

Midland Gets New Traffic Ordinance

Details Of New Regulations Will Be Worked Out In Few Days; Ordinance To Be Published Next Week And Is Effective Five Days Later

A complete traffic ordinance for Midland was passed by the city council last night as an emergency measure. The code, recommended by the Midland Safety Council, will regulate all traffic in the city. Details of the regulations will be worked out in a few days and the ordinance probably will be published next week. Five days after its publication it will be in effect. Not a dissenting vote was cast against the proposal.

The location of stop signs and traffic lights will be left to the police department, but the ordinance provides all motor vehicles must obey these regardless of where they are placed.

Will Name Chief Friday

Selection of a police chief and organization of a uniformed police department was postponed until Friday morning by the council when it found more than 30 persons had made application for the position of chief.

Mayor M. C. Ulmer urged that the matter be handled this week.

The new ordinance regulates all traffic on Midland streets; authorizes the maintenance of traffic signals, signals and devices; requires the maintenance of signal lights and signs by railroads; prescribes penalties for violations of provisions of the ordinance; repeals previous traffic ordinances and all other ordinances or parts of ordinances which are in conflict.

W. P. Z. Germain, Jr., president of the safety council, Bert Haigh, chairman of the chamber of commerce safety committee and the safety council traffic committee and B. W. Stevens, of the safety council, worked with city officials in drafting the new ordinance. Codes of El Paso, Big Spring, San Angelo and other cities were studied as were ordinances recommended by the Federal Highway Department, National Safety Council and the Texas Safety Council.

Must Report Accidents

German explained every effort was made to obtain a satisfactory working ordinance applicable to conditions in Midland.

The penalty in the new code for reckless driving provides a maximum of \$500 fine and 90 days in jail on first conviction and a maximum of \$1,000 fine and 6 months in jail for subsequent convictions. The new ordinance also requires that every accident be reported to the police department and that a record be made of it.

The council at its meeting also canvassed the city election returns and awarded a contract for auditing city accounts to Nolan C. Phillips and Company of Waco. It was the low bidder.

It ordered P. E. (Bob) Hill to remove a loading platform from a warehouse on South Main Street. The platform is over a sidewalk.

Explains Army Plans To Midland Rotarians

Plans for the defense of Midland by the anti-aircraft battalion from Camp Hulen were explained to Midland Rotarians at their meeting today by Lieutenant Thomas L. Tempest, supply officer of the troops which will arrive here Friday noon.

He said the batteries would work with lights and would bring no artillery or field gun units here. While on the six weeks maneuver the soldiers will camp at the city baseball park.

Calculations in anti-aircraft work are based on planes flying 300 miles per hour, he said, although bombers to be used in the maneuver here are a slower type. The planes will fly at altitudes of 10,000 to 20,000 feet.

Troops will have full field equipment and work under wartime conditions, installing 60 to 80 miles of communication lines a day in the area surrounding the city. Light maneuvers will be at night.

"Efficiency and training," he explained, "permits the units to do their work quickly."

He said that his regiment the 211th Coast Artillery is the oldest active military organization in the United States today. It started in Revolutionary War days.

Special Music Program

Midland High School's choral and glee clubs presented a special program at the Rotary meeting. The girls' choral club sang "Robin in the Lilac Bush." The boys' glee club sang "The Jolly Roger."

Both groups recited the "Pledge of Allegiance to the Flag." "The Preamble to the Constitution" and "The American Creed."

In a concluding section members of the two clubs in mixed chorus sang "Rain and the River."

Mrs. De Lo Douglas directed the special program. Doris Lynn Pemberton was accompanist.

W. B. Simpson, Rotary president, appointed a nominating committee to select nominees for president, vice president, secretary-treasurer and four directors of the club. The committee is composed of Clint Lackey, Carl Smith, Bob Miller, Paul Barron and Guy Brenneman.

Morgenthau Says Seized Ships Of Axis May Be Kept

WASHINGTON, April 3—(AP)—Secretary Morgenthau said today he and Attorney General Robert H. Jackson were "studying" possible action to forfeit to the United States 30 German and Italian vessels seized last week.

Morgenthau, in his first press conference since the ships were taken into custody, declined to discuss the problems of forfeiture, and referred reporters to the attorney general.

The 1917 law under which the Axis ships were seized because of sabotage by the crews also provides that the government may ask forfeiture of the ships as a penalty for such sabotage.

Asked whether he had any information that sabotage of the ships was ordered by any diplomatic representative of the Axis in this country, the secretary said, "the facts speak for themselves."

Axis Protest Again New and more vigorous protests against the seizures came yesterday from the Axis powers.

Asked whether the ships of any other nation might be taken into custody, Morgenthau replied that no advance notice of such action could be given, if it were contemplated. The secretary added that the coast guard, which is a treasury unit, had received letters of commendation from many officials of the United States in the Orient.

Indeed, it would be surprising to learn that Mr. Matsuo had given the Axis partners any encouragement that their country would accede to their demands and enter the war actively against Britain in the Far East. This scheme, of course, contemplates involvement of the United States in the Orient.

Indications are that the Japanese are sheering from further entanglement with Britain, and most certainly with the United States. Italy's military and naval dispatches, which have all but knocked her out of the war as a striking force, and Germany's knock in the Balkans, have set Tokyo back on the road to caution.

Japan Can't Break Because of her weak economic position and her dependence on us for essential supplies, Japan can't afford to break with America at this juncture. And Tokyo has no intention of attacking Britain unless it is quite apparent that the Axis has the war won.

The whole position was significantly summed up the other day in San Francisco by Soburo Kurosu, retiring Japanese ambassador to Germany, who was enroute home. He said a Japanese-American war would be "a great crime against humanity," and added:

"I think President Roosevelt feels the same way as I do—he is working to preserve peace for the welfare of mankind."

Behind The Headlines

By DeWitt MacKenzie Associated Press Staff Writer

There was a time not so long ago when there was an authoritative ring to the Axis threats—such as that flung yesterday by Rome—that Japan would do to the United States if we didn't stop helping Britain in the war.

Axis stock had a considerable setback recently, however, and by the time a fresh warning has traveled down through the Brenner Pass to Rome for broadcasting, it has a very hollow sound. Indeed, the one issued yesterday on the eve of Japanese Foreign Minister Matsuo's departure from the eternal city for Berlin and home, was very reminiscent of tub thumping.

Signor Virginio Gayda, Roman writer who relays pronouncements from Olympus, stated that Messrs. Hitler and Mussolini had reached agreements with Matsuo on Japan's action in event Uncle Sam engages in hostilities against the Axis powers, even if there is no formal declaration of war. The weakness of that statement lies in the fact that we aren't told what the agreements are, and Mr. Matsuo has thrown no light on the subject. They may have agreed to disagree.

Show From Trouble Indeed, it would be surprising to learn that Mr. Matsuo had given the Axis partners any encouragement that their country would accede to their demands and enter the war actively against Britain in the Far East. This scheme, of course, contemplates involvement of the United States in the Orient.

Indications are that the Japanese are sheering from further entanglement with Britain, and most certainly with the United States. U. S. Demands Italy Recall Navy Attache For Ship Sabotaging

WASHINGTON, April 3—(AP)—The United States today demanded the immediate recall of the Italian naval attaché in Washington, Admiral Alberto Lais, on the grounds that he was connected with the sabotaging of Italian merchant ships in this country.

