## Stanolind Pays \$275,000 In Cash For Interest In Ector Oil Land

By Frank Gardner  
Oil Editor  
First large production sale for Ector County in some time was recorded today when Stanolind Oil & Gas Company purchased from M. J. Delaney Company of Dallas a one-half interest in 11 producing wells and 1,680 acres in the North-Cowden pool for cash consideration of \$275,000.

Future drilling development on the property will be done by Delaney, and Stanolind will operate production. Acreage consists of four leases, all on R. W. Smith fee. The "A" lease, with nine producers and one drilling well, comprises the east half and the southwest quarter of section 1, block 43, township 1 south, T&P survey. The "B" lease is the east half of section 6 and the north half of section 7, in block 42, same township. It has one producer and one drilling well. The "C" lease comprises the south half of section 7 and has one producing well. The "D" lease, with no producing wells, consists of the west half of section 6, east 80 acres described as the west half of the southwest quarter of section 7, in block 42, same township.

Gulf Oil Corporation No. 6 Wristen Brothers, east offset to the discovery well of the first Silurian pool in Texas, in Southeastern Ward County, is showing for a producer from the Clearfork formation of the Permian, in an horizon similar to the Holt pay found 50 miles to the northeast in Northern Ector.

No. 6 Wristen was cored from 3,960-80 feet, with recovery of 15 feet of brown dolomite showing good saturation and fine porosity. Core from 3,880 to 3,900 feet was fully recovered and was described as oil-saturated lime carrying fine porosity. The test is coring ahead.

Gulf No. 17 W. N. Waddell et al, important wildcat in Southwestern Crane County, this morning was drilling past 4,635 feet in lime. The same company's No. 1-F University, in Eastern Crane, had reached a depth of 9,500 feet in chert and lime.

State-Sharp Acts Up  
Magnolia Petroleum Company No. 1 State-Sharp, prospective one and three-eighths mile northwest extension of the Abell Ordovician pool in Northern Pecos County, cored from 5,470-73 feet, total depth, at the fast rate of one minute per foot but failed to recover any of the core. It had topped pay sand of the Simpson, middle Ordovician, at

## Senate Committee Asks Investigation In Defense Program

WASHINGTON, Feb. 21 (AP)—The Senate Military Committee today recommended a sweeping investigation of contract letting in the multi-billion dollar national defense program.

The committee sent on to the Senate a resolution calling for appointment of a special committee of seven Senators "to make a full and complete study and investigation of the operation of the program for the procurement and construction of supplies, materials, munitions, vehicles, aircraft, vessels, plants, camps and other articles and facilities in connection with the national defense."

The resolution, by Truman (D-Mo.), recommended that \$25,000 be given the investigators with broad powers to require testimony of witnesses and officials and conduct hearings.

## Legionnaires Of Midland Post And World War Veterans Will Register In National Defense Service Plan

The Woods W. Lynch Post No. 19 of the American Legion members and World War veterans of Midland County will register tomorrow, Washington's birthday, for possible national defense service.

Registrations will be taken in the lobby of Hotel Scharbauer.

The registration here is part of the nation-wide American Legion preparedness program.

J. F. Friberg is chairman of a special national defense registration committee. Serving with him are George Barton, C. A. Clarke, H. S. Glenn, C. V. Lyman, I. J. Prager, Q. M. Shelton, and T. E. (Red) Steele.

All officers of the Midland post will serve as ex-officio members of the special committee.

Registration is voluntary and does not involve military training.

The purpose of the registration, members said, is to catalog qualifications and special talents of legionnaires and veterans.

Exact data regarding capabilities in national defense industries will be kept as record by the Midland post and also data will be furnished federal, state, and other national defense authorities.

Commander W. B. (Bob) Preston said twenty-eight questions would be answered. He pointed out ages of registrants would not be asked and added that national defense industries were absorbing trained workers irrespective of age.

What Has Midland To Offer National Defense Program?  
The Chamber of Commerce through its National Defense committee started a survey today to determine what Midland has to offer for the big national defense program besides manpower, oil and cattle.

What defense industries could locate here to advantage? Who concerns here are tooled or equipped to handle special defense contracts? What persons here have special talents or abilities which should be available to the defense program?

The chamber of commerce welcomes suggestions and requests that they be brought to its office at the earliest date.

## Farmer's Wife Tells Of Cox Death Scene

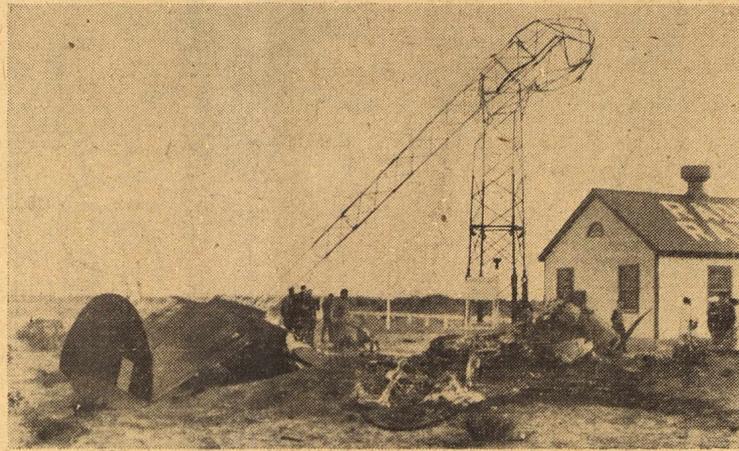

FORT WORTH, Feb. 21 (AP)—The wife of Earl T. Brewer took the stand in Criminal District Court today to defend him against charges of slaying H. Glen Cox, 19, after the youth and the Brewer's 14-year-old daughter, Virginia Ruth, eloped to Fort Worth from their Fannin County farm homes.

Mrs. Brewer's testimony came as the trial entered its fifth day and, in effect, refuted much previous testimony followed by state witnesses. She was asked in the witness chair by her husband.

In a firm voice, the mother of the young widow told of a meeting that came when the Brewers met the young newlyweds in a Fort Worth apartment house five days after they ran away from Ector (near Bonham).

She said she saw Glen take a threatening position toward her husband, but she did not see the actual encounter that caused the youth's death from a stab wound in the throat.

## FBI Probes Crash Of Britain-Bound Plane

Wreckage of a Lockheed bomber which was being ferried to Canada for Britain when it struck a radio control tower while attempting to land at El Paso, Tex. The plane crashed to the earth in flames after striking the 132-foot steel towers, shown crumpled at right, killing two pilots. The FBI has started an investigation into the cause of the crash.

## Boy Scout Court Makes Awards To Taylor, Upham

Two of scouting's highest awards were received by Kenneth Taylor and Clayton Upham at a Boy Scout court of honor here last night.

Taylor was awarded the Eagle Bronze Palm and Upham an Eagle badge. Stanley Mate, Buffalo Trail Council field executive, presented Taylor's award. Mrs. Ray Upham pinned the Eagle badge on her son as S. P. Gaskin, council executive, made the presentation.

Ross Carr spoke on "Americanism." He said:

"What does it mean to be an American—it means a heritage of which every other nation is envious; it means freedom of speech, freedom of the press, and freedom of religion; it means obey your scout laws, scout oath, and be a man."

Taylor Gave Invocation  
Grady Taylor, scoutmaster of troop 54 gave the invocation. Glenn Murray, scout, led the group in singing "God Bless America."

Sgt. Elbert Friday presented tenderfoot badges to Bobby Norris, Gene Dupuy, George Edwards, Buddy Mickey, Frederick Prickett, and Frank Aldrich. Robert Mann, a tenderfoot honoree, was not present.

Curt Inman presented a second class badge to M. L. Alexander of troop 54. Frank Stubbeman announced that Charles Patterson, who was not present, will receive a first class scout badge.

Parr Awarded Badges  
Riley Parr awarded merit badges to Foster Hedrick, troop 52, pathfinding; Max Allen, troop 54, pathfinding and reading; Ralph Vertrees, 54, first aid and firemanship; Clayton Upham, troop 54, civics and bird study; Charles Barron, 54, pathfinding and reading.

Dana Scott reported that Tony Howard, 44, was eligible for the Star Scout badge.

Scouts, scout leaders, and parents attended the honor court, presided over by John P. Butler, awards chairman.

## Oil Operators Here Plan Representation At Capital Hearing

Oil operators of the Midland area met today at 3 p. m. at Hotel Scharbauer to make plans for representation at Austin Monday before the legislative committee on revenue and taxation.

Th Permian Basin Association will sponsor a delegation to Austin, and seek co-operation of area oil operators in attending the hearing.

Will Leave Sunday  
Midland's delegation is expected to leave Sunday.

Wilburn Page, executive secretary of the association, returned yesterday from Lubbock where he attended a meeting of the annual convention's steering committee composed of Lubbock business men and oil operators, and members of the P. B. A. Hamilton McRae, president, also attended the meeting.

## Drizzle And Fog Remain In Area

Heavy fog, with an occasional drizzle of rain, hung over Midland today.

The Midland Municipal Airport reported .05 of an inch of moisture in the three-day period.

Low temperatures yesterday afternoon and night sent the mercury skidding. The minimum low last night was 35 degrees. It was 40 degrees at 2 p. m. today. The temperature had risen steadily since last night.

The ceiling at the airport consistently stayed at 100 to 300 feet for several hours. It lifted some after noon today. Planes were still grounded.

