

O'Daniel Forges Into Small Lead Reds Claim Invasion Halted In Two Places

Hitler Reports Speed Soldiers Sight Smolensk

Germans Trap 400,000 Russians In Vise And Take Latvian Capital By The Associated Press In bitter all-night fighting, Russia's headquarters declared Tuesday the Red Army had checked the advance of German invasion forces at two main sectors of the 2,000-mile battlefront—in the Minsk-Brobuisk and Luck areas—where the Nazis are striking directly toward Moscow and the Soviet Ukraine.

The Germans, by contrast, asserted that two Nazi tank columns "now are far east of Minsk," capital of White Russia, and that German schnelle truppen (speed troops) were in sight of Smolensk, 250 miles from Moscow.

The German high command said Nazi and Slovak troops were "carrying forward the pursuit of the enemy on both sides of Lwow," the gateway to the Ukraine.

"The Soviet armies surrounded Bielystok and Minsk vainly made desperate attempts the entire day to break out of the vise," the Nazi communique said. Approximately 400,000 Russian troops are reported caught in the Nazi trap.

The German war bulletin declared that the Russians, charging in formations eight to 12 ranks deep and supported by heavy tanks, "collapsed with unusually bloody losses."

Riga, the capital of Sovietized Latvia, had fallen into Nazi hands. France's off-stage role in the 10-day-old struggle moved nearer the actual fighting with a statement by the Vichy French government that it had "no objection" to French volunteers fighting alongside their former enemies, the Germans.

Destroy 100 Soviet Tanks. Rome radio said Chancellor Hitler and Premier Mussolini decided on "the war against Moscow and the destruction of the Red Army" at their latest Brenner Pass meeting, June 2.

A Berlin radio broadcast said German Bavarian Alpine troops, in violent action at Lwow, former Poland, had destroyed 100 Soviet tanks with hand grenades.

A communique also declared that the Red Army had stemmed the Nazi onslaught toward the Ukraine. Far up in the Arctic, the communique said, "fierce clashes with the German troops are in progress. The enemy is suffering considerable losses."

Counting official German claims of having all but smashed the Soviet air force, Premier Joseph Stalin's high command emphasized that heavy aerial forces had been hurled into the assault on fresh Nazi troops driving toward Leningrad in the Dvinsk area, Latvia.

In its preliminary report Tuesday Adolf Hitler's high command asserted that 280 Russian planes were destroyed Monday.

Fear Thirty-Five Burned To Death

HARPSWELL, Me. (AP)—The discovery of five bodies — one of them badly burned — led searchers to believe Tuesday all of the 35 members of a gay picnic party which set out Sunday on the 44-foot cabin cruiser Don might have perished after fire swept the boat. The tragedy, the worst in the memory of residents of this rocky coast, apparently occurred in the fog-enshrouded waters of lower Casco Bay while the party of Rumford, Me., residents was returning from Monhegan Island, 40 miles from here in the open Atlantic. Carlton Smith, one of the many searchers, said that "undoubtedly" there had been an explosion aboard the heavily loaded Don. The first five bodies found were those of women. Four of them were identified quickly as those of Miss Howard, Miss Ruth Hemingway, Rumford housekeeper, Miss Besse Strople, Rumford bank clerk, and Miss Anne Stasulis, also a bank employe.

City-Wide Mass Meeting Called To Consider Housing Problem

Housing for thousands of men who will construct Midland's \$4,500,000 Army Air Corps Advanced Twin-Engine and Bombardier Training Center must be arranged immediately and the Midland Chamber of Commerce housing committee called a city-wide mass meeting at 7:30 p.m. Wednesday on the courthouse lawn. "Every citizen of Midland should attend and register his vacant property—houses, apartments or rooms," John P. Butler, committee chairman, announced. He pointed out it is the patriotic duty of Midland residents to cooperate in every way with the federal government and its contractors in the big development.

5,000 Workers. First estimates are that 5,000 or more men will be employed and work will proceed 24-hours a day with three shifts of men required. Present housing facilities, as listed, are entirely inadequate, representatives of the general contractors pointed out. Every room in Midland will be needed. Steps to prevent undue rent raising and profiteering during the construction program will be discussed. Civic leaders are determined that Midland retain its reputation as a "City of Hospitality," even during the "Unlimited National Emergency."

They pointed out that the situation is acute and that citizens must band together and work out the problems. Officers Need Houses. By all means, members of the housing committee, said Midland must arrange adequate housing for executives and officials of the construction firms. Employment offices should be maintained in the city. Trailer camp plans were discussed at the meeting Monday night and recommendations of the housing committee will be presented to Chamber of Commerce directors. Work on the project probably will start by July 15, the committee was informed.

Dunagan Sales Company has offered to have its sound truck at the city-wide mass meeting. Arranging the program for the meeting are Jim Allison, Chamber of Commerce president; E. M. Barron, treasurer; Barney Grafa and P. J. Mims. Arranging for radio announcements and advertising are John P. Butler, Paul McHargue and Houston Hill.

West Extension Well In Sand Hills Pool Is Gauged At 2,501 A Day

By Frank Gardner Oil Editor. Twenty-four potential of 2,500.56 barrels, based on flow through 7-inch casing the last four hours of a six-hour gauge, was assigned Gulf Oil Corporation No. 4-A J. B. Tubb, one-quarter mile west of the Sand Hills Ellenburger pool in Western Crane County.

The well has a gas-oil ratio of 350-1 and gravity of oil is 34 degrees, corrected. It topped Ellenburger, lower Ordovician, at 5,706 feet and logged first pay in dolomite at 5,709 feet, halting coring at 5,756 feet. It was acidized with 5,000 gallons in single stage.

In the same pool, American Liberty Oil Company No. 12 Tubb topped Ellenburger at 5,733 feet, datum of minus 3,186 feet, and is standing at 5,761 feet in dolomite while 200 sacks of cement harden around 5 1/2 inch casing set at 5,703 feet.

Gulf No. 25 W. N. Waddell et al, one-quarter mile east, outpost to production in the four-mile southwest extension of the Sand Hills pool, is drilling in lime at 3,280 feet. High Crinoidal Encountered. Crinoidal lime of the Strawn, lower Pennsylvania, was encountered high structurally by Amerada Petroleum Corporation No. 1-A J. S. Todd, 4,000-foot, north-outpost to production at the northwest end of the Todd Deep pool in North Central Crockett County.

No. 1-A Todd hit the crinoidal at 5,562 feet, datum of minus 3,042, and is drilling ahead at 6,086 feet in Simpson sand and lime. Top of Simpson was not revealed but is reported to have come in high. It is understood the test will be carried to the Ellenburger.

One mile farther northwest, Amerada No. 1-B Todd is drilling below 435 feet in red beds. R. H. Henderson of Midland No. Clara Couch, western Crockett wildcat, is drilling past 881 feet in blue shale.

Abell Completion. Magnolia Petroleum Company and Stanolind Oil & Gas Company No. 2 Tex-Mex Petroleum Corporation-McKee, in the Abell pool of Northern Pecos County, rated daily potential flow of 238.08 barrels of 39.8-gravity oil with gas-oil ratio of 3.707-1. Potential was computed from yield the last three hours of a six-hour test through 24/64-inch choke on tubing. Production is natural and from Simpson, middle Ordovician, sand. The well is bottomed at 5,292 feet, plugged back from total depth of 6,118, where it was in the Ellenburger.

On 24-hour swabbing gauge of Ellenburger zone from 5,914-40 feet, total depth, Magnolia No. 1 J. P. McKee recovered 116 barrels of water and 40 barrels of oil. Approximately one-half of oil present was believed oil load used with a 1,500-gallon acid treatment. Swabbing continued. Depth of 4,130 feet in Permian (See OIL NEWS, page 6)

Fifty-Three Midland Men Register Here

Fifty-three Midland men had registered for selective service on the second national registration day at 2 p.m. Tuesday. Closing registration time was 9 p.m. A corps of volunteer workers assisted the Midland County draft board in registering men who have attained the age of 21 years since Oct. 16, 1940. Volunteer workers included: W. B.

with three shifts of men required. Present housing facilities, as listed, are entirely inadequate, representatives of the general contractors pointed out. Every room in Midland will be needed. Steps to prevent undue rent raising and profiteering during the construction program will be discussed. They pointed out that the situation is acute and that citizens must band together and work out the problems. Officers Need Houses. By all means, members of the housing committee, said Midland must arrange adequate housing for

Capitol Ponders Stiffened Policy In Knox Address

By The Associated Press WASHINGTON. — Secretary Knox's call for immediate use of the United States Navy "to clear the Atlantic of the German menace" led the capital to wonder Tuesday whether he was hinting at an important change in administration policy toward Nazi sea activities.

The direct language the navy secretary used in his speech at Boston Monday night gave rise to the belief in some quarters that a definite revision was contemplated in existing naval strategy.

Knox, who addressed the annual conference of governors, urged that the naval forces be used to deal Hitler "a smashing blow," even though it involved "risk and danger." Sacrifice to the extreme, "if need be, American blood,"

Production Hits Stride. The speech, it was generally agreed here, went farther than Knox or any other cabinet officer had gone in any previous public pronouncements. The only stronger expressions on the subject in official Washington have come from such ardent advocates of all-out aid as Senators Glass (D-Va) and Pepper (D-Tla) who have urged that the navy be ordered "to shoot hell" out of German raiders.

Some officials attached considerable weight to Knox's statements because of immediate war outlook and the series of incidents affecting the United States since President Roosevelt reasserted the nation's freedom of the seas doctrine in his fireside chat, May 27.

For one thing, they said, the production of American armament industries has begun to hit something like its stride and the volume of supplies will grow rapidly in the months immediately ahead.

George T. Parker Dies At Home Here

George T. Parker, 64, retired farmer, died at his home in southwest Midland, at 6 p.m. Monday following an extended illness.

Funeral services were scheduled to be held at 3 p.m. Tuesday at Ellis Funeral Home with the Rev. Fred McPherson officiating. Interment was to be in Fairview Cemetery.

Parker had resided in Midland and its area 19 years. He is survived by four sons and two daughters. They are: Roy, of Arkansas, and Winifred, Alton, and John, of Midland; Mrs. Lois Baker and Mrs. Eula Jean Brown of Midland.

executives and officials of the construction firms. Employment offices should be maintained in the city. Trailer camp plans were discussed at the meeting Monday night and recommendations of the housing committee will be presented to Chamber of Commerce directors. Work on the project probably will start by July 15, the committee was informed.

Dunagan Sales Company has offered to have its sound truck at the city-wide mass meeting. Arranging the program for the meeting are Jim Allison, Chamber of Commerce president; E. M. Barron, treasurer; Barney Grafa and P. J. Mims. Arranging for radio announcements and advertising are John P. Butler, Paul McHargue and Houston Hill.

Behind The Headlines

By DeWitt MacKenzie. Ten days of fierce and destructive warfare along the two thousand mile front between the mighty German and Russian fighting machines has failed to produce conclusive evidence as to the Bolshevik powers of resistance to the most powerful army ever sent into action.

This is to say that while the Nazis have driven deep into enemy territory, and claim that along the strategic Minsk highway in the center of the Russian line they have thrust their mechanized column — something like half way to Moscow, they have not yet won a decisive engagement. They have laid the foundations for what may be a great and quick victory, but they still have to capitalize them.

However, Britain and her Allies will be rash to gamble that their respite from heavy German assault in the western theatre will be long. Judging from past performances, and from present progress, Hitler may be in Moscow in short order. He may also have attained his other objectives, including the rich Ukraine.

That is still a matter of speculation. We lack information regarding the real strength of the much advertised Red Army, and the stability of the vast Soviet Union with its heterogeneous population of 170,000,000 or more. One wonders whether Communist Chief Stalin himself has any idea of just how much power he has back of him, or whether he can harness and utilize what there is.

Sees Internal Danger. Civilian morale in Russia will have much to do with the ultimate outcome, as I see it. While touring Europe and the Balkans a few months before the European conflict broke out, I found that official opinion everywhere held Russia, to be impotent in the matter of war. The general belief was that, while the Soviet had great numerical strength in men and mechanical equipment, there would be danger of a political upheaval in event of war.

The big question would seem to be not whether Hitler can capture Moscow and Leningrad and the Ukraine—for few deny him this likelihood—but whether in so doing he can destroy the Red Army, force Stalin's capitulation, and bring all the Russians under his domination. In other words, the issue is whether he is embarked on a short war, or has started a long drawn-out conflict which may be his undoing in the end.

George T. Parker Dies At Home Here

George T. Parker, 64, retired farmer, died at his home in southwest Midland, at 6 p.m. Monday following an extended illness.

Funeral services were scheduled to be held at 3 p.m. Tuesday at Ellis Funeral Home with the Rev. Fred McPherson officiating. Interment was to be in Fairview Cemetery.

Parker had resided in Midland and its area 19 years. He is survived by four sons and two daughters. They are: Roy, of Arkansas, and Winifred, Alton, and John, of Midland; Mrs. Lois Baker and Mrs. Eula Jean Brown of Midland.

telephone draft headquarters and a clerk is available to take their registrations. The registration was lighter than expected here. State figures are expected to be near eight per cent of the first registration day. Officials predicted about 75 registrations in Midland.

Governor Goes Into Election Lead

Governor O'Daniel took a lead of more than 350 votes over his opponent, Lyndon Johnson, Tuesday, as late returns favored him in the Texas senatorial election.

Allen Frazier Will Address Patriotic Rotary-Lions Meet

With Allen Frazier, district attorney at Alpine, as guest speaker, a joint patriotic luncheon-meeting of the Lions and Rotary clubs of Midland will be held at Hotel Scharbauer Wednesday noon.

Members of the two clubs and other citizens, men and women, were invited to attend. Attendance of approximately 150 persons is expected. Frazier, an authority on crime prevention through youth welfare, is well known throughout this section of the Southwest. He has written several books on crime prevention and has spoken before service clubs and other gatherings over the nation. He has served several terms as district attorney.

"Hitler 1500 Years Ago and Now" will be the subject of his address here. Presiding at the meeting will be the newly elected presidents of the two Midland service clubs—Tom Sealy of the Rotary and Paul McHargue of the Lions.

The joint meeting was arranged because of the closeness of the Fourth of July holiday to the regular meeting date of the Rotary club.

Selective Service Registration

By The Associated Press Who—All men, whether citizens or aliens, who have attained their twenty-first birthday since the first selective service registration, Oct. 16, 1940.

Also any man between the age of 21 and 36 who failed for any reason to enroll in the first registration. Where — The registration place designated by your local selective service board. There are some 7,500 such places throughout the country.

When — Tuesday, between the hours of 7 a. m. and 9 p. m. local time. Why—Because the selective service act makes all men between the ages of 21 and 36 subject to a year of compulsory military training in the interest of national defense, unless otherwise deferred.

TRAIN WRECKS AUTO BUT NO ONE INJURED G. D. Fulton, his wife, and 12-year-old daughter of Garden City escaped injury when an eastbound freight train struck their stalled automobile at the South Main crossing here Tuesday. The three persons jumped from the machine just before the train hit the car, which was dragged 400 yards down the track but not overturned.

Two-Inch Rain Soaks Midland

A two-inch rain drenched Midland early Tuesday. The downpour started at 11 p.m. and registered 2.15 inches by the city's rain gauge.

At the Midland Municipal Airport 1.94 inches of rain was recorded in 10 hours. A report from Big Spring indicated .99 of an inch fell there.

The rain that started slowly increased to a heavy fall by midnight. Midland residents going to work Tuesday experienced difficulty at flooded intersections. Water overflowed curbs and gutters.

