## O'DANIEL CONTINUES TO PILE UP LEAD OVER OTHER CANDIDATES

### Lead of Governor Reaches 67,000 as More Votes Counted

DALLAS, July 29 (AP)—W. Lee O'Daniel, Texas' radio orator governor, appears to have piled up enough votes in Saturday's first democratic primary to bear out the campaign tune, "There Ain't Gonna Be No Run-Off." He wrote the song for his Hillbilly band.

The former flour salesman today was far in front of five other gubernatorial candidates, having 53.5 per cent of the votes tabulated by the Texas Election Bureau, which compared with the 51 per cent he received two years ago.

Returns to the Texas Election Bureau at 11 a. m. from 245 of 254 counties in the state, including 95 complete, show the following totals for candidates principal races in Saturday's democratic primary election:

Governor — Condron 1,994; Davis 4,060; Ferguson 97,313; Hines 105,685; O'Daniel 532,660; Sadler 53,837; Thompson 214,269.

Railroad Commissioner — Brooks 173,494; Copeland 12,083; Culbertson 169,573; Everts 485; Hardin 103,103; Holt 14,018; Hood 32,418; Jones 17,090; Langford 16,428; McDonald 51,259; Mills 8,076; Patterson 26,434.

DALLAS, July 29 (AP) — Harry Hines, running third in the gubernatorial primary, today telegraphed Gov. W. Lee O'Daniel "congratulations upon a most overwhelming majority. May victory carry with it success."

Pundt 10,949; Saulsbury 29,218; Sheppard 36,018; C. E. Smith 69,508; E. T. Smith 13,518; Terrell 31,521; Van Zandt 44,240.

Chief Justice Supreme Court — Alexander 262,417; Chapin 32,538; Douglas 101,740; Griffin 60,245; Humphrey 78,064; Lattimore 291,531.

Comptroller — Butler 180,683; Sheppard 64,881.

Treasurer — Lockhart 622,561; McKee 214,792.

Superintendent of Instruction — LeMay 365,375; Woods 480,809.

Agricultural Commissioner — Corry 144,313; King 138,444; McDonald 513,693.

Associative Justice Supreme Court — Sharp 558,801; Watkins 199,633.

Meanwhile, reports received here show that of the "immortal 56" representatives who blocked "S. J. R. 12," sales-natural resource tax constitutional amendment in the last session of the legislature, 11, including three with no opposition, were re-elected, 12 were defeated and six went into runoff. Four districts had not reported.

Only 33 were seeking re-election. Four state senators were re-elected, including two who had no opposition, three were defeated and four were forced into runoffs. There will be two additional runoff elections in districts where the incumbents retired.

Of the total house membership, at least 21 incumbents appeared to have been unopposed and 41 re-nominated. At least 14 must face run-offs. Reports on the 150-member branch of the legislature were far from complete.

Reports to Bob Baker, secretary of the senate, were that Senators Wilbourne B. Collier of Eastland, Albert Stone of Brenham and Doss Hardin of Waso were defeated.

In Collier's district, the twenty-fourth, there will be a runoff between John Lee Smith of Throckmorton and Omar Burleson of Anson. Collier has served three terms.

Stone, who also was serving his third term, was defeated by J. Alton York of Bryan, an attorney. He represented the fourteenth district.

Hardin, asking re-election to a second term, lost to Kyle Vick of Waco, an attorney and former county judge of McLennan county. Senators re-elected were E. Harold Beck of Texarkana, J. Franklin Spears of San Antonio, A. M. Alkin, Jr. of Paris and H. L. Winfield of Fort Stockton. Alkin and Winfield were unopposed.

In district 20, Senator Houghton Brownlee was leading Homer DeWolfe. They will meet in a runoff.

Senator Gordon Burns of Huntsville and Clem Fain of Livingston were reported neck and neck in district five, and also will be in a runoff.

In district 21, Senator J. Manley Head of Stephenville and Karl L. Lovelady of Meridian, county judge of Bosque county, faced a runoff. (See O'Daniel) Page 5

### Calves for Club Work Wanted From Ranchers

Inquiry for from 100 to 150 uniform calves for 4-H club work has come to the office of County Agricultural Agent V. G. Young from another county. Ranchmen having calves ready, to fit the specifications, may contact Young for full particulars, he said today.

The calves wanted should weigh from 400 to 450 pounds, as many as possible of the same brand, uniform in size and quality, are wanted, Young said.

## Fergusons' Cast Their Vote

Ex-Governor Miriam A. "Ma" Ferguson and husband Jim cast their ballots in Austin, Texas as the democratic primaries got under way. Mrs. Ferguson was a candidate for nomination.

## Mrs. A. S. McKee Succumbs Here Early Today

Death came at 12:20 o'clock this morning to Mrs. A. S. McKee 64, long time resident of Midland and Midland county. She had been in ill health for a number of years and had been seriously ill since July 20 at her home, 317 W. Indiana, where she succumbed.

Funeral services will be held at 10 o'clock Tuesday morning at the First Presbyterian church with Rev. W. J. Coleman in charge, assisted by Rev. Thomas D. Murphy of Odessa.

Interment will be in Fairview cemetery.

Had she lived only a few days longer, Mrs. McKee would have celebrated her sixty-fifth birthday. She was born Alice Adelia Francis, the daughter of Mr. and Mrs. A. D. Francis, in Bosque county, on Aug. 6, 1875. She spent much of her younger years in Hamilton county and on Sept. 3, 1893, married Anderson Scott McKee, at Hico, Hamilton county. The couple had five children, all of whom survive.

Mr. and Mrs. McKee came to Midland on Dec. 1, 1906. For several years they lived in the Prairie Lee community, where they engaged in farming.

Mr. McKee preceded his wife in death by almost 25 years, having succumbed on Dec. 15, 1915.

Some 16 years ago Mrs. McKee moved to Midland and had made her home here since.

She is survived by her five children: Mrs. J. L. Kendrick, Alvah F. McKee, Mrs. Neal D. Stator, Roy McKee and Miss Mamie Belle McKee, all of Midland; five granddaughters, Mary Adelia and Jimmie Kathryn Kendrick, Mrs. Wyatt Webb, Billie LaJean and Royce Ray McKee, all of Midland; three brothers (See McKee) Page 6

## Heat Wave Continues To Hold Iron Grip On Most of Nation

The summer's most extensive heat wave held fast its grip on a major portion today and weather bureau officials, scanning cloudless skies, could give no promise of immediate relief.

Now more than a week old in many sections, the current excessive heat spell has exacted a heavy death toll, with more than 600 persons dead from the effects of the heat and by drownings. An Associated Press tabulation showed 303 persons succumbed from heat prostrations while drownings numbered 325.

From the Atlantic seaboard to the plains states thermometers hit high marks Sunday. The weather bureau said the abnormally warm weather prevailed over the greater part of the country—only a few northwest points and the Pacific states reporting temperatures somewhat below normal.

Temperatures in the high nineties were general and readings of above the 100 mark were not uncommon. The weather bureau's map showed Phillipsburg, Kansas, as the nation's hottest spot, a scorching 110 being recorded.

## Rumania Willing to Cede Hungry Lands

BUCHAREST, July 29 (AP)—The Rumanian government's willingness to cede quickly a narrow border strip of Transylvania to Hungary was indicated in official quarters today.

The government, it was said authoritatively, will propose that Hungary, which claims Transylvania as historic Magyar soil, content herself with the cities of Satu-Mare, Oradea and Arad and their environs and agree to an exchange of populations in other districts.

## VISITED IN MOUNTAINS

R. M. Barron and daughters, Marjorie and Dorothy, spent Sunday at Balmorea, Fort Davis and Alpine, returning by Fort Stockton.

## Goodman Holding Slight Lead Over White; Runoff Is Certain

Reports from 11 of the 13 counties in the district, six of them complete, today gave Representative Jas. H. Goodman of Midland, seeking re-election, a lead of 235 votes over Taylor White of Odessa.

Reports had been received from all counties except Loving and Presidio and the vote in these two is not considered large enough to alter the standings.

Goodman had amassed a total of 9,248 votes, White 6,034 and Murray J. Howze of Monahans, third entrant in the race, had a total of 3,943 votes.

With a large percentage of the vote counted, it now appears certain that Goodman and White will meet in a runoff on August 24.

