

Greeks Stand Off Fierce Stabs Thousands See Big Midland Army Day Parade

Soldiers From Anti-Aircraft Batteries March

Latest Army Motorized Equipment Is Shown In Parade; Six Bands Play

Midland observed Army Day with the greatest military parade in its history today and probably the longest parade of any kind ever held here.

Thousands of West Texans came to the city to see the spectacle. It was a mighty military show which impressed upon spectators the present drive for national defense.

Soldiers of the Provisional Searchlight Battalion of the 33rd Coast Artillery Brigade camped at Midland Baseball Park, for six weeks maneuvers marched and their motor equipment followed in the parade.

Large searchlights and generators of the anti-aircraft batteries were in the motor trucks. From crowded sidewalks, citizens saw the Army on parade with its latest mechanized equipment. Planes roared overhead during the spectacle.

Lieutenant C. A. McClinton, Army reserve officer, and J. F. Friberg, representing the American Legion, were parade marshals and marched at the head of the column.

Next came the Midland High School band with its drum major and drum majorettes.

Following the band came Major William H. Papenfoth, commander of the anti-aircraft battalion, and his staff of officers.

The soldiers marched in the new Army formation and carried rifles. Metal helmets were worn by all the soldiers.

Following the marching soldiers came the motorized equipment which brought the batteries here from Camp Hulen.

District Commander Marches At the head of the second division marched Bob Preston, commander of Midland's American Legion Post, H. A. Palmer, post adjutant, and G. Ward Moody, of Odessa, district legion commander.

The Army unit from Midland airport and high school bands from Kermit, Andrews, Odessa, Garden City and Rankin were in the line of march.

The third division was in the charge of Bob Martin Jr. Boy Scouts and Cub Scouts marched in this section and Girl Scouts rode in an automobile.

The newer models of automobiles also were displayed in the parade.

Imperial Army Drives Far Past Addis Ababa

Capture City Of Debra Markos As Prisoners Taken

Britain Announces Soldiers East Of Bengasi Fall Back

By The Associated Press CAIRO, Egypt, April 7.—The British announced today their forces were continuing to withdraw east of Bengasi in North Africa but in East Africa had captured Debra Markos, 120 miles northwest of Addis Ababa, following the fall of the Ethiopian capital without a fight.

More than 10,000 have been captured in Eritrea since March 25, and the Imperial forces are drawing closer to the Red Sea port of Massawa in that colony, and toward Dessie and Gondar in Ethiopia, the British said.

On the Libyan situation, general headquarters said: "In the face of continued pressure by strong German and Italian forces, the withdrawal of our advanced troops to selected areas of concentration is proceeding."

A swift cleanup north, south and west of Addis Ababa was reported following the Saturday night capitulation of Addis Ababa, the capital which Italian patriots surrendered to Fascist Italy five years ago.

Ethiopian "patriots" led by the Abuna Hailu Selassie played the chief role in taking Debra Markos after a long siege and "have already inflicted over 100 casualties on the enemy whose withdrawal southward is being closely followed up," the communique said.

As a result of the fall of Addis Ababa Premier Mussolini's Eastern empire appeared to be falling rapidly into the African dust.

On the 24-hour test through 2-inch tubing set at 5,625 feet it swabbed from 26 to 32 barrels of oil, with only a trace of water present.

Production is through 71 gun-perforations in 7-inch casing from 5,586 to 5,619 feet. Total depth of the well is 5,835 feet in lime. Swabbing continued.

One-hour drillstem test from 3,208 to 3,322 feet in Magnolia Petroleum Company No. 1 V. W. Crockett, Abell pool well, showed rise of 90 feet of drilling mud carrying a little oil. Drilling ahead, the well logged sulphur water from 3,430-54 and from 3,511-15 feet. This morning it had passed 3,761 feet in Permian lime.

Showing of gas was logged at 2,310 feet by Sinclair-Prarie Oil Company No. 1 E. E. Groves, and three-eighths mile east of the discovery, and it now is drilling below 2,320 feet in brown lime. One (See OIL NEWS, page 6)

Limited production from the lower Simpson sand of the Abell Ordovician pool in Northern Pecos County was being shown today by Phillips Petroleum Company No. 1 Sidney Silverman, south offset to the discovery.

On 24-hour test through 2-inch tubing set at 5,625 feet it swabbed from 26 to 32 barrels of oil, with only a trace of water present.

Trucks Seen In Parade Today

U. S. Army trucks of the provisional searchlight battalion from Camp Hulen transported approximately 500 soldiers here for encampment and maneuvers. The trucks are parked at the baseball park.

Auto Crashes Into Bicycle Injuring Youth And Soldier

Billy Bob King, 14 year old son of Mr. and Mrs. Cecil King, and Private Alden Rice, 18, of the Provisional Searchlight Battalion, stationed at the baseball park, were injured seriously last night when the bicycle they were riding was struck by an automobile.

Officers arrested Alfred Parr of Midland and charged him with driving while intoxicated and failure to render aid. The charges were filed in the court of Justice of the Peace B. C. Girdley.

At a hearing today Parr was bound over to action of the district court grand jury and his bond was set at \$1,000.

He was arrested near the accident by city officers.

The injured youths were taken to Ryan hospital by an Ellis ambulance. Billy Bob, a high school student, suffered internal injuries, shock and scalp wounds and a knee received scalp wounds and a knee injury.

Young King and the soldier were en route to the city, on West Wall street, from the army camp when the accident occurred at the G street intersection.

Rice's home is in Loudon, N. H.

Army Goes On Parade In Many Texas Cities

By The Associated Press The army put its best foot forward in Texas today.

Busy little scout cars manned by Iowa cavalrymen roared across the drill grounds at Camp Bowie, where the 38th division went on parade before a reviewing stand of notables including many Texas officials and high army officers.

Sentiment was mixed in with the show at Abilene, where an honor guest was Mrs. Antonia Barkeley of San Antonio, Mexican-born mother of Private David Bence Barkeley, World War hero for whom the busy camp was named.

There, the 45th division from Oklahoma, Colorado, New Mexico and Arizona, paraded with Mrs. Barkeley among the notables on the stand.

New Englanders, in anti-aircraft field maneuvers at Midland, far from their training base at Camp Hulen, went on parade before West Texans, San Antonio and El Paso long-time training centers where Army Day celebrations are as regular as Christmas, were excited over downtown parades with more soldiers on hand than since the World War days.

Dallas was dedicating the \$7,500,000 North American Aviation plant at nearby Grand Prairie, the ceremonies featuring many notables, including William S. Knudsen of the office of production management and Governor W. Lee O'Daniel.

