Charge Employes After Bloodshed During Picketing

Troubles At Milwaukee And Bethlehem Ease As Government Takes Hand

By The Associated Press RICHMOND, Ind., March 27.—After a bloody, head-bashing battle between local police and pickets at the gates of the International Harvester plant here this morning, state police raided the downtown headquarters of the CIO farm equipment workers organizing committee and arrested all those in the headquarters on assault and battery charges.

Those arrested include C. Kerr, president of the FEOWC local, and Robert Foley, an organizer.

Captain Walter Eckert, who led the state police, said about 160 of his men had been concentrated at Richmond in anticipation of disorders in connection with the reopening of this morning of the Harvester plant, closed since the FEOWC called a strike Feb. 17.

The raid came shortly after the wild melee outside the harvester plant where local police battled about a hundred pickets to clear a path for workers who responded to the company's published announcement that the plant would reopen this morning.

Orders Workers To Report. MILWAUKEE, March 27.—(AP)—The Allis-Chalmers Manufacturing Co., struck since Jan. 22, today instructed some of its production workers to report for duty this afternoon in order that full operations on \$45,000,000 worth of national defense orders can be resumed tomorrow morning.

This was the company's answer to the federal government's demand for immediate cessation of the strike, which threw 7,800 production men out of work and has delayed construction of 25 destroyers for the U. S. Navy and powder mill operations.

The government's order was dispatched from Washington by Secretary of Navy Knox and William S. Knudsen, director of the office of production management, late yesterday.

BETHLEHEM, Pa., March 27.—(AP)—A basis for settlement of the strike at the parent plant of the Bethlehem Steel Company, busy on a billion dollars of defense orders, was sought today in a meeting of representatives of both the CIO steel workers organizing committee and the company.

Headed by John V. Riffe, assistant SWOC director, the strikers' representatives entered the office of W. L. Trumbauer, Bethlehem industrial relations director, at 9:35 a. m. (CST).

It had been reported the meeting was arranged "under pressure" by federal conciliators, concerned over any delay in production of defense materials, but they did not attend.

Roosevelt To Broadcast Address For Celebrants

ABOARD U. S. S. BENSON AT SEA, March 27.—(AP)—President Roosevelt decided definitely today to speak by radio instead of personally to Jackson Day dinner celebrants in Washington Saturday night.

He began preparing his address and arranged to speak from the wardrobe of the yacht Potomac, on which he is cruising in southern waters, from 8:30 to 9 p. m. (CST).

HASN'T ENOUGH OIL AUSTIN, Tex., March 27.—(AP)—Germany cannot capture or produce sufficient oil to run its gigantic military machine for a great matched conflict of four or five years, a University of Texas petroleum expert opined today.

Dr. Luther C. Snider, who also is president of the American Association of Petroleum Geologists, said that if Germany is to rely on synthetic petroleum it must do the job within the next two years.

Ouachita Choir To Give Concert At Church Here

Forty-one young people composing the Ouachita College Symphonic Choir will be heard in a sacred concert at the First Baptist Church here at 7:30 p. m. Friday night. The choir is conducted by Ernest Lee Holloway, a senior student, and is under the supervision of Miss Thelma Batson, head of the voice department at the college at Arkadelphia, Ark.

The program will consist of numbers by Bach, Mendelssohn, and Tchaikowsky and arrangements of some of the best-loved hymns.

There will be no admission charge and the concert will be open. A free-will offering will be taken to pay expenses of the group.

Will Go To Fort Worth. While in Midland, the choir will be entertained overnight in home of Baptists and friends. From here, the choir will go to Fort Worth for an appearance Sunday. The organization comes here from El Paso.

Steel Strikers Overturn Workers' Cars

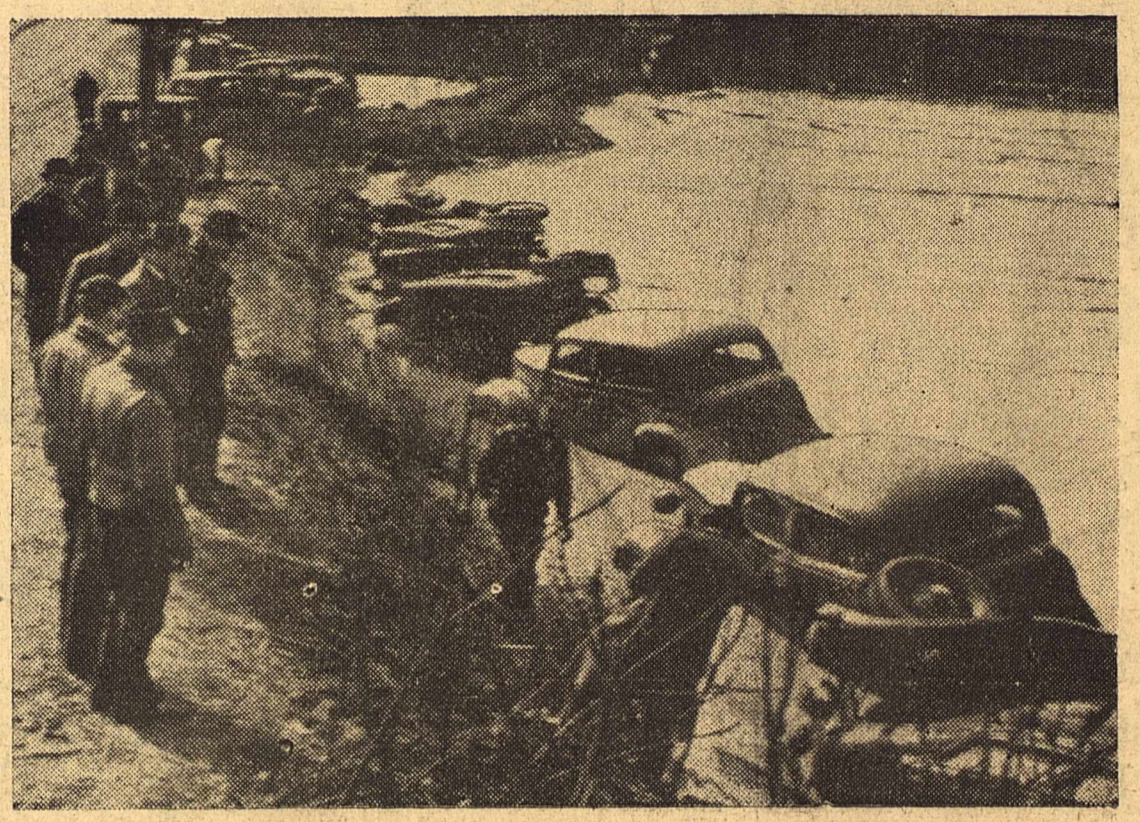

Photo shows automobiles belonging to men still working in the Bethlehem Steel plant at Bethlehem, Pa., resting in a marsh on the banks of the Leigh river near the steel plant. The cars were pushed there by strikers who objected to their owners working in the plant.

Representatives Of Oil Industry Gird For Hearing

AUSTIN, March 27.—(AP)—Spokesmen for Texas' gigantic oil industry, which yields a sizable portion of the nation's petroleum supply, girded themselves today for assaults on heavier taxes proposed by the state legislature.

Booked for a public hearing before the Senate committee on state affairs tonight were provisions of a House-approved \$25,500,000 omnibus tax bill which would boost the 2 3/4 per cent a barrel processing tax to 4 1/2 per cent and amend the gasoline motor fuel levy to include liquefied gases.

The committee last night heard arguments against increased levies on utilities, telephone companies and liquor and a newly-suggested tax on automobile finance companies. No one appeared to represent a proposed levy of five cents a share on stock sales.

Gas Hearing Monday. The bill, slated for hearings Monday on gas and Wednesday on sulphur, carbon black, soft drinks, oil well cementing, wholesalers' gross receipts, franchises and other tax-yielding sources, would provide funds for bigger old age pensions, aid to the needy adult blind, aid to dependent and neglected children and teachers' retirement. If passed, it would levy the first state tax increase since 1936.

A House committee recommended passage of a bill to regulate the practice of chiropractic and a proposal abolishing the state auditor's office and replacing it with a budget director. Approved a proposal exempting mail carriers using automobiles from commercial registration requirements.

To Direct Choir

Ernest Lee Holloway is director of the Ouachita College Symphonic Choir of Ouachita College, Arkadelphia, Ark., which will present a sacred concert at the First Baptist Church at 7:30 p. m. Friday night.

President Signs British Aid Bill

ABOARD U. S. S. BENSON AT SEA, March 27.—(AP)—President Roosevelt, aboard the Yacht Potomac on a fishing-vacation cruise, signed the seven billion dollar British aid bill at 10:50 a. m. EST, today.

His action makes the huge fund immediately available to establish the United States as the "arsenal of nations" fighting aggression. Accentuating the record-breaking speed with which Congress voted the money, the bill was sent by airplane to the president's yacht cruising in Florida waters a few hours after legislative action was completed Tuesday. Bad weather, however, delayed delivery until today.