## Greeks Appeal To U. S. For Planes

WASHINGTON, Feb. 21 (AP).—The Greek government, it was learned today, has made a second urgent appeal to the United States for help—particularly for warplanes—"before it is too late."

The result has been to start defense officials on a fresh canvass of available supplies in search of aircraft that can be spared to reinforce the Greeks in their struggle with the Italians.

Greece's renewed plea for the assistance promised by President Roosevelt some time ago reached here during the last several days.

England Assures Greece Large Numbers Of Men Will Be Thrown Into European Turmoil To Aid Small State If Germany Strikes Against Foes

## Europe

By The Associated Press.  
Columns of German motorized troops many miles long were reported rolling south through Rumania toward the Danube River frontier with Bulgaria today as Britain sped aerial reinforcements to Greece against an expected Nazi invasion of the Aegean kingdom.

Bulgaria would provide a logical gateway for a flanking attack on Greece, probably striking at the port of Salonika.

In Washington, Chairman George (D-Ga) of the Senate Foreign Relations Committee, an intimate friend of Secretary of State Hull, declared:

"Germany is preparing to move very fast. I think there will be tremendous developments within the next 10 days."

Military dispatches reaching Belgrade said the mass movement of German troops southward was accompanied by the shifting of general staff headquarters of the German Balkan army from Bucharest to Craiova, 40 miles from the Danube.

Bulgarian police were reported to have fought "Communist demonstrations" against the expected entry of Nazi troops into Bulgaria.

Britain Will Help Greece  
Cairo reports said Britain had given Greece every assurance that she is capable of throwing large numbers of troops into the Balkan conflict.

Neutral sources in London said Eden expressed belief that Germany would not open to the Greeks and Turks that Britain is strong enough to open and support a new front in the Balkans—thus tending to ally those countries' fears of the threat of German invasion.

Observers in Southeastern Europe expressed belief that Germany already has agreed to pay Soviet Russia's price—presumably another slice of mutilated Rumania—for Soviet "cooperation" in the Balkans, "cooperation" apparently meaning Russia's hands off policy with relation to predicted German troop movements through Bulgaria.

Mustangs Will Have Chow-Wow Saturday  
Mustangs will hold a "chow-wow" Saturday for those who have earned the privilege by attending the regular number of meetings.

## Far East

TOKYO, Feb. 21 (AP).—Foreign Minister Yosuke Matsuoka told Japanese newspapermen today that continued defense preparations by Britain and the United States in the South Pacific would produce a situation "attended by considerable danger."

Domei, Japanese News Agency, quoted the Foreign Minister as expressing hope in a lengthy interview that "the Anglo-Saxons" would refrain from "taking any measures tending to excite Japanese public opinion."

Simultaneously he reiterated a denial that he had sent an offer of European mediation to London. He said he merely dispatched a communication to British Foreign Secretary Anthony Eden in which he gave a "very frank reply" to questions Eden had asked through the Japanese Ambassador to London, Mamoru Shigemitsu.

The newspaper Chugai asserted today that British-United States (See JAPANESE, Page 8)

## President Says Publication Of Testimony Hurts

WASHINGTON, Feb. 21 (AP).—President Roosevelt said today he considered the disclosure of what was intended to be secret testimony before a Senate committee yesterday by General George C. Marshall, army chief of staff, as harmful to national defense.

The President told a press conference that it raised a question of ethics, morals, and patriotism on the part of committee members and editors, publishers and broadcasters who printed reports of Marshall's testimony.

Question For People  
The Chief Executive said it was a question for the American people to consider. At the conclusion of lengthy questioning on the subject he said it was purely a voluntary matter, that he was not thinking about censorship, but that he was merely putting it up to the people as a nice question to think about.

## Gillette Charges Defenses Lacking

WASHINGTON, Feb. 21 (AP).—Senator Gillette (D-Iowa), opposing the administration's British aid bill, charged in the Senate today that America's defenses are "so inadequate that only by the utmost exertion of all our resources and ingenuity can we prepare for the future."

Beginning the fifth day of the chamber's debate on the measure, the silver-haired Iowa told colleagues that it was his opinion the lease-lend program would expose the United States to the peril of war and deplete still further the woefully weak defenses he described.

Gillette took the floor as administration leaders moved to speed action on the bill in anticipation of the "tremendous developments" which Chairman George (D-Ga) of the Foreign Relations Committee predicted would take abroad within the next 10 days.

George told reporters before the debate began that he expected Germany to "move very fast" and consequently he hoped that the bill could be rushed through Congress.

### A BIBLE THOUGHT FOR THE DAY

IT TAKES TWO TO MAKE A BARGAIN, BUT BE YOU NOT RESPONSIBLE FOR HATREDS AND REVENGE: Follow after peace with all men. —Hebrews 12:14.

## Keep Up The Good Work

Sunday is Rotary's 36th birthday and Rotary has traveled far in 36 years. We extend sincere congratulations and to Rotary say:

Keep up the good work. As the years pass, may more of the peoples of the world come to believe in the principles to which you, as an organization, have devoted yourself.

Rotary is an American institution—but by no means is it limited to the United States. Of course, Rotary was born in Chicago, but during its 36-year existence it has been adopted by business and professional men of more than three-score countries and regions.

In Rotary's membership are more than 210,000 men. They, collectively, speak almost every language, embrace almost every political belief, represent almost every religion. But there is something fundamentally the same about all these men, about all men, and it is that fundamental sameness which has led to universal acceptance of Rotary.

Rotary has one ideal—the Ideal of Service. You have heard of the Golden Rule, and that, basically, is Rotary's Ideal of Service—application of the Golden Rule in all phases of everyday life. And it works!

In union there is strength and each Rotary club is an organization of business and professional executives. It is a union held together by the cement of friendship, good will and fellowship. It is easy to see how such a group possesses and exercises tremendous potentialities for the accomplishment of good.

Crippled children, delinquent youth, college students in dire financial straits, the blind, the poor, the underprivileged—these and others who have needed help have seen Rotary's potentialities applied.

Rotary has brought about betterment of business and professional ethics through the adoption by trade and craft associations of codes of ethics of fair business and professional standards.

Another Rotary object reads: "The advancement of international understanding, good will and peace through a world fellowship of business and professional men united in the ideal of service."

## The Jockeying Stage

An Austin writer reports the bargaining stage has been reached by the state legislature in connection with measures concerning the oil industry.

There seems to be a disposition to tie oil men's needs up with the question of proposed new taxes on oil, making them bargain for what they get.

If legislators permit such a situation they forget an important thing—that Texas' prosperity is bound up with the welfare of the oil business. If the lawmakers harm the oil industry either by oppressive taxation or by inadequate regulations, they hurt Texas.

No community in Texas, however remote it may be from production, fails to benefit when the oil industry is on a profitable basis. Each community suffers when it fails to prosper.

The petroleum industry should not have to bargain and maneuver and plead to get fair treatment at the hands of the legislature.

## More Strange Bedfellows

We've all got to get used to strange bedfellows if we're to get any sleep at all in this topsy-turvy world.

News from Mexico that Spanish Monarchists and Republicans are trying to get together on means of ousting Dictator Franco from Spain sounds strange indeed.

But let's have no sarcastic cracks from the United States, which sees spectacles like this: Colonel McCormick of the Chicago Tribune and Earl Browder, general secretary of the Communist Party, united against measures which they feel might lead to war; Norman Thomas and Senator Taft united in fear that war preparations lead to dictatorship; John L. Lewis and Henry Ford joining hands in opposing aid to Britain; Father Coughlin and Harry Bridges alike viewing with alarm the activities for defense and help for the British.

Everybody must now pick out his own political bed and lie in it as comfortably as he may, trying not to roll over or listen to adjacent snoring. Sleep well!

## Housing Hope

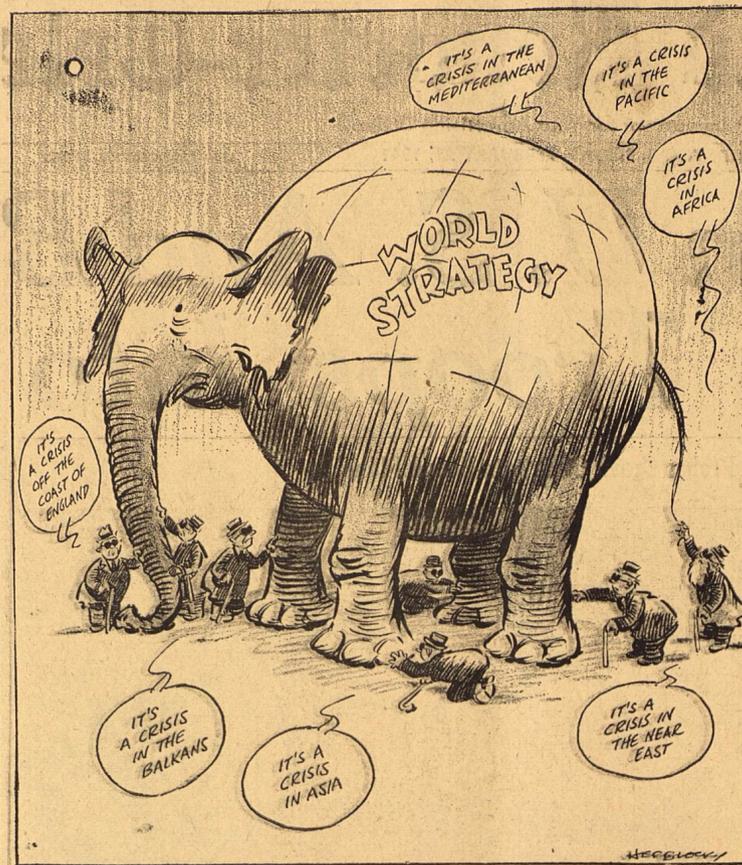

One of the byproducts which we can get from the defense effort is improved housing. The London Times not long ago asserted that the improvement in British housing was the greatest constructive benefit derived by the people from that whole confused post World War decade.