The army's largest Infantry replacement unit at Camp Wolters, Mineral Wells, was thrown open to public inspection and observances were scheduled at San Angelo, Camp Wallace and Camp Hulen, Forts Crockett, Brown, McIntosh, D. A. Russell and Clark.

Thousands of visitors thronged Fort Bliss today to see new army equipment and a review of the 20,000 troops.

Range and farm compliance brought Midland County farmers and ranchers \$126,188.38 for 1940 in government payments, it was reported today.

Cotton parity 1940 payments amounted to \$42,213.93; 1940 ACP payments, \$60,922.39; and 1940 range payments, \$23,052.06.

Death toll to two PORT WORTH, April 7—(AP)—Death toll in a Johnson County auto accident Sunday was raised to two here today when Miss Helen Basham, 17, died of injuries received when the car in which she and six other young persons crashed into a bridge abutment between Alvarado and Grandview.

Hitler's Troops Batter At Little Nation And Drive Into Yugoslavia 18 Miles As Hostilities Increase

Italian Newspaper Reports Fascists Defeat Greek Effort In Albania To Make Contact With Ally And Germany Pours Out Air Power

By The Associated Press BERN, Switzerland, April 7—(AP)—Advises reaching here tonight said that German forces had not captured any strategic points at the end of the second day of the Nazi smashes on a 750-mile front into Greece and Yugoslavia.

Greek troops were reported to have withstood violent new assaults today in the second day of Adolf Hitler's invasion of the Aegean kingdom; while in Yugoslavia, target of a twin Nazi thrust, the Germans claimed an advance of 18 to 25 miles.

The direction of the German advance into Yugoslavia was not given. Nazi troops massed on the Rumanian frontier had been within 50 miles striking distance of Belgrade, the Yugoslav capital.

Athens dispatches said Greek infantrymen were holding fast amid furious attacks in narrow Macedonian Mountain passes littered with German dead and the wreckage of 10 Nazi tanks.

The Greek high command said the German Palm Sunday invasion had been stopped with the loss of only a single fort.

Stefani, the official Italian news agency, said Premier Mussolini's Fascist armies in Albania had frustrated an attempt by Greek troops to make contact with Yugoslav forces in two days of bitter fighting.

Stefani reported that the Italians had virtually wiped out a Greek division of three regiments.

The German onslaught against Greece, centered on the narrow, gorge-trapped Struma river valley in Macedonia.

Terrain is hindrance. Authorized quarters in Berlin admitted the precipitous terrain in both Greece and southern Yugoslavia might enable poorly-equipped forces to hold up superior German contingents temporarily.

Athens reports said fierce air battles over the fighting ground troops today had cost the Germans at least 11 planes. It was also said that an irregular band of Bulgarians had joined in the battle this morning against the Greeks, but had been captured.

DNB, German news agency, asserted that Yugoslavia's whole transport and communications system had been "fatally" disrupted by Nazi warplanes.

Reports from Turkey said from 12 to 15 German divisions—about 180,000 to 225,000 troops—were slashing into Yugoslavia toward the Croatian capital of Zagreb from the old Austrian border, 65 miles north.

Drive toward Belgrade. Three Nazi divisions (45,000 men) were said to be striking from Rumania toward Belgrade; three other divisions driving from Bulgaria toward the strategic Vardar River valley in southern Yugoslavia, key route to Greece; and other divisions slashing from Bulgaria toward Nis, 65 miles northwest of Sofia.

U. S. Steel And Workers Strive To Settle Issue

By The Associated Press The United States Steel Corporation and the CIO steel workers organizing committee agreed today to continue their wage negotiations, thus averting the threat of an immediate work stoppage in the steel company's mills.

The SWOC issued a statement saying that workers would remain at their posts under the present contract until April 15 and that any changes in wages or working conditions agreed upon in the meantime would be retroactive to April 1.

The SWOC previously had called a strike for midnight Tuesday.

Coal Problem Better In Washington, Secretary Perkins told the House military committee that she had been informed that difficulties surrounding work stoppage in the bituminous coal fields would be cleared before the day is over—maybe even now.

With the Allis-Chalmers strike virtually settled, federal labor agencies turned their attention today to the problem of calming labor strife in the Ford Motor Company.

The Allis-Chalmers walkout, which has blocked work on \$45,000,000 of defense orders since January 22, was virtually settled by the defense mediation board yesterday.

Behind The Headlines

By DeWitt MacKenzie Associated Press Staff Writer Hitler's attack in the Balkans indicates either supreme confidence or anxiety that delay would give the Allies a chance to gain strength and get set for action—and likely he is impelled by both these feelings.

Without doubt, his hand was forced by Yugoslavia's refusal to bend the neck, by Turkey's refusal to desert her mutual defense pact with Britain, and by Russia's growing coolness toward the Axis.

The Nazi chief probably felt that it was too risky to allow this potentially hostile group to coalesce.

He also is trying to beat out American aid to Britain and her Allies. Our help has been his greatest fear and his gravest danger. He has had an unexpected break of luck in the considerable hold-up of production in the United States and must be hoping that he will be able to crush the British-aided Balkans before American production can get going full steam.

Greeks Are Holding Thus far news of this great offensive has been too meager to give much indication of how the battle goes. The Greeks appear to be holding gallantly and well at the point of invasion near the Struma River valley, but word from the north throws little light on the position.

There seems strong probability, however, that the German war machine will sweep swiftly across the open country in the northern half of Yugoslavia. Well-wishers of the big Balkan state must be prepared for that.

The proud capital of Belgrade, on the Danube, likely will be in the hands of the Nazis within a few days.

Officers studied maps and charts of the territory surrounding the city and the locations are expected to be made tomorrow.

Britain Demands More Tax Income

LONDON, April 7—(AP)—Britain called upon her people—rich and poor—today to pay a 50 per cent income tax toward financing the war under a record budget estimated at 4,207,000,000 lbs (about \$18,828,000,000).

The limit of tax exempt income was lowered by 10 lbs to 110 lbs (\$440) a year to add 2,000,000 low-wage earners to the tax rolls.

Sir Kingsley Wood, chancellor of exchequer, told the House of Commons: "The burden I am compelled to impose is vitally necessary not only to meet our financial position but to secure a reduction in consumption" and avert spiralling prices and wages.

Two Bombers Arrive. The Midland Municipal Airport reported that two Army bombers to be used in the maneuvers had arrived.

