Germans, Britons Trade Air Raids

Parents of Kidnaped Child Unable to Contact Abductor

No Word Received Since Small Boy Snatched From Nurse Late Friday In Hillsborough, Calif.

\$100,000 In Ransom Money Declared Ready For Delivery; Police, Federal Officers Withdraw To Leave De Tristan Free Hand

HILLSBOROUGH, Calif., Sept. 21.—"There has been no contact with the kidnaper." Those words came through the dread silence of the De Tristan home today, 24 hours after three-year-old Marc, scion of several wealthy families, was abducted by a man who left a demand for \$100,000 ransom.

The money was ready, to be paid for the safe return of the little boy, son of Count and Countess Marc De Tristan, socially prominent members of this exclusive neighborhood.

The kidnaper, who signed the ransom note as "unconventional eccentric," had a free hand, police said, to open negotiations with the family. Police and federal agents withdrew from the case at the family's urgent plea, lest the kidnaper's threat of "fatal results" of interference be carried out.

But the dark, middle-aged man with the hook nose had made no attempt to communicate with the parents, a member of the immediate family confided today in a broken voice. Through the medium of a classified advertisement in a San Francisco paper, the De Tristans had carried out the kidnaper's first instruction—to signify willingness to meet the ransom note demands.

The curly-haired little boy was snatched from his nurse yesterday on a roadway near the De Tristan estate. In a scuffle with the abductor, the nurse, Mary Foley, 50, was knocked to the ground. The kidnaper lost his hat. The hat, the ransom notes and a meager description of the man and the kidnap car were the only clues. But federal agents said many cases had been solved through less significant clues than these.

October 16th Day to Register, What Will Happen?

October 16 will be a red letter day to about 15,500,000 young Americans. That is the day to register with their local draft boards. Here is what will happen:

Men will register in their voting precincts. Each man will fill out a card and a registration certificate. The certificate will be carried by him and the card will be forwarded to the county clerk and delivered by him to the local selective service board.

This board, appointed by the president on recommendation of the governor, consists of three men. When the board has completed its organization work, a national drawing by lot will determine the order of priority of the registrants in the area. There will be around 6000 local boards over the nation.

The national priority list will be furnished to the local boards and the corresponding order of section will be entered on the registration cards in their custody.

Priority established by the drawing will determine the order in which questionnaires will be mailed to the registrants. On these forms the registrants will enter pertinent facts which will form the basis of their final classification.

After the return of these questionnaires the local board, after due consideration, will place the registrants in one of four classes.

In class 1 will be those available for immediate service.

In class 2 those who are deferred because of the essential character of the service they are rendering in their present occupations.

In class 3 those individuals who should be deferred because of individuals dependent upon them for support.

In class 4 those specifically deferred by the terms of the act.

The total number of individuals needed by the armed forces will be prorated among the states. In this allocation due consideration will be given to the number of men already furnished by that state for our military forces.

Within each state a quota, in a similar manner, will be divided among the local boards. Thus each community will be asked to furnish its fair share of individuals for induction into our armed forces.

After tentative selection of these individuals they will be examined by a local physician. If they are accepted they will be given final examination by medical officers of the army, navy, or marine corps. Those who pass will go into the service.

75,000 men are expected to be conscripted (See CONSCRIPTION, page 6)

Pave the Roads!

(An Editorial)

Midland County citizens at last have the green light on their long-desired highway program. Details have been worked out by the Chamber of Commerce highway committee.

Every community must have paved roads to serve its trade territory. There is no argument on that point. Midland County long has planned paved roads north and south. There have been difficulties and disappointments.

Now a way to obtain these modern highways has been found by men who stuck to their assignment and studied every possibility, investigated every proposal, and travelled to many points seeking information and aid.

They have found that roads north of Midland and south from Midland can be completed, probably within 12 months, and that the tax rate will not be increased one cent. The Federal government, the State and the Texas and Pacific railroad will do the work.

A \$250,000 road bond issue is proposed to obtain 21 miles of hard-surfaced highway through the Upton County line to the Martin County line and an underpass at Midland. Officials of the adjoining counties will be aided in connecting paved roads with the Midland County highways.

The routes have received State designation, the right-of-way has been obtained in Midland County, and a petition has been signed asking Midland County commissioners to call a special bond election.

Now it is up to the taxpayers. Vote the bonds, pave the roads. Midland's Chamber of Commerce in endorsing the program guarantees taxes will not be increased one penny. It is a great opportunity for our county. March on, Midland.

Army Group Spends Night in Midland

Two companies of soldiers, former members of the Arizona national guard, stopped in Midland last night about eleven o'clock for a rest and food period. They were on their way to Fort Sill, Oklahoma, for a year's training. Congress recently authorized the President to call the National Guard into active service.

The Service Company of the 158th and D. Company of the 120th Quartermaster Corps left Arizona September 16th. They spent Friday night in El Paso. The transport caravan is due in Fort Sill Monday.

Forty-seven trucks including an ambulance and several light armory cars as well as the regular transport trucks carried the 157 men in the two companies.

As Pipe Was Unloaded for New Line Here

East of Midland, workmen, shown above, are unloading pipe for Texas-New Mexico Pipeline Company's new line from Midland to the Slaughter pool in southwestern Hockley County. The line will be 103 miles long, and pipeliners will start stringing it within the next few days. It will be the first outlet for the farthest north oil fields in West Texas.

Three-year-old Marc De Tristan, kidnaped in Hillsborough, Calif., from his nurse by a man who left a note demanding \$100,000 ransom is pictured at the left; his parents, Count and Countess Marc De Tristan, are pictured at the right.

Kidnap Child and Parents

Water Reported From Sandidge Well; Test Now Drilling Ahead

Magnolia Petroleum Company No. 1 Sandidge Heins, northwestern Dawson County wildcat, yesterday was drilling ahead below 6,000 feet in lime.

While bottomed at 5,065 feet, the test had been swabbed dry through tubing, showing only a little gas. After a 12-hour shut-in period, according to unconfirmed reports, swab was run, and it was found that sulphur water had risen 1,200 feet in the hole. Tubing was pulled and drilling resumed. No. 1 Sandidge is located 2,200 feet from the south and west lines of section 110, block M, E.L. & R.R. survey, three miles east by south of the Cedar Lake pool in northeastern Gaines.

Amon G. Carter and Phillips Petroleum Company No. 3-B A. L. Wasson, on the Gaines side of the Wasson field of Yoakum-Gaines, was completed at 5,025 feet for 24-hour potential flow of 1,004-64 barrels after acidizing with a total of 9,000 gallons. Oil is 35-gravity and gas-oil ratio 651-1. The well logged top of pay at 4,910 feet.

Andrews "Mystery Well" Phillips No. 1 M Bar Ranch, "light" wildcat operation in southern Andrews County, is reported to have flowed an estimated 3,000,000 to 4,000,000 cubic feet of dry gas daily after acidizing with 1,000 gallons. Total depth of the well is not being released, but it is believed to be around 4,300 feet. The test is four miles west of the Emma pool and the same distance southeast of the West Andrews area.

Humble Oil & Refining Company No. 1-C J. S. Means, a half-mile west outpost to the Means pool of northern Andrews, is rigging up rotary. Humble recently purchased the 80-acre wellsite from Amerasia Petroleum (See OIL NEWS, page 6)

LATEST NEWS FLASHES

Railway Clerks to Vote on Strike.

PALESTINE, Sept. 21 (AP).—Approximately 1,000 clerks for the I. and G. N. and Gulf Coast lines of the Missouri Pacific railroad system in Texas and Louisiana will vote between now and Oct. 1 on whether to strike.

Seek Missing Army Plane in Georgia.

BRUNSWICK, Ga., Sept. 21 (AP).—A search for a missing army plane in which Brig. Gen. Francis W. Honeycutt and two others were making a routine flight focused tonight on a desolate area of tidewater swampland near the mouth of the Satilla river after a tugboat hand reported seeing a plane fall in flames there last night.

Camacho Says Communism Disappearing.

TEZIUTLAN, Mexico, Sept. 21 (AP).—President-elect Manuel Avila Camacho who this week stung Mexico's Reds with an announcement that he would have no Communist collaborators in his regime, said today "what passed for Communism is disappearing" in the country. The General recently made it plain also he was "a believer" and was a Catholic by origin and moral sentiment.

Two Attempted Mexico Revolts Said Failures.

MEXICO CITY, Sept. 21 (AP).—The government said tonight two attempted revolts in Chihuahua state had "failed completely." General Bravo Izquierdo of the Fifth (Chihuahua) Military Zone reported one group of 50 had surrendered and that another of 150 men, led by Jose Guerrero, a village merchant, was "gradually disintegrating."

College Students in Draft Will Get Stay to July 1

WASHINGTON, Sept. 21 (AP).—College students drafted under the conscription bill will be allowed to defer the start of their military service until July 1, 1941, if they desire.

This privilege is accorded only to those now enrolled in college or who

Willkie Declares Continued Aid to Britain Necessary

SAN FRANCISCO, Sept. 21 (AP).—Holding the New Deal administration partially responsible for the European war, Wendell L. Willkie advocated tonight that the United States continue to help Great Britain.

"I favor exploring the acquisition and development of Pacific air bases for the protection of our interests in that ocean."

Report French Boats Attacked by British

NEW YORK, Sept. 21 (AP).—The German wireless broadcast a report tonight that British naval units had attacked French cruisers off Dakar, West Africa, recently.

One "French vessel—either a fighting ship or one of the freighters—were reported under escort—was declared damaged."

Six Hurt When Army Truck and Auto Crash Here

Two men, Bob Swain, employe of the City Drug Store, and an Arizona National Guardsman named Schoenberger, were injured seriously and four others were less critically hurt in an automobile-army truck crash at the entrance to the Midland baseball park at 2 a. m. today.

Schoenberger suffered a concussion fracture of the spine and Swain a dislocated left hip and severe cuts on his face and scalp.

Others injured, none receiving more than minor cuts and bruises, were members of Company D, 120th Quartermasters' Regiment of the Arizona National Guard. Their names were given by Lt. Victor E. Anderson, who conducted an investigation of the crash, as Cook, Hodges, Cahill and Rupe. All are privates.

The truck, Lieutenant Anderson said, had slowed down almost to a stop preparatory to turning into the park where the National Guard camped for the night. The truck was driven by Allen Ayres.

Lt. Lee Munsil was flagging traffic. He said Swain's car approached so rapidly he had to run to get out of the way before it collided with the ton and a half army truck.

All the injured were brought to Midwest Clinic for treatment by Dr. W. E. Ryan. He kept all the patients in the hospital for the night, but said all but Swain and Schoenberger probably would be released later today.

The crash was the first accident in which any of the National Guard unit's equipment has been involved since its organization in 1937, Lieutenant Anderson said.

More Than Fifty Taxpayers Sign Petition for Bond Election to Complete County Highway System

Midland and Hobbs Airline Hearing Is Stated in Capital

Application filed earlier this year by Continental Airlines for a new air route between Hobbs and San Antonio by way of Midland will be heard before the Civil Aeronautics Board in Washington on Monday, November 18, according to information yesterday received by Chamber of Commerce Manager Bill Collins from E. H. Herranstein, traffic manager for Continental Airlines.

Date for the hearing, at which all applications for Texas airlines will be heard, was set at a pre-hearing conference in Washington Friday.

Ten copies of a brief being prepared jointly by the Midland and Odessa Chamber of Commerce supporting the application for the new route should be ready by October 25, Mr. Herranstein advised. He also requested that Midland and Odessa witnesses be named by that date.

