislators authorize them, voters in the counties can tax themselves to set up and operate hospitals. . . Rep. Charles Wil-

son of Trinity wants to outlaw professional boxing in Texas, as an aftermath of deaths of fighters. . . A Senate Committee killed a bill which would have prohibited the sale or local units of government from discriminating against anyone because of sex, race, creed, color or national origin.

TEXAS COTTON GROWERS REPORT:

Entire Season Control of Thrips, Aphids and Mites . . .

Di-Syston

Untreated plant at four weeks | Di-Syston treated plant at four weeks

The result? With Di-Syston, your early cotton grows faster, has stronger, straighter stems, more vigorous foliage. Squares form earlier and the plant produces more of them. Many growers in the Lubbock area have reported full season control of thrip with just the one application. You get higher yields because of the good Di-Syston start. This year, get your crop off to a good start with Di-Syston. Complete instructions for use are printed on the label on every package. Use Di-Syston.

West Texas and New Mexico cotton growers now have a new way to control thrip damage and early-season stunting . . . with Di-Syston granular insecticide. Di-Syston is placed in the soil with the seed or side dressed after planting. The chemical is then absorbed by the growing roots and carried to all parts of the plant through the sap stream—as soon as the plant emerges. No part of the plant is unprotected—even tender new growth as it is formed.

47 MILLION FRENCHMEN
PARIS (AP) - France now has 47.5 million inhabitants, according to the latest estimate of the French census bureau.

The last population count, 46,530,000 Frenchmen. Since then 700,000 refugees have come into France from Algeria. There have been deaths in this period, thus upping the total population by one million.

Need a quick luncheon dish? Drain canned red kidney beans, rinse in cold water and mix with any crisp raw vegetable such as celery, green pepper, or cucumber. Toss the combination with French dressing and serve on salad greens. You can give the salad a garnish, if you like, of a dot of mayonnaise sprinkled with red pepper.

If you bake a quick coffee cake in an oven-proof glass round or square dish, you can bring the cake straight to the table and cut and lift out the servings there. Coffee cakes should be served hot so this has an advantage. Use a pie knife for removing the individual portions.

NITROGEN FERTILIZER

FORM The farmer is in the fortunate position of being able to choose from a number of good nitrogen fertilizers. Compounds that supply nitrogen are available in three forms — dry, water solutions and anhydrous ammonia. These forms supply nitrogen in various concentrations. There are a number of different brands of each form of fertilizer, so the choice is broad.

We recommend anhydrous ammonia generally and Nitromite specifically for these reasons:

- 1) Anhydrous ammonia provides almost twice the nitrogen by volume as the next most concentrated fertilizer.* 2) As it is in a gaseous form in the soil, it permeates freely and uniformly throughout the zone of crop roots. 3) Since it is electrostatically affixed to the clays in the soil, it is less subject to leaching and dissipation.

We recommend Shamrock Nitromite specifically because we know how it is made, how it is handled and transported, the reliability of the dealers who sell it and the collateral services and benefits offered to the farmer.

Your Nitromite dealer is ready now to put this profit maker to work in your fields. Call him right away. He has all the information on the Shamrock Farm Credit Plan.

% N	COMMERCIAL FERTILIZERS	(1)	(2)
82.2	SHAMROCK NITROMITE	2,000	1,640
45.0	Urea (Dry)	3,660	900
32.0 (Max)	Urea (Liquid)	5,120	640
33.5	Ammonium Nitrate (Dry)	4,900	670
25.0	Aqua Ammonia (Liquid)	6,580	500
20.5	Ammonium Sulfate (Dry)	8,000	410

(1) The number of pounds of other nitrogenous fertilizers that must be bought and applied to the soil to equal one ton of SHAMROCK Nitromite in nitrogen content; and, (2) The number of pounds of Nitrogen (N) in a ton of each commercial fertilizer.

 struction of the 10-mile widening project.

The future work runs something like this:

1. The appraiser, after he is selected by the commissioners' court, must do the tedious job of inspecting each tract. In some cases he will have to make pictures of certain "improvements" which must be moved off before the road can be built. To make this complete enough for the engineers in Austin to understand, in some cases the appraiser will have to take pictures of the improvements and then find a similar tract elsewhere and take a picture of that tract too for comparison.