We had made a start at housing improvement before the defense effort began. Now there are new housing needs arising from that effort. Great new industrial plants rise where there was nothing a few months ago. Camps are swelling to the point where they have greater populations than nearby towns, which offer no accommodations for wives, children, and relatives of soldiers, nor for tradesmen drawn to the scene by the soldier payrolls.

Much housing must be built. Shall it be jerry-built, or of permanent value? Shall it be planned or higgledy-piggledy? Every bit of it that is so planned and built as to be of later and permanent use to the country and its citizens, is so much extra dividend from the defense effort.

An Illinois man drew a prison term for robbing the mails. Tried to get what was coming to us and got what was coming to him.

## The Blind Men And The Elephant

## Nippon Has Great Fear Of Blockade By United States

By DeWitt MacKenzie  
Associated Press Staff Writer

The situation in the Far East remains tense and therefore dangerous, but there is hope that reason will prevail and that nobody will shoot until he sees the whites or his enemy's eyes, by which time shooting may not be necessary. The chief deterrent to an upheaval at the moment, as I pointed out yesterday, is the firm attitude and preparedness moves of the United States. Japan's greatest fear is that we will be drawn into the conflict.

That it is legitimate for us to say that one of the most powerful defenses of Britain's great naval base at Singapore is America's moral and material support of the Anglo-Allied cause against the Axis, of which Japan is an appendage.

That fact should give some satisfaction to those who have the strange idea that John Bull is bearing on his broad back not only his own burdens of defense but all those of the United States Uncle Sam doesn't need to apologize for the weight he is pulling and undertaking to pull.

**Fears Export Blockade.**

The Tokyo newspaper Chugai today exposed one of Japan's greatest anxieties in connection with America's attitude. The paper said that "the United States is preparing to resort to economic blockade operations against Japan." That is, Nippon is fearful that we will place a wholesale embargo on all exports to her.

Such an embargo would be a fierce blow, since Japan is dependent on us for many of her absolute essentials, especially for waging war. Whether Washington might resort to such an extreme measure remains to be seen, but Chugai would seem to have a right to worry about the position. That embargo is the most powerful restraint we could employ against the Japanese.

It likely would be far more destructive, in fact, than any naval pressure which either Britain or America, or both of them combined could bring to bear at this critical juncture when the European war is making such great demands.

Indeed, should Japan have any designs on Singapore and the Dutch East Indies (which she denies) she probably would get ahead with the job were it not for two things: (1) The danger of that embargo and American involvement; (2) The certainty that unless the Axis won the war, Nippon-Japanese ships would be called to account by an unnumbered Britain and her allies.

**Singapore Is Dependable.**

The Japanese have given no indication of particular concern over any possible naval operations against her at the moment. Should she feel impelled to take the initiative and attack Singapore or the Dutch East Indies, however, the defensive strength of the British would be a matter of moment. Singapore is such a mountain of strength that even a small boy with an air-gun could stand off a sizeable attack.

In this connection Tokyo has given evidence of worry over the possibility that the United States may send a squadron to Singapore. The last stratum of this stronghold has long been out for Uncle Sam to pull any time he wanted to—or so it has been generally understood. Thus the basing of American warships there would not in itself be a belligerent action.

**Also Fears Bombing.**  
Another of Japan's anxieties is bombing. Her buildings as a whole are constructed of paper and flimsy wood, and a few sticks of incendiary bombs could destroy a city. At one time or another, as Russo-Japanese relations have been strained, the Japanese have been in terror of possible raids by Soviet air forces only 600 miles away.

That thought undoubtedly is very much to the fore in Tokyo's mind in the efforts to establish friendly relations with Moscow. The air bases of other countries, even those of China, are so far away from Japan as to make bombing difficult, barring the possible use of latest long-distance bombers which are said to be able to cross the Atlantic and back without refueling. The Japanese would, however, have to figure that aircraft carriers would be a part of any naval expedition against her.

**WILL ASK LEGISLATURE TO PASS TAX ON RICE**

AUSTIN, Feb. 21 (AP)—The Texas Legislature will be urged Monday by Governor Sam H. Jones of Louisiana and State Rep. Fred Mahle of Stuttgart, Arkansas to pass a bill levying a tax on rice for purposes of advertising and research.

## Retail Sales Move At High Levels In Spite Of Weather

NEW YORK, Feb. 21 (AP)—Despite blizzards in some parts of the nation which tended to slow buying, retail sales this week continued to breeze along at eleven-year high levels, and averaged 12 to 20 per cent above the like 1940 week for the country as a whole, Dun and Bradstreet reported today.

The mercantile agency found increases in both retailing and wholesale trade.

Said the agency: "Less favorable weather conditions for the promotion of new seasonal merchandise failed to dim glowing sales reports from retail stores.

"In most cities trade was said to be on an upturn at a better-than-seasonal rate. Rising payrolls were being felt in sharp increases in purchases of medium-price merchandise; replacement buying of home wares was especially noted in these brackets. x x x

"Retailers' reports indicated that furniture promotions were usually stacking up the largest figures for these events in a decade. As a rule furniture gains over last year ranged over 10 per cent. x x x

"All major sales regions topped sales levels of a year ago by a wide margin. New England broadened its increase to 15 to 25 per cent; the east showed a gain of 13 to 18, south 16 to 22, middle west 9 to 17, southwest 14 to 20, northwest 7 to 15, and Pacific Coast 10 to 14."

## Guard Wire Problem Throws Chambers Of Legislature In Snarl

By William E. Keys  
Associated Press Staff Writer  
AUSTIN, Feb. 21 (AP)—The legislature's program to lend highway department guard wire to Texas cities and independent school districts was going along nicely until somebody tried to fence in Bexar County with it.

That was carrying the courtesy too far, complained Senator George Moffett of Chillicothe who got the Senate to refuse concurrence in House amendments to his resolution authorizing a loan of wire to the city of Seymour.

The trouble was the concurrent resolution—which must be adopted by both legislative branches—was amended in the House to authorize a loan to Bexar County.

Moffett charged the amendment has no signature and there was no mention of it in the House journal.

**Wire No Longer Used**  
"Why they could fence in the whole of Bexar County" he said.

The result was that the Lieutenant-Governor named members of a free conference committee who will meet with House conferees in an attempt to iron out the snarl, usually a method employed in the most complicated and important measures.

This guard wire business has popped up almost daily but never before has it got the two chambers in a deadlock.

The reasons for many resolutions authorizing lending it is that it is no longer used in road construction. The cities and school boards that borrow it use it for fencing athletic fields and parks.

## Darnell To Receive \$750 Weekly For Film Contract

HOLLYWOOD, Feb. 21 (AP)—Linda Darnell, 17-year-old daughter of a Dallas, Texas, postal clerk, is going to get \$750 a week this year for acting in the movies.

Linda won her first film contract just a year and a half ago. It was for \$75 a week, one-tenth the amount of her present salary.

Her new contract with 20th Century-Fox studios, approved in Superior Court yesterday, provides for gradual increases, up to \$2,250 a week, over a seven-year period.

The court ordered that \$15,500 of her current earnings be placed in a trust fund, and approved the expenditure of \$250 a week for living expenses.

**MONUMENT MEMORIALIZES CAPITOL FOREMAN'S SKILL**  
AUSTIN, Texas, Feb. 21 (AP)—A new monument to the skill of Ernst Hoffman, foreman of woodwork and ironwork in the massive Texas capitol built 56 years ago, rests in the Senate chamber.

Two beautiful walnut desks, one for the journal clerk and the other for the Senate secretary, attest his craftsmanship anew.

They were delivered about a month after his death last fall. He was employed by the University of Texas at the time he died.

Approximately one-half of the lumber output of the Dominion of Canada comes from the province of British Columbia.

## Southern Sidewalks Are Stage For Smart Winter Fashion Show

By Marian Young, NEA Service Staff Correspondent. MIAMI.—There's a fashion show on every street corner, in every nook and cranny in this smart winter resort town.

Vacationists have time to dress carefully. The appearance they make at the horse and dog races, on the beach, at night clubs and on the street proves that they are using that time to the best possible advantage.

Society in the boxes at Hialeah—the race track which looks like a picture postcard itself, complete with pink flamingoes on an island in a little lake, palm trees and giant beds of unbelievably brilliant flowers—and non-society in the grandstand make as colorful a style picture these days as a fashion writer ever could hope to see.

I don't know what happened to all of the white and pale pastels that northern shops have been "promoting" for southern resorts, but the fact is that vivid yellows, purple, coral and hard, bright blues are the colors in Miami.

There were purple coats, purple dresses, purple turbans galore. Beige, in soft tones, and muted greens and some white formed an interesting background for the flamboyant shades.

At the dog races every evening, short jackets of light summer furs and casual coats of soft wools with fur collars are worn by everyone. Incidentally, if you're coming to Hialeah, don't let anyone persuade you to spend all of your clothes allowance on dresses and light sweaters, leaving nothing for coats. You will need coats—a long, casual one of soft wool and at least a couple of short wool jackets. Everyone carries or wears a short jacket most of the time.

