U. S. Ships To Patrol Far Out If Necessary

FDR States Convoys Are Not Considered Yet In Washington By The Associated Press WASHINGTON, April 25.—President Roosevelt declared today that American neutrality patrol vessels would operate as far into the waters of the Seven Seas as may be necessary for the defense of the American hemisphere.

He told a press conference, however, that the administration was not thinking of escorting convoys at this time. Also, the chief executive said there was a possibility that Greenland was partly occupied by Axis forces.

Mr. Roosevelt declined to be drawn into specific comments designed to amplify his views on the convoy situation. But he said that for a year and a half vessels of the neutrality patrol had been operating as far as a thousand miles into the Atlantic from the eastern shore of Maryland.

Two Polish Unsubmerged. He repeated several times the thought of hemispheric defense in response to questions about the functions of the patrol. What it would do if it encountered a belligerent vessel, and whether it would be allowed to use belligerent means was not made clear.

The president did say a patrol would not necessarily be confined to the Atlantic. The president was asked exactly what was the difference between a convoy and a patrol. In the first instance, he said, it is the escorting of merchant ships in a group to prevent and act of aggression against those merchant vessels.

The concerted demand by three cabinet members for decisive action in the present war crisis was generally interpreted here as a pointed warning that a development of top magnitude was near.

Secretary of State Hull, Secretary of Navy Knox and Secretary of Agriculture Wickard, addressing different audiences yesterday, all spoke in unusually strong language.

"The safety of this hemisphere and of this country," asserted Hull, "calls for resistance wherever resistance will be most effective." To wait for actual invasion would be "utterly short-sighted and extremely dangerous."

Introduces Bill For More Powers WASHINGTON, April 25—(AP)—Representative Vinson (D-Ga.) introduced legislation by administration request today to give the president vastly broadened powers to establish priorities and to ration supplies for defense or British aid.

Plan Ellenburger Try West Of Apco In Northern Pecos

By Frank Gardner Oil Editor. It was announced today that J. E. Redmond of Fort Stockton, J. L. Greene and Paul L. Davis, both of Midland, and associates are planning to start operations shortly on a 6,000-foot Ellenburger, lower Ordovician, wildcat in Northern Pecos County.

It is their No. 1 Iowa Realty Trust and will be drilled with rotary in the center of the east quarter of the west quarter of section 29, block 10, H. & G. N. survey. Location falls about two and one-half miles north of Culbertson & Irwin, Inc. of Midland No. 1 Mary Heiner, small Ellenburger discovery nine miles west of the Apco pool, which also produces from the Ellenburger.

Stanolind Oil & Gas Company No. 1 Conroy-Davis Unit, indicating opening of production from the "Tub" horizon of the Permian lime four miles east of the Abell Ordovician pool in Northern Pecos, recovered six feet of hard gray anhydrite dolomite carrying sulphur water in the bottom two feet by coring from 3,817-29 feet. It is drilling ahead at 3,850 feet in lime. The well had recovered 900 feet of oil, with 120,000 cubic feet of gas, when a one-hour drillstem test was made from 3,748 to 3,817 feet.

Ward Silurian. Gulf Oil Corporation No. 6 Wristen Brothers, second Silurian producer in the Southeastern Ward County deep pool, will be acidized today. Total depth is 7,080 feet in Silurian lime. A test was started at 9:15 a.m. yesterday and the well flowed an estimated 75 barrels of oil in the first hour, with 3,000,000 feet of gas. The second hour it flowed an estimated 20 barrels in pits with 5,000,000 feet of gas. Flow then ceased and swabbing through 2-inch tubing was resumed at 2:45 p.m. with recovery of 57 barrels in one hour. Oil was diluted six per cent with basic sediment. No. 6 Wristen kicked again at 6:30 p.m. yesterday and flowed by heads until 5 a.m. today, tanking 128 barrels of oil, out one per cent with sediment. Oil is 33-gravity and gas volume 608,000 cubic feet. Acidizing is expected to increase greatly the well's output, as was the case with the west offset, No. 5 Wristen first Silurian producer in Texas.

