### One Man's Tragedy

When a whole continent is bathed in tragedy, and whole peoples are overwhelmed in grief, it seems almost impertinent to pick out one man's tragedy for comment. And yet sometimes in all this welter of misery, an incident does stand out, illuminating the whole.

Derek Jan de Geer, an old man, had been Prime Minister of the Netherlands. When his country fell to the conqueror, he escaped with his Queen, not beaten. But what the conquering hordes could not do to break his spirit, was done by a simple human relationship. His wife, left behind in Holland, became ill. The Germans would not let her go, harmless though an old and ailing woman must necessarily be. So de Geer surrendered to his devotion to his wife the spirit that cannon could not break. He boarded a German plane at Lisbon to return to occupied Holland and the woman he could not bear to think of as alone, sick, and helpless, among her enemies.

How many millions such tragedies are occurring daily in Europe, do you think, among quite humble people whose suffering is not, can never be, known?

### Ward County Citizens Request Court For \$15,000 Airport And Officials Authorize Cattle Inspector Salary

MONAHANS, Feb. 13 (Special).—Ward County commissioners this week were petitioned to call a bond election to build a county airport.

The petition, signed by 98 residents, was presented by W. N. Pearson, Gilbert Murray, Louis Conner, Dale Sloan and Johnny Smith.

The amount of the proposed bond issue was referred to commissioners but estimates indicated the cost would be about \$15,000. The court accepted the petition, but deferred action until a later meeting.

According to members of the committee presenting the petition, the bonds, would be paid from a special ad valorem levy not to exceed a rate of five cents on a \$100 valuation of taxable property.

**Approves Inspector's Salary**

The commissioners approved a special appropriation of \$50 per month for the salary of a cattle inspector for the Pecos Valley Livestock Association. The appropriation had been turned down twice by the court. Cattle men and ranchmen of the county had petitioned the court at the last meeting to reconsider the issue.

The First State Bank of Monahans was chosen for the second year as the county depository, and a report on county finances by the county treasurer read and approved.

Representatives of companies holding contracts on the new \$150,000 courthouse appeared before the court to report on building progress. The structure will be ready for occupancy in about a month.

The court heard a motion by Commissioner Ted Thomas of Poyote to sell the old Ward County courthouse at Barstow, but did not take action. Thomas said the American Legion Post of Monahans wanted to purchase the building to get materials for a Legion hut.

## FEMININE FANCIES

By Kathleen Eiland

Cleverly combining the vogue for the Mexican motif and the fashion for chenille is a bedspread we saw downtown recently.

Here the chenille forsaking its conventional flower or stylized motifs is worked out in gay-colored likeness of a Mexican person riding his donkey, while a bright sun beams down.

Just the thing for a bedroom in a Spanish or western house—and something enviably different, too.

At last we're realizing again that we live in West Texas. The rainy, cloudy, foggy weather that has prevailed so much this winter had us wondering if our geography was at fault. But bright sunshine, followed by a sandstorm such as yesterday's, convinces us again that we're still in West Texas. Three cheers! Not for the sand, understand, but for the sunshine and West Texas in general.

Jaunty wide-brimmed hats, some with plumes, others into uneven lines, others with shallow crowns that give a sailor or skimmer effect make us more and more aware that, though winter is still with us, spring is not far ahead.

Duplicate—None vul.  
 South West North East  
 1 N.T. Double Pass  
 Opening—16. 13

This is the tenth of a series of 12 articles on the new bidding rules of the 1941 Culbertson System.

By Wm. E. McKenney  
 America's Card Authority.

In the 1941 Culbertson System, a double of an opening no trump bid, or of any other no trump bid, is defined as strictly a "business" double. Actually, this does not represent a great change, because players have always been urged to pass their partner's double of one no trump, with a fairly good hand, but the average player was far too likely to pass a double of one no trump exactly as he would a double of a suit bid, and take it out in his longest suit when he had a few queens and jacks in his hand but not much else.

The 1941 rule may impress on people that partner's double of one no trump should usually be passed even when they have nothing more than a few fillers in three or four suits.

East's pass in today's hand would not be justified by the old rule, which required about one and one-half honor tricks, but his pass was proper and his side got the best possible result from it.