Furthermore, you won't need a flock of hats. They are worn here by (a) people who would rather protect their eyes from the sun with brims instead of dark glasses, (b) people who go to a lot of dressy afternoon parties. If you like dark glasses and have no intention of going to many late-afternoon parties, two bonnets should suffice—a light-colored brimmed felt to wear with sports-type dresses and some kind of turban to keep your hair from blowing all over the place.

At the Royal Palm and other fabulous night clubs (they remind you of night clubs in the movies), white evening gowns and Roman-striped ones take first honors. White is seen in lace, tulle net, chiffon, cotton and silk crepe. Gaily striped dresses are of silk, both sheer and stiffened, and of cotton and linen.

Irene Castle McLaughlin appeared at the Royal Palm in a gown of billowing white. Women writers from all over the country—here for the world premiere of "Back Street"—wore handsome gowns in black and pastels as well as white and Roman-striped.

John Charles Godwin Is Honored At Party On Fourth Birthday

Honoring her son, John Charles, on his fourth birthday anniversary, Mrs. John Godwin entertained with a party at her home, 315 W. Texas, Wednesday afternoon from 3 o'clock until 5.

Various outdoor games were played and group pictures were made. A color scheme of red and white was carried out. Women writers were candy dolls with hatchets suggesting the George Washington theme.

Refreshments were served to the honoree, Laverne Wingo, Danny Brown, Morris Bassham, Wilma Lee Ravanne, Eddie Tekell, Willetta Tekell, Sanford Jean Prichett, Paul Gaines, Paul Cole, Jo Ann Huckaby, Bille Kathryn Huckaby, Betty Sue Huckaby, Cecil Kelly, Atrelle Pace, Gerald Smith.

The hostess was assisted by Mrs. Walter Wingo, Mrs. Vernon Kelly, and Miss Rozella Aiken.

General use of Christmas cards to convey seasonal greetings at the Yuletide began in 1862.

Forewell Breakfast Fetes Club Member

CRANE, Feb. 21 (Special) — A Delphian Club farewell breakfast feted one of the members, Mrs. W. D. Kirkpatrick, Wednesday morning at the R. A. Young home. Mrs. J. B. Young, and Mrs. Guy Bosworth were hostesses.

The club colors of black and gold were employed in table appointments. The emblem, a gold sash triangle edged in black, formed the centerpiece, and was repeated on place cards which also bore cranes.

Places were laid for: Mmes. M. S. Weed, L. L. Martin, W. L. McHaffey, Philip Brown, H. W. Plate, H. M. Bushager, R. D. Shaffer, Kirkpatrick, and the hostesses.

Governor John Winthrop brought in the first fork to the United States in 1633.

Mrs. Buckley F. Byers, the former Rosamond Murray, goes to the races at Hialeah Park in a smart dress of bright yellow crepe and a man-tailored jacket of beige and light brown plaid wool.

### Mrs. R. W. Patteson Is Hostess To Thursday Club

A novel centerpiece of peasant girls and their geese, worked out in vegetables, individualized the table appointments when Mrs. R. W. Patteson entertained the Thursday Club with a one o'clock luncheon and bridge at her home, 904 West Louisiana.

Mrs. H. C. Wheeler and Mrs. Ben Black were guests.

In the three tables of bridge played, high score was held by Mrs. R. W. Hamilton and second high by Mrs. Harris Eastham.

Members present were: Mesdames Overton Black, Harvey Conger, John Cornwall, Eastham, Hamilton, O. C. Harper, H. A. Hemphill, W. M. Holmes, W. W. LaForce, W. A. Yeager, and the hostess.

### Girl Scouts To Observe Birthday Of Founders

Girl Scouts will meet at the First Presbyterian Church, tomorrow morning at 10 o'clock, for a program observing "International Thinking Day," February 22, birthday of Lord and Lady Baden-Powell, founders of the Boy Scouts and Girl Scouts, has been designated "International Thinking Day" when Girl Scouts will give special thought to Girl Guides, as Scouts are known in other lands, will study the lives of Lord and Lady Baden-Powell, and will think about the meaning of Girl Scout laws in relation to Girl Guides.

Mrs. Charles Sherwood will conduct a question and answer session on flag etiquette.

Mrs. J. L. Greene has invited the Girl Scouts to her home tonight to knit on squares for afghans for Bundles for Britain and to see moving pictures of hikes last summer.

At the regular meeting next Wednesday afternoon at 3:15 o'clock at the Presbyterian Church, Mrs. C. G. Cooper will speak on Bundles for Britain and will present buttons to the girls who have made squares for afghans.

### Mrs. Schrock Is Club Guest At Bridge Party

Jonquils were party flowers when Mrs. Terry Elkin entertained the Colonial Card Club with an afternoon bridge, Thursday at 2:15 o'clock, at her home northeast of town.

Tallies for the two tables of bridge played were in spring design.

High prize in the games went to Mrs. Rea Sindorf, travel prize to the club guest, Mrs. W. M. Schrock, and bingo award to Mrs. W. H. Pratt.

A refreshment course was served to Mrs. Schrock and the following club members: Mmes. Sindorf, John M. Speed Sr., Pratt, O. F. Hedrick, S. M. Vaughan, James G. Harper, R. J. Kelly, and the hostess.

Mrs. Harper will be hostess at the home of her uncle, W. J. Sparks, 602 N. Big Spring, for the next meeting of the club.

### Gift Tea Honors Crane Bride-Elect

CRANE, Feb. 21 (Special) — A tea was given Thursday afternoon, Feb. 20, at the Gulf Hall announcing the approaching marriage of Miss Lydia Ruth Harrison to J. B. Henderson, Jr., Feb. 24.

Mrs. Steve Scarafioti, Mrs. Jimmie Travis, Mrs. Marion Brunette, Mrs. Dede Sharp were hostesses. The bride-elect, Mrs. Scarafioti, and Mrs. Brunette were in the receiving line, and Mrs. Travis sat at the bride's head.

Gift and tea tables were lace laid. Mrs. Sharp poured tea. A George Washington theme was accented, being carried out with red and white in decorations, and refreshments. Tea plates held red lace doilies for cherry tarts, and coffee. Favours were cluster cherry cutouts announcing "Lydia and J. B., Feb. 24." Hostesses presented the honoree with a double waffle iron.

Miss Harrison graduated from Crane High School in 1938, and attended John Tarleton College in Stephenville for one and a half years. Mr. Henderson graduated from the local school in 1939. He is employed by the Magnolia Company.

### Movie Film Brings Democracy To Front Underlined By Time

"Land of Liberty", which opens at the Yucca theatre, Wednesday, epitomizes more than a century and a half of American history in a feature motion picture.

The picture made by the motion picture industry of the United States, and whose proceeds are being donated to war emergency welfare work, opens in Colonial times.

By the magic of motion pictures, historical events are recreated. Spectators sit with the men who drafted the Constitution and the Bill of Rights.

"Land of Liberty" is more than a formal history. Its background is a rich tapestry into which have been woven the folkways of the American people.

"Land of Liberty" makes it brilliantly clear the change wrought by the years are important chiefly in the degree to which they preserve democratic institutions.

### Girls Of First Year Foods Class Honor Supt. W. W. Lackey And Their Mothers With Washington Tea At High School

Honoring Superintendent W. W. Lackey and their mothers, the members of the first year foods class of Midland High School were hostesses for a patriotic tea in the home economics dining room, Thursday afternoon from 2:30 o'clock until 4:30.

The tea table was covered with lace, central ornamentation being a cluster of godets, cornflowers, and white candytuft, carrying out the patriotic red, white, and blue. On one side of the flower arrangement, three tall white tapers burned in low crystal holders, while on the other side were three red tapers. Nellie Elkin Brunson poured tea.

Gold stars sprinkled the blue runner used on the buffet where a toy drum and brightly-colored hatchets emphasized the Washington theme. Trios of red and

white tapers burned on the buffet also. Elaine Hedrick presided as hostess. Other class members assisted in the various duties of the day. Tea plates stressed the chosen theme in napkins with patriotic colors and design, clever flag-shaped sandwiches, cherry tree cakes, and red and white mints.

Miss Iva Butler, foods teacher, supervised the tea. Class members are: Thelma Barnett, Frances Brasher, Bonnell Brunson, Lona Sue Davis, Griffin Davis, Marjory Merritt, Alma Ruth Streeter, Lucille Williams, Ann Nolan, Ruby Barrington, Nellie Elkin Brunson, Virginia Cousins, Roxie Ruth Friday, Versa Gibson, Elaine Hedrick, Mildred Jones, Norma Jean Stice, Peggy Faye Woody, Natalie Davis.

About 75 guests called.

**TONIGHT**  
7:30 p. m. Midland-Seminole  
winner vs. Wink  
8:30 p. m. Odessa - Courtney  
winner vs. Garden City.

The District 31 Texas Interscholastic League basketball tourney started here today with 10 county champions to fight it out for the title and right to advance in the state playoff.

Plenty of basketball will be served fans in the two-day feuding as such teams as Midland, Odessa, Wink, Courtney, Crane, Andrews, Big Lake, Garden City, Rankin, and Seminole play.

First round pairings sent strong Courtney against Odessa; and Midland against Seminole, Gaines County winner. Seminole beat Seagraves out for the county crown.

Afternoon games today bracketed Crane vs. Rankin at 2 p. m. and Andrews against Big Lake at 3 p. m.