Piloting the bombers were Capt. W. W. Amoratus, 97th observation squadron of Fort Benning, Ga., and Lt. S. B. Gamble, Jr., 22nd observation squadron of Brooks Field.

The soldiers continued work of setting up the camp today as graveled walks were laid. Details worked on water lines and fixed showers and other equipment.

Until further orders the day's schedule for the maneuvers is: first call at 6:45 a.m. with reveille at 6:55; assembly 7:00 a.m.; breakfast mess (see MANEUVERS, Page Six)

A BIBLE THOUGHT FOR THE DAY

CONQUER PREJUDICE: What God hath cleansed, that call not thou common.—Acts 10:15.

"Science Says--"

Ali Baba had a magic word. When he pronounced "Open Sesame!" the door of the thieves' cave swung open, and all the riches within lay before him.

We of the twentieth century have inclined to believe that we, too, had a magic word. "Science says..." we mouth, and expect all the riches of health, wealth and happiness to lie before us.

There are people today who trust in science blindly. Faith like that, by the way, even in science, is not scientific.

But even science requires a sort of faith at bottom—faith that the truth is discoverable, and that it is worth discovering. That faith has been shaken in these days, as the Rockefeller Foundation admits in its review of its 1940 activities.

Science has placed powerful tools in the hands of men. But of what use are they if they are used merely for man's enslavement? If the German dye industry produced sulfanilamide, most amazing of modern medical discoveries, it also produced mustard gas. If deep principles of physics are used to point a 500-ton telescope at a hitherto unknown star, they are used also to point a 16-inch gun. If means of communication are multiplied, so that men may speak more freely to men and thus multiply truth, the same means can be used to multiply false and destructive propaganda.

But it scarcely follows that we should therefore abandon science, or the scientific methods it teaches. What we need is to realize that mere science is not enough. We need morals, too, so that we may properly use for good the tools science has given us. We need faith, the ultimate faith that lies beneath science, that the truth is discoverable and good. We need to renew faith also that there is an aspect of man apart from the material things in which science deals.

None of these things are contradictory. We need to put science in its place by faith that man's spiritual side is also important. We need moral development, so that the techniques of science may be used for good and not for evil. And we need science itself, and the scientific method, so that man, given brains, may use them to think, and to achieve.

Science is swell, and we're all for it. But science is not everything. Is man so great that he can afford to discard anything he can achieve in faith, in morals, or in science?

Surely, the fault is not with any of these, but with the fact that man has not yet perfectly developed them.

The Employees' Share Rises

The vast U. S. Steel Corporation had almost the same number of employees in 1940 that it had in 1929. It sold goods and services which brought in about \$13,000,000 less. But it paid out in wages and salaries \$439,000,000 as compared with \$420,000,000 in 1929, and paid out \$30,000,000 more in taxes.

Apparently the wage and salary increase is not accounted for by high salaries, for the amount paid during the year in salaries of \$10,000 and over was less than 1.5 per cent of the total payroll.

If these figures, taken from the annual report of U. S. Steel, are correctly interpreted, it means that a greater percentage of the income of this giant concern is going to those who actually do the work, for the amount paid out in dividends to holders of common stock was roughly cut in half.

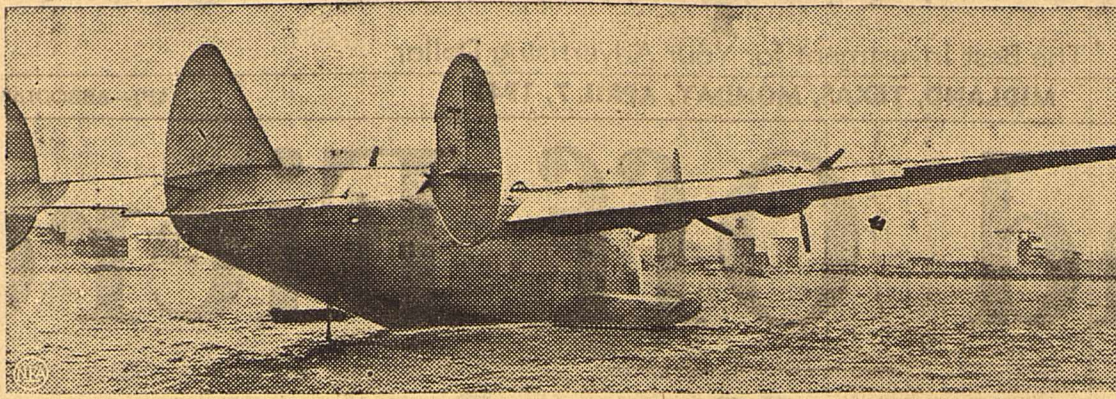

This tendency is a rising one throughout industry—to afford actual producers a larger share in the business income, and further, to make reports which clearly and simply show what is being done. Employees who understand these things are the most likely to be content.

CRANIUM CRACKERS

Late Literature.

Bock worms can come out from between the covers now, for here's a newsy set of questions on authors and the books they write. Whether you're up on the latest literature or no you shouldn't have much trouble with these.

1. What is the source of the titles "Grapes of Wrath," and "For Whom the Bell Tolls," and who are the authors of those books?
2. Three well-known authors, Gertrude Stein, James Hilton and Upton Sinclair, are among the authors of new books. Can you give the titles?
3. What well-known British author is now writing his latest novel while confined in a Nazi concentration camp?
4. Name the author of "North West Passage" and his latest best-selling work.
5. Two well-known authors recently died; one an Irishman, in Switzerland; the other an Ohioan, in Panama. Who are they?

Nation Requests Bank Statement Of April 4

WASHINGTON, April 7—(AP)—The comptroller of the currency today issued a call for a statement on the condition of all National Banks at the close of business Friday, April 4.

The federal reserve board issued a similar call to the state banks belonging to its system. Altogether, 6,486 banks were asked to disclose details of their deposits and other liabilities and assets.

The Federal Deposit Insurance Corporation, which issues such requests only twice a year, did not issue a call.

AUSTIN, April 7—(AP)—The state banking department today issued a call for the condition of all state banks as of the close of business on Friday, April 4.

France Not To Act Against War Allies

VICHY, France, April 7—(AP)—Chief of State Marshal Petain declared in a radio address today that France honor forbade any action against France's former allies.

The marshal's speech called for French unity but did not mention General Charles De Gaulle, leader of "Free French" forces still fighting at Britain's side.

De Gaulle, now in Cairo, has exhorted Frenchmen to help tip the balance of war in the Mediterranean in Britain's favor. There had been indications that the marshal would broadcast an answer.