West opened the ten of spades, South won. South then entered dummy with the heart king, and led a low diamond, finessing his ten and losing to West's king.

West led the queen of hearts, which was allowed to win, but South took the next heart trick. Then, hoping to find West with the ace of diamonds alone, South led a low diamond, and this put East in the lead.

A spade lead by East trapped South's king, and the only trick South could get after that was the club ace, so that he went down 500 points. All that East West could have scored playing the hand themselves was 90 to 140 points.

### Greeks Move Up Lines On Coast

ATHENS, Feb. 13. (AP)—Greek troops were reported today to have advanced their lines about three miles in the coastal sector after an intense artillery action to prepare the way toward Valona, Italian-held port on the Albanian coast.

The Greeks also were reported to have attacked over a wide front in the central sector and to be threatening "an important enemy base."

The fighting near Valona was said to have occurred in the heights within a short distance of the Adriatic shore, with the Italians stubbornly defending strongly fortified positions. The Italian units at length were reported dislodged by bayonet-thrusting Greeks who found heavy losses had been inflicted by their artillery fire.

Desperate resistance also was put up by blackshirt contingents in the central sector, reports here said.

### Americans Are Advised To Leave China, Japan

SHANGHAI, Feb. 13 (AP)—United States embassies and consulates sent out circulars today "urgently" advising withdrawal to the United States of American women, children and non-essential men from China, Indo-China and the Japanese empire.

The circulars were sent "both in the interests of safety and convenience of American nationals and in the interests of national security," it was announced.

A sharp drop in the Shanghai stock market accompanied this renewal of U. S. government advice for American departures.

### Commons Asks Debate On Naval Base Lease

LONDON, Feb. 13 (AP).—The House of Commons requested the government today to allow time for a secret debate on the circumstances of leasing naval bases to the United States and their subsequent administration by the American government.

Clement R. Attlee, Lord Privy Seal, replied that the government was very pressed for time, but that the suggestion would be brought to the attention of Prime Minister Churchill.

### British Believe Twin German Attack Looms

LONDON, Feb. 13 (AP).—British circles said today twin German thrusts at Gibraltar and the Suez Canal were expected "within the next 30 days" in an effort to seal both ends of the Mediterranean and isolate British forces in the Libyan campaign.

A drive in the west, they asserted, would be made with the full acquiescence of the Spanish government which would allow the Germans free movement through Spain.

The drive in the east "probably will force the Turks to fight" but this new foe would be balanced by cutting off Greece, they added.

### Radio Address Starts Americanization Week

Delbert Downing opened observation of Americanization Week in Midland in a radio address, and another radio talk is scheduled over KRLH at 6:15 to 6:30 p. m. today by W. P. Z. German.

### Senate Committee Gives Debt Increase Approval

WASHINGTON, Feb. 13 (AP)—The Senate Finance Committee gave quick approval today to legislation increasing the national debt limit to \$65,000,000,000 to meet costs of defense and proposed British aid.

At an executive session the committee reported out legislation already approved by the House. This would boost the present debt limit to \$45,000,000,000 plus \$4,000,000,000 earmarked for national defense; subject all future federal security issues to federal income tax; and give the treasury broad powers to issue securities in small denominations.

SERIAL STORY

DRAFTED FOR LOVE

BY RUTH AYERS

MASQUERADE FOR A DAY. CHAPTER V. YES, as Hal Parks had said...

Exactly! Steak fry. That's what it's going to be. Fill the thermos bottle, pack the steaks...

Octavia blinked, then cast a suspicious look at April. "Who else is goin' on this here outing?"

ONE thought intruded as April dressed. She would give Ann plenty of time to arrive home...

Now for her outfit. She felt a catch in her throat as she remembered Kent Carter wouldn't see it...

She was thankful Kent couldn't see the guilty blush which she knew was creeping into her face...

"I've brought the fixings for a steak fry," she said. "Go on—tempt me further."

There'd been a few notations on the margins. One of them had said—"Kent and I found another perfect place for picnics today..."

It would only be for one day. Ann would surely be here tomorrow.

KENT was waiting at the gate of the Carter house. As April slowed the car, she had a chance to look at him.