Since the new airline, with a scheduled stop at Midland Municipal Airport, would benefit greatly both Midland and Odessa, the chambers of commerce of the two cities earlier this year joined hands in supporting the Continental application.

One brief was several months ago prepared jointly by the two civic organizations, with preparation of a brief of a more detailed nature now being underway.

Continental officials will come to Midland sometime next month for a discussion with chamber of commerce officials as to the proposed route, Collins was advised.

The proposed route would be a branch from the Albuquerque-Roswell-Carlsbad-Hobbs, El Paso loop. Scheduled stops would be made at Midland, Big Spring and San Angelo, with direct north-south connections for the towns involved.

Applications for north-south route through West Texas have also been filed by the Braniff, TWA and Essair Airlines. Braniff and Essair propose to schedule stops at Big Spring, with TWA proposing to stop in Abilene.

Women Can Rule Town

LOWELL, Mass. (UP).—The womenfolk of Lowell could take over the city government if they banded together. With a total of 48,502 registrants, the women voters outnumber the men by 8,599.

Heaviest Attacks of War Made By Royal Air Force Against the Nazi-Held Ports Along Channel

Wholesale Destruction of Nazi Fleets Is Reported As Britishers Carry Offensive; Possibilities of Invasion Are Delayed

By The Associated Press.

British bombers smashed last night at the German-held coast of the English Channel while German fliers still held London in the grip of air siege.

The British attacks, described as the heaviest of the war, lit up miles of the coastline opposite England and followed nightlong blows Friday by wave after wave of planes which, the air ministry reported, spread wholesale destruction on Nazi fleets in "invasion ports."

Suspected Slayer Of Four Appears Before Grand Jury

SAN ANGELO, Sept. 21 (AP).—Emilio Benavidez, 29, ranch hand of Mexican and Indian descent, tonight was held in an undisclosed West Texas jail after a brief appearance before the Schleicher County grand jury at Eldorado.

Benavidez is charged with killing Henry Calote, Eldorado ranchman, and three members of his family near Eldorado two weeks ago.

Benavidez was taken to Eldorado this afternoon after he had made a statement concerning accusations in the Henry Calote family murders two weeks ago.

Rangers took the suspect to Eldorado after the grand jury had been reconvened by Judge John F. Sutton. The grand jury questioned the Mexican and then the rangers removed him to another West Texas town for safe-keeping.

Judge Sutton indicated tonight that he would set the Benavidez case for trial within the next two weeks (See SUSPECT, page 6)

London Again Attacked

Again, it said, sticks of bombs were laid across the Dortmund canal and other British fliers speared into Holland, Belgium and Germany itself to strike at war targets.

Nightfall brought German warplanes back to the attack on London for the 15th successive night after a day of isolated action in which London alarms screamed but once, and then for only a brief raid.

The Germans made two major daylight thrusts at the British capital but both were said to have been beaten off, one by a barrage of anti-aircraft fire and the other by British fighter planes over the southeast coast.

Although bombs fell in southern England, the Nazis described London as still the chief target of the Luftwaffe and the German high command reported severe new damage to "war-essential" targets during dusk-to-dawn raids which began Friday night.

Again, it said, the sky over London glowed with new bomb-lit fires as well as the embers of days-old flames.

Showdown Indicated Fascist spokesmen indicated in the aftermath of the latest Rome-Berlin consultation, that the axis may call for a showdown from Greece and Turkey, the last harbors for British influence in southeastern Europe.

Turkey still has a defensive alliance with Great Britain; Greece still has a British pledge to protect her independence.

From Virginia Gayda, frequently (See WAR, page 6)

Reporter-Telegram Carriers Are Young Businessmen of City

Billy Brown, 14-year-old son of Mr. and Mrs. W. L. Brown, delivers the Reporter-Telegram on Texas and Illinois Avenues and on some sections of Ohio and Tennessee Avenues. Billy who has lived in Midland 13 years has been with the Reporter-Telegram two months. He is a sophomore in Midland High School.

Town Hall Announces Interesting Series of Lectures With First By Hawthorne Daniel, Editor and Author

Inaugurating the 1940-1941 season of the Midland Town Hall Association, Sept. 26, Hawthorne Daniel will discuss "Britain's Move to Canada."

In its endeavor to obtain the finest and most worthwhile men of affairs this season, Town Hall selected Daniel as its initial guest speaker both for his wealth of background and his timely subject. Following Daniel the Town Hall Association will present to its members on various dates throughout the season James E. Gheen, Ella Enslow, Cornelius Vanderbilt, Jr. and three other interesting speakers. Membership in the Association is open to all residents of Midland and surrounding territory. P. D. Moore is General Chairman and Mrs. E. H. Ellison is Secretary.

Daniel formerly was editor of "The Commentator." He has written more than twenty books.

An officer in the U. S. Navy during the world war, Daniel began to foresee a gradual move of Great Britain's strategic industries into Canada. For twenty years he has watched this development. He has exchanged ideas for a quarter of a century with leaders of both Canada and Great Britain, and the recent tremendous move being made by the British Empire toward Canada prompted Town Hall to invite him.

Gheen Is Humorist

James E. Gheen, the next guest speaker, who comes in November, is a well-known philosopher and humorist. Bearing the reputation of the best after-dinner speaker in America today, Gheen has spoken before clubs and civic organizations

in all sections of the country.

Many Midland people are familiar with Ella Enslow, teacher and author, who has been asked to appear here in December. Born in the Cumberland mountains of Tennessee, Miss Enslow will present a different and brilliant view of present day events. Ella Enslow is the pen name of Lena Davis Murray (Mrs. Crosby Murray). As unusual as it might seem, she began teaching at the age of fourteen near the place of her birth in Tennessee. Since then Miss Enslow has addressed many audiences.

Vanderbilt Is Booked

Cornelius Vanderbilt, Jr., lecturer, journalist, author and sportsman, appears before the association as guest speaker in January. Vanderbilt has been in the headlines since the day of his birth. He has known emperors, millionaires and multimillionaires, prelates and presidents. He understands the period when vast fortunes and great corporations were being developed in this country and abroad. Vanderbilt spent months in Europe prior to the outbreak of World War II interviewing principal figures and has a large acquaintance among the great and famous of the world. His lecture on world affairs will be both interesting and entertaining.

Following Vanderbilt's appearance, the Midland Town Hall Association will present three other guest speakers at intervals. Although these have not as yet been selected, Moore assures the members that the speakers will be of the same type and caliber as the ones already chosen.

Population of the Country Announced At 131 Millions

WASHINGTON, Sept. 21 (AP).—The census bureau announced tonight that the population of the United States on April 1 was 131,409,881. This was a gain of 7 percent since 1930—the smallest percentage increase in any decade of American history.

The 48 states and the District of Columbia had 8,834,835 more residents than they did 10 years ago, but individual states had widely differing stories.

By percentages, Florida gained the fastest of the states, 27.9 percent, while South Dakota lost the most, 7.5 percent. The District of Columbia, where the number of government workers has doubled, outpaced all the states with a 36.2 gain.

In actual numbers, California gained the most, 1,186,437, and Kansas lost the most, 81,862.

New York continued as the most populous state with 13,397,622 residents, which was 6.3 percent more than it had in 1930. Pennsylvania, Illinois and Ohio again held the next three ranks, in that order. Then began a number of changes with California ousting Texas from fifth place. Other states to better their ranking included Tennessee, Kentucky, Virginia, Louisiana, Arkansas, South Carolina, West Virginia, Florida, Rhode Island, District of Columbia, New Mexico.

Falling behind were Texas, Alabama, Iowa, Oklahoma, Kansas, Connecticut, South Dakota, North Dakota, Montana, Utah, and New Hampshire.

Nevada continued to trail the states with 110,114 residents, an increase of about 20,000.

New Complication Heightens Crisis Over Jap Demands

By The Associated Press

HANOI, French Indo-China, Sept. 22—A new complication disturbed the tough-and-tender situation over Japanese demands for military rights in French Indo-China today when authoritative French sources declared they would refuse to let Japan make Tonkin a military base.

These sources said they were ready to honor their word and give Japan the military facilities provided in the Vichy-Tokyo understanding but would balk at anything meaning Japanese military occupation of Tonkin.

This statement followed a new setback in the critical negotiations after earlier hope that an amicable settlement impended.

While Maj.-Gen. Issaku Nishihara, chief of the Japanese military mission, sulked in his hotel room at Haiphong, where he went this morning, several of his subordinates returned here and were believed to be ready to renew the conversations.

Japanese nationals who left Hanoi environs last night remained aboard ships in Haiphong harbor but it was reported that Japanese from southern Indo-China had left Saigon aboard ships bound for an undisclosed destination.

Although French sources welcomed the United States' renewed expression of concern over Indo-China's status quo, a spokesman said it was recognized that Washington could not go so far as to threaten Japan.

French sources said the French army in Indo-China prefer to go down fighting rather than submit to humiliating terms.

They estimated that Japan would need 300,000 men to conquer all this east Asian colony and declared that if France resisted with the full cooperation of the Chinese army, Japan would find her fighting front stretched out 1,000 miles.

Our word "fan" is derived from the Latin "fanus," a Roman implement for winnowing grain by the air-current method.

Humble Oil President Assails Commission's Action on Proration

AUSTIN, Sept. 21 (AP)—Asserting he feared "serious consequences" unless the Railroad Commission changes its policies, M. C. Wiess, president of Humble Oil and Refining Company, urged the adoption of yardsticks in applying oil proration.

His statement was in a letter to Commission Chairman Lon A. Smith and particularly criticized an illegal practice of considering special demands for some oil pools without at the same time considering the situation for all other pools producing the same grade of oil.

He mentioned pools in West and North Texas and asserted the special allowances granted some areas were "not for the purpose of equalizing production but aggravated the condition of inequities already existing by giving favored pools still higher allowances than they previously enjoyed."

"Wiess addressed a similar complaint to Smith several days ago and the chairman replied in essence: 'allowables and shutdown exemptions were granted only on a showing of market demand.'

Wiess said in part: "For the commission without hearing or with hearing upon particular fields, to grant exemptions from shutdowns or special allowances to individual fields on a showing of additional market demand for such fields creates a discrimination in their favor, as all the market demands for crude of a given grade is made up of the demand for such crude from all fields producing such grade, and it is not reasonable, but is unreasonable and discriminatory, to consider the special demands for such fields alone without at the same time considering the situation for all other fields producing the same grade of oil."

"In Subsection 6 of Article 6049 D, Vernon's Texas Civil Statutes, it is provided that in allocating or ascertaining the reasonable market demand for the whole State one pool shall not be discriminated against in favor of any other pool, and it is further provided that the commission shall ascertain the reasonable market demand for each such respective pool as the basis for determining the allotments to be assigned each, to the end that such discrimination shall be prevented.

"If the purchasers are to be permitted to select the fields producing a given grade of oil from which they are to purchase their demands, and the commission grants allowances in accordance with such demands without considering other fields producing the same grade of crude, the effect will be for a few favored fields to be credited with the market demand for the given grade of crude, leaving other fields without markets. This situation would enable the purchasing companies to meet their demand in a limited number of fields, and leave the independent producers without market or with less than their fair share of the market."

Thrower of Egg at Willie Gets 30 Days

MODESTO, Calif., Sept. 21 (AP).—Herman Boland, 20, Modesto baker, was arrested today and sentenced to 30 days in the county road camp for throwing an egg at Wendell L. Wilkie.