Behind The Headlines

By DeWitt MacKenzie Associated Press Staff Writer. The reported overthrow of the Yugoslav government which signed the pact of adherence to the Berlin-Rome Axis is such a natural development that it scarcely is surprising. Still, were it not for British Premier Churchill's categorical announcement of the news, one would be inclined to proceed slowly in reaching conclusions. The early report of this momentous development came from Hungary, and since that country is a member of the Axis there was always the possibility that the story was propaganda to pave the way for Nazi occupation of Yugoslavia to "preserve order."

In any event, Hitler may seize the opportunity for just such a move. Deterrents might be the million Yugoslav troops already under arms, and the warnings which have been going out of Moscow for the Germans to go slow.

Overridden By Hitler. The really astonishing thing about this whole tense drama is that Prince Regent Paul and his cabinet should have allowed Hitler to stampede them into overriding the will of their people. The fierce cries of "down with the Axis" and "long live the king" which swept the country from end to end were ample warning to the government.

So now these liberty-loving folk of the fighting breed are said to have raised to the throne their adored young King Peter—who still is a bit this side of his majority of eighteen years—and are preparing to defend their independence. It is reported that he has designated his army chief of staff, General Dusan Simovic, to head his government—a significant appointment as indicating the determination of the Yugoslavs in this hour of crisis.

Believes Yugoslavs Ready. Whether London's jubilation over the situation is justified must depend on further clarification of the situation, especially as to the purpose of the new government. There seems to be no doubt that Churchill believes the Yugoslavs are prepared to fight against the Axis if necessary and has pledged that if a worthy government is formed it will "receive from the British government, and I doubt not in its way from the United States, all possible aid and succor."

If things work out the way he hopes, then the whole Balkan situation will be altered, with a heavy swing in favor of the Anglo-Allies. The possibility of united action by Britain, Greece, Turkey, and Yugoslavia against the Germans will have been greatly strengthened. Should that happen it would relieve the pressure on Britain from the Nazi blitzkrieg.

Farmers Take Heart As Fair Weather Forecast

By The Associated Press Texas farmers' house-bound for weeks because of excessive rains and muddy fields, took heart Thursday at the Weather Bureau's forecast for tonight and Friday.

Fair weather was officially predicted for both East and West Texas. Increasing cloudiness was forecast for West Texas, but no additional rainfall was in sight.

The club is anxious to have hundreds of citizens hear the speaker who urges a "step up in mass production of goodwill."

Rebellionists Riot Throughout Night In Bloody Demonstrations And Young King Peter Rises To Helm Of Nation

Regent Prince Paul Flees From Country While New Leaders Arrest Pro-German Ministers And Observers Speculate Hitler's Taking Charge

BUDAPEST, Hungary, March 27.—(AP)—Entrance of German troops appeared today to most diplomatic observers to be certain once Yugoslavia indicated fully an about-face from her Axis alliance.

By The Associated Press BUDAPEST, Hungary, March 27.—(AP)—Seventeen-year-old King Peter II, of Yugoslavia, took the helm in Yugoslavia today in a popular surge of disapproval of Tuesday's pact with the Axis, and swore in a government to defend the country's independence after a night of rioting, and bloody demonstrations.

Regent Prince Paul who approved the Axis pact, was reported to have fled to Greece with his Grecian wife, Princess Olga, and the government of Premier Dragisa Cvetkovic, who went to Vienna to sign the agreement with Adolf Hitler, was overthrown.

Reports from Belgrade said Cvetkovic and Foreign Minister Aleksander Cincar-Markovic, who also had an important role in the pact signing, and most of the members of the overthrown cabinet were under arrest.

Gen. Dusan Simovic, chief of Yugoslavia's air corps, took over as premier and formed a cabinet. Many persons were killed and wounded in demonstrations throughout the night, the Belgrade reports said. Fourteen were said to have been killed in Banjaluka alone.

Rioting took place in the main streets of Belgrade all night. Broadcasts Appeal. The Belgrade radio broadcast an appeal to army garrisons throughout the kingdom to support the new king and government and help to preserve order.

At the same time all reserve officers were ordered to report to their garrisons at once. The Belgrade radio said the new cabinet was sworn in by King Peter.

Troubles similar to those in Belgrade also occurred in Bitolj, in Southern Yugoslavia. In demonstrations in the capital and provinces crowds carried British and Russian flags and shouted social planning, both ardent Serbs, with Germany and Italy.

Sing Patriotic Songs. Students marched with linked arms and sang patriotic and nationalistic songs. Many were arrested. General Simovic, 50, a veteran aviator, was chief of Yugoslavia's air force and is a former chief of the general staff.

He was raised to chief of the air corps last November after an army shakeup which resulted from a bombing of Bitolj by planes, unofficially identified, during the Italian-Greek conflict.

Two other members of the new government, it was learned, are Dr. Branko Ciburilovic, former minister of agriculture, and Srdjan Budisavljevic, former minister of social planning, both ardent Serbs, who resigned from the "capitulation" cabinet of Cvetkovic rather than approve the Axis accord.

Lazare Markovic also went back into the new government as minister of justice, a post he held in 1939. Vice-Premier Vladimir Macek, the Croat peasant leader, took over his old post in the new government.

A Treasure In The Treasury

Deep down in the vaults beneath the Treasury in Washington there is a gridded, well-sealed door. From behind that door comes a pungent odor of decaying vegetation—not at all the kind of smell one expects in a dry vault dedicated to preserving gold and silver bars, or crisp-creaking new currency.

In heavy packing cases lining one wall of the shelf-lined vault is 500,000 pounds of the best raw Macedonian opium. That means three years' supply of one of the most important strategic raw materials.

Why the Treasury vault? Simply because opium is very likely to get away if stored in private warehouses. The pressure for obtaining it is so great that it might slip through private hands, however closely guarded. But in public hands, in the Treasury's own vaults, it will be there when needed.

Yet this priceless supply was secured by private dealers. Several drug companies put up \$1,000,000 apiece to buy it, at the government's behest. It is a fine example of co-operation between the government and private agencies. The government saw a public need for a reserve stock of this necessary drug. The private companies went out and bought it. And the government stores it for such use, public or private, as may be found necessary for the public good.

Eight million ounces of quinine have been added to reserve stocks against some emergency which might interfere with normal supply.

This phase of preparedness is by no means complete. Similar co-operative measures are being taken to re-establish the cultivation in South America of cinchona bark. It is native there, but, like rubber, its commercial production passed to the Dutch East Indies, which might be cut off. Government researchers are also busy on possible substitutes. Digitalis, mahuang, belladonna, cascara, ipeca, pyrethrum and rothenone are other examples—new sources are being sought. A Jewish refugee colony in Santo Domingo is developing the castor bean, and may provide a Western Hemisphere source for castor oil.

Preparedness in the supply of vitally necessary drugs is a fine example of what can be done by co-operation of government and private enterprise, given understanding and goodwill on both sides.

