

## Ray's 'Ritin'

By RAY MARTIN

We're moving. Them's fighting words for many a man — and some women. Seems couples who get along splendidly don't live too harmoniously during moving time. Used to when I was a small boy it was putting up stovepipe that upset the harmony of our household; my Dad would see red everytime Mother suggested putting up the stove. Pipe that had come down in the spring never seemed to go back in the same sequence, come fall, and Dad usually wound up with a few smashed fingers, smashed pipe, and a new section of stove pipe.

But moving, in anybody's household, is not a pleasant thought. This department said recently that there are only two houses for rent in Muleshoe. We were wrong. There are three houses — or there were. We got No. 3.

So, sometime this week the Martins will take Cindy, Hobby and Hugh (dog, cat and cat, respectively) and leave Goathead Flats Estate after a little more than a year in that part of Muleshoe where goatheads and dandelions flourish.

We're moving to Alfalfa Flats. Now this time, said Mama, let's do it orderly and neatly and not get excited. Just take it easy and in proper sequence and nobody will get hurt.

So, we've been doing just that. We had the usual one-key situation, so we started by having a copy made of the one key the landlord made us. Of course this copy isn't quite true; it won't work.

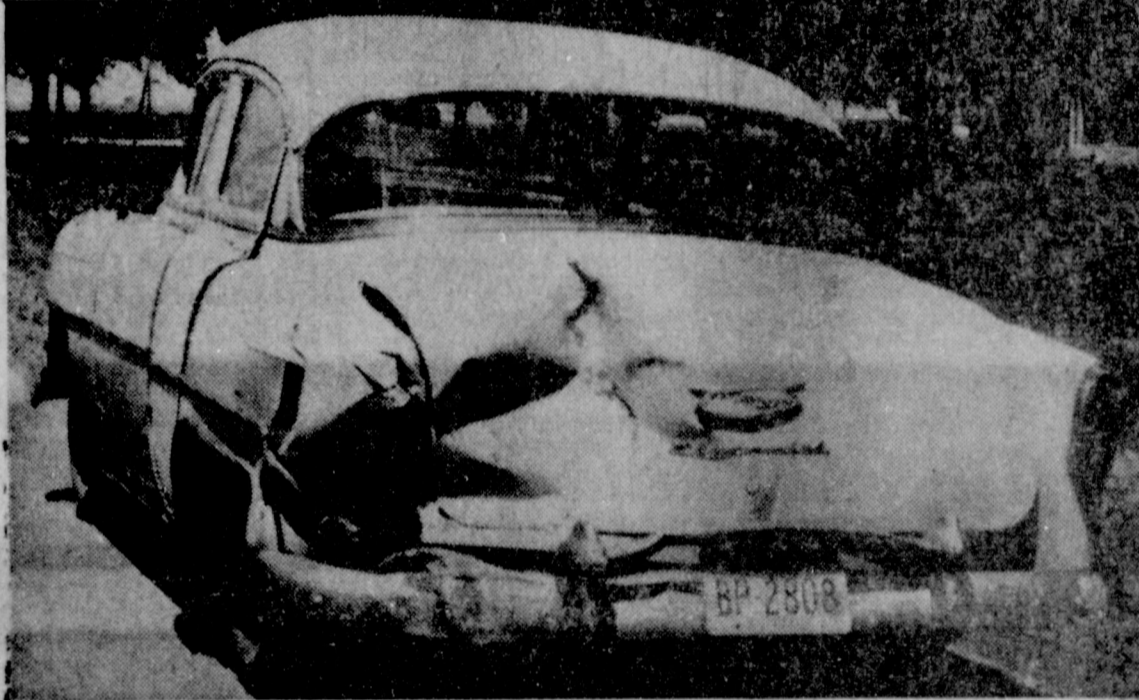

And then we started in with the sweeping and mopping routine. The previous tenants had left it in 'good shape, but there's always sweeping to do, and the floors had to be waxed and polished.

These processes went off smoothly. The curtains are up and the cooling system is working more or less ok. But did you ever try to apply wax by the sitting-down process to a house as big as a skating rink? Well, of course, this house isn't as big as a skating rink, not by a long shot. In fact, it probably is rather small as houses go, but when you are sitting on that hardwood floor, smearing paste wax on living room and bedroom floors when there's no furniture in place, it seems as big as a skating rink.

Of course, there are two lights that don't work, and the door chimes transformer had to be replaced, and the grass has grown up sixteen inches high and a few things like that. And the faucets in the kitchen leak and the shower in the tub shoots out a fire stream instead of a gentle spray. And the evaporative cooler leaks, but these little things will all be worked out in time. Of course, my so-called power mower has expired, but maybe somebody will lend me a mower. But that's all part of the fun of moving.

Now we are at that stage when we are living in neither place. Seems the coffee pot got over to the new location, and the clock in the kitchen is already in the kitchen in the other house, so as a result we don't know what time

## Red Carpet Rolling Out; Everything Here is 'Go'

Muleshoe was putting the finishing touches on preparations for its golden jubilee celebration which opens with "hospitality day" Saturday and ends with the third annual talent show, fireworks and basket supper Thursday night—July 4th.

Banners welcoming people to Muleshoe for the celebration are streaming across business streets and hunting has been draped in front of practically every business in town, all as part of the promotion for the triple-barreled celebration.

A sound truck is to be rolled onto Main street tomorrow to be ready for Jubilee days, starting Saturday. The truck will be set up at the corner of Main and Second, and will be used each afternoon as a sounding-off spot Saturday, Monday, Tuesday and

Wednesday afternoons. Roy Davis, Chamber of Commerce manager, said a master of ceremonies will be on hand each afternoon to interview old-timers, present musical numbers and introduce various and sundry exhibition events, such as square dancing demonstration.

Muleshoe Art Association also is to have a part in the program with downtown displays and art demonstrations. Mrs. A. J. Lenderson is in charge of this program. Mrs. Charles Lenuu is president of the art association.

While these events are taking place, Jaycees will be stopping motorists at roadblocks and offering them tickets good for free coffee or cold drinks at various Muleshoe restaurants and drug stores.

Drawings also are to be a part of the downtown programs when gift certificates will be given by Muleshoe merchants during jubilee days. The Jaycees are to promote the July 4th celebration with a one-day tour of surrounding towns and communities Monday, visiting more than a dozen communities to tell about the big program planned here. Rufus II, the Jaycees new mascot mule, also will make the tour.

Davis said additional talent is needed for the downtown afternoon programs from the sound

## Eight Couples Seek Licenses

Cupid, who is supposed to be more active during June than in any other months, has been only fairly busy in Bailey county, it would appear from courthouse marriage records.

Hazel Gilbreath, County-District Court Clerk, reports only eight licenses have been issued so far this month, which is about the usual monthly par.

Licenses issued include these: Larry Ray Hartsell and Kathryn Blanche Gray, Muleshoe. Wayne Forrest Peterson and Sandra Gale Brown, both of Muleshoe.

Terance Raadall Riley and Linda Ann Haley, both of Muleshoe. Pat Orbell Glover and Beatrice Susan Stinson, Muleshoe. Freeman Earl Layman and Avis Yvonne Hendon, both of Earth.