Tonight's second round games will produce plenty of fireworks. The Midland-Seminole winner engages Wink at 7:30 p. m. The Odessa-Courtney winner faces Garden City at 8:30 p. m.

**Tourney Ends Tomorrow**  
Semi-finals will be tomorrow afternoon and finals that night. A consolation winner will be picked in a play-off to precede the final game.

Winners of this morning's games were expected to go far in the race, if not to the championship. Odessa is the defending district champion.

Fine individual games are expected to be turned in by Bratton, Brown and Kelly of Midland; Hogan, Henderson, and Cowser, of Odessa; Youngblood of Wink; Wise and Graham of Courtney; and Stanley, Musgrave, of Seminole. Other teams have cage artists capable of making an all-tourney team. J. C. Golden of Abilene is referee of the tournament.

### Greenberg Sails For Home, Purpose Secret

DETROIT, Feb. 21 (AP)—Baseball's most celebrated draft case is stirring up the fans again, and they may have to mull it over for at least several more days without any enlightenment.

It concerns Henry Greenberg, the Detroit Tigers' slugging outfielder, but Greenberg is sailing home from a vacation in Hawaii and his secret, if any, to himself.

Published reports (in the Detroit Free Press) say Greenberg has applied for draft deferment as a "necessary man," but a draft board official denies this, with slight qualification.

"That part of it is not true unless he has done so in the last couple of days," commented Ben O. Shepherd, chairman of draft board No. 23. "I don't think he is asking for deferment on any grounds."

### Monahans Hospital Will Dismiss Victim Tomorrow

MONAHANS, Feb. 21 (Special)—Missus bootlegger, but otherwise hale and hearty, young Harold "Pete" Crown, Fayetteville, Ark., carpenter, will be dismissed from a hospital here tomorrow and return home. Crown fell under a west-bound freight train here Jan. 8. His legs were so badly mangled amputation was necessary.

ALL THAT WORK FOR NOTHING

CHICAGO, Feb. 21 (AP)—Tony Zale, the hard punching middleweight from Gray, Ind., puts his seven month old National Boxing Association crown within reach of Young Steve Mamakos tonight in a 15 round bout at the stadium.

And if the title depended on reach alone, the 22-year-old Greek would have it. Comparisons now show Mamakos has a 75 inch reach, four and a half more than the champion.

Bettors are not overlooking this technicality, nor the manner in which the Washington, D. C., battler extended Zale in an overweight bout earlier this year. They are reminded, too, by Matt Troney, Mamakos' manager, that the challenger never has lost a return match.

Zale, making the first defense of his crown since dethroning Al Hostak last July, has been established an 8 to 5 favorite. Observers point to the 26-year-old champion's proven stamina, his powerful right hand and his constant ring activity since his title conquest.

### Regional Cage Meet Will Be Conducted At Marfa March 1

MARFA, Feb. 21 (Special)—Region 8 of the Texas Interscholastic League will hold its basketball tournament in Fort D. A. Russell gymnasium here Saturday, March 1.

L. B. Martin, coach of Marfa High, announced pairings for the event:

10 a. m.—Winners of the El Paso and Midland districts; 11 a. m.—winners of Fort Stockton and Van Horn districts; and eight p. m. finals.

There will be no playoff to determine a consolation winner. The winner is eligible to compete in the state tournament at Austin.

George O'Brien of San Antonio will officiate games.

A Midland girl, Miss Jean Lewis, daughter of Mr. and Mrs. Glenn Lewis, will be among 30 University of Texas co-eds who today receive the highest scholastic honor conferred on freshman women, by becoming pledges of Alpha Lambda Delta, national freshman honor society.

The British yard originally was defined as the length of the arm of King Henry I, by royal decree.

Mickey Owen says he'll continue ditch-digging on farm near Springfield, Mo., rather than accept less than \$10,000 from Brooklyn Dodgers. The aggressive catcher was sold by St. Louis Cardinals.

### Webb And Tucker To Fight Tonight

NEW YORK, Feb. 21 (AP)—On the theory that you have to walk before you can run, two scarcely known fighters will shuffle into the Madison Square Garden ring tonight to take the first step toward settling the lightweight championship confusion.

Jimmy Webb of Dallas and Robert (Tommy) Tucker of New York are the young hopefuls singled out by Promoter Mike Jacobs and the New York Boxing Commission for the first 15-round elimination bout in a series that eventually may lead to a universally recognized successor to Billy Conn, now an aspiring heavyweight.

Conn still is recognized as champion by the New York State Athletic Commission, but he has a date to tackle Joe Louis next summer and has agreed to give up his lightweight crown when invited by Gen. John Phelan.

This is expected to come from the machinery set in motion tonight. The National Boxing Association already has recognized Anton Christoforidis of Greece and he has agreed to meet Gus Lesnevich of Cliffside, N. J., at the Garden May 2.

The winners of tonight's tussle and the May 2 bout then will be brought together at a later date and peace presumably will reign once again in the light heavyweight ranks.

### TEXAS DEPARTMENT STORE SALES INCREASE

DALLAS, Feb. 21 (AP)—Department store sales in Texas cities rose steadily in the four weeks ending Feb. 15, the Federal Reserve Bank of Dallas disclosed today.

In comparison with the same week of 1940, sales for the week ending Feb. 15 mounted 17 per cent in Dallas, 30 per cent in Houston, 27 in Fort Worth and 21 generally for the whole state.

### Worries Cub Bosses

There aren't any more Bobby Jones days, says the chunky, hard-hitting pro. "There are some good amateurs—Bud Ward, Wilford Wehler and Ellsworth Vines, for instance—but they can't compete against the top-ranking professionals. It's like comparing college football to pro football. It's just a different class of golf."

Outfielder Lou Novikoff works for drilling company in Long Beach, Calif., oil fields to construction of Chicago Nationals' front office, which considers occupation hazardous for ball player. The Cubs were reported to have given Los Angeles club \$100,000 in cash and players for Pacific Coast League batting champion and second baseman Lou Stringer.

### Houston Golf Meet Gallery Will Watch Coffey-White Match

HOUSTON, Feb. 21 (AP)—Two placid golfers with riotous games—Billy Bob Coffey, state champion, and Ed White, former intercollegiate titleholder—paired today in the second round of the Houston Country Club Invitation Tournament.

Their battle was top-spotted on the program, but spectators also kept an eye on Ossie Carlton, Jr., the veteran who was upsetting favorites in the invitation when most of today's entrants were playing hokey from grade school.

Carlton has been playing smoothly—he qualified with a one over par 72 and trimmed Preston Moore of Houston 2 and 1 in the first round—and stood a sizeable chance to eliminate Reynolds Smith, former Walker Cup player from Dallas.

Smith defeated Gus Layton, 6 and 5, yesterday.

Coffey and White had troubles in yesterday's matches, which augured well for a tight tussle today. Coffey skidded past Dick Nauts of Houston, 2 and 1, and White had been expected to do better than his 3 and 2 victory over C. I. White of Houston.

Another player in for some trouble was Ellsworth Vines, lanky former major league pitcher who is at the peak of his golf game now. Vines smothered M. R. Smith of Kansas City 6 and 4 yesterday but met a 15 year old boy who cared little for reputations.

### Budge Is Winner Over Net Veteran

HOUSTON, Tex., Feb. 21 (AP)—Donald Budge, the red-headed ace of the courts, out-lasted Bill Tilden in a gruelling 10-8, 6-4 tennis duel here last night before some 2500 fans.

After battling the young Budge to a near stalling in the first set, Tilden opened up the second with three straight games, but couldn't stand the pace. Alice Marble disposed of Mary Hardwick of Britain in straight sets also, 6-2, 6-2.

In the mixed doubles, Tilden and Miss Marble won over Budge and Miss Hardwick, 6-3, 1-6, 6-3.

### Porkers Ready To Close Cage Chase

FORT WORTH, Tex., Feb. 21 (AP)—The Arkansas Razorbacks come here tonight with definite designs on the Southwest Conference basketball race.

Not that Texas Christian University can gain anything for itself by beating the Porkers but it is a fair-to-middling dueler. For a power-laden right, Else he may wind up on the floor. Emitting but a peaceful snore.

Some Class, Eh? The West Palm Beach Indians of the East Coast League are going "south" to train—all the way to Lake Worth, six miles away.

### Golfer Says Amateur Can't Win Tournament

THOMASVILLE, Ga., Feb. 21 (AP)—Don't hold your breath until an amateur wins the Augusta Masters' Golf Tournament.

That's the advice of Jimmy Demarest of Houston, Texas, who's here for the sixth annual \$3,000 Thomasville Open over 54 holes tomorrow and Sunday.

Jimmy won the Master's last year, and figures to keep on straight on the fairways again this April in an effort to equal Horton Smith's record of taking it twice.

Since the Masters' was started in 1934, no amateur has won it, and so far as Demarest is concerned, there's no amateur in sight who's even a challenge.

"There aren't any more Bobby Jones days," says the chunky, hard-hitting pro. "There are some good amateurs—Bud Ward, Wilford Wehler and Ellsworth Vines, for instance—but they can't compete against the top-ranking professionals. It's like comparing college football to pro football. It's just a different class of golf."

### WPA OFFICIALS WILL SURVEY NEEDS IN CAMPS

SAN ANTONIO, Feb. 21 (AP)—John A. Zimmerman, director of WPA recreation in Louisiana with headquarters in New Orleans, was here today to start a survey of national defense recreational needs in Texas in connection with expansion in army camp communities.

