Appropriations Group Requests Four Billions For Army, Navy

Urges House For Four Million Men Of Combat Status

Congress Would Provide Half Of Funds In Cash And Contract Remainder

WASHINGTON, March 21—(AP)—An additional outlay of \$4,073,810,074 for the army and navy, including funds for new plant capacity sufficient to supply a 4,000,000-man army "on a combat status" was recommended to the House today by its appropriations committee.

About half of the huge sum would be a direct cash appropriation with the balance in contract authorizations for which Congress would have to provide the funds later, possibly this year.

The committee explained that roughly half of the army's \$3,778,393,254 share was earmarked for new projects. The balance originally had been included in the war department's budget estimates for the fiscal year starting July 1 and were transferred to this bill to expedite the program.

Opening debate on the measure, Rep. Woodrum (D-Va) told the House that exclusive of the \$7,000,000,000 to finance the British-aid program, the pending bill brought to \$25,182,674,015 the total of appropriations, contract authorizations and budget estimates for both the army and navy for the current and next fiscal years.

Checks Argentine Beef.
The bill contained an amendment by Rep. Scroggins (D-Nev) to prohibit expenditure of any of the funds for Argentine canned beef or any other food product produced outside the United States, unless it cannot be obtained here.

A similar prohibition has been carried in the regular naval appropriation bills for several years. The administration sought to eliminate it from the navy measure last week but the House committee blocked the attempt. Yesterday, a provision to strike it out was defeated in the Senate by a tie vote when Vice-President Wallace was absent from the chamber.

The bill included \$101,595,929 for the procurement of 79,000 additional motor vehicles; \$7,500,000 to build up gradually a reserve stockpile of 250,000,000 board feet of lumber for "future possible requirements"; \$76,149,700 for the air corps for the development and production of service test bombers, development of a special type, low-landing speed airplane and the establishment of two new technical schools.

Midland Jaycees Plan Delegation

Midland will send a delegation to a regional convention of Junior Chambers of Commerce in Odessa March 28-29.

The two-day meeting will include representatives from Permian Basin cities and members will plan the region's attendance and participation in the state convention at El Paso next month.

Business sessions, a banquet, and a dance are planned at Odessa. President Curt Inman, of the Midland Jaycees, said today he expected a delegation of 15 from Midland.

Ten Selectees Out Of 2,600,000 Classified Appealed To President

WASHINGTON, March 21—(AP)—Only 10 selective service eligibles out of some 2,600,000 classified to date have appealed to President Roosevelt. It was learned today, from local board rulings that they were immediately available for military training.

The negligible number of appeals was interpreted by some highly placed officials as indicating a "remarkably small amount" of dissatisfaction among registrants who have been put in Class 1A by their local boards.

Involved Dependency.
All the cases involved the issue of dependency, the only ground on which an appeal can be carried to the President under the law.

Mr. Roosevelt returned about half of the 10 cases to local draft boards to be reopened. This action was taken, it was learned, on technical grounds because the boards had lacked some essential information when the classifications were first made.

The remainder of the cases were decided by the President in favor of the men who appealed, and they were thereupon given deferment from immediate service.

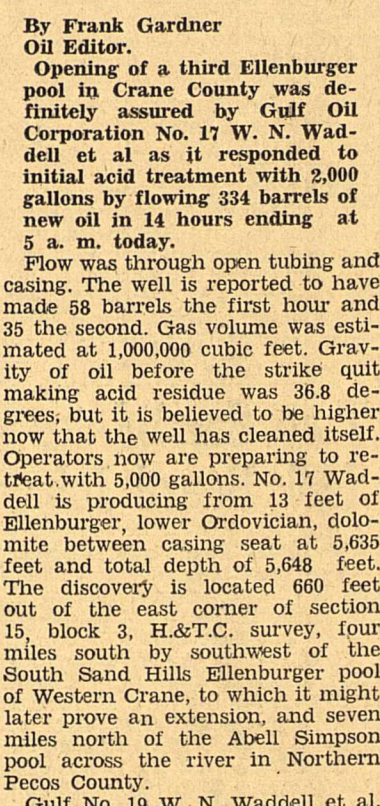

Grand Jury Indicts On Forgery Charge

U. S. To Assign Seven Billions Within Year

Bureau Of Mines Raises Demands 53,800 Barrels

WASHINGTON, March 21—(AP)—William S. Knudsen assured senators today that the full amount of the \$7,000,000,000 British-aid fund would be committed during the fiscal year starting July 1.

After testifying for more than an hour at a closed session of the Senate appropriations committee, the director general of defense production said his testimony dealt largely with matters previously presented at a similar House hearing.

"We may not be able to spend the entire \$7,000,000,000 in the year but we will make commitments for it," Knudsen told reporters waiting outside the committee room.

"We already have our plans for expansion well underway," he said.

Turkey defense officials were reported reliably today to have advised a Senate committee that speedy approval of the \$7,000,000,000 British aid appropriation would deal a powerful psychological blow to the Axis powers.

The three-Secretary of War Stimson, Secretary of Navy Knox and Chief of Staff George C. Marshall, army general staff—testified before a Senate appropriations subcommittee yesterday as administration leaders worked to rush to progress of the big cash allotment so that it would be ready to go to the White House by Monday night.

Organized resistance to the measure, meanwhile, virtually collapsed. Opposition Senators freely conceded they had little chance either of reducing the total or of cutting the cash amount and making up the difference by granting the administration authority to make future contracts.

Committee Studies Gas Distillate Bill

AUSTIN, March 21—(AP)—A legislative sub-committee today considered merits and demerits of three bills authorizing the railroad commission to prorate gas well distillate.

After a hearing last night, the House committee on oil, gas and mining assigned the proposals to a sub-group with instructions to study them. No date was set for a report.

Representatives Emmett Morse of Houston and Clayton Bray of Longview, authors of two of the bills, requested the committee action.

Bray asserted a great increase in the number of recycling plants, which reduce condensate in gas to a liquid, was providing unfair competition to crude oil refiners.