The egg struck the rear of the railway car from which the Republican presidential nominee spoke here yesterday and splattered over the top of the speaking platform. The egg was thrown just as Wilkie's train rolled to a stop.

Two out of every five Americans suffer from hay fever or some other form of allergy, according to estimates.

If a colt does not have teeth at birth, they appear within a week or 10 days, and consist of two in the middle front of each jaw.

SADDLES and PLOWS

Some of the common bunchgrasses range in protein content from as high as 14.5 percent in the spring to 2.5 percent in the fall.

J. E. Boog-Scott of San Angelo was in town Wednesday visiting the three government trappers stationed in Midland. Boog-Scott is the district supervisor of the U. S. Biological Survey.

Rough-ginned cotton costs Texas farmers from \$1.50 to \$10 a bale. Much of this loss can be prevented if only dry cotton is carried to the gin.

Proof that a little water will do a lot in West Texas is shown on the city of Midland farm at the sewage disposal plant. This farm has 91 acres of cotton that will yield from a bale and a half to two bales per acre. A. B. Cole has developed this farm into a paying demonstration with the cotton, grain sorghums, and Chinese elm trees that he is growing at this time.

Cuba's four million people bought 81 million dollars worth of farm and factory products from the United States in 1939.

Sherwood O'Neal is filling his trench silo this week. O'Neal is in the dairy business 5 miles southeast of Midland on the Garden City highway.

A Good Word for Bull Nettles

Somebody has finally got around to saying a good word for the bull nettle.

The 'somebody' is two University of California scientists, who found that the plant contained a proteindigesting enzyme resembling pepsin in its action.

It is even more like the digestive compound found in the subtropical fruit papaya, known as papain. Papain has long been used as a medicine for indigestion, and it is possible that the new enzyme, which has been named solanin, may be useful in the same way.

It is also thought that solanin may find economic application in tanning and other industries, especially since it is more resistant to heat than other digestive enzymes.

Reports from the AAA Office show that all farms have been measured and parity applications are ready to be signed on 90 per cent of the farms now. There are a good number of farm operators have not sent in their approval of their farm acreage and this is holding up the signing of their parity applications for payment.

Midland County cotton farmers who produce middling cotton of 15/16 staple length, may place their 1940 crop under government loan at 9.34 cents a pound. B. T. Hale, chairman of the Midland County AAA Committee, announces this week. Loans will be available until May 1, 1941.

Loan rates for all eligible grades and staples have been established by the Commodity Credit Corporation. They are on a net-weight basis, which makes them average 40 points over commercial quotations. Premiums and discounts vary with each grade and staple length.

Midland County cotton buyers, who are required by the 1940 marketing quota provisions of the Agricultural Adjustment Act to keep accurate records of all purchases from producers, will be able to do this as a part of their routine work, according to B. T. Hale, Chairman of the county AAA committee (or county agent).

A record of purchases from producers with white marketing cards was not required in past year. This year such a record must be maintained in addition to the records and reports which buyers during the past two years made for purchases from producers with red and blue marketing cards, and which they are also required to make this year.

The regulations under the act require that the cotton buyer's records contain the following information: (1) the name and address of the producer; (2) date of purchase; (3) original gin bale number; (4) weight of the bale or the lot of cotton purchased; (5) amount of the penalty collected, if any; and (6) the serial number of the marketing card or certificate by which the cotton was identified when marketed.

The U. S. wheat supply for the current year is about the same as

Records Show \$4,555.04 Paid to Rodeo Contestants

Tabulations released by J. Homer Epley, Rodeo secretary, yesterday showed the Sixth Annual Midland Rodeo paid out \$4,555.04 in prize money to contestants. The six top money winners were:

1. Leon Huff, Merkel, \$384.77 and a \$100.00 saddle won in calf roping.
2. Tack Bolton, Red Rock, \$391.80 divided in two contests, \$123.05 for saddle bronc riding and \$268.75 for Brahma bull riding.
3. Clyde Burk, Comanche, Okla., \$325.35 divided in two contests, \$210.35 for calf roping and \$114.80 for Brahma cow milking.
4. Homer Pettigrew, Grady, N. M., \$311.27 divided in two contests, wild cow milking \$191.50 and calf roping \$119.77.
5. Smokey Snyder, Buena Park, Cal., \$271.35 divided in two contests, \$153.12 for steer riding and \$118.23 for baraback bronc riding.
6. Ted Powers, Ozona, \$249.15 divided in two contests, \$161.00 for wild cow milking and \$88.15 for calf roping.

Winners in the boys calf roping event were:

Rudolph Middleton of O'Donnell, Texas, and Earl Teague of Crane tied for first, Randolph Russell of Merkel third, Clarence Scharbauer Jr. of Midland, Don Taylor of O'Dell, and Delbert Riddle of Odell tied for fourth, and John Scott of Big Lake was seventh.

for last season—a billion bushels. An increase of around 25 million bushels in the carryover is offset by a similar decrease in this year's crop. World wheat supplies appear to be from 100 to 200 million bushels less than a year ago, but holdings are still about double the normal export trade.

Reports from the AAA Office show that all farms have been measured and parity applications are ready to be signed on 90 per cent of the farms now. There are a good number of farm operators have not sent in their approval of their farm acreage and this is holding up the signing of their parity applications for payment.

Midland County cotton farmers who produce middling cotton of 15/16 staple length, may place their 1940 crop under government loan at 9.34 cents a pound. B. T. Hale, chairman of the Midland County AAA Committee, announces this week. Loans will be available until May 1, 1941.

Loan rates for all eligible grades and staples have been established by the Commodity Credit Corporation. They are on a net-weight basis, which makes them average 40 points over commercial quotations. Premiums and discounts vary with each grade and staple length.

Fleeing down a wreckage-littered street in London's working-class quarter, these two girls, arms laden with hurriedly-snatched blankets and clothes, pause to peer through gaping hole torn in a tenement house by German bombs. Photo passed by British censor.

Breakfast to Open Drive for Funds by Scouting Officials

Midland's annual campaign for Boy Scouts funds will get underway Tuesday morning following a "kick-off" breakfast to be held in the Blue Room of the Scharbauer Hotel Coffee Shop at seven o'clock. All arrangements for the drive had been completed by Midland Scout leaders late in the week, with full instructions to be given all campaign workers at the Tuesday morning breakfast.

Goal for Midland has been set at \$2,250, local Scouters hoping that the quota will be over subscribed in one day. George Abell is finance chairman of the Midland District of the Buffalo Trail Council, Boy Scouts of America. General chairman of the Midland district is W. W. Raymond Upham.

Aside from the campaign workers and other Midland Scouters, the breakfast Tuesday will be attended by Charles Paxton, president of the Buffalo Trail Council; T. F. Johnson, council treasurer, and S. P. Gaskin and Stanley Mate, council executives. The council executives will remain here during the campaign.

Special committees to assist in the drive for finances were last week named by the Junior Chamber of Commerce and Lions and Rotary clubs. Thirty men were named by the three civic groups to join other Scout leaders of the community to make the drive. The downtown sector has been divided into sections with workers having been assigned to each division.

Full cooperation of the entire citizenry in the completion of the campaign in one day is urged by Midland Scout leaders who point out that Scouting for many years has been one of the leading movements for boys in the United States.

TO ARMY SERVICE

Dr. O. W. Orson, captain in the Veterinary Reserve Corps, is to report for duty at the veterinary hospital at Fort Bliss, El Paso on Wednesday of this week. Dr. Orson is here visiting his parents, Mr. and Mrs. Frank Orson. He and his father have just completed a trip to the Grand Canyon and other points in the west, in the course of which they heard Wendell Willkie speak at Phoenix, Ariz.

Only once in every 10 births do twins occur, and they are most frequently born of mothers more than 35 years of age.

On a very hot day, the air is not as dense as on a cool day.

Offer Land, Jobs To Mexican Rebels To Quit Rebellion

CHIHUAHUA CITY, Mexico, Sept. 21 (AP).—The Mexican government promised jobs and land today as an inducement to a handful of rebels to abandon and uprising against the government in mountainous southern Chihuahua.

At the same time, General Antonio Guerrero, commander of the Chihuahua military zone, extended for another four days a lapsing 48-hour ultimatum to surrender or face annihilation.

"These men have been misled," Guerrero said. "The government will spare their lives and give them employment or land if they see the errors of their ways and surrender."

The rebels, about 150 in number, were reported to be poorly armed, under the leadership of Jose Guerrero, a Gran Morelos fed merchant, and hiding out in a canyon in the rugged Durango Sierra 90 miles southwest of here.

Mexican military planes dropped leaflets over the area calling for surrender, while all continued peaceful in the district.

Annual Sunday School Barbecue Slated Today

Members of the Scharbauer Men's Sunday School Class, their ladies and guests, will gather at Cloverdale Park at 12:30 o'clock this afternoon for their annual barbecue, a large attendance being anticipated. All members of the class are cordially invited and urged to attend. The outing is annually one of the largest and most enjoyable held here.

Beef for the barbecue has been donated by McClintic Brothers, Midland county ranchers. Cotter C. Heit will supervise the barbecuing of the meat, with Bob Preston cooking the beans and boiling the coffee. Roy Medley heads the serving committee.

General chairman in charge of arrangements is Clifford C. Keith, class president.

Regular meeting of the class is scheduled for 9:45 o'clock this morning in the Crystal ballroom of Hotel Scharbauer.

Mishap Victim Amazed When Mourner Arrives

BURLINGTON, Vt. (UP).—Indignantly, John Edwin Wadsworth, 78, of South Hero, Vt., inserted an advertisement in local newspapers that read:

"Mr. John E. Wadsworth wishes to say that report he is dead and buried is absolutely false."

Injured slightly in a bus accident—apparently the source of the rumor of his death—Wadsworth first learned of his reported death when a friend arrived for the funeral.

Only once in every 10 births do twins occur, and they are most frequently born of mothers more than 35 years of age.

An individual is not intoxicated by alcohol until it courses through his blood stream and reaches the brain.

BULLDOGS TRAMPLE WILDCATS FOR 24-6 VICTORY FRIDAY NIGHT

Williams Leads Way With 3 Touchdowns During the Evening

The Midland high school Bulldogs made history out at Lackey Field Friday night. For the second time in school history the Bulldogs high school Wildcats. Last year the score was 27-12. This year the Bulldog margin was greater—24-6. The win enabled the Bulldogs to tie the series score at five all.

There had been some talk around town before game time that the Bulldogs had refused to get keyed up over the game with the Class-A Wildcats. The boys disproved that in the first minutes of the game.

The Bulldogs had to come from behind to win the game but they caught up, passed the Wildcats and kept on going until the game was finally ended.

Big Wendell Williams was again the "hero" of the win. He tore great holes in the Wildcat line all through the evening and was a constant scoring threat. He had a lot of help from the other boys on the team, especially from husky Mike Buffington. Mike played his best game ever as he mowed down Wink blockers and ball carriers for losses plenty of time. At that, he was just a shade better than Selman Cocks, who also played his number one game. Herbert Rehders made two or three bad passbacks from his center position but he was as rough as a woodpile on the defense and had a large hand in limiting the Wildcat yardage gained on the ground to a scant 93 yards.

Williams Scores 18 Points
Williams made three of the Bulldog touchdowns, all of them on power thrusts through the heavy Wink line. Quick holes were being opened for him and he was not losing any time getting into them. The big signal caller was badly off on his passing but he made up for it by his carrying the ball.