Returns by counties (Crane, Pecos, Reeves, Upton and Winkler) incomplete) follow:

County	Goodman	White	Ward
Crane	264	219	146
Ector	388	2612	124
Jeff Davis	189	75	98
Midland	1589	644	207
Pecos	668	507	273
Reeves	810	282	552
Upton	459	206	284
Ward	521	554	485
Andrews	165	122	122
Martin	659	338	261
Loving	50	29	35
Totals	6298	6063	3978

## Peace Offer By Japanese Is Refused

### Nipponese Propose To Take Possession Of British Lands

HONGKONG, July 29 (AP)—Foreign quarters close to the Chungking government asserted today that China had rejected unconditionally recent Japanese overtures to halt hostilities and conclude an all-embracing settlement between the two nations—largely at the expense of Asian powers' interests in eastern Asia.

These informants said the Japanese proposals included the following:

1. Outright cession by China to Japan of five provinces, Hopei, Charbar, Shantung, Shansi and Suiyuan.
2. Recognition of Wang Ching-Wei, Japanese sponsored puppet, as president of a Chinese republic made up of 10 remaining provinces and also British Burma, French Indo-China, and Thailand (Siam) in which China and Japan would share economic opportunities.
3. The status of Manchoukuo would be left in abeyance indefinitely. (Manchoukuo, carved out of China's former Manchurian provinces, is nominally independent but actually is entirely dominated by the occupying Japanese army.)

(Such proposals involving British Burma apparently would be predicted on a defeat of Britain by Germany, which would weaken the British position in Asia just as the French position in Indo-China has been menaced by the defeat of France.)

## West Texas Oil

BY FRANK GARDNER

### Andrews County

Drillstem test to determine if water was encountered was being made this morning in Texas Pacific Coal & Oil Company and Seaboard Oil Corporation No. 1-A Midland Farms Company, south-eastern Andrews wildcat. Total depth is 4,870 feet in lime, and the last 20 feet is reported to have drilled soft. Lime was topped at 4,540 feet in the test.

### Cochran County

Osage Drilling Company, Inc. No. 1 W. R. Blake, southeastern Cochran wildcat south of the Duggan pool, is drilling below 1,900 feet in red rock.

### Crane County

Daily potential of 1,624 barrels, flowing through open tubing and casing, was assigned Gulf Oil Corporation No. 12 W. M. Waddell, mile and a half northeast extension producer in the Sandhills deep Permian pool, western Crane. Gas volume was 4,978,000 cubic feet a day, making gas-oil ratio 3,065-1. Tubing is set on bottom at 4,416 feet, with well-packer at 4,389. The well was acidized with 5,000 gallons.

Gulf No. 5 M. B. McKnight, Ordovician test farther northeast, is drilling below 7,535 feet in lime and shale. It recovered 12 feet of lime and shale by coring from 7,391 to 7,410 feet.

Operators having decided to carry it to deep horizons, Gulf No. 1-F University, wildcat in eastern Crane, is moving in rotary substructure. Standard tools were employed to drill it to present depth of 3,232 feet in lime.

### Crockett County

Moore Exploration Company of Midland and Olson Oil Company of Tulsa No. 1 H. M. Half estate, south outpost to the Soma shallow pool in western Crockett, is shut down for repairs at 108 feet in cretaceous lime.

M. & M. Drilling Company No. 1 Bouscaren estate, big gasser a mile north of the pool which hit an estimated 50,000,000 feet of dry, sweet gas at 1,512 feet in sand, still was blowing wild, at last reports. Operators are trying to kill gas by pumping in mud.

Amerada Petroleum Corporation No. 1 J. S. Todd, half-mile west outpost to the Todd Strawn pool in north central Crockett, is rigging up rotary after drilling with machine to 472 feet in red rock and cementing 13-inch pipe on bottom with 250 sacks. A quarter-mile south and east extension test in the pool, Continental Oil Company et al No. 5-B J. S. Todd unit, is drilling past 215 feet in lime.

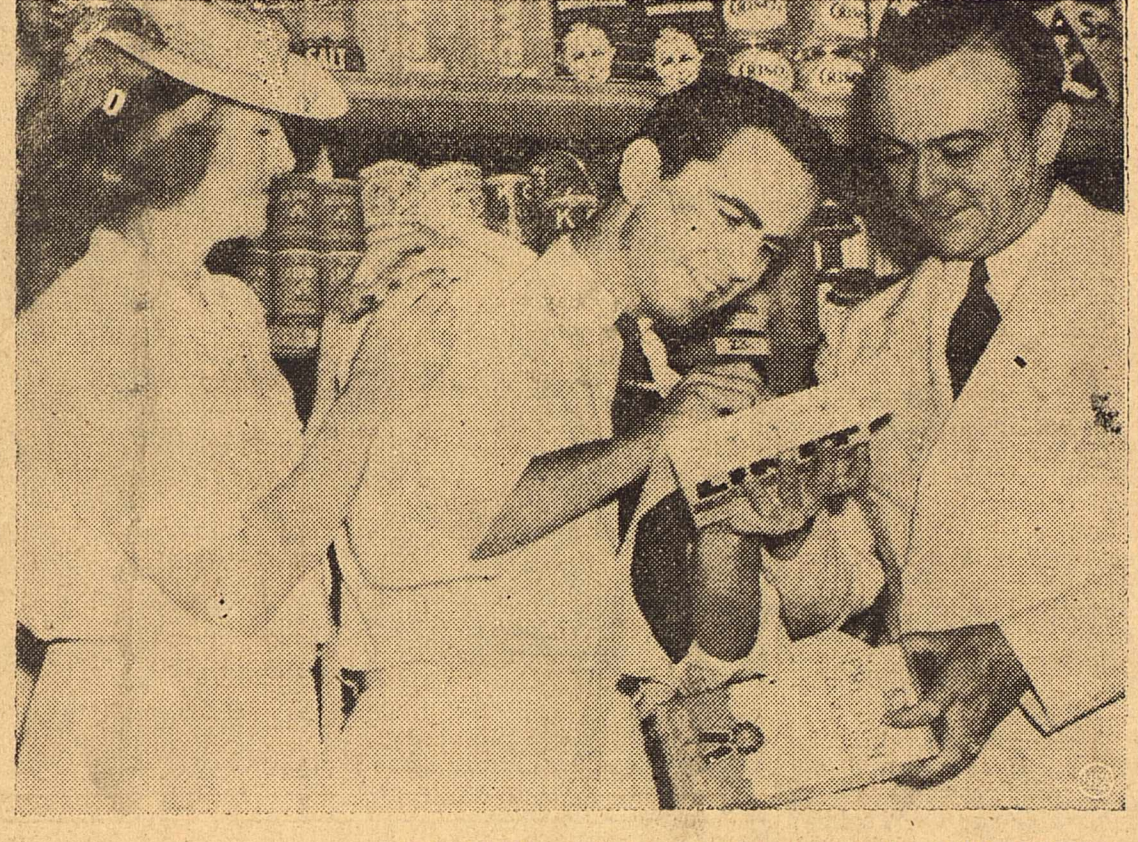

### Ector County

Forest Development Corporation No. 2 Paul Moss, in the south extension area of the Foster pool, cemented 5 1/2-inch pipe at 3,970 feet with 150 sacks and is standing, bottomed at 4,020 feet in lime, while cement sets. Atlantic Refining Company No. 1 Emily Pegues is drilling below 2,250 feet in anhydrite.

Stanolind Oil & Gas Company No. 1-C Midland Farms, possible Holt pay test a mile east of the North Cowden pool, is standing with 8 5/8-inch casing cemented at 141 feet with 70 sacks. Total depth is 150 feet in red rock. The well was See (OIL NEWS) Page 6

## MASS BOMBING RAIDS ARE MADE

### O'Daniel Leads Texas Primaries

Gov. Lee, "Pass the biscuits, pappy," O'Daniel, Mrs. O'Daniel and son, Pat, mark their ballot in a Fort Worth, Tex., grocery store where O'Daniel once peddled flour as a salesman before he established his own flour business. Note cracker box in the Governor's hand.

## Planes in Future To Be Three Times Size of Those Now

BY TEPHEN J. McDONOUGH  
Associated Press Science Writer

WASHINGTON, July 29.—The army corps disclosed today that it is planning for future airplanes three times as large as its present huge four-engine bombers.

Such planes, each big enough to fill a football field and as high as a two-story building, may not be flying for another five or ten years, but aeronautical engineers declared they would be practical.

"The bigger you build them the more efficient they are," one engineer declared.

The air corps now is completing at Wright Field, Dayton, Ohio, a power plant laboratory designed to test engines up to 8,000 horse power, using propellers 40 feet in diameter.

