Jap and French Leaders Confer On Indo-China

Release Of Wounded Prisoners Sought By Indo-China Officials

HANOI, French Indo-China, Sept. 30 (AP)—Ranking French and Japanese representatives conferred at Hanoi today on what informed sources said were "larger issues" arising from military facilities granted the Japanese in Northern Indo-China.

Embassies of both sides journeyed to Langson to seek release of between 40 and 60 wounded and much larger number of other French soldiers held in that northern Tonkin center since the Japanese captured it Sept. 25.

Tokyo's special emissary, Major General Sosaku Suzuki, with the Japanese commission chief, Major General Isaku Nishihara, called on Governor General Jean Decoux today as the Japanese consular staff returned to this Indo-China capital with the vanguard of Japanese civilians who left Sept. 20 on Tokyo orders.

Return of the Japanese coincided with the departure of the last Chinese leaders of the community. The entire staffs of the Chinese consulate, the Bank of China and other semi-official agencies left Hanoi last week.

BURMA ROAD WILL AGAIN BE OPENED

LONDON, Sept. 30 (AP)—Some informed British sources indicated in guarded comment today that because the "whole situation" in the Far East has changed, Great Britain intends to reopen the Burma Road, vital supply line for China, probably after consultation with the United States.

The British foreign office remained silent on the question of the road, due to be reported Oct. 18, "pending a fresh agreement with Japan."

JAPS NOT TO RENEW LEASE TO BRITISH

SHANGHAI, Sept. 30 (AP)—The Japanese-dominated "Chinese government" at Nanking announced today that it would not renew Great Britain's 10-year lease of port facilities on the Liu Kwang Islands, near Weihaiwei on the northern shore of the Shantung peninsula. The lease expires today.

HULL CONFERS WITH BRITISH AMBASSADOR

WASHINGTON, Sept. 30 (AP)—Secretary Hull and Lord Lothian, British ambassador, discussed the new Japanese-German-Italian alliance today amid increasing indications that Britain would reopen the Burma Road next month again to permit supplies to flow over that route to China.

Pair of Forest Wildcats In Ector Hold Oil Interest As Week Opens

By Frank Gardner

Two wildcats being drilled in Ector County by Forest Development Corporation claimed top interest at the week's beginning as one showed sufficiently encouraging amount of pay to warrant setting oil-string of casing and the other topped solid lime high structurally.

"Willkie" and "Roosevelt" Debate

Nothing ever came of that offer by G. O. P. Presidential candidate Wendell Willkie for a face-to-face debate with President Roosevelt, but that's no reason why the "candidates" can't argue right in our own home. All you need is a pair of masks like the lads in the photo are wearing. That's "Willkie" at left, in case you're doubtful.

Collings Outlines Duties In Charge To Grand Jury

District Judge Cecil C. Collings this morning delivered his charge to the grand jury empaneled for the fall term of court, instructing members in a brief talk to diligently perform their duty in any matter that might come up.

The duty of the grand jury is to investigate any actual or reported violation of the law and to return an indictment when sufficient evidence is found, the judge said. The purpose is twofold, he continued, the chief one being to protect an innocent person from the ordeal of trial and the second purpose is to see that every law violator is brought to trial.

The method in which a grand jury operates is responsible for the respect in which the courts are held, Collings added.

Start Stripping Pipe For New North Basin Outlet

Crew started stringing 10 3/4-inch pipe yesterday for the Texas-New Mexico Pipe Line Company's new carrier from Midland to the Slaughter-Duggan field of Hockley and Cochran counties. The line will be 105 miles in length and will have a capacity of 8,000 barrels daily. It will be a gravity line throughout. Ditching machine has not yet been shipped to Midland.

Willkie Declares No "Supermen" In The Capital Today

Free Delivery Of Mail Will Start Tuesday

Inspection Tour Of City Being Made By Postal Official

Free mail delivery for the first time in history will start in Midland in the morning at 7:30. Postmaster Allen Tolbert announced this afternoon.

Actual start of delivery will bring to a close preparedness efforts during the past two years. During that time, the postmaster, working through Congressman R. E. Thomason, has been seeking the service.

Three regulars and a substitute carrier have been appointed and are ready to begin tomorrow. Uniforms for the carriers have not yet been received but are expected to arrive in the very near future.

The carriers are A. B. Cole, Jr., James H. Walker, Dee K. Ham, Substitute carrier will be Maurice Conrad.

Post Office Inspector Dudley C. Jernigan arrived in Midland today to conduct an inspection tour of the area to be served. He will be here throughout the week.

Officers Arrest Hot Check Artist And Start Inquiry

A tall, bushy-haired young man from Louisiana was in jail here today for passing three "hot" checks and Federal Bureau of Investigation agents have been asked to investigate his record.

City Patrolman Frank Manning arrested the man Saturday evening and immediately started an investigation to determine if the 1934 automobile he was driving was stolen. The Automobile Theft Bureau is checking on the car.

The man has had little to say. Deputy Sheriff Fisher Pollard said. He said he would not talk with state authorities but would tell his story to FBI agents. The FBI office in El Paso was notified and promised to send an agent here tomorrow.

Pollard said the man told him he had served a prison term for a slaying in a northern state, but declined to reveal the details.

County Attorney M. F. Hines is aiding in the investigation.