A little substitute halfback, 130-pound Ivan Hall, came in for more than a bit of praise for the way he played during a short spell in the game. When he got his hands on the ball Ivan ducked his head and plowed into the heavy Wink boys like a miniature battering ram. He could have picked up more yards one time had he raised his head and looked for a hole that was opened up for him after he got into the Wink secondary but the youngster was getting his yards the hard way.

Team Improving
The prettiest play of the game occurred about midway of the second period when Jim White got loose on a twisting run of 56 yards for a touchdown that put the Bulldogs out into the lead. White had blocking on the play that was letter perfect. He went over his own left tackle, cut back to his right behind the Wink line and broke into the clear. Four of his mates were grouped around him as he heard the last Wildcat defender and White had no trouble in going all the way untouched.

The Midland team looked better than winning over Ysleta one week ago but were still ragged a lot of the time. Particularly did they look bad on pass offense. Williams never came close to completing any of the four aerials he heaved. It is a cinch that the coaches will work the boys plenty on passing this week in anticipation of the game in El Paso Friday night.

The Wildcats fought just as hard as did the Bulldogs during the Friday night game but just did not have what it took to win. The loss by graduation of the Ezell twins, Callahan and other ace players left holes that coach Lacy Turner has not been able to fill. In Youngblood and Pugh he showed a couple of smart young ball carriers and an end named Joe Horn who played a swell game.

The Wildcats lost no time in getting off to a lead. After being held in midfield on the opening series on downs Youngblood kicked to Williams on the Midland ten. While kicked back to the Wink 49 where the ball was downed. The Wildcats then started a land drive that carried them to the Midland 20, then Youngblood dropped back and passed over the goal line to Horn for a touchdown. Horn was away out in the clear by himself. Midland defenders having been sucked to the far side of the field when Youngblood faked handing off the ball before passing it.

Score Tied in Second Period
The Wildcat lead held up until the second play of the second quarter when Williams dived over from the three-yard stripe. A few minutes later White got loose on his touchdown jaunt and the half ended with Midland ahead, 12-6.

The two teams plowed back and fourth, most of the time in mid-field, until late in the third period when Pugh fumbled on the Wink three-yard and Wilford Lester fell

Rowe Shuts Out Indians To Give Tigers Two-Game Lead Over Field

By Dale Stafford.
DETROIT, Sept. 21 (AP).—Lynwood Thomas Rowe, baseball's story-book pitcher, wrote another chapter today in one of the game's greatest comeback sagas.

The towering Texan stifled the Cleveland Indians with a meager five hits as he pitched the Detroit Tigers to a 5 to 0 victory that gave them a commanding two-game edge in the current crucial series with the Tribe and the same margin on top of the American League standings.

The win, 16th of the season as compared to only three defeats for Rowe, left the Tigers in the most dominating position they have enjoyed all year long in their circuit's most topsy-turvy pennant race in 30 years.

Rowe was the show today and the ovation he received from the crowd of 42,320 as he strode off the diamond a winner was something to be remembered. Not only did the six-foot and one-half inch giant muffle the bats of the Indians when hits meant runs but he contributed a run-scoring single to the attack that wrecked Cleveland's hopes.

In only one inning was Rowe in trouble. That was the seventh when two singles and a walk filled the bases with two men out. The Tigers were ahead 4 to 0. Up to the plate as a pinch hitter strode Odell Hale, Rowe's fellow townsman from El Dorado, Ark., who has been batting against Lyn since boyhood. Hale was supposed to know Rowe's pitching but Rowe appeared to know more about Hale's batting because he struck him out. There died Cleveland's last and only real threat, Rowe pitching to only six hitters in the last two innings.

Rowe was the show today and the ovation he received from the crowd of 42,320 as he strode off the diamond a winner was something to be remembered. Not only did the six-foot and one-half inch giant muffle the bats of the Indians when hits meant runs but he contributed a run-scoring single to the attack that wrecked Cleveland's hopes.

CHRISTIANS DEFEAT EAGLES IN 19-13 UPSET HERE

Tugboat Jones Is Big Noise for the Winners in Battle

The Abilene Christian College Wildcats pulled a distinctive upset here last night when they romped to a 19-13 victory over a favored North Texas State Teachers College team in the first college game ever played here.

Although the Teachers staged a fourth quarter rally which netted them two touchdowns they were unable to over come the 19 point lead chalked up by the Wildcats in scoring one touchdown in the initial period and two more in the third.

Tugboat Jones, fullback, accounted for the three touchdowns. The initial Abilene touchdown came midway in the first quarter when Pat Wyatt, Christian end, recovered a fumble by Riola, Teacher quarterback, on the North Texas 44. A 15 yard penalty failed to stop the determined Wildcats, with Dixon, on the following play, tossing a long pass to Wyatt for a 35 yard gain.

Owens, Dixon and Jones alternated in advancing the ball to the three yard line with Jones crashing over from that point. Jones converted. Early in the third period, Sosbee, Abilene end, blocked a North Texas punt which was recovered by Abilene Christian on the Teachers 31.

Three line plays advanced the oval to the 24 from which point Jones faced around end for a touchdown. Later in the quarter, ACC recovered a North Texas fumble on the Teachers one yard line, with Jones again plunging for a counter.

Early in the final period, the Teachers came to life with Riola passing to Weatherby who lateraled to Clay who was downed on the ACC one yard line after a gain of 48 yards. Clayton crashed through for the six points. Late in the game a 17 yard pass from Riola to Williams placed the ball on the ACC 7 yard line, with Jones converting on the next play. North Texas converted to make the score 19 to 13, in favor of ACC.

Starting Lineups:
ACC: Wyatt, LE; Lovelace, LG; Stromquist, CG; Beauchamp, BG; Pyatt, RT; Sosbee, RE; Sanders, LH; Owens, RH; Jones, FB; Hill, QB.
NTSTC: Riggs, LE; Walker, LG; Sheffield, CG; Clay, BG; Graham, RT; Covin, RE; Williams, LH; Duhon, RH; Riola, QB.

Substitutions: ACC—Dixon, Lumley, E. Roberts, Hughes, Young, Sparks, H. Roberts, McCoy and James. NTSTC—Tanner, Hicks, Orenbaum, Ruggieri, Weatherby, McIntyre, Hubbard, Carr, Ashton, Kile, Tankersley and Keonoe.

Bonham Hurls the Yankees to 5 and 4 Win Over Red Sox

NEW YORK, Sept. 21 (AP).—Big Bernie Bonham, the Yankees' sensational rookie, got credit for his seventh win of the campaign today when he pitched the world champions to a 5-4 victory over the Boston Red Sox. Homers by George Selkirk and Joe Gordon played a big part in the game which the Yanks won in the last half of the ninth.

Staff Correspondent
STANTON, Sept. 21 (Special).—The Stanton high school Buffaloes broke the losing streak that has been with them from the first of the season Friday afternoon by defeating the Ropesville Eagles, 21-0.

The Buffs made heavy gains on the ground all afternoon and used occasional passes. The Eagles never got inside the Buff 20-yard stripe all afternoon.

Stanton scored in the first period when fullback White passed to Ed Egger. The second trip to pay dirt was made in the second quarter when halfback Henson went over from the ten after advancing the ball 35 yards in two line plunges.

Power drives through the middle of the line brought the final score, halfback Turner driving the ball over from the four-yard stripe.

The Buffs meet the Seminole Indians in their first conference tilt in the Stanton grid next Friday afternoon.

Summary:
Stanton Ropesville
First downs 6 5

Aggies Remain Favorites to Cop Southwest Conference Pennant

By Felix R. McKnight.
DALLAS, Sept. 21 (AP).—Traditional schedules and the hexes respectfully considered and ignored, the Texas Aggies still rate the top position for the coming Southwest Conference football mixup.

The eternal chant of "Champions don't repeat" is well nigh stifled by the rumbling from an Aggie machine even more rugged and sure than the same crew that walked out of the Sugar Bowl last New Year's Day as the Nation's first ranking team.

Skeptics may point to mossy traditions and jinxes that hold against believing "teen age lads, but they can't rub away the return of the regulars from the '39 tornado, an added year's experience and the final fling of one of the finest players of the past two decades—Jarrin John Kimbrough.

Homer Hill Norton, the bald man who made the jump from a man about to lose his job to the heroic master of the 1939 steamroller, won't say the team is improved, but he implies that, barring accidents, he will be satisfied with the setup.

True, the Aggies must play three of their stoutest foes—Southern Methodist, Baylor and Texas—on enemy soil. True, also, is the fact that the Aggies never succeed in beating Texas at Austin, regardless of the odds. And true it is that S. M. U.,

on the ball for a recovery. Williams was held for no gain on one play but the next he went through the middle for another six points.

On the last play of the period Youngblood fumbled and was recovered by a Midland player on the Wing 29. Williams got six at right guard, Hall picked up five at right tackle, Williams got ten in two tries at left tackle, Hall picked up another, then Williams plowed through the middle for seven yards and the final touchdown.

Texas Mines Wins Easy 28-7 Victory Over Flagstaff Club

FLAGSTAFF, Ariz., Sept. 21 (AP).—Owen Price, speedy quarterback scored three touchdowns in the third period today to lead Texas Mines of El Paso to a 28-7 victory over Arizona State Teachers College at Flagstaff in the season's first border conference game.

Late in the first period Gilbert Salcedo, Mines fullback, rushed over from the three-yard line after a drive down the field.

There was no scoring in the second period, but Price got loose in the third and raised havoc. He scored his first touchdown after gaining 19 yards on four consecutive plays. A pass interception and a 26-yard run by Maros set things up again for Price to plunge across the goal from a yard away. Fred Barrett, a substitute, then intercepted a Flagstaff pass on the Mines 46, ran to the 28 and lateraled to Price, who scooted over.

Flagstaff kept out of danger in the final period by continual punting.

Score by periods:
Texas Mines 7 0 21 0—28
Flagstaff 7 0 0 0—7

Giant Losing Streak Snapped at Eleven
BOSTON, Sept. 21 (AP).—The New York Giants ended the longest losing streak of the season at 11 straight today when they whipped the Boston Bees 3-1 as Harry Gumbert and Jim Lynn limited the Hive to four hits.

Score by periods:
New York 0 0 0 102—3 9 2
Boston 0 0 0 001—1 4 0
Gumbert, Lynn and Danning; Posedel and Broskie.

Study Clubs of Midland Turn Attention to Schedules for New Season

Diverse Interests Represented in Groups Initiating Cultural, Educational Programs

Brilliant leaves, crisp breezes, and golden days of September herald the beginning of lessons for small Sue and Johnny. The same month beckons their mother back to study, though her lessons are in the form of club programs rather than classroom recitations.

Whether her interest lies in general study or in play reading, music, painting or the home arts, the mother provides a group of like-minded souls with whom to study and socialize for mental labor and social recreation.

Fourteen such groups, whose interests are predominantly cultural or educational, either have already opened their year's schedules of work and play or will do so shortly. Included are: City-County Federation, Modern Study Club, Delphian Chapter, Home Arts Club, Junior Wednesday Club, Senior Wednesday Club, Twentieth Century Study Club, Civic Music Club, Palette Club, Beta Sigma Phi Sorority, Daughters of the American Revolution, American Association of University Women, Play Readers, and Fine Arts Club.

City-County Federation

The City-County Federation, which links into one organization the various federated clubs of the town, will continue its presentation of cultural programs with speakers from out of town.

First of the projects for the year will be the sponsoring of a book review by Miss Evelyn Oppenheimer of Dallas at the Crystal ballroom of Hotel Scharbauer on Tuesday evening. Miss Oppenheimer will review "Quietly My Captain Waits" and proceeds of the affair will go to the Federation's scholarship fund.