Yugoslav-Axis Pact Hits Snag As Internal Crisis Approaches

FDR Sends Text Of Power Project With Canada To Congress

WASHINGTON, March 21—(AP)—President Roosevelt sent to Congress today the text of an agreement by which the United States and Canada propose to develop the St. Lawrence waterway-power project, estimated eventually to cost more than \$500,000,000.

Deep sea navigation between the Great Lakes and the Atlantic and provision for 2,000,000 new hydroelectric horsepower for the two countries are contemplated.

The agreement, closely resembling a treaty which the United States Senate failed to ratify by the necessary two-thirds vote in 1934, is subject to approval of Congress and the Canadian Parliament. Only a majority vote would be required this time in the American Congress.

Mr. Roosevelt transmitted the agreement with a brief accompanying message "for the information of the Congress" and said he would "request introduction, in due course, of legislation designed to make this agreement effective."

The President explained that the agreement provides "for the construction of dams and power works in the international rapids section of the St. Lawrence River, and providing for completion of the essential links in the Great Lakes-St. Lawrence deep waterway when the governments of the United States and Canada agree that circumstances require it."

Wildflower Show To Be Held Here

Representatives of the Midland Chamber of Commerce, Butler Hurley, H. F. Fox, and Bill Collins, are in San Angelo and Sweetwater today on the first of a series of booster trips to advocate Midland for the 1942 West Texas Chamber of Commerce convention.

Goodwill trips will be made to Amarillo, Lubbock, and South Plains cities next week.

AFL Puts End To Strike At Dayton

DAYTON, O., March 21—(AP)—In the avowed interests of national defense, an AFL leader today terminated a 17-day strike that had paralyzed work on an essential \$5,900,000 expansion program at Wright Field, the army air corps' huge testing laboratory.

John Breidenbach, president of the Dayton Central Labor Union (AFL), informed Col. Lester Miller, field commander, that 400 members who left jobs March 4 would return to work Saturday alongside five CIO electricians employed by the Penner Construction Co.

Colonel Miller described settlement of the dispute "as a fine American act where any thought of personal and factional differences has been set aside for the good of the entire nation."

Breidenbach called the strike after the war department ordered CIO men back to work following a previous AFL walkout later in January. The first strike ended after two days when the work of the CIO men was suspended temporarily.

The Traffic Cop

A friend was telling me how embarrassed he was when he went to New York one time.

"I was driving on the famous Broadway," he said, "the traffic lights are one for every four blocks. I came to an intersection and as there was no light there I just kept going. An officer was standing on the curb and said: 'How are you mister and where are you from.'"

"I said: 'From Texas.' He said: 'Go ahead buddy I won't put you in jail because you will be in soon enough.'"

Pro-British Elements Work Against Alliance And Prince Paul Refuses To Accept Ministers' Resignations

Germany States Completing Relations Will Be Swift As Officials Plan Conference At Vienna; Balkan Nation Remains Uninformed Amid Action

BELGRADE, Yugoslavia, March 21—(AP)—A swelling tide of internal discontent, led by three anti-German cabinet ministers and other high officials, forced tonight probable postponement of the Yugoslav government's plans to align itself with the Axis Sunday at Vienna.

By The Associated Press
BELGRADE, Yugoslavia, March 21.—The Yugoslav government yielded today to German pressure and prepared to follow four of her neighbors into a working arrangement with the Axis but forthwith found itself confronted by an internal crisis generated by powerful pro-British elements.

Prince Paul, the chief regent, refused to accept the resignations of three ministers who in protest against the Yugoslav capitulation, had proposed to walk out of their offices.

A fourth cabinet member was reported to be planning to resign, and feverish political conferences kept the capital tense.

Truck Load Bill Will Be Enacted With Signatures

AUSTIN, March 21—(AP)—Truck load limit controversy neared the end of the road today.

Over the hump in the legislature after years of up-hill grind and dead-end detours, a bill permitting trucks to haul up to 19 tons a load, as compared to the current 3-1/2 ton limit, coasted toward the statute books.

Only signatures of several legislative officials and that of Governor W. Lee O'Daniel, who has indicated no opposition and once requested an increase to 14,000 pounds, were needed to route the proposal into law. Technicalities in the legislature will be concluded Monday.

Both Houses yesterday passed the bill, the lower chamber accepting Senate amendments. The measure would adopt a scientific formula of weight distribution, authorizing highway patrolmen and telephone, liquor, stock sales and motor vehicle loan levies on March 26; oil, march 27; gas, March 31; sulphur, carbon black, soft drinks, oil well cementing, wholesalers gross receipts, corporation franchise and any others, April 2. The House has passed a \$25,500,000 omnibus tax bill.

Before both houses adjourned until Monday, the House delayed further consideration of Governor W. Lee O'Daniel's emergency anti-strike legislation pending receipt of an opinion from Attorney General Gerald C. Mann on the bill's constitutionality.

Fiscal reorganization of the state got a boost from a Senate committee which favorably reported a bill setting up a department of finance, a governor's cabinet and a civil service system. A House group recently approved an identical proposal supported by regional chambers of commerce, business and civic organizations.

Matsuoka May Talk With London Heads

BERLIN, March 21—(AP)—Usually reliable Japanese sources in Berlin said today that Japanese Foreign Minister Yosuke Matsuoka, now enroute here for Axis conferences, might visit London while in Europe.

They were unable to say whether this might mean he would return by way of the United States.

Official confirmation of the reports was not obtainable and authorized Germans said this was the first they even had heard of any extension of Matsuoka's visit.

Germany States Completing Relations Will Be Swift As Officials Plan Conference At Vienna; Balkan Nation Remains Uninformed Amid Action

BELGRADE, Yugoslavia, March 21—(AP)—A swelling tide of internal discontent, led by three anti-German cabinet ministers and other high officials, forced tonight probable postponement of the Yugoslav government's plans to align itself with the Axis Sunday at Vienna.

By The Associated Press
BELGRADE, Yugoslavia, March 21.—The Yugoslav government yielded today to German pressure and prepared to follow four of her neighbors into a working arrangement with the Axis but forthwith found itself confronted by an internal crisis generated by powerful pro-British elements.