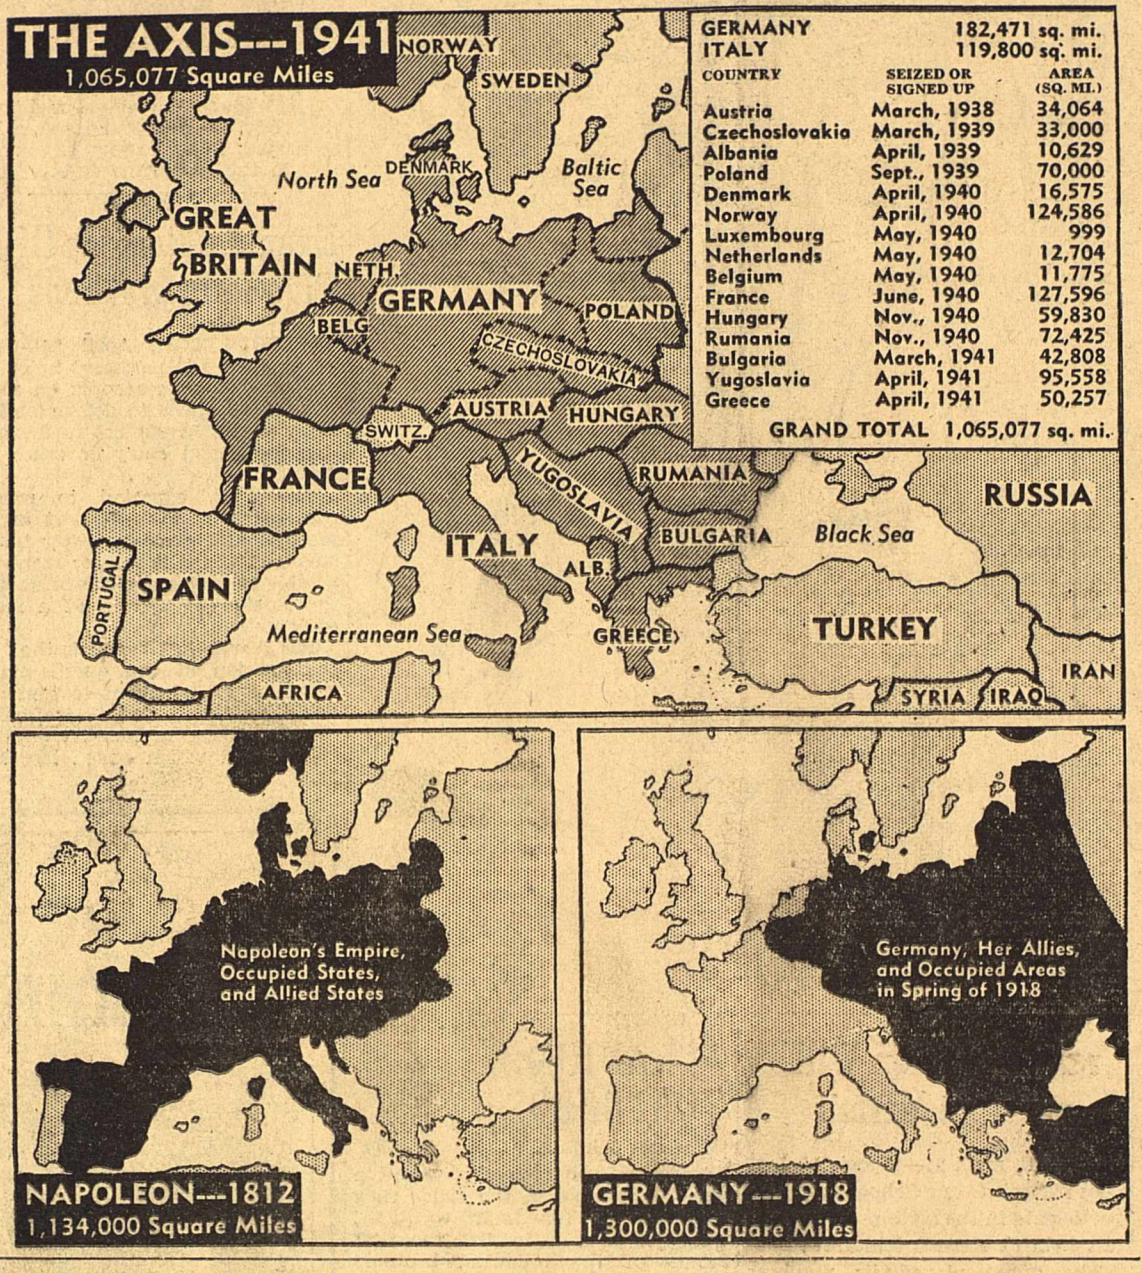

In the Todd Deep pool of North Central Crockett County, Continental Oil Company et al No. 8 J. S. Todd Unit, short southeast offset, topped crinoidal lime of the Strawn, lower Pennsylvanian, at 5,833 feet, datum of minus 3,328. The marker correlates 91 feet high to No. 6 Todd, one-quarter mile west offset, producer, and 32 feet low to No. 5 Todd, one-quarter mile north offset producer. No. 8 Todd halted drilling at 5,838 feet in lime and is running 5 1/2-inch casing.

Magnolia Petroleum Company No. 1 N. B. Teague in Northern Martin County this morning had drilled unchanged to 7,664 feet in lime and shale.

Midland Bandmen Ready For Events The Midland High School band will leave for Kermit early tomorrow for competition in marching and concert contests of the state Region 8 band festival.

Winners in the senior high school marching competition at 7:30 p.m. tomorrow night will be permitted to enter national contests. Concert playing begins at 8 a. m. Saturday. Junior bands compete today.

Twenty-eight West Texas and New Mexico bands are entered. They include: Midland, Denver City, Alpine, Balmorhea, Sanderson, Stanton, Seagraves, Seminole, Garden City, Andrews, Iraan, Rankin, McCamey, Crane, Fort Stockton, Grandfalls, Hobbs, N. M., Pecos, Odessa, and Monahans. Midland will enter solo and ensemble contests tomorrow.

Belief Gains Strength O'Daniel Will Not Run For U. S. Senate

By Howard G. Marshall. AUSTIN, April 25—(AP)—A remarkable change of opinion as to whether Governor W. Lee O'Daniel will run for the United States Senate has occurred in the legislature.

Whereas a week ago the overwhelming majority of the legislature seemed to think the governor was certain to become a candidate in the special election June 28, many now are saying he will not. None claim to have a "pipeline" to the governor, and most emphasize they are merely "guessing."

The request of Hal Collins, who has been close to the governor, for advice from his radio audiences on whether he himself should run. The asserted fact that the governor in the last three days has lessened the "heat" for passage of his program.