Areas Flooded Again. The rain set runoff waters into already waterlogged areas in Mexican and negro sections of the city. Reports from ranchers and farmers indicated the rain was general over the county and immediate territory.

Part of the Midland Country Club golf course, flooded by heavy rains several weeks ago again was inundated. Fairways 6, 8, and 9 were under water in most parts. Floodwaters were not as heavy as during the previous flood.

Clerks Forward Four Billion In Bills To FDR

WASHINGTON (AP)—Congressional clerks Tuesday speeded to the president for signature more than \$4,000,000,000 in appropriations the product of the last strenuous session of the old fiscal year which ended at midnight.

Many members of the House of Representatives cleared their desks and quit at 10:30 p.m. (EST), and the Senate did not adjourn until 10:44. Team-work between the two Houses, marred only by minor disputes, cleared not only the key spending bills but also legislation expanding and continuing the Commodity Credit Corporation.

The day's work brought close to \$4,000,000,000 the record-breaking total of congressional appropriations and spending authorizations voted thus far this session. The principal measures dispatched to President Roosevelt during the lengthy day were:

The \$910,905,000 relief bill; the \$1,060,500,000 farm measure, including funds for "parity payments" to farmers; the \$1,195,861,940 supply bill for the Labor Department and the Security agency; the \$1,030,000,000 deficiency bill, providing more than \$400,000,000 for 2,236 new Naval planes; the \$54,183,106 supply bill for the District of Columbia and the \$25,002,256 appropriation for the maintenance of congress itself.

Rallies Fast To Gain 379-Ballot Advantage

Texas Election Bureau Reports 250 Out Of 254 Counties Complete; Last Returns Give O'Daniel 174,350, Johnson 173,971

By The Associated Press DALLAS.—Gov. W. Lee O'Daniel, who wooed the voters with hillbilly music, forged into a lead of 379 in the race for United States senator from Texas Tuesday with an estimated 200-300 ballots still to be counted.

He had snatched the lead away from New Deal Congressman Lyndon Johnson during the morning. The Texas Election Bureau reported at 10:15 a. m. (C. S. T.) that 250 of the state's 254 counties were complete and that the remaining four—Victoria, Comanche, Erath and Trinity—together did not carry more than 300 votes.

The vote given by the bureau showed: O'Daniel 174,350; Johnson 173,971; Attorney General Gerald C. Mann, 140,171; Congressman Martin Dies 80,586. A total of 569,088 votes had been counted.

Lackey Retires As Superintendent Midland Schools

Superintendent W. W. Lackey completed 35 years as head of Midland public schools Tuesday as Geo. A. Heath's contract as Midland school head became effective. Heath formerly was superintendent at White Deer.

The Midland school board elected Heath last January. He signed a three-year contract with the board. Lackey did not announce his plans. He was principal at Abilene before coming to Midland. During his tutelage enrollment increased from 44 to more than 2,200 and units of affiliation from none to 55 1/2. Midland schools are rated among the best in the state. The high school is a member of the Southern Association of Accredited High Schools and Colleges.

Has Doctors Degree. Lackey holds B. A. and M. A. degrees from the University of Texas, and in 1937 was presented a doctor of laws degree from Hardin-Simmons University at Abilene. The new superintendent had not arrived in Midland Tuesday. He was expected to move here with his family within a few days. Heath, former president of the Ex-Student's Association of the West Texas State Teachers College and former first vice-president of the Associated Ex-Students of the Teacher's Colleges of Texas, has had 12 years experience as a school executive. He served six years at White Deer.

He is 37 years old and needs only one year's summer work on his doctor's degree at Colorado State College. He obtained his B. A. degree at West Texas State Teachers College and his masters degree from Texas Tech.

Midland Citizens Attend Funeral In Guymon, Okla. Mr. and Mrs. Eugene Cecil are in Guymon, Okla., to attend the funeral services for her father, Marshall McFadin, who died Monday of burn injuries received in an explosion several weeks ago.

Brass Medal For Hitler

If there is one quality in the exercise of which Adolf Hitler stands alone, it is brass, effrontery, sheer impudent presumptuousness. That, more than any other quality, has carried him the long way he has come.

It took brass to claim power in Germany; it took brass to stage events like the Reichstag fire, in the face of his own book's statement that the bigger the lie, the easier it is to make people believe it. It took brass to say at Munich-time, "This is my last territorial claim in Europe," while the maps for the Polish conquest lay on the table. It took brass to close 20 years of railing at Soviet Russia with a pact of non-aggression, friendship and close trade relations in 1939. It took brass to invade country after country, claiming only the wish to "protect them." It took brass to reverse utterly the Russian policy after less than two years.

But for sheer impudent effrontery, this one wins the brass medal. It is now revealed that Franz von Papen, Hitler's ambassador to Turkey, approached British diplomats there with a suggestion that Germany and British just call the whole thing off and march together in a "holy crusade" on Russia.

Does Hitler imagine for one moment that the people of England, the plain ordinary people of England, who have lived in cellars, been torn by bombs, fought and died from Dunkirk to Crete, seen their homes and churches reduced to smoking ruin, would tolerate overnight a government which proposed "Let's forget all that now, and go crusading against Russia, arm in arm with the men who have so brutally injured us, and who have proved so utterly faithless"?

The British people, the people of the Dominions, the remaining free people of all countries are not like that, to be played on like a great organ, and emit a tune at will in any change of key some tinpot master chooses overnight.

He may be able to tell the German people on Monday, "This is the enemy; hate him, fight him!" and on Tuesday, "No, that is the enemy; hate him, fight him!" But he can't tell that sort of thing to free people anywhere in the world.

That such a monstrous manipulation should even be attempted is an insult to every man and woman in the world who still breathes the air of freedom.

Buy Defense Bonds

One For The Discard

Twenty-four or five years ago there was a heated discussion of "hyphenates." It meant those people who are designated as "German-Americans," "Greek-Americans," "Swedish-Americans," "Italian-Americans," and the like.

There never was a more unfortunate choice of words. At its best such terminology suggests a divided allegiance, something more or something less than simply "Americans." It never was accurate as applied to nine out of ten in connection with whom it was used. What was meant and what is meant today, in almost every such case, is "Americans of German, Greek, Swedish, or Italian origin."

Since, and if, that is meant, why not say it? Granted that "Americans of Germanic origin" is a little more clumsy than "German-Americans," we're used to organizations with long names these days, and we'd be willing to grapple with them in the interest of accuracy and of justice to those who still think their specific European origin is important.

Italy Starts A Short War

The Italians didn't do notably well against the Greeks, the British, the Australians. So now they are embarking on another war, a war on shorts and long pants for women.

In Florence, police sternly forbid either garb, and severely threaten that if a woman is caught riding a bicycle while she is wearing trousers, the bicycle will be confiscated. "It is time," growls the newspaper *Nazione*, "to take strong measures against this stupid Hollywood style."

So Italy declares war on shorts and pants. It may be a long war, with the police doing the panting, if Italian women are anything like American women.

Buy Defense Bonds

Skyrocket To Signal Light

There will be a little less banging and fizzing this Fourth of July, not only because more and more communities are restricting it, but because the skyrocket and the Roman candle are being enlisted in the defense drive.

Leading manufacturers of fireworks say that most of their facilities these days are devoted to making signal lights, smoke bombs, flares, trench mortar shells, and the like.

A flare dropped from a military plane in the course of training, a signal light thrown up from a Very pistol—these speak louder for liberty today than pinwheel and skyrocket.

Government Fortifies Washington Offices But Uses Vast Network Of Far-Flung Points To Reach People

Map shows the 12 Federal Reserve district bank cities—fast becoming little Washingtons.

By Peter Edson
The Reporter-Telegram
Washington Correspondent

WASHINGTON.—All the hullabaloo about the overcrowding of government offices in Washington, plus the expansion of defense agencies, plus the fact that some of the defense agencies, themselves have been forced to set up field offices in other cities—all these things call attention to the fact that in spite of the concentration of authority in the capital, federal activities now reach down to so many levels of local administration that there are now literally hundreds of sub-offices, little Washingtons, in every area.

Skip entirely the activities of the 46,000 post offices with their 233,000 workers, comprising the world's biggest business, handling \$4 billion a year. Skip the WPA with its relief projects in nearly every community and its million- and - up wage-earners. Skip the draft boards and the censustakers.

Consider just the regular federal administrative agencies which have branch offices outside of Washington and you get unbelievable totals. Consciously or not, your federal government is taking over so many functions which deal directly with the people, and not through the state or smaller units of local government, that if the trend goes on, the entire pattern of administration will be changed.

Grass Roots Government
Advent of the defense program has hastened this movement. As the Office of Production Management expanded, several of its divisions have found that they must have more sub-headquarters to keep in touch with local conditions.

The training within industry program of OPM was the first to branch out, establishing 22 field offices. Then the defense contract service, organized to assist in subcontracting, put 12 regional headquarters in each of the Federal Reserve districts. The purchasing division, to buy local produce for Army training camps, put in 12 main advisory buyers with an additional 24 sub-offices to help the quartermaster corps with the food problem. The information service branched out with 12 regional offices, again picking Federal Reserve cities for their section headquarters. Latest of the OPM agencies to open regional offices in the

priorities section. The tendency to pick for regional headquarters the 12 cities which are the Federal Reserve "capitals" is most pronounced. Department of Commerce, in the reorganization of its field service, follows this pattern, and so general has it become that the Federal Reserve cities are gradually becoming the 12 most important "little Washingtons" in the country. To show the extent to which this is true, it is only necessary to list the cities and give the number of agencies which have branch offices in each. Here is the score.

City	Federal Offices
Boston	101
New York	185
Philadelphia	85
Cleveland	70
Richmond	65
Atlanta	87
Chicago	191
St. Louis	109
Minneapolis-St. Paul	184
Kansas City	70
Dallas	57
San Francisco	109

Impressive as this table is, it should be understood that not all the federal agencies within the states have their offices in these cities. Detroit, in the Chicago district, has 83 federal offices. Texas has 733 federal offices in 78 cities.

YOUR CHEAP ELECTRICITY Will Keep You Cool THIS SUMMER and Every SUMMER

Here are three proven ways of making your home cool and pleasant in hot weather:

Air Conditioning—Can be installed to cool a single room or an entire house. It gives full control of temperature, humidity and air movement.

Evaporative Cooling—Utilizes the principle of evaporating water to lower the temperature in one room or an entire home.

Attic Ventilation—Cools by bringing in outside air to evaporate moisture on the skin and clothing, producing a marked effect.

If you are planning on building or remodeling your home, you'll save money and add to your comfort by making provision for the many electric appliances that make a home more livable.

Hot afternoons and nights are just something to read about in the paper when you have your home comfortably cooled by electric cooling equipment. You just pull up your easy chair and settle down to a pleasant evening of reading, and later enjoy cool restful sleep.

Electric cooling equipment can be used to cool one room or an entire home. Some types are just what you need to keep your store or office pleasantly cool in hot weather. And electricity to run a cooling system costs very little, bringing you cool comfort this summer and every summer.

Investigate now the modern types of electric cooling systems that can be installed in your home. A dealer will be glad to give you detailed information about the kind of cooling system best fitted for your needs.

SOCIETY

Gay Nineties Party Is Sponsored By Unexpected Club

The famous "Gay Nineties" provided the inspiration for the Unexpected Club's party at the Palette Club studio, 602 N Colorado, Monday evening.

Old-fashioned costumes worn by some of the guests provided hilarious highlights for the gathering.

Old-fashioned dances such as the schottische and "put your little foot" were a feature of the evening.

Roy Marcom won the cake.

Pink lemonade and ginger snaps were served at the refreshment hour to: Miss Eleanor Kenig, Vincent White, Mrs. Bland Bounds, Mr. and Mrs. W. A. Middleton, Miss Alma Heard, Miss Dorothy Hamilton, Miss Wilma Ruth Holman, Jimmie Holder, Mr. and Mrs. Roy Marcom, Miss Brittle Neill, Miss Lou Annice Reeves, Tanner Laine, Leslie Young, Fred Stout, Henderson Haynie, Jimmie Van Arsdale, and the club sponsor, Mrs. Forest Hunter, and daughter, Sarah.

The committee in charge of the party was composed of Miss Holman, Rex Bozarth, and Jimmie Holder, Miss Brittle Neill and Vincent White will plan the next party.

Calvary Baptist WMU Hears Talk By C. G. Murray

C. G. Murray discussed the religious conditions in Europe at the meeting of the Calvary Baptist WMU at the home of Mr. and Mrs. E. L. Crites, 307 W Florida, Monday evening.

G.A. and R.A. tests were passed by seven boys and girls. The boys, sponsored by the Rev. Fred McPherson, were Paul Tunnell and Barney and Jack Hightower. They attained the rank of "Pages of the King" and were presented with armbands.

Joy Webb, Lois Shelburne, and Daphne Devore, now ranking as "Maidens" were also awarded armbands, while Irma Tunnell, reaching the rank of "Princess," was presented an emblem to go on the armband she already has. Mrs. Walter Wingo is sponsor for the girls.

An informal social period was held and refreshments were served.

About 25 adults and 10 children were present.

And Then!

Dear Betty, I would have written you sooner, but am suffering from a sprained shoulder.

Young People Have Picnic At Cloverdale Park

The Jolly Dozen, girls' club, sponsored a picnic for young people, Monday evening.

Guests met at the high school, each bringing a lunch, and went to Cloverdale where the supper was spread in picnic style.

Afterward games were played.

Present were: Miss Wilma Parham, Miss Mary Lou Whitaker, Miss Billie Preskitt, Miss Sara Sue Roberts, Miss Juanita Bryant, Miss Rita Whitaker, Raburn McKee, D. R. Gregory, R. I. Scott, Miss Lois Ficke, Miss Marie Newton, Miss Helen Connor, Russell Holcome, Miss Ferrol Ficke, Miss Carolyn Oates, Miss Marian Newton, Van Edd Watson, Miss Betty Kimbrough, Miss Beth Prothro, Miss Betty McDonald, Miss Polle Pattison, Murray Howe, Stuart Grimes, Jack Kenney, Temple Harris, Miss Ruth Tidmore, Joe Whitmore, Jack Pattison, Miss Lillie Mae Raney, Leslie Lattimer, Miss Helen Munn of Colorado City, and Roy McKee.

Approximately 50 Attend Benefit Given By Club

Approximately 50 persons attended the benefit party sponsored by the Miriam Club at the I.O.O.F. Hall, Monday evening.

Games of 42 occupied the evening with high score for men going to Angelo Smyrle and low score to Aubrey Fuller. High score for women was held by Mrs. Margaret Fuller and low score by Mrs. Martis Miller. A quilt was awarded to C. O. Fuller and a rug went to Mrs. Florence Floyd.

A refreshment plate was served. Proceeds of the benefit will go partly to the lodge's share of the president's fund and partly into the lodge's general fund.

Patriotic Program Given At BTU's

The junior department led the First Baptist BTU assembly in a patriotic program, Sunday evening. Lois Shelburne led the salute to the American flag and to the Christian flag and songs were sung.

Seventy-five regular members, three new members and six visitors were present.

COLES RETURN FROM CALIFORNIA TRIP

Mr. and Mrs. Taylor Cole have returned from a two-weeks vacation trip to California. They visited his mother at San Francisco and also were in Los Angeles, Beverly Hills, and Hollywood. Visits to the races and Earl Carroll's Club were among the trip's entertainment highlights.

