## Texas Will Contribute 33,213 Men For Training By July 1

### National Draft Office Releases States' Quotas

Lottery, Expected In 10 Days, Will Be Next Step In Conscription

WASHINGTON, Oct. 19 (AP).—National draft headquarters made known today the number of men each state will be expected to contribute to the 300,000 to enter the army training by next July 1.

The total tentative quota for Texas was 33,213, and the allocation for the state's portion of the 400,000 to be called by March 1 was 14,317 whites and 2,549 negroes.

Assignment of the state quotas was the last major step in the draft program before the national lottery which will determine the order in which men will be called. The date for the lottery has not yet been set, but it is expected to be held within the next 10 days.

With the program moving along swiftly, General George C. Marshall, army chief of staff, sent a message to the commanders of the four field armies, saying that "the task now looming before us is the expeditious development of a unified, efficient fighting force of citizen-soldiers."

No Pampering

He added that in reaching that objective there must be "no pampering of individuals, no distinctions between men because of their previous military experience or condition of entry into the service."

"In a spirit of mutual respect and cooperation," Marshall wrote, "the army of the United States must now proceed with its high purpose of welding from the elements of the American democracy a disciplined, seasoned fighting force, capable of defending the nation."

Quotas Tentative

They were tentative, and were based on estimates of the number of men who will be classified as fit and available for immediate service, with tentative credits for the number of men each state was estimated to have furnished to the armed services already through voluntary enlistments.

More exact figures will be substituted when it is learned precisely how many fit and available men last Wednesday's registration disclosed in each state, and how many volunteers each state actually has contributed.

Under the regulations, state quotas will be allocated among local draft boards by each state's selective service headquarters. (See DRAFT, page 6)

### Prichard Steps Out As Member Of Draft Board

C. E. Prichard yesterday tendered his resignation as a member of the Midland County draft board after Cool. Wait Page, director of the state selective service system, announced that board members of conscription age would be ineligible to serve.

Prichard offered his resignation before he was assured that he was not ineligible, he said. The late ruling by Page made mandatory resignation of all draft board members unless 36 years old or over.

The other two members of the board, W. L. Simmons and C. C. Keith, said President Roosevelt would appoint a third member to the board after receiving a recommendation from Governor O'Daniel.

Prichard's letter to Page read: "Being of draft age, and having read the decision handed you by national headquarters of the selective service system concerning men of draft age serving on local boards, I hereby tender my resignation, subject to your approval, from the local board, Midland County, Texas."

### 26 Convoy Boats Reported Erased By German Subs

Assault Declared To Be Greatest Of Kind, Other Damage Claimed

By The Associated Press

BERLIN, Oct. 19.—In what Germans called the "greatest and most successful mass submarine attack yet accomplished," Nazi U-boats were reported today to have sunk 26 ships totalling 130,000 tons out of a single British convoy in one night.

These reported victims were among 31 ships aggregating 173,000 tons announced by the high command and sunk in recent days.

Coupled with these reports were the claims of Nazi military sources that more than 400 factories and 20 per cent of the electric and gas works in southern and central England had been put out of commission by air bombings. In 100 days of fighting since July, they said, the British had lost at least 4,000 planes.

Convoy Swarmed

The official DNB News Agency said the attacking submarines swarmed about the convoy, broke it up then picked the vessels off one by one they scattered.

Accounts of this exploit all but overshadowed the air siege of Britain, which Germans declared continued without letup after night attacks on London, Liverpool, Birmingham and objectives in southern England.

The high command said an "essential waterworks in London was destroyed. It reported British speedboats attacking German supply ships were repulsed. Informed sources said German long-range guns also forced British destroyers back into British coastal waters yesterday after they attempted to negotiate the channel.

### Northwest Extension Of Apco Deep Pool In Pecos County Is Seen

By Frank Gardner

A quarter-mile northwest extension of the Apco deep pool in northern Pecos County yesterday was virtually assured as Humble Oil & Refining Company No. 1 W. T. Shearer et ux cored porous, oil-stained dolomite in the Ellenburger, lower Ordovician formation.

No. 1 Shearer had entered a detrital zone between the Permian and Ordovician at 4,655 feet. Coring was started at 4,676 feet, and full recovery was obtained of core from 4,676-96. The bottom three inches were identified as Ellenburger, showing strong odor of gas. According to some correlations, Ellenburger in No. 1 Shearer occurred 42 feet lower than in Childress Royalty Company No. 1 Masterson, producer offsetting it to the southeast.

Of core from 4,696 to 4,716 feet, 10 feet of dolomite were recovered, showing strong odor of gas. A trace of porosity in the top part and fair porosity with some oil in pores, in zone from 4,709-16 feet. Operators have temporarily bottomed hole at 4,716 feet and now are reaming to 4,697 feet, where they will leave shoulder as seat for 5 1/2-inch casing. The Humble strike is located 668 feet from the southeast, 2,002 from the southwest line of section 99, block 10, H. & G. N. survey.

Taubert Well Eyed

Farther north in Pecos, Taubert, McKee, Siemont, No. 1 Mrs. Virginia W. Crockett was scheduled to begin drilling this morning from 7-inch casing cemented at 5,258 feet. After drilling plug, owners plan to pull drillpipe, run tubing, and circulate clear water to displace rotary mud and wash hole. They then will swab through tubing for a natural test of the well.

No. 1 Crockett is bottomed at 5,293 feet in Simpson, middle Ordovician, shaly lime. It topped the Simpson high, structurally at 4,755 feet, datum of minus 2,363, and cored oily, porous sand from 5,270-80 feet. An electrical survey run prior to setting casing showed total depth 5,286 feet, with porosity and saturated in section 4 1/2, block 3, H. & T. C. survey.

Continental Oil Company et al No. 6 J. S. Todd Unit, one-quarter mile south of production in the Todd deep pool of north central Crockett County, is drilling below 4,128 feet in shale and lime shells. It will test crinoidal lime of the Strawn, lower Permian.

Dean Yates Normal

First frosted quartz grains in the Yates sand were logged at 3,010 feet, datum of plus 723, by Atlantic Refining Company and Ray R. Rhodes

plummeted to two below zero.

BELGRADE, Yugoslavia, Oct. 19 (AP).—Declaring "our collaboration is not only economic but political," Foreign Minister Aleksander Cincar-Markovic tonight announced the signing of a new commercial pact for 1940-41 with Germany, despite authoritative reports that Germany is unable to deliver certain materials because of bombing damage.

**Legation Burns Papers.**  
SOFIA, Bulgaria, Oct. 19 (AP).—The British legation was reported today to have burned its confidential documents in case it is forced to withdraw hastily from this Balkan kingdom and the controlled press predicted failure for a last-minute British diplomatic offensive intended to halt Axis penetration of southeastern Europe.

**Enjoins Railroad Body.**  
AUSTIN, Oct. 19 (AP).—District Judge J. D. Moore today permanently enjoined a Railroad Commission order prohibiting the use of double header engines on railroad trains in Texas. Texas rail carriers, the plaintiffs, had obtained a temporary restraining order at an earlier hearing.

**Refusal Of Labor's Invitation Taken As Victory For Willkie**

BALTIMORE, Oct. 19 (AP).—Republican leaders interpreted President Roosevelt's action today in declining a labor group's invitation to a meeting here Oct. 30 as leaving Wendell L. Willkie a clear field in Baltimore that night.

They said it apparently meant he was not coming at all.

The president indicated yesterday he might come here Oct. 30—when the Republican presidential nominee is to appear in Baltimore—but did not say where he would speak.

Commenting on the Baltimore federation of labor's announcement that Mr. Roosevelt had declined its invitation, W. David Tilghman, Jr., Republican state central committee chairman, said:

"I was very hopeful the president would be able to get here that night but I really did not think he would. I don't think he would dare debate the issues of the campaign with Willkie."

Truman B. Cash, democratic state chairman, said he had scarcely expected the president to accept the federation's invitation because of "space restrictions" at the theatre chosen for its rally.

LITTLEFIELD, Oct. 19 (AP).—Leonard Theford, 37, druggist, was found shot to death today in his home here.

Sheriff Sam Hutson said Mrs. Lila Mae Lenck, 47, mother-in-law of Theford, was charged with murder in connection with the shooting. She was taken to the Lubbock County jail tonight.

### Many Citizens Of London Killed In Violent Siege Declared One Of Worst Since Attacks Started

Onslaught Slows Down During Early Hours But Raiders Return To Outlying Districts, Nazi Planes Reported In Waves Of 15 To 20

By The Associated Press.

German bombers attacking London last night in the worst early-evening raid since the air siege of the British Isles began, killed an undetermined number of London residents and caused much damage in the city.

Many persons were killed in a hotel bar when a bomb exploded outside the building. Two others were killed by a bomb hit on a cafe and an undetermined number of casualties resulted from a hit on a London club.

The assault slowed down sufficiently during the early hours today to allow a brief all-clear period but the raiders returned in a few minutes. However, they appeared to concentrate on outlying districts in the renewed attack.

Raiders incessant

Incessant waves of bombers fiercely attacked the city in the early hours of the raid.

Waves of 15 to 20 planes unloaded heavy bombs at five minute intervals. More offices and homes crumbled and just after midnight a direct hit wrecked part of a hospital.

Bombs fell not singly but in big clusters all over the capital. Firemen fought desperately against numerous fires.

The RAF counter-attacked against German positions on the French "invasion coast" and watchers in England saw the pyramiding fire of explosions and anti-aircraft defense across the English Channel.

**Greece, Turkey Warned In Nazi Remark On Axis**

BERLIN, Oct. 19 (AP). An authorized Nazi commentator declared today that if Greece and Turkey don't see that their bread is buttered on the side of the Axis, it is just too bad for them.

He added, however, that Germany does not need to get excited or to exert pressure on these British-guaranteed nations.

In the Wilhelmstrasse, reports that Germany and Italy had made territorial and other demands upon Greece were denied categorically.

The often-authoritative Fascist weekly, *Relazione Internazionale*, indicated in Rome, however, that such demands might be impending. The weekly said Italian influence in the Balkans and Mediterranean hereafter would be unrestrained.

**Why "Pressure"**

"Why should we put any country under pressure?" the German commentator countered to the inquiries of foreign correspondents. "It is already evident, with the inexorability of a natural law, that the new order in Europe will be determined by German and Italy. Whoever sees that and arranges his nation's affairs accordingly can lead a sovereign existence in peace and quiet once this war is over."

Then he warned:

"But nobody who remains aloof from throwing in his cause with the Axis need be surprised if he finds, afterwards, that he has missed the boat."

The commentator expressed belief that the Greeks—"a clever, wise people"—realize "what a transformation Europe is undergoing."

As for Turkey, non-belligerent ally of Britain, he said: "There is no indication of any kind that Turkey intends to play a role similar to Poland's."

**German View**

The German view apparently was that Greece and Turkey, both British-guaranteed, could be expected to fall into line with Axis plans without extreme pressure. If they don't see that their bread is buttered on the side of the Axis, one authorized Nazi commentator observed, it is just too bad for them.

But British counter-moves evidently were being organized to try to checkmate the Axis "new order," to checkmate the Axis "new order," to reject any Rome-Berlin bid to join it against Greece and Turkey.

**Pierion Is Ordered Back To Institution**

AUSTIN, Oct. 19 (AP).—Prospects for an immediate sanity hearing for Howard M. Pierion, slayer of his parents, faded today when District Judge Ralph Yarborough ordered the 26-year-old youth returned to the Austin hospital.

The jurist quashed an affidavit filed by District Attorney Edwin W. Moorhead attesting his belief Pierion was sane. Judge Yarborough ruled that only Dr. C. H. Standifer, superintendent of the hospital, could file such an affidavit.

### WHOZIT?

Mr. Whozit is interested particularly in keeping you safe while driving your automobile, and is convinced there is no better way than to see that your car is equipped with his tires. He'll discuss the service and repair of almost anything about your car.

Born in Cook County, Texas, west of Gainesville, he came to Midland January 10, 1937, to open his tire store for retail and wholesale customers. It was located on East Wall Street.

He sold tires in Lubbock a couple of years before he chose Midland as his home. Before taking up that trade, he was in the cleaning business.

In late July of this year he went into a huddle with another young man and the result was the formation of a partnership which developed rapidly into one of the finest automobile servicing establishments in the city. The two young men still retain the tire distributorship.

He belongs to the Junior Chamber of Commerce, and the Lions Club and he attends the Methodist Church.

He went to Texas Technological College in Lubbock, and fishing is his favorite outdoor recreation.

See Mr. Whozit and his partner with their staff in The Reporter-Telegram Get-Acquainted page later.

Yesterday's Misses Whozit were Hester and Hella May Williams.

Young Mr. Whozit is a member of a successful partnership. In the three months it has operated a service station and supply store, the business has become one of the most popular of its kind in Midland.

Mr. Whozit was born in Kansas City, Missouri. He came to West Texas in 1937 as credit manager here of an investment company. He held that position two years, then left to take over the post of collection manager for a corporation in Wichita, Kansas. Last July 25 he returned to Midland to join his present partner.

He attended Kansas State Teachers College in Pittsburg, Kansas, where he played varsity basketball and was active in the student administration. He transferred to Wichita University during his senior year and took his degree in business administration from that school.

In 1937-1939, he was a scoutmaster of one of Midland's two troops. He shoots anywhere between 40 and 50 for the nine holes at golf, which he favors among outdoor pastimes.