2. The appraiser must submit his valuations of the 65 tracts to the highway department in Austin for their approval. Since the state participates 50-50 with the county, Austin must approve of each separate tract.

3. The County Commissioners will appoint a negotiator to deal directly with the land owner, and he will submit results of his contacts.

4. If the owners accept the amount which the appraiser sets, then the process will be speeded. If, however, the owner refuses to accept the appraiser's figure, two courses are open: The county can go ahead and up its price, also paying the additional amount of the State's half, since the State will not go above half of the appraiser's figure, unless the matter goes into court. In that latter case, if the land owner wins, the State then will kick in its full half, even though the figure runs above the estimate of the certified appraiser.

5. Right-of-ways must be acquired and the titles cleared to all pieces of land involved.

6. The state then will start making plans and specifications for the road and will advertise

for bids for actual construction. County Judge Williams says that the State has agreed to start work almost immediately after the tedious preliminary work is finished.

"In his case," sums up the judge, "if all goes well, actual construction might get under way late next year." Most folks, however, are more inclined to think it will be 1965 before the actual work starts—probably sometime around the fourth birthday of the bond election.

Elmer Loyal Whitmore pleaded not guilty to a charge of driving while intoxicated. Bond was set at \$750 and the case booked for trial at the next term of county court.

Lewis Lee was charged with giving a worthless check, but no disposition of the case was shown on the blotter.

 gress - are toying with the idea of cleaning up the sport, making it less dangerous.

This department predicts that if boxing is "sissified" interest in the sport will die. Most people who go to see prize fights want the two guys with the gloves on to murder each other, if not literally, at least partially. It's "let's you and him fight," an escape for the viewer who is too weak or too old or too fat to do his own fighting. Thus he gets a kick out of seeing somebody else beat the stuffing out of somebody.

It's the same sore of that which makes people prefer circus acts where the acrobats, for example, use no nets. The viewers are secretly hoping that the chump on the high bars will fall and kill himself. Otherwise, there would be no earthly reason for eliminating the safety net.

Tech's band will whiz in here next week for a quick concert scheduled to start at 12:50 Monday. Notice by their schedule that they are to play at Herford, 54 miles away from here, a 2:30. Knowing how long it takes just to set up a band and take it down, their concert here can't possibly include more than one run-through of a Sousa march, if they maintain that schedule.

Reminds me of my own college day when I went touring with the college mixed chorus. The tour director had set up about the same sort of speedy schedule that the Tech band has outlined for it-

Unless enrollment requirements are changed, sometime next year Muleshoe will move into the AAA brackets, Superintendent Neal Dillman said Thursday. This means that the Mules will play in the three-A bracket in a year or so, Dillman said. "At present, the change-over is made when a senior high school passes the 400 mark. Muleshoe is at that point now, and thus will become a AAA school sometime next year, unless the rules are changed," Dillman said.

The Mules will open their 1963 schedule with Littlefield there on Sept. 6, and first home game is slated for September 13 when the Mules play Seagraves here.

First conference game will come on October 18 when the Mules go to Morton. Other conference game will be November 1 at Olton; November 8 when Friona comes here, and November 15 when Dimmitt invades.

ity, year-after-year, to yield prices in the market that have already been determined fair by some responsible agency."

Let's we be misled into thinking that "supply control" would be limited to wheat and feed grains, we find Dr. Cochrane had this to say in the Journal of Farm Economics, November, 1959, pp. 714-715:

"It is probably the case, however, that beef producers would be forced to accept supply control if producers in the above aggregate of animal products adopted supply control."

In an interview in the Fall, 1960, issue of Farm Quarterly Magazine, Dr. Cochrane was asked:

"After a few commodities adopted supply control do you think others would be encouraged to follow suit?"

His reply: "It would not be a matter of encouragement; some of them would be forced in. . . ."

C-C Manager's Job Here Is Still Open

Although "a number" of persons have been interviewed by the committee, The Muleshoe Chamber of Commerce still is without a manager, Bobby Airhart, C-C president, said Wednesday.