UNHEARD OF ACCIDENTS HAPPEN SAME DAY

LOS ANGELES. (AP.) — Strange coincidence department: Robert Fisher, 8, brought to Georgia street hospital, told Dr. Robert Moes he was burned when a paper milk carton exploded as he was burning it in an incinerator.

Three minutes later an ambulance brought in Roendy Bonner, 9. He reported the same thing happened to him. Neither was burned seriously, said Dr. Moes.

Never before, attendants said, had an accident of the kind been reported to the hospital.

When They Say 'Don't Dress' In Hollywood, They Just Don't Mean What They Say At All

By Dee Lowrance
NEA Service Correspondent.

HOLLYWOOD.—In the film colony, "we're not dressing" means that we are wearing dinner dresses with long skirts—not day dresses with short skirts. "We are dressing" means decollete, formal gowns—not dinner dresses.

The simple dinner dress is Hollywood's favorite after-dark costume. Practically everybody wears slacks and suits during day hours, but, the minute the sun goes down, hostesses slide into long-skirted swirling house-coats and guests reach for dinner dresses.

One of the top-notch designers of the long, informal type of clothes is Marie Miller, who creates for the stars' personal wardrobes. Miss Miller designs a few elegant creations for the rare, more formal occasions, but her present collection typifies the town's taste for dinner dresses, and her client list reads like a movie Who's Who. It includes the names of Dolores Del Rio, Ginger Rogers, Anita Louise, Wendy Barrie, Lupe Velez, Judy Garland, Myrna Loy, the three Lane sisters, Rita Hayworth and a dozen others.

HAWAIIAN INFLUENCE IN HOLLYWOOD FASHION

For little dinners, Marie Miller stresses crepes and cottons, usually printed in flashingly colored primitive designs. Her flair for color and floral designs that are beyond the usual she brings with her from her homeland, Hawaii, which she left five years ago to settle in California. These prints are hand-painted—another Hawaiian touch.

Hawaii, too, mixed with a dash of Grecian draping, influences her favored silhouette—flowing of skirt, trim-waisted and smoothly broad of shoulder. Her waistlines are a passion with the film city's best-dressed. Intricately cut to nip in to a very narrow line, most of them are stitched bands of four panels, high in the center front, curved to a lower line in the back. Once in a while she uses a bare midriff.

Ida Lupino recently bought a Marie Miller original. The star of "Gentle People" chose her simple dinner dress for the stunning hand-blocked South Seas floral motif which shades from white to dark red on a coral pink crepe background. Its fitted waistline is marked by a brief peplum and skirt fullness comes from a pleated front panel. The sleeves are tiny.

For an informal dinner dress, too, Dolores Del Rio picked out a cotton, typical of the designers' best summer cottons. Hand-blocked again, the all-print skirt features huge red rose-hibiscus and white sprays on deep blue against a white background. The waistline is high and stitched while the white cotton blouse, with "pineapple sleeves," has buttons up the front to a high, round neck and is trimmed with hibiscus appliques.

When Marie Miller goes formal in her designing, she takes to laces and soft mousseline-de-soies. Many of her laces are rare indeed to-day—she imported them long before the blitzkriegs began and says she "went broke" buying them. Combining laces with sheers is an art with Marie Miller. She adores lace inser-

Screen Stars Know That It Really Means: "Wear Your Newest Dinner Gown"

Hollywood likes such simple dinner dresses as this exotic cotton print worn by Dolores Del Rio. The all-over print skirt features red rose-hibiscus and white sprays on blue against a white background. The stitched waistline fits snugly and the white cotton blouse has hibiscus appliques.

For long, lean lines; her appliques are done with the skill of continental workmanship. She also excels in using laces of one tone over fanciful slips of another.

Ida Lupino wears a "don't dress" dinner dress. Designed by Marie Miller, it's a splashy hand-blocked, tropical floral print in red and white on a coral pink crepe background.

FEMININE FANCIES

By Kathleen Eiland

We've never liked the practice of some housekeepers in keeping the shades drawn all day or at least all the morning hours to "keep the house cool." It has always seemed to us that the rooms were simply made more dusky and not less warm by such procedure and we've been against it.

But we believe the scientists and they say now that a room that would reach 100 degrees on a summer day may be held to a temperature of about 80 degrees by proper use of cloth window shades. Maybe the housewives had the right idea, after all.

Furthermore the scientists say that if two shades are used, the heat intake may be reduced as much as 65 per cent. But just imagine having TWO shades at the windows! We'll take a little more heat and a little less semi-darkness in our rooms, thank you.

Recipe for that lighthearted "young look": A red polka-dotted white is demonstrated again in a jerkin. To be worn with red turban, shoes, and bag.

For milady who prefers slips but wants a black petticoat, a new model of jersey combines a white camisole top with a black skirt. Nice idea.

The effectiveness of black and white is demonstrated again in a hat of severely plain black felt. Its wide, graceful, upturned front brim is trimmed only with a half-circle of white flowers, looking as if they were cut from a piece of crocheted lace and pasted flat against the felt. Circling the crown are more

Personals

E. H. Garrett has returned from Hot Springs, Texas, where he went on a fishing trip with his father, Dr. Geo. H. Garrett of Pecos.

Mr. and Mrs. Chas. Blalock and son are here from San Antonio for a visit with relatives.

Mr. and Mrs. A. J. Norton and family have moved back to Midland. They have been living south of Electra.

Mr. and Mrs. W. B. Hunter are on a vacation trip which will take them through New Mexico to Quantanah, and possibly elsewhere.

Mrs. W. L. Holmsley is expected to return tonight from a month's trip to such places of interest as New York, Washington, D. C., Philadelphia, and Atlantic City.

Mr. and Mrs. Ab' Midkiff and daughter of Odessa visited Mr. and Mrs. J. C. Smith here Sunday.

Dr. Herman Klapproth of Sherman spent the weekend with his mother, Mrs. Anna Klapproth, and other relatives here.

Mr. and Mrs. Ed McCormick of Big Spring visited his sister, Miss Margaret McCormick, here Sunday.

DINNER POSTPONED

The dinner for the Friendly Builders Class of the Methodist Church, scheduled for tonight, has been postponed.

of these small white flat blossoms. And that is all the trimming—no banding, not another touch of color. And the result is goodlooking to the nth degree.

It all goes to show that it is the way materials are handled which counts.

Aviators 'Bends' Is Serious Air Problem

CLEVELAND (UP)—Aerobolism—similar to the "bends" suffered by divers as they return to the surface—is one of the most serious problems of modern military aviation, believes D. B. Dill, of the experimental laboratory at Wright Field, Dayton, O.

The ailment is caused by reduced air pressure during high-altitude flying at 40,000 feet or more and sometime occurs at 30,000 feet.

"Aerobolism takes various forms but in all cases may be attributed to the formation of gas bubbles in tissues or body fluids," Dill told the scientific session of the American Heart Association recently. "The formation of these bubbles has a simple physical explanation: A sudden reduction in pressure produces a supersaturated solution of nitrogen in body water."

done at the Red Cross workroom and headquarters at the old Baptist annex on N Main street, Friday morning from 9 o'clock until noon.

Cotton Flat Home Demonstration Club will have a 42 party at the schoolhouse, Friday evening at 8 o'clock.

There will be no meeting of the Women's Golf Association Friday because of the July Fourth holiday.

SATURDAY.

Story Hour will be held in the children's library at the courthouse, Saturday morning at 10 o'clock.

Midland County museum in the courthouse will be open Saturday from 10:30 o'clock in the morning until one o'clock in the afternoon. The public is invited.

Questions Delivery In Mackey Victory

Hageman Turns Back The Texas Company In 13 To 4 Contest

By Tanner Laine
Does Lee Hageman sidarm? That's the question in the city softball league.
Texas says he does; Mackey Motors says he does not. Anyway Mackey defeated The Texas Company 13-4 Monday night and Hageman pitched the victory. The game is under protest. Sidarm pitching is "illegal" in softball.
Mackey had their customary big inning. Monday night it was the fourth when they tallied five runs on hits by Cox, Willis, Hardin and Hageman. Cox's hit went for a homer when it bounded over a fielder's head.

The clubs were tied up 2-2 and 3-3, until the fourth. Mackey got two in the first on a two-bagger by Willis, and a hit by Hageman. Maedgen walked after Willis had hit. Hardin walked. Hageman hit scoring Willis and Maedgen came in on an overthrow.
The Texans came right back and scored two. Jones walked and Walker walked. Roberts scored them with a triple and he was out at the plate trying to stretch the hit.
Mack's big guns rumbled in the fourth. Smith got on base on an error and Berry walked. Cox scored them with his "home run." Brady was out at first, Willis hit. Maedgen flew out. Hardin hit scoring Willis, Hageman hit scoring Hardin and the rally was over. The "red-shirts" got two more runs in the fifth and seventh and one in the sixth.

Score by innings:
Mackey Motors.....201 521 2-13
Texas Company.....201 101 0-4
The box score:

Sewell Motors Beats Central

Central Pharmacy led Odessa's Sewell Motors softball team briefly here Monday night but dropped the tilt 4-12.
The "drug store girls" three run lead faded and the hard hitting Motorists went on the win in the last three innings.
Marcom, Crawley, Cronan, and Golladay scored runs for the Pharmacists in the free hitting contest.

Sports Roundup

By Eddie Brietz
NEW YORK.—Joe DiMaggio has taken complete charge in this man's town—even to driving the Dodgers out of top position in the Brooklyn Eagle, and that's something. . . . Fritzie Zivic ruled a favorite over Bummy Davis but some of his friends were glad the title wasn't at stake, just the same. . . . Al Schacht has been signed to do the official clowning at the all-star game. . . . The guessers now have it that Leo Miller, former president of the Indianapolis club, may join the Giants' front office staff. . . . Joe Louis is trying to steer Eddie Brietz, but the Lou Nova fight to Detroit, but Nova says nix. Lou wants to make it a 20-round or to-a-finish fight and take it to Havana. P. S.: The brawl will be held in one of the New York ball parks. . . . Col. Matt Winn (Mr. Kentucky Derby to you) was 80 Monday, but is as spry as a fellow 20 years younger.
Yankees are leading the bidding for Ferris (Cocky) Fain, San Francisco Seal first sacker.

Davis And Zivic Meet Second Time In New York Ring

NEW YORK (AP)—Professor Mike Jacobs producing "the regeneration of Bummy Davis" at the Polo Grounds in 12 scenes, had matched Welterweight Champion Fritzie Zivic to help Bummy see the light.
It is in the nature of a homecoming for Bummy, his first appearance in a New York ring since the hectic night last November when he fouled Zivic savagely about a dozen times and then tried to kick the referee, Billy Cavanaugh.
The months between have been eventful ones for Bummy. First he was barred for life by the New York Athletic Commission, then he joined the army and went away to Texas to forget, like the fellows in the foreign legion.
But the fans could not forget Davis, nor could Promoter Jacobs, or even Zivic, for widely-contrasting reasons. Zivic, though he went on fighting others, didn't have his heart in it. He yearned to get Bummy in the ring with him just once more.

Flashes Of Life

By The Associated Press.
BENTON HARBOR, Mich.—The Berrien County Highway Department got scores of calls for storm aid but was literally halted in its tracks.
The same storm that felled trees across highways also blew down power lines—the highway department's electrically-operated garage doors couldn't be opened.
Din For Divorce Case.
HUNTINGTON, Ind.—Judge Otto H. Krieg was trying a divorce case when there was terrific din in a street outside the courtroom.
He declared a recess so that everybody could go to windows and see what was up.
Friends of a couple just married were serenading them.
Shackles For Autos.
BENTON, Ill.—The ball and chain has assumed a new role in Benton police court.
Instead of being used to shackle prisoners, they are used to anchor automobiles of speeding drivers.
Police avowed the cars would remain shackled until fines for speeding were paid.
Buzz Out Of Life.
MILES, Ill.—Mr. and Mrs. Richard Rapp are getting quite a buzz out of life—too much, in fact.
Last fall a swarm of bees found refuge in the walls of the Rapp home. They found the residence to their liking for now they have extended their domain to include a bedroom, music room and living room.

Record-Breaking Time In Washington

Joe DiMaggio, slugging New York Yankee outfielder, passes first base in the second game of a double-header in Washington, D. C., in which the Yanks beat the Senators 9 to 4 and 7 to 5. DiMaggio hit safely in both games to set a new record of 42 consecutive safe-hit games to break George Sissler's 1922 mark of 41. (NEA Telephoto.)

Defense Steps Hurt Western Golf Meet

COLORADO SPRINGS (AP)—The draft and other national defense measures have ripped a tremendous gap in Western amateur golf tournament ranks this year.
The field for the 42nd running of the event, beginning at peak-hemmed Broadmoor Tuesday with the first half of the 36-hole qualifying round, is by far the smallest in modern times for this meet, generally regarded as second only to the national simon-pure linkmen.

Williams Is Caretaker At Monahans Golf Club

MONAHANS (Special)—Tom Williams was named to succeed Gidd Faircloth as caretaker of the Monahans Golf Course. He was selected by directors of the club.
Faircloth resigned to accept a job with the Humble Oil Company at Odessa.

GLAMOR GIRL AND HUBBY SPEED TOWARD HONOLULU

NEW YORK (AP)—Winging westward toward Honolulu on an aerial honeymoon today were Mr. and Mrs. Simms Kelly, whom you might recognize as the former Brenda Diana Duff Frazier and the former "Shipwreck" Kelly.
The 20-year-old New York glamor girl and herress to \$3,500,000 became the bride of the 31-year-old Kentucky athlete Monday.

Southern Ice Strong Contenders

The Southern Iceers are one of five teams in the torrid women's league softball chase. The team (left to right) includes, front row: White, 2b; Smith, sf; Chandler, cf; Wood, ss; back row: Morren, c; J. Martin, p; Ware, infielder; C. Martin, 3b; and Devore, outfielder. Team members not shown include: Nalley, 1b; Powell, lf; Watley, cf; Richards, outfielder; and Harris, outfielder.

Shreveport Beats San Antonio 4-3

By The Associated Press.
The Shreveport Sports entrenched themselves in second place in the Texas League Monday night with a 4-3 victory over the San Antonio Missions while the Tulsa Oilers, who have been alternating with the Sports in the runnerup spot, dropped a 6-0 decision to the Ft. Worth Cats.

Cooper Is Finalist In City Net Tourney

C. G. Cooper, not Cary Butcher, will be one of two netters in the finals of the city tennis tourney of the Missions after rallying twice and easing over a run in the seventh.
In the only other scheduled game, the Dallas Rebels at Oklahoma City won the rubber contest of their series with the Indians by the score of 3 to 1.

Oklahoma Begins On Pay-As-You-Go Plan

OKLAHOMA CITY (AP)—Oklahoma's state government—approximately \$39,000,000 in debt—embarked Tuesday on a hardboiled pay-as-you-go fiscal policy that may be used as a national model.
No salaries can be paid, nothing can be bought, unless the cash is at hand.
Officials who exceed the amounts apportioned to them become personally liable and may be removed from office.
The voters, at the insistent prodding of Gov. Leon C. Phillips, drew the public purse strings tight with a constitutional amendment last March outlawing deficits. It became effective Tuesday with the new fiscal year.
Debt-ridden states have written for information. Copies of the amendment will be sent to every state by the National Association of state auditors, comptrollers and treasurers.

DAN CUPID AND DEFENSE RECORD MARRIAGE MARK

WASHINGTON (AP)—Credit defense, Dan Cupid, or what you will, the United States chalked up an all-time record of 1,500,000 marriages for 1940.
The census bureau estimates, worked out in an atmosphere of orange blossoms and the wedding march from Lohengrin, indicated that there were 11.8 marriages for every 1,000 population in the country compared with 9.9 in 1939.