Prince Paul, the chief regent, refused to accept the resignations of three ministers who in protest against the Yugoslav capitulation, had proposed to walk out of their offices.

A fourth cabinet member was reported to be planning to resign, and feverish political conferences kept the capital tense.

Premier Dragisa Cvetkovic called an emergency meeting of key ministers who conferred on the crisis for several hours.

In the early afternoon the Premier, the Croat peasant leader Vladimir Macko who is vice premier, and the Slovene Minister, Gulez, hastened to the white palace to confer with the regent.

The tenseness was heightened by disclosure that four of Yugoslavia's most prominent generals were pensioned early in the week as a "mere routine matter."

Army In Opposition.
Observers pointed out that army circles have been among the most vigorous opponents of a surrender to Germany.

But government circles said the remaining high officers had agreed to the government's decision.

German circles said the formalizing of Yugoslavia's entry into closer relations with the Reich would be swift, with Premier Cvetkovic and Foreign Minister Aleksandar Cincar-Markovic due to leave tonight or tomorrow for Vienna where they would sign the document Sunday.

Although the government's action was reported by responsible government sources, British circles still insisted they had reason to believe Yugoslavia had reached no decision on what concessions she would make to the Axis.

Nation Still In Dark.
While admitting that the solution might be found in time to permit the premier and foreign minister to make the Vienna trip soon, the British said this morning's cabinet session and the afternoon meeting at the palace were "sufficient indication no agreement has yet been reached."

As yet, however, the country had not been acquainted with the action except by grapevine.

Morning newspapers had carried only an official announcement that "foreign affairs" had been discussed at a late night cabinet session.

The papers printed Berlin dispatches, however, which said "the confidence displayed by Yugoslavia in Germany will be rewarded."

A BIBLE THOUGHT FOR THE DAY
CONQUER PREJUDICE: What God hath cleansed, that call not thou common.—Acts 10:15.

Excuse Us If We Swell With Pride

When an Eskimo was inducted into the army in Alaska the other day, a sort of circle was completed. Wearing the uniform of the United States are men of every strain of blood that flows in the veins of America—men of 23 different Indian tribes, men of Hawaiian, Porto Rican and Philippine blood, men whose ancestry stems from ancient China and Japan, men whose forbears came from Britain, Poland and Germany, Italy, France and Czechoslovakia, men of the north and south, men of the east and west—and all Americans.

We see them more frequently now in the streets of our cities, in the neighborhood of the great growing camps, and we are proud of them. We are proud of their appearance and their bearing, proud of the way in which they have, almost without exception, responded with loyalty to their America.

We have not coerced or bludgeoned them into being Americans. We have not forbidden the use of the languages of their homelands, nor vilified their ancient culture. Yet they cleave to America, and they love her.

The difference between what happens here and what happens in Europe is well illustrated by a story. A certain family in Poland, when Russia took over their territory and forbade them to speak Polish any longer, emigrated to America. They would not live in a land where their beloved language was forbidden. To be free to use it, they came to America. Today not a single child of that family speaks Polish. When they were under compulsion, they clung to their ancient language; under free American institutions, it was no longer important.

So with the Nisei, or second-generation Americans of Japanese blood. They are now being inducted into the army on the Pacific Coast in numbers. There and in Hawaii, there is broad confidence in their loyalty. There is a creed much used among them which begins, "I am proud that I am an American citizen of Japanese ancestry. . . I believe in (America's) institutions, ideals, and traditions; I glory in her heritage; I boast of her history; I trust in her future. . ."

All these fine young Americans in whom every blood in the world runs red and strong have such a feeling. We are proud of them, and proud of the fact that they all march shoulder to shoulder today.

That is one of the things America can give the world—this final denial of stupid racial theories which would divide the world into little blood-tight compartments of inbred racial groups. The soil of a common country, the tie of a common language, the link of a common ideal of freedom—these are grounds on which civilized men may stand together and march together.

We hate to seem sentimental, but we never see them standing and marching together like that without swelling with a sudden great pride.

Another Way To Help

In London, only one teaching medical hospital remains unbombed.

That introduces a real handicap in the training of young medical students. So the Rockefeller Foundation, carrying out a plan suggested by the late Lord Lothian, has appropriated \$100,000 to bring young British medical students to the United States for training in 25 co-operating medical schools.

No aid that can be given Britain can be extended with a better heart and a freer will than this, for it is not only an aid in carrying on the war, but creates definite assets for the peace-time reconstruction and for the saving, and not the destruction, of men.

If successful, the plan will be expanded next year. Perhaps it foreshadows the opportunity that will be America's to help create that better world in which peace will be possible.

President Of Texas Employers' Insurance Association Brings Annual Report To Its Policyholders And Prospects In District

A. F. Allen of Dallas, president of the Texas Employers' Insurance Association, today presented and analyzed its annual report to policyholders and prospective policyholders of this area and discussed proposed legislation concerning compensation insurance.

He spoke at a luncheon in Hotel Scharbauer's Crystal ballroom. Willard W. Phillips, branch manager of the association, presided.

The association was created by the employers' liability act to administer the act and insure employers at cost.

A detailed statement of the association's operations was provided each person at the luncheon. Allen explained the organization's first problem in 1940 was to adjust itself to a lower rate level and, despite an increase in expenses, to handle an increased volume of business. The association's new business offsets the decreases in income.

Allen asserted the association has one of the lowest expense ratios of any mutual company of comparable size in the nation.

The association carries a reserve for losses of \$2,839,278, a reserve for unearned premiums of \$585,650, and a reserve for expenses of \$83,621 and a reserve for taxes of \$25,335. At the close of the year its total reserve was \$3,949,049 to care for all known liabilities and a surplus of \$1,595,796.

In 1940 a total of 28,746 accidents were reported to the association and 94 of these were fatal accidents. Allen said practically all of these claims have been settled or are in process of being settled without litigation.

In 1940, he added, the organization returned to policyholders in dividends \$1,109,871.