Secretary of State Hull sent a note to this effect to the Italian ambassador, Prince Colonna, on orders of President Roosevelt.

The note, made public by the state department, declared that Admiral Lais was "persona non grata" to the government as naval attaché of the Royal Italian Embassy at Washington, and requested "that your excellency's government withdraw him immediately from the United States."

The note said the action was taken because of "various facts and circumstances" which had come to the attention of this government "connecting" Admiral Lais "with the commission by certain persons of acts in violation of the laws of the United States."

Senate Passes Labor Measure By 27 To 4

Premier Teleki Of Hungary Is Suicide Victim

AUSTIN, April 3—(AP)—A bill outlawing force and violence in labor disputes and in penitentiary imprisonment today was passed by the Texas Senate and sped to the governor who had recommended it. The vote was 27 to 4.

The House of Representatives had passed the measure last week by a vote of 112 to 17. Governor W. Lee O'Daniel had submitted the bill as emergency legislation, declaring it would help to prevent strikes in national defense industries.

A number of amendments, including one to lessen the penalties of one to four years imprisonment and another to terminate the life of the bill after four years, were rejected by the Senate.

The bill will become law immediately on signature of the governor. The bill forbids "any persons by the use of force or violence, or threat of any use, to attempt to prevent any person from engaging in any lawful vocation within the state."

It also made it a felony punishable by imprisonment of one to two years to act in concert with other persons, assemble near a place where a labor dispute exists, or to promote, encourage or aid unlawful assemblage.

Short Southwest Outpost Abell Ordovician Pool Is Located By Phillips By Frank Gardner Short southwest outpost to the Abell Ordovician pool in Pecos County was staked today by Phillips Petroleum Company at No. 2 Sidney Silverman. It is 330 feet out of the northwest corner of the firm's lease in the northeast part of section 10, block 3, H. & T. C. survey. Drilling with rotary is scheduled to commence next Sunday.

The test is 1,320 feet west by north of the firm's No. 1 Silverman, south offset to the pool opener. No. 1 Silverman has drilled out cement innow 7-inch casing to 5,626 feet and now is preparing to perforate casing opposite pay sands of the Simpson, middle Ordovician. It is bottomed at 5,826 feet in lime and casing is cemented at 5,630 feet with 294 sacks. The well showed saturated sand in the bottom six feet of core from 5,604 to 5,620 feet. It previously had cored pay sand from 5,121-65 feet.

Short pumping gauges still were being taken at Magnolia Petroleum Company No. 1 State-Sharp, extension well seven-eighths of a mile northwest of Abell production. On last test it pumped 39 barrels of oil in 12 hours. Earlier in the week the well had pumped 91.77 barrels in 24 hours. The former gauge may be used as a potential test. Total depth is 5,945 feet and production is natural.

Croatian Leader Unites Country For Nazi Drive

Italian Editor States Axis Will Not Respect Nation's Independence

By The Associated Press War alarms reached a vibrant pitch in the Balkans today as Adolf Hitler called home the German legation staff in Belgrade and diplomatic circles declared that the Nazi Fuehrer had apparently decided that war with Yugoslavia was inevitable.

Vladimir Macek, Croatian peasant party leader, announced he was entering the pro-British King Peter II's new government as vice premier—thereby making Yugoslavia a united nation under the threat of war.

Previously, the Germans had asserted that Yugoslavia was torn by internal dissension among the Croats, Slovenes and Serbs.

In Rome, Fascist editor Virginio Gayda, often called Premier Mussolini's chief editorial spokesman asserted that Italy and Germany no longer felt bound to respect Yugoslavia's territorial integrity and independence—as guaranteed when Yugoslavia's regency government signed the Rome-Berlin-Tokyo alliance.

This was the first semi-authoritative admission that King Peter's new regime has, in effect, repudiated the Axis.

German quarters declared frankly: "The withdrawal carries grave implications of the inevitability of war breaking out soon."

Mass On Frontiers German motorized "blitzkrieg" forces were reported massing in large numbers on the Rumanian frontier, opposite the Yugoslav town of Bela Crkva—less than 50 miles from Belgrade.

Other fast Nazi divisions massed near Szeged, in southern Hungary, opposite the Yugoslav border.

A possible clue to Germany's intentions came from Vichy, France, where rumors persisted that Italian troops were expected to relieve many units of the German army of occupation in France—freeing the Germans for service "elsewhere."

In London, the air ministry said RAF bombers scored hits on two armored merchant ships off the coast of Holland and left one of them sinking.

The German communique declared that the British—presumably small outpost forces—were beating "hasty retreat northward" toward Bengasi.

Concurrently, the British Middle East command announced that British troops striking into Ethiopia have captured Meesso, 180 miles east of Addis Ababa, the Ethiopian capital.

Plant Explosion Kills Three Men

TYLER, April 3—(AP)—Three men were killed in an explosion that rocked the plant of the Texas Bitulithic Company nine miles east of Tyler today.

The dead, burned beyond recognition, were: John H. Smith, 37, Tyler, a truck driver.

W. E. Simpson, Jr., Sulphur Bluff, Tex., truck driver.

N. J. Walker, about 40, Overton, night watchman.

Sinclair County authorities started an immediate investigation but were unable to determine cause of the explosion. The plant, located near Arp in the East Texas oil field, was not in operation during the night.

Violent electrical storm occurred during the night. There were no eye witnesses.

### Large Crowd Sees Sanitation Demonstration

#### Eight Communities Are Represented At Meeting At J. C. Franklin Home

A septic tank is the only safe sanitation disposal system for rural homes recognized by the state health department, F. J. Von Zuben Jr., sanitarian for state and United States health departments, declared at a demonstration meeting at the J. C. Franklin home south of Midland, Wednesday.

He made the statement to approximately 100 persons from eight rural communities of the county. The sanitarian told how numerous outbreaks of typhoid fever had been investigated and in every case contaminated water from cesspool drainage was found to be the cause. The morning was devoted to informal watching of the construction of the septic tank, drainage lines and grease trap and questions about them. Cost of the system is under \$20.

A barbecue luncheon was served at noon. Arthur Jenkins and Frank Midkiff had barbecued a goat donated by ranchers. Women of the county home demonstration clubs furnished other food for the meal. Club boys of Stephenson school had dug the barbecue pit and Mrs. Jim Estes, teacher, and pupils of the school were guests at the noon hour.

Assorted flowers were used throughout the house in decorative arrangements for the dessert-bridge with which Mrs. C. L. Bradshaw, 508 Holmsley, entertained the Alpha Club, Wednesday afternoon at 2:30 o'clock.

Following the dessert course, two tables of bridge games occupied the group. High score went to Mrs. Geo. Bennett, second high to Mrs. Roy Downey, and bingo to Mrs. M. B. Arick.

Club guests were Mrs. W. C. King and Mrs. James N. Allison. Members present were: Mmes. C. E. Prichard, Arick, Bennett, Downey, George Todd, and the hostess. Next meeting of the group will be with Mrs. Downey.

### Novel Dessert Plate Sets Theme For Club Party

An Easter dessert-plate featuring a nest of green shredded coconut with pastel eggs molded from ice cream lent a seasonal theme to appointments of the bridge party given by Mrs. Ed Darnell, Wednesday afternoon at her courthouse apartment, for Tejas del Oeste Club. Rooms were decorated with sweetpeas.