The possibility that unfriendly sources are talking it up that the governor will not run. The field activity of other candidates.

Texas Schools Will Start New 12-Grade Program Next Term AUSTIN, April 25—(AP)—The 12-grade system will be adopted generally in Texas schools next term, the state department of education said today.

Suggested plans of procedure for changing from the 11-grade to the 12-grade system have been sent to county and local school superintendents by State Superintendent L. A. Woods.

It was explained that pupils who complete this year the work of the seventh grade in an 11-grade system, or in an accredited elementary school operating under the old setup, should be admitted next fall to the ninth grade of a 12-grade system.

Behind The Headlines

By DeWitt MacKenzie Associated Press Staff Writer. The battle of the Balkans must run its appointed course through the Greek valleys of death to the sea, but the belligerent nations already have discounted the climax enactment in the historic pass of Thermopylae and are looking to the next critical stage of the war.

These are days when the dead bury the dead—when the world has little time to spare on the past, lives fast and furiously in the present, and perform must devote much of its energy to the future. Those who do not recognize this are riding for a fall.

With the Allies still heavily on the defense, the question naturally arises as to what further herculean tasks are in store for them. To my mind the uretics which they have to fear most right now are two:

1. The Nazi campaign against shipping in the Atlantic, which is an offshoot of the paramount battle of Britain.

2. The possibility of a German attempt to force the Dardanelles and break into the Near East—an action calculated at once to replenish Hitler's terribly low supply of oil and to create a grave menace to the Suez Canal and Egypt.

Of these two the battle of the Atlantic is by far the more dangerous. This is especially true since it isn't merely a possibility but a grim reality which most certainly will beat Britain unless it is got in hand, and might soon at that.

It's no news that shipping is being hit to the bottom by U-boats and bombers with such regularity as to give rise to fear that America's aid program for the Allies will be largely nullified. Not only is Britain being deprived of weapons and materials with which to wage war, but if this goes on her food situation will become bad, since this tiny island kingdom is largely dependent on sea-borne supplies for existence.

The gravity of the position was emphasized in speeches yesterday by Secretaries Hull and Knox who pointed to the necessity of seeing that our lease-lend supplies get to England safely. Some capital observers thought they saw in the offering some sort of administration move to strengthen our all-out aid to Britain—possibly the utilization of American naval vessels to protect shipping lanes, at least in the waters of the Western Hemisphere.

Invasion Armies Overcome Weakened Fortified Defenses Of Allies And Plunge Toward Greek Capital City

German Troops Make Landing On Lemnos Island Near Dardanelles And Subdue Small Garrison; Britain Says Forces In Greece Not Embarked. British rearguard troops, hopelessly outnumbered, fell back from the bloody "hot gates" of Thermopylae Pass today as Adolf Hitler's invasion armies lunged forward in a final drive toward Athens, less than 100 miles away.

Hitler's high command said bluntly that Nazi units had "thrown the enemy out" of the historic pass, overcoming strongly fortified defenses where the British and a handful of Greek allies had held out for more than two days.

The German breakthrough came 48 hours after Nazi quarters in Berlin prematurely declared Wednesday morning that the pass had already been taken and that the British rearguard had been "annihilated."

In a fiery sideshow to the main-line struggle, German troops landed on the Greek island of Lemnos, 40 miles from Turkish-controlled Dardanelles, and subdued the small Greek garrison after a 4-hour battle.

The Germans had previously occupied Samothrace, another Greek island 30 miles northeast of Lemnos, and thus leveled twin barrels at the gateway between the Black Sea and the Mediterranean. British Middle East headquarters acknowledged that B. E. F. troops made a further withdrawal, "inflicting severe losses on the enemy" as they fell back toward Athens.

Earlier dispatches from the Hellenic capital itself declared that grey-green waves of Nazi infantry storming the pass had been driven off and that the Germans had brought up heavy 6-inch guns to shell the Allied defenses.

Ambulance drivers arriving in Athens from the battlefield said the Germans had suffered terrific losses in attempts to take the pass by infantry assaults. British casualties were described as "extremely light."

In London, no attempt was made to conceal that withdrawal of the British expeditionary force was "in the cards," but the British radio declared last night that so far "not one British soldier has re-embarked from Greece."

Beams of lights, manned by the Provisional Searchlight Battalion on maneuvers, pierced West Texas darkness over Midland last night in a record practice. A haze in the sky around the 7,000 foot altitude hampered somewhat maximum results of the practice, officers said.

Council Approves Durham, Merritt For Police Staff

The Midland police department was complete today with announcement of the city council's approval of two more officers. William C. Durham and J. W. (Jack) Merritt were selected to complete the seven-man force. Durham formerly was connected with a sales company and Merritt worked for a lumber company. Both are Midland men.

The force includes: Chief L. P. McCasland, and officers Frank Manning, Bill Moreland, Charles Atkins, Glenn Hudson, Merritt, and Durham.

Points Signs On Cars. The department painted signs on its two new patrol cars yesterday, and officers were measured for new uniforms. A city jail has been provided near the city hall.

The uniforms will be gray regulation shirt-coats with blue trousers. Regular police officers' caps will be worn. Delivery of uniforms is expected within 10 days. The department has begun extensive vigilance of traffic violations and studies in law enforcement are required.