"We have interviewed a number of persons," the president said, "but have reached no decision as yet. We hope to select someone soon. Meantime, we are still interested in receiving applications."

The Chamber has been without a manager since Carroll Pouncey resigned March 1 to accept a position with the Amarillo Chamber of Commerce.

And we didn't have any bulky band instruments to consider, either — just our more or less harmonious voices. But I recall that after two days of swallowing dust on those tours, everybody was singing a rather frog-like bass, and the director, a husky contralto with normally a foghorn-powered voice, was barely able

to whisper by the time we got back from that two-day spree.

Even so, it was fun, and more rethan one romance which might never have got off the ground had the participants been left to the limited opportunities of the campus, blossomed on that tour.

There's nothing like standing in side by side on the stage of a high school auditorium and harmonizing on "Ah, Sweet Violets" to create the proper setting for young love, which further blossom as the two share a handkerchief between Thomas Corner and Abel's Chapel.

Junior Track Team Wins 1st, 2nd at Hereford

Muleshoe Junior High school trackmen, coached by Bob Graves came home from Hereford's invitational meet last Saturday with first and second place team trophies.

The eighth graders placed first with 43 points; their nearest opponent was Canyon with 23 points. Seventh graders finished second with 23 points. Coronado of Plainview was first with 32 points.

Thursday the cinder men go to Springlake for an invitational meet, and the senior high trackmen will compete the next day at Springlake.

For seventh graders, Muleshoe came home from Hereford with these prizes:

Robert Vela, first in 10-yard dash with a time of 11.6.

Robert Vela, second in 75-yard dash, time 9 seconds, because he felt it had lost its origin.

Bobby Julian, first for 220 yard dash, and Terry Fields, second. Time: 27 seconds and 27.1 seconds.

Muleshoe's 440-yard relay team (Terry Fields, Doyle Lynville, Bobby Julian and Robert Vela), second with a time of 52.3.

Bobby Julian won fourth in the broad jump.

Eighth grade winners were as follows:

Phillip Short, third, in 120-yard low hurdles. Time 15.9.

Larry Meyers, first in 100-yard dash, time 11.4.

Larry Meyers, fourth in 50-yard dash, time 6.2.

Larry Meyers won first in discus with 121 feet, and Averillo Cuevas was fourth with 117 feet.

Averillo Cuevas won first in 440 yard dash with a time of 58.4; Andy Stovall was second with time of 58.9.

Muleshoe won first in 440-yard relay with a time of 49.3. Team was composed of Larry Meyers, Curtis Spears, Phillip Short and Averillo Cuevas.

Muleshoe won first in mile relay with 401.1. Team was composed of Andy Stovall, Phillip Short, Curtis Spears and Averillo Cuevas.

WASHINGTON NEWSLETTER FROM SENATOR JOHN TOWER

Committees: Banking and Currency Labor and Public Welfare

I would like to lead off our newsletter this month with a brief discussion of the so-called Mass Transit Bill, S. 6, which was reported out of the Banking and Currency Committee...

This will be the first major piece of legislation in the current session of Congress to offer a test of New Frontier thinking. The bill provides for a \$500,000,000 three-year program to be administered by the Housing and Home Finance Agency...

The logical arguments against this bill, especially from the standpoint of Texas, are so numerous it is inconceivable that the measure will ultimately pass in its present form...

As the ranking Republican on the Banking and Currency Committee's subcommittee on Housing that considered this bill, it fell my lot to handle the opposition. In all cases we attempted to shape the measure so it would be more palatable...

pletely lacking in controls, without the semblance of a definition and loaded with blank checks.

Some of the arguments used in favor of the bill would defy a logical mind. For instance, in one case proponents advocated the federal aid on this basis: Local transit companies were going broke because people were staying home to watch TV at night...

I am very happy to report that Texans are by and large opposed to this bill. I sent telegrams to the Chambers of Commerce of all Texas cities over 50,000, asking for their views on this subject.

On the matter of costs: Witness after witness admitted that the original \$50 million would only be a "drop in the bucket" to what would ultimately be needed.

We do not deny that problems, great problems, exist for some

RODEO JACKETS — Five members of the South Plains College Team recently were presented with new jackets as an award for their services on the team last year. cities on the problem of mass transit systems. But we believe the problem could and should be handled by the people involved.