He is a member of the Junior Chamber of Commerce, the Lions Club and the Midland Chamber of Commerce and formerly was vice-president of the Junior Chamber of Commerce.

Mr. Whozit and his associates will appear on The Reporter-Telegram Get-Acquainted page later. Look for him there.

### State Senator Winfield And Representative-Elect Taylor White Will Be Guests At All-Civic Luncheon

Midland will entertain its representatives in the state legislature with an all-civic luncheon Wednesday noon at the Scharbauer Hotel.

Plans were completed Saturday for the program by John W. House, chamber of commerce president, and committees of the organization.

Both State Senator H. L. Winfield of Fort Stockton and Representative-elect Taylor White of Odessa have accepted invitations and will address citizens of Midland.

They are anxious to get better acquainted with the residents of their districts and a number of Midland citizens who suggested the program desire to know better their lawmakers.

All Citizens Are Invited

Both White and Winfield are well-known to a number of civic leaders and business and professional men and women, but at the luncheon they will have a chance to

TAYLOR WHITE

meet more of the people they serve and exchange ideas. All citizens of

Midland are invited to attend the luncheon.

After the luncheon the legislators will be taken on a drive through Midland and visit friends and discuss plans.

Members of Rotary, Lions, American Legion, Midland Safety Council, Business and Professional Women's Club, the Junior Chamber of Commerce and all civic organizations will join forces to greet Winfield and White. Members of the organizations will be notified of the joint all-civic session which takes the place of their regular meetings.

Wives Will Be Entertained

Mrs. Winfield and Mrs. White have been invited to accompany their husbands to the luncheon and women of Midland are planning entertainment to rite the two visitors.

George Abell and Fred Wemple drove to Fort Stockton to extend the invitation to Senator Winfield House, Percy Mims and Jim Allison visited White.

## You Don't Throw Away Emeralds

We don't know who he was. But we hope that somehow he will read this. He was jerking a soda in a strange town. He wasn't talking to us at all, but to a friend beside us at the counter.  
He said: "Aw! I ain't going to vote at all. I don't care."

We're a little slow to talk to strangers, so we said nothing. But we hope he reads what we wanted to say:

Won't you think that over a little, mister? That ballot that you don't care about—you've got something there. That freedom that you aren't going to use—there are millions who would give a great deal to have it. We don't want to sound sentimental, but that vote is a precious thing, mister. You wouldn't throw away a glittering diamond or a glowing emerald. But many people have found that their freedom is more precious than diamonds or emeralds—after they lost it.

What's that got to do with voting? It's got a lot to do with it. To be a free man you have to deserve to be a free man.

You like to do as you please, that's plain. Well, to run a country in which people can do more or less as they please, it takes some effort by everybody. You can't expect to live in that kind of a country and never give it a thought. You may be called on one of these days to go into the army and learn to be a soldier to protect that country. But that's not all the country requires of you. It needs your thought, your attention, your vote.

It is important. The choice of a president at a time like this may deeply affect the rest of your life. You must have an opinion, a preference for one candidate or the other. You owe that to yourself—you owe it to all the rest of us.

You're only one of the 70,000,000 eligible to vote? Your vote won't count for anything? Oh, yes, it will—it will count for as much as J. P. Morgan's.

The ballot box is one place where we're still all equal, every man of us. It's one place where you have an equal say as a free man with every other free man in the country.

Think about it a little. You're not a jellyfish. You have opinions. Step up on Nov. 5 and express them!

Every vote in 1940 is more than a vote for Candidate A, or Candidate B. It is a vote for free government, an avowal of our faith in the ability of ordinary men to have opinions and to have a country in which the majority of those opinions runs the show.

You don't throw away emeralds. Don't throw away your right to vote. It is a precious right. Unused, it dies. Think it over, mister!

Two California physicists have created musical tones said to be unknown in the musical world. Apparently they haven't heard our soprano friend.

Axis blasts Turkey, says headline. A few more weeks and the same item will look like nothing more than a typographical error.

Now that Einstein is a citizen, it is hoped he'll lift the national average mental age, lowered so much by publication of those campaign songs.

## The Lid Is Off

## SERIAL STORY NEW YORK JUNGLE BY WRAY WADE SEVERN

**YESTERDAY:** Continuing his questioning, Plowman interviews Nella and Mrs. Langdon. When the officer's questions seem to be trapping Gundrum, Pat reveals that Marta had written Adam, saying she would marry him. Pat opened the letter by mistake. Plowman demands the letter.

### BARKES SEES A SHADOW Chapter XI

UNDER Plowman's continued questioning, Pat admitted that Adam had not been himself during the day. He had refused to drive to the Country Club with the family and had locked himself in the Jungle. Not until Nella had gone downstairs to plead with him had he changed his mind. "Miss Nella Langdon is a neurotic," Plowman said, after Pat had left the drawing room. "She looks a lot like her uncle."

Hugh Langdon was called. He corroborated Nella's account of Adam's unusual behavior but was unable to account for it.

"I've had no more than a five-minute talk with my cousin since his return," he said gravely. "But I felt that there had been a serious change in him."  
"What did you discuss during that five minutes?" Plowman asked.  
"My cousin's marriage had come as a surprise to the family; we discussed it," Hugh replied briefly. "What reason did he give for surprising you?"  
"He disliked using wireless for intimate revelations and, since he had married just before sailing, there had been no time for letters."

THE arrival of a sheriff, a medical examiner, and a photographer delayed the examinations so that neither Marta nor Craig Gundrum were questioned until long after the other guests had made statements.

Guarded by a state trooper, Craig and Marta had waited in the library and whether or not Craig had persuaded Marta to slant her testimony toward his theory of the murder, Sidney could not know. He doubted it.

Finally Gundrum was called. "Let's get this over with as quickly as possible," he snapped. "I have an 11 o'clock class in the morning, and must make an early train. It's 2 o'clock now."  
"Sorry, Professor. I will have to hold you all here for at least 24 hours, unless something definite turns up to release you from possible implication."

"Can he do that, Braitwood?" Craig demanded angrily.  
"I'm sorry to say that he has the authority. We shall all have to make the best of it, Gundrum."  
"Fire away, Mr. Policeman," Gundrum directly, grimly.

He made a good witness. He admitted his former engagement to Pat, but denied that he had returned to the Jungle instead of searching the storeroom.  
"You will," he explained, "find my fingerprints in the storeroom if you care to look. I moved several pieces of large furniture to look behind them."  
Before leaving, he managed to give his theory of the crime to Plowman. As it stood, allowing that the murderer had been after a mythical map or one of the rare old weapons, it was not impossible

that Adam Langdon had been shot by someone either already hidden in the Jungle, who had left after the door was opened, or by a person who had entered under cover of darkness. Apparently Plowman was impressed.

WHEN Marta's turn came, it flashed into Sidney's mind that this was the strangest "entrance" she was ever to make.  
"How did you find your way to the lioness in pitch darkness, Miss Hemphfield?" Plowman asked gently.  
"I have played Lady Macbeth, Captain Plowman," Marta told him, simply.  
"In my sleepwalking scene I had to reach a given place with my eyes closed. At first, I counted my steps, but after a while I found I could judge distance without counting. This evening Mr. Langdon had pointed out to me that he had placed his new lioness directly in front of the door, a place of honor. I knew that if I turned at a right angle when I touched her, I would be in direct line for the door, so I started with one hand held out."

Both men knew what that outstretched hand had encountered. They listened, fascinated by the sheer drama of the recital.  
"I couldn't see. I groped," she paused and continued, "I touched Adam's coat. I thought at first it was a shelf, and I terror gripped me. But I did not scream then. I reasoned that if the man thought I believed I'd touched one of the specimens, he would remain immobile as he was. I lifted my hand slightly and then I felt—" Again she paused and swallowed. "I felt the scar in the little cleft on Adam's chin. His face was lifeless—cold. He did not speak and—somehow I knew. That is the last I remember. They tell me I screamed and fainted."

THERE was silence for a moment. Plowman rose and brought Marta a glass of sherry from a decanter on the table.

He waited while she sipped the wine, then asked: "Did you notice anyone removing the key from the door, Miss Hemphfield?"  
"Remove the key? The door was locked from the outside, Captain."

Plowman did not contradict her. "As an old friend, do you recall that Mr. Langdon had enemies?"  
"None that I know of. His was a kindly nature. His friends loved him."

"Did you ever hear him hint that he had some purpose other than hunting in going into the African jungle?"  
"No, I never did. He and Hugh have always hunted big game."  
"Thanks, Miss Hemphfield." Plowman opened the door for her to leave.

TOGI contributed little. He had made hasty preparations for the house party, he said. And he had engaged Henry Barkes after Langdon had wireless him to find a chauffeur to meet him in Boston.

Togi disliked Barkes because he said, the chauffeur thought himself too good to help get the house in order for the family's unexpected return. Barkes spent his evenings at the village and acted like Langdon, himself, until the family arrived.

Yet Barkes, when he entered, did not look surly. Undoubtedly frightened, he repeated his story and insisted that the village storekeeper would support his alibi.  
"There's an incident I failed to mention, when I talked with you before the police came, Mr. Braitwood," he added. "About 6 o'clock when I was filling the car with gas,

I chanced to look up at the windows. There's a side window in the front room on the third floor. I believe Miss Hemphfield has it. I saw a man's shadow against the curtain there."  
"Sure of the window?" Plowman asked.  
"Positive. The shadow stood very still. The more I think of it, the more I believe someone was hiding behind the drapes."

"A still shadow, now. Did it look like anyone you knew?"  
"It wasn't tall enough for Mr. Hugh Langdon, nor short enough for Togi," Barkes said. "Otherwise I couldn't say. It was like seeing something in a play, watching that silhouette."

## Slaughter-Duggan Pool Hearing Will Be Held In Austin Next Friday

A Texas Railroad Commission hearing on the Slaughter-Duggan pools of Hockley and Cochran counties, will be held at 1:30 p. m. Friday in the commission room at Austin. The hearing originally was scheduled for last Friday but was postponed upon request of Sid W. Richardson of Fort Worth, one of the major producers in the Slaughter pool.

A meeting of operators, sponsored by Magnolia Petroleum Company, will be held in the Stephen F. Austin hotel at 9 a. m. Friday, preceding the Commission session.  
Purpose of the hearing is to determine if the Duggan and Slaughter pools constitute a common reservoir and whether or not special rules and regulations should be promulgated.

### VANDERBILT WALLOPED

ATLANTA, Oct. 19 (AP)—The opposition can quit nursing those hopes that Georgia Tech would be a bit softer this season—the Techs have it again and they proved it to 20,000 home customers today by wallowing a tough Vanderbilt team, 19-0.

### IS ADMITTED

Mrs. Jerry Tindle was admitted to a Midland hospital Friday.

## Work On Airport Improvement May Be Started Soon

Actual work should be started within two or three weeks on the \$150,000 improvement program at the Midland airport, officials of the district WPA office in San Angelo declared today.

A work order will be given by the regional WPA office in San Angelo officials in San Angelo said, after presidential approval has been announced to them. Approval of the project was made Friday by the president, Representative R. E. Thomason reported.

The federal government will provide \$105,699 for the project and the sponsors \$45,305. Money furnished by the government will be used to construct another hangar and runway, additional lighting facilities and drainage improvements on the field. Cash furnished by the sponsors will be used on equipment to complete work on the field.

No Workers Estimate  
Because of the absence from the state of John C. Burnside, district director, officials in San Angelo were unable to estimate the number of workers that would be employed on the project or the length of time necessary to finish work.

The Midland airport now ranks with the best fields of the state and improvements will make possible handling and servicing of more planes. The field is used extensively by army planes on flights over this area and a staff of army officers is maintained at the field.

## Methodist Pastoral Appointments Today

SAN ANTONIO, Oct. 19 (AP)—The closing session of the Southwest Texas Conference of the Methodist Church will be highlighted Sunday by the announcements of 225 pastoral appointments for the coming year.

Presiding at the time will be Bishop A. Frank Smith of Houston.

Delegates to the conference Saturday passed an amendment requiring each church in the conference to contribute annually a sum equal to seven per cent of the pastor's salary of that church.  
This amount will go into a fund for retired ministers in the conference. Under the new arrangement, the retired pastors will receive \$2 for each year's service they formerly served, in addition to other benefits they may receive.

### FIRE DESTROYS SCHOOL

JACKSONVILLE, Tex., Oct. 19 (AP)—Fire destroyed the Cove Springs school building and its contents, causing a loss estimated at \$3,000, partly covered by insurance. The fire apparently started from a pile of burning trash on the campus.

## YOUR NERVES

This is one of a series of special articles revealing typical cases of nervous and mental disorders and their treatment through thought control as carried out by the author and his associates at the Boston Dispensary, famous charitable health clinic.

By Winfred Rhoades

WHAT is the commonest physical disease? It is a cold in the head.

A cold brings on a great deal of malaise; nasal torment, headache; backache, weakness, a general feeling of prostration. There is also the danger that it may lead to other and more serious disorders, no one knows what or how many.

What is the commonest mental

Worry is useless. It does not solve problems.

Worry becomes a controlling state of mind if not taken hold of with decision. Then a circular process can set in: worry to nervous excitability—to more worry—to more excitability—to more fixed habits of worry, and so on. Or worry to depression—to more worry—to profounder depression. And so on, and round and round.

The depressed state of mind makes the body more susceptible to disease. A long period of physical suffering may follow even if a serious mental condition is avoided.  
You must refuse to worry. But, people ask in a helpless sort of way, how can one help worrying when there is something to worry

about? They confuse the ideas of worry and of constructive thinking. It is well to think, but it is not well to worry.