The largest present twin-row airplane engines develop a maximum of 2,000 horsepower. The largest propeller blades now in use are about 16 feet in diameter.

Private aeronautical engineers said the size of the airplane of tomorrow is limited only by the strength of the materials in the cantilever wings, which are built like a steel bridge.

They envisioned the 150-ton airplane as a "flying wing" without tail assembly or fuselage, guided by wing-tips, rudders and elevators, with engines mounted inside and driving pusher propellers on the rear edge of the wing. It would be large enough for passenger cabins and accommodations.

Equipped for military purposes, such planes would be able to carry more than five tons of bombs from American shores to European cities, from Alaska to Japan, or similar distances, drop the bombs, and return without stopping.

## Europe's Supply of Food Declared to Be Ample This Year

WASHINGTON, July 29 (AP)—If Europe's food supplies are "proportionately distributed" during the coming fall and winter, the agriculture department forecast today, there will be no abnormal shortage and "certainly no widespread starvation" among the war-torn peoples.

It raised the question, however, as to whether available supplies could be distributed so as to prevent hunger.

"Communications have been disrupted, distribution disorganized, and people in great numbers have left their homes," said a report issued by the department's foreign service.

"In the larger cities of the recently invaded countries and in other areas where refugees are gathered, food supplies soon may be inadequate. Even where food supplies are for sale, economic dislocation leaves many without the money to buy. The situation is further aggravated by the fact that the armies of occupation will subsidize largely if not wholly on the supplies of the invaded countries."

## Losng Candidates Will Get Something

ABILENE, July 29 (AP)—Bryan Bradley, state representative from Taylor county who was defeated Saturday for county attorney, today invited all defeated candidates of Taylor county, and their wives, to a watermelon feast at the Legion Park here Tuesday evening.

Bradbury, serving his third term in the house, lost Saturday to Theo Ash, justice of the peace, 5060 to 4263.

Said Bradbury: "There will be no political speaking, no cakes will be sold, no names will have to be put on a quilt, no one will have to pay a fee to use a loudspeaker because there won't be any loudspeakers and no winners will be allowed to attend."

## HAS APPENDECTOMY

Mrs. Rex Sackett underwent appendectomy this morning in a Midland hospital. She was reported doing well early this afternoon.

## Americas' Defense Doctrine to Be Adopted by Officials Today

BY THE ASSOCIATED PRESS  
HAVANA, July 29 (AP)—The conference of American foreign ministers in plenary session was expected to adopt today without a dissenting vote the American republics' doctrine of defense against the transfer, by conquest or other means, of European-held possessions in the western hemisphere to any non-American power.

The session was scheduled for 4 p. m. CST.

Final committee action on a project expected by observers here to take its place in history alongside the Monroe Doctrine was completed early this morning, when the peace commission of the conference approved the draft of the convention covering the legal phase of the plan.

The plan itself, embodied in a draft resolution called the "act of Havana," provides that the American republics may establish "regions of provisional administration" in any areas now held by non-American nations which "are in danger of becoming the subject-matter of exchange of territories of sovereignty."

Such administration, which may be put into effect by any one or any group of the American nations if the emergency is too great to permit consultation among the 21 members, would be established only on the understanding that when the emergency passed, affected regions would be returned to their original status or organized into autonomous territories.

Successful drafting of the "act of Havana" and the companion convention was regarded as a considerable personal triumph for U. S. Secretary of State Cordell Hull.

Hull obviously was pleased at having finished the tedious task of phrasing the possessions project to everyone's satisfaction.

"I am glad to say that our work is finished and our docket is cleared," he said.

"The act of Havana," noting that conquest of European-held possessions in the Americas may be attempted "as a result of the present European war" and thus may imperil "the essence and form of American institutions" and that inter-American solidarity "demands a policy of vigilance and defense," points to the "grave menace" of these colonies becoming "strategic centers of aggression against the American continent."

In addition to the report of the peace commission, today's plenary session also will act upon reports of the neutrality and economics commissions.

The economics agreement, which goes hand in hand with the "act of Havana" and its attendant convention, is designed to stimulate inter-American trade and protect the American republics against forced trade relations with non-American nations.

## Recruiting Staff of Army Makes Visit Here

Hundreds of Midland citizens witnessed a demonstration Sunday afternoon of mechanized cavalry equipment, at the court house lawn. Officers and men, comprising a recruiting staff, arrived here at 4 p. m., bringing a band which played concert music. Machine guns, rifles were demonstrated to the crowds, with explanations by officers in charge.

James H. Goodman opened the meeting, on behalf of the local Legion post, and Fred Wemple made a welcoming address, stressing the need of adequate defense and of military training on the part of eligible men. One truck demonstrated was equipped with anti-aircraft guns.

## 3 Truckers Die as Trucks Overtaken In The Guadalupe

EL PASO, July 29 (AP)—Three men were killed today when two trucks careened out of control down a steep pass in the Guadalupe mountains near the New Mexico state line 105 miles east of here.

The dead were members of a six-truck caravan operated by W. J. Park of San Angelo. They were Payne Guthrie, 24, Grady Brazil, 23, and Doyle Powell, 25, all of San Angelo.

According to J. B. Brown, driver of the lead truck, Powell's truck, second in line, suddenly shot by him down the tortuous stretch of highway into Guadalupe canyon, struck a guard wall, overturned and ignited.

Before he could reach Powell, whose gasoline-soaked clothing was ablaze, Brown said the third truck driven by Guthrie hurtled down the grade, sideswiped his own parked truck, and overturned also.

Guthrie and Brazil, a passenger, were pinned in the cabin and killed. Powell was brought to an El Paso hospital where he died early this morning of his burns.

Cause of the smashup, it was indicated, was loss of control of the heavy machines on the heavy downgrade.

## GUESTS FROM LITTLEFIELD

Mr. and Mrs. Archie Dale and son, Don Neal of Littlefield were guests of his brother, J. L. Dale, and Mrs. Dale Sunday. They struck hard at German airbases, oil depots and ships, particularly at large concentrations in Holland.

## IS ADMITTED

Lee McKenzie was admitted to a Midland hospital Sunday.

## Nazi Losses In One Fight Listed at 15

### British Destroyer Admitted Sunk by Germany's Airmen

By The Associated Press

English skies throbbled with the sound of aerial dog fights today as the powerful German air force, repelled with losses in a sunrise raid on the southeast coast, sent hundreds of planes against inland objectives.

Throughout the day Britain's airmen and anti-aircraft batteries battled the high-flying Nazi invaders.

The British officially fixed the German losses in the sunrise attack at 15-eight bombers and seven escorting fighting planes—but indicated the total might run higher. Unofficially it reached 23.

The German attack on the coast topped off a series of night raids, which the British countered with attacks on German-occupied France and the Netherlands.

The British said they bombed German oil tanks at Cherbourg, France, and also dropped bombs on a German air base on the Dutch coast.

In London, the admiralty acknowledged the loss of the 1,120-ton destroyer Wren, 27th to be officially announced.

On the Balkan diplomatic front it was indicated in official quarters at Bucharest that Rumania is willing to cede a narrow strip of Transylvania to Hungary, which claims the province as historic Magyar soil.

While the battle over the English coast raged, the German high command on the continent took action which some quarters regarded as preliminary to the long-awaited final thrust at the British Isles.

This was a German order published by the French government at Vichy halting rail traffic between German-occupied and unoccupied France and barring the return of millions of French refugees to their homes in the conquered territory.

Informed German sources in Berlin, however, declared that Nazi authorities had opened railway and highway traffic at four points in order to speed the return of refugees and to facilitate harvesting.

It was recalled as possibly significant that an order giving the army command of all German railways preceded by a day the invasion of Belgium, the Netherlands and Luxembourg.

Observers of the battle over the coast counted at least 100 German planes, about half of them bombers, as they swooped out of the cloud-streaked sky to the attack.

British pursuit planes and anti-aircraft batteries went into action and the heavens were quickly filled with bursting shells and the wreckage of broken planes as the defenders batted the enemy.

In the Mediterranean area Italy claimed her airmen had chased British armored cars beyond the frontier of Libya into Egypt in a Sunday attack, damaging the cars with bombs and machinegun fire. In an air fight, Italian gunners were reported to have brought down two British planes.

In Hongkong foreign quarters close to the Chungking government said China had unconditionally rejected Japanese overtures to stop the war and conclude a settlement between the two nations—largely, it was said, at the expense of other powers' interests in eastern Asia.