Byrd Demands Perkins Resign Cabinet For Hard-Driving Member

WASHINGTON, April 25—(AP)—Senator Byrd (D-Va.) demanded today that Frances Perkins be replaced as secretary of labor by "a two-fisted man who will have the intestinal fortitude to say to both labor and capital that strikes in preparedness industries can not be tolerated."

In a Senate speech, Byrd said that Miss Perkins, the only woman cabinet member, "has made of herself one of the most serious bottlenecks in the entire defense program."

Byrd said that cabinet officer has demonstrated "ineptness, weakness and inability to meet her responsibility in the settlement of strikes."

He said he had heard that Miss Perkins' resignation now is on the president's desk, and added: "If it is, the President should accept it. If it is not, he should request her resignation."

A BIBLE THOUGHT FOR THE DAY
RELIGION IS AN UTTER FUTILITY UNLESS YOU TRY IT. NO SINFUL PERSON NEED PERISH: For God so loved the world that he gave his only begotten son, that whosoever believeth in him shall not perish, but have everlasting life.—John 3:16.

Real Co-operation Begins

Everywhere you look today you can see signs that people are beginning to take the defense emergency seriously. It's about time, too.

The entire motor industry has willingly accepted an initial 20 per cent reduction in production of motor vehicles for the model year which begins Aug. 1, and is either reducing or eliminating model changes entirely. That means more manpower, more machines, more materials, facilities and management for the defense load.

All manufacturers of brass pipe are discontinuing production of yellow brass pipe, and are making red brass pipe instead, just as good for most purposes. Why? Red brass contains only 15 per cent of zinc; yellow brass 30 or 40. Extra zinc thus made available for defense equals 25,000,000 pounds of cartridge brass.

This sort of thing is going on all through industry in an increasing wave. And in the meantime, labor, too, seems to be settling down. Co-director Sidney Hillman of the Office of Production Management believes that strikes in defense industries are dwindling, and that "labor is becoming increasingly aware of the need for co-operation."

In the meantime taxpayers (and that is practically everyone these days) are way ahead of Congress in their willingness to bear the money burden in proportion to ability. If there was ever a time in history when the prospect of drastic new taxes was faced so calmly, we don't remember it.

As the German legions pound southward in the last act of the Greek tragedy, and as the Japanese invaders draw tighter the stranglehold they have on China, more Americans every day begin to think what ultimate success of these adventures means to them. Both have given ample proof that their aims go far beyond readjustment of local boundaries.

They have made the world a place in which only the strong can hope to preserve their rights, their living space, their way of life. And Europe has added the lesson that none is strong enough to fight alone.

Industry, labor, soldier and sailor, man and woman, America is beginning to fall into step in a marching cadence which means strength, the only safety for the future.

Interview Indicates General Houston Will Not Take Senate Seat

LAPORTE, Texas, April 25—(AP)—After a talk with General Andrew Jackson Houston, Texas' new interim Senator, an interviewer is left with the definite impression that the colorful old son of Texas' greatest hero probably never will take active part in the seat in Congress his father held before him.

The venerable 87-year-old Trinity bay-side resident is as full of fire and spirit as Sam Houston, and insists he will go to Washington, but his daughters plainly do not want him to take up the journey. If he were a young man, they undoubtedly would be enormously proud that their father would sit in the same capitol in which Sam Houston fought his legislative battles as vigorously as his wars.

But they want him to remain in the quiet seclusion of his home just across the bay from Cedar Point, where his illustrious father once lived.

The daughters—Miss Marguerite and Miss Aradne—say their father is steadily constituted and possibly would stand the trip without ill effects.

But somehow their words do not bear conviction. General Jackson's mind is alert—he still works on his history of Texas and he reads avidly of current affairs—and although his body is sturdy for a man his age, there is no disputing his heart has been pumping steadily these 86 long years.

Mann Will Start Senate Drive At Sulphur Springs

By The Associated Press
Attorney General Gerald C. Mann takes to the hustings tomorrow night in an attempt to win the United States senatorial seat vacated by the death of Morris C. Sheppard of Texas.

He has chosen his native city of Sulphur Springs at the springboard from which to launch his campaign. The youthful attorney general's followers claimed that 15,000 persons would assemble in the courthouse square to hear Mann's opening bid for the Senate vacancy.

Representative Martin Dies, the first active campaigner in the field, appealed to a Brenham audience last night to elect him to the Senate so that he could pursue with greater effect his crusade against anti-American forces.

Representative Lyndon Johnson, whose candidacy for the senatorial vacancy has the tacit blessings of President Roosevelt, expected to leave Washington tonight for Texas to begin his campaign. The Dallas News said he would be accompanied by Harold H. Young, Dallas attorney who is assistant to Vice President Henry A. Wallace.

In his address at Brenham Dies declared that the House committee of which he is chairman "has just come into possession of important information concerning a seaman's boarding house in New York City, operated by a party in the employ of the Nazi government who is getting information for the Nazis from East Indian and European seamen on British transports."

The broadcast, transcribed by CBS, was a reply to last night's speeches by Navy Secretary Knox and Secretary of State Hull.

"The fact that England is beaten can't be changed by U. S. A. help," the German radio said.

Germany Takes Over 872 Enemy Vessels Since Start Of War

BERLIN, April 25—(AP)—The Nazi navy has brought into port or confiscated in occupied ports 872 enemy ships totaling 1,900,000 tons since the beginning of the war, the German high command announced today.