It helps if you can find some level-headed and properly qualified person with whom you can talk out the whole matter. Conditions which seem portentous when considered alone by one's self often show themselves to be much smaller affairs and also entirely soluble when talked over with an impartial outsider.

You can also help yourself by learning to change your thought every time the worry arises up in your mind. You can turn the worry thought into a prayer for light. You can say: "There is a way out, and I'm going to find it."

You can teach yourself to find actual pleasure in learning to deal with a hard challenge. You can develop interest that will act as offsets to the conditions you must put up with.

It is important to look for the fundamental worry. The pain in your chest or back or heart about which you are visibly worrying may be only the symbol of a deep dissatisfaction with your business position, or a profound distress because of something that you have become involved in.

It is not enough to treat the superficial distress. The underlying ones must be dug out and dealt with in a constructive manner. The dissolving of an emo-

Refuse to worry. Talk the matter out with some person.

tional complex can be just as important as the performing of a surgical operation. In some cases much more so.

Remember this: body and mind work together, each dependent upon the other and each influencing the other. It is important to keep each in the healthiest and most efficient state that is possible. There is no other satisfaction greater than that of changing yourself for the better, and daily achieving some growth and improvement.

## Steers vs. Bulldogs In 3rd Conference Tilt Friday On Lackey Field

Friday, the Big Springs Steers will come to Midland for their third conference game with the Midland Bulldogs. This also will be the Bulldogs' third conference tilt. The Steers so far this year haven't won a game out of 4, although they have tied two. The two games lost were to the state champions of 1939, the Lubbock Westerners, by a score of 14-6 and to the Austin Hi Panthers of El Paso, 13-6. The Panthers are the only team that has beaten the Bulldogs this year. Big Springs' ties were with Mineral Wells, 6-6, and Odessa, 0-0. Fans in Big Spring say that they have a fine guard in Hal Battle and a wiry back in Owen Brummett. The game should prove interesting as both teams have lost to the same club. Since Midland is the leading club in District 3AA, and defeated the Steers 21-3 last year at Big Spring the Steers are expected to be primed for revenge.

## D. O. Starts Work With 18 Students

The diversified occupations, or D. O. class began the school year with 30 students making application for enrollment. Several of them could not be admitted because of age and scholastic requirements and some could not be placed in the proper kind of training stations. At present, 18 positions in Midland are being filled by trainees, and three more stations probably will be open in a few days. The occupations in which these students are training are department stores, secretary, grocery, plumbing, refrigeration, and photography. The last one, photography, is a new occupation for D. O. students in Midland and interesting "developments" are expected. The diversified occupations classes are ready to elect officers, and begin planning for social activities.

## Students Should Keep Up With World Affairs

Indifference is becoming the all-too-popular and unjustified attitude of many high school students toward local and world news happenings. To have this attitude, means not only to be uninformed, but to fall below the standards of an intelligent person. In this era of the daily newspaper, the news magazine, the news picture magazine and the radio news service, there is no reason for any person not to be informed.

There is no basis for the argument that high school students have no relation to what is happening in the news. They are vitally connected with world events. Tomorrow high school students of today will become the working and leading public of the nation. "Be silent always when you doubt your sense."—Pope. Chant of the student body: "Wouldn't it be keen to have a special to Abilene." Girls should be interested in hobbies not hobbies.

## INDUSTRIAL LAB HAS NEW MACHINE

The Laboratory of Industries recently received and installed a new piece of equipment, the Lincoln Electric Welding Machine.

## PERSONALS

Helen Armstrong, Betty Burnett, Jirma Lou Gaumn, and Suzanne La Force went to San Angelo Oct. 12. Superintendent W. W. Lackey attended the Texas-O. U. game in Dallas last weekend. Douglas McGilish has returned from Las Vegas, N. M. Christine Johnson re-enrolled here Monday afternoon. Among those who attended the football game at Odessa Oct. 12 were Bob Edison, Glenna Jones, Doris Jean Shockley, and Joe Dozier. Montez Downey also attended the Oklahoma-Texas football game in Dallas.

## JOKE MIGHT WIN "A"

Earl H. Clark's algebra students are looking for possible laughs. Clark asked them to put a joke at the end of their test papers to make him laugh, since he was sure the test papers wouldn't. Many sophis diligently are applying themselves for "A's."

## 69 REBOUND BOOKS ARE IN LIBRARY

The Midland High School library has received 69 rebound books. Mrs. Laura Neibuh, librarian said the books were greatly needed.

## PICTURE RATE TO EXPIRE SOON

Miss Ruby Catching, "Catoico" sponsor, urges seniors and juniors to have their pictures made before Nov. 1 so that they may take advantage of a special rate available.

## SUB-DEBS

Th Sub-Debs had a meeting at the home of Edith Wemple Oct. 12 to discuss plans for a Halloween party. Four new members, Betty Burnett, Maxine Hughes, Mary Sue Cowden, and Dorothy Sue Miles were present. Bridge was played and refreshments served.

## Jacqueline Theis Elected Pianist For Area III

Jacqueline Theis was elected pianist of area III for 1940-41 in a meeting of the Future Homemakers of Texas held at Sweetwater, October 12. Members were invited to a tea at the Maple Hotel by the Sweetwater Club. Members from here were: Colleen Doss, Jacqueline Theis, Peggy Jean Gard, Janice Joe, Katherine Hanks, Frances Stevens, Melba Somerford, Charlene Crawley, and Miss Iva Butler, sponsor.

## Combined Band and Pep Squad Do Maneuvers

The combined forty-eight playing members of the high school band and forty-eight members of the drill team under the direction of M. A. Armstrong, are performing intricate maneuvers at the football games. A new marching drum has been purchased for the band's use.

## To First Graders Of Midland In 1930

Approximately 30 seniors in Midland High School began their educational work in grade schools of Midland, and have continued without attending the schools elsewhere. Let us forget why don't we organize? If enough of these students were interested perhaps a club could be organized and a new idea established. Registration will begin tomorrow in room 304 where a place will be designated on the bulletin board.

## Pep Squad Complimented On Performance

Vast improvement of the pep squad was apparent last Friday night. The girls' new purple uniforms blended beautifully with the gold band uniforms on the field. Friday night was the first appearance of the pep squad on Lackey field since it received the suits. The stunt included the band, whose members and pep squad were arranged alternately in four triangles with the squad leaders and majorettes in the center. The pep squad should be commended on its performance and appearance.

## Starting of Two More Tests Keeps Southeast New Mexico Spotlight On Eddy, Basin's Leading Wildcat Area

HOBBES, N. M., Oct. 19.—Southeast New Mexico interest this week continued to center on Eddy County, most active wildcatting area in the Permian Basin, as a brace of important tests were started. Six miles west of Eddy's Getty pool Sudderth and associates have staked location for No. 1 Wills, 1,980 feet from the south and east lines of section 14-20s-28e.

## PERSONALS

Rio Arriba County gained another wildcat in Edward B. McKenna No. 1 Rath. It is in the northwest of section 29-26n-2e. In the Loco Hills pool of Eddy Texas Trading Company No. 2 State, located 1,650 feet from the north, 990 from the east line of section 16-18s-29e, pumped 35 barrels of oil per day upon completion at 2,600 feet. It was plugged back from total depth of 2,600 feet. The well topped pay sand at 2,519 feet and was shot with 80 quarts of nitro from 2,519 to 2,599 feet. Wilmar Oil Company No. 3 Ginsberg, Ginsberg area well 660 feet from the south, 1,980 from the east line of section 8-18s-31e, gauged 24-hour flow of 200 barrels of oil through open 2-inch tubing set at 3,130 feet, with a flow valve installed 240 feet up from total depth. Pay was entered at 3,115 feet, and 150-quart shot was given the well from 3,115 to 3,160 feet, bottom of the hole. Test For Leonard Neil Wills of Carlsbad has made location for No. 2 Keyes as an east offset to his No. 1 Keyes discovery producer in Eddy. The second test will be drilled 1,980 feet from the north and east lines of section 15-20-30e. C. B. Buck and partners are drilling below 250 feet in their No. 1-B Dead. Leonard has made location for No. 2 Keyes as an east offset to his No. 1 Keyes discovery producer in Eddy. The second test will be drilled 1,980 feet from the north and east lines of section 15-20-30e.

## Weather Forces Shutdown

In section 6-18s-27e, Brainard & Guy No. 1 Hill-Brainard is drilling black lime past 1,672 feet. Slight shows of oil were logged from 1,469 to 1,474 feet, 1,514 to 1,520 feet, 1,552 to 1,561 feet and from 1,630 to 1,631 feet. Dooley & Haynes No. 1 Martin, Eddy wildcat in section 9-19s-25e, was forced to shut down at 963 feet in lime because of inclement weather.

## To Have Halloween Carnival

Mary Scharbauer Circle of the Methodist WMS will sponsor a Halloween Carnival at the old annex of the Baptist Church on Halloween night. Refreshments will be sold and fortune telling, a fish bowl, and other concessions will provide amusement.

## Weather Forces Shutdown

In section 6-18s-27e, Brainard & Guy No. 1 Hill-Brainard is drilling black lime past 1,672 feet. Slight shows of oil were logged from 1,469 to 1,474 feet, 1,514 to 1,520 feet, 1,552 to 1,561 feet and from 1,630 to 1,631 feet. Dooley & Haynes No. 1 Martin, Eddy wildcat in section 9-19s-25e, was forced to shut down at 963 feet in lime because of inclement weather. Fishing for drilling line was in progress in Clark & LaNeve No. 1 Boulder, east in section 28-19s-27e of Eddy. Total depth is 1,085 feet in sandy lime. Although the well had shown a barrel of oil hourly from 885 to 890 feet, it failed to make any oil after a 10-quart shot in that horizon. Water was logged in sand from 927 to 933 feet which rose 450 feet in two hours. An increase in water came in from 935 to 945 feet. Drilling ahead, the wildcat encountered slight show of oil in sandy lime from 1,007 to 1,022 feet. Showings Logged Great Western Producers, Inc. No. 1-D State, northwestern Lea County, less than a mile east of the Chaves County line, is drilling below 4,388 feet in lime, having logged show of salty sulphur water form 4,379 to 4,381 feet. The test previously had hit salt water from 3,258 to 3,265 feet in stry sand above the lime section, topped at 2,728 feet, and increase in water was found from 4,295 to 4,300 feet. Location is 660 feet from the south, 810 from the east line of section 30-12s-32e. Stanley Weiner No. 1 Saunders, southeastern Lea wildcat 660 feet out of the northeast corner of section 20-21s-38e, struck a slight showing of oil and gas from 4,310 to 4,312 feet, and an odor of oil and gas was noted while drilling from 4,353 to 4,360 feet. Depth of 4,387 feet in lime had been reached at this point. Western Lea's active Maljamar pool added another new test as Carper Drilling Company started No. 5-N Simon, 1,980 feet from the south and 660 from the east line of section 29-17s-32e. In the Arrowhead pool of Lea, Continental Oil Company located No. 11-J-2 State 660 feet from the north and 1,980 from the west line of section 2-22s-36e.

## Weather Forces Shutdown

In section 6-18s-27e, Brainard & Guy No. 1 Hill-Brainard is drilling black lime past 1,672 feet. Slight shows of oil were logged from 1,469 to 1,474 feet, 1,514 to 1,520 feet, 1,552 to 1,561 feet and from 1,630 to 1,631 feet. Dooley & Haynes No. 1 Martin, Eddy wildcat in section 9-19s-25e, was forced to shut down at 963 feet in lime because of inclement weather.

# Pictures Show Bulldogs Marching To 7-6 Victory Over Strong Breckenridge Buckaroos

The above action pictures were taken by Larry Tiffin, Reporter-Telegram staff photographer, as the Midland Bulldogs pulled the No. 1 upset of the season in West Texas by marching to a 7-6 victory over the big and powerful Breckenridge Buckaroos at Lackey Field Friday

In the picture at left Fullback McKinney is shown on the ground under a couple of Midland tacklers after he had heaved a long aerial goalward. (Note ball in the air.) Halfback Jim White of the Bulldogs, No. 6, is shown only a step away from the pile-up and Tackle Selman

Cooke, No. 24, is only a couple of steps away. In the center picture, Ivan Hall is shown getting away for a short gain for the Bulldogs. White is standing between him and End Kennedy of the Bucks. Center Herbert Rehders, No. 21,

is facing Hall. In the picture at right, End Maurice Bratton is shown just as he received a pass from Odie Kelly and started the advance. That is Center Wragg, No. 36, coming up to make the tackle.

# Bulldogs Upset Predictions In Thrilling 7-6 Grid Victory

## Kelly Uncorks Unexpected Passing Offense Climaxing With Touchdown Heave To Bigham To Win, 7 To 6

Maybe it was mirrors the Bulldogs used or maybe they used some miracle of magic Friday night when they sped through the airways to a thrilling 7-6 victory over the husky Breckenridge Buckaroos.

For a team that had averaged about four passes a game so far this season, the Bulldogs performed with astounding deftness. With slight Odie Kelly passing on every other down, the Bulldogs completed 11 passes out of 23 aerials.

Kelly could not have been tossing the ball any better had he been using a Sperry bomb sight. He connected several times only to see his mates drop the ball. But he managed to complete enough to give his team victory—one they deserved.