Why should the people of Texas, for instance, contribute to the solving of mass transportation problems in the metropolitan areas of the East? We prefer to solve our own problems, and, with in reason, allow others to do likewise.

This office continues to receive mail from Texas farmers who are upset over the Administration's proposed wheat program. Wheat growers will decide in a referendum to be held within the next few months whether to accept the place the problem before Congress.

hand is the Farm Bureau, the largest and most conservative of arm organizations. Some what typical of the letters received by me on the subject is one from a north Texas wheat farmer that called the proposed program "complicated, strict, and unreasonable."

Also in the field of Agriculture: This office recently sent a telegram to the President urging our government to take steps to prevent losses of export markets for the domestic poultry industry.

We also asked the Secretary of Agriculture to help in efforts to expand rice exports. Texas is a major rice producing state, and much of last year's crop is still in the hands of growers.

The President, as you know, has just returned from a meeting of several Latin American leaders in Costa Rica. It is my hope that many benefits will come from this meeting, that some sort of concerted action will be taken to bring about the downfall of the Communist dictator that now controls Cuba.

I have joined with Senator Carl T. Curtis of Nebraska in introducing a resolution in the Senate to require Senate approval of all Administration proposals to reduce or limit America's armed might. Our thought in this is to prevent a Disarmament agreement with Russia in which this power in the vain hope that Russia would then agree to a reduction of its own arms.

Tech Band, On Whirlwind Tour, To Play Here

LUBBOCK — The Texas Tech Concert Band will begin its annual spring tour in April during the spring vacation at Tech.

The band leaves Monday and will perform at various cities in West Texas. They will return Wednesday from their trip to points north of Lubbock.

Cities included in the band's tour are the following: Monday, Hale Center, 8:55 a.m.; Muleshoe, 12:50 p.m.; and Hereford, 2:30 p.m.

Spending the night in Amarillo, the band will play Pale Duro High School at 8:30 a.m. Tuesday; Dumas, 10:45 a.m.; Borger 2:30 p.m.; and Perryton, 7:30 p.m.

Wednesday, they play Phillips, 8:45 a.m.; Amarillo High School, 1:15 a.m.; and Tulia, 2:45 p.m. Directed by Dean Killian, the Tech band will perform a variety of selections, including "Celebration Overture," "Creston: 'Finale from Symphony in F Minor No. 4,' Rimsky-Korsakoff; 'West Side Story,' Bernstein; 'George Washington Bicentennial March,' Sousa.

Traveling by bus, the group will return to Lubbock Wednesday (April 10). Approximately 106 members of the Tech Concert Band will make the trip.

Members of the Tech faculty who will be soloists are Keith McCarty, clarinet; Larry Van Weel, trombone; Richard E. Tolley, cornet; and Robert Humiston, oboe. A euphonium quartet in "Carnival of Venice" by Clarke, will be composed of Tech students Marlin Lindsay, Odessa; Bill Patterson, Snyder; Phil Anthony, Amarillo; and Clifford Bates, West Plains, Mo.

Yarbrough In Washington

Dear Fellow Texan: The Cold War is making hard demands on our country, both in money and manpower. But they are duties and demands that must be met. The U. S. Congress therefore has found it necessary once again to extend the period of the military draft law.

The extension voted by Congress is for four years. I think all of us are convinced that the large manpower needs of our Armed Forces can be met with certainty only by a draft law. One reason for this is that the incentive young men once had for volunteering is largely gone. Why? There is no GI Bill today.

The only thing a young draftee knows today is that his obligation to his country will be met; whether our country will appreciate the young serviceman is a different matter. That is up to you and me.

American servicemen stand against the constant pressure of the Communist armies all around the rim of the Free World. They are being killed in faraway places like South Vietnam, in a Cold War that is really a Hot War.

For several years I have urged the Congress to pass a GI Bill to help educate Cold War military veterans. I have re-introduced the GI Bill this year, in the hope that more and more people will support it, and that it may become law. This year, 38 other Senators have joined me to co-sponsor the bill.

I have often made the point that people with a higher education can earn more money, and from higher earnings, more taxes are paid back to the government so that in the long run education is a sound investment.