Adam Galan Jr. and Maria Guadalupe Marquez, both of Earth. Hilario Viljo and Tirmotea Garcia, both of Muleshoe. Bobby Joe Dillard and Corine Pettit, both of Littlefield.

## Local Cowboys Ride 'em Rough

Two Muleshoe cowboys gave an enthusiastic crowd of 3,000 a thrill Saturday night at the 14th Annual Lamesa Rodeo when they rode a pair of mean bulls, one of which had never been ridden.

John Killingsworth, son of Mr. and Mrs. O. G. Killingsworth, stuck with bull No. 49 for the full eight seconds. The bull had thrown over 500 riders in its eight-year bucking career. The 1,700-pound animal had never been ridden the fulltime before.

Pete Wishert rode bull No. 100, who had been bucking off cowboys for many years. It had been ridden only three times before Saturday night.

No. 49 is an off-spring of No. 100. Killingsworth won first in the bull-riding at the rodeo with 182 points. Wishert came in second with 181 points.

## Thieves Damage Animal Clinic

Thieves who got only \$4.50 in cash for their trouble broke into Muleshoe Animal Clinic this past weekend, but the damage they did ran to several hundred dollars, Sheriff Dee Clements said Thursday.

Both front and back door locks were jimmied, but the thieves were unable to gain entrance through the doors. They finally made their way into the clinic by means of a window.

They took \$2.50 from a soft drink machine, and \$2 in cash which they found in the office.

The sheriff says they broke and destroyed approximately \$300 worth of equipment and supplies in the clinic.

Sheriff's officers are still investigating.

## Jail 'Customers' Are 'Farmed Out'

Bailey county jail will not accommodate all its prisoners, Sheriff Dee Clements said Thursday. As a result, prisoners frequently are "farmed out" to Lubbock county for safe keeping.

Four such persons are in the Lubbock county jail now, awaiting disposition here.

"We just can't keep all of them here in our inadequate jail," sheriff's officers said, "so we have to farm them out to Lubbock."

Five persons, meantime, are being held in the jail here for a total of nine persons being held in jail here and at Lubbock.

## Muleshoe FFA Team Wins Third

Muleshoe FFA team walked off with third place last Saturday in the annual Junior Hereford Breeders 2nd annual field day at the Ponger Bros. ranch at Stratford. The boys are coached by Bill Bickel, vocational agriculture teacher here.

Competition at the Stratford event is described as among the stiffest in West Texas.

In addition, Kearney Scoggin was high point individual, and for his winning, received a registered Hereford heifer as a prize.

The team is composed of Scoggin, Stanley Black and Morris. See FFA, Page 7

## Novel Costume Party Planned

Muleshoe's sub-teen youth club will stage its third fun night tonight at the American Legion hall when members come dressed as a song. Mrs. Frank Ellis said today.

Judges will pick the most original costume, based on well-known songs. Afterward folk games will be played by the sub-teens.

## 2 Boys, Girl Judged Juvenile Delinquents

Three Muleshoe youths, including a girl, are now wards of the county court, and whether they stay out of the state's juvenile school at Gatesville or not will depend on how well they behave.

At least that was the indication at midweek after a day of hearings had been held before County Judge Glen Williams.

"The county attorney and I will give them every opportunity to do right and keep on the right side of the law," Judge Williams said, "but this is their last chance; if they slip up again, we will have no choice but to send them to Gatesville."

In fact, at least one boy may yet be sent to Gatesville, since the court is awaiting report on his previous record at Plainview, his home town.

A 16-year-old Anglo boy, along with three others, was charged with breaking into a house in Muleshoe and severely damaging furniture. The other two boys are above juvenile age and will be tried on felony charges in other courts, Judge Williams said.

He was declared a delinquent and is to return to court next Monday for final disposition, pending a report from Plainview.

Still another brought before the judge this week was a 16-year-old Latin American who is charged.