### Widespread Shake-up In Football Coaching Jobs Makes Changes In Twenty Major And Minor Schools

### Sports Roundup

By Eddie Brietz

NEW YORK, Feb. 21 (AP)—Tip—"Moon" Mullins got a long distance from Boston and hustled there by plane, missing two days of football practice at Florida U.

They say all that Chicago Cub discontent rests in the ease in which Dizzy Dean got the salary (\$10,000) he received for spending last season in the minors, while Charley Root and other valuable veterans were asked to take cuts.

Any day now the Dodgers will announce they'll broadcast again this year with your old favorite, Red Barber? back at the throttle. Fred Brown, co-manager of Lew Jenkins, the lightweight champ, is here to take charge of Lew White Hymie Kaplin, co-manager No. 2, lingers in the blink.

Today's Guest Star Billy Stepp, Portland Oregonian: "Wouldn't we have fun if Oscar Witt became a top surge in the Army and the Clevelanders who invaded the front office last year, were tossed in his lap." You said it, Butch.

Quiparade N. Y. Post: Dodgers have stopped using their Cuban pitchers in batting practice. Didn't have enough English on the ball. Peoria Journal-Transcript: Joe Louis probably won't be drafted. There are too many dependents—Mrs. Joe, his mother, his two managers and Mike Jacobs. St. Johnsbury (Vt.) Calendonian-Record: Here's George MacRostas, being photographed in a white shirt—and him a pro wrestler for five years. Boston Post: Al McCoy, who left Colby to become Harvard's new backfield coach, was responsible for the Crimson signing Dick Harlow. Wonder whom Al has up his sleeve for Colby.

Fight Dope O. we hope that Tommy Tucker who fights Jimmy Webb tonight, is a fair-to-middling dueler. For a power-laden right, Else he may wind up on the floor. Emitting but a peaceful snore.

Sports Cocktail Look out, Texas! Bummy Davis has been bounced out of Camp Upton for threatening to kayo a kitchen policeman and is on his way to Camp Hulen. Sugar Bowlers see hopes of getting Notre Dame now that Frank Leahy, a favorite son down there, is at the coaching helm. Incidentally, Boston College also hope the Irish will be on its 1942 schedule. First thing North Carolina's new governor did, was to bail up the football schedules by shifting to the F. D. R. version of Thanksgiving—Wales, Forest, North Carolina, Duke, Virginia and N. C. State are in trouble. They may send Gus Dorazio, who knows just how it feels to be hit flush by a bomb, on a British relief tour.

Some Class, Eh? The West Palm Beach Indians of the East Coast League are going "south" to train—all the way to Lake Worth, six miles away.

Galveston Dresses Up For Mardi Gras Events GALVESTON, Feb. 21 (AP)—Galveston's streets were gay with banners today, all bedecked for the five-day Mardi Gras celebration which opens tonight.

Eight girls representing Latin-American countries were to arrive this afternoon as envoys to the festival. Lyria Knuckey, representing Nicaragua, appeared yesterday.

The opening event will be the junior coronation tonight.

"Cotton stamps amounting to \$25 for each producer are available in the 1941 supplementary cotton program of the AAA," County Agent V. G. Young said to Stokes community citizens in a meeting Thursday night.

Films of cold storage lockers, mattress making, and 4-H club work were shown at the next community meeting which will be the third Thursday in March.

## Contributes to the NATIONAL DEFENSE PROGRAM

**All World War Veterans Are Asked To Register And  
Complete The National Defense Questionnaire Of The  
American Legion.**

The National Executive Committee of The American Legion in their meeting of November 21st and 22nd, 1940, recommended "That all Posts of The American Legion should engage in the registration of all World War Veterans in the Posts' Territorial limitations, and the keeping of a card index showing names, addresses, qualifications of such registered World War Veterans to be contacted in case of possible emergency." This registration of World War Veterans in no way increases his obligation beyond that of any citizen of the United States. The emergency duty will be purely voluntary in character.

To date the following World War Veterans have registered:

Below is a letter directed to Mr. Milo J. Warner, National Commander, The American Legion, from the President of the United States.

THE WHITE HOUSE  
WASHINGTON

February 1, 1941

Dear Commander Warner:

The voluntary enumeration of World War veterans for civilian service to be conducted on February 22 by the American Legion should provide a very real contribution to our national defense program. I am confident you will have complete success in your effort to register the various kinds of work that can be done now by the men and women who served in the last war.

The action of the Legion in undertaking this service, typical of the spirit which prevails among the people of our country, is truly heartening to a government charged with the duty of seeing that America is prepared in every way to meet the necessities of these serious times.

Sincerely,  
(Signed) Franklin D. Roosevelt

Mr. Milo J. Warner  
National Commander  
The American Legion  
Indianapolis, Indiana

Correct handling of the widow card in "Super-Contract Bridge", a new bridge game invented by Capt. John M. Ellicott, U. S. N. retired, adds an entirely new phase to the game. Playing the game recently, here is a mistake I saw the declarer make.

The declarer picked up the deuce of clubs and put it in his own hand, discarding the jack of diamonds. This enabled him to ruff the opening diamond lead.

Now, deciding to try to establish his club suit, West led the ace of clubs, then played the joker, which he designated as a club. North, however, was void of clubs and trumped the joker, as he was entitled to do, and the contract was defeated.

The hand could have been made if declarer had used the joker as an extra trump, as he could then have stood any number of diamond ruffs. All he would have to give up would be two clubs and a spade.

## Establishes Advanced School At Brooks Field

WASHINGTON, Feb. 21 (AP)—The war department announced today an advanced flying school to train aerial observers had been established at Brooks Field, Texas, under the command of Major Stanton T. Smith.

The course will be opened to a small number of field officers and junior officers of all arms and services of the army, who will receive training in day and night navigation, day, night, and photographic reconnaissance, artillery adjustment of fire, infantry and cavalry missions, and ground school.

Officers completing the course will be rated as aerial observers and returned to their ground units. They will be available for assignment to an observations squadron on the recommendation of their army commander.

## Bexar Youths Lead In Hog Division At Show

SAN ANTONIO, Feb. 21 (AP)—A heavy overcast sky, together with falling temperatures this morning failed to dampen the eagerness of 4-H Club and F. F. A. members at the sixth annual Southwest Texas Boys' Fair Stock Show.

Attention of the youthful entrants centered on the sheep and goat division where judging of mutton and wool-producing sheep and prize goats will be conducted today.

Bexar County youths led with two high places in the hog division yesterday, headed by "Salome," the entry of Samuel Galm having been judged the champion hog of the show.

Auction of the show animals will climax the exhibition tomorrow.

## DeFord Addresses Basin Engineers

Ronald DeFord spoke on "Geological History of the Permian Basin" at the February meeting of the Permian Basin Engineering Association last night at Hotel Scharbauer.

R. L. Blunden, Roy H. Smith, and J. A. Deffeyes are members of a committee which will plan the next meeting of the association.

Attending last night's banquet were: H. R. Webb, Deffeyes, secretary of the PBE association, R. J. Cronin, R. W. O'Neill, president, G. T. Lepley, W. A. Roberts, Ebb White, Smith, S. Gaynor, Nugent Brasher.

## GASOLINE TORCH BURNS RENDER MAN CRITICAL

SAN ANTONIO, Texas, Feb. 21 (AP)—Sam Delgado, 17, was in a critical condition at a hospital here today suffering from first, second and third degree burns suffered when the air pump on a gasoline torch exploded late yesterday. Two other youths were less seriously injured.

F. W. Foell, Dewey Jordan, B. L. Griffith, Louis Barnett, A. I. Robinson, Tom Curtis, Emmett Brown, W. O. Jones, G. H. Plank, Bill Hightower, Blunden, E. H. Griswold, E. A. Wahlstrom, and V. E. Cottingham.

## Professor Favors Policy Of Beating Axis Powers

DALLAS, Tex., Feb. 21 (AP)—Dr. Charles A. Timm, University of Texas professor, declared today that Texas state policy should be based on a resolve that the Axis powers must be defeated.

"x x x we should give such aid as is necessary to achieve this end," he said in an address to the institute of public affairs, holding a conference on national defense and foreign affairs.

Twenty-four million American women use lipstick; 15,000,000 regularly use perfume, according to statistics.

## OIL AND GAS GROUP STUDY SWEET GAS BILL

AUSTIN, Texas, Feb. 21 (AP)—A sub-committee of the Senate oil and gas conservation group today began study of a bill permitting the use of sweet gas in Carbon black manufacture by certain wells in the Panhandle field.

Members were Senators Grady Hazlewood of Amarillo, author of the proposal, John Lee Smith of Throckmorton and George Moffett of Chillicothe.