The organization formally opened its year's work with a coffee given by Mrs. J. A. Haley, past president Thursday morning at her home on Wall street.

Mrs. J. Howard Hodge is president of the Federation this year.

Delphian Chapter

Alpha Mu Chapter of Delphian has opened a series of twenty studies on "Creative Thinkers." These lessons concern twenty creative thinkers of the English speaking peoples during the last twenty-two centuries, some of them living today.

In addition to the regular study meetings, the Chapter sponsors a social and a program on the Delphian quarterly magazine each quarter.

This year is the second for this organization and the third in the series of Delphian groups here.

Mrs. Geo. Grant is president.

Modern Study Club

"The Romance of Rivers" has been chosen by the Modern Study Club for this year's program which opened with a breakfast, September 18. An annual "guest day" is a feature of the Club's schedule.

President of the club for the 1940-41 season is Mrs. Lamar Lunt.

Twentieth Century Club

Twentieth Century Study Club, of which Mrs. Joseph Mims is president this year has chosen for the year's study a miscellaneous program, "A More Abundant Life." Studies range from music to archeology.

In addition, plans are under discussion for a book review and bridge tournament.

Home Arts Club

Home Arts Club this year will continue its combined program of study and needlework. "Lives of Famous Women" in such fields as aviation, literature, and politics will form the basis of the programs.

Special holiday parties and a closing social are part of the Club's schedule and plans are tentative for a book review.

Mrs. John B. Mills is president for this year.

Beta Sigma Phi Sorority

Beta Delta Chapter of Beta Sigma Phi Sorority this year will be under leadership of Miss Ruth Pratt as president.

As its cultural program, the Chapter will present a series of studies on "Happiness." Rushing activities form a part of the year's schedule and several formal parties will be held.

Civic Music Club

A charity concert to be presented during the Christmas season will be a feature of the year planned for the Civic Music Club which this fall has about 50 members enrolled.

The study this year will be on "Music Through the Ages," with works of the different great composers illustrated in the programs.

Mrs. F. C. Cummings will pilot the club through the coming season, during which open meetings will be held. The year will open at a meeting Tuesday evening at North Ward School.

Palette Club

Palette Club, organization of Midland artists headed by Mrs. R. M. Barron, will present programs throughout the year dealing with art. Members will also continue their individual painting work.

Benefit bridge and game parties will be given at intervals and the group hopes to complete payment for the new club studio erected a few months ago. Work will be done on the studio grounds.

Woman's Wednesday Club

Mrs. R. L. Miller is head of the Woman's Wednesday Club, a study group organized in 1903 and Federated in the same year. It will open the new season with a luncheon on October 2. The course of study this year will be on "Our Heritage," a study through literature of the American Tradition. Author of the course is James Holly Hanford, Ph. D. Six special programs on such subjects as the Bible, Texas, and other topics will be presented during the year.

Junior Woman's Wednesday Club

The Junior Wednesday Club, which will likewise open its year with a luncheon on October 2, will

have a different type of program this year. Each member will select the subject for those presentation she will be responsible.

The group makes a special project of its work for the scholarship loan fund.

Mrs. Frank Miller is club president for the coming year.

Fine Arts Club

With Mrs. Fred Wilcox as president, Fine Arts Club will study "Contemporary Literature" this year. Several book reviews will be given and there will be special programs.

The club year opened with a coffee at the home of Mrs. J. Howard Hodge, past president, on September 11.

Play Readers Club

Mrs. Elliott Barron, as president, will be at the helm of Play Readers Club this year. The usual procedure of having programs based on the reading of a play by some club member will be followed.

The Club helped select the plays to be presented by the Civic Theatre this season.

D. A. R.

Lieut. William Brewer Chapter, Daughters of the American Revolution, will present a series of miscellaneous programs which will be patriotic and educational in nature. Along with this, the Chapter will probably sponsor Americanization work among school children of foreign birth or extraction. A George Washington tea, on or near February 22, will be one of the high points of the year, as will a book review on "Tree of Liberty."

Mrs. Earl Powell of Stanton is Chapter regent.

AAUW

Midland branch, American Association of University Women has entered its first full year of work.

Mrs. John J. Redfern Jr. is president of the unit, which will have both study group meetings and general meetings. An International Relations study group is already functioning and it is hoped to establish another group.

Mmes. Brown, Rush And Mascho Winners At Country Club

Mrs. Jack Brown won a golf ball for having the least number of putts in the nine-hole matches played by the Women's Golf Association Friday morning at the Country Club.

Mrs. J. L. Rush was awarded a ball for winning the pitching and putting contest.

In the afternoon's bridge games, lucky draw went to Mrs. J. A. Mascho.

Mrs. P. H. Liberty and Mrs. W. G. Henderson served as hostesses for the luncheon attended by approximately 24 women.

Hostesses for next Friday will be Mrs. Jimmie Brooks and Mrs. Bill Pitzer.

Students Dance At Gist Barn After Game

As an after-game merry-making and celebration, a group of high school students entertained for the student body with a dance at the Gist Barn in south Midland, Friday night following the Midland-Wink football game.

Music for dancing was supplied by the nickelodeon.

About 75 boys and girls attended, with Mrs. J. M. Armstrong, Mrs. M. R. Hill, Mrs. Paul A. Schlosser, and Marcus Gist as Chaperones.

Personals

Mrs. J. M. Hawkins and little daughter, Betty Jack, are leaving this morning for Austin, accompanying Mrs. Hawkins' sister and brother-in-law, Mr. and Mrs. Grover Gregg of Dallas, who have been her guests since Thursday. The Dallas couple made a trip to Carlsbad Cavern Saturday.

Miss Addie Lea Clarke of Lubbock was scheduled to arrive Saturday night as the guest of Russell Holster. She is in the home of Mrs. Gladys Holster.

Tom Sealy has gone to Coleman and Santa Anna for the weekend. He is expected to return today, bringing Mrs. Sealy who has been visiting there for a week.

Miss Ruth Meadows of Pasadena, Calif., is here visiting friends and relatives. She plans to be here about three weeks. Miss Meadows formerly lived in Midland for about two years.

Mr. and Mrs. J. E. Burton left Saturday for South Texas on a business trip.

Miss Ada D. Pierce of Concord, New Hampshire, and Miss Mary Eyrud of Durham, N. C., who have been guests in the home of Mrs. Myrtle Scarborough Smith returned to Durham late this week by plane. Word of their safe arrival there was received by Mrs. Smith Saturday.

Miss Clela Mae Edenborough is spending the week in Big Spring.

They Will Pilot Their Organizations Through Year Now Opening

Mrs. J. Howard Hodge, president of the City-County Federation.

Mrs. Geo. Grant, president of Delphian Chapter.

Mrs. Lamar Lunt, president of Modern Study Club.

Mrs. Joseph Mims, president of Twentieth Century Study Club.

Mrs. R. L. Miller, president of Woman's Wednesday Club.

Mrs. John B. Mills, president of Home Arts Club.

Mrs. F. C. Cummings, president of Civic Music Club.

Mrs. Frank Miller, president of Junior Woman's Wednesday Club.

Miss Ruth Pratt, president of Beta Sigma Phi Sorority.

Mrs. R. M. Barron, president of Palette Club.

A Woman, Not a Man, Knows Best What Makes the "Ideal Woman"

German women, with pick and shovel and broom. Their place is in the home—or a munitions factory—or a labor battalion.

By Ruth Millett
WHEN Hitler conquers a country he usually imposes his standards for the "Ideal Woman."
And every woman is expected to get busy and turn herself into a carbon copy of this feminine ideal. "Knows Her Place and Keeps It" SHE is strong. (So that she will have strong sons.)
She scorns beautiful clothes. (She can't have them, so she might as well turn up her nose at them.)
She knows her place and keeps in it. (It is in the home—unless she is needed in a munitions factory or labor battalion.)
Look At This Picture
LOOK at the one picture of women who typify the "ideal woman" men.
She is above using makeup. (There thought-up by a man and then there is no money for anything so frivolous.)
She doesn't smoke. (The soldiers get her cigarettes.)
Well, the picture doesn't appeal at all to American women. They are sure that they would rather decide for themselves what the "ideal woman" is than have any man decide for them.
Just in case any American men imagine that a man can think up a better feminine ideal than women can—we women want them to make a little test. Not a blindfold test. You'll need your eyes for this.

Clever Fixing Will Make Your Old Wardrobe Like New

BY ALICIA HART
NEA Service Staff Writer
BEFORE you throw up your hands in despair because your budget won't permit a complete new wardrobe this fall, try the system of making the most of what you have in your present one.
Don't be downhearted about not being able to get a new suit until you have taken last spring's suit out of the moth balls and thought about it in terms of new accessories. They should be quite unlike the accessories you wore with it during spring, of course.
GET A FLOCK OF NEW ACCESSORIES
LAST winter's wool dresses won't look or feel the same if you have them shortened, re-fitted through the waistline if necessary, cleaned and pressed by an excellent dry cleaner. And then wear them with good-looking shoes, bag, hat and gloves in one of the new, exciting accessory colors, such as benedictine brown.
Perhaps a new, inexpensive jacket and a skirt you already have will solve the suit situation in pretty good order. Maybe if the old black dress had a new bright scarf or a new clip at the neckline, it wouldn't look like the old black dress.
Even shoes often can be reconditioned to look and feel like new. Before you throw away a pair of old favorites for which you paid quite a tidy sum, consider having them re-soled or perhaps dyed.
DRESS AND JACKET OUTFIT IS HANDY
IF you can have one new outfit, you might get a wool dress and a matching jacket and accessories which will be smart with it and with one or two left-over dresses

An American girl. She follows her own ideas on clothes and grooming.

Hey, you've looked long enough. Long enough, anyhow, to satisfy yourself that women know what men want better than do the men themselves.
Then look at the other picture of what women look like when they follow their own ideas. Not bad, huh?
You'll need your eyes for this.

Mary Martha Sivals Is Complimented At Theatre Party

Honoring her daughter, Mary Martha Sivals, on her tenth birthday anniversary, Mrs. D. C. Sivals was hostess to a group of girls with a theatre party, Saturday afternoon.

Guests gathered at the Sivals home, 811 W. Louisiana, for refreshments. The pink-and-white birthday cake was served with punch and pink ice cream molded in the form of roses.

Afterward the group went to the Yucca theatre. The honoree, Patsy Ann Patterson, Alma Fay Cowden, Elizabeth Ann Cowden, Dorothy Fay Holt, Ann Cleveland, Florence Larsh, Rebecca Bird, Patricia Mix, Dorothy Jean King, Betty Jo Joplin, Enid Wheeler, Evelyn Wemple, Helen Crabb, Etsy Nolan, and Patsy Lou Arrington.

Miriam Club Discusses Plans For Activities

Meeting at the home of Mrs. C. C. Caden, 811 S. Colorado, Miriam Club Friday evening made plans for a pie supper to be held at the I.O.O.F. Hall, October 10.

The Rebekah anniversary meeting to be held at the Hall Monday evening was also discussed. All Rebekahs and Odd Fellows are urged to attend this gathering.

Refreshments were served to Mrs. Leota Johnson, Miss Ludie Key, Mrs. Roxane Fuller, Mrs. Bertie Mitchell, Mrs. Vee Keith, Mrs. W. E. Lewis of Crane, and the hostess.

Next meeting of the club will be with Mrs. Bill Denson, 106 N. Carrizo, October 4.