Seizing Octavia in the kitchen, April demanded, "What can you root out of the ice box? I'm going on a camp fire jaunt today."

Octavia, sad-eyed, reproachful because there'd been no free barbecue last night, pondered this.

"Camp fire? Why, Miss April, you haven't been on no outdoor cooking trip since you was in your lolly-pop days."

"Well, it's a swell day, isn't it, and why should I sit in a stuffy house when all outdoors is calling?"

"I done never call you before," Octavia brooded. "Now you take that dear sister of yours, my own little lamb, Miss Ann. Many a time she's gone out on a day like this for one of dem steak fries."

Sworn to and subscribed before this 11th day of February, 1941.

Canadian Wins Skating Laurels From American

PHILADELPHIA, Feb. 13 (AP)—A 21-year-old Canadian lance corporal, who expects to sail this summer with his artillery regiment for the battle of Britain, rules today as North American figure skating king.

In one of the most dramatic finishes in the history of the competition, Ralph McCreath cut down the commanding lead of the United States title holder, Eugene Turner, and carried off the North American crown last night by the bare margin of eight-tenths of a point.

McCreath, who also holds the Canadian championship, executed a daring free style performance to run up 1,575.8 points to Turner's 1,575.

### Menchaca Leads Golden Glovers

FORT WORTH, Feb. 13 (AP)—Little Richard Menchaca, Fort Worth's national champion, heads a field of 160 boxers into the opening round of the State Golden Gloves Tournament tonight.

Menchaca, the state's first fighter to win a title at Chicago, represents the Temple district this year and meets Harold Lawler of Tyler, a former state flyweight champion, in the first round.

The 160 boxers represent 20 districts and they will battle for eight championships entitling the winners to the trip to Chicago.

Thirty-two fights are scheduled tonight. The tournament continues through Monday night.

### Scout States Reese Will Develop Into Best Baseball Star

MIAMI, Feb. 13 (AP)—Scout Ted McGraw of the Brooklyn Dodgers, while hacking his way out of an alligator nest with a sand wedge, declared:

"If nothing happens to Pee Wee Reese he is going to be the greatest all-around ball player I ever saw, and I don't except Ty Cobb or Hans Wagner or anybody else."

"Dad blast it," he continued, as his ball erupted and disappeared deeper into the swamp, "dad blast it, this kid has everything. He's fast as Cobb ever was and he has a better arm, and give him a ball up around his shoulders and he'll knock it out of sight. Furthermore, he's one of the nicest kids ever came into baseball."

Says Ankle Mended.

Reese is the fragile-looking little shortstop who played sparkling ball for the Dodgers until he smashed an ankle last season. He says the ankle is all right again, but he's still wearing a leather brace. That's probably what McGraw meant when he said "if nothing happens to him."

The Dodgers are bunching up here preparatory to leaving tomorrow night for Havana to open their training camp.

They're still laughing here at the way Frank Kovacs, the eccentric tennis star, deliberately broke training the night before his final match with Bobby Riggs in the University of Miami Invitational Tournament "just to even things up for Bobby." It took him the full five sets to trim Riggs the next day.

### Courtney Eaglets Defeat Bullpups In 39-27 Battle

The Midland junior high Bullpups flashed hot and cold last night to drop a 27-39 game to Courtney's Eaglets.

The Pups were in the lead as much as six points but could not stave off a Courtney rally.

The halftime score was: Courtney 13, Midland 12.

Bullpups Jittery.

Over anxious, the spirited Pups were jittery when Courtney forged ahead.

Last week the Pups conquered the Eaglets, 24-11.

The junior high cagers will go to Kermit Saturday to play in that city's junior tournament. A squad of twelve likely will make the trip, Coach W. N. Hargrave said.

### "Suicide" Fighter

Gus Dorazio  
Gus Dorazio (above) is scheduled to tackle Joe Louis in Philadelphia, Feb. 17, but contest is under fire in Pennsylvania legislature. Senators say fight "will be suicide for Dorazio."

### Bulldogs Finish Third In School Basketball Race

Midland high with a 500 percentage finished third in a District 3-AA basketball league.