"Honor requires us to undertake nothing against our former allies," Petain said. "But the integrity of the country requires that sources of our vital food and essential ports of our empire should be safeguarded. It is against these necessities that dissident propagandists act daily."

"Tobaccoland" Book Is Available Again

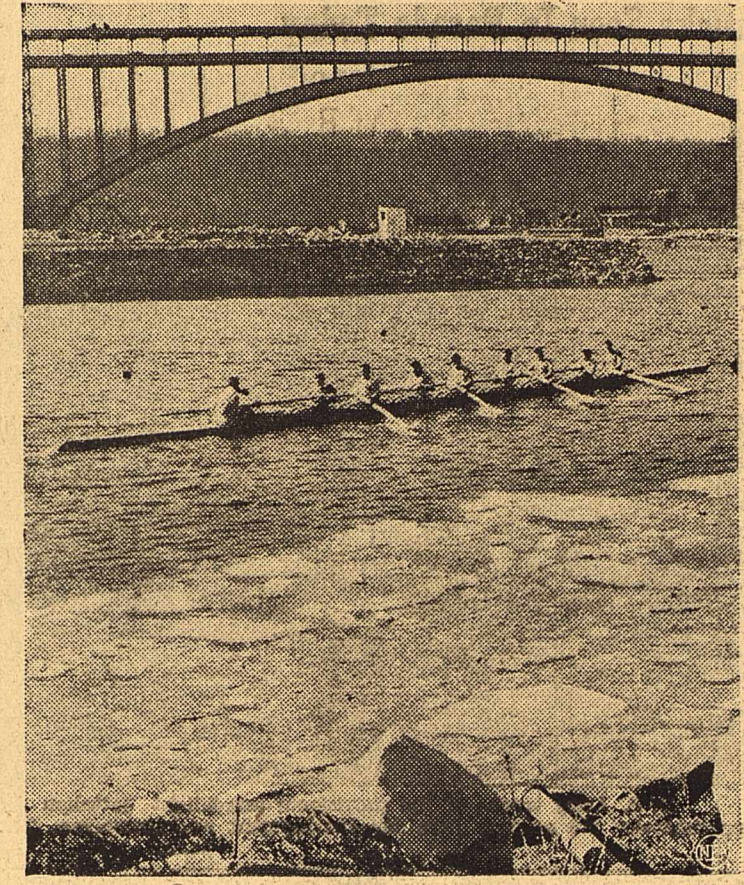

Heading the advertisements in Chesterfield's latest campaign, re-issued nationally to newspapers by Liggett & Myers Tobacco Company, is a new offer of the free book, "Tobaccoland, U.S.A."

This book, a large, completely illustrated story of the tobacco industry, has proved so popular with American readers that a second million copies recently were published and rapidly are being distributed. Free copies may be obtained upon request to Chesterfield, P. O. Box 21, New York City.

Veronica Lake and William Holden of the coming picture, "I Wanted Wings," and Carole Landis of the current comedy, "Topper Returns," head the "parade of stars" in this newest Chesterfield series.

Fred Waring's "Pleasure Time" continues for Chesterfield every evening from Monday through Friday over N.B.C. stations, while Glenn Miller's "Moonlight Serenade" every Tuesday, Wednesday and Thursday evening over the Columbia Broadcasting System is renewed for a new series.

Germans Disrupt Communications

BERLIN, April 7—(AP)—Yugoslavia's whole transport and communication system has been "fatally" disrupted by the swift blows of the Luftwaffe, DNB, official German news agency said today.

Beyond stating that the German army was already 30 to 40 kilometers (about 18 to 25 miles) on Yugoslav soil, Germans stuck to brief high command communiqués issued from time to time.

"On the southeast front, the attack is proceeding on schedule against stubborn resistance," the war bulletin said.

"Strong units of the air force are supporting the advance of the army by reconnaissance attacks on columns, positions and means of transportation of the enemy."

Authorized sources explained that during a blitzkrieg little is said the first day or two. They also warned that the same miracles of the German army as in the French blitzkrieg should not necessarily be expected since the geography of Yugoslavia and Greece is such as to enable even poorly equipped hostile forces to hold up superior Germans temporarily.

They were careful to impress, however, that all these factors had been calculated by the German general staff and, therefore, even temporary delays could not change the final outcome.

Russia Remains Silent On Declaration Of War

MOSCOW, April 7—(AP)—The Soviet Russian press published prominently but without comment today its first accounts of the German declaration of war against Yugoslavia, with whom Soviet Russia signed a friendship and non-aggression pact on Saturday, and against Greece.

Soviet-Yugoslav accord was cited in Moscow newspapers yesterday as "in the interests of all people who aim to avoid the expansion of war."

Pilots To Learn Art Of Bombing

HOUSTON, April 7—(AP)—America's young military pilots who have learned the ins and outs of ordinary flying will swarm into Ellington Field this spring to learn the specialty of aerial bombardment.

At the rate of 5,000 a year, the fledgling fliers will move through the air corps' "bombardment academy"—the army's largest advanced flying school.

The training will be in two phases—the flying school, for those who will pilot the multi-motored bombers, and the bombardier school, for those who will sight the target and release the deadly cargo.

Ellington Field lies between Houston and Galveston, close to the Gulf of Mexico, where aluminum-powered waters, trapped in big wooden frames, will be churned with bomb fire when the cadets put classroom theories into practice.

The \$4,000,000, 1,900-acre field has not been completed yet, but the first complement of 125 men is scheduled to arrive April 12. Gradually the number will be increased until approximately 4,200 men—cadets, officers and enlisted men—will be in service there.

Drugs Jeweler And Steals Merchandise

SHERMAN, Texas, April 7—(AP)—Two masked men robbed a Sherman jeweler of several thousand dollars in watches, diamonds, and other jewels early yesterday after obtaining keys to his store at gun point, drugging, and binding him and his family.

Melrose T. Tappan, Sr., told officers the men were waiting in his home when he, and his son, daughter-in-law, and grandson, returned to the house about midnight Saturday.

The four were bound, drugged, and placed in bed. About daylight one of the men drove the Tappan car to the store robbed it. He returned to the home and picked up his companion.

An hour later Melrose Tappan, Jr., worked out of his bonds and called police.

Britishers Will Rid Albania Of Italians

LONDON, April 7—(AP)—The primary objective of Britain's expeditionary force in embattled Greece will be to drive the Italians out of Albania, after which it will seek to hold Greece, Albania and part of Yugoslavia defensively until the time is ripe for a "final offensive," informed observers said.