The number of policies carried by the association increased 565 last year and he said it now handles more than 25 percent of the compensation business in the state.

Guests at the luncheon included business men from 29 West Texas counties. B. J. Pittman of Dallas, assistant sales manager, also attended the meeting.

Sherman Youth Takes Couple On Wild Ride And Commits Suicide

KANSAS CITY, March 21.—(AP)—A crippled, self-styled madman who kidnaped a young couple and terrorized them as he drove their car at 80 miles an hour killed himself late yesterday while three police detectives stood outside his hotel room door.

Police Chief L. B. Reed said the man was Oliver Norris Bridges, Jr., 21, of Sherman, Texas, who has served vagrancy sentences in Los Angeles and Wichita, Kas.

Miss Jeanne Harvey, 19, and James L. Person, 28, told Chief Reed that the man:

Pointed a pistol at them as they emerged from a downtown night club Wednesday night and drove away with them in Person's car.

Admitted his insanity. Kept them captive nearly six hours on a wild ride of more than 250 miles.

Remarked while passing an insane asylum in Kansas, "right there is where I belong."

Commented as they crossed into Kansas, "I'll get 30 more years now for kidnaping and the Mann act."

Once attempting to compel the couple to disrobe but relented after Miss Harvey wept. Brought them back to Kansas City, let them out and drove away.

CRANIUM CRACKERS

Windy March—March is the month of Mars, god of war, and has for several years been the month in which Hitler has made his bold strokes. But March has other claims to fame, as you will find when you answer these questions.

- 1. When did the ides of March fall, and who was told to beware of them?
2. If St. Valentine is honored Feb. 14, what saint is honored in March, and on what date?
3. What two animals are associated with the month of March?
4. A famous general who became President was born in March. Who was he?
5. Why is March 21 a ringed date on everyone's calendar?

Transparent Skirt Section

It's been many a year since evening clothes dramatized legs or, in fact, even allowed them to be seen at all. In Mainbocher's spring collection, however, there are striking, gossamer sheer evening gowns over day-length slips. This one, of navy blue tulle with two-tiered skirt and little shoulder cape sleeves, is worn over a short slip of navy and white plaid taffeta. The giant rose at the waistline is of matching taffeta, covered with one layer of the tulle. Notice the long gloves. The famous designer shows gloves in this longer length with both day and evening costumes.

Marriage Of Midland Girl And Brownwood Man Announced Here

Coming as a surprise to her friends in Midland was the marriage of Miss Flo Roderick, daughter of Mr. and Mrs. C. O. Roderick of Bonham, and Tom Clark of Brownwood, son of Mr. and Mrs. John Clark of Eastland. The wedding took place at Olton, Texas, Sunday, March 9, with the Baptist minister officiating.

The bride wore a blue suit with pink accessories. Mr. and Mrs. Clark will be at home in Brownwood as soon as suitable living quarters can be obtained there.

For the past four years, Mrs. Clark has made her home here with her sister, Mrs. Noel G. Oates. She is employed at Sybil's Beauty Shop.

Color Theme For Bridge-Luncheon Is Yellow And Green

Yellow jonquils arranged in a flat dish with candles in the form of cat-tails formed an effective and unusual centerpiece for the table when Mrs. John Cornwall was hostess to Thursday Club with a bridge-luncheon at her home, 608 North Marfield, yesterday.

Green and yellow were favored in the flower arrangements and in the menu for the luncheon which was served in buffet style.

Two tables of bridge games followed the service hour, with Mrs. R. W. Hamilton scoring high and Mrs. W. Watson LaForce second high.

Mrs. Reese Cleveland was the only guest. Members present were: Mmes. F. Black, Hamilton, E. A. Humphill, LaForce, R. W. Pattison, William Y. Penn, W. W. Studdert, and the hostess.

Sans Souci Club Entertained With Dessert-Bridge

Sans Souci Club was complimented with a dessert-bridge at the home of Mrs. Harold Adkinson, 1805 West College, Thursday afternoon at 2 o'clock. Spring flowers were employed in decorations.

After the dessert course, two tables of bridge were played. Mrs. B. W. Stevens scored high and Mrs. William J. Russell held out.

Present were the following, all club members: Mmes. E. L. Hoffer, A. E. Horst, A. H. Riley, Russell, Steens, W. P. Thurmon, L. A. Tullios, Frank Williamson, and the hostess.

Justamere Club Has Morning Party

Mrs. Herbert King entertained Wednesday with a morning party for Justamere Club at her home in South Midland.

Two tables of 42 were played with high score going to Mrs. Leonard Skaggs and low score to Mrs. A. B. Stickney.

Guests were Mrs. Glenn Kinsey, Mrs. Skaggs, and Mrs. Hubert Drake. Members present were: Mesdames C. J. McNeal, Stickney, C. G. Murray, Gladys Holster, and the hostess.

Junior Wednesday Club Has Social

Junior Woman's Wednesday Club held its scheduled social meeting in the form of a bridge at the home of Mrs. Ben Black, 111 North G street. Hostesses were Mrs. Black, Mrs. Louis Thomas, and Mrs. Wright Cowden.

Spring flowers were used in party appointments.

Two tables of bridge were played. Present were: Mmes. Frank Miller, Don Oliver, Jack Brown, Al Cowden, James T. Smith, Miss Lucile Thomas, and the hostesses.

Mrs. Albert Norwood Honored At Shower

Mrs. Albert Norwood was honored with a pink-and-blue shower at the meeting of Lorado Sewing Club for which Mrs. Dell Skelton was hostess at her home 408 S. Loraine.

An oral contest was conducted by Mrs. Skelton.

Club guests were: Mrs. A. E. Towery, Mrs. Roy Clark, Mrs. Leo Norwood, and the honoree, who is a sister-in-law of the hostess.

Members present were: Mmes. J. A. Andrews, Dennis Murphy, Harry E. Barney, S. V. Tekell, W. M. Wingo, Joe De Mars, and the hostess.

Next Tuesday the club will meet with Mrs. Wymer Smith, 608 S. Big Spring. Officers will be elected.