In the afternoon's games, Mrs. Don Logan held high score and Mrs. J. W. Gregston second high. Mrs. Mark Caraway of Artesia, New Mexico, was a guest.

Members present were: Mmes. F. R. Wallace, A. L. Stevens, W. K. Kuykendall, Gregston, Logan, W. G. Epley, and the hostess. Next meeting of the club will be with Mrs. Epley.

### Mrs. DeArmond Discusses Life As Seen In Literature

Mrs. J. M. DeArmond was leader for the program at the meeting of Woman's Wednesday Club with Mrs. Geo. Glass, 911 W. Tejas, yesterday.

Developing the topic, "American Life in Recent American Literature," she presented life in the South as seen through its literature of recent years. She reviewed briefly the works of such writers as Joel Chandler Harris, Ellen Glasgow, Julia Peterkin, Dubose Heyward, Thomas Wolfe, Jonathan Daniels, Stark Young, and Margaret Mitchell. The speaker also discussed life in the Middle West as shown by authors such as Booth Tarkington, Geo. Barr McCutcheon, Lew Wallace, Steinbeck, and Carl Sandburg. She brought out the interesting fact that Tarkington is the only American author ever to have received the Pulitzer Prize twice and that he is one of three fiction writers ever to be awarded the gold medal of the National Institute of Arts and Letters.

Mrs. R. L. Miller presided at the business session during which Mrs. M. R. Hill, secretary, made a report of the year's work of the club; Mrs. DeArmond made the library service report for the year; and Mrs. R. C. Conkling reported on safety.

A report was made on the course of study for next year. A Pan-American program will be studied.

The club voted to buy and donate to the County Library, "Friendly Voices of West Texas," a book of poems by 32 writers of the eighth district, in which Midland is represented by poems by Mrs. Jas. H. Goodman and Mrs. Oliver Haag.

Club members present were: Mesdames J. M. Caldwell, Conkling, DeArmond, Andrew Fasken, C. M. Goldsmith, Goodman, Hill, Miller, Erle Payne, Ernest Sidwell, Robert Turpin, and the hostess.

### Mrs. Epley Hostess To Odessa Bridge Club At Luncheon

The Odessa Bridge Club met with Mrs. J. Homer Epley in the Blue Room of the Hotel Scharbauer Wednesday at one o'clock.

Barbecued chicken was the piece de resistance, and a comic prize was won by Mrs. Nash Tucker for exhibiting the dirtiest napkin in testimony of her enjoyment of the chicken. The luncheon table was centered with a large nest of gaily colored Easter eggs with vases of red roses at each end of the table. Bridge was played during the afternoon. Mrs. John H. Marks holding high score, Mrs. B. C. Hendricks, low and Mrs. Ralph Lowe cut. Score pads and tallies carried out the Easter motif.

Members from Odessa present were: Mmes. John H. Marks, M. Kohlman, T. B. Harris, Ben F. Jenkins, J. A. Holt, B. C. Hendricks, Jno. W. Evans, C. A. Bradley, Paul Slaton, Nash Tucker, Scottie Kelly, Willie Martin, M. F. Henderson and Mildred Warren. Mrs. Ralph Lowe of Midland was club guest.

## DOLLARS TO DOUGHNUTS

BY EDITH ELLINGTON  
 COPYRIGHT, 1941, NEA SERVICE, INC.

YESTERDAY: Beatrice is determined to face Bruce Sheldrake, demand changes in store operation. But Anthony comes from his conference defeated. The merchandise manager laughed at the idea. But Anthony isn't quite dead. He'll get proof. And he realizes that she has to have proof for her changes in the store or she will be laughed at, too. For the first time she realizes the responsibility her money has brought upon her.

### NO TIME FOR BLUES

CHAPTER XXII  
 THROUGH the long afternoon, the enormity of her problem stayed with her. That night, as she punched her time card, one of the line of hurrying girls in dark store dresses and cheap coats, she thought, "These girls need me. I've got to help them. I've got to help Anthony. And Grandfather would want me to do something. But what? What shall I do?"

Anthony was waiting for her outside the employees' entrance. Toby Masters, who always left the store with Beatrice, cried, "You look like a man who wants to get plastered."

Toby knew something was going on, she sensed that Anthony had suffered some bitter disappointment. But she was too wise to ask.

Anthony said, violently, "If it weren't for Bee, I certainly would go out on the town tonight. I'd get high as a kite."

"And you'd have a hangover in the morning that would kill you," said Toby.

"Not to mention getting fired," Beatrice added.

Oh, he likes me, don't fret! He thinks I'm wonderful. He even admits I'm good looking. But—the small, animated face sobered, and for a moment Toby was wistful and unsure. "He's a very careful looker-ahead, and he has a mother to support."

"I think you deserve a party," Anthony commented. "All right, we're throwing a party."

NEVER in her life had Beatrice known quite so impromptu a party. Anthony went home with them on the subway. Toby phoned her boy, and Vera phoned Terry. At 8 o'clock, the doorbell rang, announcing Toby's Great Stone Face. She cautioned Terry five times, between the bedroom and the door, not to "get gay" with her friend. Then she came back radiant, leading a tall boy with a thin, bony face and red hair.

"Handsome!" thought Beatrice. "Toby must have it bad!"

But when Sam McArdle smiled, she understood.

"We might as well get going," Terry said, after the introductions were over. "We've got half an hour before the curtain and it's a long ride."

Back to the subway. Six laughing young people, crowding into the train. Toby hung on the arm of her cavalier with such transparent joy that Beatrice couldn't help saying, to Anthony, "The

Officials For Permian Basin Conclave Plan For Large Attendance

LUBBOCK, April 3—(Special)—Following the announcement of convention working committees and the release of the tentative program for the third annual conclave of the Permian Basin Association, plans are fast being made to entertain a large attendance expected here from West Texas and other oil producing areas of the Southwest.

Horse Show For Visitors. Paul C. Teas of Lubbock, general chairman of the convention steering committee, announced registration booths in hotels would open at 1:30 p.m. April 13. A championship horse show is to be staged at the Lubbock fair grounds at 2:30 p.m. under the direction of Frank H. Kelly of Colorado City.

Use Eggs Often As Rich Source Of Body Builders

By Mrs. Gaynor Maddox NEA Service Staff Writer. Fresh eggs are bountiful and one of the best buys on the market because they are good body builders with efficient protein in their yolks and whites. The yolks are especially rich in iron—the mineral that helps to form red blood cells. They are an important source of calcium, another mineral that's likely to be low in many diets.

Eggs are also a rich source of phosphorus and are a good source of riboflavin (vitamin G). For good measure, other vitamins are always present—vitamins A and D varying in amounts depending on what the hen had to eat. Modern poultrymen see to it that their hens are liberally supplied with vitamins A and D.

Meringues Dress Pies. Meringues on top of pies and other desserts dress them up with a springlike delicacy. Here are a few rules for perfect meringues: Get the eggs out of the refrigerator ahead of time, so they will be at room temperature by the time they are to be beaten.