### First Downs To Bucks

The Bulldogs didn't make as many first downs as the Bucks. Neither did they make as many yards rushing, but they piled up a margin in the air that spelled the difference. Fans were giving 12 points and taking Breckenridge before the game and even at the end of the first quarter. But Kelly and the Bulldogs stopped that before the second period.

The Midland boys went into the game without big Wendell Williams, leading scorer in District 2-A. Not even the coaches expected the lightweight Bulldogs to come through with a win over the heavy, Stephens County aggregation.

### Played Heads Up

The Bulldogs fooled everybody except themselves. They went into that game to win and were fighting just as hard at the finish as when the game first got underway.

The visitors were out-manuevered all night and it was that degree of acumen that allowed Midland to come through.

After the first period the Bucks knew that every time Kelly took the ball from center he probably would pass. However, that knowledge did them little good. His mates, particularly Maurice Bratton, had an annoying habit (for Breckenridge) of breaking into the open end and whenever the ball seemed to settle in their arms.

The Midland ground game practically was nil, only 50 yards being netted on rushing, but 122 yards were made in the air. The only Bulldog back to gain with any consistency was Gordon Bigham, playing with an injured arm. He was usually held to one or two yards, however.

### Cain Was Effective

Big Edgar Cain of the Bucks was all he had been touted. Time after time he unreeled long runs by sweeping the ends or going through the middle of the line but he could never get loose. Midland fans breathed a sigh of relief when he was taken from the game late in the final period.

Both touchdowns were scored on passes. After missing three scoring opportunities early in the game the Bucks finally got another early in the second period. End Stan Kennedy intercepted a Midland pass on the Bulldog 31 to set the stage. Two plays later Substitute Back Bill Warriner passed 25 yards to End Travis McMurry who scampered five yards for a touchdown.

### Bulldogs Hit Back

The Bulldogs went ahead a few minutes later and stayed there. Kelly intercepted a Breckenridge pass on the Midland 5 and returned it 16 yards. He then started the march to Bratton and Lester and the march was on. A 15-yard penalty against Breckenridge and another first down on a pass to Bratton put the ball on the Bucks' 20. Kelly then tossed one to Bigham out in the flat and the Bulldog halfback tore around end for a touchdown without an apparent hand on him. Jim White then plowed into the middle of the line for the extra point and the game might just as well have ended there.

Kelly didn't slow up on his passes until late in the final period. Time after time he rocked the Bucks back with aerials after he had driven into Midland territory.

The Bucks advanced to the Midland 11 late in the third period and Jack Ray attempted a field goal but the ball was wide of the uprights.

### Eidson Came Through

Kelly had help from everyone of the boys on his team. "Boog" Eidson, playing in the backfield after spending four years and a half at guard, blocked like a machine and directed the team like a master. To single out any other star on the team would mean naming them all: Lester and Bratton at ends, Cooke and Buffington at guards, Rehders at center, Bigham, Ivan Hall, White and Anderson in the backfield. Substitutes Green, Corbett and Fitzgerald also did their part while in the game.

The victory was five in six starts

## Famous Woman Wins Texas Golf Tourney

FORT WORTH, Oct. 19 (AP).—The strength and stamina that made Mrs. George (Babe) Didrikson Zahrhais a world famous girl athlete was evident today as she defeated Elizabeth Hicks of Pasadena, one up in the Texas Women's Golf Championship finals. Babe made a half dozen brilliant rallies in the gruelling 36 hole match.

## Tulane Defeats Rice Institute In Ragged Game

NEW ORLEANS, Oct. 19 (AP).—Thrice-beaten Tulane finally found the combination today in a ragged, thrilling exhibition to defeat the hitherto unscored Rice Owls 15 to 6 before 34,000 spectators.

Rugged James Thibaut, strictly a New Orleans product, put the Green Wave into the lead 9-6 in the final seconds of the second quarter with a slanting 27-yard field goal from placement. Cheered by being ahead for the first time since the Sugar Bowl game last season, Tulane went on to pick up another touchdown in the third.

The game was an almost endless procession of fumbles, costly penalties, and intercepted passes in which both the hard fighting eleven shared almost equally.

Tulane's power combination, for which Coach Red Dawson has been desperately seeking all season functioned in pinches for the first time, and put the humbled mighty Green Wave of 1939 back on the track for what could yet be a successful season.

A Tulane fumble gave Rice its only touchdown. Lou Thomas dropped the ball and Marvin Dewdney scooped it up on Tulane's 24, from where Joe Price reeled off 14, and Bob Brumley lugged it on across in three tries.

It looked like another dreary hometown afternoon especially after Tulane was unable to power drive the ball over minutes later after bringing it up to Rice's 14.

But Tulane whipped back from a punt and Thibaut completed a 20 yard pass to Albert Bodney to Rice's 30. Power drives took it to Rice's 4 and a new Rice team took over, but fleet Harry Hays of San Angelo, Texas, running like a jack-rabbit, skirted right end for the touchdown.

It was a costly Tulane victory, Hays going out with a broken collar bone sustained in a long second quarter run.

Late in the fourth Keel of Rice began dropping back and back to try passes, but his receivers were covered and he was smothered for successive losses. Tulane fumbled five times, Rice three. Tulane was penalized 55 and Rice 65.

## Johnson Stages Great Gridiron Show As Southern Methodist Wins Over Auburn, 20-13, Before 10,000

By Harold V. Ratliff

DALLAS, Oct. 19 (AP).—Preston Johnston, a 190 pound 1-man gridiron circus from the West Texas plains country, kept Southern Methodist University in the ranks of the unbeaten college teams today as he ran and punted the courageous Auburn Plainsmen into a 20-13 defeat before a state fair crowd of 10,000.

Johnston scored two of the Mustangs touchdowns, one on 92-yard run, and it was his fine defensive work in the fading minutes that held a desperate driving Auburn gang of substitutes at bay when the Plainsmen were crashing toward another touchdown.

Johnston ran up 172 yards from scrimmage, set the Plainsmen back time and again with his booming punts and battled a pass out of Teddie Paulk's hands in the end zone to push Auburn back from a possible tie.

### Substitute Stars

Head Substitute Bill Yearout put Auburn in the game in the last half with his mighty passing and running and the crowd that swelled in mid-summer weather yelled their hearts out for the Auburn team's final fling for glory as the hands of the big clock showed five minutes to go.

Southern Methodist scored midway of the first period on Johnston's five-yard run around end. A bad pass from center and subsequent fumble by Dick McGowan that Joe Pasqua recovered on the Auburn 13 set up the score. Johnnie Clement passed to E. L. Keeton for 8 and Johnston went over for the counter. Pasqua kicked goal.

The Mustangs roared to another touchdown early in the second period. From the SMU 43 Clement flipped a pass to Kelly Simpson and he rambled to the counter. Pasqua missed the goal.

### Scoring Quickly

In three minutes SMU had another touchdown, this time on Johnston's glittering run. SMU got the ball on the 8 after a long punt by McGowan. Johnston cut through tackle, sliced to his right and out-ran the Auburn team without a hand being laid on him. Johnston added the goal.

Auburn got going in the third period. Once the Plainsmen drove to the SMU 10 only to lose the ball, Rufus Deal had crashed over from the 14-yard line for a touchdown but it was called back and Auburn penalized five for off-side. But Auburn pounded back from midfield, principally on a 31-yard pass from Yearout to Jim Samford that carried to the SMU 3. Yearout made one at center then hurried right end for the score. Buddy Mahan kicked the goal.

The final Auburn touchdown came in the fourth period. A 15-yard roughing penalty set the Mustangs back to their 1-yard line and Year-

## Abilene Scores In Third Quarter To Beat Odessa, 6-0

ODESSA, Oct. 19 (Special).—Fullback Sellers plunged for six yards and a touchdown in the third quarter here Friday and the Abilene Eagles hung up a 6-0 win over the Odessa Broncs in a District 3-AA contest.

The Eagles stayed in Odessa territory throughout the game but could not score except the one time. A touchdown made in the second quarter was voided because the Eagles were offside. At the end of the half the Eagles were on the Odessa two-yard line with three plays left in which to make a score.

The Broncs never threatened, advancing past the 50-yard line only one time. A little 130-pound half-back named Howell was the leading ground gainer for the Eagles, time after time racing off tackles for long gains.

## Aggies Break Jinx With 53-12 Victory

STILLWATER, Okla., Oct. 19 (AP).—Oklahoma Aggies staged their greatest offensive uprising in years here today and battered Washington University's Bears to 53 to 12 to open their Missouri Valley Conference campaign before 7,000 homecoming fans.

Alumni, sweltering beneath a hot sun, had to refer back to Lynn Waldorf's great team for comparison of such offensive power. The victory was not only the Cowboys' most decisive over a Missouri Valley foe in years, but it broke a 10-year jinx the Bears have held over the Aggies. Last Aggie victory was in 1930.

Sophomore Jimmy Reynolds jerked the crowd to its feet with a 55-yard gallop of the opening kickoff. Three plays later he slashed off 28 yards and the first touchdown. From then on it was just a good workout for the punchers.

### NAVY BEATS DRAKE

ANNAPOLIS, Md., Oct. 19 (AP).—Navy's air-minded powerhouse ripped through Drake University in the rain today to register its fourth consecutive triumph by a 19 to 0 score before 22,000 spectators.

### INDIANA WINS FIRST ONE

BLOOMINGTON Ind., Oct. 19 (AP).—Indiana rose up from an underdog's role to bowl over the previously undefeated Iowa Hawkeyes, 10 to 6, before a Hooser homecoming crowd of 20,000.

## Jacobs Leads Way As Sooners Defeat Kansas State, 14-0

NORMAN, Okla., Oct. 19 (AP).—Striking once by land and once by air, the powerful Sooners of Oklahoma rolled over Kansas State 14 to 0, here today to open their bid for Big Six Conference gridiron glory with a defensive demonstration that thrilled 18,000 fans.

Jolting Jack Jacobs, the Redskin tailback with the slingshot arm, led both the Sooners' scoring drives, heaving a 20-yard touchdown pass in the second period and dancing 40 yards at the start of an 83-yard march in the final quarter.

After a see-saw first period, in which the Wildcats played the Sooners on even terms, the Kansans never had a chance, seldom getting close to enemy territory.

Shifting into high after getting the wind to their backs in the second quarter the Sooners drove 62 yards, most of the way by air, and tallied when Louis "Tree-Top" Sharpe snared a 15-yard pass from Jacobs and trotted the remaining five yards to the doubtful stripe with no one touching him.

Jacobs passed 7 yards to Bill Jennings, 6 to Jack Steele and 21 to Tom Rousey, on the way.

Johnny Martin, developing into a slashing fullback in his senior year, crashed over from a yard away on Oklahoma's last tally at the end of a sustained drive that started with Jacobs breaking loose from his own 17.

## McMurry Buried Under Big Score

ABILENE, Oct. 19 (AP).—Howard Payne College punched McMurry, the worst Texas Conference lick-up it ever got today, handing the Indians glory for a 52-0 score.

Little Tommy Samuels, Jacket reserve back, ran a punt back for 88 yards and a touchdown and circled end 46 yards for another score. Roland Warren, an end, and Howard Swann also had a field day, Warren blocking a punt for one tally and taking a pass from Fisher for a 28-yard scoring dash. Swann plunged for his two touchdowns.

No Time Wasted The first touchdown, scored by Fullback Garland Terrell, came right after the first kickoff. Haralson scored the eighth and final touchdown after a short drive. Howard Payne had two touchdowns called back. Three of its extra points were scored by Nelson, the others by Jones.

McMurry's lone scoring threat occurred in the first period. The drive bogged on the 11-yard stripe.

TECH BEATS VANDY ATLANTA, Oct. 19 (AP).—Georgia Tech opened defense of its share of the Southeastern Conference football title impressively today by smacking Vanderbilt, 19-0, before 20,000 customers.

# Forgotten Man Moves Out Front To Humble Christians

## Thomason Runs Aggies To 21-7 Conference Win

By Felix R. McKnight  
COLLEGE STATION, Tex., Oct. 19 (AP)—Mighty, unbeaten Texas A. and M. strangled Texas Christian today, 21-7, and they did it with a forgotten man who rumbled in from an inglorious blocking back position to ground-gaining genius. Quiet Jim Thomason, little publicized but perhaps the finest blocker and line-backer in southwest conference history, shocked the Christians to helplessness with runs and twice scored on the tag end of rather terrific pass plays.

The big Jim and Marion Pugh, one of the nation's ranking passers, the Aggies owed thank for their offensive spurge that buried TCU, but the big red line of seniors threw back the Christians with a gain of only 17 yards on rushing plays.

Never, after a wobbly opening, did the Aggies look back.

On the first play of the second period they started rolling before the throng of 22,000 that packed this little village. Seven minutes later they had shelled the Christians with three touchdowns and added the points.

Three more times they crept deep into dangerous territory, but there was no more scoring. Once Wild Bill Conaster was wide open in the flat zone on the TCU 20 and one of Pugh's passes sailed toward him. But Conaster was blinded by the late afternoon sun and didn't see the ball until it popped in his face.

On the ground the Aggies rolled up 135 yards to TCU's 17. By air they traveled 145 to the Christian's 122.

But that 122 yards the Christians gained through the sky included 40 yards worth of funny business that gave them their touchdown.

**Reserve End Scores**  
In the third period little Dean Bagley shot a pass over the middle of the line. On the Aggie 40 a cluster of Aggies and Christians started scrambling for its possession. The ball bobbed around in the air for seconds and Ronnie Brumbaugh, reserve end, finally got it. He raced 40 yards for the score and end Phil Roach, who played magnificently, kicked the point.

