German Passage of Soldiers Through **Hungary Requested**

BUDAPEST, May 8. (AP). - Reports of a request for passage of the German army through Hungary and a strong British drive to weld the Balkans into a "defensive alliance" gave new shape today to southeastern Europe's war fears.

It was generally felt that the belligerents, searching for a battlefield, had picked this corner of Europe as a likely place to fight.

Reports of the German requestpresumably an action to be taken when strategy dictates—was carried by the official Hungarian news agency with an explanation the report could not be verified,

The Hungarian news agency, in reporting the German request, reproduced a dispatch which originally was published in a Belgrade Yugoslavia, newspaper which in turn had credited it to

its Budapest correspondent. Several times in the past inspired Hungarian newspapers, as well as the news agency, have taken such roundabout methods to tell Hungarians what is going on inside their

That means the teams have had to runners. Fullenwider struck out and play .750 ball at home to come up with a .500 average for the season. They have managed to come near enough to that mark to get in the play-offs both years, thanks to some strong play near the end of the year.

Just why some clubs are so no toriously poor on the road is some-thing for a psychologist to figure out. For years, the Chicago Cubs of the National League have been known as strictly a home club and each league has its version of the Cubs

Of course, it is too early in the season to put the stamp of "homers" on the Cowboys for a certainty but the two losses to the weak Clovis team and loss to Amarillo seems to indicate the same old trouble of

winning away from home. There is no argument against the fact playing before favorable crowds is a help to any club, but playing before critical crowds seems to affect some clubs a lot more than oth

Lynn Everson, who got back from New York after attending funeral services for his brother and found there was no place for him in the Cowboy line-up, has been signed up by the Lubbock Hubbers and is now in left field for them. Lynn was in a batting slump all during the ex-hibition season but is due to break out with a hitting streak soon. He hit above .350 during the first half of the 1939 season and he is likely to break up a lot of games once he gets his eye on the ball.

Club prexy Claude Duffey, after watching the Cowboys Saturday and Sunday against Clovis, has put his stamp of approval on Grant, the new first baseman. Duffey says he packs a lot of power in his bat and is a classy defensive man.

The roar of the crowd. the thundering hoofs foretold the fall of mighty Rome—all because an empire went pleasure-mad and forgot what made it great. Rome went soft.

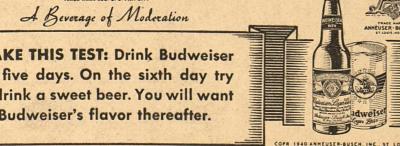

All play and no work has always spelled collapse-for a person as well as a nation. Isn't a balanced life with a fair share of work and a fair share of leisure more sensible and satisfying? Then tasks become attractive and there's still ample time for your hobbies, family and friends. They help you readjust your perspective...revitalize your good humor...rest your mind and body. Good work puts you in a mood for recreation, and healthful re-creation puts you back in the mood for work. Your moderation puts you in balance and in harmony with progress.

(Continued From Page One)

The well was snot with 570 quarts in pay zone between 4,069 and 4,200 feet, the total depth.

Everts Drilling Company of Dallas No. 1 Johnson, two-mile southeas outpost to the Goldsmith field of Ector, is drilling at 3,920 feet in lime and sand.

Matt A. Grisham et al No. 1 R. B. Cowden of Midland, in the northwest sector of the Cummins-Goldsmith field, is swabbing and testing the regular pay horizon of the area, bottomed at plugged-back depth of 4,516 feet. After initial acid treatment with 1,500 gallons it swabbed an estimated two barrels of oil per hour and an equal amount of drilling mud. The well then was re-acidized with 3,000 gallons and swabbed five barrels of oil hourly with two barrels of drilling mud. Total depth is 6,090 feet, but lower Permian proved barren.

Seven-inch casing is being run in Atlantic Refining Company- Helmerich & Payne, Inc. No. 1 Unisouthwestern Andrews county deep Permian test. Core from 4,260-73 feet, present depth, returned 12 feet of hard lime showing scattered saturation and oil stains. Farther northwest, Illinois Oil Company No. 1 University is drilling lime at 5,585 feet, showing gas when drillpipe is drawn.

Pecos Ordovician Test

Plymouth Oil Company No. 1 Richard Levy et al, northern Pecos county Ordovician wildcat in section 104, block 8, H. & G. N. survey, is drilling at 1,908 feet in broken lime and anhydrite. It topped flowing sulphur water in the shal-low Permian at 1,802 feet.

Gulf Oil Corporation No. 5 Wristen Brothers, southeastern Ward county Ordovician test, is drilling soft formation at 6,973 feet.

Kenneth Slack and Merry Brothers & Perini No. 1 Bird S. Hayes, western Ward Delaware gasser, last night had run 1,200 to 1,400 feet of 7-inch casing. Up to the time it was killed, the well had been blowing 9,500,000 feet of gas per day with slight spray of distillate. It is bottomed at 5,063 feet in Delaware sand, in which gas was struck.

Casing also is being run in Atlantic No. 1 Wickett - University prospective Ward pool opener two miles west of the North Ward field. It is bottomed at 2,920 feet in lime barrels of oil, with some water, into pits after drillstem test was started from 2,842 to 2,920. water is undetermined

Of Recruit Amaze R. A. F.

LONDON (U.P.) — The "previous occupations" of some of the Doninion recruits to the R. A. F. leave the officials at the recruiting depots bewildered.

One man who joined had been a housepainter, in Detroit, a tight rope walker in a circus, a coal miner. Had hitch-hiked 2,800 miles from Texas to Ontario, worked his passage in a cattle boat from Montreal to Glasgow, hitch-hiked from Glasgow to London, got a job in a shoe shop, hitch-hiked back to Newcastle, worked for a silk firm there, and — finally — joined the R. A. F. as an aircraftman.