We, the Women

By Ruth Millett
IT IS easy for a woman to get into a Righteous Rut.

The woman who is in a Righteous Rut expects her husband to feel eternally lucky and grateful because she is a fine housekeeper and a conscientious mother.

She makes friends only with women pretty much like herself, deciding smugly that anyone who doesn't think as she thinks or act as she acts "isn't my sort."

She doesn't say, "Perhaps there is another side to the story." She condemns without investigation.

She laughs at anyone whose ideas or way of living she can't understand.

She not only doesn't take any part in any activities outside her home, she belittles the woman who does.

She's Content To Stand Still
Mrs. F. C. Cummings is new president of the organization which now has an enrollment of about 50 members.

Mrs. F. C. Cummings was hostess to the weekly party of her luncheon group at her home, 1002 W. Missouri, Friday afternoon at 8 o'clock.

After luncheon had been served, the afternoon was spent in sewing. Members present were: Mmes Curtis Gilmore, W. H. Gilmore, Clifford Keith, Douglas Wolsley, Bill Grounds, John Skinner, M. T. Hartwell, and the hostess.

She reminds her children of all that she has done for them. She is convinced that she is right and her husband is wrong on any subject within the woman's sphere.

She puts it this way, "What does a man know about running a house?"
Unless she stops patting herself on the back long enough to see that she is in a Righteous Rut—she'll stay there the rest of her life—and miss a lot of real living.

Sisters Hostesses For In-Honor Tea At Linebery Home

In courtesy to two out-of-town guests, Miss Ada D. Pearce of Concord, New Hampshire, and Miss Mary Byrd of Durham, North Carolina, Mrs. Myrtle Scarborough Smith and her sister, Mrs. Tom Linebery, were hostesses at a tea in the Linebery home, 806 S. Main, Thursday afternoon from 5:30 o'clock to 6:30.

Miss Pearce has been visiting in the Smith home for several months and Miss Byrd, fiancée of Mrs. Smith's son, J. Winston Smith, has been a guest recently at the family's summer home at Ruidoso, New Mexico.

Autumn garden flowers decorated the reception rooms, where callers were received by Mrs. Smith, the two honorees, Mrs. H. N. Phillips, Mrs. H. D. Bruce, and Mrs. Linebery.

Mrs. O. J. Hubbard and Mrs. Geo. Grant greeted guests in the living room.

Roses formed the decor for the crystal-laid tea table where Mrs. Eula Mahoney and Mrs. Kurt Lekisch presided.

Invitations were issued to: Meses Pearl Blair, Ray V. Hyatt, A. W. Wyatt, J. Howard Hodge, R. O. Collins, J. M. White, Bob White, Oron Collins, Flake Young, Robert Cox, Wright, J. O. Vance, E. W. Cowden, J. M. Caldwell, Eddie Frank Conner, Jas. H. Goodman, Lenton Brunson, Jimmie Hoover, Frank Curtis, A. E. Murr, J. T. Baker.

Mmes. C. A. Travelstead, J. L. Daugherty, Geo. Grant, Bruce, J. Webb Miller, Ross Carr, Austin Flint, Miss Vivian Gildwell, Miss Edith Conyers, Mmes. John Nobles, Ben Black, Chas. West, Dunn Reiger, J. C. Hudman, Fred Middleton, Brooks Pemberton, A. C. Francis, W. M. Schrock, Broadus of Abilene, W. C. Fritz, Lee Cornelius, John Dunagan, Clint Dunagan, Ernest Neill of Big Spring, Elliott H. Barron, T. F. Barron, J. H. Barron, Foy Proctor, Leonard Proctor, John Hix, F. H. Lanham, T. C. Bobo, L. W. Leggett, Mrs. Anton Theis, Marthann and Jacqueline Theis, Mrs. Warren D. Anderson, Geo. Phillips, Percy Mims, R. B. Lawrence, Marvin English, T. R. Higginbotham, and the Rev. H. D. Bruce.

Belmont Class Plans for Annual Party on Friday

Plans for the annual picnic and birthday party of Belmont Bible Class were made at the meeting of the group with Mrs. Mary E. Mitchell, 1210 S. Big Spring, Friday afternoon. Members will meet next Friday evening at 6:30 at the home of Mrs. W. P. Collins, 710 S. Weatherford, and go to Cloverdale for the outing. All former members of the class are invited to attend.

Mrs. W. L. Sutton taught the day's lesson from the eighteenth chapter of Leviticus.

Mrs. W. C. Hinds offered the first prayer and Mrs. Mitchell the closing petition.

Refreshments were served after the study by Mrs. Bertie Mitchell.

Present were three visitors, Mrs. Andy Brooks, Mrs. R. D. Hudson, Mrs. E. J. Toliva, and the following members: Mmes. Hoyt Burris, C. E. Strawn, C. G. Murray, Hinds, Gene Shelburne, Sutton, Gladys Holster, R. Chanlor, Bill Wyche, James Adamson, W. P. Collins, Bertie Mitchell, Mary Mitchell.

Shower Features Meeting of Friday Needle Club

Friday Needle Club members complimented Mrs. Hugh Buyc with a pink-and-blue shower as a special feature of the afternoon when Mrs. W. F. Heil was hostess to the group at her home, 704 W. Louisiana, Friday. Mrs. G. D. West was cohostess.

At the presentation hour, a contest was held in which the honoree was declared winner. Evelyn Heil, small daughter of the hostess, then presented her with the shower packages which were heaped in a doll buggy.

Sewing and inspection of Mrs. Heil's home, which has been newly decorated, were other diversions for the group.

Punch and cookies were served. Twenty-six guests were present including: The honoree, Mrs. V. E. Compton, S. O. Golladay, Bill Smith, D. E. Gabbert, Joe Ramfield, R. F. Baker, Garland Baker, J. L. Sumrall, L. L. Hanks, T. L. Dunlap, Tom Roper, E. F. Mickey, B. D. Doss, D. Davis, A. G. Bohannon, C. H. Rochelle, Raymond Hines, O. L. Morrisette, S. O. Debnam, O. H. Jones, Paul Jackson, Hazel Clarke, C. C. Morgan, John W. Barnett, and Miss Christine Golladay.

Sending gifts were: Mmes. T. A. Golladay, R. S. Elliott, Lindsey, J. C. Reynolds, Addison Young, E. C. Rodman, H. S. Foster.

Midland Women Asked To Attend Meeting

A large attendance of Midland women is urged for the district meeting of Federated Church Women which is to be held in McCamey on Wednesday.

The meeting will open at 10:00 o'clock in the morning at the McCamey Methodist Church, with Mrs. Ross Carr presenting the morning meditation as representative of the Midland Council of Church Women.

Midland Girl Weds Sweetwater Man in Quiet Ceremony

In a quiet wedding at the Baptist parsonage Friday, Miss Frances Joyce Heard, daughter of Mr. and Mrs. Lee F. Heard, became the bride of Van Buren Turner of Sweetwater, son of Mr. and Mrs. R. L. Turner of that city.

The Rev. H. D. Bruce, Baptist pastor, read the single ring service, Friday afternoon at 3:30 o'clock.

The bride wore a tailored costume of powder blue with black accessories.

She was attended by Miss Etta Forest as maid of honor.

Present for the wedding were Mrs. M. H. Crawford and Camilla Jane Crawford, sister and niece of the bride, and Mrs. H. D. Bruce.

Mrs. Turner was reared in Midland and educated here, being a graduate of Midland high school. She was a member of the pep squad during her school days. She is now employed with the Southwestern Bell Telephone Company.

The bridegroom is a graduate of the Roy high school.

Mr. and Mrs. Turner are spending the weekend in Sweetwater as a brief wedding trip after which they will be at home here.

PTA and New Club Are Organized at Valley View School

Valley View School opened September 2 with Mr. and Mrs. Wayne Campbell as teachers.

A Parent-Teacher Association has been organized with the following officers: President, Mrs. Marion Holder; vice president, The Rev. Walter Smith; secretary-treasurer, Mrs. P. A. Brooks; reporter, Mrs. Lois Lewis; program chairman, Mrs. Earl Fain, with Mrs. Louis Smith, Mrs. J. H. Heideberg, and Mrs. Walter Smith as committee members; room mothers, Mrs. Linlie Sweden for Mrs. Campbell's room and Mrs. G. F. Eckert for Mr. Campbell's room.

The organization joined the National PTA.

Next meeting, with a PTA and school program, will be held September 27, with speakers from Midland.

The county graders leveled up the school ground and baseball diamond the past week.

Before school opened, the trustees improved the grounds by making see saws, swings, and new fountains outside, by painting, and putting a curb around the school.

The trustees are Louis Smith, G. Synatschek, T. A. Wilson, Jess Bartless, Herd Mickiff, Alton O'Neal, and P. A. Brooks.

Organize News Club

The fifth and sixth grades have organized a "News Club" to be used for language classes and also for news of the school and community. Officers for the sixth grade are: President, Mary Lou Smith; vice president, Yvonne Fain; secretary, Joyce Beasley; treasurer, Louis Synatschek; reporter, Lavena Brooks.

Officers of the fifth grade are: President, Buddy Dale; vice president, Maxine Eckert; treasurer, Floyd Smith; reporter, Wilma Smith; secretary, Walter Synatschek.

Community News

The Rev. Walter Smith and family went to Lee community Sunday where he is the minister.

Mr. and Mrs. F. L. Bass of Badgett community in Martin County visited Mr. and Mrs. Louis Smith and family Saturday night.

Miss Wilma Smith spent last weekend with Erma Cutbirth of the Stephenson community.

Mr. and Mrs. G. Synatschek and family spent Sunday visiting with Mr. and Mrs. Charlie Lackie at Germania.

Miss Viola Flemming of Midland visited Maria Leftwich Sunday.

Mr. and Mrs. R. C. Vest have had as their guest the past week Mr. Vest's sister, Mrs. W. E. Ellis of Cleburne.

Dorothy and Preston Vest visited Mr. and Mrs. Marion Holder and family Sunday.

Mrs. Frank Nolan and daughter, Barbara Nell, spent Saturday visiting her mother, Mrs. Emma Brummett in Big Spring.

Shower Features Meeting of Friday Needle Club

Friday Needle Club members complimented Mrs. Hugh Buyc with a pink-and-blue shower as a special feature of the afternoon when Mrs. W. F. Heil was hostess to the group at her home, 704 W. Louisiana, Friday. Mrs. G. D. West was cohostess.

At the presentation hour, a contest was held in which the honoree was declared winner. Evelyn Heil, small daughter of the hostess, then presented her with the shower packages which were heaped in a doll buggy.

Sewing and inspection of Mrs. Heil's home, which has been newly decorated, were other diversions for the group.

Punch and cookies were served. Twenty-six guests were present including: The honoree, Mrs. V. E. Compton, S. O. Golladay, Bill Smith, D. E. Gabbert, Joe Ramfield, R. F. Baker, Garland Baker, J. L. Sumrall, L. L. Hanks, T. L. Dunlap, Tom Roper, E. F. Mickey, B. D. Doss, D. Davis, A. G. Bohannon, C. H. Rochelle, Raymond Hines, O. L. Morrisette, S. O. Debnam, O. H. Jones, Paul Jackson, Hazel Clarke, C. C. Morgan, John W. Barnett, and Miss Christine Golladay.

Sending gifts were: Mmes. T. A. Golladay, R. S. Elliott, Lindsey, J. C. Reynolds, Addison Young, E. C. Rodman, H. S. Foster.