Traffic Congestion Is Costly

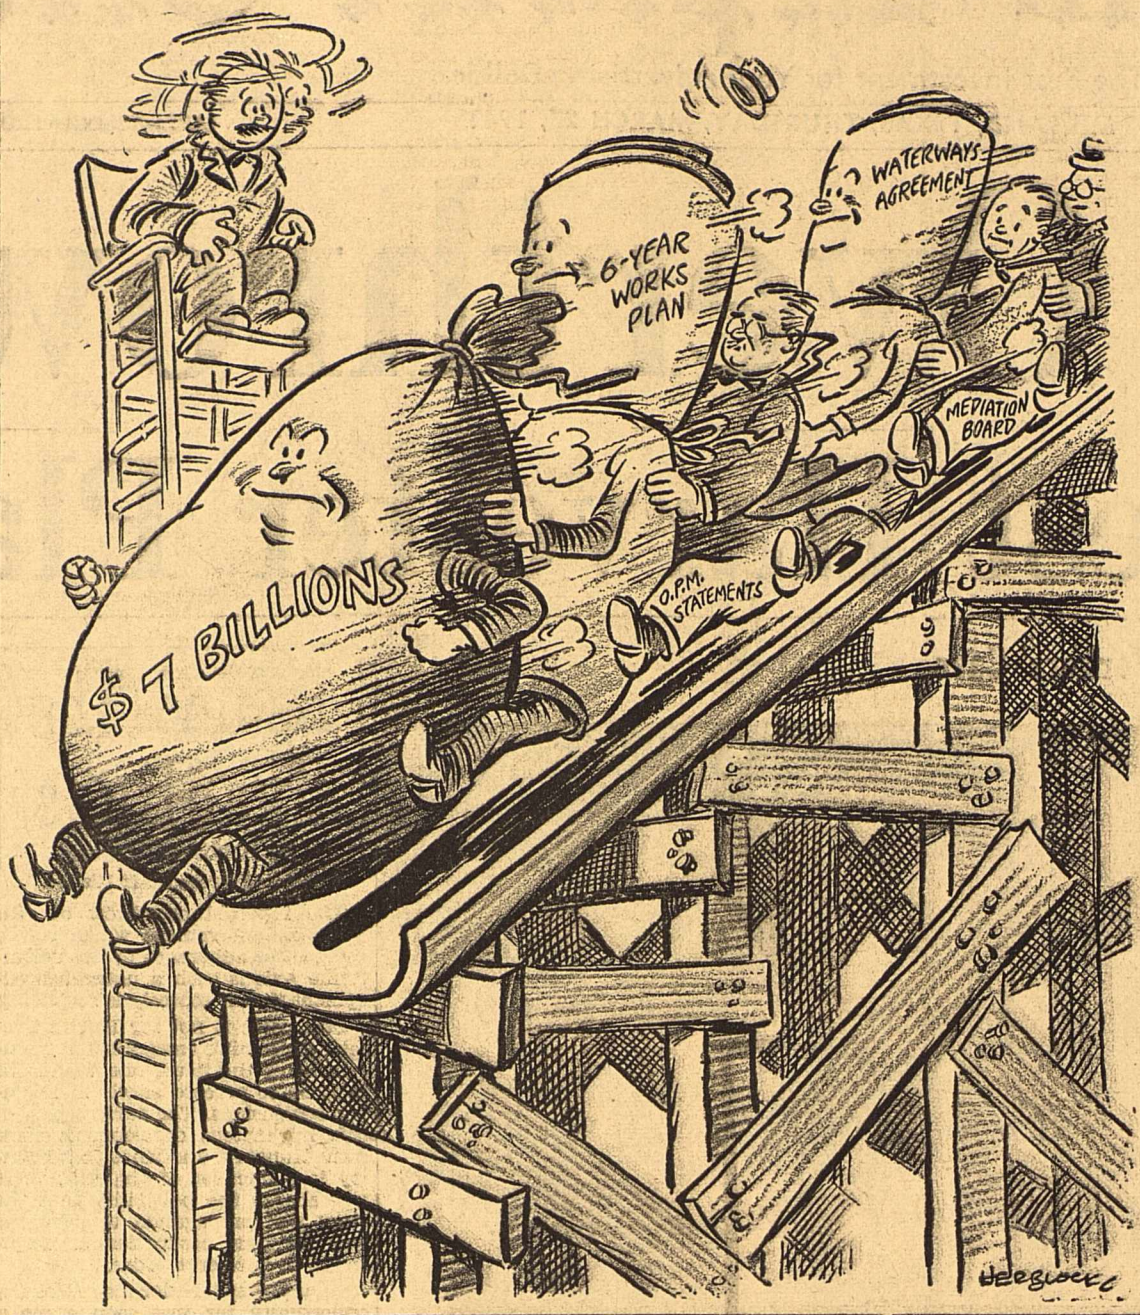

Everybody knows that traffic congestion is a nuisance. Everybody knows it is infuriating. But not everybody knows it is costly.

The annual economic loss to Detroit, for instance, from traffic congestion, is estimated at \$18,000,000 by the Michigan state highway department, reports the American Public Works Association. That doesn't count economic losses due to accidents. It is based on gasoline wastage, estimate at about one-third, extra wear on brakes and motors, and time lost by drivers. A value of 3/4 cent was placed on every minute lost by passenger cars, 1.47 cents for buses and commercial cars, 1.38 cents for taxis.

The best way to find missing relatives is to get rich.

Defense Production Program Runs Up Against Bottleneck Barriers Seeking Slice Of Political Cake

By Peter Edson, Reporter-Telegram Washington Correspondent

WASHINGTON, March 27.—In the great task of this day—the deep duty of moving products from the assembly lines of the factories to the battle lines of democracy—one of the great sacrifices steelworkers, stevedores, storekeepers and housewives might like to see is the sacrifice in Washington of one of the primary bottlenecks interfering with defense production—the bottleneck of politics.

This crack is not aimed at congressmen who may argue against a lease-lend bill or a \$7,000,000,000 appropriation. It is aimed at the petty administration fringe which plays departmental or personal politics in the defense effort and plays the game with such determination that opponents can be given cards and spades in any casino contest organized, and still be licked. The crack is not aimed at individuals, either, but at the entire stratum of men who in private industry would be rated as second assistant vice presidents in charge of something or other, and who play office intrigue practically all the time, and should be slapped down.

Who Will Boss O. P. M.? You have to live in this Washington smokehouse for a time to learn the catch-as-catch-can rules. Every player has a hand of cards which represent the personalities and programs that particular player wants to put over. This hand is shown to any kibitzer who has any

Glass Urges Use Of Convoys If Germany Bothers Aid Supplies

WASHINGTON, March 27.—(AP)—With Germany's unrestricted sea war zone extended to the edge of the American hemisphere, Senator Glass (D-Va.) called today for the use of United States navy convoys if Nazi surface or submarine raiders attempt to sink lease-lend shipments of military supplies bound for Britain.

The peppery Virginian minced no words. "If they interfere with us," he told reporters, "we ought to shoot the hell out of them. I am for convoys if Germany sinks our goods." The stand taken by the 83-year-old senator, however, found no ready backing among his colleagues on the foreign relations committee. Most of them ruled out convoys, barring an imminent or actual state of war.

While this informal discussion progressed, state department officials pursued their study of the German decree Tuesday extending the Reich's counter-blockade zone within three miles of Greenland—the Danish colony which is considered a geographical part of the Western Hemisphere.

Predicts Yugoslavia Will Renounce Pact

LONDON, March 27.—(AP)—Prime Minister Winston Churchill predicted today that the new Yugoslav government would repudiate the country's pact with the Axis.

"Though I don't know what will happen and one cannot be sure of anything," he said, "I believe that it is reasonable to expect that we shall have a government in Yugoslavia which will repudiate the pact signed the day before yesterday and will be ready to defend the honor and frontiers of Yugoslavia against aggression." Churchill spoke at a trade union congress luncheon.

U. S. May Align Defense Agencies In OEM Branch

WASHINGTON, March 27.—(AP)—President Roosevelt, it was learned today, has under consideration an administrative realignment which would centralize national defense agencies under the Office of Emergency Management.

There would be four main divisions: 1—The present Office of Production Management; 2—A price control agency; 3—A "home defense" section; 4—An "economic defense" unit.

The process of consolidating all defense activities outside of war and navy departments is already under way, informed officials reported. They said Mr. Roosevelt probably would appoint an active director soon for the office of emergency management to facilitate matters.

This man would not, they explained, be a "defense czar" but a defense coordinator whose chief job would be to speed up contacts between President Roosevelt and the defense agencies. Centralization of defense work under the office of emergency management, officials said, would mean the disappearance of the national defense advisory commission, the original seven-member organization set up last May when the rearmament program began.

History Of Oil And Gas Law Explained By James T. Smith

The history of oil and gas law was explained to Midland Rotarians at their regular meeting today by James T. Smith, attorney.

"Few users of oil and gas," Smith said, "have any idea concerning the complicated legal problems of the industry and, yet, no other industry is so vital to the nation in these days of national defense."

He told of the gradual development of law concerning the industry and explained various theories employed by courts in past years in cases concerning oil and gas.

The courts, now, Smith said, have created a new body of law concerning oil and gas. "This body of law is distinct and different from any other known in the past."

Tom Sealy of the program committee introduced the speaker. Malcolm Bridges of Big Spring, WPA recreation supervisor for this area, discussed proposed plans for providing entertainment for soldiers of the anti-aircraft brigade who will come here next month for maneuvers. He told of recreation projects worked out in Abilene and San Angelo for army camps.

W. B. Simpson, president of the club, presided at the meeting and announced the next program committee will be composed of George D. McCormick, R. L. Miller and James T. Smith.

Mrs. Fred Wilcox resigned as president of Fine Arts Club in a meeting of the organization, Wednesday afternoon. The club met at the home of Mrs. Wm. Y. Penn, 806 W. Storey, with Mrs. Fred Fuhrman acting as hostess in Mrs. Penn's absence.

Mrs. Alden Donnelly was granted associate, instead of active membership.

Discussion was held on the course of study for next year.

A current periodicals program was presented in the form of three papers.

Mrs. O. J. Hubbard's paper dealt with "The Story of Rubber."

Mrs. T. Paul Barron read a paper prepared by Mrs. L. A. Absher on "The Netherlands."

Mrs. E. Hazen Woods discussed "Puerto Rico" in her paper, which was a resume of an article in Fortune Magazine for February.

Present were a guest, Miss Louise Baum of Colorado Springs Colorado, and the following members: Mmes. Absher, E. H. Barron, T. Paul Barron, Tom C. Bobo, L. G. Eyerley, E. H. Ellison, F. H. HAVE YOU EVER WONDERED HOW PRICES ARE FIGURED?

HERE'S how Safeway does it. Not by guess. Not by making some prices low to attract you and others high to make an extra profit. Nor by having them low for a few days and high the others. Safeway prices every item at the lowest point that costs will permit... at a price that gives our customers the benefit of all the savings we make. That's why Safeway prices are low on every item every day. No tricks. Just an honest effort to give you the lowest prices possible on the finest foods available.

Japan Arrests Eight Americans For Taking Active Side In Battle

TOKYO, March 27—(AP)—Fifteen persons, including at least eight and perhaps 10 Americans, were reported under arrest in Korea today on charges of campaigning against Japan's war in China.