St. Louis Browns Give Bob Feller Big Headache

By The Associated Press.
Even the greatest of men, they say, has his Achilles heel. There was Samson, a sucker for the barber's chair. Now there's Bob Feller, whose weak spot, it seems, is Sportsman's Park in St. Louis.
It's not the Browns who play here who bother him so much, it would appear, since Rapid Robert has beaten them twice in achieving his total of 16 victories. But those two triumphs came in Cleveland.
By the banks of the Mississippi the fabulous Feller also has pitched against the tail-enders in two games and each time they have shipped him to the showers.
The way they did it Monday was horrible to behold for all but a St. Louis fan, and there were only 1,408 of them in the stands. For six innings the Browns let Feller and the Indians coast along on a 6-3 lead. Then, before Feller or the Tribe could recover, they exploded for nine runs and a 12-6 victory that was Feller's first defeat in four starts and made it three straight losses for Cleveland.
Yankees Are Idle.
That dropped the Indians two full games behind the idle Yankees. The latter, returning to New York Tuesday to play a doubleheader with the Red Sox.
With the eastern half of the circuit taking a day off, the only other American League game Monday saw the Chicago White Sox knock Schoolboy Rowe out of the box with two runs in the last of the ninth to trim the Detroit Tigers 7-6.
Day and night proceedings in the National League left the St. Louis Cardinals and Brooklyn Dodgers tied for the lead.
The Dodgers, in the afternoon, won their 10th straight from the Phillies, 9-2.
The Cardinals, at night, were nipped out, 4-3, by the Pittsburgh Pirates as Maurice Van Robays belted a two-run triple in the third inning that settled the issue.
The hard luck that has been dogging the Boston Braves' Manuel Salvo since he beat the Phillies on the second day of the season, kept right on his heels. This time it was a fluke double by Johnny Rucker of the New York Giants—a hard grounder that bounced off second-baseman Carvel Rowell's head into centerfield—which drove in two of the three 12th inning runs with which the Terrymen won, 3-0.
In another night encounter the Cincinnati Reds teed off on "old man" Charlie Root for five hits and five runs in the first inning and went on to rout the Chicago Cubs, 7-1.

Dallas Fielder Ahead Of Rivals

DALLAS (AP)—On 1941 form, there could be little argument on the outstanding regular left fielder of the Northern division to play in the Texas League's annual all-star game at Beaumont on the afternoon of Wednesday July 16.
The consistent hitting of Nick Gregory of Dallas has been far and away the best offensive work in the North this season at this post. Gregory has nearly a fifty-point advantage over the closest rival in the North.
But in voting Gregory will have competition. Hank Oana's Fort Worth average isn't much but he has been high in run driving all year. And Northern fans are unlikely to forget that the big Hawaiian who was the offensive star of the North's victory in Fort Worth in 1940. Then there is Gordon Donaldson of Oklahoma City who is rapidly hammering his way back to the post among the leaders.

Advocates Loud Colors For Autos And Trucks

ATLANTIC CITY, N. J. (AP)—Vividly painted vehicles were suggested Tuesday by the American Optometric Association as a means of reducing highway accidents.
The motor vision committee of the association recommended all motor trucks be painted white and passenger cars should be daubed in aluminum, green, yellow and orange among other hues.

By William E. McKenney America's Card Authority.

Bridge has one of the finest and most accurate rating systems of any sporting event. The local games can receive rating points, which are fractional master points. Winners of championship events are awarded master points.

When this system was inaugurated by the league in the early days of contract, the committee went through past records and awarded points retroactively. When the first list was published, D. Bruce Burnstone was in the lead, and maintained the lead until Oswald Jacoby and his Four Aces finished second in the Vanderbilt Cup national knockout team-of-four championship last April. This gave Jacoby sufficient points to pass Burnstone. Jacoby has 1338 master points, while Burnstone has 1332.

For several months Jacoby failed to win a major event. The whispering started that perhaps he was slipping. But his team-of-four won the Easterns this spring. In my opinion, Jacoby will be a dangerous contender in any event he enters at Asbury Park in August. He is anxious to show that he is not slipping. He looks hot to me.

Besides being a great bridge player, Jacoby is also a mathematical wizard. While he was playing today's hand at four spades doubled, I asked him what 2349 multiplied by 4672 equalled. A reporter standing by did the multiplication with pencil and paper. Jacoby made his doubled contract, wrote down the score then said, "The answer is 10,974,528."

Without pencil and paper, he had given the correct answer, while the answer that the reporter had figured with pencil and paper was wrong—he had made a mistake in addition!

Watch For
Announcement

MUSTANG BOYS' CLUB COLUMN

Special notice to Mustangs: — Wednesday will be the only night meeting this week. You should be there sure to get the dope on the "Fourth of July" fun and hear some more important information.

Some snappy news too for those boys who have no points but who want a good new tip on how to make the splendid summer trip.

There will be no meeting Saturday because of the holiday.

Don't forget that Friday there will be a riot of fun at the swimming pool. Fifty-seven varieties of amazing, amusing, rousing water stunts. They are dopey, goofy, screwy but we believe they will spell fun with capital letters.

Softball game at 6 o'clock Tuesday with the Latin-American boys on the Mustang diamond.

Tomorrow afternoon at 6:15 an extra special softball game with the alltroop Scout team from Odessa. This will be a game that will be talked about for weeks. The Mustangs won from them last week but it well could be a different story tomorrow. Might be a photo-finish. Captain Foster reports all of his crack players will be there.

Thursday afternoon at 4:30 the Mustang Midgets will have a game on the Mustang diamond. Be sure to be there amissatrop 6 . . . 6 to be there as an important game will be announced for Thursday of next week.

Can you answer this one? What tribe of natives in the Philippine Islands was supposed to have had tails and what did they use instead of chewing gum? A Fourth of July pre-view show ticket to any young "Quiz Ace" who drags this one in. Also some July 4 preview tickets

Italian Fliers Sink British Destroyers

ROME (AP)—The Italian high command reported Tuesday the sinking of two British destroyers, one off Bardia, Libya, and the other in the Eastern Mediterranean.

A third destroyer, in a British squadron attacked by Axis bombers off Bardia, was "seriously damaged," a communique said.

The Italians said they still were holding out against British pressure at Debra, Ethiopia.

for special scramble awards Wednesday night.

—NUFF SED.

Says U. S. Will Enter War At Own Initiative

ROME (AP) — Virginio Gayda, Fascist editorial spokesman, said Tuesday that Secretary Knox's speech advocating immediate use of the United States navy to clear the Atlantic showed that "the bellicose Washington government intends to enter, of its own initiative, the conflict against the Axis powers."

"So whatever happens," he wrote in Il Giornale D'Italia, "it will stand again as made definitely clear that entrance into the war of the United States government belongs exclusively to, and arises from, deliberate initiative, and it cannot be justified by any later excuse of pretended aggression by the Axis powers nor any pretext of this or that incident."

DEFENSE BOND QUIZ

Q. Where does the Government spend the money raised by Defense Bonds?

A. This money is spent in the United States. It helps to pay, train, arm, feed, clothe, and house the men in our Army, Navy, Marine Corps, and defense industries. It buys all the materials which these men need, thus helping the workers, farmers, merchants, manufacturers, and transportation men all over America.

Q. Can I sell or transfer a Defense Bond to a friend or a dealer in stocks and bonds?

A. No. The bond, for your protection, is registered in your name. But you can cash it at any time, after sixty days, for the full amount you paid, plus any interest due you.

Texas Oil Increases To 1,400,000 Barrels

TULSA, Okla. (AP)—Daily crude oil production in the United States declined 3,875 barrels to 3,860,270 for the week ended June 28, the Oil and Gas Journal said Tuesday.

California production was down 12,400 to 827,750; Louisiana, 6,195 to 325,715; Michigan, 2,400 to 37,800, and the Rocky Mountain area, 4,210 to 105,250.

Oklahoma production increased 6,050 to 420,175; Texas 6,050 to 1,428,250; East Texas, 100 to 373,300; Kansas, 5,850 to 237,300; Illinois, 3,195 to 346,200, and Eastern fields, 100 to 112,600.

Note.—To purchase Defense Bonds and Stamps, go to the nearest post office or bank.

Germany And Italy Recognize Nanking

TOKYO (AP) — Germany and Italy Tuesday accorded formal recognition to the Japanese-sponsored Nanking government of Wang Ching-Wei, thereby giving fresh support to the ambitions of their ally, to dominate East Asia.

Several minor adherents to the three-power alliance of Berlin followed suit. The government's information board announced that Rumania, Slovakia and Croatia had recognized the Wang regime as the national government of China (and in Berlin an authorized spokesman said Hungary and Spain also had notified the Axis of their intention to do the same).

Gliders And Soarers To Hold Annual Meet

ELMIRA, N. Y. (UP)—The 12th annual gliding and soaring contests will begin on Harris Hill near here June 28 with representatives of Germany—whose motorless aviation experts were principally responsible for establishing this center of the sport—virtually barred from participating.

The Chemung County Board of Supervisors, which has jurisdiction over the Harris Hill area, recently banned use of any of the soaring facilities to aliens "of Axis inclinations" unless they have written approval of the War Department or Federal Bureau of Investigation. The ban was enacted to safeguard secrecy of any developments in soaring science which may be demonstrated before government officials here.

It was an expert from Germany, Dr. Wolfgang Klemperer, whose investigations brought attention to Harris Hill as a "perfect" starting point for motorless flights. During the first soaring meets here, Germans and German-trained pilots predominated entry lists.

Liquor Stamp Sales Increase \$398,000

AUSTIN, (AP)—June liquor tax stamp sales boosted by recently increased state levies skyrocketed more than \$398,000 over those of the same month last year.

The treasury department reported Monday June sales totaled \$712,646 as compared with \$314,602 for June, 1940.

A new tax on prescription whiskey brought in \$29,788.

Cigarette tax stamps fell off slightly to a total of \$686,158.

Italian Seamen Show Strain Of Internment

MISSOULA, Mont. (UP)—A thousand Italian seamen, interned for the duration of the war at Fort Missoula, eat, sleep, laugh and play games, but are lonely.

"Yes, life at Bella Vista (the interned seaman's name for the fort) she is fine—but Italy is home. We have families there," they say, wistfully.

When newsmen were permitted to inspect the camp, the Italians, many of whom spoke English, hurled a broadside of questions about the outside world.

"How is the war? How far is it to town? Do you have any newspapers and has Mussolini made any speeches? Has Greece fallen? What about Ethiopia?"

But the reporters were not permitted to answer.

Some of the men were beginning to show the strain although there was little grumbling.

Carter And Collins Start Postal Duties

J. D. Carter and R. O. Collins began duties Tuesday as clerks at the Midland post office.

Jack Hawkins and J. Wayne Campbell are new substitute clerks.

Applications for civil service examinations must be in New Orleans Wednesday for two positions as clerks. More than 100 applications have been made. The examination will be given within two or three weeks.

Texas Liquor Case Plaintiffs To Seek Appeal From Ruling

HUNTSVILLE, (AP)—Counsel for plaintiffs said today an appeal would be taken to the Court of Civil Appeals in Galveston on a three-judge ruling which held constitutional the recently enacted state law regulating sale of liquor by prescription.

The three judge court, composed of Max M. Rogers, of Huntsville, Lex Smith of Teague and G. G. Dibrill of Galveston, Monday night dissolved a temporary restraining order granted to about 30 druggists against enforcement of the law.

The law in question would force physicians prescribing liquor for medicinal purposes to have a license and would limit them to writing not more than 100 prescriptions in a 90-day period. It also requires drug stores with licenses to sell medicinal liquor not to have more than ten gallons on hand at any time.

Plaintiff in the case was F. V. Ellison, Lubbock druggist representing other druggists and a dozen doctors. The druggists presented their case to the court here two weeks ago.

Chamber Of Commerce Directors To Meet

A called meeting of directors of the Midland Chamber of Commerce will be held at the organization's office in Hotel Scharbauer at 8 p.m. Tuesday night, Jim Allison, president, announced.

Recommendations of the chamber's housing committee will be heard and other matters pertaining to the construction of the air corps training center at Midland discussed.

The session will be of an highly important nature and every member of the board should attend, Allison said.

Page Estimates 65,000 Texans In Registration

AUSTIN, (AP)—General J. Watt Page, state director of selective service, estimated approximately 65,000 young Texans would register for possible military training Tuesday between 7 a.m. and 9 p.m.

General Page pointed out two types of registration will be received one for men who on July 1, 1941, have reached the twenty-first anniversary of the day of their birth since October 16, 1940, and the other for men who were between the ages of twenty-one and thirty-six on October 16, 1940, and have not, for one reason or another, heretofore registered. Aliens, as well as American citizens, who are within the age group on July 1 must be registered, he said.

Numbers From First List.

The first of these groups will be registered on melon-colored cards; the second, on white cards. After registration has been completed all cards will be sorted and those not properly in the jurisdiction of the local boards, as shown by the place of residence, will be sent to the proper local board.

White registration cards will be given serial numbers as late registrants, and order numbers will be assigned from the first national lottery and national master list.

On July 9, General Page stated, all melon-colored cards will be shuffled by the local boards to whom they properly belong and assigned serial numbers commencing with No. S-1. Order numbers for this group of registrants will be determined by a second national lottery to be held in the near future.

Navy Seeks Report On Torpedoed Ship

WASHINGTON (AP)—With the fate of two marines seemingly in doubt, the navy sought a complete report Tuesday from the British admiralty on the torpedoing of a vessel bearing a detachment of marines and Red Cross nurses to England for wartime service.

All the Red Cross nurses were known to be safe but the navy, in confirming earlier reports of the sinking Monday, failed to indicate whether all the marine personnel had been accounted for.

The navy announcement, which mentioned no loss of life, said a marine major and seven enlisted men had been rescued.

Welles Says Russia Requests U. S. Help

WASHINGTON, (AP)—Sumner Welles, acting secretary of state, disclosed Tuesday that Russia had made its first overtures toward getting supplies from the United States.

Welles said Constantine Oumansky, Soviet ambassador, had conferred with him on the placing of orders for materials for Soviet Russia to defend against German invasion.

LEAVE FOR OHIO

Miss Rubalee Krapf and her mother, Mrs. Hazel Krapf, of the Magnolia Tank Farm, will leave Thursday for a month's vacation in Ohio, visiting friends.

RETURN FROM VACATION

Dr. and Mrs. L. A. Absher returned Monday night from a two-weeks vacation in Tennessee.

Looks Pleased, Doesn't He?

Shown to the door by Sumner Welles, under-secretary of state, Constantin Oumansky is patently pleased as pie over U. S. stand on Russo-German war.

Oil News--

(Continued from page 1)

lime has been reached by J. E. Redmond of Fort Stockton, J. L. Greene of Midland et al No. 1 Iowa Realty Trust, Pecos Ordovician wildcat two miles north of the Heiner Ellenburger pool.

Amerada No. 1-RA University, Ordovician test in the extreme southeastern part of Reagan County, is drilling at 7,927 feet in lime and shale.

Martin Wildcat Shut Down.

The closely-watched Wiggins and Hyde No. 1 Stinson & Burley, Southwestern Martin County wildcat, is shut down for drilling mud at total depth of 4,735 feet in lime.

Drilling below 3,105 feet in anhydrite and red rock was resumed Tuesday at Texas Pacific and Seaboard No. 1-C Midland Farms Company, Southeastern Andrews County wildcat, after a brief shutdown.