British Fight Off Nazi Raid Over Capital

Nazi Fliers Forced To Flee After Four Brought To Earth

LONDON, Sept. 30.—British fighters fought a slashing, 20-minute battle with German raiders above cloud-shrouded London today which ended when the Nazi planes streaked to the south.

The British press association declared the German flight had been chased away.

Unofficial reports said four German planes were brought down.

Three planes were reported downed in the areas of Godstone and Tadworth, in Surrey, south of London, and another downed in the Ealing district in western London.

The raiders were engaged heavily over Surrey's rolling countryside. The plane which crashed near Tadworth came down in flames after a long burst of machinegun fire.

The fierce air fights occurred as Nazi bombers flew to the attack on London's millions of people and miles of buildings and industries.

There were three alarms before mid-afternoon. Anti-aircraft guns boomed into action.

The populace huddled in shelters took comfort from the air ministry's report that British bombers had carried out their own offensive during the night, peppering German-held points on the continent and raiding deep into Germany, causing heavy damage to Nazi war industries.

More than 20 bombs were reported dropped during two raids on a south coast town, causing some casualties and considerable damage.

British long range guns opened up on the German-occupied French coast shortly before dawn. Fire blasted from the quayside of Calais Harbor.

German batteries replied with four salvos of shells at 20-minute intervals. Later they opened fire on the Dover area.

German raiders came in long files in the opposite direction over the stormy English Channel, notably dropping oil bombs which started fires in the center of London and the shipping and shipbuilding section of Liverpool.

A communiqué declared the German attacks "spread over many parts of the country" but took their toll in lives lost and homes smashed in London's packed residential sections and suburbs.

Convict Britishers of Sabotage

TOKYO, Sept. 30 (AP)—Seven British residents in Japan have been convicted of espionage, three others have been indicted and five more are under investigation on similar charges, the authoritative Domei news agency announced tonight.

Proposed Charter For City Mailed Eligible Voters

City officials today were mailing copies of the proposed new charter for Midland to all persons in the city who are eligible to vote in the election, scheduled November 5.

The proposed charter was completed by a commission named by Mayor M. C. Ulmer and finished work on the draft on August 22. It was printed in booklet form last week on orders of the mayor for delivery to voters of the city.

Under the proposed charter the governing body of the city shall consist of five councilmen and a mayor, and the body is to be known as the "City Council of the City of Midland."

The members of the city council and the mayor shall be the only elective officers of the city. All will be elected from the city at large.

The mayor and each councilman shall serve for a term of two years and until his successor is elected and qualified, unless sooner removed from the office. In the event of a vacancy, remaining members of the city council shall elect new members.

Dakar Fiasco Puts Them On Spot

Angry repercussions from Britain's press, public and officialdom followed the failure of the combined British-French naval expedition against Dakar, French West African port. Among main targets of criticism for the "fiasco" were Gen. Charles de Gaulle, right, leader of "Free French" forces, and Gen. E. L. Spears, left, British liaison officer who is said to have been Prime Minister Churchill's chief advisor in favor of the expedition.

German Planes Dispersed By RAF Fighters

Complete Agreement By Axis Partners On Plans Announced

By The Associated Press. Waves of German warplanes, thundering across the channel in ever-greater numbers, sought four times today to bomb London, but the British air ministry said only a few of the raiders succeeded in slipping through the maze of RAF and anti-aircraft defenses.

Pierce sky darts raged all along the "hell's corridor" stretching from Dover to London, starting at 9 a. m. and continuing late into the day.

Once, the air ministry said, the German mass formations crossed the Dover coast and penetrated 40 miles inland—within 20 miles of London—but "none reached their goal."

"The fourth attack was the largest," the ministry's announcement said. "About 180 aircraft flew in over Dungeness and again penetrated inland, but they were engaged and broken up before reaching the outskirts of London."

Axis Completes Plans. "A few enemy aircraft, however, evaded our defenses and succeeded in dropping bombs in the western suburbs. Here damage was done and casualties were caused."

Virginio Gayda, Fascist editor, sometimes called Premier Mussolini's spokesman, reported meanwhile that axis plans for fulfillment of their goals had been reached at a Berlin conference.

Foreign circles in Rome interpreted Gayda's statements as a sign that Generalissimo Francisco Franco may have agreed to let German troops pass through Spain for a rear assault on Gibraltar.

The impression gained in both Rome and Berlin that Spain may soon be taken into the axis as a fully fledged partner.

A hint that gas warfare may be the next dread phase of the European conflict was dropped in Berlin today, while Britons took warning of a heralded new crisis in October.

Hitler Said "Ready." Informed quarters in London looked for a double-barreled turn of events before the onset of winter—an axis drive to capture Britain's rock fortress of Gibraltar, coupled with an Indian Summer attempt to invade England.

Aircraft Production Minister Lord Beaverbrook's London Daily Express declared that Adolf Hitler is approaching his "supreme gamble."

The newspaper said the axis powers would likely attempt to capture Gibraltar in an effort to draw the United States into the Mediterranean theater, thus leaving the English Channel less hazardous for the Nazi fuhrer's invasion barges.

The United States was warned by Italian commentators that a bursting of the "myth of American power" and destruction of her army would result from any U. S. intervention in axis plans to rearrange the world to the taste of Berlin, Rome and Tokyo.

Reporter-Telegram Carriers Are Young Businessmen of City

Fred Betts.