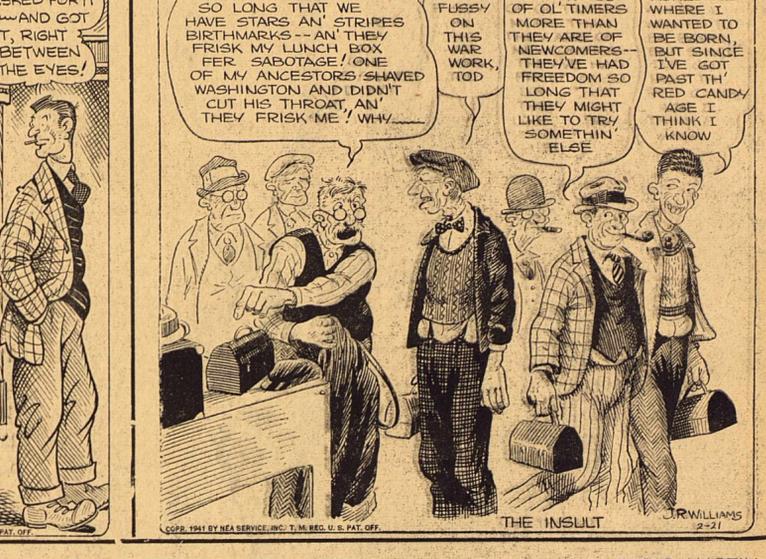

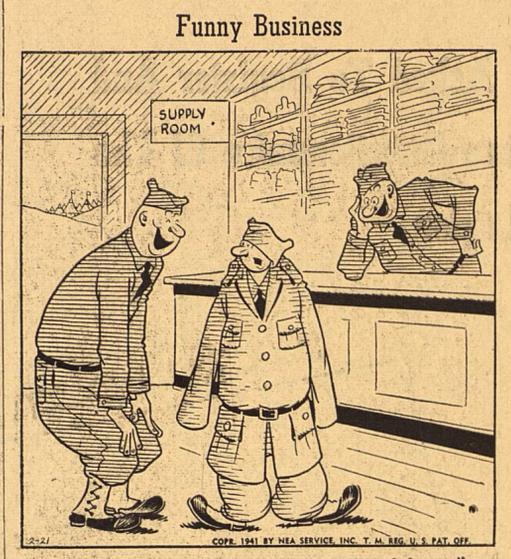

The bill was referred to them after a long hearing before the main committee when proponents claimed it would remove a discrimination from wells in the Pampa area and opponents charged it would shorten the life of the Panhandle field.

## Texas Cattle Sales Reports Good Auction

Texas Cattle Sales reported good business yesterday at the auction here. Buyers were active and prices compared well with other markets.

About 130 persons attended the sale, held each Thursday.

## Service Reports Animals Increase

AUSTIN, Feb. 21 (AP)—Increases in all meat animals, except hogs, and a continued decrease in work stock is reflected in the annual livestock report of the agricultural marketing service.

The federal agency noted that sheep in 1940 continued an expansion begun 20 years ago when the number was estimated at 3,850,000 head, compared with the present estimate of 10,620,000.

Cattle were still below the average inventory of the past 20 years, and 6,844,000 head were under the peak of 9,805,000 attained in the early nineties.

Values Up 5 Per Cent

The inventory value of all farm animals was up 5 per cent from a year ago.

Hogs increased \$1 a head, sheep 30 cents, cattle \$1.70, while horses were down \$4 and mules \$6.

Total inventory value of livestock on Texas farms Jan. 1, 1941, of \$378,719,000 compared with \$361,042,000 on the same date a year ago.

Last year 2,236,000 head of cattle and calves moved from the state, compared with a record 2,563,000 in 1939. Sheep markets, however, at 2,865,000 head were well above the 1939 movements but did not reach the record of 3,006,000 established in 1938.

## SERIAL STORY

# DRAFTED FOR LOVE

BY RUTH AYERS

COPYRIGHT, 1941, NEA SERVICE, INC.

YESTERDAY: April discovers Ann's singing caused the quarrel with Kent. The storm has prevented her parents' return from their trip so April is alone with her grief and her problem. But Kent will be leaving soon. Then a letter comes— it is from Ann.

### KENT FINDS OUT

#### CHAPTER XII

ANN'S letter was a brief scrawl, written in a shaky hand.

"Dear Ones—I will be home in a few days. It's no use staying any longer. The audition with Vivano was a miserable failure. It seems as if all I want now is to have you close to me, so I can forget these last weeks with my foolish hopes and dreams of success. Perhaps it was necessary to teach me a lesson. For the rest of my life I will ask nothing more than to be happy in the real blessings of my family and my beloved Kent."

It was signed "Ann" and it looked suspiciously as if a tear had blotted it.

"It's Ann," April found herself saying to Octavia. "Our Ann is coming home."

Octavia burst into such a halloo of song that if Vivano had heard her, he might have thought he had the find of a century.

At last, April Burnett knew there was only one thing to do. Ann was returning, to be, as she had written it, "happy in the real blessings of my family and my beloved Kent."

Ann's beloved Kent.

APRIL must reach Kent at once, confess to him what she had done and beg his promise never to tell Ann.

"Don't bother with supper for me," she told Octavia. "I'm going out."

Octavia's cream and chocolate smile vanished. "Not tonight, Miss April! You clean out of your wits!"

"I think I am."

"For what for you goin' to sail out in a storm like this?"

April was reaching for her own fur jacket and the tiny cat she wore like a monk's cap on the back of her shining hair. "If you must know," she said, "it's to bring a little breath of April to the winter blizzard."

Octavia coaxed, coaxed, threatened, and finally glowered suspiciously. "Wait 'til your mother hear about this. And your father, why he's like to clean get rid of me after the 20 years Ann's spent raising you and Miss Ann."

April was to remember this afterwards, even to the questioning look in Octavia's hurt eyes and the last words, "Lawsd help us—Lawsd help us all."

The sentence started ringing in April's head. If Ann hadn't written, if the letter hadn't arrived at this deadly psychological time with its pathetic appeal, April knew she would have remained stubbornly silent. Frankly, as she told herself, she would have lacked the courage to have confessed to Kent. Ann's letter changed everything.

This time when April started out there was no pretense of being Ann. From the cat and the jaunty coat with its lingering scent of the corsages that had been pinned on it, right down to the suede shoes with the high heels, she was all April. Yes, April Burnett on her way for the reckoning with Kent Carter.

THE trip up the hill in the roadster would always remain something out of a nightmare.

At a garage along the way, April stood ankle deep in snow while a mechanic put on chains. "Bad night for driving, isn't it," he asked with a bumping cheerfulness.

"What—oh, yes, very bad."

"Should I charge this to your father, Miss Burnett?"

"To my father? Yes, please."

"Better take it easy on the road up to the Carter place." The mechanic grinned knowingly.

Vaguely, she wondered how he should know she was going to the Carter home. Small towns were funny. They knew everything.

Ann would never honk a horn. She thought it rude, bad-mannered. But April honked tonight until the home on the hill opened and a wrinkled face appeared briefly. Then the door opened again and Kent came out, a stooped old Negro beside him to help him to the car with his bags.

"Kent," April found herself saying, "I'll take you to the train. There's something I must tell you."

"There wasn't any call for you to chauffeur me," Kent answered in an expressionless voice. "I've been trying to get you all day by telephone, but I guess you know the storm's put the lines out of order."

"Quite a storm we started yesterday, wasn't it?" she forced a

enough, and finally glowered suspiciously. "Wait 'til your mother hear about this. And your father, why he's like to clean get rid of me after the 20 years Ann's spent raising you and Miss Ann."

April turned to Kent. Did she imagine it or had he changed. He was back in uniform and the broad-shouldered coat had a certain swagger. The visor of the officer's cap shadowed his face and made the dark glasses less noticeable.

"That wasn't all. April saw the turn of his chin; was aware that his mouth was set in an uncompromising line.

"I'm a little early so we'd have plenty of time to make the train," she began haltingly.

"Maybe we have plenty of time for this, too," he said.

Before April could move, Kent's arms encircled hers, arms without gentleness. She's lips brushed across her cheek and then came down to crush her mouth.

She tried to push away, but the hammering of her heart made her limp. This wasn't the kiss he had given her yesterday on the hilltop. This was something different, a searing, shattering kiss.

WHEN it was over, April pressed one hand to her lips. Kent had no right to do this unless he knew. He'd said he hated cheap love-making. By the dashboard light, she saw he was shaken, too, and sat remote, aloof in his corner of the seat.

"Better start," he advised in the same expressionless tone.

Automatically, she set off. The snow was a blessing, the treacherous roads an escape. Intent on the driving, she could push every other thought and question from her, except the memory of that shattering kiss.

The windshield wiper labored as it cleared an arc in the glass and the tire chains rattled with a steady, discordant clatter.

Neither April nor Kent spoke until the car had reached the foot of the hill.

Then Kent broke the deadlock. "What was it you wanted to tell me?"

Deep within her, April sensed what was coming, so on impulse she stopped the car. The white night came down like a curtain as she turned to Kent. What she read in his tense face made her realize there wasn't any need for her to speak at all. Kent Carter knew!

"You're April," he said. "That's why I kissed you as I did. So let you know I knew. Why did you do it, April? Was it to annex another scalp to your belt? Did you think your charm would be fatal?"

### British Capture 6000 Men, Force Crossing At Juba

CAIRO, Egypt, Feb. 21 (AP)—British general headquarters announced today its forces invading Italian Somaliland had forced a new crossing of the Juba River north of the original bridgehead.

The Juba River had been the chief line of Italian resistance the British offensive into this southernmost of Italy's East African holdings.

The communique also announced capture of 5,576 Italian colonial troops and 745 Italian regulars on the Eritrean front in the last month.

"In addition many prisoners have been taken in the areas of the Blue Nile, the upper Nile and in the Gojjam," the communique said. These areas are in Ethiopia.

Captures Many Tanks  
One hundred and seven medium Italian tanks were reported captured or destroyed in the recent battle south of Bengasi, in Libya—hundreds of miles northwest of the East African front. Little activity has been reported lately from Libya.

The inventory of captured material still is unfinished.

Far-reaching decisions on British war policy were forecast today as Foreign Secretary Anthony Eden and General Sir John Dill, Chief of the Imperial General Staff, began a first-hand survey of the situation in the Middle East.