Yesterday and the day before, the high command added, 71,600 tons of British shipping have been sunk in British and Greek waters, including 30,000 tons by "one warship operating overseas."

The high command said to have sunk 29,000 tons previously.

The high command last night said that 89,000 tons of shipping had been sunk in and about Greek waters in the last three days.

Stars Shoot For Records At Drake

DES MOINES, Ia., April 25—(AP)—Crack contingents of track and field stars went after new records in the 32nd annual Drake Relays today, athletes from more than 60 universities and colleges competing in nine championship and as many preliminary events.

With a fast track in prospect, the university sprint medley mark of 3:25.1 held jointly by Rice and Indiana, was likely to topple in a race that had Texas, Michigan, Notre Dame, Louisiana State, Ohio State and Nebraska fighting for the front spot.

Texas ranked as a favorite on the basis of its world record 3:24 performance two weeks ago but Michigan was reported to have a quartet capable of eclipsing that mark by a full second.

Examine Records Of Five Million Aliens

WASHINGTON, April 25—(AP)—The Justice Department today began searching its records on nearly 5,000,000 aliens to determine how many might be subject to deportation for illegal entry or other law violations.

The task, expected to require nearly two months, is part of the job of building up a master file by means of which the department will be able to supply important data on the foreign population at a moment's notice.

The search just begun is the final examination of the questionnaires filled out by all aliens—except diplomatic officials and their families—during the four-months registration period which ended last Dec. 26.

Knickerbocker Will Make Home In Texas When Career Is Over

When H. R. Knickerbocker's reporterial days are over, when he is done with hobnobbing with generals, dictators, premiers, kings, the world over, he expects to settle down to the peace of a pecan grove in his native Texas.

This famous war correspondent, who will lecture here at 3 p. m. Sunday at the high school auditorium under the auspices of Bundles for Britain has been in Western Europe throughout the fiercest of the Nazi blitzkriegs. He witnessed the deadly work of the German "panzer" divisions in Holland, Belgium and Flanders. He saw the Stukas dive-bombers at work over London.

The calm tranquility of life on the Texas prairies is something that he likes to think about in these troublous days and he only hopes that it can be preserved. It is something that his wife and two small daughters, age two and three, who are now living in Dallas, also like to think about.

SERVICES SET TODAY FOR MCKINNEY PHILANTHROPIST
MCKINNEY, April 25 — (AP) — Funeral services will be held today for F. B. Pope, McKinney philanthropist, who died yesterday.

the question of government aid to the needy and unemployed according to their (the clergy's) political affiliation. In other words the Republican ministers opposed the proposition, while the Democratic ministers endorsed it. I have wondered if all these ministers considered the wishes of their Lord and Master in this.

McKENNEY ON BRIDGE

This is the seventh of a series of 16 articles on World Bridge Olympic games, giving the committee's par.

By Wm. E. McKenney
America's Card Authority

North cashes two heart tricks but West ruffs the third round. The bidding probably indicates that North has the king of diamonds, so it looks as if there was a diamond and a club loser in the hand.

Of course, if the declarer could be sure that North also held the queen-jack-ten of clubs, he might ruff out the hearts, pick up the trumps and then throw North in

MUSTANG BOYS' CLUB COLUMN

The Mustang Boys Club would like to buy a good second hand bicycle at a reasonable price. Please drop card to Box 731, Midland, or leave word at Midland Drug.

Tomorrow is Mustangs' Day with that "Funniest Parade North of the Equator" and a great, big, cross-section of happy Midland boys, to make you forget yourself and to make you "laff-a-lot."

Lock your doors. Bring the family. Set your watch. The amazing procession starts rolling exactly at 11:00.

The whole town has proven its enthusiastic interest in the "Musty Mustangs" by its spontaneous cooperation. We believe that the destiny of these kids, America's first line of defense, will be safe and secure in the hands of the people of Midland.

The following folks have given courtesy prizes for the Pet Parade awards—Wilson Dept. Store, Barrow's Home, Farm and Ranch Supply Store, Palace Drug, Cameron's Central Drug, Wadleys, Firestone Service Station, Pylant-Signs, Midland Drug, Midland National Bank, Midland Hardware, White's Auto Supply, Wilcox Hardware, J. with the third club. But that is expected. The simple line of play is for the declarer to cash all of his trumps, saving in dummy one heart, one diamond and three clubs. North is compelled to hold at least two diamonds if he has the king, plus a heart. Then he can have only two clubs.

Now the declarer cashes the ace and king of clubs, winning the second club in dummy. North is now out of clubs. Dummy leads the heart, North has to win and is forced to lead into declarer's ace and queen of diamonds.

"That's exactly how I used to feel during our old courting days!"

Fascist Newspaper States Subs Will Attack Convoys

ROME, April 25—(AP)—The representative Fascist newspaper, Il Popolo Di Roma declared today that Italian and German submarines would attack United States convoys to Britain if Washington went so far as to send them across the Atlantic.