German warplanes, prior to the attack on the southeast coast, were driven out of Wales early today after a three and one-half hours fight with British planes. The British said the Nazis dropped some bombs, but caused little damage.

In a northeast English town, however, three persons, one a woman, were reported killed in an air raid.

An ocean away from Europe's war, representatives of the 21 American republics completed committee action on a proposed resolution and convention designed to bar transfer of European colonies and possessions in the new world to any other non-American state.

The two projects were ready for final action of the conference today.

There was an hour-long encounter Sunday of 60 planes above England's southeast coast, in which the British said five German planes were shot down. Total Sunday losses, the air ministry, said, were nine German and two British planes.

The Germans in their Sunday communique claimed destruction by air bombs of two British destroyers, an auxiliary cruiser and a merchant ship, and by submarine of six armed ships.

The British said that on Saturday night and Sunday morning they struck hard at German airbases, oil depots and ships, particularly at large concentrations in Holland.

## SERIOUSLY ILL

C. E. Trammell is seriously ill in a Midland hospital.

## Adequate Water System Vital In the Building of a City

Announcement by city officials Saturday that a bond election will be called to improve and enlarge the present water system is a matter for deep concern by all tax payers and residents of Midland.

The Cloverdale source of supply is capable of producing far more water than can be pumped through the present system of pipelines, and the increased demand because of a growing population and the warmer summer weather has caused the day's demands to exceed the capacity of the lines.

Emergency measures have been taken through installation of temporary booster pumps to force more water through, but the increase is hardly adequate to the demand. One storage tank, of 100,000 gallons capacity, is being held for emergency in case of fire, while the remaining 1,800,000 gallons of storage are in use daily, that being the approximate carrying capacity of the main line from Cloverdale to the city.

A larger and additional line is needed from the source of supply. More wells probably will be needed from which to pump into additional storage reservoirs. If more land is needed on which to bring in other water wells, now is the time to take care of that demand.

When details of the bond issue are announced, to be based on engineers' estimates, the citizens should act without delay. Much of Midland's present growth has been because of its fortunate abundant water supply. To keep the system adequate for the city's continued growth is vital.

## Worry A New Headache?

No product of the machine age is this word "worry," nor are men of the 20th Century unique with qualm-knit brows amid a world boiling with conflict and confused thinking. Since the dawn of time worry has tormented and plagued mankind, declares James Truslow Adams, noted historian, in a current Rotarian Magazine article, suggesting that we needn't worry about worry, because somehow man has made progress despite it.

There is no yardstick to measure worry, Historian Adams admits, but discovers from "what I have read in history, biography, memoirs, and letters" that man today worries more than his ancestors and the ancients. Why? We are softer, he says, suggesting that we no longer accept suffering as the order of Nature, and that persons on relief today demand things unattainable to the rich a few generations ago.

Other factors conducive to worry are an upset of balanced nervous systems through nonuse of centers controlling physical emotion and overuse of intellectual nerve centers, fearfulness "because we are less self-reliant," unbalance in newspapers and radios playing up the "horror angle," and "the change of emphasis on values and the lack of self-expression," Adams tells Rotarian readers.

## Building the Hemisphere.

There is a lot of talk about the Western Hemisphere these days, especially with an emergency conference of its foreign ministers in session at Havana.

Nearly all this talk is concerned, and properly so, with specific things that can be done to improve the prospects of the western nations—political tie-ups, economic co-operation, military co-ordination.

But we would do well to keep one eye on the other forces which, without benefit of ballyhoo, are gradually building a greater civilization throughout the Western Hemisphere, linking it together as one great unified area.

Canada, for instance, will never be the same after this war, no matter what its outcome. To help defend Britain, it is building vast industries where there were no industries before. The present program is designed to make Canada entirely independent of any outside source for weapons and munitions of war. Every type of weapon and projectile, every type of plane, will soon be produced in Canada itself. Twelve new arms factories were recently announced, and to date more than \$80,000,000 in new plants either has been or is about to be added to Canada's industrial plants.

This means that Canada after the war will be in a far better position to maintain independence, should it wish to do so, or find it necessary to do so, than it was after the last war. It means that a vast area of North America is better able to defend itself than ever before. Greater Canadian industrialization and defense power is an All-American asset.

Meanwhile Royal Dutch Shell moves bodily out of The Hague, and holds its first meeting in Curacao, Netherlands West Indies. Other companies with European headquarters from which American resources were exploited are expected to follow suit.

Brazil is building a great steel industry and her own naval vessels. She is improving her railroads. A second trans-Andean railroad between Bolivia and Brazil is projected. Peru is opening a road system from the Pacific coast over the Andes into the Amazon hinterland. Roads are rapidly building in almost every country.

All this opening-up and industrialization ought to mean greater production, with a higher standard of living, greater interchange of products, and greater defensive ability for all the American countries.

More-clear every day grows the lesson: the world's growth and progress during the next 50 years center in the New World. We must guard well and control wisely that progress.

## Interpreting the War

By DEWITT MacKENZIE  
Associated Press Staff Writer

BY DEWITT MacKENZIE

The hard-handed briskness with which Messrs. Hitler and Mussolini are extending their domination down the Balkan peninsula increases the threat of Britain's great interests around the Cape, and Italy naturally is barred from use of the long ditch.

If Mussolini is able to carry out the operation, he undoubtedly will make a heavy assault on British bases in Egypt and the canal defenses if and when his axis partner attempts the big attack on England direct.

The British are guarding the canal as zealously as they are their own home shores. Indeed, if it weren't for the necessity of maintaining such strong naval aid air forces in Egypt, the home defense would be a good sight stronger than they are now.

possessions on the Red Sea and to Ethiopia.

At the moment shipping through the canal is greatly restricted since Italy came into the war England has diverted her commercial vessels around the Cape, and Italy naturally is barred from use of the long ditch.

If Mussolini is able to carry out the operation, he undoubtedly will make a heavy assault on British bases in Egypt and the canal defenses if and when his axis partner attempts the big attack on England direct.

The British are guarding the canal as zealously as they are their own home shores. Indeed, if it weren't for the necessity of maintaining such strong naval aid air forces in Egypt, the home defense would be a good sight stronger than they are now.

The British are guarding the canal as zealously as they are their own home shores. Indeed, if it weren't for the necessity of maintaining such strong naval aid air forces in Egypt, the home defense would be a good sight stronger than they are now.

## Slight Flurry Is Listed by Steels

By VICTOR EUBANK.

NEW YORK, July 29 (AP).—A handful of stocks, with steels and motors in front, put on a brief rallying flurry in today's market after pronounced early hesitancy.

The run-up came in the wake of this week's official steel production estimate placing mill operations ahead 2.2 points at 90.4 per cent of capacity, a new peak since last December. The increase was a bit more than had been expected.

At the best favorites registered gains of 1 to 2 points. The bulge was short-lived, however, and quotation soon backed down from the top and, in some cases, retreated behind minus signs. Activity broadened for

# The Town Quack

BY GLADWIN HILL

It was so hot that—  
A New York zoo polar bear died of exertion swimming to keep cool;  
A horse in Wadena, Minn., lay

a while, then quickly dwindled. Transfers for the five hours were around 250,000 shares; still one of the low volumes of the past 22 years.

Aside from the optimistic slant on steel output, traders generally had the idea the market was pretty well liquidated, with a good chance of turning. In addition, Wall Street seemed cheered by the apparent strong resistance of the British to German air raids, although the war picture still was far from clear. Tax and political problems remained as speculative handicaps.

In the advancing group at one time or another were U. S. Steel, Youngstown Sheet, Chrysler, General Motors, Crown Cork, Consolidated Edison, Eastman Kodak, Kenecott, General Electric, Great Northern, North American and the Southern Railway.

Backward most of the day were United Aircraft, Sperry, Standard Oil of N. J., Sears Roebuck and Loft.

Cats were regarded as sacred animals in ancient times, and, as such, enjoyed popular reverence. Later, however, they came to be associated with evil.

down in his trough and wouldn't get out until it was drained;

A thermometer in Farmville, Va., went up to 135 in the sun and then exploded;

A judge in Fort Dodge, Ia., postponed a pig-pilferer's sentence until cooler weather;

And an Osage, Ia., farmer shaved off the beard he had worn for 50 years.