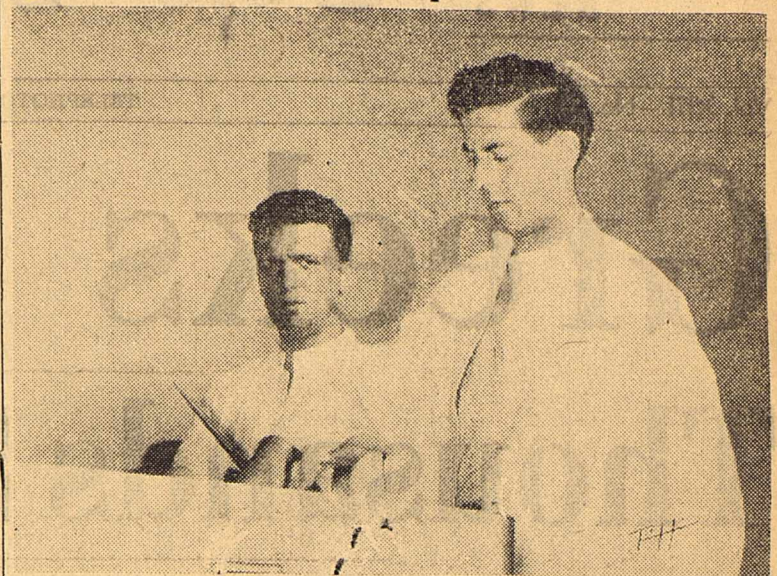

When this time comes, they said, Britain's "anti-invasion" army at home will be ready to spring across the English channel to open up a second front against the Germans.

British Warplane Sinks Destroyer Of Germany

LONDON, April 7—(AP)—A German destroyer torpedoed by a British plane yesterday was believed sunk and another destroyer was damaged by a bomb, an air ministry communique said today.

The communique also reported another attack on the Brest naval base, where the German battleships Schoornhorst and Gneisenau are sheltering, and offensive patrols over Northern France by daylight yesterday.

THE RECORD Facts That Concern You No. 26 of a Series

ARE YOU SEEING ONLY PART OF THE PICTURE?

The great majority of beer retail establishments are clean wholesome places. Yet it is the once-in-a-while exception—the anti-social, law-violating tavern that everybody notices.

Such undesirable retailers give beer a bad name it doesn't deserve. Furthermore, by arousing public indignation, retailing abuses endanger your right to enjoy good beer, the beverage of moderation. They also endanger the benefits that beer has brought to Texas—31,165 persons employed since re-legal-

ization, an annual payroll of \$22,076,182 and \$2,273,968.64 taxes paid last year. While it is the brewers' responsibility to brew good beer and the retailers' responsibility to sell it under wholesome conditions, nevertheless the brewing industry wants anti-social retailing eliminated entirely.

You can help us by (1) patronizing only the legal and reputable places where beer is sold and (2) by reporting any law violations you may observe to the duly constituted law enforcement authorities.

Serape--In The Hollywood Manner

The serape goes modern in this frock, designed by Edward Stevenson for screen star Maureen O'Hara. It's of sand beige wool. The serape-inspired silk scarf goes around the shoulders, its ends tucking under the black suede belt. The belt is studded with circles of cut crystal, each center stone repeating a color of the brilliant scarf, which is striped in red, greens and blues.

Loyal Workers And Live Wires Have Joint Meeting

About 30 were in attendance at a joint meeting of the Live Wires and Loyal Workers BTU, Sunday evening.

Miss Boerne Kidwell from the Loyal Worker Union presided.

The Live Wires presented a questionnaire program on the doctrinal topic "Christ Is The World's Saviour." Jimmie Watkins, leader, Mrs. John Matthews, Miss Mary Kerr and Miss Betty Jo Barton, Russell Turnbow and Clayton Upham took part.

After the church service a group of soldier boys and young people gathered at the home of Rev. and Mrs. H. D. Bruce for a social hour.

Fresh popcorn was served to the group. This social hour was given for the benefit of the soldiers.

Battalion Officers Honored At Dinner At Ryan Home

Officers of the anti-aircraft battalion stationed here were guests of Dr. and Mrs. W. E. Ryan at dinner at their home, 909 W. Storey, Sunday evening at 7 o'clock.

Present were: Capt. Geo. Wendell, Capt. Geo. Marquis, Capt. Hyman Kaplan, and Lieuts. Wallace Langston, Chas. Rogers, Frederick Wood, Edward Whalen, William Hubbard, Joseph Divine, Richard Twitchell, and Jerry Turek. Four other officers were on duty and could not attend.

A few Midland men were invited to meet the officers.

"Lady" Clothes

SOPHIE'S shirtwaist, evening dress with a pink faille skirt and a revealing, alluring top of black lace is typical of the sophisticated "lady" clothes in her spring collection. The buttons are jeweled flowers. There are pink faille cuffs on the black lace top.

Smart Gardeners Will Blossom Forth In New Practical Apron

Spring is here, and the smell of fresh earth calls one gardenward with spade and trowel. New gardening clothes are in order. Here's a practical apron that you can stitch up in no time. Trim it up, if you like, with bright colored applied figures.

You'll need a yard of heavy blue denim, 35 inches wide. From one side cut two strips, 4 inches wide, and seam them together into one long strip for the belt. The remaining piece is for the apron itself.

Use the binder gadget on your sewing machine to attach red bias binding to the bottom piece, which is turned up 12 inches on the right side. Bind the sides with bias tape and the straight stitching to divide the apron so that it has a special pocket for garden gloves, trowel, gardening fork, pruning knife and any other pet gadgets.

Make a long, narrow pocket at one side to hold a pair of garden shears. Then all you have to do is to use the little gathering foot to shir the apron onto the belt strip, centering it to leave tie-strings at either end. Keep right sides together; turn the belt piece over; turn in a one-half inch hem and stitch the whole belt firmly together. This will make a good substantial belt long enough to fit any figure.

If you applique designs on the material, use the zigzag attachment to your sewing machine and stitch the figures on before sewing up the apron.

Trig-looking, practical and easy made is this apron for the home gardener, with its handy pockets for garden tools.

Military Men Join In Worship At City Churches

Large Group In Attendance At St. George's

Men in uniform joined congregations of worshippers in Midland churches, Sunday, as members of the anti-aircraft battalion now stationed here, attended services of their choice both Sunday morning and evening.

Largest attendance was reported at St. George Catholic Church where approximately 175 soldiers attended the morning mass.

Father John J. O'Connell has announced that a special mass for convenience of the soldiers will be arranged for Easter Sunday and for each Sunday thereafter that the soldiers are here.