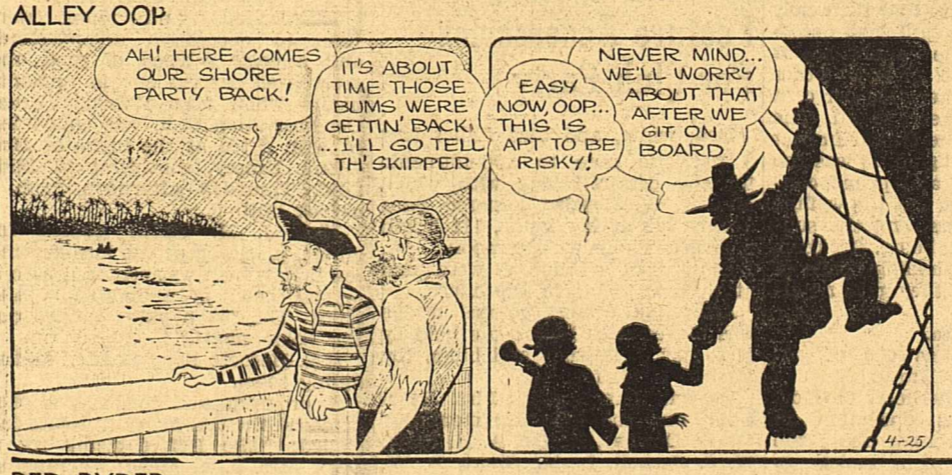

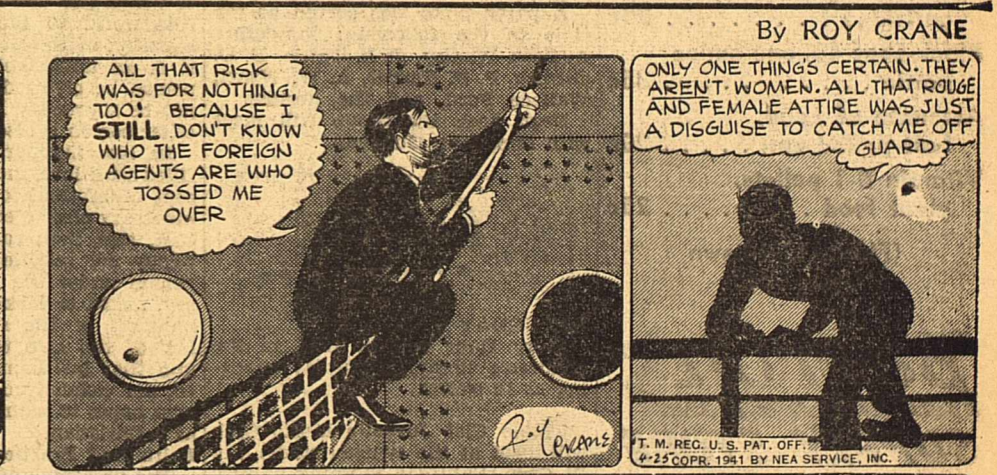

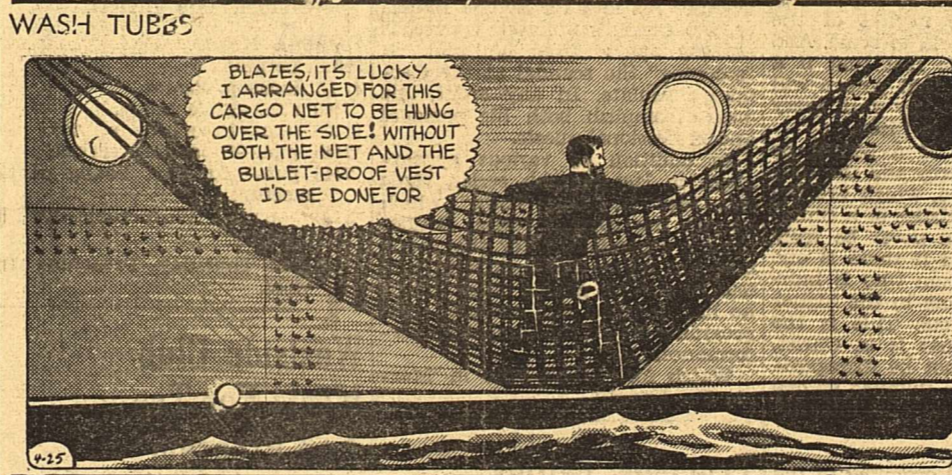

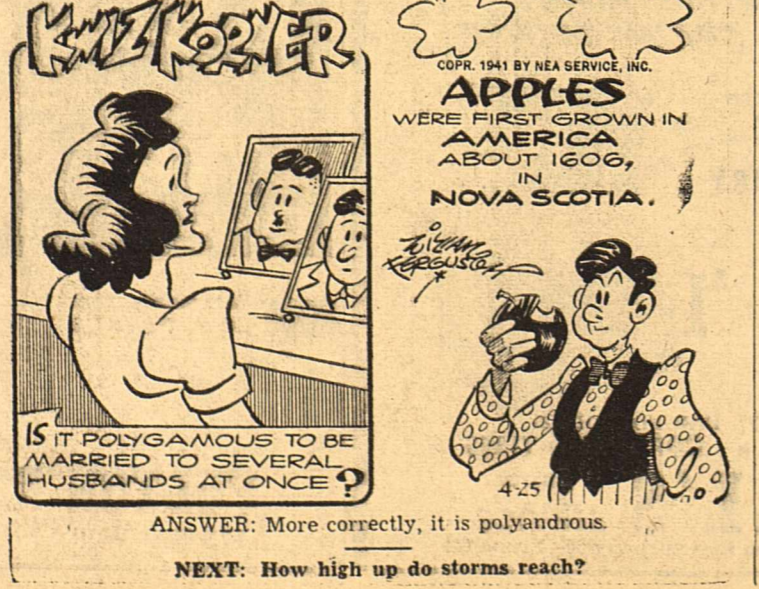

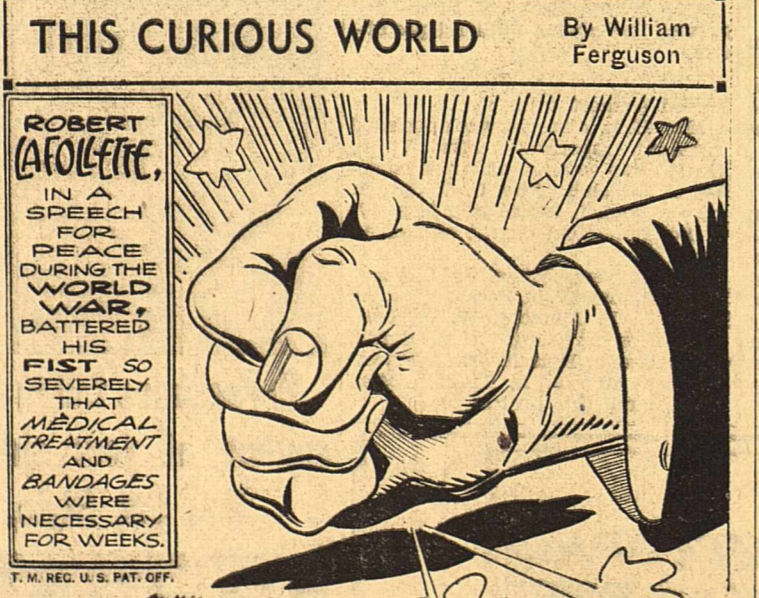

The newspaper said that from the reported American plan to extend its air and naval patrol to mid-Atlantic to complete convoying it is a "short step, almost equivocation." "And then it will be the turn for Axis submarines to speak."

LOVE POWER

BY OREN ARNOLD

CAROLYN FALLS IN LOVE

CHAPTER XI

CAROLYN did not see Bob Hale again before he took the west-bound plane. Moreover, she did not accomplish much more at the office that day.
 Hardest task she had ever been given was to type Bob's dictated note to Leana Sormi. She considered it tearfully, angrily, dutifully, for more than an hour, re-reading her notes dozens of times and reflecting on his instructions to phrase it as she thought best. The ultimate result was rather brief and, doubtless, unsatisfactory, at least to Leana.

Then without ceremony Carolyn went home. She told herself she would never come back. On the bus, she didn't care if the Schoenfeld Laboratory was moved to Kamchatka or Tibet. She didn't want to have anything more to do with it. She wished she had never heard of X-999. She wished Leana Sormi's too, too perfectly groomed flaxen hair had grease smeared on it—No, she didn't either, she just wished that—that—oh, darn!

The mood lasted until she had almost reached the bus stop nearest her home, and then she knew she would go back to the Schoenfeld Laboratory and do everything she could to help Bob Hale.
 "I am being a fool," she informed herself, with some degree of accuracy. "I was hired to be a secretary. Nothing unreasonable has been asked of me. I am earning twice what I earned at the bank, and my boss is—is—"

She choked up on that. She was glad the bus stopped then, lest she make a scene of herself before other passengers. It made her mad, the way she "acted up" lately, the way her feelings behaved. Nothing of the sort had ever happened in her old secretarial job at the bank.