## Journal Ad Gets Renter - But Fast!

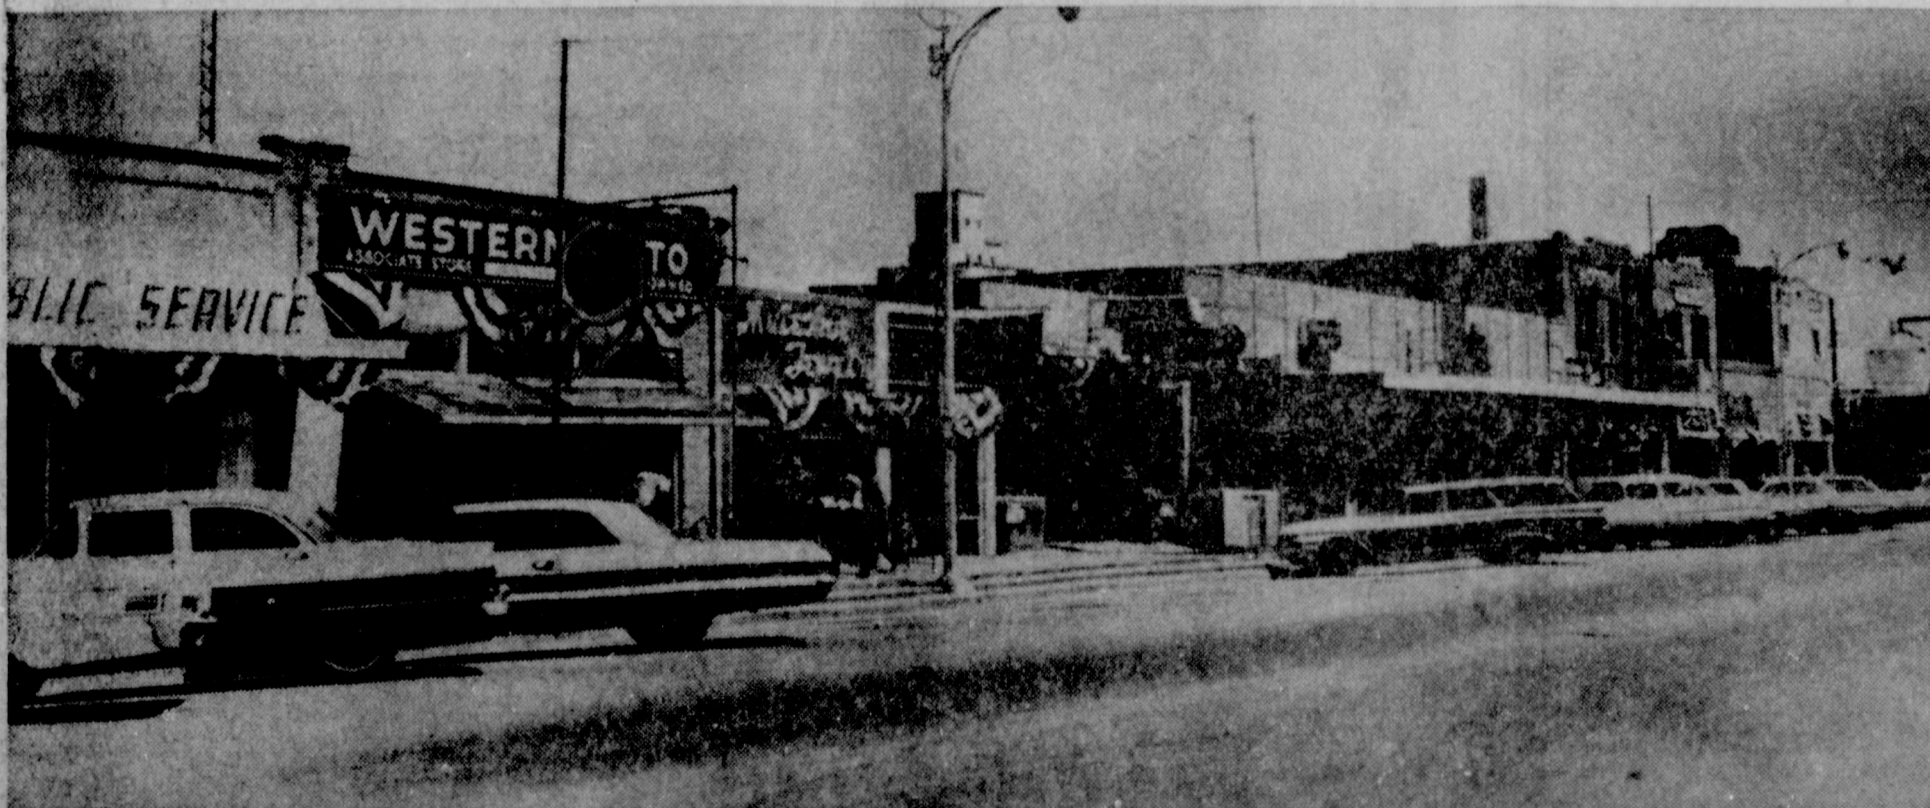

FOR RENT — Trailer house apartment, furnished. Bills paid. See Forbes, 206 West 2nd.

The above ad which appeared in last Sunday's Bailey County Journal, brought results 15 minutes after the paper was bought by the prospective renter.

The would-be renter bought a copy of the Journal at L&H grocery at 8 o'clock. Fifteen minutes later he had contacted the trailer's owner and had completed the deal.

Journal ads pay off — just like that!

## Muleshoe Decked Out in Celebration Garb as First of Golden Jubilee Events Draws Near

**BANNER BE-DECKED** — Muleshoe is all rigged out in streamers and banners in preparation for its Golden Jubilee celebration. First event, the opening event in a four-day Jubilee sales event, starts Saturday. Downtown

activities are slated through next Wednesday. These pictures show a small part of the decorations, including a close-up of one of the Golden Jubilee streamers decorating Muleshoe. The big event ends with a mammoth talent contest, fireworks display and basket picnic at Benny Douglass stadium the evening of July 4th. (Journal Photos & Engravings)

**KING AND QUEEN**— Ana Burta Elizarraraz was crowned queen of San Juan Fiesta in a ceremony held at the Immaculate Conception Catholic Church Monday evening. The coronation services were preformed by Father Clifton Corcoran. The queen wore a snow white formal and a blue cape sweeping into a train. Her escort is Joe Gonzales. (Journal Photo & Engraving)

**QUEEN'S COURT** — Pictured here are members of the Queen's Court. Princesses and their escorts are Mary Frances Rogers and Mike Perez; Helen Lara and Louis Flores, and Rosie Reyna and Bobby Vela. Each princess

was a runner-up in the queen contest sponsored by the Catholic Youth Organization to raise money for church improvements. The celebration was concluded with the San Juan Fiesta dance held at Priboths Roller Rink where

the queen was presented a dozen red roses as the highlight of the evening. Bearers of the cape and crown were Roy Anzaldua and Emaranna Madrid. (Journal Photo & Engraving)

**Celebration Set By Morton Church**

The First Baptist Church, Morton, will have "Thirty-fifth Anniversary and Homecoming" celebrations on June 30. This is in recognition of the thirty-fifth anniversary of the organization of the church. The church was organized June 27, 1928, with twenty-eight charter members.

Former members and friends have been invited to attend. Dinner will be served by the church following the morning service.

Former pastors who will appear on the program, Rev. B. B. Huckabay of Fort Stockton, Rev. Weaver Lovelace of Knox City, and Rev. W. C. Wright of Lamesa. Fred Thomas is the present pastor.

More than two dozen colleges in the country participated in competitive bicycling events in 1962 as intercollegiate bike racing had its biggest year since 1900.

**Youths Present Art Exhibition For Association**

The Muleshoe Art Association met Monday morning at 9 a.m. at the Richland Hills cafeteria. The club has now grown to 28 members. Those present were Marie Lenau, Blanche Lenderon, Tiny Forbes, Inez Bobo, Arlene Phelps, Betty Black, Jeanne Garth, Velma Davis, Kathleen Francis, Bernice Amerson, Kitty Moss, Jackie Smith, Barbara Puckett, Ethel Allison, Mrs. Mounts. Visitors were Mrs. J. K. Adams and Mrs. Ralph Douglass.

Betty Black conducted an oil painting demonstration with three of her teenage students, Don Douglass, Jimmy Francis, and Joe Adams. Each of the boys displayed a finished painting and spent the morning working on their demonstration paintings.

Books of Famous Old Masters Prints were given to Velma Davis, Ethel Allison, and Mrs. Mounts. It was a presentation from the club.

Belgium has 11,779 square miles and a population of 9,153,000.

**Democratic Women Of Texas Sponsoring Two Artist Contests**

The Democratic Women of Texas are sponsoring two contests for artists. The Scholarship Award will be presented by Governor John B. Connally in the name of the Democratic Women of Texas and will consist of a \$500 scholarship to be used for advanced study in any of the visual arts. Winners will be notified immediately in order that they may be present to accept their awards. Any artist resident in any of the 31 Senatorial districts of Texas within the ages of freshmen through seniors in high school (including 1963 graduates) is eligible.

To make plans for the competition, 20 Democratic women from the 15 counties comprising the 30th District attended a luncheon Friday at Elm Tree Inn in Tulla. Mrs. Wiley Bullock, committee-woman of Muleshoe, was in charge of the meeting.

Four paintings and their accompanying drawings from each district may be submitted. For the Merit Award, any amateur artist may compete. Two paintings may be sent from each district for the merit award.

Elimination exhibits within each district shall be the responsibility of the State Democratic Committee-woman for that district.

Mrs. Wiley Bullock, Route 1, Muleshoe, in the district which includes Swisher, Deaf Smith, Castro, Lamb, and Hall counties.

Scholarship entries must be accompanied by a pen and ink, show evidence of ability in sub-compartments need not be related in subject to the entry.

In the State Citation Exhibition, each district may submit as many as four major entries for the scholarship award with accompanying drawings and two major entries for the Merit Award without drawings.

All pictures must be framed, ready to hang; all watercolors, prints, and drawings must be under glass.

Entries must have been executed within the past two years. Work done under supervision is not eligible.

Media are oils, pastels, tempera, casein, drawings (pen and ink, pencil, charcoal), watercolor and mixed media.

Three dollars must accompany each entry unit from the discover return shipping costs. Each unit will be limited in size to 16 x 20 inches, maximum inside frame measurement. Title of the picture, full name, and address, and a biographical sketch of entrant's previous training in art attached to the back of each picture.