The Japanese foreign office assured U. S. Embassy Secretary Benninghoff, who presented a protest on behalf of Ambassador Joseph C. Grew, that a prompt and thorough investigation would be made.

U. S. Consul General O. Gaylord Marsh in Keijo was reported conferring with the authorities in Keijo on the charges against the Americans. First reports to Tokyo had said he himself was under arrest but these later were declared erroneous.

Initial advices from Keijo named only four persons being held, listing them either as Presbyterian or North Presbyterian missionaries.

They were: Dr. D. S. Lowe, Miss Alice M. Betts, Herbert P. Blair and Otto De Camp. (The dispatch gave no home addresses).

Jaycees To Visit Regional Meeting

The Midland Junior Chamber of Commerce will send a delegation to a regional Jaycee conclave in Odessa tomorrow and Saturday.

Twenty cities are expected to send club representatives there, officials reported.

The two-day program includes business and entertainment. Registration is 10-12 a. m. tomorrow, and a business session will be at 2 p. m. From 4 to 8 p. m., the delegates will tour the Sand Hills Stock Show. A stag dinner will close the first day.

Saturday morning at 9 a. m. a breakfast will be held for visitors. Following that parties will be formed to tour the oil fields of the Permian Basin. An afternoon business session, and a stag banquet at 7 p. m. at Hotel Elliott and a dance will end the two-day affair.

Pensions Committee To Conduct Hearings

AUSTIN, March 27—(AP)—A Senate committee investigating old age assistance administration has scheduled hearings in Dallas for Friday and Saturday, members said today.

Meetings in the commissioners' court room of the hall of records building, the members plan to question old age assistance field investigators from 19 counties, including Dallas.

Members of the group are Claude Isbell of Rockwall, chairman; Clem Fain of Livingston, Karl Lovelady of Meridian, Ben Ramsey of San Augustine and Joe Hill of Henderson.

MIAMI POPULATION RISES BUT DELINQUENTS DECLINE

MIAMI, Fla.—(UP)—The promotion of friendly relations between the policeman on the corner and children of the neighborhood is reported to be the reason for the decline of juvenile delinquency here despite a heavy population increase.

Detective Sergeant Charles F. Schwelm, treasurer of the Miami Police Benevolent Association, pointed out that a good will policy between police and youngsters and the increase of playground facilities has contributed to the decline of a criminal trend among children.

DOLLARS TO DOUGHNUTS

BY EDITH ELLINGTON

YESTERDAY: Anthony tells me more about himself. How his parents died when he was still in school, how his father's friend educated him. He almost admits her real identity, but doesn't, fearing the knowledge might kill Anthony's love for her. She does tell him about Grandfather Huntington, mentioning no names. A policeman finally ousts them from the park.

HE LOVES ME!
CHAPTER XVI

IN the morning, Beatrice regarded her black stock dress with dissatisfaction, before she put it on.

"I want to look beautiful for Anthony," she thought. "I want a dress like some of those at home . . ."

All those dresses, hanging in the closets in the apartment on Park Avenue, were as far away as if they were on some other continent. The jewelry in the antique silver box, the rows of slippers and hats, were useless now.

"All I've got is this. Yet Anthony fell in love with me. He didn't fall in love with my clothes, or my haircomb, or my car. I have nothing. Nothing at all. He fell in love with me."

"What time did you get in last night?" Toby demanded, from the kitchen where she was pouring coffee. "Terry stayed until practically dawn and still you didn't come . . ." She yawned.

"Another day. As they say in the army, another day, another dollar. A million days, a million dollars. Oh, Vera, what in thunder were you and Terry fighting about? You kept me awake."

"The same old thing," Vera shrugged. She looked more beautiful than ever, this morning. Her brown eyes had such thick, silky lashes, and her five-feet-nine inches of lovely curves under the navy blue crepe illustrated afresh why she was constantly phoned about modeling jobs which she never took. "If I married Terry, I'd live on 16-millimeter film, get paid up with burnt-out flash bulbs."

"You're such a far-seeing wench!" said Toby. "Why do you pick up these wet smacks and then make them miserable because you can't marry them?"

Astonishingly, Vera's red lips twisted, and her eyes filled with tears. "You know why!" she cried harshly. "Lend me a dime for carfare and shut up!"

AFTER she was gone, Beatrice looked at Toby, bewildered.

"Vera," Toby explained slowly, "is in love with Jake Simon. He's half her size, and has a shrewish little wife."

"Jake Simon—?" Beatrice said.

"I've heard that name somewhere before, haven't I?"

"He's her boss. Every season his firm almost goes under, and every season Vera sticks it out, getting paid now and then. That's why she won't work anywhere else, don't you see? She could make thousands if she'd only take the fashion and posing jobs that come her way! But . . ."

"Toby washed the coffee cups viciously. "Dear old Huntington's keeps Jake Simon so broke he can't buy his wife off with alimony. They keep cutting prices, threatening to buy somewhere else, and that would ruin him. A lot of the better dresses upstairs are his."

"Oh, it's a mess! Vera's loyal, and Jake's really a swell guy, if you're looking. Anyway, that's just one of the things that makes me hate Huntington! What that store does to people's lives!"

Beatrice averted her face, carefully. "I didn't know Huntington's was such an ogre. What else does the store do?"

"It would take me a week. Getz, for instance. No pension. And all those hardworking saps in the office, who do Bruce Sheldrake's job for him at about one-twelfth the salary. And manufacturers like Jake, pushed to the wall because Huntington's pares prices to the bone."

"Maybe that's the management," Beatrice suggested slowly. "Perhaps the people who own Huntington's don't know about—?"

"You mean the Duchess?" Toby inquired shortly. "Huh! That dame's so busy keeping an Italian prince, or whatever he is, she hasn't time to find out about all the girls her own age and just as good as she is, too, who live on nothing and work like slaves so she can run around to Palm Springs and Hawaii and South America. Did you see that in the paper? She went to South America."

Beatrice's throat closed up. "We'll be late."

AS she hung up her things in her locker, she longed for and dreaded the moment when she would see Anthony. Her face burned, remembering their kiss. Would it be the same, when she saw him again?

She thought, too, of what Toby had said. Soon now she'd have to do something about improving the management of the store.

But then she wondered what it would do to Anthony, finding out who she was. Would he hate her for deceiving him? Once he had asked her, "Are you trying to make a fool of me?" Please,

President Sends Base Agreements To Congress

WASHINGTON, March 27—(AP)—President Roosevelt sent to Congress today newly signed agreements transferring naval and air base sites to the United States in seven British possessions in the Western Hemisphere "for American defense from attack."

An agreement will be signed later for the site in the Bahamas, the eighth of the group involved, in last September's destroyer-base trade, when the United States authorities decide on a definite location.

The agreements, which do not require Congressional approval, were submitted for the information of the Senate and House.

U. S. Congratulates Yugoslav Overthrow

WASHINGTON, March 27—(AP).—The United States sent congratulations today to the new Yugoslavia government and noted that President Roosevelt was empowered to assist nations seeking to preserve their independence.

Sumner Welles, acting secretary of state, announced that Arthur Bliss Lane, the American minister in Belgrade, had been instructed to inform the new government, which has overthrown the pro-Axis regency, of the U. S. attitude.

Western Golden Glovers Boxers Turn Back Eastern Stars, 10 To 6, While Menchaca Smashes Three-Round Win

CHICAGO, March 27—(AP)—Western boxers stood today as the best in the land on the basis of a 10 to 6 victory over the finest amateur talent of the east in the 14th annual New York-Chicago Golden Gloves contest before 19,305 spectators in the Chicago Stadium last night.

The Westerners, coming from central and southwestern states, battled their way to victory in five of eight championship bouts, and in five of eight bouts involving alternates.

Thus they maintained their record of never having lost in their hometown arena. The record to date is eight victories for the West, three for the East, and three ties in 14 years of competition.

Negro Fighter Is Star

The 16 bouts produced only one knockout but revealed three impressive stars. They were Ray Brown, a skinny negro high school boy from Chicago; Dick Menchaca, a Mexican lad now living in Fort Worth, Texas, and Jack Haley, a 21-year-old red-headed Irish lad from Kansas City.

Brown turned out to be the most impressive boxer on the card although he appeared in an alternate 118 pound bout. He decisively defeated Johnny Aiello, of Wilmington, Del., a Golden Gloves veteran, jabbing and hooking his way to victory.

Menchaca also turned in a decisive victory over Lester McGowan, a baby-faced 18-year old high school lad of Buffalo, N. Y., in the 118 pound championship class. He floored McGowan for a count of nine in the first round, and then toyed with him in the remaining two rounds. Haley, feeling none too well before his engagement with Charles Davis, New York negro, in the 126 pound division, was ordered to bed after whipping the New Yorker.

Phone Hook-Up Will Keep Golfers Posted

AUGUSTA, Ga., March 27—(AP)—Reaching a new high in efforts to save the arches of customers and reporters, the folks who run the Masters' Golf Tournament announced today a course-wide phone hook-up to keep all hands abreast of play this year.

Six listening posts will be spaced strategically around the course, each linked by underground cables with the others and with the clubhouse and press headquarters. These stations will be constantly manned by the tournament committee of the Augusta National Club.