Fred Betts, 15-year-old son of Mr. and Mrs. J. K. Betts, has lived in Midland two years, has been with The Reporter-Telegram one year. A freshman in Midland High School.

So readers of The Reporter-Telegram may know their carriers, each day one of the young men will be introduced. The Reporter-Telegram is anxious to have each subscriber know the young man who delivers and collects for his paper.

The boys are independent merchants, obtaining training and experience which will benefit them for years to come. Each buys his paper at wholesale and must collect from his subscribers. If subscribers pay promptly, he is successful in his business.

WHAT is the weakest point in any bridge player's game? You may be surprised to learn it is the failure to count his tricks.

I have stressed this point for years. Now, I am going to give you a series of six articles based on counting tricks.

It looks natural, doesn't it? But suppose the declarer had counted his tricks. He had one heart, four spade tricks, four diamond tricks and two club tricks, a total of 11.

The thing to do is to win the ace of hearts, cash the ace of spades, and then give up a spade trick. He will lose the ace of diamonds and the queen of hearts, but he will not lose the other club trick, and thus will make four-odd.

Playing Of Woman Admitted By Cook

PHILADELPHIA, Sept. 30 (AP).—A legal trail that could lead to the electric chair began today for a 35-year-old short-order cook who admitted, police say, that he took attractive Mrs. Ethel Atkins to a vacant farmhouse 20 miles from the city and bludgeoned her to death in a liquor-infused rage.

Mrs. Atkins' body, nude and battered, was found late last Tuesday in an old dwelling at Horsham, Montgomery County. Wife of a Philadelphia bricklayer and mother of twin sons, she was related by a former marriage to the Duke tobacco family of North Carolina.

Yesterday, Police Captain William C. Engle said, William J. Earnest signed a statement that he killed Mrs. Atkins after accompanying her on a round of Philadelphia taprooms.

Police arranged to turn Earnest over to Montgomery County officials today.

The statement Engle attributed to Earnest said Mrs. Atkins removed her clothes "as soon as we got in" the farmhouse. There was a party in a second floor bedroom, the police captain said Earnest told him, and then a fierce quarrel.

We, the Women

By Ruth Millett

THOUSANDS of ambitious girls who were graduated from college in June are right now trying to get jobs.

Most of them feel they have to work. They feel that when parents have given them a college education they've done enough. And, besides, they want to "amount to something."

Seven years ago a small, pretty, brown-eyed girl, graduate of the University of Michigan, was in just such a spot.

Her name was Martha Scott. She had to support herself and she was determined that she would do it by acting—if not right at first, then later.

Radio Program Travels With Her

TODAY Martha Scott is a top-notch Broadway actress (she played the unforgettable Emily in "Our Town") and she has starred in two important motion pictures, "Our Town" and "The Howards of Virginia." She has a nice spot for herself in radio, too, playing in "Career of Alice Blair"—a program which gladly follows its young star to Hollywood or New York, or wherever she happens to be.

Three hours before she was married to Carlton Alsop, radio executive, Martha Scott—having her hair set in ringlets and a soft shade of polish put on her nails in a Fifth Avenue beauty salon—obligingly concentrated on the last seven years to see if she had any advice to offer the ambitious girl who is beginning her career climb this fall.

Don't Wait For The "Right" Job

SHE found she does have some advice, and here it is, as she gravely told it to me:

"Don't pound the pavements week after week looking for the 'right' job. Take anything you can get at first. I guess I worked at just about everything—salesgirl in a candy store, receptionist in a doctor's office, clerk in numerous department stores.

"But while you are doing the wrong job, keep working toward and thinking about the thing you really want to do. It may mean looking for the right job on your lunch hour. It may mean reading books, going to night school, or volunteering your services. But keep eternally at preparing yourself for the job you want.

"And never allow yourself to lose faith in your ability and in your ultimate success just because you are temporarily sidetracked. Believe—and see to it—that it is only temporary."

Horned Frogs and Razorbacks To Open Conference Race This Week

By Felix R. McKnight.

DALLAS, Sept. 30 (AP).—Unsoiled by defeat after an eye-opening inaugural that put the customary whiskey touch to the Southwest Conference race, the league moves into official business next week-end. Sympathy accorded them in doleful pre-season forecasts removed by their own antics against intersectional foes Saturday last, the Texas Christian Horned Frogs and Arkansas Razorbacks have at each other over in Fort Worth Saturday.

The Christians, expected to head straight for the funeral parlor instead of the stadium when their great Kille Gillespie went out with an ugly knee wound, arrived on schedule in a colossal sort of way—handcuffing Centenary, 41-6. Sophomores, seemingly in an endless stream, poured across Centenary's goal line like old veterans. Arkansas deserted the old passing game, probably for want of a passer, and ran Central Oklahoma Teachers weary to pile up a 38-0 count.

The most shocking incident of the opening schedule was Baylor's apparent inability to cope with a passing game. The North Texas Teachers ran up an amazing total of 235 yards by air in scoring Baylor silly before finally falling, 27-20. Now Baylor must make the dangerous switch of climate to play a rather stout Denver University team at Denver next Friday.

Down in the new Alamo Stadium in San Antonio, the Texas Aggies go in against a Tulsa University team that will give them a sterner test than Texas A. and I, 26-0 victims of the Aggies last Saturday. It took John Kimbrough, Bill Conatser and Jim Thomason, old regulars, to put across the counters on A. and I. Tulsa was breezing to a one-point win over Washburn.