There Is No Defeat For The Christian Who Follows Christ

By R. A. Weaver
23 But they were urgent with loud voices, asking that he might be crucified. And their voices prevailed.

24 And Pilate gave sentence that what they asked for should be done.
25 And he released him that for insurrection and murder had been cast into prison, whom they asked for; but Jesus he delivered up to their will.—Luke 23.

For several weeks we have been studying the life of Christ according to Luke, and today's lesson concludes this study, for today the lesson is about the trial, condemnation and crucifixion of the Lord. Those who have followed these lessons over the period just concluded should have a clearer conception of the life and labor of the Master, and a closer walk with the Shepherd of the Sheep.

The Good Life.
As we have seen in our studies, Jesus came into the world to provide life and abundance unto all who would follow His steps. His promise was, "I came that ye might have life, and abundance." His task was to point the way to the good life, and to enable mankind to find the Pearl of Great Price, which is to know the Truth—the knowledge of which makes men free indeed. His ministry was a ministry of helplessness. He healed the sick; raised the dead; comforted the broken hearted; and comforted all who mourned. He went about doing good. Always tender and loving kind; compassionate and helpful unto all people, His life was lived for others. He was the physician who could not heal himself; the weary and heavy laden one who gave rest to others; the man of sorrow and acquainted with grief who brought joy and gladness to others.

The Way of The Cross.
Such a life deserves the best things possible. Such a contribution to the world entitles the benefactor to share the blessings of man-kind. But it has not been so since the foundation of the world. The words that Christ spoke before he was crucified are: "I am permitted to bring the tidings of salvation to a world caught in the whirlpool of death. At the end of weary days, the dusk of evening found Him with no place to lay His head; and the dawning of tomorrow found Him facing the shafts of cruel mockings; savage attacks of sneering ingrates; and the cold hand of greed and lust. Truly Jesus was a man of sorrow and acquainted with grief. That is the hard fact which all Christians must face now, and every day, should one determine to follow the blood stained path that led through Gethsemane, Pilate's Court and atop of bloody Golgotha's brow. The Way is Straight. It is the Way of the Cross. It will never be otherwise. Sunny climates, bowery vistas, and rivulets laughing sweet are not a part of the Path that winds through the valley of this vale of tears until the Lights of Home. This change all Christians must face and accept, and it is to the everlasting credit and glory of the church and the Kingdom of God that men choose this Path knowing full well that the cross is a part of the Life that is the light of men.

Truth is Not Bound.
Jesus walked among men as the Great Teacher for only three and one-half years, but Truth and Goodness and Divinity do not depend upon time, nor life, nor death for the accomplishment of that which is decreed. The eternal attributes of God which Jesus lived and manifested are not diminished, nor halted by lack of time, nor does death weaken or finish the onward sweep of the surging tide of God's Will manifesting in the lives of mortal men. Truth crushed to earth will rise again, and he who in the fullness of the Spirit of God maintains the integrity of the Father will draw all men unto him even if lifted up in death. Righteousness cannot fail. The Good life must bear fruit long after these earthly tabernacles have crumbled into dust. The individual in whom Christ dwells may be crucified with Christ, but he will also arise with Christ from the grave, and his life will elevate and inspire and encourage all men. Such a person is as a city that is set on a hill and cannot be hid. He is a light in the world that never faileth, and even after he has gone beyond the "smiling and the weeping" he still draws all men unto the Father.

Tachies Club Has Two-Hostess Party

Tachies Club met at the Crawford Hotel, Wednesday at 1 o'clock, for its bi-monthly luncheon and bridge, with Mrs. Wallace Frank and Mrs. Winmont Hunt hostesses. Yellow daisies and blue cornflowers were used in decorations.

In the bridge games following luncheon, awards went to: Mrs. W. P. Z. German for high score; Miss Anabel Youngblood for second high; Mrs. H. L. Beckmann for third high; and Mrs. J. Harvey Herd for bingo.

Club guests were: Mrs. Ralph Geisler, Mrs. German, Mrs. W. B. Robinson, and Miss Evelyn Thrasher of Tulsa, Oklahoma.

Members attending were: Mmes. Beckmann, Jimmie Brooks, Geo. Byrne, Herd, C. L. Chase, Herbert Moore, C. M. Linehan, Bernard Rowland, Richard D. White, Miss Maxine Sill, Miss Youngblood, and the hostesses.
Miss Helen Fasken and Mrs. Moore will be hostesses for the first party in April.

Club Studies River And Boulder Dam

The Colorado River formed the basis of the program at the meeting of Modern Study Club with Mrs. J. M. Haygood, 708 W. Kansas, Wednesday.

Mrs. Glenn Lewis was leader for the day. The chief paper was written by Mrs. John Kenyon and read by Mrs. M. T. Hartwell. Mrs. Lewis led the roundtable discussion on Boulder Dam. She displayed a book of pictures made by the doctor in charge of the hospital at the Dam, the photos showing the progress of construction of the project. Health statistics for the project were discussed.

Mrs. Tom Sealy presided at the business session during which Mrs. Lamar Lunt was elected delegate and Mrs. F. E. Schenck alternate to the Federation convention at Marfa. The club also contributed to the district scholarship fund and the penny art fund.
Present were: Mmes. F. C. Cummings, Austin Flint, Hartwell, Haygood, Lewis, James Lowe, H. E. McRae, A. H. Riley, Sealy, Fred Turner, J. W. Skinner.

Mrs. Vance Hostess To Needlecraft Club Meeting

Ten members of the Needlecraft Club, including the hostess, were present when Mrs. J. O. Vance, 302 South I, entertained with the organization's weekly sewing party, Thursday afternoon. Jonquils and calendulas, orchid petunias, and violets decorated the house.

High point of the afternoon was display of an afghan which Mrs. Wallace Ford has completed for her daughter. Four shades of rose worked into an optical illusion design distinguish the afghan from the usual spreads with their hodgepodge of bright colors.
Crocheting, buttonholing, and knitting supplied diversion.
A salad course was served.