Big John Kimbrough plowed 44 yards on 14 drives through the TCU line, but today he had to give way to the man Kimbrough, the man Kimbrough called "the greatest football player in the world" after the game.

Only seven minutes of a shocking second period were needed by the Aggies to blow the Christians out of "the stadium."

**Pugh Pass Good**  
In the first play of the period, Pugh drifted back from the scrimmage line at the TCU 34 to the 45 an unfurled a perfect pass down on the 13 to sophomore Boots Simmons. He caught the ball and drove across, stumbling, with almost the same motion. Pugh kicked the point.

Chris Conway blew off tackle for 15 yards after the kickoff, but the Christians lost the ball when Pugh speared a pass on the TCU 31. Jim Sterling picked up eight was a pass and Kimbrough butted to the 19.

Big John started rumbling around right end and suddenly stopped and threw back over his shoulder to Thomason, crouched in the flat. He was free to move on 8 more for the second touchdown. Pugh's conversion kick was perfect.

**To Third Score**  
Set up on the TCU 40 after a punt, the Aggies moved swiftly for the third score. Pugh rambled down to the 25 on a sweep, but Kimbrough juggled a bad handoff on a reverse and the Aggies lost 15.

From the 38 Pugh drilled a 20-yard pass Thomason bagged and escorted on 18 more bruising yards through the TCU secondary for a score. Again Pugh drilled the extra point.

**Nebraska Huskers In 53-12 Win Over Kansas**  
LAWRENCE, Kas., Oct. 19 (AP)—Mighty Nebraska crunched to a 53 to 12 victory over the University of Kansas football team today and with ridiculous ease maintained a record of not having lost on the Jayhawks' own field in 44 years.

Although Nebraska's ace back, Herman Rohrig, was on the bench with an arm injury, all doubt as to the ultimate victor faded after the first eight minutes. Kansas invaded Nebraska territory but once under its own power and that late in the final period after the Nebraska bench had been swept of substitutes.

## Cornell Scores At Will Over Syracuse

IITHACA, N. Y., Oct. 19 (AP)—Cornell, growing more powerful and deceptive with each passing week, rolled over a fair Syracuse team, 33 to 6 today, despite everything Coach Carl Snavely could do to hold the score in bounds.

It was an impressive show for the 18,000 who shivered in the first cold day of the season. The nation's No. 1 team, by vote scored almost at will when it took the notion, mostly on long, spectacular plays.

Four of Cornell's touchdowns were scored on passes, three of them from far out on the grass, while Bill Murphy broke and ran 44 yards for the other.

**All-Around Game**  
Hal McCullough's brilliant passing, the deft ball handling of his several receivers, and the desperate running of Mort Landsberg, Cornell's 170-pound fullback, all combined to make the winners attack a thing of fire and beauty.

Eugene Schmidt, substitute Syracuse center, suffered a broken leg in a hard pile-up in the final period. Cornell piled up 236 yards by rushing, with about a dozen backs contributing. The Big Red completed 15 out of 24 passes attempted for another 310 yards, and in all manner of means made 17 first downs to 9 for Syracuse.

The Orange, faced by all this excellence made only one big gesture, when it slugged 68 yards for its touchdown early in the second quarter. Dick Banger finally passed 11 yards to Les Dye for the score.

## Baylor Bears Win Against Villanova

SAN ANTONIO, Tex., Oct. 19 (AP)—Lagging most of the game, Baylor University's embattled Bears amazingly unhooked a last period college aggregation 7-0, here tonight.

Apparently stalled by raging Villanova line play the first three periods, the Bruins brought 13,000 spectators to their feet with a 48-yard touchdown drive which was started and ended by square-jawed Milton Merka who crashed over for the marker on fourth down from the two-foot line.

Just before the third period ended, Merka unexpectedly cracked the sturdy Wildcat defense and galloped 21 yards to the Villanova 7.

Baylor had made sporadic gains before but Dwight Parks refused to let this drive die. On a wide sweep he worked down to the invaders' 11 for a first down. Jim Witt added three on a plunge and then Parks broke loose to the right, dodged three would-be tacklers, and stumbled over the corner flag.

**KENTUCKY DEFEATS GEORGE WASHINGTON**  
LEXINGTON, Ky., Oct. 19 (AP)—Kentucky, scoring in the first three periods, trounced George Washington 24 to 0 today in their first gridiron meeting before 7000 spectators.

**McKENNEY ON BRIDGE**  
The foursome who will the amateur team of this year are planning to attend the fall session of the national tournament at Philadelphia the week of Dec. 2. They will not be eligible to participate in the amateur pair event, having won their mastership with the amateur team-of-four title, but both combinations are strong enough to give a fine account of themselves in the national open pair championship.

J. T. Sheern, Jr., certainly got the maximum out of today's hand when he made six-odd. The opening diamond lead was ruffed by Sheern and a spade finessed and won with dummy's queen. He led back the ten of clubs, let it ride, and West won with the ace.

West returned a spade, dummy won with the ace, the sixth of hearts was played and won by South with the eight-spot. Sheern then cashed his king of clubs and discarded the spade from dummy.

A small club was ruffed, dropping East's queen, then Sheern ruffed a diamond and his last spade. He returned to his hand with a trump, took out the trump in West's hand, and cashed his jack and eight of clubs for the last two tricks. While the slam was hardly biddable, the play certainly justified a win on the board.

## Bullpups Given 7-0 Defeat By Angelo Eleven

The Midland Junior High Bullpups remain without a score and without a victory for the 1940 season. They took their second straight one-touchdown defeat yesterday when they dropped a 7-0 decision to the San Angelo Crimson Tide.

The Bullpups started out well, marching to the San Angelo 10-yard marker the first time they got the ball. A long pass from Charley Kelly to Gene Estes put the ball there but the Bullpups lost it on the 12 when passes failed. After the Tide kicked out, the Bullpups marched right back to the 19 when Estes took a 20-yard pass from Kelly but there they bogged down.

**Loss Steam Again**  
Early in the second period the Bullpups marched down to the San Angelo 14 where they lost the ball. The team didn't threaten during the last half. About mid-way of the third period, Quarterback Boatwright of the Tide, connected with Left Half Morris for three quick passes to move the ball to the Midland 10. Another pass, Boatwright to Carley, put it on the Midland five and Halfback Graham went over in two tries. Boatwright then connected with Carley on a pass for the extra point.

The Bullpups picked up three first downs in the final period before being forced to kick. The game ended the game soon afterwards.

Kelly and Estes were the outstanding players for the Bullpups. Kelly was hurt late in the final period and had to be taken from the game. Boatwright was the principal ground gainer for the visitors.

## National Football Leaders Move Past Third Test Of October As Majority Of Games Run To Form

By Herb Barker.  
NEW YORK, Oct. 19 (AP)—It took a discerning, not to say hypersensitive eye, to discover a legitimate football upset today.

Almost without a break, the Nation's college leaders moved smoothly past their third October tests and left the general situation virtually unchanged. Not in years have the results on any full football Saturday program so closely followed form.

Alabama, Rice, Auburn, Duquesne, Iowa, George Washington and Virginia all suffered their initial defeats of 1940 but there wasn't a real upset in the lot unless Virginia's defeat by Virginia Military, 7-0, could be so classified.

**Along Unbeaten Trail.**  
Meanwhile the powerful Ivy Leaguers, Cornell and Penn; the two eastern Catholic College powerhouses, Fordham and Boston College; the midwestern Big Four of Notre Dame, Northwestern, Minnesota and Michigan; the southwest leaders, Texas A. and M., Texas and Southern Methodist; and the southern pace-setters, Tennessee and Mississippi, all advanced another step along the unbeaten trail.

Tennessee gave new evidence (if any was needed) of its terrific power as it steam-rolled Alabama's good team into submission, 27-12, before 25,000. Little Johnny Butler was the spark plug the Volunteers needed, scoring a touchdown on a 49-yard run after racing 68 yards to set up a play on which he passed for a score.

**Rest Layden Team.**  
Notre Dame, boasting its best team since Elmer Layden took charge, rolled over Carnegie Tech, 61-0, using 67 players as a crowd of 35,000 looked on. This headlined an inter-sectional program that otherwise proved nothing except that no section of the country has any monopoly on football talent.

Duke, benefitting by an 80-yard touchdown run by Moffat Storer, defeated Colgate, 13-0, but Columbia's smart Lions paid that one off by defeating Georgia, 19-13, in a thrilling duel which saw Sophomore Paul Gervani of Columbia assume the starring role. Merle Hapes and Junior Hovius led Mississippi to a 14-6 decision over Duquesne as Kentucky buried George Washington, 24-0; Boston College walloped Idaho, 60-0; and Navy stopped Drake, 19-0.

**Divide Honors.**  
The Southwest and Southeastern Conferences shared honors as Tulane, finally clicking, bowled over

Rice, 15-6, and Southern Methodist tripped Auburn, 20-13, with Preston Johnston leading the victorious Mustangs both offensively and defensively.

A crowd of 63,000 sat in at Columbia as Minnesota's Gophers, paced by Bruce Smith, stopped Ohio State, 13-7, and ruined the Buckeyes' hopes of retaining at least a share in the Western Conference championship. Tommy Harmon and Bob Westfall led Michigan to an easy 28-0 victory over Illinois, avenging last year's spectacular upset; and Northwestern had no great trouble with Wisconsin, winning 27-7 as Bill de Corveant dashed 50 yards for one touchdown and passed for another. Aggie Tom Strong.

Hawaii A. and M. had entirely too much stuff for Texas Christian and won, 21-7, as Texas' Longhorns, also unbeaten and untied, knocked off Arkansas, 21-0.

Carl Snavely used every man on the Cornell bench as the Big Red's long-range attack swamped Syracuse, 33-6, while Francis B. Xavier Reagan, Penn's great back, scored 31 points as the Quakers won a high-scoring duel with Princeton, 46-28. A snowstorm failed to halt Len Eshmont and Fordham and the Rams took Pitt over the hurdles, 24-12.

De-emphasized Yale found the winning combination against Dartmouth and won 13-7 as Ted Harrison completed a touchdown pass to John Reid in the last 30 seconds. Army and Harvard played a 6-6 draw while Holy Cross won over New York University, 13-7.

**Iowa Is Beaten.**  
Bo McMillin's hard-juck Indiana outfit, after dropping close decisions to Texas and Nebraska, finally got going and dropped Iowa from the unbeaten class, 10-6. Nebraska, Oklahoma and Missouri won Big Six games as expected. Nebraska, the favorite, piled up a 53-2 count on Kansas; Missouri halted Iowa State, 30-14, and Oklahoma outpointed Kansas State, 14-0.

Georgia Tech opened its Southeastern Conference with a decisive 19-0 conquest of Vanderbilt while North Carolina, Southern Conference power, whipped North Carolina State, 13-7. Washington and Lee spilled Richmond, 3-0, in another Southern Conference test. Maryland lost to Florida of the southeastern group, 19-0.

**Utah Is Upset.**  
Utah was upset by Utah State, 7-0, in Rocky Mountain Conference play but Denver, beating Wyoming, 9-7, on a last quarter field goal.

**HURT IN ACCIDENT**  
Nick Foster received treatment at a hospital here last night for slight facial lacerations received in a traffic accident. No one else was hurt.

41-9, and Colorado, 33-14 victor over Colorado State, moved along toward the title.

Stanford's Indians continued their sensational mop-up of far western competition. Lone unbeaten, untied team on the west coast, Clark Shughnessy's tricky ball-handlers handed Washington State its first defeat, 26-14. Washington, favored for the Pacific Coast title, crushed Oregon State, 19-0, as Southern California knocked over Oregon, 13-0, and California tripped U. C. L. A., on a last quarter field goal.

## Texas Longhorns Turn On Attack In Second Quarter To Administer 21-0 Defeat For Arkansas Eleven

LITTLE ROCK, Ark., Oct. 19 (AP)—Too smart in every department for their opponents, the University of Texas crowded a 21 to 0 Southwestern Conference victory over the University of Arkansas into a single quarter here this afternoon.

Approximately 10,000 fans watched under a sweltering sun while Coach Dana Bible's Longhorns mixed forwards, laterals and an occasionally brilliant running attack to smother the hapless Razorbacks.

**Crain Under Wraps**  
Cowboy Jack Crain scored one of the Longhorn's three touchdowns and place-kicked an extra point. But for the most part he was kept under wraps and spent the entire second half on the bench while every member of the Texas squad saw action.

Arkansas threatened twice, once in the first period and again a few seconds before the final whistle when it marched from the Porker 14 to the Texas 14. Here Lobbyries intercepted Hamberg's forward on the goal line and ran it out to the Texas 28. Texas had time for only one play before the final gun.

A blocked Arkansas punt started Texas on its touchdown flurry in the second quarter. Neal tried to make the kick, Kutner, substitute end, batted it down and Daniels, substitute guard, recovered it on the

## Newsreel Made Of Webb Exterminator

The insect exterminator invented and constructed by L. S. Webb, Midland county farmer, was "shot" Saturday by Jimmie Lederer, southwest representative for the Universal Newsreel company. Thirteen young ladies of Midland posed for pictures with the machine at the F. C. Dale farm. Six hundred and ten feet of film were shot.

The pictures marked the first newsreel work ever done in the county. Lederer announced that the film would probably be released in three or four weeks.

Arrangements for the work were made by the Chamber of Commerce.