All paintings must be received on or before August 31 to be eligible. The district deadline is earlier.

The state jury will consist of three competent members, for the judging September 14-15 at Jal Ranch, Alvarado.

The young artist in Bailey County wishing to enter the contest should contact Mrs. Pat Bobo. Those in Parmer County, call Mrs. Leon Smith, Sr. on the Lazbuddie Exchange for entry blanks.

**YOUTH PARTY**  
Muleshoe Youth Center will have a party Saturday night in American Legion Hall. Music will be provided by the Five Counts and an activity will begin at 8 p.m. Membership cards may be purchased at the door.

**JULY ART SHOW**  
Members of the Muleshoe Art Association will be having a sidewalk art showing along the sidewalks of Muleshoe during the July 4 celebration. There will be sketch demonstrations, painting being done and pictures completed on display, some of which will be for sale.

**Lazbuddie FHA Chapter Plans Work For Year**

The Lazbuddie FHA officers met June 10-14 to plan the chapter's program of work for the coming year.

Monday, they discussed each officer's duties and how to carry them out. They also discussed the over-all projects for the coming year which are Christmas cards, adopting FHA Grandmother and Grandfather, TUBFIRM, and UNICEF.

Also the point system, which will determine the girls who will attend the state meeting, was set up with a Girl of the Month and the Girl of the Year, determined by who receives the most points at the end of the month and year.

Tuesday, the program of work for the coming year was discussed and also committees were chosen.

Wednesday, the group discussed socials for the coming year and also made suggestions for money-raising activities.

Thursday, various officers met with their committee members and set up their objectives, chapter meetings, and decided on the socials and money-raising projects.

Friday, the officers finished their work and ended the week of planning with a sack lunch at the park and bowling afterwards.

Those attending were: Marianna Gammon, Linda Monk, Bobby Jo Jones, Gayla Seaton, Twila Galtman, Marsella Mayfield, Katie Blackstone, Kay Anne Smith, Aleene Embry, Marquita Seaton, Elaine Embry, Cathy Wilson, Carol Ann Miller, Jan Nowell, Sherry Robinson, Carolyn Morris, Johnnie Ivy, Terri Sue Mabry, Cynthia Harvey, Charlotte Seaton, and their advisor, Mrs. Charley Walton.

### Candlelight Ceremony Read For Yvonne Hendon and Truman Layman

In a beautiful candlelight service at the First Methodist Church, Miss Aris Yvonne Hendon became the bride of Truman Earl Layman, June 14, at 7:30 p.m. Rev. J. Frank Peery, pastor, officiated at the double-ring ceremony.

Parents of the couple are Mr. and Mrs. H. W. Hendon, Muleshoe, and Mrs. and Mrs. D. E. Layman, Earth.

The church was decorated with baskets of peach gladioli flanking either side of the candelabra. Given in marriage by her father, the bride wore a full-length gown of Chantilly lace over satin featuring a square-cut neckline dipping to a V in the back. The princess style waistline was accented by small rosettes at the back. Her fingertip veil of silk illusion was attached to a pearl crown of simulated pearls and sequins. She carried a bouquet of white carnations and sweetheart roses.

Mrs. Lee Oden, Earth, served her sister as matron of honor. Bridesmaids were Miss LaVon Childs, Miss Juanita St. Clair, and Miss Dorothy Vinson.

Mrs. Oden wore a beige cotton satin dress which featured a rounded neckline, dipping to a V in the back. A sash from the shoulders draped to midback. She carried a bouquet of three long-stemmed white roses.

The bridesmaids' dresses were identical to the matron of honor's in pastel shades of mint, maize and lilac.

Jimmy Rose, Earth, was best man. Groomsmen were Johnny Collins, Don Layman, brother of the groom, and Gayland Stevens, all of Earth. Anna and Ronnie Hendon, cousins of the bride, Lamasa, lighted the candles. Ushers were Lee Oden and Earl Kellar, both of Earth, Miss Melba Buhrman, Muleshoe, registered the guests.

Immediately following the wedding, a reception was held in the home of the bride's parents, Melba Buhrman, Juanita St. Clair, Dorothy Vinson, LaVon Childs; and Belinda Oden presided at the serving table. The wedding cake was three-tiered. It was decorated with the bride's chosen colors and the bridal bouquet.

Out-of-town guests for the wedding were Mr. and Mrs. Sam Layman, Suzanne Goodman, Cedarridge, Colo.; Mr. and Mrs. J. B. Waller, O'Donnell; Mr. and Mrs. D. W. Hocker, Midland; Mr. and Mrs. Orvell Jeffcoat, Mr and Mrs. Gene Hendon, Mrs. Birdie McBrayer, Henry Lisenbes, and W. T. Hendon, all of Welch; Julia Hollis and Mr. and Mrs. Floyd

MRS. TRUMAN LAYMAN

McGre, Lubbock. For her traveling outfit, the bride wore a blue cotton suit featuring a pleated skirt and short jacket. She wore white accessories and a corsage from the bridal bouquet.

The bride is a 1962 graduate of Muleshoe High School and McBrides School of Hair Design, Plainview. The groom is a 1961 graduate of Springlake High School.

After a wedding trip to Ruidoso, N. M., the couple will be at home in Earth where the groom is employed by Layman Brothers.

### Speech Teacher Attends Workshop

Mrs. Mary Maddox, speech therapist for Muleshoe schools, attended a special workshop at Texas Woman's University, College of Education which dealt with the neurologically impaired child. The workshop on special education was directed by Dr. Elizabeth Fredus, neurological expert from Teachers College, Columbia University.

Special emphasis was placed on communication problems of the handicapped children. Participants took part in lectures and observed demonstrations with children. They also worked with the latest teaching methods and aids. Mrs. Maddox received her B.A. from Eastern New Mexico University.

### Plains Baptist Family Day Set

### Double Ring Vows Repeated By Sue Stinson, Glover

Sue Stinson and Pat Glover were married in a quiet ceremony read Saturday, June 15, in the Robert Watts home.

Parents of the bride are Mr. and Mrs. Ike Stinson and the groom is the son of Mrs. Ruf Yarbrough, Haskell.

The Rev. Robert Watts read the double ring ceremony.

Given in marriage by her father, the bride wore a two-piece suit of white silk. She added white accessories and carried a bridal bouquet of white carnation centered with pale blue atop a white Bible. She wore a white bandeau with a brief veil.

Maid of honor, Rena Quisenberry, wore a street-length, light blue dress of nylon designed with a fitted bodice over a full skirt. She wore a white carnation corsage and white accessories.

Johnny Scoggins, Rochester, was best man.

After a wedding trip to points of interest in Colorado, the couple will make their home at 414 West

### Mrs. Don Dykes Is Sudan Honoree

Mrs. Don Dykes was the honoree for a pink and blue shower held Tuesday afternoon in the home of Mrs. Richard West, Sudan.

The hostess gift to Mrs. Dykes included a gown and robe, and baby seat.

A Ming baby tree and pink flowers were used for party arrangements.

Hostesses included Mrs. James P. Arnold, Mrs. B. J. Wiseman, Mrs. Nolan Parrish, Mrs. Floyd Seymore, Mrs. B. J. Markham, Mrs. W. E. Hancock, Mrs. Raymond Hanna, Mrs. Fred Meeks, Mrs. Gus Bellamy, Mrs. Halbert Harvey, Mrs. Dexter Baker, Mrs. R. E. DeLoach, and Mrs. Leo Whitmire.