Midland Receives .02 Inch Rainfall

Bucs Manager's Insurance Policy Pays When Jim The Ripper Smacks Single In Eleventh To Beat Cubs

By Sid Feder
Associated Press Sports Writer

Frankie Frisch's insurance policy returned a nice fat dividend check to the Pittsburgh Pirates today, and no one was happier than the "policy" himself.

For this policy, better known to the trade as Jim the Ripper Collins, not only paid off when it counted most—in the clutch—but he did it against the Chicago Cubs, the club that let the policy "lapse" by sending him to the minors a couple of years ago.

It must have warmed the hearts of both Frankie and Rip, that pinch-hitter Collins delivered in the 11th inning yesterday which gave the Pittsburgh Pirates a 2-1 decision over the Cubs.

a tie for third place with the Cleveland Indians, who were nosed out 2-1 by the Chicago White Sox.

"Hot Potato" Luke Hamlin turned in his second straight hurling "miracle" to give the revamped Brooklyn Dodgers a 6-1 win over the futility Phillies.

Lonnie Frey's ninth inning double sent the winning run home to enable the Cincinnati Reds to down the St. Louis Cardinals 3-2.

Tommy Bridges' steady elbowing and a two-run triple by Frankie Croucher, in celebration of his graduation from the bench, gave the Detroit Tigers a 4-2 edge over the St. Louis Browns. Washington and the Philadelphia Athletics were sidelined by cold weather.

Giants Rained Out

The win didn't affect the standings in the league, for the Pirates are well down in the lists and the New York Giants, setting the pace, were rained out at Boston.

Over in the American League, however, the top spots were reshuffled and dealt over again and there were your old pounding pals, the Yankees, right on top of the heap. A combination of Marius Russo's seven-hit southpawing and two three-run innings, one of them produced by Charley Keller's homer, gave the Yanks a 6-3 decision over the Boston Red Sox.