Yet while everybody else was sweating—

A Mississippi woman drove into Fort Wayne, Ind., gas station and, the thermometer hit 99, ordered a heater installed in her car;

Residents of the Caribou National Forest in Idaho (7,000 feet up) had to drain their auto radiators at night to keep them from freezing;

An Indian brave on a Warren, Pa., reservation coolly predicted a cold winter;

And the Clarinda, Ia., city council boosted its snow removal budget!

Some other possible manifestations of the heat:

An Oklahoma woman wrote the Kentucky agriculture commission to find out how to pick a winning horse;

The prizes at a big Honesdale, Pa. dog show went to two boys;

A fugitive from the Pike county, Ky., jail wrote the sheriff that he'd come back when the new jail was finished;

A Des Moines, Ia., woman protested vigorously when her pension was doubled;

The president of the Queens College, New York, refused a \$3,000 raise;

An Orangeburg, S. C., firm posted a notice telling yeggs the combination of the safe;

And a ghost seen only at a seance was named co-respondent in a Los Angeles divorce case—and a subpoena was issued for it!

Heat gag of the week: As the temperature hit 100 degrees in Fayetteville, N. C., a fugitive tried vainly to escape from town in a wagon—swathed in blankets. The sheriff, the (AP) correspondent added, put him in the cooler.

Young People Will Be In Charge of Worship Service

"Harmonizing Racial Differences" was the subject of the program presented at the meeting of the Senior League at the Methodist church, Sunday evening, Carolyn Oates was leader.

Scripture for the day was presented by Nellie Terry. Mrs. Jesse Barber spoke on "Racial Similarities Are Greater Than Differences."

Elinor Hedrick discussed "Hatred Produces Hatred." The young people of the church will be in charge of the evening worship service next Sunday, the last worship service to be held in the church auditorium as it now stands.

They will meet at the home of Mrs. Ross Carr, 505 W. Storey, this evening at 7:30 o'clock to plan the program.

About 18 young people were present. Intermediate League.

The fifth chapter of Matthew was studied by the Intermediate League in its meeting. The lesson was in the form of an open discussion.

Mrs. Noel G. Oates was leader-sponsor. A 15-minute song service was held. The group voted to pay \$5 on its yearly pledge.

Mrs. E. V. Guffey will be sponsor for the next two Sundays while Mrs. Oates is away on her vacation, it was announced. Present were: Jack Noyes, Homer Norman, Audie Merrell, Deneva Barbell, Alen Kelly, Marie Barber, Mary Kathryn Taylor, Colleen Oates, Gordon Watson, Alene Andrews, Alex Oates, Elaine Hedrick, Norma Jean Slice, and Mrs. Oates.

Willkie Says Demos Should Vote for Him

COLORADO SPRINGS, Colo., July 29 (AP)—Wendell L. Willkie said today "the only democrats who won't vote for me are those bound by regard for parties or controlled by the corrupt and nauseating party machines that dominate some major cities."

"I don't see any reason," the republican presidential nominee told his press conference, "why a democrat should not vote for me in preference to the president."

"I don't see why any democrat who subscribes to the party platform of 1932, who subscribes to the historic principles of the party or who subscribes to the principles of Woodrow Wilson should not vote for me—not on the basis of personality but on the basis of what we respectively believe and advocate."

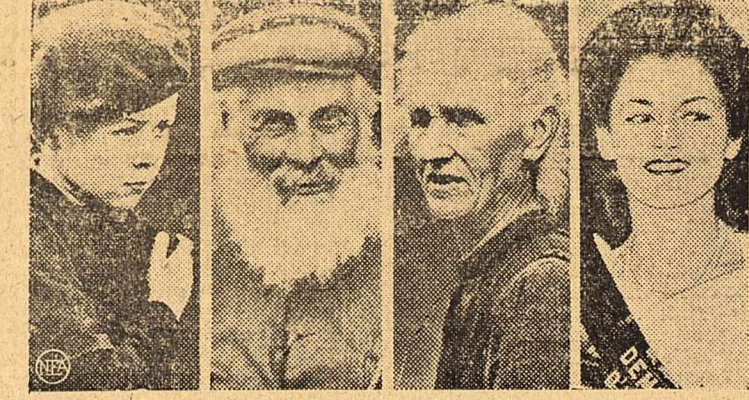

LAND MAN LEAVES John E. Kelsey, district land man here for Sinclair-Prairie Oil Company for the past several years, has left for Corpus Christi where he will be employed in a similar capacity by the company.

His successor will be C. W. Chancellor, formerly Sinclair-Prairie land man at Oklahoma City. Chancellor is expected to arrive in Midland Aug. 1.

Benjamin Franklin was the oldest signer of the Declaration of Independence. Average age of the signers was 45; Franklin was 70.

During 1938, London had 7060 fires. Only seven persons lost their lives through being trapped in burning buildings during that year.

Writer Tours Fascist France, Finds Common People Are "Taking It"

The people of France—typified by a Paris gamin, two ancient peasants and a dark beauty—are showing themselves able to take it under the heel of the Germans.

By JEAN GRAFFIS Paris Manager, Acme Newspictures. BORDEAUX, France.—The French are proving they can take it.

To placate their one-time enemies, many glad hand the Germans. To show their support of the Pe-tain government, many proclaim their dislike of the British.

Once republican homebodies, now they are totalitarian nomads, living on their dwindling savings, far from their homesteads, hedged about both by German and French restrictions.

In a 750-mile tour of the occupied and unoccupied regions of France, I have just seen French people of all classes and under all circumstances rationalizing their fate.

From the comparatively quiet, orderly life of Bordeaux, I went by train by bicycle, and on foot almost to Marseilles and returned through the heart of the unoccupied zone.

Amazingly enormous crowds are fleeing the occupied region. Leaving Bordeaux on an overcrowded third-class train many rode on the steps, even on the couplers, in the erroneous belief that Paris and the northern departments of France were more easily attainable via Vichy.

Thin babies, the aged, and the crippled often were packed in cars for 14 hours at a stretch without relaxation and without food except for slim meals of sandwiches and conservers.

TRAIN COASTS TO SAVE FUEL. CROSSING the elevated part of France known as the "massif central," the engineer cut off the power at every hilltop and coasted down to conserve fuel. The trains I boarded were conductorless so that the trip seemed as limitless as on the New York subway.

No papers were required in the zone occupied by the German troops, and passage from there into the unoccupied region was unnoticeable.

The hopefulness of the passengers was apparently justified upon arrival at Vichy, where the presence of the new French government falsely indicated escape from the rigors of being refugees.

The real situation is more apparent at Clermont-Ferrand, where the backwash of refugees reaches its high tide. There extemporaneous political forums operate night and day in all quarters of the town.

Poilus Who Aid England

POILUS who do not accept the French surrender as final continue the struggle against Nazis as allies of Britain. They are led by Gen. Charles de Gaulle, shown above reviewing some of French Volunteer Legion in London.

# COWBOYS CATCH UP BUT LOSE OUT IN LATE INNINGS TO HUBBERS

## Team to Play In Lamesa for Next Two Days

The Midland Cowboys almost broke their losing streak Sunday afternoon here by Lady Luck frowned on them again in the closing innings and they dropped their fourteenth in a row, Lubbock taking a 10-8 decision.

The score was tied up at the end of the seventh frame but the Hubbers managed to pick up one run in the eighth and another in the ninth to cop the decision.

The Cowboys left today for Lamesa where they will be for the next two nights, returning home Wednesday against the Amarillo Gold Sox for the first of seven games at home.

Yesterday's game was a ding-dong affair throughout with the Cowboys facing an uphill pull all the way. They finally managed to tie up the score in the seventh, only to see a couple of breaks give the Hubbers the game.

Some swell relief pitching by Morrie Engle went to waste as a result of the loss and he was listed as the losing pitcher. He went into the game in the second inning and struck out 11 men while giving up only six hits the remainder of the way only to lose out.

"Lefty" Kanagy started on the mound for the Cowboys and had less than nothing on the ball before being derelict with one man out in the second inning. Pitcher Pat Ralsh went the distance for the victors although he was in frequent trouble. The eighth frame was the only one in which he managed to retire the Cowboys in order.

Barney Barnhill, Midland second baseman, turned in a perfect defensive day with the putouts and four assists, two of the plays being on the sensational side. In the fourth inning he robbed Schweda of a sure hit by racing far into right center and taking his high pop fly over his shoulder and killed a Lubbock scoring threat in the sixth when he knocked down a hard grounder by Hajduk and threw out Schweda at home.