### CO-OPERATION

EDITOR'S NOTE: The following was sent to the Journal by T. C. Shepard of Plainview. His father, J. W. Shepard was dealer in Jacks and Jennetts two score years ago in Plano, Texas.

Mr. Shepard hopes the poems will be of interest to Muleshoe, and those promoting the Monument to the Mule.

Two fool jackmules—say, get this dope—  
Were tied together with a piece of rope.  
Said one to the other, "You come my way,  
While I take a nibble from this new-mown hay."  
"I won't," said the other, "You come with me.  
For I, too, have some hay, you see."  
So they got nowhere—just pawed up dirt.  
And oh, by golly, that rope did hurt.  
Then they faced about, these stubborn mules,  
And said, "We are acting like human fools!  
Let's pull together, I'll go your way,  
Then you come with me and we'll both eat hay."  
Well, they ate their hay, and they liked it, too.  
And swore to be comrades good and true.  
As the sun went down they were heard to bray:  
"Ah, this is the end of a perfect day!"

### Youths Are Home From Texas Tour

By MRS. C. A. WATSON  
LAZBUDDIE — Some of the youth of the Lazbuddie Methodist Church returned Wednesday, June 19, from a three-day mystery ramble trip. Only the sponsors knew where the young people were going. It is said they enjoyed every minute of the trip. The first stop was at Lubbock where they went through the Methodist Hospital and Nursing home. From there they went to Abilene where they were guests of the First Methodist youth who conducted them on a tour through McMurry College and then entertained them in their homes.

From Abilene they went to Waco for a visit in the Methodist Home for orphans. In Dallas, the Lazbuddie group were taken through another Methodist Hospital and SMU. They then went to the Blanton Garden, a beautiful home for the elderly people. Fun and fellowship were part of the trip which was highlighted with several hours' viewing the Six Flags over Texas. Making the trip were: Jacque Seaton, Tamara Jennings, Hoppy Jennings, Mike and Frankie Hinkson, Charlotte Seaton, Mrs. J. B. Jennings and Rev. and Mrs. Donald Davidson.

The Rev. Donald Davidson of the Lazbuddie Church was speaker at the Muleshoe Youth congregation Sunday, when the Lazbuddie Methodist youth were present.

The Midway H. D. Club met Tuesday afternoon, June 18 in the home of Mildred Redwine. Louella White was in charge of the meeting and the program was given by the delegates telling of the district meeting held in April in Friona. Dorothy Brown gave her report on her workshop, "Family Life." Louella White gave her's on "Health and Safety." Alzada Gulley's report was on 4-H. Refreshments were served to one visitor, Henretta Duncan, and members Dorothy Brown, Nell Reynolds, Louell White, Alzada Gulley, Lora Brown and

Dorothy Mason. The next meeting will be on skin care and make-up in the home of Nina Redwine Tuesday afternoon July 2.

Rickie Duckworth, Muleshoe, was honored with a birthday cake and gifts Thursday June 13 in the home of Davis Gulley. His mother, Mrs. Frank Duckworth, and sister, Ruth Ann and brothers, Robert and Randy accompanied Rickie and spent the day in the Gulley's home. This was Rickie's 6th birthday.

H. I. Bass, Lubbock, spent the last two weeks with the C. A. Watsons. Bass is Mrs. Watsons' father.

Last week visitors in the George Haskins, Sr., home were her sister and family the W. G. Timms, Lockney; Mr. and Mrs. J. B. Haskins and daughter, Levelland; Mr. and Mrs. Lee Castle, Level-

land, and Mr. and Mrs. Alford Jackson, Johnnie and Jimmie, Dimmitt. Visiting in the Haskins the weekend were the Edwin Haskin family from Dimmitt.

The Parmer County 4-H clubs met Thursday night in the Lazbuddie auditorium.

### MULESHOE BOYS FIRE ENGINE AND MORE HOSE

February 23, 1959

The City of Muleshoe has closed purchase for a new fire engine of the pumper type, equipped with Premier pumps and Ford V-8 Mercury 95 horsepower engine, capable of delivering 700 gallons per minute at the hose nozzle.

There has also been purchased an additional 1,000 feet of standard fire hose and 500 feet of smaller hose so all fire plugs, no matter the distance, will be available for use in case of fire.

AUSTIN — Several thousands of Texans are proof that stroke victims need not lead lives of permanent invalidism. Even after suffering severe "cerebral vascular accidents," they have been totally or partially rehabilitated and have returned to their jobs or other worthwhile vocations.

There was a time — not long ago in terms of years — when they would have lain helpless and dependent until death released them from their torment.

The key to this dramatic advance is in starting rehabilitation early, as soon as the patient is able to communicate, and methodically continuing a prescribed series of exercises. The exercises are usually directed by a physiotherapist who works under the supervision of the patients, physician.

Today, more and more progressive hospitals, nursing and convalescent homes no longer consider themselves custodians of stroke victims, but institutions of patient and his family, as soon as the immediate task of saving the patient's life has been accomplished, the rehabilitation process begins.

First the patient is helped to overcome his anxiety about his condition. Often this can be done by using as examples other patients who have made recoveries or noticeable progress.

The patient is then motivated to lead as close to a normal life as possible. His accomplishments are noted and complimented. A system of communications is arranged for the patient whose speech is impaired or who cannot speak at all.

A series of simple exercises consisting of massage, movement of the limbs, hands, feet and head are begun under the direction of the attending physician.

As soon as the patient is able to move his limbs, the exercises are increased. He is encouraged to do the exercises without assistance, and to add others as is prescribed by his doctor.

He is encouraged to assist in feeding and bathing himself — first with assistance and then on his own. Finally, he is encouraged to sit, stand, and eventually to walk. He is taught to open doors and dial phones. The patient is now on his way toward rehabilitation.

Past practices have been to give this sort of patient care in hospitals, and many patients are still hospitalized. But the trend is shifting toward home care, since carried out just as beneficially — perhaps more so — amidst familiar surroundings.

But whether at home or hospitalized, most patients will recover when rehabilitation is begun early and faithfully continued.

O. N. Robison, farmer residing about five miles northeast of Muleshoe, is the proud owner of an irrigation well, finished last week, that is yielding at least 1,000 gallons of water per minute. The well is 75 feet deep, and is equipped with a 7-inch centrifugal pump, that is now propelled by a farm tractor.

## 'Know Your Soil' Is New Free SCS Bulletin

The USDA publication, "Know Your Soils" is now available at the local Soil Conservation Service Office, Dal Fischgrabe, work unit conservationist of SCS said this week.

For the suburban dweller who has a soil problem in his garden, or the engineer looking for a building site, the latest publication by the U. S. Soil Conservation Service will come in mighty handy. It is called "KNOW YOUR SOIL" and explains how soil scientists of the Department of Agriculture are gradually mapping the soils of this country and what these maps mean to every citizen.

A copy may be obtained from the local SCS office, Box 649 Muleshoe, Fischgrabe said.