Texas' Longhorns wore down Colorado for two periods, leading 12-7, and then mixed fire running and passing with the Texas climate to batter a weary band from the Rockies, 39-7. Next Saturday at Bloomington, Ind., Texas will need its Jack Crain, injured Saturday, in a scrap against Indiana University.

Rice plays its first game Saturday against Centenary at Houston, and the rabidurs are rather anxiously awaiting a first glimpse at Jess Neel's first Southwest Conference product. Southern Methodist, finally a 9-6 winner over U. C. L. A. before 78,000 at Los Angeles last Friday night after mugging many scoring chances, will work on its goal line punch before meeting North Texas State at Dallas on Saturday.

Top Notch Fielding Main Reason Why the Gassers Copped Flag

(Last of a series on averages compiled in the West Texas-New Mexico League during the 1940 season.)

The Borger Gassers emulated the National League Cincinnati Reds in the West Texas-New Mexico League this year by placing on the field not the nearest fielding club but the best fielding team.

The Gassers finished with a team fielding average of .954, seven points better than the second place Amarillo team. Perfection afield helped the Gassers more than a little bit to finish the season in the first division, then come through with the gonfalon.

The Gassers finished in third place in double plays but Decker and Gilchrist, second base and shortstop, respectively, were the best fielders in the league at the positions.

Following Borger, the clubs came as follows: Amarillo, Lubbock, Lamesa, Midland, Clovis, Pampa, Odessa. The Gassers made only 253 errors, 31 fewer than Lubbock.

Very few players in the league stayed at one position long enough to rate top honors by playing one position. For instance, no fewer than 52 second basemen were used by the eight league clubs.

Dick Ratliff of Amarillo was the leading catcher with an average of .985, finishing five points ahead of Summers of Pampa and Schmidt of Clovis.

Dutch Prather led all the other first basemen with an average of .981. In second place was Bones Sanders of Amarillo, with Rirdan of Lamesa trailing with an average of .974.

Bobby Decker of Borger finished with an average of .950 to lead the second basemen. Niedziela of Lubbock had an eight-point higher average but participated in only 64 games. In third place was D'Amico of Amarillo.

The veteran Jerry Jordan of Pampa paced other third basemen of the league with a not-so-good mark of .941. In second place was Stuart Williams of Borger and in third place was Beeler of Lamesa. Manager Sammy Hale of Midland finished with a mark of .917.

Gilchrist was top shortstop without serious competition. His average of .940 was 27 points better than the mark of Eddie Guynes of Lamesa. Tenorio of Amarillo and Williams of Odessa finished with better marks than Guynes but failed to participate in 100 games. Mahan of Lubbock finished with a mark of .900 while Sam Malvica of Pampa was low regular with .877.

18 Conference Games Scheduled In High Grid Race This Week

By Harold V. Ratliff Associated Press Staff Writer.

A schedule that carries 18 conference games but spotlights an inter-district clash between Longview and Port Arthur slips the Texas school-boy football campaign into October when championships are won and lost.

The battle Friday night at Longview games but the unbeaten, untied Lobos and Yellow Jackets are the major tilt of a week due to cut list of teams with perfect records to 25.

Two other games send undefeated, untied teams against each other with Woodrow Wilson (Dallas) playing Hillsboro and San Jacinto (Houston) tangling with the Corpus Christi Buccaneers.

Amarillo's Golden Sandies meet Capitol Hill of Oklahoma City in the feature intersectional clash.

The game will indicate whether the Sandies deserve their rating as one of the state's top teams.

There now are 47 teams that have not tasted defeat but seven of these have been tied.

On the basis of the first three weeks of play the standout teams of the state appear to be Amarillo, Lubbock, Clovis, Mason's Home (Fort Worth), Arlington Heights (Fort Worth), Sherman, Longview, Corpus Christi, Port Arthur, Brackenridge (San Antonio), and Kerrville.

than 100 games in left field during the season with Duarte of Amarillo turning in a .951 mark to lead the field. Hajduk of Lubbock was second with a mark of .935. In third place was Knobles of Pampa with a mark of .897.

Emmett Fullenwider of Amarillo led the other recent fielders of the league with a mark of .977. Grover Seitz of Pampa wound up with a .955 mark and Scopetone of Borger, the only other regular center fielder, guarded to play 100 games at the position, wound up with a mark of .914.

In right field, top honors went to Max Stevens with a very poor mark of .946. Short of Borger was in second place with a mark of .934 and Schweda of Lubbock finished with a .917 mark to finish third.

Rube Naranjo of Midland, generally credited with being the equal of any outfielder in the league, Grover Seitz, excepted, had the best average of any left fielder, in 23 games, and the best average in center field, in 71 games, with an average of .977.

Mack's Reputation As Prophet Upheld When Yanks Wind Up Third Behind the Indians

By Bill White Associated Press Staff Writer.

They snickered when Connie Mack predicted the Yankees would end in third place. . . . Mack's reputation as a prophet is upheld when the Yankees wind up third behind the Indians.

The season has ended and the world champions are in third place. . . . This is the year's biggest baseball story. It's bigger than the fact that the Detroit Tigers held their aged infield together while Hank Greenberg and Rudy York pounded in enough runs to win their first American League title since 1935 in a mad scramble from the dissolution-torn Cleveland Indians and the Yankees.