Dr. Wolford and Mrs. Parks Speak To Auxiliary

The Medical Auxiliary met in regular luncheon session in the private dining room of Hotel Scharbauer Friday, with Dr. R. B. Wolford and Mrs. Roy Parks as guest speakers.

Dr. Wolford is new director of the City-County Health Unit.

Mrs. Parks presented colored moving pictures made on a pilgrimage to Natchez, and discussed the old Southern homes she visited.

Mrs. Tom C. Bobo, new president of the auxiliary, presided and made the welcoming address.

About 27 were present, including auxiliary members from Big Spring, Odessa, and Midland.

Preceding the luncheon, Mrs. L. A. Absher was hostess to the group with a refreshment and social hour at her home 1909 Holloway.

The auxiliary will meet next at Big Spring, October 18.

Miss Oppenheimer To Give Review Here Tuesday

City-County Federation will sponsor a book review in the Crystal-ballroom of Hotel Scharbauer, Tuesday evening at 8 o'clock, for the benefit of its scholarship loan fund.

Miss Evelyn Oppenheimer of Dallas, a favorite with Midland and other Southwestern audiences, will review Evelyn Eaton's book, "Quietly My Captain Waits." This historical novel of early-day Canada and America is a national best seller and was a Literary Guild selection. Motion picture rights to the book sold for \$40,000. The New York Times described it as "a novel of unusual distinction."

"Quietly My Captain Waits" was reviewed by Miss Oppenheimer for her initial fall work in Dallas. It was received with such approval that she has reviewed it for the third time there.

Tickets at 50 cents each may be purchased at the door or in advance from Federation members.

The Federation scholarship fund is loaned to girls of college age. During the past four years, one student has been put through college, another is now in her second year, and still another was kept in summer school one season.

Born in Dallas and receiving her bachelor of philosophy degree in literature at the University of Chicago, Miss Oppenheimer worked on Chicago newspapers as literary critic and feature writer before beginning her career on the lecture platform. She has presented a number of reviews here.

Prairie Lee Girls' Quartet Sings at Midland Church

The girls' quartet of Prairie Lee School sang at the Fundamentalist Baptist Church in Midland, Thursday night. In the quartet are Doris Jane Preston, Gladys Marie Lay, Helen Ruth Harris, and Avelene Crudup. The second quartet is composed of Lavada Crudup, Betty Jean Graham, Johnnie Sue Crowley, and Alla Gene Spralls.

Friday morning the primary room presented a short program during assembly period. Two short plays were presented and Melba Gene Preston sang, "Beautiful Brown Eyes." The school sang "God Bless America."

Mrs. Gay Koonce and Miss Beulah Fuller are teaching public school music every Monday morning.

The trustees have purchased eight new maps for the school.

The third, fourth, and fifth grades made some interesting calendars in the past week. They also have some new library books.

Prin. Gay Koonce has a new pupil in his room. Her name is Lois Lavener Lancaster and she is in the eighth grade.

Visitors for the past week were: Odell Skelton, W. E. Richman, Dolores Ann Richman, and Sarah Beth Harrison and J. W. Richman.

Evelyn Ware is taking piano lessons from Mrs. Koonce.

Mrs. Katie Shepherd is making her home at present with Mr. and Mrs. T. N. Wilson, her parents.

Thelma Patterson of Cloverdale visited with Mr. and Mrs. Herman Billy, Tuesday.

Troy Winkler, who has been living with L. Smith, has moved back to Midland. The Dee Butler family has also moved back to Midland.

Thad O'Neal made a business trip to Midland Saturday.

Mr. and Mrs. Clint Forrest and daughters, John Anna and Anita of Big Spring, visited with Mr. and Mrs. Campbell, Sunday afternoon.

Mr. and Mrs. Louis Smith and Mrs. P. A. Brooks made a business trip to Big Spring Tuesday.

Miss Joyce Beasley had as her guest recently, Mrs. Smith.

Mr. and Mrs. Jack Teasdale and family of Midland visited Mr. and Mrs. Louis Stewart Sunday, Mr. and Mrs. Archie Boothe were also guests of the Stewarts.

Mr. and Mrs. J. E. Wallace of the Cloverdale community visited the Earl Fain family Sunday.

The families of F. L. Bass, P. A. Brooks, and Louis Smith met at Cloverdale Park, Saturday afternoon for a picnic and get-together.

Mrs. Annie Black from Orange, and her son, are visiting Mr. and Mrs. M. E. Payne.

Gossamer Glamor

SUNDAY SCHOOL LESSON

By W. W. Lackey

I. Solomon:

- Solomon the builder; the story of Solomon; Solomon the Magnificent.
- David's charge: "I am going way of earth; Be strong, show thyself a man."
- Solomon's dream, and his choice: "Gratitude, humility, understanding heart."
- Famous plea two women; wisest-pilgrims; 3000 proverbs; 1005 songs; works.

II. Proverbs and Philosophy:

- The pulpit, the stump and the country store; village philosophers, proverbs.
- Self-discipline: "Enter not... way of evil men"; "Keep thy heart, all diligence."
- Intelligence vs. faith; spiritual foresight; alert minds; discrimination.
- Rewards: Length of days, honor, joy; the path of the just, more and more.

III. Wisdom:

- Common sense, shrewd judgment, skill in the art of living.
- Law of God, cause and effect, true view of life, the fear of God.
- Personified as divine and identical with God, the root principle of the world.
- "Teach us to number our days that we may apply our hearts until wisdom."

IV. Christian Character:

- Close watch on the heart: Our first duty, faithful and true to God.
- Close watch upon the mouth: The mouth is the outlet of the heart (mind).
- Faithful, holy looking: The eye, indicator of direction, owner is taking.
- Close watch on the feet: Avoid all bypaths of evil. Heart-mouth-eye-feet.

V. Out Of The Heart:

- "Keep thy heart with all diligence"; "As he thinketh in his heart."
- "Let the words of my mouth, meditations of my heart, be acceptable." Ps. 19:14.
- "Thy word have I hid in my heart, that I might not sin against thee." Ps. 119.
- "Those things which proceed

Coleman Collier Honored Friday on Nineteenth Birthday

Coleman Collier was honored on his nineteenth birthday anniversary with a dinner Friday at the home of his parents, Mr. and Mrs. C. B. Collier, 308 E. Michigan.

The dinner, which was served in buffet style, was featured by a birthday cake topped with the traditional candles.

Pictures were made and the party hours were spent in conversation and informal merrymaking.

Present were: The honoree, Mr. and Mrs. Tommie Irwin, Mrs. Fritz Kinkin and son, Walter Clyde, Mr. and Mrs. A. B. Collier, Mrs. Barnett Collier and daughter, Beulah Mae, Mr. and Mrs. Rolly Collier, Mr. and Mrs. L. V. Roberson and son Vaughn, Mrs. F. D. Spratt, Laverne Spratt, Claude Lewis, Kathleen Eliland, Iva Grace Collier, Johnny Mae Collier, and Mr. and Mrs. C. B. Collier.

out of the mouth, they defile the man."—Jerus.

VI. Sentence Sermons:

- "There are two ways of getting home; and one of them is to stay there. The other is to walk around the whole world until you come back to the same place." G. K. Chesterton.
- "Boys flying kites haul in their white winged birds. You can't do that when you are flying words; But God himself can't kill them when they're said."—Will Carlton.
- "When you run in double harness, take a look at the other horse."
- "Keep thy heart with all diligence, for out of it are the issues of life."—Prov. 4:23.

Discussion and Stories Head Program Saturday

Discussion of the book "Alice in Wonderland" was one of the features of the Story Hour held in the children's library at the courthouse, Saturday morning at 10 o'clock.

Mrs. W. Bryant, director, told the stories of: "George and Angela" by Cicely Englefield; "Sojo" by Erick Berry; "The Swimm'g-Hole in the Church" by Sarah Shriner; and "Five Little Peppers and How They Grew" (continued.) She also read a poem, "Bed in Summer" by R. L. Stevenson.

Jokes were told and riddles given by Billy Jensen, Katherine Whigham, and Bobby Alexander.

Present were: Fay Manville, Robert Connor, Wanda Beth Whaley, Audie Merrell, Deneva Merrell, Katherine Whigham, Frances Whigham, Billy Jensen, John D. Jensen, Charles Sheppard, John Allen Murray, Eugene Heil, Mary Jo Heil, Evelyn Heil, Billie La Jean Pigg, Valda Dee Pigg, June Rose Craft, Irene Harwell, Kathleen Harwell, Bobby Alexander, Ruth Josephine Hall, Billy Sue Bailey, Doris Bailey, Emil Roper, Betty Anne Duffey, Lenora Anne Brown, Harvey Dell Brown, Doris June Brown, Genora Brown, Y. E. Brown, Sherry Page, Rosemary Anderson, Eddie Clarke, Richard Clarke, Melba Jean Clarke, Billy Young, Roy Roten, Patsy Simmons.

TO OKLAHOMA

Mr. and Mrs. J. J. Bailey are leaving this weekend for Oklahoma where he is called on business.

Geologists From Four States Will Attend Fall Field Conference

Geologists from New Mexico, Texas, Oklahoma and Colorado will gather in Carlsbad, N. M., Friday night, Sept. 27, to attend the fall field trip of the West Texas Geological Society. Trippers will assemble at 7:30 next morning 27 miles east of Carlsbad. Driving back toward Carlsbad they will study outcrops of Santa Rosa sandstone, Dewey Lake redbeds, and Rustler limestone and shale, as well as the subsurface geology revealed by the many test wells that have been drilled in Eddy County.

Continuing west of Carlsbad into the foothills of the Guadalupe mountains, they will study outcrops of the Yates and Tansill formations and attempt to relate these exposures to well-known sections in the subsurface. Late Saturday the caravan of cars will travel down Dark Canyon and return to Carlsbad. To See Lake McMillan. Sunday morning at 7:30, the cars will assemble 16 miles east of Carlsbad. The caravan will drive past the Potash Company of America mine to the old Artesia field, and, turning south, proceed toward Lake McMillan. In the first part of Sunday's trip both the subsurface geology and the surface outcrops of Dewey Lake redbeds, Rustler, Tansill, Yates, and Seven Rivers formations will be studied.

Dempsey, Chavez Will Carry Fight To Floor of Senate

ALBUQUERQUE, N. M., Sept. 21 (AP).—Rep. J. J. Dempsey announced today he was returning tomorrow to Washington, where it seemed likely the floors of Congress were to be made the arena for New Mexico's bitter Democratic primary aftermath. Senator Dennis Chavez, who won renomination in the senatorial race over the challenge of Rep. Dempsey, arrived in the capital today and announced he would take the Senate floor on Monday to relate "without mincing words" an account of New Mexico's turbulent first primary elections.

Dempsey declared the investigation into his defeat—an inquiry now in progress—would continue, asserting he would be "remiss" if he failed to bring "into the open every questionable procedure in connection with that election." Both Dempsey and Chavez have demanded an inquiry into the senatorial primary by the Senate campaign expenditures committee, and Department of Justice agents were reported busy in the state running down charges of Hatch Act violations.

Meanwhile, allegations of fraud and theft in last Saturday's ballot-counting came before the courts in seven counties and Dempsey brought action in district courts seeking to invalidate official canvasses of ballots from late-reporting precincts.

In one county, San Miguel, Dempsey lost out in his challenge of 13 precincts, all giving Senator Chavez a majority. His attorneys seek to invalidate the vote from certain late precincts on grounds the vote was not fixed with the county clerk 24 hours after the polls closed, as required by primary law.