Next beat in 2 tablespoons of sugar for each egg white, a few grains of salt, and a drop or two of vanilla. Spread this over the top of the pie to the edge of the crust. Bake in a moderate oven (325 to 350 degrees F.) for 15 to 20 minutes or until the meringue is light brown.

This low-cost pie is full of nutrition and at the same time it has a light, springlike appearance. Apple Butter Raisin Pie. (Serves 6) 1 cup flour, 1/2 teaspoon baking powder, 1/4 teaspoon salt, 1/3 cup lard or other shortening, 1/4 cup ice water (about).

Sift together flour, baking powder and salt. Cut shortening in with a pastry blender or two knives until the lumps are the size of lima beans. Add ice water gradually, mixing it in with a fork. When only enough water to hold dough together has been added, pat dough together and chill if possible. On a floured board, roll out dough to 1/8-inch thickness. Line a 9-inch pie plate; trim and flute the edges. Place another 9-inch pie plate over it to hold crust sandwich style while baking.

Filling: 2/3 cup sugar, 2 tablespoons cornstarch, 3/4 cup water, 1 1/4 cups apple butter, 1 cup raisins, 3 egg yolks, 1/4 cup lemon juice. Mix sugar and cornstarch together in saucepan. Add water, apple butter and raisins; cook together for 5 minutes, or until thick, stirring constantly. Add beaten egg yolks and lemon juice and cook about 2 minutes longer. Cool and pour into baked shell. Meringue: 3 egg whites, 6 tablespoons powdered sugar. Beat egg whites to a soft peak stage and sprinkle sugar over the top, a tablespoonful at a time. Beat sugar in well between each addition. Pipe meringue lightly on pie and bake in a moderately slow oven (325 degrees F.) for about 15 minutes or until a light brown. BREAKFAST: Orange juice, brown rice griddle cakes, new maple syrup, coffee, milk. LUNCHEON: Stuffed egg salad, rye rolls, stewed rhubarb, tea, milk. DINNER: Dried lima bean and cheese casserole, crisp bacon, buttered 8-minute cabbage, apple butter raisin pie, coffee, milk.

Grand Jury To Probe Hi-Jacking Case Here

Willard and M. J. Lewis, charged with hi-jacking S. C. Stringer, who lives seven miles from Midland, were bound over to action of the 70th District Court grand jury in a hearing in justice court yesterday. Bond for the two men was set at \$750 each, Justice of the Peace W. P. Z. German, said. Stringer allegedly was robbed of about \$35 when he stepped from his automobile to open a gate at his farm last Saturday night.

Cub Pack Members Meet At Scout Hall

C. Oney, Edward Richardson, Charles Ryan, and Harold Hawkins. Mrs. J. L. Greene, den mother, also attended the meeting. Cubs will meet with Mrs. Greene April 9 and dens one and two will play a softball game.

Mathematics Topics, All But One, Vague

DENTON, April 3—(AP)—It won't be double talk but only a mathematician can understand it when they start discussing such things as "compact and uncoherent continua" here tomorrow. Then, there is the matter of "quasi-analyticity and singularities of analytic functions." These are among the nine subjects up for discussion at the annual convention of the Texas section of American Mathematical Association. Of the entire nine subjects, the layman probably would understand

### Track Field Meet Narrows Down To Two Contestants

A practice track and field meet here Saturday may develop into a dual encounter between Midland and Odessa. Other teams invited reported conflicting engagements and other reasons for not appearing Coach L. M. Freels said today.

Freels put his team through a drill on starts, sprints, and conditioning runs yesterday. Relay quartets practiced at passing the baton.

**May Shift Williams**

In order to strengthen the mile relay four, Freels may shift Ken Williams from the sprint relay quartet to the mile group. That would insert Ivan Hall to run with Cletas Hines, Windell Williams, and Johnny Ward or Foster Hedrick in the 440 yard event.

Hall, Robert Wheeler, and Marshall Whitmore who are working out with the football team in spring training, will join the track team Saturday for the meet.

### Longhorns Take Lead In Southwest Circuit

WACO, April 3—(AP)—It looks like the experts are right as usual about the Texas Longhorns in the Southwest Conference baseball race.

Here the teams are just starting the second week of the campaign and Texas is the only undefeated aggregation.

Baylor's Bears, who lost to Rice and dropped one out of two to Texas A&M, beat Southern Methodist 12-7 yesterday to knock the Mustangs out of a tie for the lead with the Longhorns.

The fact that Texas walloped Rice in two games and Baylor couldn't handle the Owls is a strong argument that Texas won't be headed this season.

Baylor rallied for five tallies in the seventh to beat SMU. Pitcher Joe Terry held the Mustangs at bay the rest of the way.

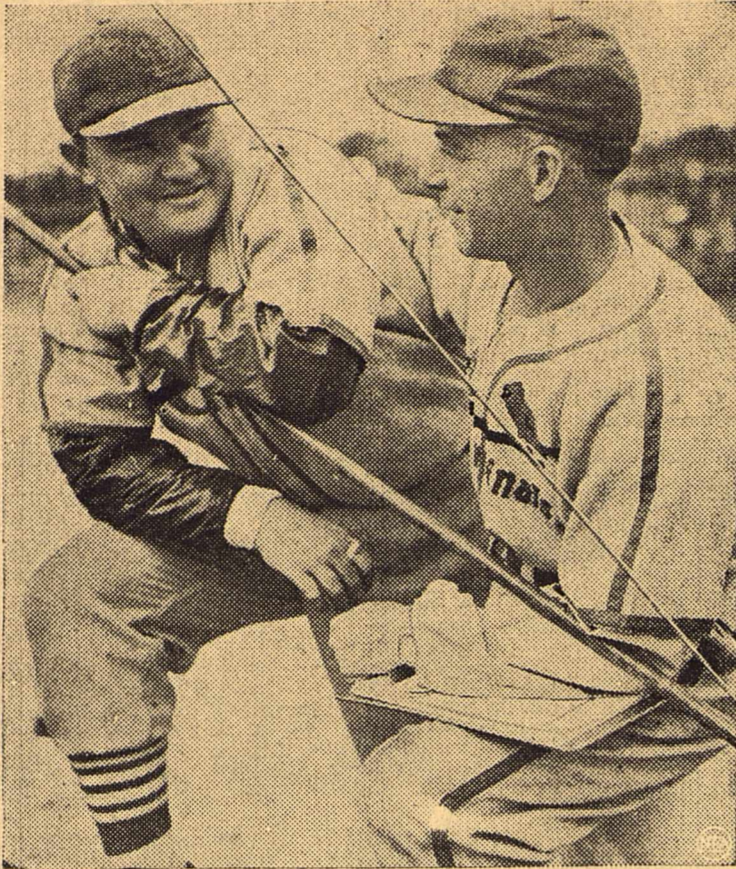

### Comedian Competes In Bowling Tourney

ST. PAUL, April 3—(AP)—Harold Lloyd, who scored 518 in the five-man division of the American Bowling Congress here last night, will be back pitching in the doubles and singles events in the pin marathon today.

The largest week-day crowd of the current tourney watched the Hollywood comedian score games of 153, 192 and 173, with four errors and two splits, as his Los Angeles No. 1 team chalked up 2,572.

The ABC convention will be held tomorrow, drawing approximately 1,000 delegates from all parts of the country, while the National Bowling Proprietors-Association and the bowling scribes will hold their powwows at midnight.