No such contest sent National League fans swarming through the turnstiles. There the Cincinnati Reds were able to stave off the Brooklyn Dodgers early in the season—and coast home on the wings of a fine pitching staff and lots of hustle.

The year left other memories. There were two no-hit games, by Cleveland's Bobby Feller and the other by Brooklyn's Tex Carleton. Five pitchers—Bucky Walters, Paul Derringer, Claude Passeau, Buck Newsum and Feller—won 20 games or more; a handful of freshmen bid for "rookie of the year" honors, with young Sid Hudson, Senator pitcher, making a strong claim; and the Indians' intra-mural war seemed destined to make Oscar Vitt the managerial victim of the year.

Pitching honors go to Schoolboy Rowe, whose courageous comeback is one of the year's bright spots and to fat, florid Fred Fitzsimmons, two veterans who had the best won-lost percentage in the two leagues.

While you're counting stars, you can't overlook Joe DiMaggio, who won the American League batting title for the second straight year, nor Debs Garms of the Pirates who took the National League honors. . . . Joltin' Joe tried to keep the Yankees on top single-handed, but he couldn't do it. His 11th inning single yesterday to beat Washington 4-3 was typical of the way he's hit all year. That win wasn't enough to put the Yankees in second place for Al Milnar beat the champion Tigers 3-2 in 14 innings to give Cleveland the runner-up spot. The Boston Red Sox edged into a fourth place tie by whipping the Athletics 9-4 and 4-1 while Eldon Auker outpitched Johnny Rigney to give the Browns a 2-1 decision over the White Sox.

Cincinnati tapered off for the series by losing to the Pirates; Bill Lohman pitched a three-hitter for the Giants and subdued the Bees 14-0; Brooklyn's Lee Grissom hurled a two-hitter to stop the Phillies 5-0 and Mort Cooper's six-hitter enabled St. Louis to beat the Cubs 6-0.

Tigers Favored In World Series Betting

NEW YORK, Sept. 30 (AP).—The Detroit Tigers are favorites to win the world series according to opening odds quoted by Jack Doyle, the Broadway price-maker but its 4 to 5 and take your choice on the opening game. Doyle's odds for the entire series are 7 to 10 against Detroit and even money against the Cincinnati Reds.

Volts Lack Only One Game To Cop Series

HOUSTON, Sept. 30 (AP).—Houston pinned its fading Dixie Series hopes today on Ted Wilks, a little fellow with a big heart. Wilks it was who pushed the Texas League club to its sole victory thus far over the Nashville Volunteers, whose big bats have bludgeoned out three wins in the four-out-of-seven series.

His opponent tonight will be George Jeffcoat, the Southern Association strikeout king. The Volunteers clubbed out an easy victory, 6-0, in the fourth game of the series here yesterday as Ace Adams, stocky hurler, scattered eight blows, permitting only one Houston player to pass first base.

If Nashville wins tonight, the series will be over. If Houston wins, the teams will travel back to Nashville for the resumption of the series Wednesday.

FRISCH GETS CONTRACT

PITTSBURGH, Sept. 30 (AP).—Frank Frisch, pulled Pittsburgh's foundering Pirates back into the National League first division and promised a 1941 pennant contender so the management today rewarded him by adding another year to his contract.

The August list boosted the total for the first eight months of the year to 20,640—a gain of 7 per cent over the 19,280 toll for the corresponding period last year.

Officers Puzzle Over Suicide Of Well-Known Writer

NEW YORK, Sept. 30 (AP).—The death by hanging of Courtney Ryley Cooper, ended a puzzling note the career of a noted author of high adventure and crime stories.

The 53-year-old writer, whose enthusiasm for circuses earned him the title of "Circus Fan No. 1," was found hanging by a rope from a pipe in a hotel closet early yesterday. Detective Casswell Jacobs said he had committed suicide.

Friends said he had been in a state of nervous exhaustion from overwork. His wife said Cooper apparently had been depressed because the Federal Bureau of Investigation and other Washington authorities had shown no interest in information he had obtained in Mexico relating to German fifth column activities.

B. E. Sackett, special agent in charge of the FBI in New York, said neither J. Edgar Hoover, FBI chief, nor any other member of the organization had talked with Cooper about the Mexican matter. Funeral services were scheduled tomorrow.

NTSTC Will Meet Mustangs This Week

By The Associated Press.

The North Texas Teachers of the Lone Star Conference, undaunted by a 27-20 defeat at the hands of Baylor last week-end, meet a second Southwest Conference opponent Saturday, Southern Methodist's Mustangs at Dallas.

Perched on top of the LSC heap with an unblemished slate, the Sam Houston Bearcats meet the Mississippi State Teachers at Hattiesburg on Friday night. Last week Sam Houston trounced Texas Wesleyan College, 6-2.

Stephen F. Austin Teachers, toppled from the ranks of the undefeated by a 6-0 lacing at the hands of Southwest Louisiana Institute, take on Henderson State Teachers at Arkadelphia, Ark., Friday night.

East Texas Teachers, who took a 14-7 licking from Abilene Christian College try luck with another Texas Conference foe, Howard Payne, Saturday at Brownwood.