The tournament committee of the Augusta National Club calls this the most elaborate set-up of its kind ever tried and commitemen figure it will appeal to all types of fans.

Women Court Players Dispel Belief Game Is Easy-Going Affair

ST. JOSEPH, Mo., March 27—(AP)—Any doubt that girls' basketball is played today is a sissy affair was removed in the quarter final round of the 1941 Women's National A.A.U. tournament.

Mary Bradley, captain of the Pittsburgh, Pa., Westinghouse six was carried off the floor and taken to a hospital for treatment of a severe bruise and charley horse.

Mary Shiever, all America forward with the Little Rock, Ark., Flyers, was dumped to the floor so hard she will be unable to play in the remaining games because of a re-injured back.

Doris Jones, chatter box guard with the Dallas, Texas, Hornets, suffered a cut over the left eye which required a stitch to close.

Iowa Teams In Finals

Those were the casualties in the four games that determined Nashville, Tenn., will meet the Des Moines, Ia., A.T.B. six in one bracket, and the Davenport, Iowa, Stenos will tangle with the title defending Queens from Little Rock in the other.

An all Iowa final Friday night became a possibility with the A.T.B. victory over Pittsburgh. The Pennsylvanians list three stars of the 1939 Galveston, Texas, Amicos in their lineup.

Last night's results: Little Rock Flyers 24; Dallas Hornets 14.

Davenport Stenos 38; Des Moines Thompsons 31.

Des Moines A.T.B. 24; Pittsburgh Westinghouse 12.

Nashville 31; Denver Dry Goods 16.

Baseball Drills Pick Up Interest Despite Handicaps In Weather

Fourteen players were on hand yesterday for a workout of the Midland semi-pro team at the baseball park. "Interest is picking up and the boys are hustling," Jim Payne, player-coach, said.

The baseballers are engaging in preliminaries this week. Despite yesterday's cold weather, the workout was brisk.

Next week the team will start hitting and fielding practice in a practice field is obtained. The ball park will be occupied by a detachment of soldiers.

Payne, who is a semi-pro commissioner, said he is trying to arrange for entries in the semi-pro tourney scheduled here in July. He will get in touch with teams of the Abilene league.

He Ought to Carry 'Em in Pockets

Bucky Harris pitches horseshoes at Orlando, Fla., base. The Washington manager really ought to carry them in his pockets, tuck one up-above the clubhouse door or wrap a few around the bats of his Nationals.

Roberts To Fight Alvarado Tonight

Brooks Roberts, Midland lightweight, will fight tonight on the card of the Sand Hills Stock Show boxing event at Odessa. He will scrap Manuel Alvarado, district Golden Gloves lightweight champion.

Roberts took a brisk workout last night with Earl Pace, pro slugger. He has trained intensively for this bout. He said this morning he believed he had a good chance to beat Alvarado.

Dexter Jay, scheduled to fight Roy McMinn, Monahans bantamweight, canceled his fight. He has moved away.

400 Athletes May Compete In Meet

Four hundred performers are expected in San Angelo's invitational track and field meet Saturday, and included will be Midland's nine-man squad.

The latest entry to the event was the Crane Golden Cranes team. Entries have been received from Abilene, Big Spring, Sweetwater, and other Permian Basin cities.

Senior and junior track and field events will be held off on Cemetery Field at Angelo. Senior finals are carded at 1 p. m.

Coach L. M. Freels and his team of Bulldog tracksters will leave Midland early Saturday morning.

We Are In The Army And We Like It

By Buster Howard

FORT BLISS—Many interesting things occur around here. Tomorrow we go on maneuvers for a motion picture company which will film the Fifth Cavalry's attack group in action. Following this will be a horse show and a mounted parade. Last week a newsreel cameraman spent two days here filming units of our regiment.

All new soldiers were mounted today and went on a two hour trip to learn how to handle horses. Some of the men had never been on a horse before and had difficulties. Although it is hardly dark tonight as I write this, most of the men have gone to bed. There have been times when taps, sounded at 9:30 p. m., woke up many of the men and some thought it was time to get up. Most of the men are ready to go to bed after a day's training.

All new men are required to go through a six weeks training period. They are assigned to regular groups and take part in work with the seasoned soldiers.

Today we were put through the ground attack formations in the mesquite country nearby. It was a rough and tumble affair and we all came out with lots of bruises and scratches.

When our year's service is completed we will be in much better physical condition than most of us have been in years.

One of the best things here is that no one ever mentions the war. Newspapers are delivered each day and we can read all we want about the war, but no one discusses it.

Yanks Look Like Classy Team Of Former Pennants

By Gayle Talbot

TAMPA, Fla., March 27—(AP)—If nothing serious happens to them between here and there, those old, familiar New York Yankees should win the coming American League race by about five games—maybe ten.

Next October (this is strictly a hunch)—we'll all be sitting around the dressing room in Yankee Stadium, redolent of oil of wintergreen, and asking of Manager Joe McCarthy: "Well, Joe, how does it feel to win five times in six years?"

And Joe, never a man to do a lot of talking in such historic moments, will clear his throat and utter the following immortal words: "Swell!"

All of which is hearsay, of course, because it is common knowledge that the Cleveland Indians were thwarted only by internal trouble last year and should sail through harmoniously behind the 30-game pitching of Bobby Feller this time.

Looking Like Old Yanks

Watching them play down here, it is difficult to understand what happened to the Yankees last year. It must have been a concerted let-down as a result of the affliction that took the great Lou Gehrig from their line-up. If that was it, they are over it now. They look like the Yankees.

Not only are the Yankees hitting again, but their fielding has been spectacular and their pitching better than good. Even the veteran Lefty Gomez is threatening to make a comeback. The young pitchers, upon whom a lot depended, came through brilliantly as the club won 12 of its first 15.

All this is put down in full realization that Phil Rizzuto, the sensational rookie shortstop who is hitting over 400 at the moment, might be drafted into the army at any time. The Yanks are a-coming.

Bears And Owls To Start Season

HOUSTON, March 27—(AP)—Baylor's Bears and Rice's Owls open the Southwest Conference baseball schedule here today, the first of three games for each team this week-end.

Baylor, winner of a couple of tilts with McMurry College, and Rice, which has yet to play a game, are due to use Joe Terry and Fred Pepper, respectively, on the mound.

The four other conference teams swing into action tomorrow, the Texas Aggies meeting Baylor at College Station, Southern Methodist University tangling with Texas Christian at Dallas and Texas battling Rice at Houston.

The teams play again Saturday.

Grid Coaches Have Answer For Heroes

FORT WORTH, Tex., (UP)—Banquet league stories: Jimmie St. Clair, former S.M.U. basketball coach, approached a star high school athlete who wanted to enroll in the Dallas school.

"The boy was arrogant and wanted to know 'how much will you give me?'"

"I'll tell you what I'll do," St. Clair said, "I'll give you the same proposition we offered Bobby Wilson."

The youth's eyes lighted up. He figured the Mustang's Rose Bowl star was given a "good deal" at S.M.U.

"What did Bobby get?" he asked eagerly.

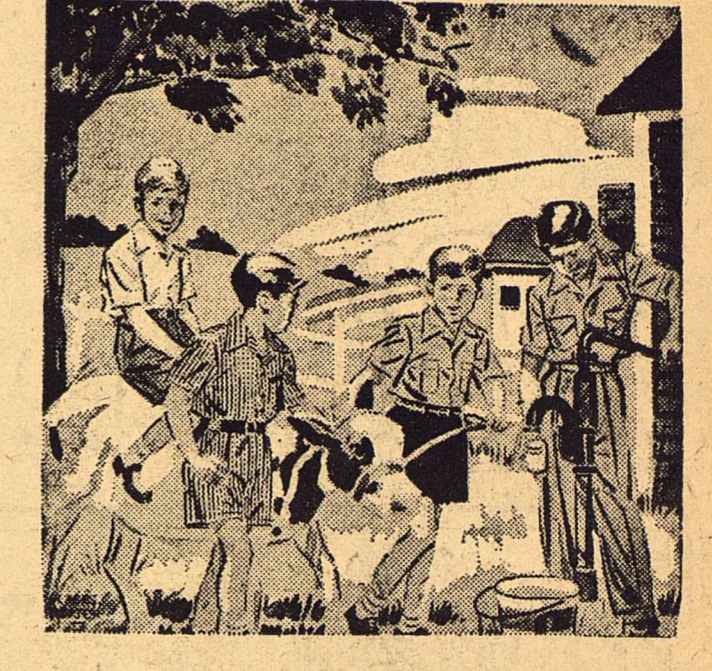

"A job that would enable him to work his way through school," St. Clair replied.

Dana X. Bible while coaching at Texas A&M a number of years ago, was interested in a high school grid-hero from North Texas.

"What'll you give me to come down there?" the youth asked.

"You come down here," Bible said, "and we'll give you a football uniform. If you behave yourself and act like a man, we'll let you keep it. Otherwise, we'll take it away from you."