Magnolia No. 1-20-38 B. B. Ralph, deep test in Northwestern Andrews, is drilling in lime below 5,904 feet.

In Western Terry County, The Texas Company No. 1 S. T. Murphy is drilling past 5,285 feet in lime.

Lubbock Wildcat Starting.

Operations are scheduled to commence immediately at L. C. Harrison of Lubbock et al No. 1 Nairn estate, scheduled 5,000-foot rotary test three and one-half miles northeast of Lubbock in Lubbock County.

Location is 600 feet out of the southeast corner of section 25, block A, J. H. Gibson survey.

Helmerich & Payne, Inc. No. 1 Dick Slaughter, Western Cochran County wildcat nine and one-half miles northwest of the Dean pool, is rigging up standard tools at total depth of 4,390 feet in lime. Five and one-half inch casing has been cemented at 4,377 feet with 300 sacks.

Honolulu Oil Corporation No. 1-16 Carrie Slaughter Dean, north offset to the discovery producer of the Rhodes pool in Cochran is coming out with core from 5,070-85 feet. Core from 5,055-70 had returned seven feet of lime and anhydrite carrying slight oil staining.

Ector Extension Well.

Drilling broken pay from 4,210 to 4,340 feet, Forest Development Corporation No. 1 W. B. Henderson et al indicated one and one-quarter mile southwest spread of the South Cowden pool in Ector County. It halted drilling at 4,265 feet in lime. String of 5 1/2-inch pipe was cemented at 4,129 feet with 150 sacks and the well is awaiting cable-tool unit before drilling plug.

Plane Builders Pool Resources For Big Bombers

LOS ANGELES (AP)—American airplane builders are pooling their productive resources to give the United States and Britain an unprecedented fleet of long-range, four engine heavy bombers.

The aviation news committee of the Aeronautical Chamber of Commerce of America reported Tuesday this cooperation would produce an estimated 500 bombers monthly in 1942. It based its figures on government records and forecasts.

Col. John H. Jouett, president of the aeronautical chamber, said these bombers, produced in sufficient numbers, successfully could convoy shipping from America to England.

Three Pacific Coast manufacturers—Boeing of Seattle, Douglas of Santa Monica, Calif., and Vega of Burbank, Calif.—have agreed upon a cooperative program for production of Boeing's B-17E bombers.

Each will produce completely assembled warplanes. Parts will be interchangeable.

Consolidated Aircraft Corp. of San Diego and Douglas are building two \$22,000,000 plants, to build B-24 bombers. The plants are scheduled to begin operation by the end of 1941. Consolidated will operate at Fort Worth, Tex., and Douglas at Tulsa, Okla., in another cooperative program. Sub-assemblies will be produced by the automotive industry.

Await Information On Crosby's Condition

Midland ranchers and friends of Bob Crosby, world's champion steer roper, waited Tuesday for news of the condition of the former Midland cowboy, who was severely injured in a championship match in Roswell Sunday.

Crosby, once world's champion cowboy, was injured when a roped steer jerked his horse to the ground. He is in a Roswell hospital and expected to recover.

SO EXCITED THAT THEY AREN'T THINKING

All these bitter, accusing letters are written because those who write them don't want anyone to write or speak an opinion that varies in the slightest degree from their own.

They have become so excited that they aren't thinking themselves—just blindly believing one

FCC Increases Weather Network

DENVER (UP)—A coast-to-coast network of weather-reporting telegraph stations, with Denver as one of two main relay stations, is being extended under authorization of the Federal Communications Commission.

The weather reporting facilities will be used by the Civil Aeronautics Administration.

The network, now being installed, will be used by the Civil Aeronautics mation to 187 printer connections at 175 airfield stations throughout the country.

Denver and Louisville, Ky., will serve as clearing houses for all communications relative to weather reporting and will relay reports to smaller secondary stations within their areas. Denver will serve the western half of the country, Louisville the eastern half.

The new system is scheduled to go into operation midnight June 30. It is regarded as a governmental move to provide both military and civil aviation with up-to-the-minute weather reporting.

VISITING IN FORT WORTH

Miss Edyth Louise Lemley is visiting her aunt, Mrs. A. L. Standard, in Fort Worth for a few weeks.

We, the Women

By Ruth Millet

Every good American THINKS he believes in freedom of speech.

But it is surprising how many Americans have stopped believing in it—for their opponents—now that the country is faced with a real issue, "Is this or isn't it our fight?"

More and more often what starts out as a calm discussion of political questions today ends up in bitterness. This is happening in social conversation all over the country.

And for anyone who still does believe in the freedom of speech, much of a columnist's mail today is a bit sickening to read.

There are the letters from those who want to get in the war immediately, bitterly accusing the columnist of being in the pay of the Nazi government. And in the same mail will be letters from those who declare flatly that the writer is being told what to say by the present administration.

DISMISSED FROM HOSPITAL

Mrs. K. P. Looney and daughter of Crane returned home from Western Clinic hospital Monday.

GUEST IN MIDLAND

O'DANIEL TAKES LEAD

German Destroy 280 Red Planes

Panzer Divisions Are Half Way To Capital

Nazi Spokesman Reports Formation Of Big Pocket Around Soviet Troops In Smolensk Area As 2,500,000 Men Continue Invasion
BERLIN. (AP.) — The German high command reported Tuesday that 280 Soviet Russian bombers and chasers were shot down in air fights or destroyed on the ground Monday.

By The Associated Press.

Russia admitted Tuesday that the Red Army had been forced to pull back its troops from Lwow, in old Poland, and said soldiers, fighting a delaying action, had taken up a new line of defense.

Confirming the German claim, the Russians said Lwow was threatened with a flanking movement when Hungary entered the war.

Heavy fighting on the Finnish frontier, resulted in Finnish and German losses, the Russians said.

Germans claimed they had downed 65 Russian planes over the bridgehead of Dueneburg Monday.

German panzer columns, following the Napoleonic road to Moscow, were reported to have smashed through Russia's Red Army defenses approximately half way to the Soviet capital Moscow.

The German high command said the sweep of the 9-day-old Nazi onslaught had already captured Lwow, in former Poland, and a Berlin spokesman reported the fall of Minsk, 20 miles inside the old frontier of the U. S. S. R.

The Nazi spokesman indicated

Adolf Hitler's invasion forces already were in sight of Smolensk, 200 miles east of Minsk on the highway to Moscow.

Smolensk is about the half-way mark to the Soviet capital.

The spokesman said a big pocket was being formed around Russian troops in the Smolensk region, while a special German war bulletin declared that "on the north wing we are in constant pursuit."

Once again the implications was that Russia's resistance was crumbling under the impact of Hitler's lightning tactics, executed by a force which the Russians themselves estimated at more than 2,500,000 troops—presumably including Germany's Allies, the Finns, Slovaks, Rumanians and Hungarians.

Nazi reports also asserted that German troops had encircled a Soviet division—about 15,000 men—near the Baltic coast in a renewed push northward through Lithuania and Latvia.

Ring Draws Tight

The German high command further reported the capture of Libau, on the Baltic Sea.

DNB, the official German news agency, declared the ring around the Red Army division in the Baltic was "so narrow and tight that destruction of the Bolshevik units is certain."

DNB said several hundred Soviet tanks and 42 cannon were captured or destroyed at Rawa Ruska, 40 miles Northwest of Lwow.

"During last night, (Sunday) our troops continued stubborn fighting in the Murnansk, Dvinsk, Minsk and Luck sectors," a Russian communique said.

The roar of cannonading was reported in major sections along most of the 2,000-mile front from the Baltic to the Black Sea.

The Rome radio said German motorized forces had occupied Minsk, 20 miles inside Russia's 1939 frontier, but Berlin officials merely noted that German columns had swept around the city.

Minsk is the capital of a Soviet republic whose designation of "white" has no political significance. Rather it derives from the costume worn by the natives.

French-Soviet Break
While the Germans claimed a rapid-fire series of successes, it was apparent that with the exception of the Minsk area, Russia's Red

U. S. Army Will Call Up 50,000 Men Per Month

WASHINGTON (AP)—The army probably will call up about 50,000 selective service trainees a month during the last half of this year, and a big percentage of them will come from the ranks of the 750,000 men of 21 who must register Tuesday.

Selective service headquarters, it was learned Monday, has worked out a system of interspersing the newest registrants in the list of those who enrolled last October.

The effect will be to make many of Tuesday's young registrants quickly available for military service—a welcome result to the army high command which regards men just turned 21 as ideal soldiering material.

As final arrangements were completed for the second selective service registration, selectees already in training received a good official indication that their tour of service would not be extended beyond the year fixed by law.

The temporary White House at Hyde Park, N. Y. released an executive order by President Roosevelt, which fixed 900,000 as the number of trainees to be inducted into the land forces in the fiscal year which starts Tuesday. The number is the statutory maximum.

New Prescription Law Held Legal

HUNTSVILLE. (AP.) — A three-judge state district court Monday ruled constitutional the recently enacted state law regulating the sale of alcoholic liquors by prescription.

A temporary rescinding order granted to about thirty plaintiffs druggists against enforcement of the law was dissolved at midnight.

Counsel for the druggists announced they would appeal the opinion to the Court of Civil Appeals at Galveston.

John P. Butler Heads Housing Committee

Appointment of John P. Butler as chairman of the housing committee of the Midland Chamber of Commerce to replace Carl Young who moved from the city was announced Monday by Jim Allison, chamber president.

Allison also named five additional members to the committee. They are W. J. Sparks, R. M. Barton, P. J. Mims, Clint Myrick and Felix Stonehocker.

Other members of the committee are: J. L. Barber, C. H. Shepard, G. W. Brenneman, Gordon Holcomb, L. L. Butler, Marvin English, J. P. Friberg, B. G. Grafa, Houston Hill, R. E. Langford, R. V. Lawrence and L. H. Pittman.

Congress Passes Appropriation Bills

WASHINGTON. (AP.) — Congress reached the end of the fiscal year Monday night with all the necessary appropriations bills passed and a total of some \$40,000,000,000 in cash expenditures or contract authorizations approved since the session began in January.

French Approve Corps To Aid Germans

VICHY, Unoccupied France. (AP.) — The French government declared Tuesday it had "no objection" to the formation of a corps of French volunteers to fight along side former German enemies against the Russian.

3,000 Italians Surrender To British

CAIRO, Egypt. (AP.) — Three Italian generals and more than 3,000 other officers and men surrendered to the British when Ghimbi, in southwestern Ethiopia, capitulated June 27, the British Middle East command announced Tuesday.

FBI Arrests Spies Of Bombsight Factory

Investigation Shows Two Of Twenty-Nine Worked Near Secrets

NEW YORK. (AP.) — Seven of the 29 persons arrested in the government's big week-end spy hunt pleaded guilty Monday to espionage against the United States. Innocent pleas were made by 18 including two technicians described as having been associated closely with the manufacture of secret army bombsights.

By The Associated Press

NEW YORK.—Among the 29 persons arrested in the government's spectacular week-end roundup of suspected spies, it was learned authoritatively Monday, were two technicians described as having been for years closely associated with the manufacture of secret Army bombsights.

Government agents declined to comment directly but they showed clearly that they were centering their attention on these two men:

Herman Lang, 40, German-born draftsman who was said to have worked since 1934 as a factory inspector of the famous Norden bombsight.

Everett Minster Roeder, 47, New York City native, reliably reported to have been a draftsman since 1927 at the Sperry Gyroscope plant in Brooklyn where the famed Sperry bombsights are made.

Meanwhile eight federal agents boarded the Moore-McCormack liner Uruguay when it arrived off Sandy Hook Monday morning and

Officers Arrest Woman On Drunk Driving Count

Midland officers were vigilant for traffic offenders over the week-end.

A Midland woman was arrested by officers for driving while intoxicated, and a Midland man was arrested for speeding. A Mexican was jailed on charges of drunkenness.

Knox Would Clear Atlantic Of Nazi

BOSTON. (AP.) — Secretary of the Navy Frank Knox declared Monday that "the time to use our navy to clear the Atlantic of the German menace is at hand."

"Now is the time to strike," he asserted in an address before the 33rd annual conference of governors of the United States.

McKinsey Advances Toward Net Finals

M. H. McKinsey outstroked K. S. Ferguson, 6-4, 8-6, to approach the finals of the Midland Tennis Club city tournament in the singles division.

Paderewski Dies After Aiding Starving Countrymen To Last

NEW YORK (AP)—Ignace Jan Paderewski, 80, who ruled a piano for 60 years and a nation for one died Sunday night.

Pneumonia struck down the first president of the Polish Republic and one of the greatest musicians of all time after a two-day illness.

By his side in the hotel Buckingham was his sister, Mme. Antonina Wilkonska; his doctor, Dr. Asa L. Lincoln, and his aide, Sylvian Starackacz.

The white-haired patriot was stricken with a cold last week and, ignoring his doctor's orders, made one of his many recent public appearances to help raise funds for his starving countrymen.

Three days ago he became gravely ill and Sunday afternoon he was placed in an oxygen tent, only to breathe his last just before midnight.

In keeping with an old Polish tradition requiring the heart of a great artist to be separated from the body after death, the heart of

removed a 50-year-old bedroom steward, described as a naturalized citizen of German birth.

Agents of the Federal Bureau of Investigation entered homes and taverns in four states to seize 24 suspects, FBI Chief J. Edgar Hoover announced Sunday, while five others already were in custody on other charges.

Eighteen of the group, which included 22 natives of Germany, were to be arraigned Monday before a United States commissioner in Brooklyn on the specific charge of conspiring to engage in espionage activities in the United States.

Hoover said the G-men shadowed the suspects for two years and finally "led them into a fly-trap." Used Secret Inks

Warrants issued here charged the prisoners with transmitting information to foreign nations concerning cargoes on Britain-bound ships, new developments in United States naval, army and aircraft products—especially the latter—and transportation by courier of samples of latest armaments.

The alleged spy ring used secret inks for couriers traveling across the Atlantic by Clipper planes. Hoover declared a shortwave radio with ocean-spanning range was found in the room of one suspect.

Besides the 18 taken in the metropolitan area and the five already in federal custody, four were arrested in New Jersey and one each in Michigan and Wisconsin.

Fragmentary Recovery Obtained Of Dry Core In Martin County Test

Second core in Wiggins & Hyde No. 1 Stinson & Burley, Southwestern Martin County wildcat five and one-half miles northeast of Midland, was cut from 4,660-78 feet but returned only nine to ten inches of sand, sandy lime and anhydrite fragments showing nothing. Formation was soft, coring at a rate of nine feet per hour. Core was pulled about noon Monday and operators are preparing to deepen the test with rockbit.

First core in the well was taken from 4,532-44 feet, with recovery of nine feet and nine inches of dry dolomite. Drilling ahead, soft break was encountered at 4,580 feet, with another at 4,650, resulting in decision to core again. Contract depth of the Wiggins & Hyde test is 5,000 feet unless production or sulphur water in the big lime is found at a shallower point. Location is in the center of the southwest quarter of section 4, block 38, township 1 south, T. & P. survey.

Texas Pacific and Seaboard No. 1-C Midland Farms Company, Southeastern Andrews County wildcat 18 miles northwest of Midland, is temporarily shutdown for orders at 3,105 feet in anhydrite.

Mascho Oil Company of Midland No. 1 M. M. Fisher, prospect on the southeast edge of Shafter Lake in Northwestern Andrews, failed to get a cement job on 5 1/2-inch casing set at 4,364 feet and is drilling out plug at 3,770 feet preparatory to re-cementing. Total depth is 4,602 feet in lime. Operator will plug off bottom-hole water and acidize upper shows in the lime, from which the well bailed about eight barrels of oil daily.