### Ready to Bat in 137 More Runs

His holdout siege ended by contract for \$18,000, Johnny Mize, left, at St. Petersburg training base assures Manager Billy Southworth that he is ready to better last season's performance as big gun of St. Louis Cardinals. The large first baseman led National League in runs-batted-in in 1940 with 137, topped majors in home runs with 43.

### Bulldogs To Practice Grid Fundamentals In Today's Training

The fundamentals, blocking and tackling, will be taken up by the spring training Midland high Bulldogs today.

Coach Earle Clark sent his charges through a passing practice yesterday and the running game also was stressed. The Bulldogs worked on an offense against a five-man line defense. Only the offense has been taught team members thus far in training.

Leonard Shepherd, converted basketballer, and Billy Richards passer and runner, showed up well yesterday in running attack.

From 25 to 30 grid hopefuls are practicing. Four lettermen are included. The team is light but spirited.

### MAKES VISIT TO PRAY: STEALS 6TH VIGIL LIGHT

ROCK ISLAND, Ill., April 3—(AP)—Police are searching for an unidentified, light-fingered man who has been making daily visits to St. Mary's Catholic Church, presumably to pray. Police aid was asked after the theft of the 6th vigil light from the church.

### Promoter Seeks To Match Louis In New Mexico

ALBUQUERQUE, N. M., April 3—(AP)—So long as Joe Louis is seeing the country between title fights, a Texas promoter figures he may as well come out New Mexico way.

Promoter Pup Thomas of Lubbock said he would try to convince Mike Jacobs in St. Louis Monday that the Brown Bomber should accommodate his protegee, Babe Hunt, with a title bout somewhere in the state.

Thomas said he would show up in St. Louis with letters from Governor John Miller and the state tourist bureau director, plus New Mexico population figures and a well-rehearsed agreement for Hunt, a former oilfield hand and veteran of Texas rings.

"Jacobs probably thinks New Mexico is in the sticks," Thomas observed, "but I believe I can show him where, comparatively speaking, Louis will draw more than he will in some eastern cities."

Clovis Makes Bid

The Lubbock promoter, who also sells automobiles to the cow country folk, contacted Albuquerque officials to see that facilities could be arranged, if a long row of its were hurdled. He said Clovis, N. M., had offered to provide everything needed but a knockout punch if the match goes through.

Texas bans bouts between white and negro boxers.

Not since a hot summer day in 1912 has New Mexico had a heavyweight title fight. Jack Johnson out-punished Jim Flynn at Las Vegas before the contest was stopped by police in the ninth round of their fourth of July scrap.

Bob Fitzsimmons once fought at Langtry, Texas, on the border near El Paso, after winning the title from James Corbett in Carson City, Nev., March 17, 1897.

### Sports Roundup

**By Eddie Brietz**  
NEW YORK, April 3—(AP)—A win for Lou Nova over Max Baer tomorrow night would be a swell birthday present for his manager, Ray Carlen. Also today is the second birthday of Nova's daughter, Hertha Lou, and of his bosom buddy, Art Cohn, the Oakland, Calif., sports columnist. Claude Passeau, the Cubs' pitching ace, deducted for two dead mules in his income tax and says he'll dig 'em up if anybody thinks it's gag. Zeke Bonura, who was sold to Minneapolis, still is moping in New Orleans and says he'll stick to the banana business if he can't be in the big leagues.

**One Sure Bet:**  
A remarkable man is Maxie Baer. The great big man who's in our hair Against Lou Nova he may look awful. But win or lose, he'll take a jawful.

**Touching All Bases**  
Under threat of a \$10 fine, Pee-wee Reese and Pete Reiser of them Dodgers have shied off attempts at mustaches. Joe Medwick is swagging again with a 17-game hitting streak that includes four homers in the last four days. Bill Terry, accompanied by Coach Pancho Snyder, is making the Giants' barnstorming trip by auto and is so fast he often beats the train. Suitcase Simpson, a Pirate rookie since farmed out to Albany, received a letter from his father asking whether he was one of the players fined \$100 by Manager Frisch or the one soaked \$250. "My father has great confidence in me," cackled Suitcase, who was in the clear here. Wally Moses shoulder, hurt in an auto smashup, is slow mending and he may miss the Athletic's opener.

**Today's Guest Star**  
Jerry Mitchell, New York Post; Fred Haney of the Browns calls his man, Walter Judnich, the best young outfielder in the American League. He must look the other way when Dom DiMaggio and Barney McCosky are around.

**Hitting The High Spots**  
Canada Lee, ex-pug star of the Broadway Hit, Native Son, hopped down to Philly to second fight Buddy Moore when the show had a night off Monday. Abe Simon has made 40 personal appearances since his shindig with Louis. Oklahoma U. is endorsing the telegraph companies in an effort to find a big-time football foe for a 1941 semi-centennial date. Derby winter books are getting a heavy play on Fairmond, the English importation of E. F. Woodward, Texas oil man. Long Island U. students are drumming up a protest meeting because of a report the Blackbirds will drop football. Jack Kearns sent a long letter to Dempsey trying to explain that newspaper interview in which he said Joe Louis could lick the Manassa Mauler of old.

**Five-Star Fight Final**  
Baer took \$3,000 to \$1,000 he would kayo Nova.

**Miss Lynn Will Speak At Rankin**  
Miss Alpha Lynn, Midland county home demonstration agent, will discuss cuts of meat and their use at the barbecue to be held at Rankin, this afternoon at 5 o'clock. The barbecue of lamb, mutton, and beef, is being prepared for 4-H club boys and others interested in the ranching industry. Others from Midland are expected to attend.

**Reports Midland Oil Man's Sister Drowned**  
Mrs. C. J. Walden, 55, sister of C. J. Griffin, oil operator of Midland, was reported drowned Tuesday in a rain-swollen stream on the Walden ranch near Cornell, Calif. Funeral services will be conducted today. Among survivors is a sister, Mrs. Mary Belle Ricker, of San Angelo.

**ONE-MAN POLICE FORCE TO HAVE BENEFIT DANCE**  
DAYTON, O., April 3—(AP)—Inquiries about tickets being sold for a "benefit" for the police department of Riverside, a suburb, brought this explanation from Marshall T. Blake: "There will be a dance for the benefit of the Riverside Police Department. I'm the only policeman."

**PRICHARD TO EL PASO**  
C. Ed Prichard is leaving today for a business trip to El Paso.

#### Little's Stock Gains Strength In Masters Meet Starting Today

AUGUSTA, Ga., April 3—(AP)—A broad-shouldered gent with an infectious grin—U. S. Open Champion Lawson Little—looked like money from home today as 49 top-flight golfers headed into the eighth annual Augusta Masters Tournament.

Two streamlined 68's, carded on successive days in practice over the feather-smooth Augusta National Course, sent Little's stock booming—and squeezed odds on the Californian from a preliminary 8 to 1 down to 7 to 1, a dead-heat with Sam Snead, Ben Hogan and Byron Nelson.

**Little Is Confident**  
But where the other favorites fretted over faltering games, Little was completely confident. "I'm hitting 'em," he said simply. "Whether I can keep doing it for the next four days of course, is another thing."