This is not a bonus bill; it is a bill to train veterans for readjustment to civilian life where they can earn more money, live a more meaningful life for themselves and their families.

The U. S. Census recently issued a report that supports me on comparative earnings. It said that a college graduate's family had a \$3,000-a-year income advantage over that of a high school graduate in 1961; the family income in 1961 for college graduate households averaged \$9,300 a year; family income where the earner did not go beyond high school graduation averaged \$6,300; for families where the wage-earner did not go beyond elementary school the average income was \$3,300.

There will be approximately 250,000 veterans of the Cold War in Texas alone. Our leadership for the future is bound up with the young men of draft age today. We have a stake in their education. It is a part of the stake all of us have in the future of our country.

Station's Weed Control Meeting Set at Bushland

BUSHLAND — The 16th annual Weed Control Conference sponsored by the Texas Weed Control Association, will be held at Southwestern Great Plains Field Station here Thursday, April 18.

Chairmen for the day-long meeting are Ed Jacobson, president Texas Weed Control Association and Fred Dines, chairman of the Farm and Ranch Council of the Amarillo Chamber of Commerce who are co-sponsors of the Conference.

Experts will discuss latest procedures for an expected 250 guests meeting in morning and afternoon sessions.

"Moisture Loss Due to Weeds" will be discussed by Ronald G. Davis and Joe L. Pafford of the Southwestern Great Plains Field Station. E. D. Robinson, Range Scientist, Texas Agricultural Experiment Station at Spur, Texas, will speak on "Control of Woody Plants on Range Land".

His speech will be followed by instruction on "How to Form a Weed Control District" by Douglas Degge, Supervisor of the Floyd County Noxious Weed Control District.

The afternoon program will include "Spraying Equipment for Weed Control" by Lambert Wiles, Agricultural Engineer, Texas A & M College, and a "Progress Report of Weed Control Research" by Dr. Allen Wiese, Agronomist at the Field Station at Bushland.

Lunch will be served at noon at \$1 per plate by the Potter County 4-H Club.

OWN BACKYARD PHOENIX, Ariz. (AP) — As registrar of contractions, Allen Rhodes must see that house and buildings are put up right and stay that way.

A recent investigation determined that termites ate away an area around a window pane, causing part of the wall to give way.

The wall was located in Rhodes' office.

The Sandhills Philosopher

Editor's note: The Sandhills Philosopher on his Johnson grass farm takes a look at automation in his letter this week. It's hard to tell what he sees.

Dear editor:
I figured it was bound to happen sooner or later.

Any time you can wipe out whole cities just by pushing a firing button, explore outer space with a radio transmitter sending back messages from 10 million miles out, calculate vast and complicated mathematical problems in 2 seconds with an electronic brain, or have your coat dry cleaned by an automatic machine you just drop it in, it's just a matter of time till automation hits the medical profession.

And sure enough, last night I read an article predicting that before very long medicine is going to have an electronic machine

that'll produce an instant diagnosis. You just step inside, it'll x-ray you, take a blood sample, register your temperature, meditate a few seconds, and scientifically and electronically diagnose you.

I have been giving this machine some thought, and I suspect there'll have to be some improvements, and added attachments before it'll come into popular use.

For example, say it's coin-operated. All right, you drop \$25 in the slot, the door opens, and you step in. After the gears get through grinding and the lights through flashing, and the diagnosis comes out on a printed slip, ordinarily the door would re-open and you could step out and head for the drugstore with your prescription.

But what if you've got a complicated case, not just a handy virus? They'll have to have another coin slot inside to deposit

more money in before the machine will let you out. No machine is going to treat you for a bad cold at the same rate it charges for a psycho - neurological break-down.

This thing is going to take a lot more study and research before it's ready to be put on the market. It'll take years, and it's a good thing, because when it gets time to get around to it, science is bound to come out eventually with a coin operated farm tractor, but we want to postpone it as long as we can.

PAINTINGS THAT BELONG

URBANA, Ill. (AP) — Your own family's likes are what count if the paintings, etchings or drawings you select are to 'belong' in your home.

That's the advice of W. C. Kaufman, University of Illinois home furnishings expert.