Phillips Petroleum Company has staked location for two more tests on its holdings at the south end of the Abell Ordovician pool in Northern Pecos County. Its No. 1 Cronk is 330 feet from the northeast and northwest lines of section 5, block 3, H. & T. C. survey, while No. 3 Sidney Silverman was located 990 feet from the northeast and 330 from the southeast lines of section 10, same block and survey.

In the pool, Stanolind Oil & Gas Company No. 1 Simmons cemented 8 5/8-inch casing at 2,451 feet with 275 sacks and is standing, bottomed at 2,476 feet in lime, while cement sets. Magnolia No. 3 Crockett is coring at 5,869 feet in Ellenburger.

Redmond, Greene et al No. 1 Iowa Realty Trust, scheduled deep wildcat two miles north of the Heiner Ordovician area in Pecos, is drilling at 4,030 feet in Permian lime.

Amerada Petroleum Corporation

British Bombers Hit Nazi Docks And Rail Yards

By The Associated Press

LONDON. (AP.) — British RAF bombers resumed operations against French bases across the English Channel Monday night, raiding the French coast between Calais and Calesis for more than half an hour.

LONDON (AP.) — RAF bombers made a daring daylight raid Monday morning on the docks of Bremen and railway yards south of Oldenburg, it was authoritative-

ly reported.

The bombers utilized clouds over northwest Germany. It was said, to screen the attack that followed raids Sunday night which were declared to have started "very large fires" and caused great damage at Hamburg and Bremen.

Forges Ahead By 12 Votes In Late Count

DALLAS (AP).—Gov. W. Lee O'Daniel took the lead Tuesday in the race for United States senator from Texas, forging a dozen votes ahead of Congressman Lyndon Johnson with about 1,000 ballots yet to be counted, the Texas Election Bureau reported.

With 238 of the 254 counties complete, O'Daniel had a total of 173,674 votes and Johnson, the Roosevelt-blessed candidate, had 173,662.

A total of 567,314 votes had been counted.

When the bureau closed its tabulation for the night Johnson held a lead of 77 votes.

Tuesday, with only 764 ballots counted since then, O'Daniel forged to the fore.

Until Monday afternoon's first report, Johnson had looked like an almost certain winner.

Running third, but hopelessly out of the race, was Gerald C. Mann, state attorney general, with 139,844 votes. Congressman Martin Dies, chairman of the House committee investigating un-

Americanism, had 80,135.

This is the closest state election in history.

A canvas will have to be made by the State Election Board composed of the governor, attorney general and secretary of state before a senator to take the place vacated through death of Morris Sheppard can be officially named.

Only a plurality is required.

Two Fort Worth Horses Capture Stakes' Contests

London Melody of the Rogers & Tibbets stables of Fort Worth won the five-gaited stake class and Melody Twigg of the Dorothy Lee stables of Fort Worth won the walk-trot stake Sunday in the C. T. McDonald M Ranch near Snyder.

In the five-gaited stake Bonnie Bell of the Northwood Farms of Ft. Worth took second, Anacacho Major and Black Choice of the Hughes stables third and fourth respectively.

Storm Prince of the stables of Mrs. Ned O. Miller, Amarillo, fifth, Melanie Wilkes of the F. Kelley stables of Colorado City sixth, and Texas Wave of the W. M. Whiteside stables of Plainview seventh.

Anacacho Revel, shown by Hughes, was second in the walk-trot stake, Queen Elizabeth, also shown by Hughes, third, and Jonquils Choice of the Pickens Burton stables, fourth.

Results in other classes were: Fine harness: Swance Stonewall, first, Black Choice, Hughes, second;

Behind The Headlines

By Fred Vanderschmidt

One of the most interesting points in the battle of communiques which began in full force over the weekend of the Russo-German conflict is Nazi acknowledgement of a type of offensive-defense on an extremely powerful scale, something the new German army has not before faced.

But the most ominous note for the Red Army, now that the Germans have made their claims in a sudden stream of delayed communiques, is the alleged German encirclement of two Soviet armies, of perhaps 400,000 men, near Bialystok.

Astronomical figures for airplanes destroyed, given by both sides, must not now be taken too seriously. If this war has proved anything at all, it is the consistent unreliability of estimates of one opponent's aerial losses by the other, especially when they are based on the reports of pilots engaged in a large-scale battle.

It can now be seen that on last Wednesday the Red Army, having absorbed the initial shock of the German assault, was able to attempt a major counter-attack on the Polish front. This, the Germans confess, was an encircling movement involving "countless armored cars" and was designed to cut off the advance Nazi panzer spearheads from the mass of following infantry.

Eyes Straight Ahead

The people of the United States have their eyes fixed on one objective—the defeat of Nazi Germany, which has repeatedly proved that in victory it would be a desperate menace to everything we hold dear.

People will shout at us on either side now. On one hand will come the cry, "Turn your eyes to the left—give your energies to aiding the Soviet Union, that great citadel of democracy!"

To this America will answer, "Bosh!" and keep its eyes straight ahead.

On the other hand will arise the cry, "Turn your eyes to the right!—let us now on those things which help to defeat Hitler; after all he now fights the Great Red Menace!"

To this America will answer, "Bosh!" and keep its eyes straight ahead.

Straight ahead lies the first order of business. It is to supply to Britain the sinews of war, the aid, the support of every kind that will bring victory over the man and the system which plunged the world once more into the fiery furnace of war.

Nothing else matters right now. The President promises such aid to the fighting Russians as can be given without hindering pledges already made to Britain, not because he thinks any more of the Stalin dictatorship today than he thought three weeks ago, but simply because that helps the straight-ahead cause, the defeat of Hitler. Any such aid as is given will not be on a basis of helping Russia, but of helping to beat Hitler.

Communists in the United States are not one whit better than they were three weeks ago, not one whit more trustworthy, not one whit more devoted to democracy or to American institutions than they ever were. Their policies now, as always, will be determined by what they are told is best for the Stalinist regime in Russia.

Russia itself fights today, not to destroy Nazism because that system is repugnant to it. After all, Russia had no violent objection to Nazism three weeks ago. Russia fights simply to save its skin.

It happens that that fight is serviceable in what we want also—the downfall of Nazism. So that fight will be supported, for that reason, and to that extent.

Where Religion Is Free

Almost half of the population of the United States now belongs to one or the other of 250 churches or religious bodies which flourish under our free institutions.

This church membership has been steadily growing, according to the 1941 Yearbook of American Churches, and the bare figures speak eloquently of the position of religion in a society where all men are free to worship God according to conscience.

Despite occasional small frictions, these 64,501,594 members of 250 churches live, generally speaking, in harmony with each other, and with the 68,000,000 who are without such affiliation. Each of those 250 churches has an equal right to win new converts as it can, and most of them are doing it. Such a situation is one of America's finest contributions to civilization. Here, too, as in so many other fields, freedom is a priceless possession.

Ties To Life

We are tied to life by thin physical cords which sometimes show an extraordinary toughness, sometimes snap at a touch. There are other ties, too, binding us to life, ties of eagerness, and curiosity, and love. The greatest of these is love.

Fritz Kreisler, beloved violinist, was struck down in the street by an automobile, and for weeks he lingered between life and death. They brought his violin to the hospital, and when he looked on this loved companion of a lifetime his dull eyes brightened. At first it was enough merely to hold it in his hands.

Then he began again to play, learning, in a sense all over again, the magic skill of old. Now he is recovering. Before next year, Kreisler will be playing in concert again, they say. The love of music and his magic violin had helped marvelously to reinforce the strained ties that held him fast to life.

Tamerlane, Living And Dead

What Soviet scientists conceive to be the body of Tamerlane, Oriental conqueror of 500 years ago, has been dug up out of a tomb in Samarkand.

Mildly interesting, if true. One suspects that further investigations into this ancient conqueror may be postponed for the moment. There happens to be a western Tamerlane battering at the gates of Russia, very much alive, and of more immediate interest than the bones of one who did his slaughtering 500 years ago.

Coast Shipyards Workers Return To Defense Jobs

By The Associated Press
Machinists who had been on strike since May 10 headed back to work Monday on \$500,000,000 of defense production in 11 shipyards and drydocks of the San Francisco bay area.

An earlier decision to return to their jobs was reaffirmed Sunday by 600 CIO members. A few days before, 1,100 AFL machinists had decided to send their walkout.

All will work under a coastwide master contract, covering all shipyards, which provides a payment of \$1.12 an hour and pay and a half for overtime. The strikers had asked for \$1.15 and double overtime pay. While working they will continue negotiations on their demands.

A breakdown of negotiations for a new contract led to a strike call Sunday by AFL's United Automobile Workers in the wire division of the Electric Auto Light Corporation, Port Huron, Mich., which has orders from the navy for electrical supplies.

CIO's United Automobile Workers at the White Motor Company, Cleveland, decided Sunday to take a strike vote Wednesday. This action was voted by 2,500 men.

UNIVERSITY MAY CHANGE STEAM WHISTLE GOODNIGHT

NORMAN, Okla. (UP)—It's not romantic to say goodnight to a girl friend to the blast of a steam whistle, according to Walter Kraft, University of Oklahoma director of utilities, and he's going to do something about it.

To university students on weekend dates, one blast of the deafening whistle from the engineering boiler meant 11:50 p. m.; two blasts meant midnight and the last goodnight.

Kraft is experimenting with the chimes on the Student Union tower as a softer, more romantic signal for the co-eds, who must be behind locked doors by midnight.

Work Out Plans For Construction Of Big Bombardier Center

Representatives of contractors who will erect the \$4,500,000 Army Air Corps Advanced Twin-Engine and Bombardier Training Center arrived in Midland today and began making preliminary arrangements for the big job.

Two representatives of the U. S. Army Engineer Corps district office at Galveston, Ward Chandler and Carl E. Rantow, came here to complete the lease with the city for 1030 acres of land. They conferred with Mayor M. C. Ulmer and Chamber of Commerce officials and will perfect the arrangements with the city council.

The state railroad commission has scheduled a hearing Wednesday in Austin on application for installation of regular bus service between Midland and the air training center. At least three applications for the route have been filed and indications are no delay will be experienced in getting the service started.

Meanwhile, a campaign for housing construction men and Army men went forward. The Chamber of Commerce housing committee will meet Monday evening to work on the program.

Will Make Plans For W. T. C. Of C. Meet

Plans for staging in Midland the next convention of the West Texas Chamber of Commerce in the fall will be discussed at a meeting of West Texas Chamber of Commerce officials with civic leaders here Wednesday afternoon. J. Dean Davis, Stephenville, president of the regional organization, and D. A. Bandeen, Abilene, general manager, will be here for the conference.

Mayor M. C. Ulmer, vice-president and Midland's director in the West Texas Chamber of Commerce, will head the group of Midland men meeting with the organization officials.

Attends Chevrolet School For Dealers

Commencement exercises were held last week in Detroit for 31 graduates of the post-graduate school of modern merchandising and management, the Chevrolet school for dealers' sons. Among those completing the course was Cecil H. Elder, Elder Chevrolet Co., shown above (right) receiving his diploma from M. E. Coyle, general manager of Chevrolet. The eight-week course, the only one of its kind in the auto industry, covers virtually all phases of retail management.

Treasury Closes Books On One Of Biggest Years But Expenditures In 1941-42 Will Surpass All Records

WASHINGTON (AP)—The treasury closed the books Monday on one of its biggest money years—thanks to the defense program—but Tuesday will start a new fiscal year slated to pale anything in the fiscal history of the nation.

Although Monday was the last day of the 1940-41 fiscal year, it will be several days before the final figures are available. However, following are estimates of responsible officials on the year just ending and the one ahead:

Defense Costs	\$ 6,050,000,000	\$ 15,500,000,000
Total Spending	12,700,000,000	22,269,000,000
Revenues	7,600,000,000	12,500,000,000
Deficit	5,100,000,000	9,769,000,000
Debt at year-end	48,850,000,000	57,850,000,000

Neither set of figures includes more millions spent or to be spent and borrowed by governmental corporations, particularly the Reconstruction Finance Corporation and its subsidiaries. These already have defense commitments aggregating \$2,700,000,000. This money has not been spent very rapidly so far because much of it must wait until factories are built or strategic supplies are delivered from the Far East.

Stacking the treasury figures against the past, however, revenues this year already were an all-time record, beating by about \$1,000,000,000 the next best year of 1919-20. Expenditures exceeded any peacetime year in the last 12 years. Next year is scheduled to go \$3,700,000,000 past the record of 1918-19.

The deficits for 1940-41 or for 1941-42, however, are not likely to surpass the world war peak. In 1917-18, it was \$9,000,000,000. In 1918-19 it was \$13,370,000,000.

Chesterfield Ads Hail U. S. Services

"Chesterfield Army Week" and "Chesterfield Navy Week" are announced for the weeks beginning July 7 and July 21 in twin advertisements of the new Chesterfield Cigaret Campaign released nationally by Liggett & Myers Tobacco Company.

During these weeks the Army and Navy can call for their favorite musical numbers on Fred Waring's "Chesterfield Pleasure Time" program broadcast every evening from Monday through Friday over National Broadcasting Company stations. Each number played will be dedicated to an individual camp.

Chesterfield Cigarettes for many years have been among the sales leaders in both services and take pride in this long association. Chesterfield's Glenn Miller "Moonlight Serenade" programs, broadcast over Columbia Broadcasting System on Tuesday, Wednesday and Thursday evenings, also dedicate one number nightly to the boys in camp.

The new advertisements are unusual in their direct tie-up of newspaper and radio advertising.

Other advertisements of the new Chesterfield campaign spot-light many personalities, including "Miss America of 1940-41," Dorothy McGuire of the stage hit "Claudia," and Merle Oberon and Robert Allen of the movies. The national defense program also is included in this comprehensive Chesterfield series, in an advertisement dedicated to "men of steel."

Four Crews Work In Compliance Program

Four crews were in Midland County fields Monday at work on measuring crops and reporting data in the 1941 compliance program.

Thomas E. Bizzell, Jr., Jesse R. Hart, Hubert D. Mills, and George Watford are reporters and have charge of the four crews.

and Billy Mitchell of California; one sister, Mrs. Pearl Sharpe of Oklahoma City; and a brother, W. W. Mitchell of Wichita, Kansas. Mayor E. R. Hill of Monahans and Pink Mitchell of Kermit are nephews.

Mitchell came to Monahans from Missouri with his parents about 1902, but spent the greater part of his life traveling. He returned to Monahans from Oregon in January of 1934 and had been engaged in farming and stock raising since.

Monahans Man Makes Death-Bed Statement Concerning Accident

MONAHANS (Special)—A death-bed statement by J. H. (Uncle John) Mitchell, 80, colorful Monahans resident exonerated Gidd Faircloth, Monahans, of blame in an accident which took the life of the elderly man, investigating officers said. Mitchell died Saturday after being hit by a car driven by Faircloth Friday night.

Funeral services for Mitchell were held Sunday afternoon at the First Baptist Church here, with the Rev. Leon Frazier officiating. Burial was in the Monahans cemetery.

Mitchell is survived by two sons, H. H. Mitchell of Oklahoma City,

CRANIUM CRACKERS

Defense Strikes.
Strikes are big problems in the speedup of America's defense effort. Don't strike out on these questions prompted by the defense strike situation.

1. What two major aircraft companies have had strikes in their California plants during the past year?

2. What two motor companies recently had strikes in the Detroit area, and in what big automobile corporation was a threatened strike averted?