Advance Made By Preferred Stocks

By Victor Eubank
NEW YORK, Sept. 30 (AP).—Irregularly higher prices ruled in today's stock market notwithstanding skepticism over international affairs.
 Aircrafts and specialties were favored. Gains of fractions to a point or so were fairly well spread at the close.
 An assortment of senior stocks having large dividend accumulations again stepped out with wide advances on small turnovers. Among these were issues of General Steel

Castings, American Woolen, Certain-Teed and Budd Mfg.
 Volume was light, transfer approximately 400,000 shares.
 Steels occasionally were in difficulties, although mill operations this week were estimated up 1 of a point at 92.6 per cent of capacity.
 Stocks drawing support were Douglas Aircraft, Glenn Martin, United Aircraft, Bendix, U. S. Steel, Air Reduction, Union Carbide, Du Pont, Chrysler, Pullman, N. Y. Central, Great Northern, American Car & Foundry, Pressed Steel Car and Kennebecot.
 Backward were Eastman Kodak, Bethlehem Steel, General Motors,

Jap General Says New Axis Pact To Keep U. S. Neutral

TOKYO, Sept. 30 (AP)—The new Rome-Berlin-Tokyo military alliance probably will "save hundreds of thousands of Americans from death on foreign battlefields," Col. Shuatsu Matsuoka, chief of the Japanese army information section, said today in an interview.

"We gather the impression from American publications that the United States is drifting steadily toward entry into the conflict," he declared.

"If this is so, this alliance must have made a considerable portion of the American public aware of the dangers of participation and it may serve as a brake on such rashness."

"From the standpoint of national defense, no country seems more favored by natural and artificial conditions than the United States. Potential battlefields for American soldiers lie across oceans in foreign territories. But we believe that such imaginary battlefields have vanished as a result of the alliance."

Colonel Matsuoka said the treaty was concluded solely in the interests of peace.

Band Candidates To Meet Tonight

Another meeting of prospective band members and their parents will be held at the band hall tonight at 7:30 o'clock. This meeting has been called because so many parents and prospective musicians were at the meeting last week that the director could not talk with all of them individually. Parents are urged to be present with their children tonight.

This meeting is very important because most of the beginners have already started but there is still time for others to join the band and be in the class with those who have already started.

The instruments needed to balance the beginners band are trombones and baritone. More flutes could be used. There are sufficient cornets and clarinets but a few more will be welcome.

There are more students in this year's class of recruits for the band than during the last four years combined.

German Grain Yield Said Almost Normal

BERLIN, Sept. 30 (AP)—Walter Darre, minister of agriculture, declared today Germany's war year bread grains harvest would be only two percent under the peacetime average and would "insure the stability of bread rations in Germany for a long time to come." He put the 1940 grain yield at 24,600,000 metric tons, or 903,000,000 bushels.

Further Widening Of War Forecast

MOSCOW, Sept. 30 (AP)—The Communist party newspaper Pravda declared today the new triple axis pact, which it laid in part to military cooperation between the United States and Great Britain, presages further widening of the war.

Soviet Russia, Pravda said in an editorial marking the first Russian comment on the accord, remains firmly neutral.

Accounting for the pact, Pravda said "doubtlessly it was stimulated in the first place by the latest facts of intensification and extension of military cooperation between England and the United States."

Flight of P-40's Lands Here Today

Seven P-40's, enroute from Barksdale Field, Shreveport, La., to Tucson, Ariz., headed landings at Midland Municipal Airport today. Col. Strickland was commanding.

Two BT13's led by Lieut. J. B. Hurbott, arrived from El Paso on the way to Hensley Field, Dallas. A P-40, flown by Lieut. O. W. Lundie arrived from Barksdale Field, enroute to Tucson. A Stinson of the Humble Company, flown by Pilot Taylor landed here on a roundtrip from Houston.

President Makes Inspection Tour Army Testing Base

By Douglas B. Cornell
ABERDEEN, Md., Sept. 30 (AP)—An inspection of a 20,000-acre "laboratory" where the army puts to the test ordnance ranging from tanks to 16-inch shells to rifle bullets started President Roosevelt off today on an all-day tour of Maryland defense projects.

The President saw anti-aircraft guns, bombs, tanks, a ballistic laboratory and a school which trains regular and reserve officers and enlisted men for ordnance work.

Mr. Roosevelt came ashore from his yacht Potomac shortly after 9 a. m., CST, and a 21-gun salute thundered the army's regulation greeting to his Commander in Chief.

The Potomac left Washington Saturday night, cruised down the Potomac river and up Chesapeake Bay. Mr. Roosevelt was met at the dock by Governor Herbert R. O'Connor of Maryland; William S. Knudson, mission; army and other non-Ngh member of the national defense commission; army and other officials.

Before returning to the capital late in the afternoon, the Chief Executive had arranged to look over the Glenn L. Martin Aircraft plant near Baltimore, which is building powerful bombers for America's armed forces and for Britain.

Excess Profits Tax Measure Action Due In Senate Tuesday

WASHINGTON, Sept. 30 (AP)—Congress put a \$1,000,000,000 excess profits tax bill at the top of its calendar today after a Senate House committee finished redrafting the measure to include a boost in the normal corporation income tax rate from the present 20.9 to 24 per cent.

The income tax would be in addition to the 25 to 50 per cent excess profits tax levied in the bill and, like the latter, would apply to 1940 corporation income. Special lower income tax rates for corporations earning less than \$25,000 would not be affected by the income tax increase.

Final agreement on the legislation was reached yesterday.

Senator Harrison (D-Miss), conference chairman, said the House would call up the agreement Tuesday, with the senate probably following suit the next day.