## Texas Miners Beat New Mexico Eleven

EL PASO, Oct. 19 (AP)—Striking viciously over the ground and through the air in the second and third periods, and then battling stubbornly to fend off last-minute raids, the Texas Miners defeated the University of New Mexico 9 to 7 in a bruising Border Conference battle on Mines field today.

Trailing 9 to 0 until the final six minutes of the game, and halted cold on the Muckers' goal line late in the third period after four desperate smashes against the Mines forward wall, New Mexico scored when Avery Monfort snagged Jack Morrissey's long pass and ran the remaining yards for a touchdown. Agajanian went in and kicked the placement.

# Associated Press' Unique History Is Told In Book Which Critics Call Outstanding Non-Fiction Book of Year

Against all the excitement and romance of men and events of the past hundred years, a story unique in the whole panoramic history of headlines reached the public today between the covers of a strikingly illustrated book.

The title of the work is AP—The Story of News in dramatic sweep it recounts for the first time the actual, first-hand experiences of a procession of reporters from the beginning of news gathering to the rise of the present-day Associated Press as the world's oldest and largest news association, of which The Reporter-Telegram is a member.

The author is Oliver Gramling, a newspaperman since he obtained his first job as a \$5-a-week reporter at the age of 15. He was assisted by William A. Kinney, now of the Washington staff of The Associated Press.

### News Gathering Starts

The story begins with the origin of systematic news gathering in Boston harbor in 1811. Ominous events were shaping the destiny of the recently born United States. The War of 1812 was in the offing, yet the people had no way of obtaining fresh news. Neither the telegraph, the wireless nor the telephone had been invented, and public information traveled only by word of mouth.

The tavern or the coffee house, rather than the so-called newspapers of the day, was the best place to find out what was going on, and Boston was the trading center of the New World.

Into this setting appeared a young Bostonian, Samuel Toppliff, who went into the harbor by rowboat to obtain news from the incoming schooners. He gathered what information he could wheedle from the merchantmen of the world and recorded it in news books at Boston's famed Exchange Coffee House, where merchants and patrons came to read.

This enterprise marked the real beginning of news gathering and out of Toppliff's efforts came the newspaper practice of obtaining and printing daily news.

### AP Founded In 1848

The first phase of AP—The Story of News deals with these pioneering efforts, the battles between competing news men, and the eventual founding of the first news gathering association — The Associated Press—in 1848. From that meager beginning the practice of gathering news grew until the AP as it is familiarly known today, spends \$11,000,000 annually to obtain the intelligence of the world for the newspapers it serves. It is from this source that The Reporter-Telegram receives the bulk of the world news which it publishes for its thousands of readers.

The book now available in stories throughout the country, was published by Farrar & Rinehart. Advance reviews have termed it "the outstanding non-fiction book of the year."

### Convicted Rapist Takes Officers To Jail Keys

FREDERICKSBURG Oct. 19 (AP)—Herman Sultemeier, convicted rapist captured today, took officers to a spot six miles west of here this afternoon and pointed out the county jail keys he had thrown under a fence after his escape Monday.

The sawed-off shotgun Sultemeier took from the Gillespie County Sheriff, Alfred Klaerner, was found near the captive's home.

The prisoner was locked up in the Fredericksburg jail.

Also in eastern Crane, Gulf No. 34 Waddell is drilling past 3,202 feet in lime. The same firm's No. 14 Waddell, half-mile east outpost to production in the Sandhills Permian pool of western Crane, had drilled to 1,450 feet in anhydrite.

Magnolia No. 1-41 Sealy, northern Ward County wildcat three-quarters of a mile north of the lone-producer in the Magnolia-Sealy (South) pool, logged soft formation from 2,718-30 and from 2,744-50 feet. It is drilling ahead below 2,761 feet in lime.

### Draft . . .

(Continued from page 1) Of the 400,000 men to be inducted by March 1, it was disclosed that 364,266 would be whites and 35,734 negroes.

These figures do not represent quotas for whites and negroes, but were based on the army's present facilities for making use of them. The war department already has announced that the proportion of negroes to be brought into the army will be the same as their proportion to the whole population.

Of the tentative quotas, New York's was the largest, 114,796, and Nevada's the smallest, 624.

AUSTIN, Tex., Oct. 19 (AP)—The Texas pool from which the nation may draw military conscripts stood at 808,588 men today.

The state's 254 counties registered that number of men between the ages of 21 and 35, the adjutant general's department announced. To speed selective service process in some areas the department also announced organization of seven additional draft boards—two each in Dallas and Harris counties and one each in Gregg, Jefferson and Nueces counties. Personnel was not named immediately.

### United Press Official Returns From Pacific Aerial Tour With Interesting Report On War Situation In That Area

An interesting report on conditions in Hawaii, New Zealand, Australia, the Dutch East Indies, Hongkong and Manila is made by Clem J. Randau, vice president and general manager of The United Press, which serves The Reporter-Telegram. Randau who recently returned from a six weeks aerial tour of the area talked with a good many leading personalities in the south Pacific area.

His outline of his outstanding impressions based on what he saw and heard follow: Australia and New Zealand "The people of these British dominions do not admit the possibility of defeat in the war—even in more serious and candid conversations. They are extremely busy with their war effort."

"During five days in Australia which included visits to Sydney, Melbourne, Canberra, Brisbane, Gladstone, Townsville and Darwin, I had occasion to talk with leaders of the army and air force, most of the important newspaper publishers in those cities, quite a few top flight government officials and I heard them frequently express their desire to cooperate more fully with the United States."

"The New Zealanders are working closely with Australia and the London government. "The Australian army and government leaders admitted even greater effort was necessary to arouse their people to participate in war work. One apparent contributing cause to what happens to a casual visitor as a certain lethargy is that the populace gets only British censored versions of the news, and hence a one-sided and incomplete picture."

"Australians view the possibility of a direct attack on their territory as rather remote, but are preparing against such an eventuality. "One airplane factory is now turning out ten planes a week. The planes are of an all-service type, carry a pilot and machine gunners and will be used largely for attack and dive bombing. The model is a slight revision of a well known American plane. Within six months production capacity will be doubled. "Most of these planes will be used for home defense whereas some of them are shipped to Africa and India and through the Suez Canal to fight for Britain in the Mediterranean."

"A number of munition factories are working at full capacity, primarily turning out aerial bombs and shells for light artillery. "Training of soldiers, air men and home defense corps is going on throughout Australia. Coast defenses are being built up, but Australia is being used mainly as a training and supply center for men and munitions for the British war effort in other sections of the world."

Dutch East Indies "The Dutch East Indies, comprising a remarkably rich colonial empire of some 70,000,000 inhabitants, are very well prepared for defenses against any invasion. Airports throughout the more important islands of Java, Sumatra, Borneo, Celebes, and New Guinea are already well equipped with bombproof shelters, barbed wire and concrete obstructions and anti-aircraft guns. "The government of the Dutch East Indies, under a governor gen-

eral appointed by Queen Wilhelmina, is intensely loyal to the Netherlands government in London. The native population seems wholeheartedly in sympathy with the existing status and there was no evidence of any unrest.

"The Javanese are a Mohammedan race, apparently religiously and racially closer to the Chinese than the Japanese. "Army, navy and airforce officials with whom I talked seemed unanimously of the opinion that the Dutch East Indies could resist any invader for a considerable period of time. This is due largely to its competent air force, equipped with American fighting and bombing planes, well trained and compact army plus a considerable fleet of submarines, destroyers and cruisers.

"Of utmost importance to their defense is the fact that the waters surrounding the more important East Indian islands are shallow and studded with coral reefs. The designated regular shipping channels can easily be mined. Thus an invading force would be subject to devastating attack from the air and submarines.

"Dutch officials fear economic pressure from Japan. A Japanese mission of 29, headed by a cabinet minister accompanied by 75 newspaper men, arrived in Batavia just prior to our visit. This mission, had as its announced purpose the looking over of production facilities for oil, rubber, tin, rice, etc., but it became immediately apparent, according to the Dutch officials, that the demands of the Japanese would go far beyond normal trade relations. Hence the proceedings did not move rapidly and the last word indicates that negotiations are still stymied.

"Preparations for defense are far more apparent in Java, Borneo and the other islands than in Australia and New Zealand. Here golf courses and parks have been converted into air-raid shelters. Machine gun and anti-aircraft emplacements surround all the cities. "In Borneo, oil wells, refineries and storage centers have been mined, ready to be blown up in event of attack. "Hongkong and China "In Hongkong it was apparent

that the British are preparing at least perfunctorily for an attack. Machine gun and artillery emplacements are seen everywhere. Bomb proof shelters have been built and even the beautiful beaches have been strung with barbed wire and fortified with machine gun nests.

"There are several million Chinese refugees in Hongkong, being fed primarily on rice, through an arrangement between the British and Japanese governments which permits the British to import a limited food supply. Even so, the plight of the Chinese refugees is bad, as thousands of the Chinese are sleeping in the streets regularly. We were told of an epidemic of cholera there.

"The general impression I had of Hongkong is that it could not be defended for long against a major attack. Its chief importance to the British is as a commercial center; hence, it compares in no way with Singapore as an impregnable fortress and naval base."

The Philippines "A considerable majority of the Filipino leaders, I found, appear to regret the independence agreement scheduled to take effect in 1946. I believe it quite likely that President Quezon, the vice president and other leaders will get together on a program within the next couple of years with a view to rescinding the agreement and remaining under the American flag. This desire, I sensed, was due mostly to economic needs and trade relations, although in the background was a fear of invasion which might follow if the Philippines were entirely on their own."

Hawaii "Honolulu is a beehive of navy, military and air activity. I heard some discussion of the Japanese problem because of the large proportion of Japanese in the Hawaiian Islands but it was the consensus that this element in the Hawaiian population would be loyal to the United States in any emergency. "My trip, which was something over 33,000 miles, all of it by air, took me over the new Pan American route to Auckland, New Zealand and thence to Sydney, Australia, over the Tasman Airways, a subsidiary of the British Imperial Airways. From Sydney we were flown by special charter plane down to the southern part of Australia, with visits to the capital of Canberra, Melbourne and Swan Hill and then up the East Coast on Qantas Airlines and across the northern tip of Australia to Darwin.

"From Darwin to Bali and Java and later up via Borneo to Manila, we traveled on the KNILM, a Dutch East Indies airline affiliated with the better-known KLM Airlines. From Manila to Hongkong and back via Pan American's northern route, we returned by Clipper via Honolulu to San Francisco. "The tremendous advantage of living in a country free from censorship was best demonstrated to me upon arrival in Manila. There, for the first time in three weeks, I had an opportunity to see a complete news report. Naturally the news reaching Australia and the Dutch East Indies is censored."

### Beta Sigma Phi Will Close Rushing Season With Preferential Tea Held At President's Home This Afternoon

Closing its fall rushing season, Beta Sigma Phi sorority will entertain with a preferential tea at the home of the chapter president, Miss Ruth Pratt, 911 W. Kansas, this afternoon from 4 o'clock until 5. The semi-annual affair will honor two new pledges, Mrs. Cecil Waldrep and Mrs. Buford Bain.

Bronze and yellow chrysanthemums will lend a fall motif in floral decor throughout the house. Mrs. S. R. McKinney, Jr., rush captain, and Miss Pratt, as president and hostess, will receive the guests.

Mrs. Foy Proctor, the chapter's social sponsor, will sing two numbers, accompanied by Mrs. Yates Brown at the piano.

Poems honoring new sorority members will be read by Mrs. M. D. Johnson, Jr., Miss Marguerite Bivens, and Mrs. Frances Stallworth. The poems, written by Beta Sigma Phi, will be taken from the sorority's monthly magazine, "The Torch."

The tea table, laid with Quaker lace, will be centered with a bowl of the autumn-hued chrysanthemums. Sorority colors of black and gold will be suggested on the tea plates.

Miss Marguerite Bivens will preside at the silver service.

Attending the tea will be the pledges and chapter members who include: Miss Bivens, Miss Alma Heard, Miss Norene Kirby, Mrs. M. D. Johnson, Jr., Miss Burlingame McCollum, Mrs. S. R. McKinney, Jr., Mrs. Riley S. Parr, Mrs. Tom Potter, Miss Madaele Roberts, Mrs. Johnny Sherrod, Mrs. Frances Stallworth, Mrs. M. C. Ulmer as bingo winner, Mrs. L. C. Link, director, and Mrs. Proctor.

### Minuet Club To Stage "Gay Ninety" Dance On Saturday

Father's cutaway and Grandma's bustle will be dusted off and make their terpsichorean debut at the Minuet Club's "Gay Ninety" dance to be held at the Scharbauer Hotel, Saturday, October 26.

Pompacours à la Lillian Russell will grace the fairer sex, while dances will wax their mustachios and oil their mutton-chop sideburns for a gala evening.

Styles that led the Easter Parades during the Gay Nineties will be revived, and prizes are to be given for the most appropriate costumes of the era. A number of out-of-town guests are expected, to vie with members for the honors.

### Phillip Haish Named President Of Student Club

By Billy Noble Austin.—Paul Anderson, MHS ex-president, was one of 7 boys initiated into Phi Kappa Sigma Saturday night. Initiation ceremonies were held at the newly-opened fraternity house, and Dr. Charles L. Brown, grand Theta of the national organization from New Orleans, La., assisted.

Anderson is a sophomore in the University this year, majoring in geology. He pledged Phi Kappa Sigma last spring and has been active in the fraternity program since. This fall he was on the fraternity's intramural softball team and saw service in many games.