Nelson, meanwhile, continued to have trouble on the greens, missing apparent easy putts. Hogan fiddled with his putter and irons, generally displeased with results, but hoping a changed stance would bring improvement. Snead pointed to his iron shots and held his nose expressively. None, however, appeared in serious difficulties.

#### Barlund Doesn't Impress Critics For Conn Match

**By Tom Siler.**  
CHICAGO, April 3—(AP)—Gunnar Barlund, durable Finnish heavyweight, will be eligible for membership in the "bum-of-the-month club" if he can upset Pittsburgh Billy Conn Friday night in Chicago stadium.

Such a triumph would qualify him to follow Gus Dorazio, Abe Simon, Tony Musto, et al, to the Joe Louis chopping block.

The 195-pound Finn, an in-and-out for several years, is given almost no chance to get by the fancy-punching Conn despite a 15-pound weight advantage. The betting fraternity on Randolph Street has set the miniature heavyweight up as a 6 to 1 choice over Barlund. Fifteen Pounds Heavier.

"Where do they get those kind of odds," asked Paul Damski, Barlund's loquacious manager. "I'd like some of that myself."

"This boy of mine is going to fool a lot of people. He was never in better shape than right now and he's ready to give Conn a real fight. Conn has never fought a heavyweight as experienced and smart as Barlund. And don't forget Conn will be giving away between 15 and 20 pounds."

**By Buster Howard**  
FORT BLISS—The big day for soldiers—pay day—has come and gone and today many are about broke again. However, it was not pay day for the new soldiers. We have another month to wait yet. Many of the men keep their money all month, but many owe all their cash as they get it.

It is interesting to visit all the tents at night in our camp and see the things the soldiers do for entertainment. All kinds of games will be found. At least a third of the men write to someone two or three times a week. Others read books, newspapers and magazines.

It is surprising to see how many men read the comic magazines, published for children. Radios furnish lots of entertainment in the tents. Sunday is an easy day for us as we don't have to get up unless we want to do something. Most of the fellows seem to have something to do. Many go to church. Many ride horses. Baseball games between various troops of the cavalry are Sunday entertainments.

The other day we had what could have been a spectacle worth seeing except for a wind storm. A review was ordered for all the cavalry at Fort Bliss but a high wind came up an hour before the event and we had to take it that way. We have a sandy parade ground and with 6,000 horses it was terrible. All we could see was the horse ahead of us. Full packs were on each horse.

#### Fourteen Riflemen Practice At Range

Fourteen members of the Lions Junior Rifle Club held target practice yesterday at the Crawford Hotel range. Bobby Norris shot a 49 out of a possible 50 for a new high score from the prone position.

Two new members, H. G. Bedford, Jr., and L. C. Neatherlin, were announced and took part in the shoot. Bill Rabun shot 46 out of 50 and Louis Hartwell 41 out of 50.

The weekly shoot will be held at 3 p. m. Saturday.

#### Country Club Members Arrange Dance Saturday

Members of the Midland Country Club will dance at the club house from 9 p. m. Saturday to 1 a. m. Sunday. A steak supper also will be given.

An eight-piece orchestra will furnish music. Members were urged to wear golf clothes for the event.

A lory is a type of parrot.

#### Baseball Players To Workout Again Today

Bating and infield practice is scheduled today for Midland's semi-pro baseball team.

The team worked at these phases Monday and yesterday.

Jim Payne, manager, said a new place to workout will be arranged when soldiers are quartered at the baseball park.

Van S. Watson, former softball star, "is a red-hot" prospect," Payne said.

**German U-Boats And Ships Take Big Toll**  
BERLIN, April 3—(AP)—German battleships and submarines operating in the Atlantic sank 367,800 tons of merchant vessels from March 16 to 23, informed circles reported today, in one of the heaviest series of blows yet claimed against British shipping.

German planes were declared to have sunk two armed merchant ships totalling 16,000 tons out of a strongly protected convoy south of Crete in the Mediterranean.

# France Plans New Highway

By Herbert G. King  
 VICHY—(UP)—As part of the ambitious reconstruction program being directed by Marshal Henri Philippe Petain, France's minister of communications, Jean Berthelot, envisions the appropriation of approximately \$200,000,000 to be spread over the next five years for the amelioration of this country's system of highways.

For many years France has been able to boast of a network of roads second to none in Europe and when M. Berthelot's program has

been carried through he hopes to have created a world standard.

In a recent interview, the minister's attention was drawn to the construction in the past few years of Germany's famous "autobahnen" and he was asked whether France was being inspired by the German example.

**Not To Copy Germany**

To this question Berthelot replied: "There is no doubt that we have many things to learn from the Germans, but we would be making a mistake if we merely copied what has been done in the Reich. Things in the two countries are not on the same scale and when Germany began constructing the 'autobahnen' it did not have in proportion such a fine

network of highways as France. The "autobahnen" is a costly affair and, in a general manner, is not necessary in France.

Nevertheless, we have constructed one great highway of that kind, the West Road, which runs underground out of Paris enables Parisians to reach Normandy without fear of traffic jams. This road is to be inaugurated in the spring.

"Among other projects which are being carried out is the road taking traffic round the city of Lyons along the Rhone river banks and the auto route which will link Nice and Cannes."

Berthelot revealed that it is his intention to proceed with the gradual elimination of grade crossings

throughout France.

"Our program," he said, "calls for the elimination of 130 grade crossings and particularly in the neighborhood of large towns, while a number of by-passes are to be constructed to prevent jams at the exits of important agglomerations."

**Jobs For Unemployed**

"We are going to do all this work with the army of unemployed which can be mobilized under the orders of the commissar for unemployment. In a very short while 60,000 of the jobless men will be at work on the roads and by late spring there probably will be more than 100,000 on the job.

"National highways are to get \$25,000,000 annually from the ordinary budget, while a like amount

has been voted for the elimination of grade crossings."

# Economist Forecasts Upswing In Business On Way To Higher Peaks

## Industry Has Gained Enough Momentum To Continue Long Time

By John T. Flynn  
 (Written for NEA Service)

There does not seem to be any prospect of a quick halt to the upward spiraling of business.

The only thing that can stop it is the ending of the war. And that would not stop it right away. Rising business activity might go on for a year or more after the ending of the war.

(The last war ended at the end of 1918. But the government spent more money in the succeeding year—1919—than it did in 1918. It spent \$14,000,000,000 in 1918; it spent \$18,000,000,000 in 1919.)

If the war were to end today the government, during the coming year, would continue to spend more than it is spending now—so that the great force which is driving business activity up would continue to do so.

**Dollars For Guns.**

This does not mean that all present-day business will boom from now on in the same degree or that the boom will continue in every line.

For example, the aluminum industry will certainly boom, for every ounce that can be produced will be needed. But that part of the business that makes pots and pans may not do so well—in the early months of the defense efforts, at least—because the government has forced aluminum into planes and munition production on a great scale and has denied it to the pot and pan trade.

However, it must not be supposed that only the war industries will feel the thrill of the present upward surge. The money being voted and spent is for guns and not butter. But the dollars that go into producing guns will very soon get around to the butter store. For the dollar spent to make a gun goes into the pay envelope of mechanics and the money goes from the pay envelope to the grocery.

**Some Will Be Hit.**

Generally industries may be put into two groups—defense industries and non-defense industries. The defense industries will boom, however, must be divided again into two groups: (1) Those which compete for materials with defense industries will be checked. (2) Those which do not compete with defense industries will boom almost as much as the defense industries.