Revising here and deleting there, the conference committee lopped off the bill a 309-page amendment, offered by Senator Connally (D-Tex) and approved by the Senate, which would have decreased new high taxes for wartime. To have been effective automatically with a declaration of war, this amendment would have increased the normal individual income tax to 10 per cent.

Continuance Asked In Calcoté Trial

ELDORADO, Tex., Sept. 30 (AP)—Venimere called for the trial of Emilio Benavidez, charged with the murder of Henry Calcoté Sept. 5, were to report back this afternoon after they had been excused temporarily this morning to allow time for a defense motion for continuance. Attorneys for Benavidez entered a plea of "not guilty" for their client when the case was called and he was arraigned at 10 a. m.

Attorneys for the state announced ready and those for the defense asked time to prepare and file the continuance motion.

Harris Toler, Austin attorney, son in law of Comptroller and Mrs. Geo. Sheppard, is aiding O. C. Fisher, District Attorney in the prosecution. Mrs. Sheppard is sister of the late Mrs. Emma Calcoté, mother of Henry, believed slain at the same time as her son. William E. Davenport and O. O. Franklin, San Angelo, are defense attorneys.

18-Month Sentence Given To Ex-Banker

DALLAS, Sept. 30 (AP)—Hugh W. Ferguson, Sr. former president of the Dallas Joint Stock Land Bank, was given a sentence of 18 months in the Federal penitentiary at Leavenworth, and a fine of \$10,000 by Judge T. Whitfield Davidson in United States District Court today on his second conviction of "abstracting and converting to his own use and benefit," funds of the bank while serving as its president.

Draft Boards Are Told To Be Liberal In Selecting Men

NEW ORLEANS, Sept. 30 (AP)—Local selective service boards which will decide who is subject to first call for a year's army duty were instructed officially today to "avoid any fanatical diligence" in "pressing everyone possible into training."

Major Joseph F. Battley of the joint army and navy selective service committee said in an address prepared for a conference of state draft board advisers here that claims for deferment based on civilian work "should be most liberally allowed."

"There is a large pool of physically-fit males between 21 and 36, without dependents, who obviously are immediately available," Mayor Battley said.

The draft, he continued, must not "disrupt the normal functions of a nation still at peace and justifiably not ready to subordinate its needs, habits, desires and thought to a military machine."

"Above all," he continued, "we must not repeat the painful experience which but recently occurred in England. Within the first six months of her present war with Germany she found it necessary to demobilize more than 25,000 men already at the front—some to be returned from their posts in Flanders—because there were insufficient hands to operate the vital machinery of production at home."

The conference, to continue all week, was the first of a series arranged for liaison officers and state advisors on occupation at departments to be held in advance of the October 16 national registration.

Efforts Pushed To Line Russia With Nazi-Fascist Axis

By Louis P. Lochner
BERLIN, Sept. 30 (AP)—Axis diplomacy turned aggressively today in two directions—toward Soviet Russia and Spain—unless all signs in Berlin mislead.

The same secrecy which surrounds all Axis diplomatic preparations enshrouds the present new "offensive."

It seems, however, that either German Foreign Minister Joachim von Ribbentrop is going to Moscow in the near future, or that Russian Premier Foreign Commissar Molotov or another Russian plenipotentiary is coming to Berlin.

Unofficial circles said the new three-power pact of Germany, Italy and Japan makes new conversations with Russia necessary since the treaty created a new set of facts.

Authorized German sources pointed with elation to the editorial in Pravda, organ of the Communist party in Moscow, which said Russia was notified in advance of the three-power pact and remains firmly neutral.

This editorial was characterized as "a report to those who claimed the three-power pact was born out of a worsening of Russian-German relations."

These sources, with obvious reference to the United States and Great Britain, said "certain political circles always forget that the policies of the great authoritarian powers are initiated and carried out by state governments, not by cliques with international entanglements."

Another fishing job has delayed progress in Gulf Oil Corporation No. 5 Wristen Brothers, southeastern Ward Ordovician test. It had drilled by junk to 8,835 feet when cones were lost and drillpipe twisted off. Crew is trying to wash over top of drillpipe. The well's original total depth was 9,187 feet in Ellenburger, lower Ordovician, dolomite, but it was plugged back 500 feet to cement of junk Ellenburger was topped at 9,002 feet and showed oil saturation in several zones.

An Ordovician test in northern Pecos County, Taubert et al. No. 1-Crockett, is drilling at 4,651 feet in Permian lime. Humble Oil & Refining Company No. 1 Shearer, northwest outpost to the Apco Ellenburger pool of Pecos, had reached 2,635 feet in gray sandy lime. On the Fort Stockton field of Pecos, S. D. Pattillo No. 1 Hoffman is drilling unchanged at 855 feet in anhydrite and shale.

Wasson Extender Gauged
Shell Oil Company, Inc. No. 1-B C. A. Hudson, one mile south of the Roberts area west of the main Wasson field in southern Yoakum County, pumped a rated 320.16 barrels of 33-gravity oil per day upon completion at 5,115 feet. It topped up at 4,970 feet. The well was washed with 500 gallons of acid, following which 1,500, then 3,500 gallons were injected under pressure.

Shel No. 15-D Baumgart rated daily flow of 1,570 barrels after acidizing with 10,000 gallons at 5,165 feet, while Alcco Oil Company No. 3 Ed Randall flowed at the rate of 441.52 barrels per day after 10,000 gallons at 5,273.