Another Midland boy who has joined Phi Kappa Sigma is Bill Kimbrough, freshman in the University this year. He will be up for initiation later in the year as he is a fall pledge.

Midland-Odessa Club Meets Pep rally, Curtain Club meeting, and other adverse factors entered in to keep the attendance at the Midland-Odessa Club at a minimum Thursday night. Only nine members were present.

Those attending were Martha Haish, Jeanne Davis, Jean Lewis, B. C. Girdley, J. McNeel, Jack Carroll, Bill Noble, Bob Throckmorton, and Bob Sharp.

A picnic was scheduled for Sunday afternoon at 2:30 o'clock. Martha Haish, president, tendered her resignation effective at the next meeting, and Phillip Haish, vice-president, was elected president by acclamation.

It was resolved to continue the drive for full attendance at meetings, and a special program was planned to further that end.

The president, Martha Haish, presided.

Robert Payne is one of the busiest men on the TU campus. He is rarely at home, and when he is, he is usually busy helping some one with physics or chemistry.

Payne, ex of '37, son of Mr. and Mrs. E. E. Payne, is a senior in the University of Texas this year, majoring in physics with chemistry as a minor. He is a radar and laboratory instructor in freshman physics.

He has been connected with the physics department in similar capacity for the last two years. This year, the position of lab instructor was added to that of grader.

Payne is a member of Sigma Chi fraternity.

Nell Ruth Bedford is back at work again after a severe cold which kept her from a few classes—and the O. U. game.

John Reddig was among the many who attended the game in Dallas last week.

### VISITING CORRIGANS.

Miss June March of Duncan, Okla., is the guest of her aunt, Mrs. Hugh Corrigan.

### Mrs. Harris Eastham Hostess To Club At Bridge-Luncheon

Mrs. Harris Eastham feted the Thursday Club with a bridge-luncheon at her home, 911 North D street, Thursday at one o'clock.

Dahlias on a mirrored plaque formed a decorative floral arrangement.

Halloween tallies were used in the three tables of bridge played. High score in the games went to Mrs. John Cornwall and second high to Mrs. Chappell Davis.

Playing guests were Mrs. Davis and Mrs. Bob Nolan. Members present were: Mmes. R. W. Hamilton, H. A. Hemphill, R. W. Patteson, W. W. LaForce, Robert Muldrow III, Overton Black, J. H. McClure, W. W. Studdert, W. M. Holmes, and the hostess.

### Civic Theatre Opens Season On Wednesday Night

The Midland Civic Theatre will present its first play of the season Wednesday night at 8:30 at the Yucca Theatre. After four weeks of rehearsal, Mrs. Wilmer B. Stowe announces that she is enthusiastic about the work of her cast for Thornton Wilder's Pulitzer Prize winning play "Our Town."

Starting today, the rehearsals will be full dress with the wind-up late Tuesday night in the Yucca. Members of the cast include Nancy Pitzer, Dalton McWilliams, Joe Seymour, Elma Graves, John E. Hoover, U. A. Hyde, Josephine Dick, Helen Armstrong, Roy De Wolfe, Virginia Jeffers, Ben Murray, Merritt Hines, Cecil Aycock, Walter Wilkinson, Roy Roten, and Edward Dean Richardson.

The story has to do with the life times of ordinary citizens in Groves Corners, New Hampshire, a small sturdily New England town. It is chiefly the story of Americans, and although the setting and outward mannerisms are sectional, the ideas and actions could belong to any part of this country.

As Joe Seymour, in the roll of Stage Manager, puts it, it is "the growing up, the living, the marrying and the dying" of Americans as those events took place early in the twentieth century.

The audience will find that it can let its imagination and memories ramble at will with the characters and the happenings in this play, for they are not hampered by scenery, nor conspicuous costumes and properties.

Tickets are on sale at the Midland Drug Store, the Scharbauer Hotel, and the Petroleum Drug Store.

### FORMER RESIDENTS HERE.

Mrs. M. A. Monaghan and daughter, Marjorie, and son, John, of Breckenridge are in Midland for the week-end. They formerly lived here. Mrs. Monaghan and son are house-guests of Mrs. Hugh Corrigan, while Marjorie is visiting other friends.

### Mrs. W. I. Gatlin Is Complimented With Bridal Shower

Honoring Mrs. W. I. Gatlin, the former Miss Dezzie Carden, whose marriage took place in Houston on October 5, a quintet of hostesses entertained with a bridal shower at the home of Mrs. L. H. Miller, 106 E. Maiden Lane, Friday evening at 8 o'clock. Hostesses were: Mrs. C. C. Carden, Mrs. S. B. Carden, Mrs. M. H. Carden, Mrs. C. B. Reece, and Mrs. Miller.

Mrs. Gatlin, daughter of Mr. and Mrs. M. H. Carden, lived here for a number of years. She was formerly employed in the offices of Dr. L. W. Leggett and Dr. L. B. Pemberton but at the time of her marriage was employed in Houston, where she and Mr. Gatlin will make their home. He is associated with the Humble Oil and Refining Company.

The shower was a surprise courtesy for the honoree who is here on a visit to her family.

A pink-and-white color scheme was followed in appointments. In the scrambled-word contest, winner's prize went to Mrs. Lily Koon also was winner in the bingo games. In the cooking ingredient contest, Mrs. Bertie Mitchell held first place. All three awards were presented to Mrs. Gatlin.

Gift packages were presented informally to the bride.

# FEMININE FANCIES

By Kathleen Eiland

We're always glad when Halloween comes around, not only in our capacity as society editor who delights in colorful parties but also as a plain individual who likes the informal fun and gay hilarity of the October holiday festivities.

Pumpkins hollowed and filled with flowers or fruits make interesting autumn centerpieces. And a new idea somebody has thought up is that of using a pumpkin round the top of which doughnuts are spiked on tooth picks as the central arrangement for the table. Or of spelling out some word on the table, using doughnuts as letters.

It has even come to the point where one gives a doughnut party! Or so publicity writers say. It may be a good idea at that.

The fascinating displays of Halloween party paraphernalia are beginning to make their appearance, so that we shall undoubtedly moon about the display counters in our spare moments.

This year, in addition to the regulation candles, masks, jack-o-lanterns, et cetera, there are candles shaped like read apples or like oranges or like squat, yellow jack-o-lanterns with balk triangles for mouths and black eyes. The "apples" and "oranges" come in miniature crates and baskets like the real thing.

For parties more formal in spirit, there are new glass place cards which boast a dainty spray of colored flowers and a strip of frosted glass on which the name of the guest is to be written and later erased. For the constant party-giver, these should solve, quite attractively, the problem of directing guests to their places.

We've recently seen a bed that is a super-bed. It is very nearly a complete apartment in itself, having as it does a radio, a clock, two lamps (controlled by the proper gadgets set into the bed) and even a compartment at the head of the bed to stow away one's favorite magazine or the electric fan when it is shut off! It sounds incredible but it is so! The bed has been on display for the past few days in a downtown business house.

Furthermore, it is entirely handsome, put together with wooden pegs, and beautifully finished with caving and polished knobs. A small canopy is lined with tufted white silken material and the same material and design pads the front of the storage compartment at the head of the bed.

Whether you prefer an elaborate bed such as this for your sleeping hours or the stark simplicity of a narrow cot, it is worthwhile to see a piece of furniture as unusual as this.

## Good Clothes Will Not Help Bad Grooming

By ALICIA HART  
NEA Service Staff Writer

IT'S an excellent idea to try to conceal your natural defects and dramatize your good points, but it's a great mistake to try to hide defects in your grooming. You can't get away with it.

For instance, you can hide a hipline bulge by wearing a dress with a peplum or a skirt that flares from the waistline. But you can't hide from anyone the fact that your dress is badly in need of a trip to the laundry or a good pressing.

**These Are Tell-Tale Signs**  
YOU can make your ankles look slimmer than they are by wearing ultra sheer stockings with pointed reinforcements at the heels and pumps cut low at sides and front. You cannot find any stockings or any shoes, however beautiful, that will compensate for a growth of hair on the legs.

You can make your low forehead seem higher by wearing a pompadour. But no pompadour or any other type of smart coiffure will completely hide dandruff or an excessively dry condition which can be cured if you'll put your mind to it.

Rouge and lipstick can give your face an alive, glowing look which it lacks without makeup. But don't expect cosmetics to hide blackheads or rough spots on the skin.

The right ring can make your hand seem more slender, fingers more tapering. But neither jewelry or nail polish can do much to hide stains on sides of fingers or red, rough knuckles.

**Beware The Sloppy Look**  
Even the smartest coiffure won't draw attention away from a slightly dingy blouse, soiled gloves or unpolished shoes.

And no dress, however costly and well cut, will look like anything at all if the foundation garment underneath is improperly fitted or if a slip shows beneath the hemline.

## Shell Club Dance Slated For Nov. 2

Midland Shell Club will hold its initial dance of the fall season in the Crystal Ballroom of Hotel Scharbauer, Saturday night, Nov. 2. It has been announced by Jack Samples, president.

Herman Waldman's orchestra will play. Those desiring to attend the dance may make reservations with R. Brewer at the Shell office.

## SCHLOSSERS VISIT.

Mrs. P. A. Schlosser and daughters, Melba and Elsie Nora, have gone to Dallas for the week-end. Mr. Schlosser was already in the city.

Quoting from Amy Hemingway Jones' letter accompanying books: "We want to keep a balance between the serious and lighter books and yet at the same time to meet the needs of those who are keenly aware of world conditions and eager to learn more of them. The brief reviews which follow will give you an idea of what these four new books hold in store for the readers."

"Why Europe Fights," by Walter Millis: It would hardly be possible not to include in an installment of books for an "International Mind" alcove one book at least which deals directly with the present world catastrophe. Mr. Millis has written an authoritative and stirring review of the forces and influences which have led up to the conflict and makes clear the issues at stake. This book, therefore, furnishes exactly the material we need. It gives the essential facts and interprets their significance. It is non-technical and very readable." ("The Martial Spirit, a study of our war with Spain," by Walter Millis, is also in the library.)

"Refugee," translated by Clara Lelzer: Here is an account of conditions in Nazi Germany which is so restrained and unsensational as to carry conviction with it. It is a straight forward story. The author introduces with this statement: "Our little family is what the Nazis chose to call 'Aryan.' My husband is a tool maker. My brother is a tailor, so was my father, and my mother helped him. I myself, now thirty-four years old, was a bookkeeper in Berlin."

"A Doctor's Holiday in Iran," by Rosalie Slaughter Morton: It is pleasant to turn from daily reports of destruction to the pages of this book and read about the constructive work being accomplished in distant Iran (Persia). The author, whose life work is also one of reconstruction and healing, for she is a distinguished physician, had access because of her profession to many institutions and places in Iran which are closed to the ordinary visitor, but she also made use of every opportunity to acquaint herself with the ordinary daily life of the people through whose country she was traveling. It is heartening to read how she "discovered that out of the ancient and weary East comes a lesson in modernism and an example of youth rebuilding a world."

"Puerto Rico and The Virgin Islands," by Daisy Reck: This is a smooth running tale of a trip through our island possessions in the Caribbean with really beautiful photographic illustrations. Every page is interesting and new. The author has purposely avoided the regulation tourist information, which, as she says, the travel folders furnish and tells of her own experiences and impressions as they occurred in these unique settings.

**DUST BOWL REPORT**  
WACO, Oct. 18 (AP)—The southern great plains agricultural council receives a report today on the condition of the dust bowl for 1940-1941 from R. I. Throckmorton, head of the Agronomy Department of Kansas State College. The council is made up of representatives from all agriculture department agencies in the southern great plains.

Vast quantities of munitions are wasted in a war. For every man who was killed in the first World War, 7600 bullets were fired.

## SUNDAY SCHOOL LESSON

**THE MESSAGE OF JOHN THE BAPTIST.—Lu. 3; Isa. 40:1-5; I Jno. 4:1; Ro. 10:13, 14; Jno. 8:28, 29. Lesson Outline by W. W. Lackey, Teacher.**

### I. THE MESSAGE OF JOHN THE BAPTIST:

1. It pointed directly to Jesus as the Messiah: Character and greatness of John.
2. It called the people to repentance, and announced the reign of the Messiah.
3. It was evident fulfillment of prophecy, and drew multitudes out of the cities.

### II. JESUS AND HIS FORERUNNER:

1. Model of noble friendship; greatest of the prophets; I am a voice.
2. "I have need to be baptized of thee"; "It becometh us to fulfill righteousness."
3. Severe test of character: "He must increase, but I must decrease."
4. Popularity did not make him vain; waning favor did not make him bitter.
5. "Art Thou He that shall come?" A series of miracles, seen-heard, shaken read.

### III. THE BAPTISM OF JESUS:

1. Reveal to John, and, through him to the world, Jesus as the Messiah.
2. Stamp of approval of John's ministry; identified Christ with human nature.
3. God's seal of approval: At Baptism, at Transfiguration, at Passion Week.
4. The Holy Spirit, and "A full consciousness of his twofold relation."

### IV. CHRISTIAN BAPTISM:

1. The example and the command of Jesus.
2. Dr. Broadus:
  1. An imitation of Christ's example.
  2. An acknowledgement of Christ's own appointment: Matthew 28:19.
  3. An oath of allegiance to Christ: "In the name, etc."
  4. Symbol of purification from sin through Christ, Acts 22:16.
  5. Symbol of burial and resurrection in union with Christ, Romans 6:4.
3. One of the two sacred ordinances of the church.