Present were: Mmes. John Dunagan, H. G. Bedford, B. C. Girdley, H. H. Watson, J. A. Tuttle, Geo. Phillips, Addison Wadley, Ford and the hostess.
Mrs. Watson will be hostess to the club next week.

Spring Theme Is Chosen For Party Of Colonial Card Club

Spring, which officially opened yesterday, was stressed in the party theme when Mrs. O. F. Hedrick complimented the Colonial Card Club at her home, 800 W. Michigan, Thursday afternoon.

The spring motif was followed in the playing accessories with designs of spring blossoms and in the party plate served.
All club members were present. Two tables of bridge were played with Mrs. Terry Elkin holding high score. Mrs. W. E. Fry Pratt travel prize and Mrs. Barney Grafa bingo.

CHILD LABOR PROPOSAL RESTS IN SUBCOMMITTEE

AUSTIN, March 21—(AP)—The controversial proposal that Texas ratify a federal constitutional amendment which would prohibit child labor rested in a legislative sub-committee today.

Rejected five times by previous legislatures, the resolution-barring employment of persons under 18 years of age, was referred, 7 to 4, to a sub-group of the House constitutional amendments committee was instructed to report April 3.

Alternately assailed as a socialistic menace and commended as a means to prevent child labor exploitation, the proposal evinced heated debate. It was adopted by Congress in 1924 and ratified by 36 states would place it in the constitution.

PRIZE WINNER

Mrs. Tom Shipp, Jr., Denison, winner of first prize of \$100 in this week's Admiration Happiness contest and a chance at the \$1000 grand prize really believes there's "Happiness Ahead with Admiration." After being informed of her good fortune, Mrs. Shipp said, "This was the first time in my life that I'd won a contest! Your 'Happiness Prize Certificates' are rightfully named, as they certainly will mean lots of happiness for me and my husband and baby."

Wool

BOSTON, March 21—(AP)—(U. S. Dept. Agr.)—Offerings of spot domestic wool in Boston were extremely limited today. Interest in domestic wools was confined mostly to re-sale of the fine wools contracted in the Western states. Demand for foreign wools continues good, especially for the fine and half blood grades. Spot South American fine wools were quoted mostly around 98-103 scoured basis, duty paid. Sales of fine Australian wools have been reported at \$1-\$1.09, scoured basis, according to quality.

Writers Concede Midland Threat In Angelo Events

Sports writers of the area have conceded Midland Number two "threat" in the District 3-AA track meet in San Angelo tomorrow.

Events get underway at 1 p. m. on the Cemetery Field there. Abilene, Midland, and San Angelo are definite entries. Lamesa, Sweetwater and Colorado City are expected to enter. Odessa chose the Cactus Relays at Iraan.

San Angelo's scheduling of the 3-AA meet kicked up comment concerning its conflict with the Cactus Relays event in Iraan, but neither meet has been cancelled.

Midland will take a 14-man team to the meet. The squad and Coach Murell Freels will leave tomorrow morning. Making the trip will be: Wendell Williams, Ken Williams, J. M. White, Cletas Hines, Bill Franks, Ivan Hall, Maurice Bratton, Mike Buffington, Gordon Bigham, Marshall Whitmore, Jack Noyes, Robert Wheeler, Foster Hedrick, and John Ward.

Semi-Pro Team Will Hold Initial Workout

Baseball candidates for a Midland semi-pro team will hold an initial workout Monday afternoon at the baseball field, Jim Payne, who will manage the team, announced today.

Baseball players interested in trying out for the team should communicate with Payne or report to the workout, he said.

Midland business and firms will be invited to see if they will sponsor a twilight league for four or six clubs.

"How Long Will It Last?" Is Chant Of Louis-Simon Fight

DETROIT, Mich., March 21 (AP)—"How long will it last?" That old, familiar chant was heard today with Joe Louis, carrying on with what is described as his "bum-a-month" campaign, expected to blast the championship aspirations of ponderous Abe Simon tonight.

The battle, set for 20 rounds or less in Olympia Arena, is jokingly or otherwise called the fifteenth defense Louis is making of his world's heavyweight championship since he won it from James J. Braddock in Comiskey Park, Chicago, back in June, 1937.

Started With McCoy

The chant started in Boston last December when the Brown Bomber beat Al McCoy so unmercifully he was unable to answer the bell for the sixth round. It was next heard in New York where stout-hearted Red Burman yielded in five rounds. Next in Philadelphia where the battle-worn Gus Dorazio fell on his face, completely knocked out, in two rounds.

As the hour of the bout approached there was not one, with the exception of Simon and his manager Jimmy Johnston, who conceded ponderous Abe a chance. Simon stuck to his conviction that he never had been hurt by a blow and did not believe Louis could do it, either.

Although no one questions the outcome of tonight's bout, scheduled to start at 9 p. m. (CST), it is expected to draw a capacity crowd of 14,000 and a gross gate of \$50,000, with tickets selling at \$1 to \$5.

California Clubs Move To Fore At N. A. A. U. Meet

By Loudon Kelly DENVER, March 21—(AP)—Tall, hot-shooting sons of California, Deadeye Hank Luisetti in the fore, took over almost complete dominance of the 34th National A. A. U. Basketball Tournament today.

Only the towering Phillips 66 Oilers, defending champions from Oklahoma's Caney River country, blocked the way of one or another of three California teams toward the national title that no Pacific Coast outfit has won in 22 years.

Phillips' veteran team, vowing to be the first two-time champions since the title-winning Tulsa Oilers of 1933-34, will clash with Hollywood 20th Century in the closing semi-final game tonight.

Athens Beats Wilsons

Luisetti's San Francisco Olympic Club team will clash with its neighbor from across the bay, Oakland Athens Club, in the other semi-final.

Phillips overwhelmed the Los Angeles Cliftons in the second half of a 42-21 triumph. Hollywood's victim, the last Southern team in the tourney, was Shreveport, La. Morris Dickson by a 47-36 score. Athens Club tossed the Dallas Wilsons into defeat, 48 to 36.