The Bulldogs won four and lost four. Wins were over Big Spring, twice; Sweetwater, and Colorado City. They lost to Sweetwater, Colorado City and twice to San Angelo.

San Angelo's Bobcats won the title with only one loss, to Lamesa. The Harry Taylor boys won nine games.

Midland did not compete with the Lamesa Tornados.

Final standings:

W	L	Pct.
San Angelo	9	1 .900
Colorado City	5	5 .500

Big Spring	4	6 .400

Setting a hearing on the matter Feb. 26, the House group last night thus amended a bill which originally called for purchasing the books from Texas printers only.

### GERMAN SHOTS DOWN DOVER BALLOON DEFENSES

LONDON, Feb. 13 (AP)—A lone German streaked through clouds over the English Channel today and shot down some of the barrage balloons over the Dover area in flames.

At the same time, German long-range guns hurled shells across the channel in a bombardment of the English south coast.

### FORECASTS CONTINUATION OF FOREST SHELTER BELTS

WASHINGTON, Feb. 13 (AP)—Continuation of forest shelterbelt work in arid sections of six plains states for the remainder of this fiscal year was forecast by Representative Johnson (D-Okla.) after the House had passed and sent to the Senate a bill providing \$375,000,000 for WPA until June 30.

**Demaret Stands Good Chance To Win \$5000 Open**

NEW ORLEANS, Feb. 13 (AP)—The Texans, used to playing golf in the teeth of a booming bale, viewed with satisfaction today the heavy weather descending upon the \$5,000 New Orleans Open Tournament.

Although they cared little for the "occasional rains" predicted for today, they believed the disturbance which caused high winds here and gales in their native state yesterday would increase their chances of taking major prize money, if it continued.

"If the wind blows it's Jimmy Demaret against the field," declared P. G. A. Champion Byron Nelson, a Fort Worth boy now living in Toledo.

Play Starts Friday

"It wouldn't be much fun playing in a high wind but it would increase my chances of winning," admitted Demaret, a Houstonian who came from behind to win the event last year.

The pro-amateur competition is scheduled for today with the tournament proper starting tomorrow. Finals are Sunday.

### Howard Has Problem—Glory Or Gold For Promising Trackster

LOS ANGELES, Feb. 13 (AP)—Mr. Charlie Howard, the wealthy San Francisco horse owner, has quite a problem.

He doesn't know whether to shoot a double-barreled threat at a \$100,000 purse, or save one barrel and aim it at the more glory than gold.

Howard's crack Porter's Cap thoroughly thumped a field of the fines three-year-olds campaigning, in the west yesterday when he won the \$50,000 Santa Anita Derby.

The beautiful chestnut son of The Porter took charge of the race coming into the stretch and easily subdued Mrs. Anthony Pelletier's Bull Reign by four lengths, and left Copperman to beat out Welcome Pass in the photo finish for third.

Allotted 104 Pounds

The point is that the \$100,000 Santa Anita Handicap March 1 is to be run at a mile and one quarter, and so is the famed Kentucky Derby later this spring. Porter's Cap is weighted at a mere 104 for the Santa Anita Handicap, and the Kentucky Derby scale is 126 for colts.

Howard is perplexed. He doesn't know whether to send Porter's Cap into the big handicap here and try to win his third cup—and huge pot of gold—in the event, or perhaps save Porter's Cap for the less rich Kentucky Derby and other engagements for three-year-olds that will follow.

**Porkers Tackle Rice In Second Encounter**

By The Associated Press

The Southwest Conference basketball race has dwindled to a two-team affair with the parity of the second part just managing to stay in front of the eight ball.

The Arkansas Razorbacks, with seven straight victories behind them, are expected to put the finishing touches tonight to the Rice Owls' hopes of repeating with the title.

The Porkers blasted the Owls last night 66-41.

At the same time Southern Methodist University was forging into undisputed second place and retaining a fair chance at the crown by defeating the Texas Aggies 43-37.

S. M. U. has lost two games and could make them up by sweeping its series with Arkansas—should the Mustangs get that far without further defeat.

Johnny Adams flipped in 19 points to pace Arkansas in its defeat of Rice. The Porkers got away to an early lead and never were in danger.