### V. PREPARING THE WAY:

1. Wilderness preaching: Something important to say; building better mouse traps.
2. Repentance and the kingdom: The church that never sees anything wrong.
3. Preparing the Lord's way: Making it possible for His power to operate.
4. Pharisees at Baptisms; influence and money; repentance and fruits.

### VI. SENTENCE SERMONS:

1. "Where is the lore the Baptist taught, The soul unswerving and the fearless tongue? The much-enduring wisdom, sought By lonely prayer the haunted rocks among: Who counts it gain His light shall wane, So the whole world to Jesus throng?"—Keble.
2. "But lead me, Man divine, Where'er Thou wilt, only that I may find At the long journey's end Thy image there, And grow more like to it."—Richard Watson Gilder.
3. "All that I could never be, All men ignored in me, This I was worth to God."—Browning.
4. "If you write a better book, or preach a better sermon, or build a better mousetrap than your neighbor, the world will make a beaten path to your door."—Emerson.

...it wasn't speed we were after

THE mighty straight-eight that propels the 1941 Buick Century, ROADMASTER and LIMITED, is, we believe, America's most powerful standard-production automobile engine.

That suggests immediately that here is the instrument of great speed—but the fact is it wasn't speed we were after when we built it.

We were shooting for more efficient use of the fuel you burn — more economy, more power, more pickup—yes, even easier car handling through less frequent need for shifting.

Consider, for example, just one quality of this great power plant—the tremendous reserve of power it puts at your command.

At 20 miles an hour this Buick uses only 7.4% of its available power—at 30 only 9.7%—at 50, less than one-sixth, and so on.

You can see for yourself how this tremendous reserve, instantly available, eliminates much of your need for shifting to lower gears.

When better automobiles are built Buick will build them.

BUICK PRICES BEGIN AT \$935 delivered at Flint, Mich. Transportation based on for the Business Coupe rail rates, state and local taxes (if any), optional equipment and accessories—extra. Prices subject to change without notice.

Each of these is important enough to call for personal investigation—see your Buick dealer now.

### Midland Construction This Year Surpasses Total Building of 1939, But October Activity Falls Short

Midland building permits for 1940 reached a total of \$704,316 yesterday, City Building Inspector Frank Prothro reported. This is \$37,171 more than the permits issued during 1939 but is about \$300,000 less than the 1938 total.

Permits in October have been only \$7,400 but Prothro said that at least \$40,000 more were expected to be issued the remainder of the month.

Most of those this year have been for residence construction, with the Methodist Church permit being the largest of the year. Construction on the church job is proceeding rapidly, and work on the interior is scheduled to start within a few days. A \$200,000 permit for a grocery store probably will be issued before the end of the month.

Permits during January this year were the highest of any month to date, totaling \$177,600. Low month was September, \$36,510.

Chances of the city once more going above the \$1,000,000 mark were described small by Prothro since no major projects are planned.

Only three permits were issued the past week. Two of the projects were \$200 house moving jobs and the third was a permit to J. R. Preetag to erect a \$2,600 residence at 1203 W Wall street.

Following are permits by months for the year:

- January, \$177,600.00.
- February, \$95,515.00.
- March, \$32,050.00.
- April, \$71,075.00.
- May, \$93,275.00.
- June, \$41,575.00.
- July, \$36,294.00.
- August, \$11,022.00.
- September, \$36,510.00.
- October, \$7,400.00.
- Total, \$704,316.00.

### WHITENESS ENHANCES CHARM OF HOUSE

Whiteness is definitely not a substitute for paint, but the charm of old brick homes is sometimes greatly enhanced by whitewashing.

The simplest whitewash is lime putty, or hydrated lime, mixed with water to brushing consistency.

### VOGUE COTTAGES

Why not have the happiness and contentment of owning YOUR OWN HOME? It is easy and economical to own a F. H. A. home. Buy now before prices advance. Two houses in the 1000 block on West Kentucky will be ready for occupancy soon. 10% down payment, monthly payments \$19.58 and \$20.28 including taxes and insurance. Open for inspection. ### Close Study Should Be Given To Picking Mechanical Articles

Careful study before selecting mechanical equipment for the house is far more necessary now than ever before.

The increasing number of mechanical appliances now on the market makes careful consideration of such items essential.

The prospective householder is cautioned not to succumb to the temptation of overstocking himself with mechanisms at the possible sacrifice of essential comfort.

### Basic Factors

The basic factors, general location of property, neighborhood, relation of the house to its site, the provision for natural light and ventilation, the comfort and convenience of the plan, the soundness of the construction, deserves prior consideration.

A number of principles should be followed in making selections of equipment.

The initial cost of the equipment must be carefully balanced against the cost of its operation and the probable returns in comfort.

It must be remembered, too, that the first cost is rarely, if ever, the last cost, a thing which is particularly true of equipment which contains movable parts.

### Autumn Is Time For Sowing Grass Seed, Four Reasons Given

Autumn is the natural seeding time, and home owners who are thinking ahead to next spring and summer will remember that grass seed scattered now will provide next season's lawn.

Most amateur gardeners and planters believe that spring is the growing season and that the proper time for sowing grass seed is shortly after the winter freezes have thawed and the ground becomes soft enough for cultivation. Seasoned planters, however, hold that the ideal time for improving the lawn is in the autumn, and cite the following reasons:

1. The soil is usually still warm in autumn.
  2. Nights are cool and dews are usually heavy.
  3. There are frequent rains.
  4. Weeds begin to die.
- Warm soil is said to increase both the rate and amount of seed germination. The soil is warmer in autumn, for it has been exposed to the sun all summer. Autumn soil temperatures are most favorable to heavy growth.
- Cool nights, heavy dew, and diminishing sun rays are said to cause grass to spread, forming a dense sod instead of spindly growth. Thick sods are always more resistant to weeds.

### PAINT SUGGESTIONS

Painters suggest: After a rain, at least four dry days should pass before painting wood, brick, stucco, and other absorbent materials with an oil paint. There should be no painting in a misty and damp atmosphere or before dampness has passed away.

Painting should not start in the morning until the sun has dried up the dampness of night.

### Courtney Student Seriously Injured

STANTON, Oct. 19 (Sp.)—Miss Anna Lee Hull, 16, of Courtney community 10 miles northwest of here, was seriously injured last night when struck by a truck on Highway 80 near the Big Spring airport.

She was injured as she stepped from a school bus which had taken the Courtney pep squad to Colorado City for a football game. Taken to a hospital in Big Spring, Miss Hull did not regain consciousness until this morning.

### Attached Garage By Covered Hallway Is Asset

There are many advantages in having the garage attached to the house, according to the Federal Housing Administration. Some of the advantages are illustrated in this picture. The house appears larger as a result of the increase in building mass, while convenience of use is increased and accessibility improved.

Since the garage is near the street, the driveway is short and its cost is reduced. Cost is a factor of importance when the garage is located in the rear of the lot and is served by a long driveway. Another advantage which the attached garage may claim is that it does not interfere with attractive development of the rear yard.

In this small house, the garage is attached by means of a covered hallway. The house appears much larger and is given a pleasing character by this arrangement.

### Planning Homes For Economy Is Thrifty Effort

How can construction costs be cut?

If all of the home planners in the country could be assembled together that question would arise as a chorus. It is undoubtedly the major concern of every person who is planning a home.

Construction economies are real, and the planning stage of home building is the time to realize that many building dollars can be saved. Since every nail and board that goes into the house affects the final cost, the future home owner should recognize the fact that planning for economy is a lengthy process—but one that pays prompt and substantial dividends.

### Shape Affects Cost

Construction economies largely depend upon the shape of the house and the simplicity with which the structural shell of the house can be framed.

Since the cost of the enclosing outside wall and roof area is a large item in the total costs of the house, the shape of the house is important. The most economical shape is the square. It provides the maximum amount of floor area with the least amount of wall area. Corner construction costs more than straight-wall construction, with the result that square and other rectangular-shaped houses are less costly than L, U or Z shapes. The rectangular shape also simplifies the structural framing system of both floor and roof and thus effects economies.

### Standard Lengths Economical

The size and arrangement of rooms should permit the use of standard size floor and ceiling joists without waste of labor and materials. When this is done, rooms of maximum size are provided by a given amount of labor and materials. Floor openings and intersection roofs and dormers add to the cost of the structural frame by complicating the framing system.

### QUESTIONS AND ANSWERS

Q. I am planning a home of U shape. Does the shape of a house affect its cost?

A. Yes. The square is the most economical shape since it provides the maximum of floor area with the least amount of wall area.

Corner construction costs more than straight-wall construction, with the result that square and rectangular-shaped plans are less costly than L, U, or Z shapes. The square or rectangular shape usually simplifies the structural framing system of both floor and roof and is thus more economical to erect.

Q. What are some specific examples of home improvements which may be built in and financed under the Modernization Credit Plan of the Federal Housing Administration?

A. Among the many improvements eligible for this type of financing are breakfast nooks, bookcases, cabinets, closets, cupboards, incinerators, laundry tubs, laundry chutes, medicine cabinets, mirrors, ironing boards, shelves, and ventilating fans. This is only a partial list but should give you an idea of what may be done under the F. H. A. Modernization Credit Plan. Where a specific ruling is desired as to eligibility of a proposed project, the request should be made to the Federal Housing Administration, Washington, D. C.

### Midland In List Of Big Building Cities Of Texas

By The Associated Press

Houston hammered its way back into the van of the state's building race this week with a seven-day building permit total of \$247,750.

The week's figure brought the Bayou city's total thus far during the year to more than \$19,000,000.

Dallas was in second place this week with \$147,352.

Totals for the week and for thus far during the year from various representative cities include:

City	Week	Year
Houston	\$247,750	\$19,280,655
Dallas	147,352	8,898,777
Wichita Falls	118,542	1,166,753
Wichita Falls	118,542	1,166,753
Austin	104,752	5,769,083
San Antonio	100,710	5,070,424
Corpus Christi	90,590	7,439,535

Midland	300	704,316

### CAN DO SWELL JOBS

Painting, if the job is not too big, is one home improvement in which almost every owner likes to assist.

The average home owner may not be qualified to undertake the painting of an entire house but many small paint jobs, such as touching up marred woodwork, repainting radiators, or varnishing a floor, can be economically handled by the owner.

### ATTIC SPACE USES

With a sufficient number of windows for good ventilation and a practical stairway from the floor below, attic space may be used as an extra bedroom, as a playroom for the younger members of the household, or as a storage room for clothing and furniture which may not be in immediate use.

### Steady Production Of Homes Forecast

Responding to the rising demand stimulated by factor and business expansion, production of homes at a relatively high level throughout the fall and winter is foreseen by Federal Housing Administrator Stewart McDonald.

Even in many northern cities builders are throwing off the habit of winter inactivity and are planning a business season, he said.

### TENNIS RETURNS.

Langdon Tennis, geologist with the Plymouth Oil Company, has returned from a month spent at Corpus Christi and Sinton on business.

### Market Prices Drop At Close Of Week

By Frederiek Gardner

NEW YORK, Oct. 19 (AP)—After a week of generally rising prices, the stock market today turned irregularly lower.

While quiet strength was exhibited by a smattering of specialties, losses of fractions to a point or so were slightly in the majority at the close.

Selling was never urgent and the ticker tape frequently loafed, but efforts to put up leading steels, rails and aircraft met with only half-hearted response.

The Associated Press average of 60 stocks was off .1 of a point at 44.7, but on the week retained a net advance of .7. The mild relapse of balance came in the wake of four successive upturns. At the finish today the composite was just about where it was a month ago. Trans-

fers totalled 216,440 shares compared with 195,750 in the short session of two weeks ago. The market was closed last Saturday for Columbus day.

Shares on the offside in the two-hour proceedings included U. S. Steel, Bethlehem, Crucible Steel, Chrysler, Sears Roebuck, J. I. Case, Boeing, United Aircraft, Union Carbide, N. Y. Central, Great Northern, Anaconda and Du Pont.

Among gainers were American Telephone, General Motors, Loew's Kennecott, U. S. Rubber, Montgomery Ward, Douglas Aircraft, Murray Cor., Nash-Kelvinator, N. Y. Shipbuilding and Paramount.

#### New Rules May Hasten January House Session

**By Howard K. Marshall**  
**Associated Press Staff**  
 Streamlined rules shaped to eliminate long-standing evils may guide the Texas House of Representatives through the grueling general session which begins at Austin in January.  
 Complaints accumulating over the years that business of the House often was hurlingly retarded to the tempo of horse and buggy days had culminated in a report of a special committee recommending important change in procedure.  
 The committee of six, appointed by Speaker R. Emmett Morse, has been grubbing through the tangled rules for more than a year. It is composed of Lon A. Alsop of Carthage, chairman, E. H. Thornton, Jr., of Galveston, James E. Taylor of Kernes, Joe Keith of Sherman, Bryan Bradbury of Abilene and De Witt Hale of Farmersville.

# Ful-ton

We wish to thank the motoring public of Midland and this area for your patronage since we took over the operation of Lowe's Service Station a few months ago. We are indeed pleased with the excellent business you have given us . . . and in turn we want you to know that we are on our toes constantly in an effort to serve you better at all times. We want you to feel that your service station and tire worries are our worries . . . and that you can call upon us at any time—day or night. You'll find that our products are unsurpassed for quality and price. Again, many thanks to every one of you.