**Boom Has Barely Begun.**

At the moment there is what seems like a halt in the rise of the business cycle. For several weeks it has faltered, even dropped a little. But this most certainly is temporary.

This halt is due to several causes: One, the shifting of industries from one type of production to another; two, some difficulties in getting essential raw materials or parts caught for the moment in some bottleneck or other difficulty; three, strikes; four, capacity production in certain lines which must wait on plans expansion; five, delay in tools or plans or designs.

This will most assuredly be straightened out and we shall see the line on the business index chart rise again.

The market is not too good an index. There is going to be plenty of business. And there are going to be plenty of profits. The business and the profits are going to the business men who run their enterprises as business institutions, and not as part of war propaganda institutions.

Back in the old NRA days and

As the national defense drive gains momentum, priorities direct the flow of vital aluminum more and more to airplane manufacturing, less and less to the pots-and-pans trade. Above, workman pours aluminum to make aluminum alloy permanent casting.

in the early New Deal days there were men who sat back, grumbled at the New Deal, filled themselves with consternation—and lost their shirts.

There were others who didn't like the New Deal either, but who kept their political debates outside their counting rooms, surveyed the facts of business calmly—and made fine profits.

The same thing is true today.

# Step Up Folks, Pay Your Sawbuck And Observe Washington Splurge In Opening Of Brazilian Embassy

By Peter Edson  
 The Reporter-Telegram  
 Washington Correspondent

WASHINGTON, April 3.—It was hot news in Rio de Janeiro, throughout Brazil, up and down Latin America from Agua Caliente to Tierra del Fuego, and the cables were burned up with glowing descriptions of the affair at high rates per word.

It was big society news in Washington, for the 400 of the capital's women of the upper diplomatic and official social crusts were there.

It was pleasing news to the United States Office for Co-ordination of Commercial Relations Between the American Republics, though Nelson Rockefeller had nothing to do with it.

It was good news to the American Red Cross, for the 400 paid \$10 a head to see the show, thus netting \$400 for sweet charity.

**Ten Bucks Admission**

To the world at large, however, it was just another benefit, so the news may have escaped you that Her Excellency Senhora Carlos Martins and His Excellency Ambassador Extraordinary and Plenipotentiary Martins opened up the big three-story limestone palace which is the Brazilian embassy in Washington the other afternoon. Anyone who had a sawbuck and knew about the affair could buy a ticket and be admitted.

You were bowed out of your cab by a colored footman in high hat and long blue coat. The door was opened by a young man in afternoon clothes who gave you a flashy eye until you showed your ticket, then smiled you in. The cards were taken by a lady secretary, who tore off and returned

the coupon for the hat and suit raffle, later.

Then up a big wide semi-circular staircase, and at the head of the stair a butler asked your name, mispronounced it (it became Hudson) and presented you to the Senhora herself—"chica," smiling and brumet in a flowered dress. The hostess, with her big iron-gray ambassador husband beside her, who furnished the house and the cocktails and the little sandwiches and little cakes and champagne and music, and let the Red Cross have all the gross. It said so on the tickets.

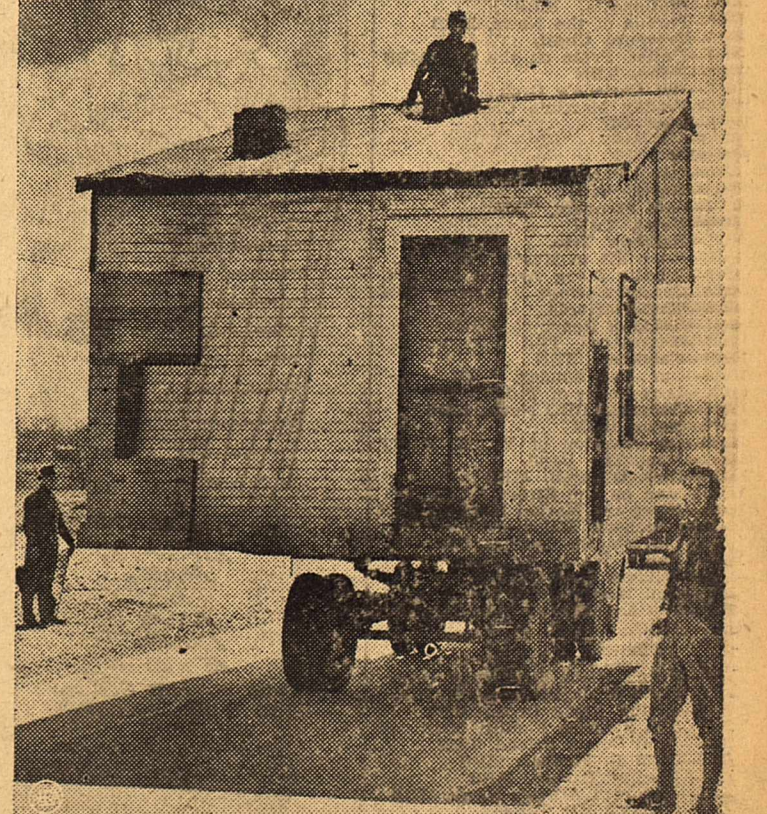

**Fifty Male Waitresses**

In the balcony hall, overlooking the stairs, photographers and the newspaper society gals, jotted down who arrived and what she wore, while the hostess stood by and saw a few of the guests drop and stamp out cigaret butts on an oriental rug worth perhaps as much as the Red Cross take.

Off the hall, three big reception rooms, cleared of their regular furniture, filled with lined card tables. Around the tables, 350 women. That's Mrs. Hull and Mrs. Morgenthau. And here comes Mrs. Sumner Welles. And there—no, there—is Mrs. Wallace and Mrs. Jones—Mrs. Jesse Jones.

A princess, a baroness, a countess. A big sensation when Madame Mehmet Munir Ertegun came in with Madame Constantin Folitch. What? You don't know them. The wives of the envoys from Turkey and Yugoslavia. Political significance in that. They ticket, then smiled you in. The cards were taken by a lady secretary, who tore off and returned

When we first started in business, we determined to become the "prescription store" of Midland. That we have made our mark is best proven by the number of prescriptions we have compounded during our years of service to the community. Throughout those years, we maintained strict adherence to the ethics of pharmacy, holding as a sacred trust, the accurate compounding of prescriptions. This inflexible rule gained for us the confidence of physicians and laymen alike and we consider their confidence as the greatest asset of our business.

## MUSTANG BOYS' CLUB COLUMN

Lowe's filling station.

Burton Cain won the award for answering the greatest number of questions correctly. Watch for the "Know Midland" quiz tomorrow.

The recreation department's spring and summer softball officials games start next Tuesday, when the Mustangs play the North Side playground at North Side. Games will be played each Tuesday and Friday afternoon at 5 o'clock. The Middlets, 13 years old and under, play on Tuesdays and the Juniors, not under 14 and not over 16, play Fridays. The four teams participating are the Mustangs, North Side, South Side and the Latin-American boys. Saturday mornings are left open to permit the Mustangs' ace team to take on all comers. Mustangs of any age may play, depending upon ability. This Saturday at 9:00 a.m. the Mustangs play the "Star-Telegram" news boys.