KAYNEE Suits the Boys

Boys may not recognize the fine points of materials and tailoring so readily as their mothers, but on one point they agree. KAYNEE suits are comfortable. That is because they are properly proportioned and full cut for size, never skimpy. Needless to say, comfortable suits look better and wear better. Select new KAYNEE suits in all the new materials and colors for a summer of carefree comfort for your boy.

FEMININE FANCIES

By Kathleen Eiland

Most novel application of the patriotic motif that we've seen is the tri-colored taper. This is blue at the base, white in the center portion and shades into red at the top. Very decorative.

And speaking of tapers, the loveliest ones that have gladdened our eye in many a day are some that are due to use Joe Terry and Fred Pepper, respectively, on the mound.

The four other conference teams swing into action tomorrow, the Texas Aggies meeting Baylor at College Station, Southern Methodist University tangling with Texas Christian at Dallas and Texas battling Rice at Houston.

The teams play again Saturday.

Officers Pledge Loyalty To King

LONDON, March 27—(AP)—Reuters, British news agency, reported hearing today an announcement of the Belgrade radio that young King Peter had received a loyalty pledge from the Association of Reserve Officers.

"All officers of the reserve await your call with great enthusiasm," the officers' pledge said, according to this account, and ended with "long live the king."

A Reuters dispatch from Belgrade said that thousands gathered outside the palace of the patriarch of the Serbian orthodox church and cheered wildly for King Peter after an address by the patriarch in which he said:

"At this decisive moment, when the history, honor and glory of the Serbian people have been imperiled, there has appeared a bright star of destiny—young King Peter II, to safeguard with his people their history, honor and glory."

"Serbs, rally round your young king and watch over him. The church is with you always."

British Troops Take Prisoners

CAIRO, Egypt, March 27—(AP)—British forces besieging Cheren, mountain key to Asmara in Eritrea, have made further "important gains" and captured more prisoners, including a brigade headquarters, the middle east command announced today.

"The situation of Cheren continues to develop satisfactorily," a GHQ bulletin said.

The British command also reported the capture of Gambela, river port about 100 miles inside Eastern Ethiopia from the Anglo-Sudan border, by African and Belgian troops.

Labor Legislation Rests in Committee

AUSTIN, March 27—(AP)—Highly controversial legislation proposing minimum wages and maximum work hours in interstate businesses rested today in a House sub-committee.

Assailed as a measure that would hurt rather than help the working man and upheld with arguments that labor should be worth 30 cents an hour, the bill was referred to a labor committee sub-group yesterday following a public hearing.

Representatives of numerous Texas industries spoke in opposition to the proposal, some contending no additional laws shortening hours should be enacted during the national defense emergency.

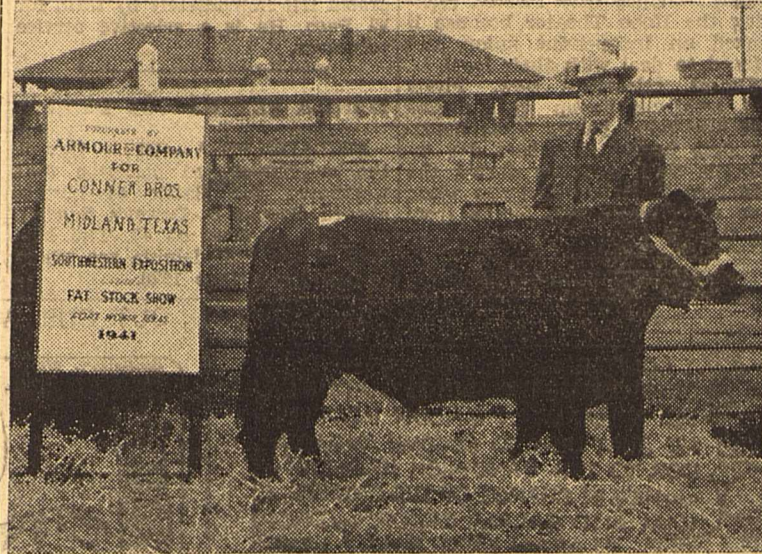

Ethiopian Irregulars Occupy Several Posts

NAIROBI, Kenya Colony, March 27—(AP)—Occupation of several posts east and west and Yavello, in southwestern Ethiopia, by Ethiopian irregular forces was announced today in a communique at this British headquarters.

British warplanes have struck smashing new blows at vital rail and highway lines between the Ethiopian capital of Addis Ababa and the Gulf of Aden, headquarters of the South Africa air force announced today.

One train of 15 trucks moving toward Direawa, situated on the railway between Addis Ababa and Djibuti, was hit by many bombs, a communique said.

Midland Firm Gets Prize Beef

Armour and Company purchased a prize winning 4-H Club baby beef calf (shown above) at the Fort Worth Fat Stock Show for Conner Brothers Piggly Wiggly, of Midland. The meat of the prize beef will be on sale tomorrow and Saturday in the Piggly Wiggly store's meat department.

Wyoming Has First "Conch" LARAME, Wyo.—(UP)—

Harold Wendel Brown is Wyoming's first conscientious objector to the draft. Brown, who would have been inducted into the army in March, will serve a year in a detention camp whenever one is available.

PARK TO GET MANSION MIDDLETON, N. Y.—(UP)—

A mansion built by the late Edward H. Harriman, railroad financier, 30 years ago will become part of Palisades Interstate park on the death of its present occupant, William Averell Harriman, eldest son of the builder.

Referee Studies Brinkley's Case

DEL RIO, March 27—(AP)—Reams of testimony concerning the shifting of Dr. John R. Brinkley, now in bankruptcy after golden years of political fling and operation of hospitals publicized by the world's most powerful radio station, were in the hands of a bankruptcy referee today.

Sixty days from now final objections to the discharge of the colorful man who started medical broadcasting back in Kansas some 18 years ago must be in the hands of Referee R. O. Huff of San Antonio.

Will Pay "Just Claims"

Creditors of the man who filed a voluntary petition in bankruptcy concluded yesterday a three day investigation of the maze of yachts, airplanes, radio station, hospitals and sundry enterprises covering many years.

Shortly after the hearing ended, Dr. Brinkley's chief counsel, Carl Rice of Kansas City, Kas., asserted creditors of Dr. Brinkley—the ones holding "just claims—they will be paid. But he won't pay 'unjust claims.'"

DOG STEADY CHURCH GOER

ASHTABULA, O.—(UP)—Bucky, a large dog, half German Shepherd and half Collie, has attended every service at Mt. Carmel Catholic Church for the past three years. Sometimes he accompanies his owner, Mrs. Josephine Carlo but more often attends mass alone.

Officers Hold Negro For Robbery-Slaying

DALLAS, March 27—(AP)—A 30-year-old negro was held today after he admitted, Inspector of Detectives Will Fritz said, that he fatally beat Willis S. Jones, 25, filling station attendant, during a robbery.

The negro said he had been a part-time employee of the filling station and had been sleeping in the attic.

Yesterday, Fritz quoted him as saying, he came down from the attic and decided to rob the station, obtaining a jack handle and striking Jones twice, then taking \$24.80. Jones was found unconscious by a customer. He died last night.

The negro had been scheduled to leave last night for training camp as an army draftee.

German Warplanes Sink Merchantmen Off Islands

BERLIN, March 27—(AP)—The German high command reported today that Nazi planes sank two British merchantmen totaling 7,000 tons off the Faeroe Islands yesterday, which with 31,500 tons of shipping previously declared destroyed, brought the days total to 38,500 tons.

In the Mediterranean German aircraft was said to have scored two hits on two transports in a convoy south of Crete and possible damage to 10 merchant ships totaling 44,000 tons was reported as a result of attacks in the waters around the British Isles.

Meals With Fish Can Be Both Economical And Delicious

Plenty of proteins in tempting tuna croquettes.

Fresh fish, canned fish, any good fish is a low-cost, first class protein. If you are in the habit of serving fish only once a week, on Friday, why not plan to serve it on one other day during the week?

This combination makes a fish delicacy for a bridge luncheon. Try it—you will agree that fish can be far more than a Friday habit.

SHRIMP AND PEAS, MORNAV (Serves 4)

One jar or can shrimps, 6 tablespoons butter, 6 tablespoons flour, 1 teaspoon salt, 1/8 teaspoon pepper, dash of cayenne, 1/2 teaspoon lemon juice, 3 cups milk, 1 cup grated cheese, 2 cups cooked peas.

Remove black vein from shrimps. Melt butter, blend in flour and seasonings. Add milk gradually. Add lemon juice. Cook until thickened, stirring constantly. Add cheese, stir until melted. Add shrimps and peas, heat thoroughly in top of double boiler. Pour into Croustades.

CRUSTADES

One loaf white bread, melted butter.

Remove crusts from bread, cut in 4 slices. Cut out center portion of each slice of bread, leaving a box with walls about 1/2-inch thick. Brush sides and tops of croustades generously with melted butter. Place in pan and toast to golden brown in hot oven.

Here's another novelty canned fish recipe:

TUNA CROQUETTES (Serves 4 to 6)

One tablespoon unflavored gelatin, 1/4 cup cold water, 1 cup salad dressing, 1 can tuna (7 ounce), 1/4 teaspoon salt, 1 cup chopped celery, 6 small sweet pickles, 2 tomatoes.