A soil is three-dimensional, according to the publication. "It is bounded on the top by the surface of the land, on the bottom by rock, and on the sides by other soils. The first job of the soil scientist is to distinguish between these separate soils. More than 70,000 different kinds of soil are recognized today.

"While the original purpose of making soil surveys was to provide information to the nation's farmers so that they could better take care of their food-producing soil, gradually more and more people in all walks of life are seeing the need about soil," Fischgrabe said. "Septic tanks that won't work, and highways that crack up, might be prevented by knowing more about your soils."

October 11, 1934  
Mrs. Jim Cox returned home to Muleshoe Friday afternoon of last week from San Antonio and Kansas City where she had been visiting relatives and friends for the past several days.

October 11, 1934  
Mr. and Mrs. Neil Rickey and Mrs. Richard Rockey and baby were Lubbock visitors Sunday.

It's now or never for this year's cotton and grain crops. The nitrogen needed for an abundant, high quality harvest should be applied before the 12th week of growth or before the plant begins to boot or bloom. Anhydrous ammonia supplies this nitrogen in the largest quantity by volume and in the most usable form. We recommend and sell Shamrock Nitromite because we know it to be a fine brand of anhydrous ammonia, 82.2% nitrogen.

## TOTAL PERFORMANCE:

**IF YOU KNEW WHAT THIS "CAR KILLER" KNOWS...YOU'D BE DRIVING A SOLID, SILENT SUPER TORQUE FORD**

This steel-edged pothole is probably the world's toughest test of a car's suspension. We drive into this car killer at 30 mph, locking our brakes as we go so the wheels can't roll through the hole as they normally would. The car slams against the far edge of the hole with such impact that it literally *bounds* out.

If you added up the cumulative effect of all the jars and jolts your car's suspension system experiences in years of normal driving, it wouldn't match the impact of one trip through the hole. Yet—a Ford must run this test three times to prove its strength.

How can a Ford take it? Because Ford's front suspension has extra beef in spindles, springs, suspension arms—in fact, it's about 20 pounds heavier than the front suspension of our principal competitor's car.

We don't expect you to abuse your car the way we do our test cars. But, however you drive, you'll welcome the extra strength of a *total performance* Ford. Ford strength is tested in a thousand ways in Ford's laboratories and proving grounds—and in open competition in the world's toughest rallies and stock car events.

Look at Ford's astounding record in open competition this year in the grueling Daytona, Riverside, and Atlanta 500's, the World 600 at Charlotte, N.C., and in the demanding Pure Oil Performance Trials. Only a car with *total performance*—the best combination of strength, balance, precision control and road-clinging suspension—could roll up so many wins.

Before you buy any new car, test-drive the solid, silent Super Torque Ford. If you haven't driven one lately, you can't really know what a new Ford is like. Make this important discovery: if it's built by Ford, it's built for performance...*total performance*.

## News Report From Washington

WASHINGTON, D. C. — President John F. Kennedy's trip to Europe is the most controversial distant travel undertaken by the Chief Executive since he entered the White House. While there were still some who believed the President would cancel his European trip until the moment of departure, the White House insisted the trip was definitely "on."

The caretaker government in Italy, the scandal in England, the fact that Chancellor Konrad Adenauer is going out of office, all add up to the fact that Mr. Kennedy can't expect to accomplish much of permanent value with the men he meets.

In Italy he will likely be talking with lame ducks. In Germany he is visiting a Chancellor who has been repudiated in part by his own party and who is resigning a few months hence. In England, the President wishes to avoid becoming entangled in party politics and the government of Prime Minister Harold MacMillan is under heavy pressure.

The one bright hope of the trip is Berlin—the President wanted to go there and be seen there, for he felt he could accomplish

something in doing so. Of course, it will take time to determine whether the trip pays off dividends.

Many had advised the President to cancel his European journey. One school of thought was that the President's gravest problem of the moment is to be found in the United States, in the mounting civil rights unrest.

There have been suggestions the President take the time and make the effort to take the South and personally attempt to persuade the leaders of opinion in that part of the country to clear the way for integration.

But the President might become personally embroiled in unpredictable and emotional events. He realizes too that Republicans want him personally involved, for this could cost him the votes of Dixie in the next presidential election.

Republicans have been making steady gains in the South for over twenty years, sometimes slowly, but gains. In recent months polls have shown that trend continuing.

In this issue of civil rights the G. O. P. hopes to split the Democratic Party, and should the G. O. P. nominate a conservative, such as Senator Barry Goldwater, of Arizona, chances are good they would carry the South, even against an incumbent President who won the electoral votes of most Dixie state in 1960.

It is difficult to assess Goldwater's chances in relation to the discord now springing up in various parts of the country over the court's forced integration program.

Former Governor Thomas Dewey of New York has recently spoken out in favor of Governor Nelson Rockefeller of New York as the logical party nominee.

Should the integrationists go too fast, and extremists excite a reaction among the majority of American, Goldwater's chances just might improve. But if the spectacle of resistance to court orders is the major symbol to come out of the present tense situation, Goldwater's chances might suffer. Evidently Dewey fears Goldwater's conservatism in the present atmosphere.

It is hard to tell, at the moment, whether fear of the animal turned loose by forced integration will cause a reaction or not. No matter how righteous the cause, the vision of disorder, chaos, rioting and emotional excitement is not an attractive one to many. And the scope and vastness of the developing turmoil over integration is just beginning to come home in many areas.

It is unlikely that Administration leaders and reform leaders, seeking to control the tide of discontent, will in the end be able to guide the forces now being generated. If the Kennedy Administration is forced into repeated extreme actions of force, in the South, and into controversial actions, the Republicans might well reap the harvest in next year's presidential elections.

More than 1,000 collecting expeditions have been sent out since the first building of the American Museum of Natural History, New York, was opened in 1877.

## State Nearing All-Time Record In Auto Deaths

AUSTIN — The director of the Texas Department of Public Safety reported today the state is approaching the mid-point in the year amid definite indications that traffic deaths will hit an all-time high in 1963.

Col. Homer Garrison Jr. at the same time announced that the expected traffic death toll for the Fourth of July is eight fatalities, and called upon Texas drivers to "make this holiday the turning point in this year's traffic toll."

"If we continue to take lives at the present rate 1963 will become the most deadly year in Texas' history for traffic fatalities," he said. "Motorcycles at this time are over 100 more than at the same time last year, and considering the trend of increased accidents and casualties, we have every reason to expect that traffic deaths will exceed the previous all time high in Texas of 2,611 in 1956."

"Only 194 more deaths in 1963 than in 1962 will make a total of 2,615 deaths, an all-time high and an increase for the year of eight per cent over 1962. Our Statistical Services advises that this is not just a probability, that it is fairly certain to become a reality unless something happens to break the trend."

Garrison said that "Operation Motorcade" will be placed in effect from 12:01 a.m. until 11:59 p.m. July 4 in order to focus attention upon the added dangers of holiday travel when traffic is at a peak. As part of the operation, which calls for maximum enforcement and public support additional personnel from other uniformed services of the DPS will augment the regular Highway Patrol force.

Garrison commended the several public and private agencies

and organizations which are cooperating in the Fourth of July safety emphasis program.