Informed sources attached the greatest significance to the arrival of the two British leaders here yesterday when developments in both the Balkans and Africa appear to be nearing a crucial stage.

### Rumors Name Two Men To Succeed President

FORT WORTH, Feb. 21 (AP)—Rev. M. E. Sadler, pastor of the Central Christian Church, Austin, and Rev. Perry E. Gresham, pastor of University Christian Church here, were among those rumored today as possible successors to Dr. E. M. Waits, whose retirement as President of Texas Christian University was approved yesterday by trustees.

Members of the board, however, said that no men whatever have yet been suggested to succeed the veteran educator, who has guided T. C. U. through the period of its greatest growth.

Dr. Waits himself said that no suggestions have been made, and R. H. Foster, president of the trustees, said it will be Saturday or Tuesday before the personnel of a committee to select a successor will be announced.

### By Boat to America . . . By Bomber Back to Britain

This is the type of men who are making aviation history piloting bombers across the north Atlantic from Canada to England. Thumbs-upping are, left to right: Capt. G. Buxton, Capt. L. V. Messenger, Capt. J. T. Percy, Capt. A. B. Youell. All are British Imperial Airways pilots.

### Oil News . . .

(Continued From Page One)

5,468 feet and was still in sand when it stopped. The well began flowing circulating oil—and possibly some new oil—when tubing was run, and pressure broke disc in tubing. Another disc was installed, and the well now is shut in with 2 1/2-inch tubing near bottom.

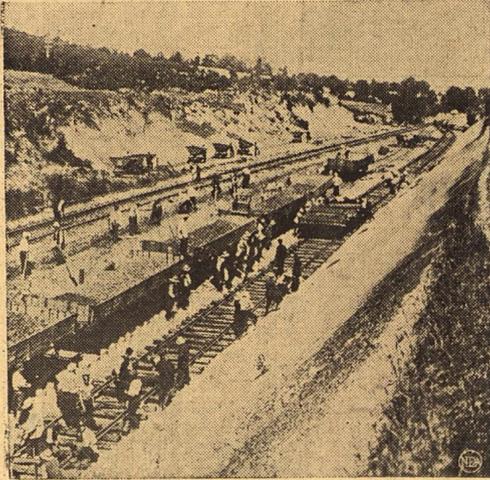

Magnolia No. 1 Markey, second producer in the pool and one-half mile north by northwest extension, is washing over string of cable tools with rotary. This morning, crew had washed over 11 feet. Total depth is 5,401 feet in Simpson sand entered at 5,391. Plug will be drilled tomorrow from 7-inch casing cemented at 5,212, eight feet off bottom, in Magnolia No. 1 State-Baldwin, extension prospect one and three-eighths miles northeast of the pool opener. It topped Simpson sand at 5,212 and pay sand at 5,215.

Stamland No. 1 Conry-Davis Unit, four miles east of the Abell discovery, passed 500 feet in anhydrite and was slated to have set surface pipe. Phillips No. 1 Silverman, south offset to the discovery, is drilling limit at 3,295 feet. A mile to the northeast, George T. Abell et al No. 1 Rixise is drilling below 1,860 in anhydrite and lime.

Some geologists are of the opinion that the Abell pool may prove similar in many respects to the Greater Seminole district of Oklahoma. The Seminole field produces from Wilcox sand, which is of approximately the same age as the Simpson sand in the Abell. There is from 100 to 300 feet of closure in the several pools comprising the Seminole district, and the Abell pool already has indicated a variance of as much as 250 feet in the levels of its first pay sand.

Culbertson & Irwin, Inc. No. 1 Heiner, Pecos Ordovician pool opener in section 589, G.C.&S.F. survey, had built up 450 pounds tubing pressure and 1,120 pounds casing pressure after a 40-hour shut-in period. It was opened at 5:30 p.m. yesterday and flowed 17 barrels of oil in 30 minutes, unloading tubing. Gas then broke through, and the well sprayed an estimated three barrels of oil hourly until nine p.m., when casing pressure had dropped to 500 pounds and flow ceased. It was shut in again at 9 p.m. and at 7 a. m. today had 800 pounds pressure on casing. It would not flow when opened this morning, and operators are continuing to experiment with variable choke. Bottom of the hole is 5,509 feet, plugged back from total depth of 5,665 feet. Production is from the Ellenburger, lower Ordovician, topped at 5,128 feet.

### Bulgarian Railroads Threatened

Reports persist that Britain has told Bulgaria the Royal Air Force will blast lines of communication in that little country if German forces start moving south on its railroads. Photo shows repair work on one of the few Bulgarian roads.

### House Group Shoves O'Daniel Bill Aside

AUSTIN, Texas, Feb. 21 (AP).—Breezed through a public hearing marked by lack of bitter argument, Governor W. Lee O'Daniel's 1.6 per cent transactions tax bill today became grist in the mill of a House sub-committee instructed to draft a general tax bill.

The proposal was praised as fair in that it taxed all, "both rich and poor," to support bigger old age pensions and other social security functions and also was condemned as a method to "make the poor poorer and the rich richer" and constituted "a death blow to agriculture and industrialization."

Governor W. Lee O'Daniel did not attend the hearing which drew about 100 spectators last night. Speed Limit Bill  
A bill to increase daytime speed limit from 45 miles an hour to 60 was recommended for passage by another committee which followed a Senate group's action by 24 hours. Committed to a Senate sub-committee for further study was a bill which would permit the burning of sweet gas for carbon black production under certain conditions. It stirred up considerable controversy in a public hearing.

### Germany Says Subs Waiting For Spring

BERLIN, Feb. 21 (AP).—Dienst Aus Deutschland, a source close to German officialdom, said today that Nazi submarines were sinking comparatively few British ships because "many of the (U-boat) crews now are engaged in preparation for the big offensive which Hitler proclaimed."

(The commentary's reference apparently was to the Fuehrer's January 30 speech on the eighth anniversary of his rise to power. Hitler said: "About 45,000 tons of British shipping were blasted yesterday by German air raiders, informed Nazis reported today, and all thrusts against British shipping were credited by the high command communique to the Luftwaffe."

### Brotherhood Dinner At Christian Church Draws Large Crowd

The fourth annual brotherhood dinner was held at First Christian Church last night as part of a world-wide observance. F. C. Cummings was in charge at the dinner, attended by the largest number of persons recorded at the yearly affair.

W. P. Z. German Jr., was the speaker for the evening, discussing "The Power of Habit." Delbert Downing spoke on "My Church Is Calling Me." Mrs. Chas. Brown brought the devotional. Estimated at approximately 150, the crowd packed the dining hall of the church, and Sunday school rooms were used. Messages of greeting and of congratulation were read from churches in Oklahoma, Louisiana, Arkansas, and Texas.

### Mail Carriers Get Holiday Tomorrow

Postmaster Allen Tolbert today reminded citizens tomorrow is a national holiday. There will be no mail delivery. The post office will be open one hour after arrival of mail from the west bound train. Banks will be closed tomorrow.

### Schools Of Midland Observe Birthday Of George Washington

George Washington programs were held today in Midland schools.

Two programs were held at John M. Cowden junior high school at 8:30 a. m. and 1:00 p. m.

South elementary school's program by the first grades was at 8:00 a. m. It's afternoon program at 2:00 p. m. by second and fourth grades.

The North elementary school held two afternoon programs, the first at 1:15 p. m. by the first and second grades, and the second at 2:00 p. m. by the fourth and fifth grades.

### Japanese . . .

(Continued From Page One)  
maneuverings against Japan had assumed a "positive phase" to thwart Japanese negotiations in the East Indies and added that the United States was planning to blockade Japan.

The paper said it had confirmed to its own satisfaction that rumors of a crisis in the Far East were "ill-willed propaganda of British sources." Circulation of these rumors was followed by concentration of British defense forces in Malaya, the laying of mines around Singapore and the "concrete shaping up of American defense activities in the Far East, it said."

"Further," Chugai said, "the United States is preparing to resort to economic blockade operations against Japan." Other newspapers contributed to a chorus of critical comment on what is called here "the four-power economic and strategic encirclement of Japan," in which the main roles are given the United States and Britain, assisted by Australia and the Dutch East Indies.

### Stock Market Retains Advance And Gains Some

NEW YORK, Feb. 21 (AP)—The worst that could be said of today's stock market was that it generally failed to follow through on Thursday's sharp rally, while on its credit side was the fact it retained most of yesterday's advance and even added modest amounts in many cases. Hesitancy prevailed at the start and fractional irregularity was the rule during the remainder of the proceedings. Lack of real selling urgency was comforting to bullish proponents even though buying timidity was pronounced. Transactions of around 300,000 shares again were among the slowest for a 5-hour stretch in nearly six months and compared with better than 450,000 the day before.

### British Embassy Says Airplanes Flying To Far East From U. S.

WASHINGTON, Feb. 21 (AP)—The British embassy announced today that "aircraft are being flown" to its forces in the Far East from the West Coast of the United States.

Although indicating that powerful bomber reinforcements were being sent to the British at Singapore, the embassy declined to give any further details.

"We can say nothing about the numbers, types, or routes of these aircraft," an official said.

The embassy statement followed reports that Consolidated and Lockheed bombers were being flown from San Diego to Singapore via Hawaii. Some officials indicated the flight of Consolidated bombers was likely because they are large, long range ships, but Lockheed spokesmen doubted whether their ships had enough range for the long over water hops.