Red Sox To Throw

This setback dropped the Sox from the No. 1 slot right down to

Peckinpaugh Takes Pitcher's Side In Warning To Coaches

CHICAGO, April 25—(AP)—To the managers and coaches who try to call Bob Feller's pitches went this flat challenge and warning today from softspoken Roger Peckinpaugh, manager of the Cleveland Indians.

"Go ahead, you fellows who think you can call Feller's pitches, but it will be just too bad for you if someone gets hurt."

Briefly, that sums up Peck's stand on this week's signal stealing episode, brought to a lively climax as Feller, young fastball mound star, flatly said that the opposition was playing a dangerous game in trying to tell what kind of a ball he was going to shoot up to the plate. His observations came after the Indians' recent series with Detroit and Chicago.

Result Might Be Fatal

"If Del Baker and Mule Haas (manager of the Detroit Tigers and coach of the Chicago White Sox, respectively) think they are so smart, let them go ahead and try to call Bob's pitches," said Peck.

"We know that Feller would never hit a batter intentionally, but he can, and does, throw a fast ball and a curve the same way, with his fingers gripped low on the ball and while a coach may call a pitch right six straight times he may miss the seventh time, and that seventh time is when a batter might be killed."

Hard Luck Befalls Favored Golfer In Southwestern Meet

LAS CRUCES, N. M., April 25—(AP)—The hard luck that has beset Elinor Jones in many a tournament in the past still dogged the husky young shotmaker from Albuquerque as she went into the quarterfinals of the Southwestern Women's Golf Tournament today.

Considered a favorite to win her first Southwestern title, especially after the 78 she shot Wednesday in taking the medal honors, Elinor did her chances no good late yesterday when she slipped and fell on the cement basement floor of the Las Cruces Country Club.

An osteopath said the injuries—a strained back, bruised right arm and elbow—were not serious, but they were enough to make tourney observers send the Albuquerque girl's stock down a few points as she set out to tangle with Mrs. C. D. Lee of El Paso in today's first match.

O'Neal Has Good Chance

Miss Jones eliminated Mrs. Amzie Kard of Las Cruces, 6 and 4 in yesterday's first round match.

But a trio of older contestants were given good chances of outsteering, if not outthitting, the Albuquerque girl in the quest for the championship vacated this year by Thelma Carr of Glendale, Calif.

They were Mrs. Lee, and Mrs. G. E. Shows and Mrs. Sam O'Neal of Odessa, Texas. Mrs. Lee eliminated Mrs. George Peter of Phoenix 2 and 1; Mrs. Shows advanced over Betty Putnam, University of Arizona co-ed, 3 and 2 in a major upset; and Mrs. O'Neal defeated Mrs. W. T. Chapman of El Paso 5 and 4.

Biggest Giant

Mel Ott

Not the least reason why surprising New York Giants obtained flying start is Mel Ott finding range again with home run bat.

Large Field To Play In School Golf Meet

DALLAS, April 25—(AP)—Minus defending champion Joe Moore of San Antonio, a field of between 75 and 100 will tee off here Wednesday in the fifth annual Texas High School Golf Tournament.

C. B. Bowlby of Highland Park high school, which sponsors the event, said he expected the largest entry in the history of the tournament.

Jack Selman of San Jacinto (Houston), last year's runner-up, and Tyrrell Garth of Beaumont, one of the outstanding young players of the state, head the array of talent.

VISIT HERE

W. O. Dunn, formerly of Midland and now a resident of Houston, visited here yesterday enroute home from a trip to California.

Dallas To Make Home Debut With Oklahoma Team

By The Associated Press

The calf is fatted and the home field ready for the prodigal Dallas Rebels, who haven't been doing so well since the opening of the Texas League baseball season.

Everything is in order for the Rebels' first Dallas appearance of the season, with the Tulsa Oilers supplying the opposition. The Rebels have been unable to play at home because of repair work on stands damaged by a fire last year. But the new stands have been partially completed sufficiently to seat 4100 fans, and if weather is favorable, a good crowd is expected to see the Rebels make an effort to rehabilitate themselves at the Oilers' expense.

Dallas, beaten four times in five games by the Fort Worth Cats, turned the tables last night and pinned a 12-6 defeat on the surprised Cats.

In another night game at Shreveport, Houston's lead was reduced by a 5-4, 14-inning loss to the Sports. Oklahoma City, entertaining the Oilers, dropped a 6-3 decision and Beaumont, playing the only afternoon game of the league schedule, suffered a 6-3 touncing at the hands of San Antonio at Beaumont.

Longhorns Will Play Aggie Team

By The Associated Press

The Texas Longhorns play Texas A&M tomorrow in the week's most important Southwest Conference baseball game.

Texas leading the race with one loss, could be pitched into a virtual tie for the top with the Aggies and Baylor should the Longhorns lose to the Cadets.

Two other games are scheduled today, Rice meeting Baylor at Waco and Texas Christian tangling with Southern Methodist at Fort Worth.

Car Accident Kills California Resident

MONAHANS, April 25—(Special)—J. A. Formby, 59, Los Angeles, Calif., groceryman, died yesterday of injuries received in a two-car accident near here.

Mr. and Mrs. Formby were enroute to Dallas to visit her mother, Mrs. Sarah Richey, when the accident occurred. His neck was broken. Investigating officers exonerated the driver of the other car.

Funeral services will be conducted in Plainview Sunday.