He said the Texas Council of Safety Supervisors and the Texas Motor Transportation Association will again sponsor the "Holiday Road Patrol," consisting of a fleet of 35 to 40 cars which will be used to assist stranded motorists over the state during the holiday. The cars will be manned by members of the Council, who also are safety directors, safety supervisors and safety engineers for the trucking industry, whose purpose will be to help relieve highway patrolmen for enforcement work.

The Texas Safety Association, with the cooperation of the newspaper, radio and television media, will conduct a public information program stressing the need for courtesy and caution on the streets and highways during the holiday. Numerous Junior Chambers of Commerce clubs over the state, coordinated by W. F. (Bill) Leonard of Dallas, vice-president for traffic safety for the TSA will operate "rest stops" for fatigued travelers to whom they will serve free coffee.

The Texas Association of Broadcasters will conduct a statewide "Drive Lighted and Live" program in which constant appeals will be made to motorists to drive with their headlights on during the Fourth of July to

focus attention on the need for legal and safe driving habits.

And the Texas Highway Department will carry on its continuing information and educational program through the pub-

lic media to instruct drivers on such subjects as freeway driving and the need for caution around construction areas which are greater in number during the summer months.

## The Sandhills Philosopher

Editor's note: The Sandhills Philosopher on his Johnson grass farm finds a special item in the international news this week, his letter reveals.

Dear editor: When it comes to international affairs, I lost track of things before I get half way across this Johnson grass farm, not to mention Texas, the United States, and the hundred or so countries I'm told stretch out around the world, but there was a small item in an international news article I read last night that I would like to call attention to.

As you know, the United States has been clamoring for the Russians to get out of Cuba, and apparently a good many of them are leaving — I don't know whether it's because we've been clamoring or because the only thing they can get on television is a speech by Castro.

But this thing can be carried too far. For instance, this small item I'm talking about reported

that 100 Russian agricultural specialists are in Cuba trying to help solve the Cuban agricultural problem.

Whatever we do, we don't want to get those specialists out of Cuba. Let em stay there. Not only let them stay there, quarantine the island and make them stay there. Don't let em out.

If they can teach the Cubans to farm like the Russians, Cuba will be on her knees in two or three years.

In fact, after they've completed their job of reducing Cuban agriculture to the Russian level, we might explore the possibility of having them come to this country and helping us reduce our surpluses. When it comes to holding down food production and creating shortages, Russia is so far ahead of us there's no comparison.

In fact, every time I see a picture of the Russian people hailing a new hero for making more and more orbits of the earth, I get to wondering how many trips around the earth they'd swap for one trip through a supermarket. Orbiting the earth has now become sort of like flagpole-sitting. After a while the novelty wears off.

Yours faithfully, J. A.

## STATE CAPITAL Highlights AND Sidelights

by Vern Sanford  
TEXAS PRESS ASSOCIATION

**AUSTIN** — Former Railroad Commissioner BH Murray has been exonerated by the Travis County grand jury of any criminal wrongdoing in his personal business relations with the oil industry while a member of the Commission.

Murray's duties as one of the commissioners included the drafting of rules regulating the oil industry.

It was the feeling of the grand jury that his personal investments in the oil business had in no way influenced his decisions as a commissioner.

Gov. John Connally previously had released a report, presented

to him by Atty. Gen. Waggoner Carr, to the effect that an investigation of Murray's personal income tax reports had revealed that he had made more than \$1,600,000 from his oil investments while serving on the commission.

This report was turned to the grand jury. Murray resigned from the commission several weeks ago when the conflict of interest question arose. He admitted at the time that he had been making such investments but emphatically declared they in no way influenced his decisions.

**DISREGARDING DISREGARDERS** — Governor Connally says

the Senate-House appropriations came up with the state budget bill that he has protested so vigorously, never bothered to look at his budget recommendation.

Connally claims this was one reason higher education was "short changed" in the appropriations bill.

In a recent meeting of the Legislative Budget Board Lt. Gov. Preston Smith said the same sort of situation, were in legislators disregard governor's recommendation, could apply to the Governor's Committee To Study Education Beyond the High School. (No legislators serve on the 25-member committee.)

So the Legislative Budget Board, made up of state Senators and Representatives, set up its own college study committee, and ordered its staff to study problems of financing the state's 20 colleges.

Sen. Galloway Calhoun of Tyler, who asked for the board study, said he was afraid the state might run private colleges out of business by creating more tax-supported colleges. He also said that students should bear "a more reasonable portion of the cost" of their college education.

This statement could be interpreted as a preface to state-college tuition increases in the fall of 1963.

**INDUSTRIAL PICTURE LOOKS GOOD** — Texas fell from the second place to fourth among the Top Ten States in Industrial Development last month.

But B. R. Shelton, assistant director of the Texas Industrial Commission said the report does not show a clear picture.

Actually, says Shelton, industry is developing in Texas at a more rapid pace than it did in 1962. At that time the state finished third among the 50 states contending for new industries.

In the month preceding the report, 24 new plants were opened in 15 cities. These included small towns like Georgetown, Refugio, Littlefield and Lewisville, as well as metropolitan cities.

the Bracero program and set a burial date of December 31, when it refused to extend the agreement to import Mexican farm laborers for two more years.

It may help agriculture workers in other states, but Henry LeBlanc, Director of the Texas Employment Commission's farm labor division, says it won't help Texas' farm workers.

It might even hurt local workers, LeBlanc allowed, "because the Bracero program has kept the pay rate up."

Absence of the Bracero competition, LeBlanc explained, could result in lower wages for this state's workers.

It is rumored that Colorado lawmakers plan to introduce a bill to extend the Bracero program for one year. Purpose is to allow more time for readjustment of the farm labor system.

**COASTAL PARK PIER PLANNED** — State Parks Board has granted a permit for an elaborate, 900-foot fishermen's pier which would stretch across narrow Velasco State Park into the Gulf of Mexico.

Park is a 26-mile long stretch of sand, of undetermined width, covering the coastal front of Brazoria County in the Freeport area.

Developers expect to complete the \$40,000 pier and connect it with a \$25,000 acre land development in two months.

**PLEASURE CITY** — State School Land Board accepted the only bid it received for a contract to lease state submerged land to build a 10,000-foot long channel from Corpus Christi to a proposed multi-million dollar pleasure city on Mustang Island.

Bid-winner was Mustang Beach Development Corporation. It is the same organization (owned by Piper Aircraft Corporation) that intends to develop 900 acres of Mustang Island into a Marina City complete with homes, personal boat slips, industry and recreation facilities.

Channel is expected to cost \$109,000 and will be available, free, for public use.

### IT'S THE LAW in Texas

A public service feature of the State Bar of Texas

#### DISRESPECT OF COURT

Because the stakes are high — a person's life, his good name, his liberty, or his property — courtroom sometimes become supercharged with drama and anger.

Despite the excitement, the judge has to be impartial and open-minded as to issues, evidence, parties, witnesses and lawyers. To fail in this may cause a case to be tried again or reversed on appeal.

This makes a judge's job a hard one. For he must first keep order so that the facts go to the jury in a way to lead to sound, unprejudiced verdicts. The judge must also instruct the jury on the law, and decide what testimony goes into evidence.

Meantime lawyers on both sides are duty bound to work with skill and vigor to protect their clients and to advance their cause.