Senator Chavez, back in Washington, declared Dempsey "can't take it, and now he's hollering 'cop.' I hope the cop gets there." Ramon Navarro's real name was Ramon Gil Samoniego until a Los Angeles court authorized him to change it.

Texas Oil Allowables Pass Mark Set By Mines Bureau As Needed

AUSTIN, Sept. 21 (AP)—Continuing its upward climb, Texas oil allowable for the week ended today reached a daily average of 1,369,443 barrels, an increase of 25,105 over last week and 49,143 in excess of the Bureau of Mines recommendation for September.

The engineering division of the Railroad Commission estimated actual production of 14,907 barrels over the bureau recommendation after deduction of an average of 2 1/2 per cent under production normally experienced.

Prospects were for a greater excess next week with the recent exemption of KMA and Hull-Silk fields from the nine daily shutdowns to reach month of the current 90-day order and the raising of the Hull-Silk top allowable from 28 to 40 barrels daily.

The exemptions and new top will add approximately 3,716 barrels daily to statewide production, 2,666 more from Hull-Silk and 1,050 from KMA. Increase of 103 Wells. The climbing permissive production—criticized as threatening stability of the industry in some quarters—results from completion of more new wells and special field allowables granted since the statewide order became effective September 1.

Texas' oil wells totalled 93,728 this week, an increase of 103 in seven days. Members of the Railroad Commission see no threat to stability and have asserted that special allowables have been granted only when market demand was shown. Suggestions for a new statewide hearing to re-evaluate the production and demand picture have been given no serious consideration. Under the present plan the next hearing will

be in November. Smith Criticized. Perhaps the sharpest critic on the present policy is H. C. Wiess, president of the Humble Oil and Refining Company, who in two letters to Chairman Lon A. Smith of the Commission has recommended a more definite "yardstick" for production than he believes is now in use.

Smith's reply was that the Commission has granted no special allowables or exemption where market demand was not substantiated. He said he considered the industry in fairly good condition despite the threatened peril of war. Pointing out that the regulatory body is seeking to equalize production, member Ernest O. Thompson recalled hearings ordered Sept. 30 on the question of reducing the allowable in two fields, Rogers and Rogers in Montague County and Rinney in Starr County.

Elliott Roosevelt To Enter Air Corps

HYDE PARK, N. Y., Sept. 21 (AP)—Elliott Roosevelt, son of the president, said today he would report to the air corps in Washington Monday and remain in the service "for whatever length of time they want me." He will hold a captain's commission in the air corps reserve and go on active duty.

WADLEY'S ROOM MAKING SALE of NEW FALL DRESSES

Continues Through Wednesday

- NELLY DONS
•PAUL SARGENT
•MADAME REYNAUD
•BLOOMFIELD
•REICHLY
•MIZE

Others Have Been Added
189 Fall Dresses in the Lot

We forget cost and former selling prices of this group of dresses for three more selling days. We need the room and you need the dresses, so do yourself a favor and buy several of these while this sale is on.

- All Sizes
•All Wanted Colors

- \$3.95 Nelly Dons, each \$2.95
\$6.50 Nelly Dons, each \$4.95
\$7.95 Nelly Dons, each \$5.35
\$10.95 Nelly Dons, each \$7.95

IN THE OTHER GROUP

- \$19.95 Dresses, each \$9.95
\$16.95 Dresses, each \$7.95
\$14.95 Dresses, each \$6.95
\$12.95 Dresses, each \$5.95
\$10.95 Dresses, each \$4.95

troleum Corporation for \$1,000 total cash consideration. Lease consists of the east 80 acres of the northeast quarter of section 18, block A-35, public school land. Expiration date is Oct. 7, but Humble has started operations in ample time to hold lease.

Record Soma Oiler. J. S. Pittman and Boyd Cox No. 1 Noelke Livestock Company, diagonal southeast offset to the discovery well in the shallow Soma sand pool of western Crockett County, yesterday remained shut in awaiting erection of storage tanks. Its natural flow of 200 to 300 barrels an hour, estimated, stamps it the largest well in the pool. Pay was topped in sand at 1,136 or 1,146 feet, reports varying, and the well drilled itself deeper while blowing.

Top of cement plug was found at 5,917 feet in Amerada No. 1 J. S. Todd, indicated half-mile west extension well in the Todd Strawn pool of north central Crockett. Two-inch tubing was set at 5,902 feet, and the well last was reported swabbing about 10 barrels of fluid hourly, of which five per cent was oil and the balance salt water. More swabbing will be necessary to determine if water will exhaust and whether shutoff was effected by plugging back from 5,074 feet. No. 1 Todd topped creosolite line of the Strawn, lower Pennsylvanian, at 5,828 feet. Markers in Ector Tests.

Anhydrite tops were reported yesterday from two wildcats being drilled by Forest Development Corporation in Ector County. Forest No. 1 Bradley et al, seven miles southeast of the Harper pool, topped anhydrite at 1,690 feet, datum of plus 1,351, reportedly placing it 77 feet higher than the old Sun Oil Company No. 1 Edwards, deep hole a mile and a quarter to the east. No. 1 Bradley is drilling ahead past 1,710 feet in anhydrite.

The same firm's No. 1-H Paul Moss, a mile and a half south of the South Cowden or Addis pool, was said to be running favorably on anhydrite top of 1,560 feet, datum of plus 1,388. It is drilling below 1,700 in salt.

North Goldsmith Pool Active. Grisham-Hunter Corporation No. 2 R. B. "Bum" Cowden of Midland, third producer in the North Goldsmith pool of northwestern Ector, responded to treatment with 1,000 gallons by flowing 155 barrels of oil in 11 hours. It was scheduled to re-acidize with 2,500 gallons yesterday.

An east offset, Grisham-Hunter No. 3 Cowden, is drilling in anhydrite below 3,900 feet. Grisham & Delaney No. 1 Cowden, south offset to the new producer, had drilled to 1,785 feet in anhydrite and salt.

Magnolia No. 1 R. B. Cowden, north of the discovery well of the pool, is rigging up rotary. In the southeast part of the North Cowden pool of Ector, Richmond Drilling Company and Rhodes & Tompkins No. 2 TXL is cleaning out after tamped shot of 310 quarts from 4,075 to 4,190, ten feet off bottom. Their No. 3 TXL is standing at 4,000 feet in lime after cementing 5 1/2-inch casing.

Stanford Oil & Gas Company No. 1-C Midland Farms Company, a mile east of the North Cowden

field, has been abandoned a failure at 4,877 feet, plugged back from 4,887. Acidizing and shooting failed to bring about commercial production.

In the Foster pool of Ector, Stanolind No. 19-A J. L. Johnson flowed 59.31 barrels per day after shooting with 295 quarts in pay zone from 4,110 to 4,220 feet, total depth. Oil tests 35-gravity, and gas-oil ratio is 696-1.

Yates Field Outpost Staked. Short south extension of the Yates field of Pecos County will be sought by Dan Purvis and M. H. Reed in No. 1 M. A. Smith et al. Located 330 feet out of the northwest corner of survey 29, block 194, I. & G. N. survey, the test is 1,800 feet south of Ohio Oil Company No. 1-J Ira Yates, 34,028-barrel natural producer. No. 1 Smith, reportedly on farmout from Tide Water Associated Oil Company, will start immediately with cable tools to projected depth of 2,000 feet.

An Ordovician wildcat in northern Pecos, Taubert, McKee & Steimont No. 1 Mrs. V. W. Crockett, is drilling past 4,128 feet in Permian lime. Humble No. 1 W. T. Shearer et ux, one-quarter mile northwest of production in the Ayco Ordovician pool of Pecos, had reached depth of 1,680 feet in anhydrite and lime.

Crane Deep Test. Gulf Oil Corporation No. 1-F University, scheduled 9,000-foot wildcat in eastern Crane County, yesterday was drilling at 5,291 feet in lime.

The company's No. 13 W. N. Waddell et al, promising one-half mile east spread of the Sandhills or Tubb deep Permian pool of western Crane, is standing after cementing 5 1/2-inch casing at 4,400 feet with 173 sacks. Total depth is 4,585 feet in lime which showed oil staining and slight porosity in cores over the last 185 feet.

Gulf No. 926 J. T. McElroy, on the same side of the Gulf-McElroy pool of Crane and Upton counties, gauged 24-hour flow of 1,104.61 barrels of 32.4-gravity crude and gas-oil ratio of 653-1 after shooting with 650 quarts. It topped pay at 2,720 feet and is bottomed at 2,919.

North Basin Pool. Magnolia No. 1 F. L. Woodley, mile and a half north extender of the east side of the Duggan pool in southeastern Cochran County, flowed 35 barrels of oil in one hour and continued testing. It has been acidized with a total of 10,500 gallons and is bottomed in lime at 4,985 feet.

In the south part of the Duggan, Magnolia No. 1-C Mallett Land & Cattle Company swabbed 145 barrels of oil in 18 hours, cutting five per cent sediment and water. Bottomed at 5,069 feet in lime it has been treated with 10,500 gallons in three-stage job.

The firm's No. 1-H Mallett topped pay at 5,005 feet, halted drilling at 5,062 in lime, and is running tubing to test. Oil Development Company No. 6-763 fee, in the Wasson field of southern Yoakum, flowed at the rate of 364.32 barrels of 33.9-gravity oil daily after shooting with 990 quarts in oil lime from 4,880 to bottom at 5,215 feet. Gas-oil ratio figured 381-1. Charles II. of England, once suppressed coffee-houses and denounced them as centers of sedition.

weeks. Court is now in session at Eldorado.

Officers declined to comment regarding a statement which Benavidez made just before noon. They declared, however, that he had told them he would take them to where the gun could be found. The Mexican farm hand "started talking" after 12 hours of questioning and after Weaver H. Baker, Junction district attorney, joined O. C. Fisher, San Angelo, district attorney in the inquiry.

IS TRANSFERRED

Mr. and Mrs. Tom Kirkham are leaving Midland soon for Borger, where Mr. Kirkham has been transferred as assistant manager of the air corps in Washington October 5. The transfer is in line with the company policy of transferring assistant managers each two years until six years' training has been given in the work. Mr. Kirkham has been assistant manager of the Midland Theatres for the past two years.

Advisory Committee To Aid Conscription Planning Is Chosen

HYDE PARK, N. Y., Sept. 21 (AP)

In two steps toward revitalizing America's defense, President Roosevelt appointed a six-man advisory committee today to help coordinate plans for conscription of manpower. He approved a proposal for creation of the office of Under-Secretary of War—a proposal which would establish new controls for the army's vast procurement program. In addition, he disclosed that employment in the nation's vital aircraft industry had more than tripled since December, 1938, that the greatest percentage gain had been in 29 interior states, and that he expected the greatest future advances in that same area. Four members of the advisory committee have been helping with plans for the draft, whose director probably will be named next week.

War . . .

(Continued from page 1) the strongest indication that Greece and Turkey may be asked to make plain their positions.

The axis powers, Gayda wrote in Mussolini's sounding board, came to Il Giornale D'Italia, are ready to support conciliation and respect for legitimate interests, but they "require final clarification of still-pending problems and attitudes still in doubt." Gayda promised also that the war against Britain "will develop with ever-more intense energy and even greater and more irresistible application of means."

Joachim Von Ribbentrop, Hitler's foreign minister, still was in Rome today, sight-seeing, following his conferences with Mussolini and foreign minister Count Ciano.

committee have been helping with plans for the draft, whose director probably will be named next week.