The old first inning jinx continued to haunt the Cowboys yesterday. Niedziela opened the game with a double and promptly scored on a single by Drake. Schweda walked and Hajduk doubled to score both men. Watkins and Schlereth were out but Hajduk moved up to third on a wild pitch and when Castino walked they pulled a double steal to let Hajduk score.

The Cowboys got three of the runs back in their half. Barnhill led off with a single into left and moved up a notch on Greer's Texas Leaguer over third. Williams and Naranjo were out but Hale came through with a triple to score both men and Moore followed up with another double to score the manager.

The visitors picked up another in the second. After Ralsh had been retired Niedziela singled. Drake walked and Schweda singled. That was all for Kanagy and Engle took over. He struck out Hajduk and made Watkins pop out to end the scoring.

The Cowboys got one of the runs back in the third on a one-run homer by Naranjo but dropped two runs behind again in the fifth when the visitors got two runs on singles by Schlereth and Castino and a double by Mahan. Another Cowboy

## WOBBLY RIVALS MAY PERMIT YANKS TO BACK INTO PENNANT FOR FIFTH TIME

By HARRY GRAYSON  
NEA Service Sports Editor.  
NEW YORK. — Although unable to put on a sustained drive even with Joe DiMaggio in full stride again, the Yankees erased half of a 10-game deficit in three weeks.

While Joe McCarthy still confidently expects a vast improvement, he has been cheered to date by DiMaggio and the pitching of Charley Ruffing.

It is the staggering of the Tigers, Indians and Red Sox which lends McCarthy . . . and the Yankees . . . the most encouragement.

In view of the New York club's miserable start, the Yankees contend Cleveland and Detroit—especially the former outfit—should now be 10 games in front, yet here they are fluttering around the .600 mark, and rapidly showing no signs of getting any better.

DETROIT'S ancient infield has cracked up already. Cleveland has the mechanical ability, but the Redskins are loosely managed and are not exactly one big happy family.

Boston's pitching doesn't come close to matching its power. If something would happen when the ball bounces off the bat of Bill Dickey, who continues to struggle along with a mark of .220, or if Charley Keller gets as hot as he was last fall, the Yankees feel they would be a lead-pipe cinch.

They figure it is about time they started making a few breaks for themselves. Certainly enough have gone against them.

## ABOUT TIME THEY MADE BREAKS FOR THEMSELVES.

Several are due to join YANKS' UPLIFT MOVEMENT.

PITCHING has been good enough, and there is plenty of it for double-headers that lie ahead.

If they had won just a few more of the close ones, they would be on top, and long hits off what used to be the booming bludgeons of Dickey and Keller would have meant the difference.

The main trouble with the Yankees to date has been that they have never been straightened out longer than momentarily. The inevitable 'stodown has followed. They lack the resiliency of past years. They have lost the knack of bouncing back quickly, following disappointing defeats.

But several are due to join Joe DiMaggio and Red Ruffing in the uplifting movement.

They easily may have enough left to win again.

It is now obvious they haven't too much to beat.

Joe DiMaggio really swings it.

As bad as they have been, the Yankees in recent weeks have been more formidable than the other first division clubs in the American League. They are slovenly only by comparison with their spectacular form of the last four campaigns.

## SEVERAL ARE DUE TO JOIN YANKS' UPLIFT MOVEMENT.

PITCHING has been good enough.

evitable 'stodown has followed. They lack the resiliency of past years. They have lost the knack of bouncing back quickly, following disappointing defeats.

But several are due to join Joe DiMaggio and Red Ruffing in the uplifting movement.

They easily may have enough left to win again.

It is now obvious they haven't too much to beat.

## Four Runs in Eleventh Give A's Victory Over Buck Newsom

By JUDSON BAILEY  
Associated Press Sports Writer.  
"You can't win 'em all," they say in sports, and Big Buck Newsom came to an end of his 13-game winning streak Sunday. Newsom stayed around too long. He had a 5-2 lead going into the sixth inning. This was shaved down to a tie score in two innings and finally the A's exploded four runs in the 11th.

The defeat lost Detroit half a game of its American League lead as the Cleveland Indians divided a doubleheader with the Washington Senators.

Al Milnar's seven-hit hurling enabled the Tribe to take the first game 6-3. In the second they ran afoul of six-hit slinging by young Sid Hudson and were crushed 9-1.

The New York Yankees staved off the spectre of the second division by splitting two games with the Chicago White Sox. It took a spectacular home run barrage for the world champion to win the first game 10-9. Charley Keller hit three home runs, Joe DiMaggio two and Babe Dahlgren one.

In the second game the Yankees

were stifled by the five-hit flinging of Lefty Thornton Lee as the Sox won 8-4.

The Boston Red Sox swept two games from the St. Louis Browns 3-1 and 13-10.

The Cincinnati Reds gave up a game of their big lead in the National League by splitting a bargain bill at Philadelphia while the Brooklyn Dodgers took two from the St. Louis Cardinals.

The Reds' 4-1 loss in the second game was charged against Bucky Walters. Jim Turner checked the Phillies on seven safeties in the first game to win 7-2.

The Dodgers' twin triumphs, 3-0 and 7-4, ended a six game losing streak for Brooklyn and a four-game winning string for the Cards.

The surging Pittsburgh Pirates swept two from the Boston Bees 5-2 and 7-3 to pass the Cards and take fifth place while dropping Boston into the cellar.

The New York Giants ended a three-day hitting famine by getting ten safeties in beating the Chicago Cubs 8-4.

## Rebels Take Two From the Indians To Narrow Race

By The Associated Press  
The Oklahoma City Indians will have to stop skidding soon or they will undo all the good work they did for Manager Rogers Hornsby earlier in the month.

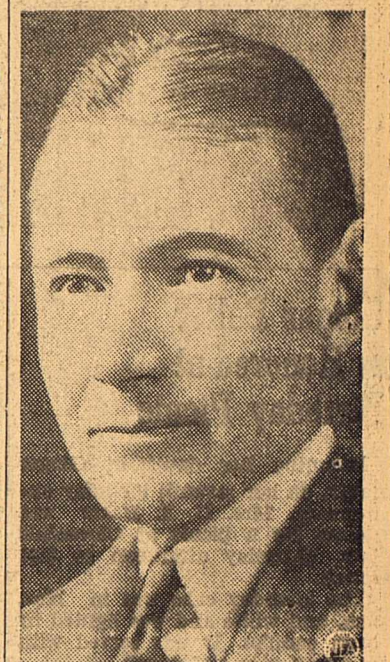

The Dallas Rebels whipped the Redmen twice yesterday 11 to 9 and 4 to 1. As a result the Indians hold fourth in the Texas League standings by only a game and a half, and are but three games in front of the seventh place Shreveport Sports.

The Sports got an even break yesterday with the pace-setting Houston Buffs, taking the first game, 3 to 2, and dropping the nightcap, 5 to 4.

The Tulsa Oilers stayed within striking distance of the first division by dividing a double bill with the lowly Fort Worth Cats. Old Fred Marberry kept nine Oiler bingles scattered in the opener, which the Cats won, 8 to 2. Tulsa took the afterpiece, 4 to 3.

The second-place San Antonio Missions widened their margin over the third-place Beaumont Exporters by downing Beaumont, 6 to 3.

## Heads Pro-Willkie Democrats

Lewis W. Douglas, above, President of the Mutual Life Insurance Co. and former Director of Budget under President Roosevelt, is one of four anti-third term Democrats whom Wendell Willkie recently named as a nucleus around which other dissatisfied Democrats "can coalesce" in support of Willkie.

## Alice Marble, Riggs Retain Their Crowns

SEA BRIGHT, N. J., July 29 (AP)—Mary Hardwick, the courageous little English girl, has seldom played better tennis in her life than she did yesterday in the finals of the women's singles of the Sea Bright invitation tournament.

Yet she lost to Alice Marble 6-2, 6-0.

The little blond Californian, queen of the world's tennis courts, was at the top of her game and was not to be denied.

National champion Bobby Riggs won the men's singles against young Frank Kovacs and had to call on every stroke his racket could produce and force himself to the limit before retiring the Sea Bright bowler by scores of 2-6, 0-6, 6-3, 11-9 and 10-8.

## Ramblers Capture 8-7 Win From the Odessa Boys' Team

The Midland Ramblers journeyed over to Odessa Sunday and pinned an 8-7 defeat on the Ector county boys.

After the Ramblers had opened the game with three runs, Odessa came back to tie it up in their half and went three ahead in the second inning. They held a 7-4 lead until the fifth when the Ramblers put together three hits and a walk for three runs to tie the score. They won the game in the seventh on consecutive doubles by Miles and Gayle.