According to Kaufman, you can learn to recognize the qualities you like in pictures by visiting galleries and other exhibits. Look at many different works before you make a choice for your home.

The more you look, the better you will be able to put your finger on "the something" that always draws you to a picture.

The qualities you most enjoy are the ones you can probably best live with.

Managing The News

A public debate has been underway in recent months over the question of news "management." Critics of the Kennedy Administration charge that news released to the public is being managed, or colored, and that the full story is not being given the public.

This charge is true, but it not true that this is something new with the Kennedy Administration. It is something that has developed as our government grew so large and is also partly a result of conditions which arose in World War II and in the Korean Conflict.

The fact is that the American public is now being given what news the State Department and the Pentagon, and the White House, decides is best for it to

have — to a large degree, in the field of foreign relations. This was true in the Eisenhower years as it is today, with President John Kennedy in the White House.

The plain truth is that the State Department, the CIA and the Pentagon have grown so big and powerful, as federal monsters, that no newspaper, no citizen, can break through the palace guard and expose evils, and the guilty, in this system.

It is a process which has been going on for many years. Only a concerted, inspired official, top-level investigation group, could correct the situation. President Kennedy, who has expressed interest in correcting it, could begin by appointing such a group, with broad powers.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford

TEXAS PRESS ASSOCIATION

By VERN SANFORD

Texas Press Association AUSTIN — "Hi Pardner" . . . Better get your pencil and paper out and start thinking. Everybody's doing it!

Reason is, there's a bill before the Texas House of Representatives calling for a slogan to be imprinted on our auto license plates. Three choices are given in the bill. They are "Lone Star State", "Vacation State" and "Texas Has Everything".

Latter slogan was sent in by a newspaperman, Bob Bray, publisher of the Marble Falls Highlander.

Come to think of it, what's wrong with "Hi Pardner" — the two words we used in starting this column? Sounds like the friendly welcome of a Texan in state or out of state.

Cost of adding a slogan to the Texas tags would run only about \$150. Or just the cost of the new dies.

Speaking of license plates . . . a bill by Rep. Ray McNutt of El Paso would eliminate the front tag. Saving to the state — \$400,000 annually.

UP IN THE AIR — Activities of state agencies in aeronautics filled the air in two recent meetings of the House Committee on State Affairs.

Rep. Ben Barnes of De Leon got a hearing on his bill to abolish the Texas Aeronautics Commission. It is asking \$436,000 for the next two years. Commission has been credited by some opponents of the bill with helping create landing airrips in smaller communities. Rep. Gene Hendryx of Alpine favored abolishment of the commission.

He said citizens of his town built their own airstrip, without any governmental aid except for the use of some county bulldozers.

Land Commissioner Jerry Sadler protested a bill by Rep. Roy Arledge of Stamford which would force all agencies except the Texas National Guard, Texas State Guard, and the Department of Public Safety to sell all "executive-type aircraft" with more than 260 horsepower.

Sadler said the Arledge bill was aimed mainly at the Land Office. He insisted the State Land Office needs an airplane for aerial surveys of state land.

— Municipal annexation bill, as passed by the House, is considered a compromise by the Texas Municipal League. Ditto for interested industries — including the Texas Association of Homebuilders — that have been on the other side of the fence.

Straddling the fence during the four days it took the House to pass on the bill written by Rep. Henry Grover of Houston, and rewritten by Rep. Jerry Bulter of Kennedy, were enough representatives to decide the matter for one side or the other.

Several votes indicated the cities might win the right to annex additional territory in a manner they consider reasonable. Other votes indicated the industrial pressures would be the winning factor.

Finally, 130 House members decided Grover's bill was good enough to send to the Senate as a "workable vehicle" for a joint conference committee. But 14 felt that it still wasn't fair either to cities or to rural people living on fringes of the cities.

Main point in contest still seems to be: How much authority should cities have over surrounding areas subject to annexation?

As it stands, cities would be limited to setting "minimum standards."

AUTO INSPECTION DEADLINE
Col. Homer Garrison Jr., director of the State Department of Public Safety, has sent out a reminder to Texas drivers who do not have their 1963 auto inspection stickers that April 15 is the deadline.