A "sizeable" attendance of service men was reported for the morning and evening services at the First Baptist Church. After the evening services, a group of soldiers and Baptist young people gathered at the home of Rev. and Mrs. H. D. Bruce for an informal social hour.

A small group of soldiers attended the 11 o'clock service at the First Methodist Church and a considerable number of the uniformed men were present for the young people's meeting in the evening.

Soldiers were present at the Episcopal services at Trinity Church.

A number of soldiers attended the morning worship service at the First Presbyterian Church after hearing the Rev. W. J. Coleman preach at the military camp in a special soldier service earlier in the morning.

More than 200 men attended the camp service, at which Mr. Coleman spoke from a sound system truck on the subject "Is It Wise to Be an Agnostic?"

Tom Brown led the song service.

Fifteen Are Present For Naomi Class Meeting

Fifteen women, including a visitor, were present at the meeting of Naomi Sunday school class at Hotel Scharbauer, Sunday morning. The visitor was Miss Elder of Big Spring.

Mrs. J. B. Sanders taught the lesson for the day.

The devotional was presented by Mrs. A. E. Horst.

Mrs. Ted Lowe was pianist. Mrs. W. P. Knight presided in the absence of the president.

The lesson was read responsively.

Name Two For Crane District

CRANE, April 7.—(Special)—E. E. Wasson, and D. W. Hunsaker receiving 35 and 36 votes, were elected school trustees in the Crane district. They were the only two on the ballot. J. L. Hutchison, W. B. Gunn, A. M. Murrell, E. Grounds, and Gay Miller are other members of the board.

In District 11, R. B. Shahan was elected without opposition.

He will serve with K. J. Harold, and Oscar Wynn. Tom Barnsley's term expired. He was not a candidate for re-election.

Mrs. Daisy Browning was elected over C. C. Swift in District 18, receiving 5 to the opponent's 4. Others comprising that board are G. R. Martin, and E. N. Beane.

"Long Live America, Long Live France"

MARSEILLE, France, April 7.—(AP)—Cries of (seven words censored) and "long live America, long live France!" greeted United States Ambassador William D. Leahy upon his arrival at Marseille harbor today.

Several thousand persons clung to the walls and lamp posts and stood atop parked automobiles to see the ambassador, who visited the American Red Cross ship Exmouth.

Senior Endeavor Has Program And Open Discussion

Douglas McClish was leader for the meeting of the Senior Endeavor at the First Christian Church, Sunday evening.

Topic of study was "Faithful to Jesus to the End," telling the story of the apostles and disciples during the last days of Christ's work on earth.

Taking part on the program, in addition to the leader, were: Helen Horne, Francis Mickey, Mary Lee Snider, Dale Mickey, Doris L. Pemberton, Doris Mickey, and Nellie Elkin Brunson.

After the program an open discussion was held on the topic "It Doesn't Matter, Anyway."

Establishes Evacuation Center For New York City

NEW MILFORD, Conn.—(UP)—Although rumblings of war still have been confined to the Old World, the question of evacuation of children from New York — as was done in London—has received consideration here.

One such center, the first in the country, has been constructed and may serve as a model for others should the necessity arise.

Flicker Darkens Five Towns For Nine Hours

FORDYCE, Ark., April 5.—(UP)—Five towns in southern Arkansas were without lights from 1 p.m. until 10 p.m., and engineers at the Fordyce power plant said it was just "flicker."

And a "flicker" it was. A yellow-hammer woodpecker, more often known as a flicker, flew between two high-tension wires at the power plant and caused a 110,000-volt arc. A thousand dollars' worth of equipment was destroyed at the plant, and a nine-hour blackout resulted in the territory.

The flicker was electrocuted.

Opening—9.

By Wm. E. McKenney

On a recent trip to Annapolis, I was the guest of Mr. and Mrs. Joe Valiant. Mrs. Valiant's father was Prof. William Wirt Fay, who was head of the English Department at the U. S. Naval Academy for 39 years.

I had the pleasure of being able to kibitz in at Mrs. Valiant's afternoon bridge group. Eight ladies meet once a week and play an eight-player individual duplicate game. This same group has been meeting for the past 10 years.

After watching Mrs. Valiant play today's hand, I know that her naval training at least gave her a sense of daring and determination.

When dummy went down, it looked as though the contract could not possibly be made. What could be done about the two club losers?

Mrs. Valiant, however, figured out a remote chance. She won the opening lead in her hand, led the six of diamonds, and when East played the five, she finessed the nine!

West won with the king and returned the other trump. It was lucky for Mrs. Valiant that West held the last adverse trump and so could make this mistake.

Dummy won with the ten of spades and led the deuce of diamonds for North to ruff. Then the ace of hearts gave re-entry to cash the ace of diamonds. As the queen fell, the jack was a trick too. On Dummy's two diamonds, Mrs. Valiant discarded her two club losers.

MUSTANG BOYS' CLUB COLUMN

The answers to the last "Know Midland" quiz are as follows:

1. Most famous man in Midland is Russell Lloyd, geologist of national repute and in "Who's Who" of America.
2. The only boy ever to win 4 letters from Midland High School was Harold Barnes (football, basket ball, track, tennis).
3. The man coming within 30 feet of finding a pirate treasure of \$75,000 in the jungles of Panama was Harold H. Kendrick.
4. Veteran scout in the "Bad Lands" of Old Mexico, speaking Mex like a native, is John Howe.
5. The woman in Midland who was president of a large university is Mrs. John Haley. (Texas Tech, Lubbock).

Burton Cain again took top honors by submitting the most correct answers. Quite a few adults have shown an interest in knowing more about Midland. Another quiz this week.

"The Old Curiosity Shop" night at the Mustang club Saturday night was something to tell the folks about. Corby, unique and strange were the many curios submitted. Hundreds of dollars were represented in their values. Winners as follows: Oldest Curio, lancing knife about 170 years old, used by an ancient forefather, Edwin Barron. Strangest exhibit, odd and very old spectacles, Leon Self. Most interesting exhibit, old family album with pictures over 100 years old, Alfred Snyder. Most entries, Billy Baldrige. Grand prize, most unusual collection, Billy Baldrige. Special mention, moustache cup, Burton Cain. Pre-Civil War rifles, Delmar

Ray Bizzell, ancient saddle, Troy Richman. Indian meal grinder, Billy Holton. Shaving mug from Switzerland 110 years old, Billy Baldrige.