Soften gelatin in cold water and dissolve over hot water. Blend salad dressing and dissolved gelatin. Add flaked tuna, salt, celery and thinly sliced sweet pickles. Mix thoroughly. Shape into small croquettes and chill in refrigerator. Arrange six cups of crisp lettuce leaves in a two-quart glass utility dish. Place a slice of fresh tomato in each cup, sprinkle with salt and stand a tuna croquette on each slice with three stuffed olives at the side.

MENU

BREAKFAST: Grapefruit juice, oatmeal, cinnamon, toast, coffee, milk.

BRIDGE LUNCHEON: Shrimp and peas, Mornav, mixed green salad, orange and grape gelatin, soft custard sauce, tea, milk.

Over 700 Stations To Change Places On Radio Dial Soon

WASHINGTON—(UP)—Saturday more than 700 standard broadcast stations will occupy a different place on the radio dial due to frequency changes under the North American Regional Broadcasting Agreement.

The agreement was signed by the United States, Canada, Cuba and Mexico to clear the air channels of interference caused by conflicting stations.

The changes will affect 777 of the 862 U. S. radio stations now operating on the standard broadcast band (550 to 1600 kilocycles). Here, in general, are the domestic shifts:

Eighty-five stations operating on channels of from 550 to 720 kilocycles, retain their frequencies.

Twenty stations operating between 740 and 780 move up 10 kilocycles.

Twenty-six stations using from 790 to 870 kilocycles move up 20 kilocycles.

Six hundred and fourteen stations between 880 and 1450 kilocycles advance generally 30 kilocycles; 25 advance 40 kilocycles.

Twenty-five stations shift from 1460-1490 kilocycles to 1500-1530 kilocycles.

Sixty-four stations now on 1500 kilocycles drop to 1490 kilocycles.

MUSTANG BOYS' CLUB COLUMN

The answers in yesterday's "Know Yourself" quiz are as follows:

- You have 24 ribs, whether male or female.
- The hair of the average person grows 1/2 inch each month.
- You breathe from 12 to 17 times per minute.
- Approximately 6 quarts of blood in the human body (depending on size).
- There are eight fingers on the hands and feet (eliminating toes and thumbs).
- The blinking of the eye is the fastest human motion.
- A person who can write with both hands is called "ambidextrous."
- A person who walks in his

sleep is a somnambulist.

9. Nature's balance provides that more boys be born each year since the fatalities of war, athletics, exposure and occupational hazards cause more males to die each year.

10. The snappies and most successful "papeboy" ever on the streets of Midland was a girl—Beatrice Forrest.

The above contest was won by Darrell Daughtry.

Seventy seven Musty Mustangs thronged the club rooms and pasture last night. The following new colts were branded as members—Delbert Friday, Tom Davis, Wendell Jackson, Jesse Hunter and Bill Davis.

Robert Wheeler conducted acrobatic activities.

On the acting bars last night J. K. Betts won the most points by doing the most difficult stunts.

The Mustangs won their soft ball game with the South Playground

Girl Has Attended Twenty-Four Schools

NEW ORLEANS—(UP)—Thirteen-year-old Beverly Strickland, who has attended 24 schools in 15 cities, would like to settle down.

Although she never has lost ground because of her numerous transfers, Beverly has become confused at times.

Tuesday afternoon.

Several Mustangs won high places and blue ribbons in the horse shoe and washer contests yesterday afternoon. Their names will appear later.

About fifty Mustangs have earned the privilege to go on the expedition to the Sand Hills Saturday morning at 7:30. Fun plus with all the "trimmings."

Watch for another contest.

Pickers Work Four Years At \$42 Week

PROVIDENCE, R. I.—(UP)—William Flynn and Robert Antonelli have received \$42 weekly for picking seven-and-a-half hours daily, seven days a week for four years.

The men, members of the local Motion Picture Operators' union, A. F. of L., have worn out 14 pairs of shoes—not including numerous resoles—since they started picking the Hope Theater because it backed an independent union and refused to deal with their local.

Almost celebrities now, Flynn and Antonelli gossip with neighbors and mind babies while mothers shop nearby. Toughest day on the job, they say, was during the 1938 New England hurricane when they were blown two blocks from the theater.

Mexican Woman Begins Year's Wait For Mate

Jose Benavides, Midland Mexican, married the night he left for a year in the army. His bride, Elvira Menechaca, said "she would wait for him."

Justice of the Peace B. C. Girdley married the couple last night. The groom left immediately by train for El Paso. He is a selective service volunteer.

Mayor Proclaims "Radio Moving Day"

A resolution calling attention to the new frequency of radio station KRLH was signed today by Mayor M. C. Ulmer. It follows:

"Whereas the Government of the United States has entered into treaties with certain sister republics in this hemisphere for the improvement of radio broadcast reception, and

"Whereas under such treaties certain radio broadcast frequencies must be reallocated among American radio broadcast stations on March 29, with the Midland radio broadcast station, KRLH, being assigned the frequency of 1450 kilocycles and

"Whereas it is deemed by me important that the benefits of such reallocation be made available to the citizens of Midland in order

BEE TREE WITH POSSUM

MOBERLY, Mo.—(UP)—Pearl Clark cut down a tree on his farm. From it he took 90 pounds of honey and two swarms of bees. Gloating in his haul, he turned to walk away.

From a hole in the tree's trunk crawled a mother opossum and 11 youngsters. Clark called help and salvaged bees, honey and opossums.

that there be the least possible confusion in the reception of news, educational and public service broadcasts and entertainment.

"Now therefore be it resolved that Saturday, March 29, be known as "Radio Movin' Day" in the City of Midland, and the citizens of Midland are urged to make any necessary adjustment of their radio receivers as promptly as possible.

There are a great many industrial bridge leagues forming throughout the country. Some of these groups are composed of teams representing different departments of one organization, while many leagues have eight or more different companies represented.

Last year, a group of 52 players from New York went to Philadelphia to compete against the Philadelphia Bell Telephone Company group. The Philadelphia group are coming over to New York shortly for a return match. Here is one of the interesting hands taken from the Philadelphia event.

The three of spades opening gave the declarer a reading of the spade distribution. So he won the first trick with the ace of spades, ruffed a small spade, got back into his hand with the ace of diamonds and ruffed another spade.

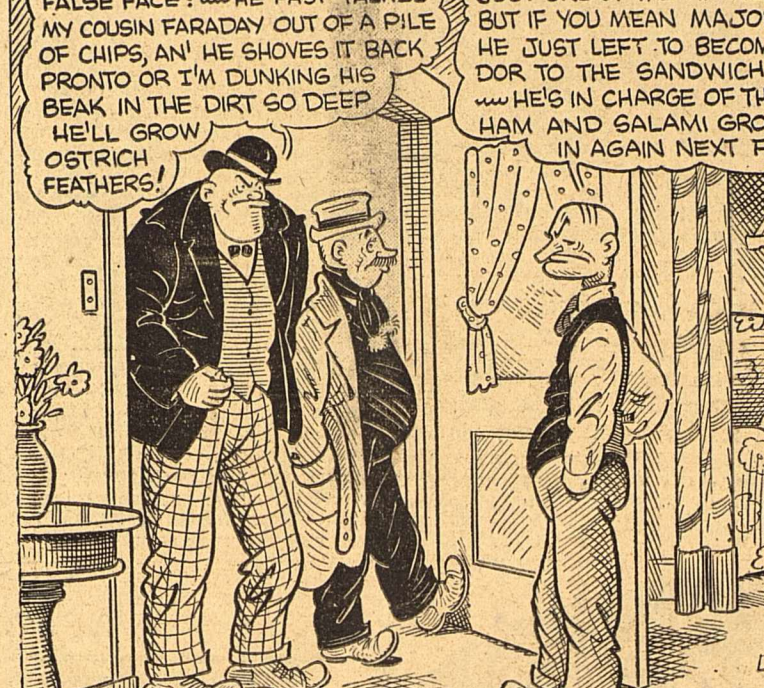

Now a diamond was ruffed and the last spade ruffed in dummy. The queen of clubs was won by West with the king, and now, regardless of what West returned, all his side could cash were the ace and king of hearts.

Officers Guard Against Renewal Of Old Tong War

SILVER CITY, N. M.—(UP)—Woo Dak San, the hatchet-knife slayer of a wealthy Chinese merchant, who sat in the death row two years, is free on parole.

As a result, reports are heard that a tong war, blamed in the slaying of Yee Woo, the merchant, will flare again with Woo, former Silver City restaurant cook, the marked man this time.

Woo, who first faced hanging and then was resentenced to be electrocuted, was paroled to a brother in an unnamed California city. But his intimates say he will be found by his enemies in a rival tong. Woo Dak San went on trial for his life twice. Although the state presented evidence that robbery was the motive for the slaying, more sensational evidence was presented. Witnesses said Woo was the hired killer of a San Francisco tong.

Jury Failed To Agree
The case ended in a mistrial with the jury deadlocked 11 to one for his conviction. The foreman named the juror who was holding out "because he was against capital punishment."