3. What do these men have to do with defense strikes: James Dewey, John R. Steelman, Cyrus Ching.

4. What action taken by the National Selective Service Board was a factor in helping settle and retard strikes?

5. What is a "wildcat strike," and what are "man days"?

Army And Navy Get Blame For Stoppage

BOSTON (AP)—The army and navy were blamed for "the real defense bottleneck" by Governor Murray D. Van Wagener of Michigan Monday because of failure to let contracts "fast enough or large enough."

With cooperative action as their keynote, Governor Van Wagener, Governor Herber H. Lehman of New York and Governor Frank M. Dixon of Alabama called upon the governors of other states to forget "business as usual" and to press for swift settlement of industrial-labor disputes so that America's capacity for defense production may match Hitler's mechanized forces. All spoke at the opening business session of the 33rd annual governors' conference.

We Consider... attention to minor details as much a part of our duties as attention to major ones; no details, however small, are overlooked.

Cloverdale Barbecue Is Courtesy For W. E. Anderson

As a farewell courtesy for W. E. (Blondie) Anderson, who has been transferred to Wink, the Atlantic Pipe Line Company entertained with a barbecue at Cloverdale, Saturday evening at 7 o'clock.

Present were: The honoree, Dick Smith, Billy McGrew, Jack Bryan, C. O. Welsh, Mrs. D. W. Amsler, Mrs. Alsbrook, Messrs. and Mmes. Raymond Bailey, Roy Richter, Ed Martin Bryan, Don Logan, M. S. Curry of Odessa, Joe Dobson, J. L. McGrew, Fred Hallman, Hugh West, Frank Wood, Jr., A. M. Grime, H. C. Powlidge, and Miss Eddie Joe Bryan.

Naomis To Have Business Meeting

Miss Katherine Barrett, president presided and gave the lesson reading at the meeting of Naomi Class in the Hotel Scharbauer, Sunday morning.

Miss Drotha Johnson presented the devotional reading.

Mrs. Lige Midkiff was at the piano.

The Bible study lesson was taught by Mrs. J. B. Sanders.

About 12 members were present. The class will have a business meeting at the home of Mrs. L. H. Tiffin, 308 W. Indiana, Tuesday evening at 8 o'clock.

NOTICE!

I would like to correspond with someone in or near Midland who needs a piano and could pay as much as \$1.50 per week. To such a person I have a beautiful, small size spinet piano, latest model, now stored in your vicinity, that I will sell at a great sacrifice in price rather than haul it back to San Antonio. For full information as to where piano may be seen, write or wire L. R. Keesee, Credit Manager, San Antonio Music Co., 316 W. Commerce St., San Antonio, Texas.

Tea And Shower Courtesy For Mrs. Pylant

Mmes. Frank Flournoy, Ray Blackburn, and Tom Carr were hostesses, Saturday afternoon at 3:30 o'clock at the Flournoy home, 1310 W. Ohio, for a tea and pink-and-blue shower honoring Mrs. Thurman Pylant.

Garden flowers decorated the reception rooms and in keeping with the nursery theme, the refreshment table was centered with a mirror plaque on which stood the figure of a stork, surrounded by roses and fern.

Pouring punch for the first part of the afternoon was Mrs. Eddie Frank Conner and for the latter part Mrs. Billie Gilbert. The individual cakes were decorated with the word "Baby" in pink and blue.

Lou Nell Hudman presented piano numbers during the tea hours.

Gifts were on display during the afternoon.

Glamor Girl And Kelly Wedding Set For Monday

NEW YORK. (AP.) — The marriage of Brenda Diana Duff Frazier, society's winsome and wealthy No. 1 glamor girl, to John Simms Kelly, Manhattan insurance man and erstwhile University of Kentucky athletic star, was set for Monday.

The 20-year-old night club dazzer was to be wed in the apartment of her mother, Mrs. Frederic Warriss, at Carlton House. Twenty-five guests, relatives and friends of the bride and groom, will attend.

Railroads Predict High 1941 Revenues
NEW YORK. (AP.) — Railroad circles estimated Monday that at the present rate passenger revenues for 1941 should top \$500,000,000 for the first time since 1931, when the total was \$551,000,000.

Union Young People Elect New Officers

The Fifth Sunday union meeting of young people was held at the First Christian Church at 6:30 o'clock Sunday evening.

First part of the meeting was combined with the youth-adult service of the host church and was attended by about 90 persons. Election of officers featured the business session of young people following the worship period.

Under the leadership of Miss Nell Ruth Bedford, the following program was presented at the worship service:

Invocation, Lynn Stephens
Hymn, Christian Church orchestra

Hymn, Congregation and orchestra
Duet, "An Old Refrain", Betty Ruth and Eloise Pickering

Solo, "Oh, It Is Wonderful," Patsy Lou Arrington
Offering, Orchestra

Devotional talk, The Rev. W. C. Hinds
Announcements, The Rev. John E. Pickering

Closing hymn, Congregation and orchestra
Young people's benediction.

In the business session, the following officers were elected: President, Raymond Mann of the Presbyterian Church; vice-president, Doris Jean Shockley of the Christian Church; secretary-treasurer, Colleen Gates of the Methodist Church; reporter (re-elected), Mildred Connor of the Episcopal Church.

Ex-president Lynn Stephens presided at the business session which was attended by about 53 young people. Four churches, the Episcopal, Methodist, Christian, and Presbyterian, were represented.

Refreshments were served.

Personals

Wilma and Gary Hall of Wheeler, Texas, are here visiting their grandmother, Mrs. John Ficke.

Mrs. E. B. Wilkins of Dallas is here to be with her father, C. B. Dunagan, who suffered a stroke a few days ago. Mr. Wilkins, accompanied her here, has returned home. Miss Ina Dunn of Wortham is also here visiting Mr. Dunagan.

Miss Ruth Tidmore has returned from a vacation trip to El Paso and points in New Mexico, including Eluidoso, Cloudcroft, Roswell, and Alamogordo, where she was the guest of Mrs. J. D. Edmison. In El Paso she visited Miss Doris Glass and Bob Roderick.

Mrs. Dave Tidmore has returned from a visit to Wichita Falls.

Mrs. Allen Tolbert left Sunday for several days vacation in Ruidoso, N. M.

George Beasley, county surveyor of Ector County, was a business visitor in Midland Monday.

Mrs. M. E. Sontelleu has returned to Midland from Kansas City, Kan.

Mrs. H. I. Wright and daughter, Betty Doherty, have returned from a two-weeks vacation spent in Alabama hills at Ashville and Gadsden. They visited a brother and sister of Mrs. Wright whom she had not seen in 23 years.

Dr. Eva Schulz returned Monday morning from San Antonio where she attended the homecoming at Texas Chiropractor College.

Mrs. A. A. Jones and baby daughter have left a Midland hospital and will be at the home of her mother, Mrs. John Dunagan for several weeks.

Little Frank Midkiff, son of Mr. and Mrs. Frank Midkiff, underwent a tonsillectomy Saturday in Western Clinic Hospital.

W. E. Estes was dismissed Monday from Western Clinic Hospital.

Little Beverly Burkett, baby daughter of Mr. and Mrs. J. S. Burkett, was admitted to Western Clinic Hospital Monday.

Delegates Gather For Rogers Highway Group

TUCUMCARI, N. M. (AP.) — Delegates from eight states met Monday for the annual meeting of the U. S. 66 Will Rogers Highway Association and a rousing tribute to the cowboy-humorist for whom the route was named.

As the vanguard of 300 expected delegates arrived, Amarillo, Tex., and Williams, Ariz., began efforts to get next year's convention.

Tucumcari welcomed the visitors in western tempo. Sheriff's possemen enforced a dictum of cowboy toggerly for the host citizens.

Laugh At Summer's Dog Days In These Shoes

THESE brand new mesh shoes for hot weather weigh only four ounces apiece. Made of vinyon, a new plastic yarn, the porous, airy mesh is water-resistant and may be cleaned with soap and water. The mesh sandals on the model in the white pique dress are black and white. The pumps, in the inset above, have open toes and heels.

Young People To Have Picnic Tonight

All young people of the town who are interested are invited to attend a treasure hunt and picnic sponsored tonight by members of the Jolly Dozen, girls' club.

Everyone who plans to attend is asked to meet in front of the high school at 7:30 o'clock tonight, bringing a picnic lunch. After the treasure hunt, the picnic supper will be served and games played.

Warfare . . .

(Continued From Page One)

German and Soviet tanks raged into its fifth day with the Nazi juggernaut seeking to break through to the Ukraine capital of Kiev, 250 miles eastward.

The Berlin radio announced the occupation of Luck, 100 miles northwest of Lwow, but this could not be confirmed.

France broke off diplomatic relations with Russia this morning with the official explanation that "Soviet diplomatic and consular agents in France were carrying out activities against the public order and security of the state."

It was the first time France had reached an open break against any of Germany's enemies.

By William E. McKenney
America's Card Authority.

Because all its events cannot be played in one week, the national championships tournament of the American Contract Bridge League is divided into a summer and a winter session.

The winter session this year is scheduled for Richmond, Va. The summer session is held at Convention Hall in Asbury Park, N. J., and will start on Aug. 4. Two world championship events are held during the summer session, the Masters pair and Masters team-of-four.

Bridge runs fairly true to form. Privately, I try to pick the winners of various events. While I wouldn't want to go on public record as a spotter of champions, I believe that the names I am going to mention in this week's articles will bear watching at the summer session in August.

I am willing to predict that Mrs. A. M. (Helen) Sobel of New York will win one of the events. During the past year Mrs. Sobel has made a phenomenal record. She won the National Open pairs last December in Philadelphia, the Eastern pairs in March in New York, two events in the Southeastern Sectional Tournament in Florida, and three events in the Philadelphia championship tournament in May.

Today's hand is an example of the quick and accurate decisions Mrs. Sobel can make. East covered the ten of hearts with the queen. Mrs. Sobel hesitated not more than a moment before playing the four. The object of this play was to void East of the suit before testing control.

Later Mrs. Sobel took the "backward finesse" in clubs by leading the jack toward the king, to keep West out of the lead, and this play gave her four club tricks and the contract.

Kimble County Folk Did Best But Failed To Break Long Jinx

JUNCTION, (AP.) — The folks of Kimble County did their best but they couldn't break the jinx that has clutched lieutenant governors of Texas since 1917.

Coke Stevenson is from Kimble and he is lieutenant governor. If Gov. W. Lee O'Daniel had been elected—and the latest figures of the Texas Election Bureau indicate he wasn't—Stevenson would have advanced to the governor's chair.

The folks of Kimble County gave nearly half of their vote to O'Daniel but Stevenson apparently is still lieutenant governor. The vote was O'Daniel 415, Johnson 278, Mann 101, Dies 83.

Not since William P. Hobby rose from that position to governor when James E. Ferguson was impeached in 1917 has a lieutenant governor advanced politically in Texas.

In 1924 T. White Davidson, then lieutenant governor, and Lynch Davidson, his predecessor, ran for governor. Mrs. Miriam A. Ferguson beat them both.

Barry Miller in 1930 ran sixth in a field of 11 for governor. Edgar Witt of Waco lost the same race in 1934. Walter Wood later tried to become attorney general but he failed too.

COURTESY FOR PEDESTRIANS DUCKS GET RIGHT-OF-WAY

KANSAS CITY, (AP.) — This city knows how to treat pedestrians—that's one way it won a national safety award the last two years.

Traffic came to a halt on busy Rockhill Road. A long line soon formed. Motorists sat patiently while three mother ducks and 35 offspring were ambling across.

Italian General Yields To British

CAIRO, Egypt, (AP.) — General Bertello, who until recently commanded Italian forces holding British Somaliland, has surrendered to the British, the Middle East command announced Monday.

British Somaliland, which was yielded to the Italians last summer, has been reconquered by the British.

MINISTER SENDS WIFE BULGARIAN SOUVENIR

HAVERFORD, Pa. (AP.) — Carefully opening a big brown envelope plastered with stamps and foreign postmarks, Mrs. George H. Earle found a couple of bomb fragments

Funeral Services For Young Held At Paris

MONAHANS (Special)—The body of Guy H. Young, victim of a car accident near Grandfalls Friday, was sent to Paris, Texas, and funeral services were scheduled there Sunday.

Young was burned to death after his gasoline truck struck a guide marker and crashed into a bridge on the Fort Stockton highway about a mile south of Grandfalls.

There was a note from her big grinning spouse, the U. S. minister to Bulgaria, explaining he got the emblem at a German-occupied building in Sofia and sent it to her as a souvenir.

DEFENSE BOND QUIZ

Q. Has the sale of Defense Bonds and Stamps been a success?
A. A tremendous success. Even in the first month, May, 1941, the sales went far ahead of most predictions by experts.

Q. How many Defense Bonds were bought last May?
A. More than four hundred and thirty-eight million dollars worth were bought by American men and women during the month of May.

Q. What about Defense Stamps?
A. Stamp total in May 1941 was \$3,552,000.

Note.—To purchase Defense Bonds and Stamps, go to the nearest post office or bank.

Flashes Of Life

By The Associated Press.
NORTH MANCHESTER, Ind. — As a grandpa, Melvin Hippensteel of North Manchester was thrice blessed in six hours.

Son Roy telephoned him at 10 p.m. from a Wabash hospital to announce birth of a granddaughter, Jean.

Son John telephoned at 1 a.m. from Serbia to announce birth of a grandson, Robert.

Son Roy, called back at 3 a.m. to announce Jean had a twin sister, Jane.

JUSTICE DOES BIT FOR MARRIAGE INSTITUTION

ROCKPORT, Mo. (AP.) — Justice of the Peace H. P. Savage does his bit for the marriage-minded.

When two hitch hiking couples pooled their resources and found they had enough for two licenses but not for the marrying fee, he not only waived his reward but drove them part way to their Nebraska homes as well.

he took them all up, opened the window, put in the coal, closed the window and then tenderly planted them again.

JANESVILLE, Wis. — To supplement the contributions from his small congregation, the Rev. Curtis Cooldidge has obtained a job as a taxicab driver. He works as a "cabby" five days a week and prepares his Sunday sermons between "far-es."

Hold Everything!

It's awfully late—I wonder if I can sneak back in the house without Mom knowing it!

Markets LIVESTOCK

FORT WORTH (AP) — (U. S. Dept. Agr.)—Cattle 3,600; calves 1,100; steers slow, other classes of cattle and calves generally steady, common and medium beef steers and yearlings 9.00-9.25; good and choice yearlings 9.50-11.25; beef cows largely 6.00-7.50, bulls 5.50-7.75; good and choice killing calves 9.50-11.00 common and medium 7.50-9.25, good and choice stocker steer calves 10.50-13.00. Hogs 1,600; mostly 10c lower, some sales 20c lower than Friday's average; top 10.50, most good and choice 180-200 lb 10.40-80; packing sows steady to weak, 9.25-50; stocker and butcher pigs 9.00-50, or steady. Sheep 11,300; market slow; most offerings spring lambs unsold with bids 25c or more lower; good carlot spring lambs held above 19.00, few yearlings steady to weak at 7.50-8.00; bucks mostly 4.50, or strong to 25c higher; few spring feeder lambs 7.75 down, or steady. Effective June 30, lambs born in the spring of 1940 classified as yearlings.

Oil News-- (Continued from page 1)

No. 1RA University, Ordovician test in Southeastern Reagan County, had drilled to 7,879 feet in gray lime and black shale.

Gulf Oil Corporation No. 4-A-J. B. Tubb, extending the Sand Hills pool of Western Crane one-quarter mile west, flowed 27 1/2 barrels of new oil on 30-minute gauge after acidizing with 5,000 gallons at 5,756 feet and has been shut in.