Terrell Miles led the Midland boys with three hits in four trips to the plate.

Russell Holster saved the game for Midland by some perfect relief hurling in the last two innings. After the tiring Bobby Walker had filled the bases in the eighth with no one out, Holster went in and struck out the next three men to prevent any scoring. He repeated on the first three men to face him in the ninth.

The Midland team was composed of Gayle, White, Wright, Dorsey, Holster, Miles, Lanham, Stickney, Walker.

Score by innings:  
Midland . . . . . 300 031 100—8 13  
Odessa . . . . . 331 000 00—7 10 1  
Walker, Holster and Wright; Thacker, Beavers and Henderson.

## Dodgers Ever Great to Brooklyn Fan

By NEA Service  
NEW YORK.—A reporter asked a Brooklyn fan how he and his friends felt about having a pennant contender to cheer for at last.

"Brooklyn is a borough of New York City built around Ebbets Field," replied the filbert, "Manhattan where dem lousy Giants come from, is one of our lesser suburbs. Those Dodgers of mine always have been great . . . even back in the screwball days when Uncle Wilbert Robinson stopped at cab stands and argued wid them hackies about who'd do the holim—and take their advice."

## Oliver Captures St. Paul Open in Furious Last Round

ST. PAUL, Minn., July 29 (AP)—The kid with the candy-striped shirts was having the last laugh today—and it was a big enough one to shake every one of his 230 pounds.

For Ed (Porky) Oliver, of Hornell, N. Y., was feeling very good about this game of golf which in the last seven months has seen him skyrocket to national attention. He had a check for \$1,600 as his reward for winning the St. Paul Open and the satisfaction of knowing since January 1 he has won three championships of golf's money circuit.

He thinks he has at last convinced most everyone his 287 in this year's National Open was no fluke.

"Boy, it felt great to win yesterday," he said. "Sixteen hundred dollars is a lot of money. I'll admit I felt bad about being disqualified in the Open, though I'm blaming no one for that. But I feel that if I can keep playing well people will believe that 287 wasn't all luck."

The "people" who saw the likeable 23 year old youth score a 276 for 76 holes at Keller course are convinced he has a real golf game.

In a furious stretch drive, he caught and passed Dick Metz of Oak Park, Ill., who with Willie Goggin of Chicago finished with totals of 277.

## Sports Roundup

NEW YORK, July 29 (AP)—Johnny Ray, manager of beatuteous Billy Conn, better quit hollering for a shot at Joe Louis till he gets his boy past Pastor . . . One of the judges who voted Billy lost that decision over Ken Overlin in the rain at Scranton also judged the first Dempsey-Tunney fight in Philly—in the rain . . . (No quips about him being all wet, please) . . . New Orleans papers are dusting off their brightest adjectives for Harry Weekly, a lightweight comer.

## THE POET'S CORNER

The Colonel's snore again are we  
A member of his "Junior Varsity"  
While he rests and takes things easy  
We've got to keep his column  
Brietz-y!

Here 'n' there: Old Firpo Marberry is still doing a swell pitching job down Fort Worth way . . . Because of the war, England's greyhound breeding will be shifted to Bermuda . . . Babe Pratt, Alex Shibiaky and Al Collings of the New York Rangers hockey team have enlisted with the Royal Winnipeg Rifles . . . Anybody need a good first-baseman? Here's 20-year-old Buck Eichinson of Welch in the Mountain States league, whose .408 batting average is the real McCoy.

## TODAY'S GUEST STAR

Nady Cates, Winston-Salem: "The gals may meet the guys on equal footing at the cocktail bar but no amount of emancipation will bring them up to men's level on the golf links . . . It's thoughts like these that buck up the poor male when he reflects upon his rapidly disintegrating 'man's world.'"

## LOOK WHOSE HOLLERING!

Thanks to the debate team, William Jewell college's football team will take an honest-to-gosh trip this fall, meeting Wake Forest. The debaters got so many long trips the pigskin punishes (who only got whistle stops) hollered "overemphasized" and to quiet 'em, the Wake Forest game was arranged!

The Tulane stadium is being used as a barn these days for the horses Coach Red Dawson absent-mindedly bought at the Baton Rouge auction. Johnny Cooney, the 38-year-old Boston Bees outfielder is having quite a time living up to the family reputation. His pappy was a star on Pop Anson's team and his son is a star at Sarasota high school.

It is reported that headlights have been completely standardized for practically all makes of cars for the first time in the history of the automobile industry.

Wasps paralyze their prey by stinging, and seem to know the vital spots of each type of victim.

## "Rajah" Reported To Be Enroute to Big Leagues Again

By SID FEDER  
NEW YORK, July 29 (AP)—The little birdie lit on the edge of the typewriter today, leaned over and whispered the pleasant report that Rogers Hornsby is on the way back to the Major leagues.

Naturally, the Rajah himself "ain't talkin'" other than to say he "can't give any information" just now. But the tip is around that there's a very good chance the greatest righthand hitter of his time will be boss man of a big league outfit again, come 1941. This much is certain—he has told friends he expects to be back.

The whisper doesn't include the spot where he'll land, although such places as St. Louis, Cleveland and Chicago are mentioned.

For the time being, the stormy weather man has been doing a right fair job with the Oklahoma City outfit in the Texas league this summer. He took a club with not too much in the way of material and has 'em smelling first division atmosphere. Previously, he ran Baltimore in the international league, to which he "graduated" from the St. Louis Browns three years ago.

## "Tot" Warrington Wins Three Places In Boat Race Meet

"Tot" Warrington of Midland yesterday captured two firsts and a second place in the Concho Yacht Club's first boat racing event held on Lake Nasworthy at San Angelo.

Miller picked up his first place in the 25 horsepower boat race.

Warrington won first place in the 35 horsepower motorboat race, second in the open relay race and first in the free for all race.

Miller picked up his first place in the 25 horsepower boat race.

Great Britain and Germany annually produce a millions tons of gasoline from coal, through the chemistry of synthetics.

**John Bullish Movement in London Stock Market**

Determined not to sell England short, members and clerks of the London Stock Exchange undergo military training at night. Aged from 16 to 70, they drill with rifle, bayonet and Bren gun to defend the building against a sudden attack.

**Britain's Home Defense Takes No Chances**

British local defense volunteers have developed a "safety first" technique in stopping motorists for identification. Carefully standing out of line of fire, one guard receives the driver's credentials, while his comrade "covers" him with rifle from behind the tree.

**Wool Market**

BOSTON, July 29 (AP)—(U. S. Dept. Agr.)—Domestic wools were moderately active in Boston today and prices were generally steady to firm. Demands continued to be mostly for the finer grades of territory wools in original bags at 83 to 85 cents, scoured basis, for wools of good French combing lengths and 30 to 33 cents for average French combing lengths. Very little interest was shown in the medium grades of territory or fleece wools but the low quarter blood grades were in good demand.

**Stocks in the Spotlight**

**British Business Men Arrested by Japanese Police**

TOKYO, July 29 (AP)—The foreign office disclosed today that arrests of Britons Saturday were made by military police under the direction of prosecutors "as the first step" against an alleged "British espionage network covering the entire country."  
 (Reports in Shanghai said 11 prominent British business men had been seized for undisclosed reasons in raids in five Japanese cities. British circles charged they were partly the result of German pressure.)  
 The foreign office statement declared the arrests were made "in view of ever-increasing activities of foreign organs of espionage in this country."  
 (The arrests were confirmed in London, where it was expected the British news agency said British Ambassador Sir Robert Leslie Craigie was trying to arrange for release of the arrested men.)  
 Domei, Japanese news agency, reported one imprisoned Briton, Melville James Cox, veteran Reuters correspondent, had jumped to his death from the second floor of the Tokyo gendarmerie headquarters while the Japanese authorities were questioning him.  
 He was arrested, a foreign office statement said, on a charge of espionage and flung himself through a window despite the efforts of guards to restrain him.  
 In the progress of the investigation, it added, it was believed Cox became convinced he could not escape conviction.  
 His widow was reported to be staying at the British embassy with Lady Craigie, wife of Ambassador Sir Robert Leslie Craigie.  
 Domei said Cox left a note pencilled on an envelope which apparently was intended as his will. It said:  
 "See Reuters re rents. See Cowley re deeds and insurance. See H. K. G. re balance and shares in London."  
 "I know what is best always, my only love. I have been well treated, but there is no doubt about how matters are going."