The juror, who had asserted he had no scruples against capital punishment when sworn in, was committed to jail for contempt of court.

The second trial ended with Woo's conviction and he was sent to the death row of the state penitentiary at Santa Fe to await hanging. Meanwhile, the state legislature abolished hanging and substituted electrocution.

Woo's attorney, Alvan N. White, Silver City lawyer, who faced special prosecution employed by Yee Woo's tong, seized upon this to halt the execution.

The state supreme court, however, under the district judge who sentenced him to re-sentence him to be electrocuted. This was done and he went to the death row again, this time to await electrocution.

White appealed to the late Gov. Arthur Seligman for executive clemency and he commuted Woo's sentence to 99 years.

He was paroled after 14 years in prison.

GREAT FALLS, Mont.—(UP)—L. H. Hamilton of Great Falls, approaching 90, probably is the nation's oldest active volleyball player.

Three times a week Hamilton plays the game at the Y.M.C.A. here. His fellow players say that despite his 89 years he still plays a good game.

Hamilton probably also is the oldest shepherd in Montana.

Eugene Jones (upper left) is shown with the grand champion beef calf, at the first annual Midland County 4-H Club Stock Show here yesterday. Jones lives in Valley View community and is the son of Mr. and Mrs. G. S. Jones. Billy Ryan (lower left) has the reserve beef calf champion. Ryan is a son of Dr. and Mrs. W. E. Ryan of Midland. Glenn Drake (upper right) won first place in the dairy bull division. R. C. Vest, Jr., (lower right) is with his prize winning dairy heifer. The animal won the reserve championship at the Pecos Valley Livestock Show last week-end.

War Brings Many To Halifax, N. S.

HALIFAX, N. S.—(UP)—Mushroomed to twice its normal population by the influx of wartime residents, Halifax, Nova Scotia's capital city, is faced in extreme form with the problems of housing and feeding that beset many Canadian towns and cities today. This Canadian port, so far east it operates in the Atlantic Time Belt; so near the war zone it practices a modified blackout; is full to overflowing.

It is a case of standing room only.

Apart from the troubles of visitors, who telephone hopefully from one hotel to another in a vain search for rooms, local residents themselves have their housing worries.

Business Girl's Lament

Typical was the complaint of a Halifax business girl who wrote to a local editor protesting that men of the services were given preferences by landlords.

One reason, the girl suggested, was that housekeepers with marriageable daughters saw greater possibilities in a house full of young men than in a bevy of bachelor girls. Again, service men in need of a room were willing to pay almost any price, and double up with room mates as well, she said.

As one hope of relief to both residents and visitors came word that the Dominion government is considering the erection of between 300 and 400 dwellings in the city. Already a Federal representative has been looking over possible sites.

That is Halifax today—crowded, busy and war-conscious.

Residents with an extra room rent it out to a homeless visitor.

MINER REGISTERS BELATELY, JUST HEARD OF DRAFT LAW

AKRON, O.—(UP)—Earl Williams convinced his local draft board that he was not trying to evade the selective service act when he registered three months lat.

Williams, 27, explained that he knew nothing about the act, that he is employed in the New Philadelphia coal fields and had not seen a newspaper since the law went into effect.

Local draft officials accepted Williams' story, registered him and then gave him his draft number.

Life Saving Becomes Habit For Pup Hero

PHILADELPHIA, (UP)—Proving himself a hero is becoming a habit with Pal, a mongrel dog owned by John F. Colbert, Jr.

Only four days after he received a medal for his heroic action in arousing his master's parents when Colbert was overcome by gas in the kitchen of his home, Pal saved another life.

While out for a romp during a snowstorm, Pal leaped at his master, barked, and ran ahead, trying to attract attention, but Colbert thought the dog was excited about the snow. Finally the dog succeeded in getting James Covington, a filling station attendant to follow him.

Pal led the way across the street where Covington discovered James Morgan, 27, unconscious in a snowbank. At a nearby hospital, where Morgan was treated for exposure, physicians said the man might have died had he not been found by the dog.

State Workers Long Without Pay Checks

JEFFERSON CITY, Mo.—(UP)—The contest over Missouri's governorship and the failure of the state legislature to consider appropriation bills until the contest was settled has resulted in thousands of state workers going without pay since Dec. 20.

Some banks accepted warrants on the theory that the money soon would be provided by the legislature, but in many cases state workers have been without a cashable pay check for almost four months. Faculty members at state teachers colleges were among many who complained that they were running short of funds.

Forrest C. Donnell, Republican, has been inaugurated as governor but his Democratic opponent, Lawrence McDaniel, has contested the election. The legislature is expected to take up appropriation and other bills while a committee is studying McDaniel's petition for a recount of votes in last November's general election.

POTATOES MASHED IN JACKETS

MOSCOW, Ia.—(UP)—Mashed potatoes with their jackets on is a regular feature on the menu of 300 University of Idaho students who live in two men's halls on the campus. The students maintain leaving the jackets on gives the potatoes an improved flavor and an "interesting" pepper-flecked appearance.

KANSAS WILDLIFE THRIVES

MANHATTAN, Kas.—(UP)—Trees and wildlife are "staging a mutual comeback" in Kansas, Russell Reitz, state director of forest service, said today. Approximately 34,000 acres of trees planted by the service on 4,100 farms have provided food, shelter, nesting and denning places for additional wildlife.

State Department Is In Market For Bright Young Men For Posts

By John A. Reichmann
United Press Staff Correspondent

WASHINGTON, (UP)—Wanted: Bright young men. Chance to travel. College education preferred but not essential. Wages and hours good. Excellent chance for promotion. Must know what primogeniture means. Apply State Department, Washington.

That, in effect, was the want ad inserted in the Foreign Service Journal of the State Department in an article explaining that, though many nations are angry with each other, the diplomatic business is still doing well.

Contrary to the popular view, the war has increased rather than lessened the job of U. S. diplomats who must look now to the interests of American nationals all over the world while also taking care of the business of governments who are not on speaking terms.

It is pointed out that while 23 offices have been closed in various parts of the globe since the war started, 31 new offices at the same time have been opened.

Tempo Of Work Rises

A few of the smaller posts in countries which have been directly affected by the war have experienced curtailment in both the volume and scope of their activities," the article states, "but on the whole the offices in all geographic areas are operating at greatly increased tempo and in many cases with insufficient personnel."

In many of these countries the United States diplomats care for the affairs of Luxemburg, France, Netherlands and Belgium.

Of the 31 posts opened since the beginning of hostilities, 20 represent "listening posts" in areas where the United States is interested in developments as a matter of hemispheric defense. These include Dakar—westernmost point of Africa—Freetown, British West Africa, three posts in Brazil and others in British Guiana, Venezuela, Colombia, Mexico, Chile and Argentina.

The difficulties in the way of admissions to the service were indicated, however, in a series of test questions published in the same issue, of which "primogeniture" is but a sample. It means, "Right of the eldest male descendant."

Sub-Committee Studies Measure To Fight Cancer

AUSTIN, March 27—(AP)—With assertions that cancer was becoming more prevalent in Texas still ringing in their ears, members of a House sub-committee today began further study of a bill to appropriate \$1,750,000 to combat the disease.

The appropriations committee, after hearing advocates declare 15,000 persons were suffering from cancer in Texas and 4,000 would die within the next year, referred the measure to a sub-group yesterday.

The bill would allocate \$1,000,000 for construction of a state cancer hospital, \$250,000 for additional research, \$150,000 for sub-station treatment centers and \$350,000 for maintenance.

Electric District Extends Its Lines

Plans for the immediate construction of 43 miles of rural electric lines in eastern Midland County were announced today by O. B. Bryan of the Cap Rock Electric Cooperation district at Big Spring. He came here to confer with County Agent V. G. Young and announced that persons who had signed up for the service will meet at the courthouse at 10 a. m. Saturday.

The Rural Electrification Administration has approved the project, Bryan said, and work will start in Midland County Monday. He explained approximately \$25,000 will be spent in this county and said the project will require three months work. Fifteen to twenty men will work for the REA in the program.

The Midland County 43-mile project is designed to bring electricity to 81 farm and ranch homes. The lines will connect with the Cap Rock district's lines near Germana. The cooperative now has five miles of lines in Midland County, between Germana and the Martin County line. The district buys electricity from the Texas Electric Service Company.

MELBOURNE, Australia.—(UP)—Men operating automatic ramblers on road work repair receive \$2 a week extra because of the wear and tear such work entails on their nervous system. The extra allowance is known as "nerve money."

CHASE FOR \$10 GOES UP

BIRMINGHAM, Ala.—(UP)—Police Officer W. W. Rucks engaged in a novel chase the other day, but he got his quarry. The officer was called on to chase a \$10-bill, blown from the hand of a woman. He finally ran it to earth atop a three-story building in downtown Birmingham.

SYSTEMATIC LOOT

ENID, Okla.—(UP)—Recovery of a piece of belting which bore the marks of disuse led officers to the discovery that an idle wheat mill here had been systematically looted of several thousand dollars worth of belting, brass machinery and other equipment. Even the brass fittings in the time clock had been removed.