The Mustangs won the lively softball game with the Star-Telegram newboys Saturday. The newboys promise a rarer story Wednesday afternoon when a game is scheduled with them at 4:30. Next Saturday morning a game with Prairie Lee school at 9:00. Tuesday and Friday afternoons, games with the playground teams at 5:00.

Ninety-five boys enjoyed the Saturday programs at the club. Several new boys took out membership cards. Many interesting events are waiting just around the corner.

National Champs Are In Top Form For Season Race

By Judson Bailey
Associated Press Sports Writer
The Cincinnati Reds aren't squeezing the Grapefruit League dry, but they are making themselves look mighty good for the opening of the National League season a week from tomorrow.

The world champions have won 15 games and lost 10 in the citrus circuit, a mark which looks a little puny beside the record of the New York Yankees' 22 victories and 5 defeats, and several other clubs that have been piling up deceiving decisions against minor league opposition.

But 24 of the Reds' 25 games have been against major league opponents—seven different clubs representing both leagues—and Bill McKechnie has been steering his raiders to hit opening day at full throttle.

Beat Red Sox 5 to 3
The tipoff that he is about to succeed came yesterday when Cincinnati downed the Boston Red Sox 5 to 3 with six-hit pitching by Duke Derringer and Gene Thompson and a 12-hit attack. The game settled about all the uncertainty that ever had surrounded the champs.

Derringer had been struck in the groin by a batted ball in Florida and had been away from the team for a couple of weeks. He showed that he is his old fearsome self again by holding the Red Sox to one hit for three innings in his first start since rejoining the club.

These developments overshadowed the sleight-of-hand magic many of the other big leaguers were showing the bushes last week. Most of the teams were heading homeward with one-day stands against assorted rivals and the Yanks, Brooklyn Dodgers and St. Louis Cardinals all succeeded in winning every one of their seven sessions during the week. But there wasn't a major league victim in the lot.

National Open Adds Dallas And Houston To Qualifying Cities
NEW YORK, April 7—(AP)—One result of the award of the 1941 National Open Golf Tournament to Ft. Worth, Texas, is the increase in the number of district qualifying rounds from 25 to 27.

Anticipating a large entry list from the Southwest United States Golf Association officials have assigned two sectional qualifying locations to Texas—Dallas and Houston—and have made a few changes in other sections. New Orleans and San Francisco have been added to the list and Albany, N. Y., dropped.

The only other changes from last year were the shifts from Boston to Worcester, Mass., Asheville to Pinehurst, N. C., Oklahoma City to Tulsa and Tacoma, Wash., to Portland, Ore.

The 36-hole sensational rounds are scheduled for May 26 and will qualify approximately 130 pros and crack amateurs for the tournament proper at Fort Worth's Colonial Club June 5-7. The field for the main tourney has been set at about 170. This will include those who enter of the 35 players who won exemption last year by finishing in the first 30 players or tied for 30th. In addition the home club pro and all former Open Champions rounds.

Bowling Quintet Defeats Abilene

Midland bowlers defeated an Abilene five-man team in a series of matches here yesterday.

The same Midland five that placed third in class A in the South Plains open tourney at Lubbock won over the Abilene keggers.

Midland's team was: Jim Payne, Donkey Roberts, Carroll Mitchell, E. B. Dozier, and Harry Heckenroff. Abilene's team included: Conners, Carpenter, John Odum, and Petrol.

Odum is one of West Texas' best bowlers. He has bowled three perfect games.

History Entry Of AAUW Is Lauded

Despite the fact it has been organized only a year, the Midland branch of AAUW won honorable mention for its history entry in the state convention at Abilene Friday and Saturday.

The Midland group had two exhibits besides the history entry.
Six delegates attended from here. They were: Mrs. Alma Thomas, Miss Gladys Pinson, Mrs. M. B. Arick, Mrs. G. Galligan, Mrs. W. C. Fritz, and Miss Maria Spencer. Mrs. Raymond Monckness registered as a visitor.

Convention Speakers.
Speakers for the convention were Senora Esperanza Balmaceda de Josefe of Mexico City, Miss Fanny Ratford of the University of Texas, and Dr. Geo. Wythe of Washington, D. C., liaison officer of the United States department of commerce.

An attendance of 185 was at the meeting. Social courtesies were a musicale and tea at the home of the Hardin-Simmons University president and a drive through Camp Barkeley.

The meeting, which was the ninth biennial conference of the Texas division of AAUW, for a theme, "Defending American Life" for a theme.

Layden Has Sweeping Power As League Boss
CHICAGO, April 7—(AP)—The future of professional football now is in the hands of 37-year-old Elmer Layden.

Billy's Boy

Cadet Billy Southworth, Jr., flies out at Randolph Field, Tex. Son of the manager of the St. Louis Cardinals and an outfielder like his father, young Southworth was named the most valuable player in Canadian-American League in 1939 and played with Toronto last season.

Sports In Brief

Wood Captures First Big Meet
By Bill Boni
AUGUSTA, Ga., April 7—(AP)—If this is in a slightly celebrant mood, ladies and gentlemen, we simply must beg your indulgence. Ever since roughly 6 o'clock yesterday evening we have been helping to celebrate a golfing victory which deserved celebration as much as any single triumph we can recall.

Reference is, of course, to Craig Wood's triumph in the eighth annual Augusta Masters Tournament. Wood won by three shots, he finished with an even-par 72 for a 72-hole score of 280, eight under par, he beat P. G. A. Champion Byron Nelson by three strokes, and he had the seasoning and the golf shots to clinch the victory with a two-under-par finish for the 39, attained a peak which most professional golfers hit ten years earlier. Though he won the Metropolitan Open less than a year ago with a new championship record score of 264, this was the first time in his career that he has been able to take down one of the pro game's four top prizes—the U. S. and British Opens, the P. G. A., and the Masters.

Twice before he had come close at Augusta, in 1934 and again in '35. Dry ice has a temperature of 110 degrees below zero.

Sports Roundup

By Eddie Brietz
NEW YORK, April 7—(AP)—Leo Durocher apparently isn't too happy about having Van Mungo back. Specials to the New York papers quote him: "Next time, Mungo goes or I go" . . . Hank Iba, crack cage coach of the Oklahoma Aggies, is spiking reports he'll shift to Iowa U . . . George Halas, Clark Shaughnessy and Ralph Jones, Lake Forest College coach, are collaborating on a book "The Modern T Formation" . . . Mike Jacobs is burned up at the unsatisfactory ending of that Conn-Barlund thing in Chicago. The way Mike's store teeth are clacking indicates Lou Nova instead of Conn will get that June shot at Joe Louis . . . Lou Novikoff took his first chew of tobacco the other day and for a few moments felt like a real big leaguer—then it caught up with him.