America's Card Authority. The Eastern States amateur championship is an event which seldom finds the winners defending their title in the following year, because the master points they earn by their victory usually makes them ineligible for amateur events.

The winners this year, Louis Swerdlove and Harry Atkin, are now masters, and I predict that before many months they will win honors in competition with the country's best.

Atkin plays the cards carefully and well, as shown by today's hand.

The opening lead was won by the ace of clubs. Three rounds of diamonds were led, to give West a discard of his club loser.

Then dummy led a low spade, and the queen won the ten. Atkin led a second spade and correctly played low from dummy, dropping South's ace.

South exited with a club, and West ruffed. A third trump lead picked up North's jack and put dummy in to cash two more diamonds. Then Atkin conceded a trick to the ace of hearts.

His score of five-odd was top for the board. Only a few other pairs reached four spades and none of them got the extra trick.

## Witness States Jockeys Puffed Horses For \$200

LOS ANGELES, April 3—(AP)—Two hundred dollars a race was the rate of pay for four jockeys to "pull" their horses at the 1939 Hollywood Park season, Irvin Sangbusch told a superior court jury trying five men on horse race fixing charges.

Sangbusch who said he was known to horse race men for 20 years as James A. Murphy, testified he himself received another \$200 as go-between. Fixing charges against him were dropped when he became a state witness.

He said Bernard Einstoss, alias Barney Mooney, arranged with him to bribe riders and give him the money to pay them on 25 days of the 1939 Hollywood Park season.

Spring salad, served with hand-turned American woodenware.

Salads Substitute For Old Time Spring Tonic

By Mrs. Gaynor Maddox NEA Service Staff Writer.

The present generation of military men eats more fruits and vegetables than most women think, according to Mary de Garmo Bryan, chairman of the committee appointed to suggest revision of the Navy's Cookbook. That makes the spring tonic problem far easier for everyone.

Not sulphur and molasses, but fruits, vegetables and salad greens are today's spring tonics. The large wooden bowl, stacked with assorted greens, some raw vegetables and perhaps a few fresh fruits is the American way of recharging the body with vitamins and minerals after the ravages of winter.

Combine as many in one salad as you can. Use a plain French dressing, toss well and serve on large plates. If you are not familiar with these vitamin-rich bowl salads, begin to enjoy them this spring.

Keep Greens Fresh. Fern Silver, supervisor of home economics at Lincoln High School, Albuquerque, N. M., writes of salads in her practical new book, "Foods and Nutrition."

"To make their greens deliciously crisp, wash the leaves under cold running water, dry lightly with a towel, fold in a damp cloth, and put in the ice-box for some time before using. Other salad ingredients also should be chilled and kept cold until served."

"When using ingredients that discolor quickly, such as apples or bananas, sprinkle a little lemon juice over them after peeling. A sharp knife should be used to dice (not mince) ingredients into small

attractive pieces. "Toss ingredients lightly together with a fork to avoid a stirred-up look. Some ingredients, notably greens, acquire a wilted look when exposed to the acid of salad dressing if allowed to stand mixed with the dressing for any length of time; so the salad dressing should be added just before serving any salad."

French Dressing. Three-fourths cup salad oil, 3 tablespoons vinegar or lemon juice, 3/4 teaspoon salt, dash pepper, few grains paprika, 1/4 teaspoon mustard, 1/2 teaspoon sugar.

Mix dry ingredients with vinegar or lemon juice. Add oil and beat until creamy thick. The emulsion breaks quickly, but remaining dressing may be beaten again before using.

Tomorrow's Menu. BREAKFAST: Stewed rhubarb, cornmeal muffins, honey, bacon, coffee, milk.

LUNCHEON: Creamed codfish on toasted English muffins, grapefruit, strawberry salad, cheese, tea, milk.

DINNER: Chopped broiled round steak, lemon butter, mashed potatoes, buttered beans, large bowl spring salad, French dressing, lemon gelatin, custard sauce, coffee, milk.

Provisions Of New Motor Truck Load Law Are Explained

AUSTIN, April 3. — The overall gross weight allowed by the new Texas truck load limit law is 38,000 pounds, which includes the weight of the vehicle and the load.

For instance, using an ordinary four wheel vehicle, if the distance between the front axle and the rear axle is 12 feet you add 40, which makes 52. Multiplying this by 700 gives you 36,500, the total gross weight for which this particular vehicle may be registered.

How To Figure Weight. If it is a truck-tractor and semi-trailer combination, it will be necessary to measure the distance in feet between the front axle of the truck-tractor and the rear axle of the semi-trailer, add 40 and multiply by 700.

The law also provides that the gross weight shall not exceed 18,000 pounds per axle where low pressure tires are used, or 16,000 pounds per axle where high pressure tires are used; and such gross weight shall not exceed 9,000 pounds per wheel if low pressure tires are used, or 8,000 pounds where high pressure tires are used.

Fort Worth Sports Plan Greatest Show For National Open

By Felix R. McKnight FORT WORTH, April 3 — (AP) — Golf's greatest show—the National Open—has a three-day run out here on the frontier of the west in just eight more weeks.

The homefolk, rather noted for shindigs of all descriptions, are putting all their tricks into this party in honor of the first appearance below the Mason-Dixon line of the United States Golf Association's blue ribbon event.

Business leaders, all golf enthusiasts and members of the Fort Worth Golf Association, sponsor of the event, have taken their places on a flock of committees with a noisy vow to make this National Open the greatest in history.

Some 35,000 spectators are expected for the three days, with thousands more due for the earlier practice rounds, officials said.

Never felt more confident about anything in my life than I do about the success of this tournament," said Leonard. "We want the players and spectators to say when they leave Fort Worth they have spent one of the finest weeks of their lives."

exceed 600 pounds per inch width of tire upon any wheel concentrated upon the surface of the highway and using high pressure tires, and a greater weight than 650 pounds per inch width of tire upon any wheel concentrated upon the surface of the highway and using low pressure tires." Shaw said the tire width referred to means the tread of the tire as stated by the manufacturer.

Shell Increases Crude Oil Prices

Shell Oil Company, Inc., late yesterday announced a price increase in West Texas and New Mexico. The new price is 60 cents per barrel for twenty gravity and below with a 2 cent differential upward to 94 cents for 36 gravity and above. This advance in price has been made retroactive to 7 a. m. March 29.

Texas counties affected in this schedule are Crane, Ector, Howard, Glasscock, Upton, Winkler, Yoakum and in New Mexico, Lea County.

In Pecos County, Texas, the Yates deep crude has been advanced to 85 cents; whereas, the Yates shallow crude has been advanced to 72 cents, all of which represents an increase of 7 cents per barrel.

In Fisher County, Texas, the new price is 76 cents per barrel for 25 gravity and below, with a 2 per cent differential up to \$1.08 for 40 gravity and above, which represents an increase of 8 cents per barrel.

Superior to the Sea—The St. Lawrence Waterway

Some 105 years after the idea for a Great Lakes-St. Lawrence waterway was born, the oft-proposed project is again before Congress, this time in form of a U. S.-Canadian Agreement for power and navigation development in the International Rapids section. Map shows parts of the waterway still too shallow for big ocean vessels, and industrial, shipbuilding and ore centers project will benefit. Inset map shows closeup of river section still un navigable to large ships.