Forest No. 1 A. C. Whisenant, northwest outpost to the Waples Plattler area northeast of the Wasson in Yoakum, is drilling at 2,415 feet in red rock.

Fugitive Sought In South Texas Eludes Capture

SAN ANTONIO, Sept. 30 (AP)—Although knocked unconscious by a Harlandale football player, a man believed to be a fugitive from the Huntsville penitentiary managed to escape deputies' belated search by Bexar County officers Sunday in which bloodhounds were used.

The football player, Stanton Gordon, 16, told officers he picked up the suspect on the Pleasanton road Sunday morning.

After entering the car the man whipped out a gun and said: "Drive fast to Pleasanton or I'll plug you."

After driving about eight miles, Gordon said he started swaying his car as if it had a flat tire, and the man leaped out the window.

As he did so, Gordon grabbed a wrench from the floor of the car and slugged the man behind the ear, knocking him unconscious. He then pushed the man from the car and sped home, notifying the sheriff's office.

From the description of the man, Stanton, 35, of Colorado City, was a convict who escaped from the penitentiary last week and later stole the car of a Luling man. The car was later found abandoned here.

Approximately 30 Attend Men's Class

Mayor M. C. Uimer was in charge of the lesson service at the Scharbauer Men's Class Sunday morning, the topic being "The Use and Abuse of Wealth." About thirty were in attendance.

A special musical number was presented by Velda D. Pigg and Billie LaJean Pigg, students of the Watson School of Music, who played a mandolin and guitar, accompanied by Ned and Miss Lydie Watson. The selection was entitled "Belvedere Waltzes" by Foden.

single argument why this tradition should be violated except this one: "Since we are in a period of crisis, some people argue that perhaps it is wise to keep this administration in power."

He said such an argument was advanced during the Chamberlain government's control in Britain, and asked if there was any one who didn't think there had been an improvement under Winston Churchill.

Two Fliers Missing In Coast Guard Plane

ST. PETERSBURG, Fla., Sept. 30 (AP)—Discovery of a life-jacket four miles off Pinellas Point in Tampa Bay today led to fears that a single-engine motor coast guard amphibian crashed last night with its two occupants.

The men, Lieut. T. G. Miller, pilot, and T. B. Redman, seaman first class, left the St. Petersburg air station at 6:30 p. m. on a routine flight over the bay. They were due to return at 7:30 p. m.

Churchill Offers the Czechs Encouragement

LONDON, Sept. 30 (AP)—Prime Minister Churchill told the people of Czechoslovakia in a broadcast today marking the second anniversary of the Munich agreement that the battle for Britain also is the "battle for Czechoslovakia."

The Prime Minister said the restoration of "Czechoslovakia's liberties" is one of Britain's "principal war aims."

CYCLING MAY BECOME POPULAR AT UNIVERSITY

AUSTIN, Sept. 30 (AP)—Cycling may hit a new high at the University of Texas this year.

Abdul Khalik Mehta, personable young Hindu from the Punjab, has enrolled as a student and contemplates organizing a cycling club. He holds the all-India cycling record for the 3,000 meter distance.

Axis Agrees To Return Gibraltar To Spain As "New Order" Action

ROME, Sept. 30 (AP)—Joint Italian-German plans for fulfillment of axis goals—including Gibraltar—have been reached at a Berlin conference which included Col.-Gen. Wilhelm Keitel, chief of the high command of German armed forces, Virginia Gayda reported today.

The authoritative Fascist editor said in Il Giornale D'Italia that a meeting between Spain's ministers of government Ramon Serrano Suner, Italian Foreign Minister Count Galeazzo Ciano, and German Foreign Minister Joachim von Ribbentrop and General Keitel had "unified plans of the three friendly powers."

This was taken in some foreign circles as a sign that Spanish Generalissimo Francisco Franco may have agreed to allow German troops to use Spain as a base for attack on Gibraltar.

Serrano Suner, who is on his way to Rome, will settle any points at issue between Italy and Spain in conversations with Premier Mussolini, Gayda said.

Spain To Be Partner
The expanding axis apparently is about ready to take in Spain as a full-fledged member. Gayda declared flatly that the axis plans for rearrangements of Europe and Africa include restoration of Gibraltar to Spain.

Further light on how the Rome-Berlin-Tokyo military and political alignment looks on United States aid for Britain was shed by a Fascist authority who declared it would not be a cause of war.

Asked by a Spanish correspondent whether "sending arms to the enemy would constitute a reason to bring into force the military clause of the alliance," this informant answered: "The sending of arms to the enemy could be a violation of neutrality and it may be examined by us at an opportune moment. But it would not be an attack. The clauses of the pact provide only for cases of attack and we will keep to the letter of the pact."

Italy Tightens Belt
Italy tightened her belt another notch as the high command reported new blows against Britain in the Mediterranean.

For the first time in Italy, cooking fats were rationed. Henceforth, each person will be allowed 300 grams (20 ounces) a month, a half liter (slightly less than a pint) of oil and 10 ounces of butter, lard or suet.

A British submarine, the high command communique said, was attacked and sunk by an Italian torpedo boat after it had torpedoed a 700-ton Italian merchantman.

Torpedo-dropping Italian planes, it said, struck a British battleship with a torpedo near the stern. The communique said the big warship stopped "and was immediately surrounded by enemy destroyers."