To many tournament followers a clash between Phillips' champions and Luisetti's San Franciscans in tomorrow night's title deciding contest would be a natural.

Sports Roundup

By Eddie Brietz NEW YORK, March 21—(AP)—Jack Johnson's feud with Joe Louis and Co., is red hot. They give old Jack the heave-no every time he tries to crash a Louis work-out. Our dope is there'll be no hoos track near Camden, N. J. . . . One man's opinion: Long Island U. to beat Ohio 7, in the cage tourney finals. . . . Everybody here going overboard on Bob Davies, Seton Hill star. Nat Holman, City College coach and one of the cage game's all-time greats, says Davies is better than Hank Luisetti. Is the Pacific Coast listening? . . . Alberta Little, Kentucky women's champ, is excused from the course on golf at Rollins College because, said the teacher, "she's better than I am."

We Can Dream, Can't We? If Abe can score an upset win (And history proves it has been done).

The Greeks can come a-charging in And put the Germans on the run.

P. S.: But the only way he'll lose, Joe said, Is to break a hand on Simon's head.

Midland Fighters To Compete In Odessa Basin Bouts March 27

Announcement that Midland fighters will participate stimulated interest here today in the Basin Gloves Show to be held at Floyd Gwin Auditorium in Odessa March 27.

Dexter Jay, district Golden Gloves bantamweight king, is slated against Roy McMin of Monahans in a feature scrap.

Mike Buffington, bulky Midland football star, will swap punches with Odessa's "Pee Wee" Evans in a heavyweight encounter.

Brooks Roberts, a Midland lightweight, may fight on the Basin card.

The boxing show is part of the program of the Sand Hills Stock Show held at Odessa.

Bulldogs Start Drills March 30

Coach Earle Clark, head mentor-elect of the Midland high Bulldogs, announced spring training would begin March 30.

Under Texas high school regulations the training will last 30 calendar days, Clark said.

Thirty grid hopefuls will report. Junior high will send over six or seven good prospects. Only two lettermen return. They are Selman Cocks, linesman, and Ivan Hall, back.

Woman Scout To Launch Tourneys

McKINNEY, March 21—(AP)—Bessie Largent, baseball's only woman Major League scout, will direct the start of the National Semi-Pro season May 4 when an estimated 80,000 clubs open the campaign simultaneously.

It is being termed "the greatest mass play in history" by the National Semi-Pro Baseball Congress.

The time for the grand opening is 3 p. m. and the occasion has been designated as "National Semi-Pro Baseball Day."

Mrs. Largent was announced yesterday as director of the mass play. Million To Compete

McKinney's noted baseball personality, who during her career as a scout has sent more than 100 youngsters into the Majors including Rip Radcliff, Luke Appling, Verne Kennedy, Monty Stratton and Art Shires, estimated nearly a million would join the celebration.

"We are going to enlist all the former diamond greats in every section so they will join the list of other celebrities in throwing the first pitch of the season in games from one end of the continent to the other," the scout of the White Sox announced.

Boxers Put On Best Show But Lose Title

LITTLE ROCK, Ark., March 21—(AP)—Two game little fighters stood toe-to-toe in the Arkansas A.A.U. boxing tournament and slugged each other so effectively that another man automatically won the 126-pound open championship.

Harold White of Little Rock and Perry West of the 127th (Kansas) Field Artillery at Camp Robinson fought at close quarters for two and one-half rounds last night, finally opening cuts over each other's eyes.

Blood streamed over their faces and they were still firing away when the referee stopped the fight and disqualified both because of their condition.

Their disqualification automatically made O. D. Hightower of Clarksville the champion.

Overall Scores High As Tyler Cage Player

TYLER, March 21—(AP)—Buck Overall is one of the nation's leading college basketball scorers. He may be the top man of them all. But what he'd like to know is how many goals you have to pour through the hoop to win a championship?

Buck has just finished his second season as pace-setter of the Tyler Junior College team with 562 points, almost a third of the squad's total. The year before he flipped in 550.

Team Tied For First

Yet the best his team ever has done is tie for the Texas Junior College championship. And it was a three-way affair at that with both three teams in the play-off.

It wasn't Overall's fault. He's been playing top basketball five years. Buck was the sensation of Cushing high school which one season won 35 of 37 games yet didn't take the title.

Overall, a slim 170-pound, 6-foot-2 youngster with a slow drawl and lightning in his feet, has averaged more than 18 points in each college game.

Weather May Prevent County School Events

Weather may prevent the holding of several volleyball contests of the Midland County Interscholastic League here tomorrow, but no announcement to that effect had been made today.

Pairings for the events are scheduled at 9 a. m. tomorrow at the high school. Events will be run off on courts and diamonds of the high school here.

Anicos To Contest Hornets For Crown

DALLAS, March 21—(AP)—Galveston's Anicos, former national champions, will battle the Dallas Hornets here tonight for the Southwestern AAU Women's Basketball title.

The Anicos defeated Quinlan 22-11 last night while the Hornets were taking out Merit 27-11.

In a practice game played earlier in the season the Anicos defeated the Hornets.

Tonight's play opens at 8 o'clock with the Irene all-stars battling Emory for the consolation crown.

Group Goes To Women Voters Convention

Four Midland women left this morning for San Antonio to attend the Texas state convention of the National League of Women Voters this weekend. The four delegates from the Midland unit of the organization are: Mrs. Bernard A. Ray, Mrs. V. W. Rogers, Mrs. M. B. Arick, and Mrs. R. M. Turpin.

Mrs. Geo. Gellhorn of St. Louis, chosen in 1938 as one of the five most prominent women in the United States, will be the chief speaker at the convention banquet tonight and at the luncheon meeting tomorrow.

NEW MEXICO GREYHOUNDS BID FOR HIGHER PLACE

PORTALES, N. M., March 21—(AP)—The Eastern New Mexico College Greyhounds, bidding for a higher place in the football sun, announced today a nine-game 1941 grid schedule listing among their opponents New Mexico State and Flagstaff Teachers of the Border Conference, and Oklahoma City University.

