### RFC Credit Offered to Aid Defense

Plane Manufacturers Report They Have Cash for Expansion

WASHINGTON, May 21. (AP). -A personal teléphone call from President Roosevelt to Alf M. Landon today made it definite he and the president will meet tomorrow for luncheon. It is generally believed the meeting is designed to swing further bi-partisan support for the administration's defense program and foreign policy.

WASHINGTON, May 21 (AP)-The RFC offered its credit facilities to industries which lack capital for expansion necessiated by the naional defense program Monday, while from a conference on aircraft manufacturers came word that for the present at least they needed

Jesse Jones, the RFC chairman, issued a statement saying his agency was ready to cooperate with the banks in making secured loans or national defense purposes, by taking 75 percent of such loans or underwriting 75 percent, leaving the banks carrying 25 percent of the

## Ample Electric Power...

## THE KEY to Industrial Growth...

Midland, supplied with electricity from the power system of the Texas Electric Service Company, has an important aid to industrial growth. Any industry locating here will find plenty of electric power at low rates, one of the essentials for profitable manufacturing operations.

But Midland has more than ample electric service. It has dependable electric service. Two major sources of electricity assure plenty of power and continuous service, both for present needs and future growth of the city.

Good Electric Service Doesn't Just Happen

### FEMININE FANCIES

By Kathleen Eiland

It is amazing the lift of spirit that nicely-lacquered finger nails can give a girl; or a bottle of new perfume; or a fresh wave-set; or making plans for a party.

How would you like to be described as "aburn haired" and with "fascinating green eyes" and as "a hit with the stag line at the dance?" That is what a reporter said of Midland's sponsor at the WTCC convention at Big Spring last week.

One of the times when we envy school teachers is the day after school closes when they are leaving for long vacations or for summer school. Times when we do not envy them are examination days, presen rainy days As a left-over from our teaching experience, we have a vision of the dreariness of class rooms and the confusion at recess periods when rambunctious boys and girls have to stay in the house instead of romping on the school grounds.

We still maintain that we chose the easier job when we selected reporting instead of classroom teaching as a way of earning our bread and its scanty supply of butter and jam. And we don't mean to infer by that that reporting is not definitely

Queer how the wheel of fashion makes a complete circuit ever so often. Time was when to wear a black slip under a white dress would have been to draw down upon one's self the crushing adjective of things in metropolitan styles is the black slip. Very effective, we should think, but such a reversal of what used to be an absolute rule of

Girls' League. Jno. Howe co. 14, Independents 4.

GAMES TODAY. Continental vs. City Cab. Mackey Motors vs. KRLH

#### Jeffs Cop Opener In Softball League; Jno. Howe Girls Win

Midland's Softball League was formally opened last night with the Jeffs and Goldsmith teams setting a pattern for other teams by playing a thrilling 7-6 game.

The Jeffs came out on top but not until after a bitter struggle in which everything in the book was used. Both clubs stamped themselves as being hard to stop over the season and served warning they were shooting for the pennant.

In the other game of the evening, the Jno. P. Howe girls' team de-

feated the Independents in the Powder Puff league by a score of 14-4. Pitcher Mickey McGuire of the Howe team took it easy as her mates Three round trips were made over were pounding out 15 hits for 14 runs. Every player that took part in the game for the winners got at least one hit. Members of the winning team

were Boerne Kidwell, Mickey Mc-Guire, Juanita Smallwood, Emma Moseley, Pat Anderson, Lorene Murphy, Olive Moffett, Joey Burkett, anie McKinney, Jackie Johnson Marcella Cure, Laverne Hallman. The next girls' game is scheduled tomorrow afternoon when the In-

eams clash at six o'clock. Games today will find Continental vs. City Cab and KRLH vs. Mackey

dependents and United Dry Goods

#### **Texas Spinner Sends** Towels to Notables

WEATHERFORD, Texas (UP)— G. A. Holland, Weatherford man whose hobby is textile weaving, has sent towels which he made to wives of several of the nation's eading political figures.

The hand-woven towels have been sent to Mrs. Franklin D. Roosevelt, Mrs. John Nance Garner, Mrs. Morris Sheppard, wife of the senator from Texas, and Mrs. Fritz Lanham, wife of the congressman from Fort Worth. Holland grows, picks, processes

and weaves the cotton from which ne makes towels and other articles. He has demonstrated his home spinning device in a number of towns in this area.

Approximately 1000 two-place airplanes are being used in the Civilian Pilot Training Program.

### In Libraries of District No. 19

There are 120 libraries using WPA employees in District 19, according to John C. Burnside, district manager, who recounted some of the work done by the Work Projects Administration in making library service available to persons heretofore unserved in this area.

Three hundred and two persons have been given employment in library work in this district from October 9, 1938 through March 8 1940, according to Burnside. More than two million volumes have been circulated during that time. 160,192 books were made available by WPA. d by Rev. W. R. Mann, dean of the More than seven thousand books have been catalogued with more of this work to be done.