Might, At That
The general trend around the town since Nova kicked Max Baer around is that a shot of Nova-Conn might help to quiet Joe Louis down.

The Week's Wash
Umpire George Barr is getting in shape for the National League season by scampering around the Tulsa ball park seven mornings weekly . . . Recommended: Harold Parrott's slick piece on Frankie Kovacs (tennis) in the current S. E. P . . . Kansas hunch players cleaned up when a nag named Sasaki (Kansas in reverse galloped home at tropical paying 53 smackers . . . Four members of the Detroit club alone draw salaries totaling \$125,000 per. Now you guess—Greenberg and who?

Observation ward: Frankie Frisch, who saw his Pirates blow a 9-1 lead and lose to the Athletics, 12-11 . . . A Rollins College graduate named Wendell Davis (now doing) radio work in Boston, is the gent largely responsible for detouring all those California tennis stars to Florida.

How Come?
Southwestern sports scribes are steaming . . . Seems the officials who selected the National A. U. S. all-American cage team completely overlooked Hazel Walker Crutcher, of Little Rock, seven-time all-American in her 14-year cage career . . . Didn't even get honorable mention. . . Now is that a nice way to treat a cagette who has sparked her team to five National Championships in five years?

People And Things
George Halas might be pleased with the way colleges are snapping up his Chicago Bears for coaching jobs. First U. C. L. A. got Bernie Maske, then "Eggs" Maske went to Holy Cross and now Carl Brumbaugh goes to Boston College . . . Slip Madigan is running signals from Los Angeles to the Kentucky Derby and Preakness . . . John Kimbrough, the celebrated footballer, is in town for a few radio and personal appearances . . . Scranton, Pa., has an undefeated duck pin team that is having a hard time getting matches. Just write George Becker, 519 Linden St., if you're interested . . . Long Island U. cagers no more succeeded in getting their breath after winning the National Invitation Tournament than Coach Clair Bee ordered them out for spring training.

Today's Guest Star
Dick Dashiell, Asheville (N. C.) Times: "Jim Braddock and Red Burman, according to reports from various stops along their exhibition tour, have been pulling more punches than customers."

Please, Professor
It is to be hoped the Yale professor who helped Lou Nova develop his new "cosmic punch" will be able to devote a little time next fall to the Yale football team.

High School Students Rating At Vocal Meet
Midland high students rated the following divisional honors at the vocal competition festival in Odessa.

Second division, girl's chorus, boys' chorus; and mixed chorus; third division, trio, girls' quartet, and boys' quartet.
Meiba Clendennon, Oleta Cumberlin, Mary Lynn Sidwell, and Edythe Lemly placed in the third division of soprano solos.
Jack Hurt, judged in the first division for a baritone solos. Raymond Mann was in the third division.

Joe's Managers Are Worried About New Interest, Not Musto

By Joe Feder
ST. LOUIS, April 7—(AP)—You'll never believe this, but Joe Louis takes on squat Tony Musto in the arena tomorrow night—and Joe's managers are worried.

Only it's neither Musto nor the fight they're worried about. It's just how much effect bowling, the heavyweight champ's latest "playtoy," will have on his ability to pitch his high, hard one in the ring.

As for Musto—well, sir, up to yesterday John Roxborough, one of the Bomber's co-pilots, had never seen the stumpy slugger. For that matter, Joe hasn't known him very long. Naturally this doesn't make much difference to Louis. They all look alike to him—two hands, two eyes and a nose.

But this bowling—now that's a "horse from a different garand." The alley game follows a long line of relaxations—all the way from shot to showing horses—which has attracted Joe's attention and enabled him to get little exercise.

Up to now, no one cared how badly he beat the little golf ball, but Roxborough is frankly skeptical about taking on ten-pens. It's not because he's afraid Joe'll let fly with the big ball some night and commit mayhem on the pin boy.

hours. In recognition of this probability the government already has withdrawn southward and is believed to be in Skopje.

These events need not cause undue concern, however, since they have been anticipated. Yugoslav-ia's main stand must be made among the mountains in the southern portion of the country, and the high command has planned for that. It is unlikely that there will be any strong defense of the basin of the Danube or the wide valleys of its numerous tributaries.

Five-Phase Movement
German strategy thus far has followed the course expected. Several independent attacks have been launched against Yugoslavia and Greek territory, after this fashion:

1. In the north a Nazi force has struck across the Yugoslav border from Austria into the valley of the Sava and is headed for the Croat capital of Zagreb.

2. Another German contingent has headed over the Hungarian border for Belgrade.

3. At the same time a second thrust at Belgrade is being made from Rumania.

4. From the vicinity of Sofia, Bulgaria, German forces are driving at Nish, and at Skopje in the Vardar Valley.

5. Two Nazi contingents are attacking Greece from Bulgaria through the Struma valley. Hitler Wants Travel-Ways
The Nazi operations in Yugoslavia are calculated to gain quick control of the main railway system and highways of the country and thus pave the way for a drive down through the Vardar valley into Greece and against the great port of Salonika. The pushes across the Bulgarian border also are aimed at Salonika.

Salonika is the vital object of the moment, and therefore the vital point of defense for the Allies. This big port not only is the rail head for most of the important railways of the Balkans, but it gives Yugoslavia her sole access to the outside world not dominated by the Axis powers.

Street Dance Tonight.
Most of the soldiers planned to attend a street dance in their honor tonight from 8:30 to 11 p.m. on Texas Street north of the courthouse. Many of them attended church services in Midland yesterday.

The men enjoyed chicken, mashed potatoes, green peas, and ice cream at noon Sunday. They were to get roast pork and potatoes today. Food is served from modern Army field kitchen equipment. The soldiers, on maneuvers, eat from regulation mess kits.

Officers and their wives will be guests at the Country Club at an informal reception this afternoon. A reading and recreation room for the soldiers has been set up in the city hall. Tables are available for writing and magazines and books will be furnished. The country library also announced its facilities are open for the soldiers.

Ward County's Second Courthouse

The new \$150,000 courthouse of Ward County at Monahans, built only after a three-year squabble in which citizens of Barstow protested removal of the county seat and ending up in the Supreme Court of Texas, will be formally dedicated this month. It is the second courthouse in the history of the county, the other being built at Barstow. Construction on the new building, almost completed, started in June of last year. Townes & Funk of Amarillo were architects, and C. S. Lambie Company of Amarillo, contractors.