The Greyhounds go to Flagstaff September 20 and to Oklahoma City October 3. Other out-of-state opponents include McMurray College of Abilene, Texas, here, Sept. 26; Panhandle A. and M. of Goodwell, Okla., here Oct. 11; and Northwest Teachers at Alva, Okla., Nov. 28.

Arkansas Cagers NCAA Favorites

KANSAS CITY, March 21—(AP)—The Western NCAA basketball final gets under way tonight with a quartet of champions each boasting a pivot who is truly a "post" graduate.

For the favored Arkansas aggregation the job belongs to Capt. John Freiberger, whose 6 feet 8 inches makes it possible to flick away enemy shots while in a half crouch; Ed Beisser, 6 foot, does it for Creighton; Paul Lindeman, 7 inches above the 6 foot mark is Washington State's offering; Jim Weir, Beisser's physical equal, works for Wyoming.

Arkansas Plays Weir

In tonight's games Freiberger and his Razorback mates oppose Weir and company; Creighton sends Beisser against Washington State and Lindeman.

Arkansas is favored. The Porkers went through their 18-game college schedule without a loss.

The winner of the Western final will meet the Eastern champion here March 29 for the national title, won a year ago by Indiana.

Dartmouth, Wisconsin, Pittsburgh and North Carolina are competing today and tomorrow in the Eastern elimination at Madison, Wis.

Oil News . . .

(Continued From Page One)

1,000 gallons in pay zone from 4,204-79 feet, the total depth. The well on the Ector side of the pool.

Forest Development Corporation No. 1-C Will P. Edwards, one and one-quarter mile southeast outpost to the Douro area of Ector, is drilling at 3,140 feet in anhydrite and sand.

State-Sharp Assures Production

Swabbing and nearing 25 barrels of new oil in six hours ending at 6 a. m. today, Magnolia No. 1 State-Sharp was assured production from the lower sand of the Abell Simpson pool in Northern Pecos, which it extends seven-eighths of a mile northwest. The well had 200 pounds casing pressure at 6 a. m. It heads after 6 a. m. in progress, with being still in progress, with between 1,500 and 2,000 feet of oil in the hole. The well is bottomed at 5,945 feet.

Phillips No. 1 Sidney Silverman, south outpost to the Abell discovery and production prospect from an upper sand, is drilling unchanged at 5,238 feet in green Simpson shale. It previously had cored oil-bearing Sompson sand from 5,121-65 feet.

In the pool, Sinclair-Prairie Oil Company No. 1 Rosa R. Daley is drilling at 1,199 feet. Magnolia No. 1-B Markey Heirs had reached 1,565 feet in anhydrite. Magnolia and Stansell will spue today in their No. 2 Tex-Mex Petroleum Corporation-McKee.

Four miles east of the pool, Stanolind No. 1 Conry-Davis Unit is drilling past 2,895 feet in Permian lime. Wriston Cores Oil Stained.

Gulf No. 6 Wriston Brothers, east offset to the discovery well of the Shipley Shilburn pool in Southeastern Ward County, showed nothing in cores from 6,255 to 6,300 feet. However, a core from 6,300-04 returned three feet of cherty, gray and brown, shaly lime carrying slight oil stains. Two feet of the same material, also stained, was recovered of core from 6,304-06 feet. The well was drilled ahead with rockbit to 6,335 feet and has resumed coring.

Snead Starts Out On Meet But Makes Sure Wife Hanging Around

GREENSBORO, N. C., March 21—(AP)—Before Samuel Jackson Snead, the new North-South Open golf champion, teed off today in the first round of the \$5,000 Greensboro Open, he made darn sure that Mrs. Samuel Jackson was somewhere about the premises.

It was Snead's fine golf, of course, which was the big factor in his record-breaking victory in the North-South at Pinehurst yesterday. There wasn't anybody out there shooting that eleven-under-par 277 for him.

But there was somebody for whom he was playing the shots, and for whom he seems to play them best when she's right close at hand. That is the blond and attractive Mrs. Snead.

And here's why:

Just before last month's St. Petersburg Open, Snead went home and brought Mrs. Snead back with him. Up to that time his best showing was victory in one tournament and third place in another. Since then he has won at St. Pete, been finalist in the Miami four-ball, and third-best score and fifth money at Belleair, Fla., won the National Pro-Amateur, and finally won the North-South, a jinx tournament to him in the past. He's been averaging close to \$1,000 a week.

Baseball Games May Draw Many

TAMPA, Fla., March 21—(AP)—Baseball men are keeping their fingers crossed—but the signs appear unmistakable that the coming season will be one of the greatest in history from an attendance standpoint.

Crowd records are being broken right and left around the Florida exhibition circuit, and in the last half dozen games this observer has attended, grandstand and bleachers have been packed to where the aisles were obstructed. At some of these games the price of grandstand admission was \$1 too.

The champion Cincinnati Reds played to more fans in their first two games here than in the entire six they played a year ago, with over 3,000 watching them engage the Yankees. Cleveland and the Giants played before a record throng of 4,300 in Miami with many turned away, and on another day rival games in Miami and Miami Beach drew 3,500 and 2,800 respectively.

WHY ARE SO MANY PEOPLE SAYING I'll take GRAND PRIZE?

BECAUSE IT TASTES BETTER THAN EVER!

Folks everywhere are favoring this fine American beer. Join in their enjoyment by saying . . . I'll take GRAND PRIZE

NEW YORK, March 21—(AP)—Most of Thursday's bounding senior utility stocks took a breathing spell in today's market and fractions to 2 points or so were chipped off the general run of leaders. Transfers for the full session were about 500,000 shares.

Preferreds of Standard Gas, Engineers Public Service and Electric Power & Light edged upward in the morning, some to new highs for the year, but senior shares of Commonwealth & Southern, American Power & Light, Philadelphia Co. and American & Foreign Power lost driving power. Preferred issues of Pere Marquette and Bangor and Aroostook got up as much as 2 to 10 at one point.

Norway's northern coast is rising at the rate of five feet every hundred years.