In this tense atmosphere some people break over the line and do things which may be termed "foul play" or show disrespect for the court.

When this happens, the judge has "inherent" power — power that grows out of his hard job — to crack down and punish violators for "contempt of court". Within wide limits he can levy fines and give jail sentences on the spot — when the offense takes place before him. He can sometimes do the same for things that take place outside the court — like the disobedience of a court order. But such indirect contempt of court calls for hearings to

Jones.

It stood firm on its earlier ruling that legislative continuances are constitutional.

Texas' 20-year-old legislative continuance law provides automatic postponement of court hearings and trials for parties represented by legislator-lawyers when the Legislature is in session. Carr has been backing Judge Jones' contention that the law is unconstitutional.

**ATTORNEY GENERAL RULING** — Attorney general has ruled that a recently-passed bill by Rep. Forrest Harding of San Angelo gave the State Highway Commission authority to alter maximum speed limits. Commission could set them as high as 70 miles per hour.

Also it could set minimum speed limits on controlled access highways, whether within or without a city's limits, regardless of any speed limit set by city ordinance.

**ESCHEAT PROCESS SLOW** — It took the 1961 Legislature two special sessions to pass escheat-reporting laws to insure the state's right to dormant personal property and bank accounts, unclaimed for more than seven years by owners whose whereabouts are unknown.

To date more than \$1,600,000 has been collected by the state.

Most came from the "bank escheat" law, which became effective on May 3, 1962. Law requires banks, savings and loan associations and credit unions to publicize dormant accounts in an attempt to uncover lost owners. Unclaimed deposits then are turned over to the state.

So far, this has totaled \$1,340,493.15. A provision in the law allows a person claiming interest in escheated properties to recover his money. This has caused \$1,686,683 to be refunded.

Originally, utility companies, county treasurers, insurance firms, court officers and others affected by the first escheat-reporting law reported more than \$3,300,000 worth of unclaimed holdings.

However, by the time public notice was given, the amount dwindled to \$2,260,691.88. Newspaper publicity relative to the new act resulted in numerous inquiries and claims.

prove that an offense has been committed.

Judges may fine or give jail sentences to protect the due administration of justice: A juror or a lawyer for being tardy, for impugning the judge's honesty, for a witness to refuse to testify, for improper attempts to influence the jury or the court, for deceiving or taking advantage of the court, making personal attacks on the character and motives of the other side or its lawyer, for appealing to prejudices, and for referring to facts in court not admissible in evidence.

(This newfeature, prepared by the State Bar of Texas, is written to inform — not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.)

Dear Santa:  
Will you please bring me a bicycle for Christmas. I would like to have a big cap gun with lot of bullets. And I would like some gun shells for my 25-20 bullets. Please bring me a couple of bicycle tires.

And don't forget to bring the little poor children, but I am poor myself.

Yours truly,

**Chevy II Wagons** — The heft of a suitcase. The rustle of a road map. There's something about one of these spruce, surprisingly spacious wagons that can turn even the routine preparations into a happy part of your trip.

Take that old bugaboo of packing, for instance. No bother. With the kind of room you get in that easy-loading cargo compartment, you can just about toss things in any old whichway and come out with space to spare. The load won't dampen the spirits of the spunky 6-cylinder engine either. It just hums along passing up gas pumps (there's also a choice of an even thrifter 4 in most models) like it didn't have a care in the world. Fact is, it has far fewer cares than most engines — being built with the special knack Chevrolet engineers have for dependability and ease of maintenance.

Yarborough in Washington

(The newsletter this week is a transcription of a radio interview by Senator Yarborough, Texas, with Senator Frank Church, Idaho.)

To believe, Ralph, but you and I know many rich countries that once received foreign aid, at a time when it was needed, still get it.

SENATOR YARBOROUGH: This week I have as my special guest the senior senator from the state of Idaho, Senator Frank Church. I know that many of you in Texas heard him on radio and saw him on television as he made that great speech at the Democratic National convention in Los Angeles in 1960.

In 1962, for example, we were still giving direct subsidy to such affluent countries as the United Kingdom, France, West Germany, Belgium, the Netherlands, Norway, Italy and Japan. I am simply trying to get some of these rich countries stricken from the list of recipients of our foreign aid.

SENATOR YARBOROUGH: This week I have as my special guest the senior senator from the state of Idaho, Senator Frank Church. I know that many of you in Texas heard him on radio and saw him on television as he made that great speech at the Democratic National convention in Los Angeles in 1960.

SENATOR CHURCH: Right, the undeveloped nations of the world, that is the object of the foreign aid program. It is not to subsidize the rich, and the administrators of the program have shown an inability to turn off any of these spigots once they get turned on.

SENATOR CHURCH: Senator, first of all let me say how much I appreciate your co-sponsorship. The amendment would strike from the foreign aid bill our further gifts to rich countries. It's hard

SENATOR CHURCH: Actually, Ralph, it's growing faster and has been for some years. In Japan we have the fastest growing economy in the world today. I was in Japan just this last fall, and it was booming as never before.

SENATOR CHURCH: That's right, and that's just another reason why we should insist that they stand on their own two feet.

SENATOR YARBOROUGH: Thank you, Senator Church, for helping cut this excess fat out of foreign aid.

Well, I agree with you that it is remarkable that we are giving aid to these rich countries in Western Europe and to Japan, all of which are booming and have the highest level of prosperity ever known and we are bearing the tax burden.

SENATOR CHURCH: Right, the undeveloped nations of the world, that is the object of the foreign aid program. It is not to subsidize the rich, and the administrators of the program have shown an inability to turn off any of these spigots once they get turned on.

SENATOR YARBOROUGH: Frank, I fully support you. I think it takes the leadership of someone on the Foreign Relations Committee like you if we are ever to get this job done, and I think there are many in the Senate who appreciate this leadership you are giving.

SENATOR CHURCH: Well, Ralph, the answer is no. You see, the high level of prosperity and their ability to pay their own way—they are actually devoting about half as much of their budget to national defense in terms of their own gross national product as we are devoting in terms of our wealth.

SENATOR CHURCH: That's right, and that's just another reason why we should insist that they stand on their own two feet.

SENATOR YARBOROUGH: Thank you, Senator Church, for helping cut this excess fat out of foreign aid.

News of People In Armed Services

AVIANO AB, Italy — Airman First Class Philip P. Belliveau Jr., of Lynn, Mass., has arrived with his unit for a three-month tour of duty at this base of the United States Air Forces in Europe.

Airman Belliveau, an aircraft maintenance specialist, is assigned permanently to a Tactical Air Command wing at Cannon AFB, N. M., and will return there upon completion of his unit's rotational tour.

The airman is the son of Mr. and Mrs. Philip P. Belliveau Sr., 60 Burrill Ave., Lynn. His wife, Bonnie, is the daughter of Mr. and Mrs. Stroud of Bula. He is a graduate of Essex County Agricultural School, Hawthorne, Mass.

Tactical Air Command squadrons are rotated frequently to bases in allied countries to provide personnel with operational and deployment training.

Gen. Douglas MacArthur served as an aide to President Theodore Roosevelt in 1906 and was attached to the General Staff from 1913-17.