**Oil News--**

Read The Classifieds.

spudded Saturday.  
 The same company's No. 1-D J. L. Johnson, northeast offset to a north extension producer in the Johnson pool, is cleaning out shot-hole at 4,243 feet, having swabbed 42 barrels of oil and 28 barrels of water during the past 48 hours.  
 Stanolind No. 43-C J. E. Witcher, in the Foster pool, flowed 1,284.54 barrels of 33-gravity oil, with gas in the ratio of 435-1, following 575-quart shot in pay from 3,900 to 4,110 feet, total depth.  
 In the Cedar Lake pool of northeastern Gaines, Stanolind No. 3 American Warehouse Company is drilling lime at 4,530 feet; its No. 1 Bremont is drilling at 2,055 feet in anhydrite topped at 2,036 feet, according to driller's pick.  
**Glascok County.**  
 Moore Brothers of Midland No. 1 H. S. Currie, in the southern part of the county, had drilled unchanged to 4,086 feet in black shale and lime.  
**Hockley County.**  
 Magnolia Petroleum Company No. 1-B Mallett Land & Cattle Company, linking well of the Duggan and Slaughter pools, is flowing to clean out after acidizing with 6,000 gallons in third stage. Total depth is 5,044 feet in lime.  
**Howard County.**  
 M. L. Richards No. 1 Thelma J. Cole, wildcat in northeastern Howard, is drilling lime at 2,875 feet.  
**Pecos County.**  
 Taubert, McKee & Siemoneit No. 1 Mrs. V. W. Crockett, northern Pecos Ordovician test, this morning was drilling at 1,260 feet in anhydrite and sand. Yates sand is believed to have been encountered, but top has not yet been announced.  
 Plymouth Oil Company No. 1 Richard Levy et al, also scheduled to test the Ordovician in northern Pecos, is drilling lime and chert below 6,130 feet.  
 In the White & Baker pool, Cardinal Oil Company No. 1 White & Baker pumped 28.45 barrels, net oil, plus 48 per cent water, after shooting with 80 quarts. Pay was topped at 1,809 feet, and hole is bottomed at plugged-back depth of 1,821 feet.  
**Ward County.**  
 Sinclair-Prairie Oil Company No.

**MAKES INSURANCE TRIP**

John W. Hix left yesterday for Colorado Springs, Colo., as guests of the Lamar Life Insurance Company, of which he is agent, having won the trip as a member of the "All Star Club." He ranked fifth in June and ninth for the year in the club contest and was a member of the "consecutive weekly" club for 576 weeks.

**Thanks**

I wish to thank most sincerely those citizens who voted for me in the Sheriff's race Saturday.

**A. R. (Slim) Green**

**O'Daniel--**

(Continued from page 1)

Head was leading.  
 Senator Vernon Lemens of Waxahachie was leading Rep. Leland Johnson of Waxahachie in the twelfth district, moving toward another runoff.  
 In district 7, T. C. Chadick of Quitman was slightly ahead of Senator Will Pace of Tyler.  
 In district 18, Senator Morris Roberts of Pettus had a lead over former Rep. Fred Mauritz of Ganado. A runoff was certain.  
 Other runoffs will be in districts three and thirty-one, where Senators John S. Redditt of Lufkin and Clint C. Small of Amarillo were retiring.  
 In the former the runoff will be between R. C. Musselewhite of Lufkin and Oen C. Ramsey of San Augustine, and in the latter between Rep. Max Boyer of Ochiltree and Grady Hazelwood of Amarillo.

I am grateful to the people of Midland for the result of Saturday's election; I am so grateful to each and everyone who helped me that I know no words to say any more.

At the same time I wish to congratulate Joe Mims upon his receiving the splendid vote that he did.

**Merritt F. Hines**

**TO MY FRIENDS**

Even though defeated in the race for Sheriff, I wish to express my sincere thanks to those who supported me in Saturday's election.

**A. B. (Slim) Stickney**

I WISH TO EXPRESS MY SINCERE APPRECIATION TO YOU, MY FRIENDS, FOR YOUR CONFIDENCE IN MY ABILITY TO SERVE YOU AS TAX ASSESSOR-COLLECTOR OF MIDLAND COUNTY. I WILL FULFILL THE DUTIES OF THIS OFFICE EFFICIENTLY AND WILL CO-OPERATE WITH YOU IN EVERY WAY POSSIBLE.

**J. H. Fine**

I wish to thank each voter who voted for me in Saturday's election and may I ask the good will of everyone in Midland county.

I Remain  
 Yours Very Truly,

**Neal D. Staton**

**MANY THANKS**

I wish to thank the Midland county citizens who voted for me in Saturday's race for sheriff. I shall greatly appreciate your continued support in the runoff primary August 24.

NEUTRAL EIRE, the back door to invasion-threatened Britain, maintains a sharp vigil against Nazis. Above, on rocky promontory, Irish soldier scans the sea while his colleagues rest at a lookout shelter.

**Debate on Military Conscription to Be Delayed in Congress**

By The Associated Press  
 WASHINGTON, July 29 (AP)—A delay in congressional debate on peacetime conscription appeared likely today, in view of "compromise" talk designed to avert a stiff floor fight.  
 While John L. Lewis, CIO president, and Senator Taft (R-Ohio) joined the opposition to compulsory military training, Senator Barkley (D-Ky.), the majority leader, said he favored giving members time to study the issue.  
 Barkley made it clear he personally approved of some sort of a conscription program, but his comment raised the possibility the senate might not take up on Wednesday the Burke-Wadsworth bill, as originally planned.  
 Influential democrats said they wanted to "make haste slowly" with the manpower phases of the defense program. The house military committee will resume hearings tomorrow on the conscription legislation.  
 The Senate military committee completed Saturday the text of the training bill, which would authorize registration of 42,000,000 men from 18 to 63, inclusive. It contemplates drafting by Oct. 1 about 400,000 men from 21 to 30, inclusive.  
 Suggestions for a compromise centered on a proposal to substitute military training of men between 21 and 25.

**"Minute Men" of Marine Corps to Be on Both Coasts**

WASHINGTON, July 29 (AP)—The mechanized "minute men" expeditionary force of the marine corps will be divided between the east and west coasts, official circles heard today.  
 Under the reported plans, two transports and two destroyers will be assigned to each coast.  
 Well-informed persons said the ships' interiors would be rebuilt into huge hangar-like rooms which would quarter officers and men, and would store light tanks, machineguns, anti-aircraft and other artillery, armored cars, motorcycles and possibly four naval amphibian planes to carry parachute troops.  
 Deck and sides may be armored, and deck guns up to six-inch calibre may be mounted, in order to put up a fight against an attacking destroyer.  
 Six heavily armed defense battalions will become part of the fleet marine force, which already is divided between posts in the Atlantic and Pacific.

**Webb Faces Runoff For Ector Sheriff**

ODESSA, July 29 (Special)—Reed-er Webb, veteran sheriff of Ector county, today faced a runoff with Bill Marrs in the August 24 election after a complete count of votes showed Webb lacked about 150 votes of having a majority over Marrs and Redding, the third candidate in the field.  
 Webb polled 1618 votes, Marrs 1385 and Redding 265.

**Defense Checkup Is Instituted by FDR**

NORFOLK, Va., July 29 (AP)—President Roosevelt began a check-up on sea, land and air defenses at the mouth of Chesapeake Bay today with an inspection of the Norfolk navy yard, where the new battleship Alabama is being built.

His yacht, the Potomac, brought him here on a leisurely cruise from Washington.

A schedule which compelled him to keep on the go until late in the day called for a stop at the naval operating base, a trip across famous Hampton roads to old Point Comfort, and additional inspections at Fort Monroe, Langley Field and the Newport News shipbuilding and dry dock company.

The president brought with him Frank Knox, secretary of the navy; Harry L. Hopkins, secretary of commerce; Chairman Vinson (D-Ga.) of the house naval committee; Chairman Sheppard (D-Tex.) of the senate military committee, and members of the White House staff.

ABILENE, July 29 (AP)—Dr. W. R. White, pastor of the First Baptist church of Oklahoma City, today accepted the presidency of Hardin-Simmons University.  
 Two months ago Dr. White rejected a first offer to be president of the university to succeed the late Dr. J. D. Sandefer, pioneer West Texas educator who died after serving the West Texas Baptist school for 31 years.  
 Dr. White arrived here today to confer with the trustees.