If Rep. Terry Townsend of Brady has his say the \$1 auto inspection fee will be raised to \$2. But Rep. George Richardson of Fort Worth said he will oppose any increase.

CROP INSURANCE
Farmers will get more liberal crop insurance coverage under revised policies and rates issued by the State Board of Insurance. New plan eliminates the controversial mechanical - harvesting clause pertaining to cotton.

Revisions were requested by both wheat and cotton growers. Coverage will be available under economically-priced "escalator" and "step-ladder" forms, as well as "broad form" policies.

GOVERNOR'S APPOINTEES
Frank C. Erwin Jr., Austin attorney, was named by Governor Connally to the UT board of regents to replace Judge W. St. John Garwood, also of Austin, whom the Senate earlier refused to confirm.

Jack Kuitgen of Waco was his choice as State Highway Commissioner. He replaces Charles Hawn of Athens, whose term has expired.

Rev. C. A. Holliday, Negro minister of Fort Worth, has been named by Connally to a six year term on the Texas Board of Corrections. He succeeds John S. Justin Jr. of Fort Worth. Connally pointed out that this is the first time a Negro had been appointed to the board.

Connally re-appointed to the Board of Corrections J. M. Windham of Livingston and Jack Vaughn of Dallas.

Dr. J. A. Chatman of Lubbock, Joseph A. Scott Jr. of San Antonio and Rev. Martin Griffin of Waco were assigned to the Texas Southern University's Board of Directors. All are Negroes. They replaced J. M. Odom of Austin, Mack H. Hannah Jr. of Houston and the late Dr. Everett H. Giv-

ens of Austin.

Mrs. Jack T. Bowman of San Antonio was appointed to the Board of Regents of Texas Woman's University. Mrs. John Hazelwood of Amarillo was re-appointed.

To the Texas Tech Board of Regents the governor named Herbert Allen of Houston and Roy Furr of Lubbock. He re-appointed Harold Hinn of Dallas.

LEGISLATIVE WIND-UP

Governor Connally and House Speaker Byron Tunnell seem to agree that the 58th Legislature should wind up its business before the May 27 deadline. This should please the Legislators.

They stop getting the usual \$12 per day living allowance 20 days before that deadline.

But many are afraid the loan shark bill may hold them here.

HISTORY REPEATS

TUCSON, Ariz. (AP) — An entry from the diary of pioneer resident George Hand of Tucson appears daily in the Arizona Daily Star of Tucson.

On Jan. 10, 1877, Hand noted that Lew Davis and some others left on the stage for Phoenix.

On Jan. 10, 1963, Lew Davis, mayor of Tucson, and some others left for Phoenix to confer with city officials there.

SEEING DOUBLE NINE TIMES
 BRADENTON, Fla. (AP)—The
 Baysshore Elementary School has
 an unusual epidemic this year:
 twins.
 Principal George Post says
 that among the enrollment there
 are nine sets of twins, including
 four sets of identical twins.

In medieval England, the salt
 cellar was a social boundary at
 dinner table. High-ranking guests
 sat above the ornate silver con-
 tainer, lesser guests below it.
 King Canute's laws provided that
 a social climber could be "pel-
 led out of his place by bones at
 the discretion of the company."

All This and Bunnies, Too! Try 'em On That Easter Ham You'll Cook

By CECILY BROWNSTONE

ALONG WITH coloring Easter
 eggs, your small fry would prob-
 ably get a big thrill out of help-
 ing you make some very special
 bunnies.

These little bunnies are ingenu-
 ous; a whimsical cook thought
 them up. Tried in our own kit-
 chen, and served with slices of
 baked ham, we found them fun
 to offer.

A grown-up cook will have to
 make the potato-and-cornmeal
 polenta base for these rabbits.
 But after the mixture is chilled
 and turned out of its pan, small
 boys and girls can cut out their
 bunny-shaped cookie cutters to cut
 the bunnies from this polenta.
 They can also cut out the cheese
 bunnies that top the polenta.

POLENTA BUNNIES

2 1/2 cups finely-diced mealy pota-
 toes.
 Boiling water
 3-4 cup enriched white cor-
 meal

1 cup cold water.
 Salt
 Grated cheddar cheese
 Melted butter
 Sliced cheddar cheese

Cook the potatoes in a small
 amount of boiling water until ten-
 der; drain. Add enough boiling
 water to the potato water to make
 two cups; return to drained pota-
 toes. Stir together the cornmeal
 and cold water; slowly pour into

Bond Sales Here Total \$19,443

Bailey county people bought
 \$15,450 worth of series E and H
 U. S. savings bonds during Feb-
 ruary, according to M. D. Gun-
 stream, county chairman. This
 was several times the amount
 sold during January, and brought
 the year's two-month total to
 \$19,443.

The county has a 1963 goal of
 \$110,000. Sales to date represent
 17 percent of that goal.

So far this year, Hale county
 with two months' sales of \$187,
 912, leads this 12-county West
 Texas district. Lamb county is
 second with \$106,418 for the two
 months. Castro county sold \$15,
 350 worth during the two months.

Attorney Moves In, Agent Moving Out

County Agent J. K. Adams and
 County Attorney Roger Gorrell
 are swapping offices. The change-
 over, which has been in process
 for a week, is expected to be com-
 pleted this week.

Gorrell is moving into the
 county agent's former office on
 the first floor of the courthouse,
 and Adams is moving to Gorrell's
 former office at 306 W. 2nd.

For a French way with eggs,

Relatives Visit Bayless Family

ENOCHS — Those visiting in the J. D. Bayless home Sunday afternoon were their daughter and husband, Mr. and Mrs. Joe Doak and Mr. and Mrs. Johnny Winston, all of Meadow; and her brother and sister-in-law, Mr. and Mrs. Clyde Coffman, Hicks Chaple; also Mr. and Mrs. W. M. Bryant.

It's a new granddaughter for the C. H. Byars. Her parents are Mr. and Mrs. Jack Parr, Lubbock. She weighed 7 lbs. and was born at the Methodist Hospital Wednesday morning. The Parris have three other daughters. Mrs. Byars is staying at Lubbock this week to help care for the baby.

Mr. and Mrs. R. P. McCall spent three days in Lubbock last week attending Commission Conference.

Brent George Lubbock, spent several days with his grandparents, the E. N. McCalls.

The Rev. Ben McPerson of Wayland College had charge of the services at the Baptist Church Sunday night.

The Rev. J. J. Terry is in a meeting at the Crele Back Baptist Church this week. Donald Groedtrof is leading the singing.

The Rev. and Mrs. J. J. Terry visited in the home of O. Q. Casey at Causey, N. M., Friday night and attended church with them.

There will be family night at the Methodist Church Wednesday night. Refreshments will be served.

Baseball League Schedules Meet

Managers and directors of the 1962 Irrigation Baseball League met Monday night in Nazareth to discuss plans for this year's Outsiders League.

Another meeting is set for April 1 at 8 p.m. to discuss further plans. Any surrounding town who are interested in entering the League are invited to attend this meeting to be held in the American Legion Hall there or contact Eugene Shaw, Phone 925-3425 or Pete Freeman, Phone 6250, Muleshoe.

The Muleshoe merchants will be in the league again this year and are to be sponsored again by the merchants of Muleshoe. The team will be managed by Pete Freeman.

The team won third place in the league last year and Freeman expresses hope that they can do better this year.

News of People In Armed Services

CANNON AFB, N.M. — Captain Nick P. Apostoles of Brattleboro, Vt., has been awarded the United States Air Force Outstanding Supply Officer Certificate. The Air Force Chief of Staff each year names selected supply officers to receive the special award.

He is married to the former Frances E. Pugh, daughter of Herbert T. Pugh of Rt. 1, Muleshoe.

Captain Apostoles was selected for the award in recognition of his outstanding duty performance in connection with Air Force supply responsibilities.

The captain, who is assigned to the 832nd Supply Squadron here, is the son of Peter G. Apostoles of 14 Marlboro Ave., Brattleboro. He is a graduate of Brattleboro High School and is a former student at the University of Maryland and the University of Alaska.

A veteran of 17 years service, Captain Apostoles served in the Pacific during World War II and the Korean conflict.