Murphy Pills Core Core from 5,275-79 feet in The Texas Company No. 1 S. T. Murphy, Western Terry County wildcat, returned two feet of brown anhydrite dolomite showing a slight amount of oil staining and porosity in the top six inches. Operators have run down to fish out bullets which failed to penetrate formation on 134-shot gun-perforation job from 5,230-75 feet.

Magnolia No. 20 State-Walton, deep wildcat between the Kermit and a Keystone pools in Winkler, showed oil at 5,773 feet and recovered eight feet of lime carrying porosity and stains by coring from 5,776-89 feet. A 30-minute drillstem test from 5,759-89 feet showed rise of 30 feet of drilling mud, 270 feet of oil-cut and gas-cut mud and 180 feet of water bearing a sulphur odor. The test is drilling ahead at 5,846 feet in time.

E. Russell Lloyd of Midland No. 1 P. G. Fuller, in the Sharon Ridge pool of Mitchell County, flowed a rated 52 barrels of 29-gravity oil plus 2.3 per cent water on daily potential gauge. Gas-oil ratio was 400-1. The well topped pay at 1,617 feet, reached a total depth of 1,722 feet and was shot with 410 returns.

Mrs. Frank Heffington, who has been ill at a Midland hospital, was taken overland by Ellis ambulance Sunday to Madill, Okla.

ANOTHER MAN'S WIFE

BY DONNA ASHWORTH

YESTERDAY: Lita Damon and Jerry Lane are New York's favorite dance team, but marriage to Jerry has robbed success of its glamor for Lita. She is tired of bright lights, applause, of pretending to be happy. She thinks Jerry is in love with Ruth Richards. Then Lita meets Ken Richards, a southerner. Ken tells her he has been looking for her all his life. "And when you find me, I'm another man's wife."

CHAPTER II
 PEOPLE fluttered and buzzed in Ruth Eustace's luxurious penthouse. There was a bedlam of laughter, high-pitched voices, corks popping, ice clinking, the blare of the radio.

Lita came into the living room, looking at the people milling about. Jerry moved toward her swiftly, catching her hand in his, half dragging her out to the shadows of the starlit terrace.

"Here, darling, kiss me quick. Tell me you aren't mad at me. You know I love you so. I'm sorry I was angry."

Jerry loved her, she guessed. He was always telling her so, and now his lips burned against hers. Or was it just part of the picture, the ardent husband, always making over her? And now, as it had been so often of late, his kisses left her cold.

They were always quarreling and making up. She drew away from him. Was she quite insane? She was Jerry's wife. She loved Jerry. But she didn't really, not any more. That was dead. She just went on because she didn't know what else to do, because there were no grounds for her to get a divorce, nothing tangible, except that she was tired of everything, tired of their whole scheme of living, tired of kisses like this, and the pretense of love.

"What's the matter?" Jerry's voice was sharp and angry again, and she realized that she had drawn stiffly away from him. "Still mad, aren't you? You don't like my kisses?"

"I do, Jerry, but—" She stumbled for words. She didn't want him to kiss her. She caught her breath with a start—Ken Richards.

"I'm not up to it tonight, somehow. I'm tired, anyway. You don't really want to kiss me. It's just habit, to make people think that we're as madly in love as we pretend. I'm not mad, just tired."

"Oh, here you are!" A voice echoed through the darkness. "You've got to dance with me, Jerry." Ruth was beside them. "You promised you'd show me that new step."

"Beginning now," Jerry turned to her quickly. "I like to dance with you, Ruth. You're one of the few who can do what I tell them to."

Ruth was crazy about Jerry. That was the reason that this arrogant, wealthy group had taken Lita and Jerry into their midst, the reason Ruth was so nice to Lita. She wanted Jerry and Jerry wouldn't go without his wife.

Lita wondered when Jerry would realize that it was he alone Ruth wanted, and that he could leave his wife behind any time and Ruth would be glad.

"Here she is, Ken. We promised we'd find her." Ruth was back at the door again. "Your Romeo is on your trail, Lita."

KEN RICHARDS was beside her. Jerry had gone with Ruth. It didn't matter. Ken stood so that she could feel his arm against hers, and her heart was pounding.

"Let's go over where we can look out," he said, as he guided her toward the balustrade where they could see the lighted city.

Semi-Pros Lose To Odessa Team, 9-0

Butler And Haven Homer In Seventh For Four Counters

Odessa manufactured nine runs out of six hits Sunday to beat Midland's semi-pro baseball team, 9-0, at the baseball park.

Butler and Haven homered in succession in the seventh when Odessa got four tallies.

Windmill Brown starting Midland twirler, allowed three hits and struck out five. He got two of Midland's five hits, one a two-bagger. Bobby Walker finished for the Midlanders. He struck out two.

Cowser and Haven tossed for Odessa. Cowser whiffed eight and Haven struck out five. Butler made 16 put outs for Odessa.

Grimes, Midland leftfielder, was a defensive star of the game, making an almost impossible catch of a hard-hit ball. Errors and walks hurt Midland's chances for a victory.

Score by innings:
Midland.....0000 000-0
Odessa.....200 030 400-9

Prize Putting Touch Highly In Golf Meet

COLORADO SPRINGS, (AP.)—A fine-edged putting touch was valued higher than gold nuggets Monday at the mountain battleground of the 42nd annual Western Amateur Golf tournament, which opens its six-day run Tuesday.

The champion, it seems certain, will be the man whose putter links the delectably-dipping slick greens of Broadmoor, tucked close to the mountains bordering Pikes Peak. Harry Todd, Dallas veteran who won the Western two years ago, has been on the premises for a week and should be a threat.

REPORTS HEAVY LOSSES IN PECOS COUNTY

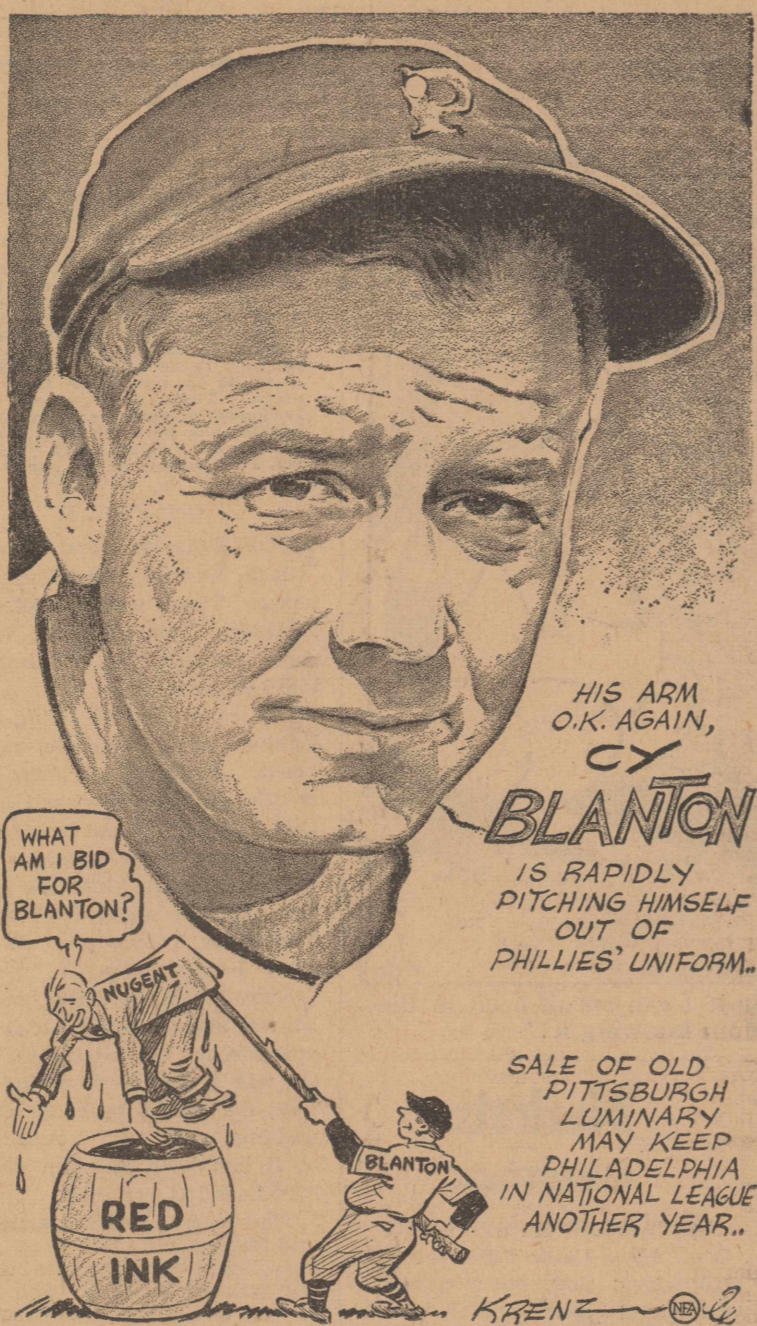

MONAHANS (Special)—Considerable damage to crops and buildings in northern Pecos County was reported to have been caused by hail and heavy rainfall late Saturday. Details of the damage were not available here.

Sports Roundup

By Eddie Brietz
NEW YORK—Going to be a tough job trying to fill Mr. Hughie Fullerton's shoes—for one reason—our dogs are too big—but here's try:

The Brooks are so anxious to unload Blimp Phelps that they'll even consider selling him by the pound at current prices. Since turning pro just about a year ago, Patsy Berg has traveled 50,000 miles and has conducted golf clinics at colleges in 28 states, the District of Columbia and Mexico.

Between trains she has played hundreds of rounds of golf. The Broadway betting gentry has made Fritzie Zivic a 1-3 favorite over Bummy Davis Tuesday night, chiefly because it's been so long since Bummy put a good fight under his belt. Baseball tradition is being broken at Flint, Mich., where foul balls hit into the stands are returned by finders for use in summer leagues for youngsters.

In contrast to the customary tears, fans cheer each time a ball is hurled back. Bob Feller has spiked that widespread yarn that he once broke three of his pop's ribs during a warm-up session out at Van Meter, Iowa.

That dropped the Indians two full games behind the idle Yankees. The latter, returning to New York Tuesday to play a doubleheader with the Red Sox.

With the eastern half of the circuit taking a day off, the only other American League game Monday saw the Chicago White Sox knock Schoolboy Rowe out of the box with two runs in the last of the ninth to trim the Detroit Tigers 7-6.

Day and night proceedings in the National League left the St. Louis Cardinals and Brooklyn Dodgers tied for the lead.

The Dodgers, in the afternoon, won their 10th straight from the Phillies, 9-2.

The Cardinals, at night, were nosed out, 4-3, by the Pittsburgh Pirates as Maurice Van Robays belted a two-run triple in the third inning that settled the issue.

The hard luck that has been dogging the Boston Braves' Manuel Salvo since he beat the Phillies on the second day of the season kept right on his heels. This time it was a fluke double by Johnny Rucker of the New York Giants—a hard grounder that bounced off second baseman Carvel Rowell's head into centerfield—which drove in two of the three 12th inning runs with which the Terry-men, on 3-0.

In another night encounter the Cincinnati Reds teed off on "old man" Charlie Root for five hits and five runs in the first inning, and went on to rout the Chicago Cubs, 7-1.

Shorter Luster, Oklahoma coach: "During June, six Oklahoma U. football players eligible this fall, enlisted. Seventeen more of our best boys are registered. The only players we are certain of are the ones who are married and have children."

Dick Cullinan of the Minneapolis Times welcomed Lou Novikoff into the American Association as follows: "What we've always needed in this league is a left-handed Russian who hits home runs and sings Baritone."

Ouch! And who was the wag who wagged that if the army really has made a new man out of Bummy Davis, gad what a camouflage corps we'd have!

St. Louis Browns Give Bob Feller Big Headache

By The Associated Press.
Even the greatest of men, they say, has his Achilles heel. There was Samson, a sucker for the barber's chair. Now there's Bob Feller, whose weak spot, it seems, is Sportsman's Park in St. Louis.

It's not the Browns who play here who bother him so much, it would appear, since Rapid Robert has beaten them twice in achieving his total of 16 victories. But those two triumphs came in Cleveland, by the banks of the Mississippi the fabulous Feller also has pitched against the tail-enders in two games and each time they have shipped him to the showers.

The way they did it Monday was horrible to behold for all but a St. Louis fan, and there were only 1,408 of them in the stands. For six innings the Browns let Feller and the Indians coast along on a 6-3 lead. Then, before Feller or the Tribe could recover, they exploded for nine runs and a 12-6 victory that was Feller's first defeat in four starts and made it three straight losses for Cleveland.

Yankees Are Idle.
That dropped the Indians two full games behind the idle Yankees. The latter, returning to New York Tuesday to play a doubleheader with the Red Sox.

With the eastern half of the circuit taking a day off, the only other American League game Monday saw the Chicago White Sox knock Schoolboy Rowe out of the box with two runs in the last of the ninth to trim the Detroit Tigers 7-6.

Day and night proceedings in the National League left the St. Louis Cardinals and Brooklyn Dodgers tied for the lead.

The Cardinals, at night, were nosed out, 4-3, by the Pittsburgh Pirates as Maurice Van Robays belted a two-run triple in the third inning that settled the issue.

The hard luck that has been dogging the Boston Braves' Manuel Salvo since he beat the Phillies on the second day of the season kept right on his heels. This time it was a fluke double by Johnny Rucker of the New York Giants—a hard grounder that bounced off second baseman Carvel Rowell's head into centerfield—which drove in two of the three 12th inning runs with which the Terry-men, on 3-0.

In another night encounter the Cincinnati Reds teed off on "old man" Charlie Root for five hits and five runs in the first inning, and went on to rout the Chicago Cubs, 7-1.

Shorter Luster, Oklahoma coach: "During June, six Oklahoma U. football players eligible this fall, enlisted. Seventeen more of our best boys are registered. The only players we are certain of are the ones who are married and have children."

Dick Cullinan of the Minneapolis Times welcomed Lou Novikoff into the American Association as follows: "What we've always needed in this league is a left-handed Russian who hits home runs and sings Baritone."

Ouch! And who was the wag who wagged that if the army really has made a new man out of Bummy Davis, gad what a camouflage corps we'd have!

Five Baseball Teams Already In Tournament

Five Permian Basin baseball teams entered The Reporter-Telegram baseball tournament the day it was announced.

Fort Davis sent representatives to Midland Sunday to announce that city's entry. Odessa, Goldsmith, and Pecos also have entered the tourney. Midland also will have a team.

Jim Payne, manager of the tournament will mail application blanks to 25 West Texas and New Mexico teams as soon as they are printed. He reported the diamond at the Midland baseball field was in the best condition in history.

The tournament will be held here on successive week-ends in July and August.

Softball

Texas vs. Mackey, 8:30 p. m.

TUESDAY NIGHT:
John P. Howe vs. Southern Ice, 7 p. m.
Independents vs. Wilson's, 8:30 p. m.

Race Places Go To Midland Sportsmen

Tot Watlington of Midland won two third places in motor boat races at Lake Trammell, Sweetwater, Sunday.

E. M. Miller also of Midland won a fourth place in the 22-horsepower class.

Watlington copped thirds in the 16 and 33-horsepower races. The races opened the summer season in West Texas.

Pope Pius Declares Divine Providence Punishing Mankind

VATICAN CITY (AP)—In a Sunday message broadcast to the world, Pope Pius XII attributed the sufferings of war to divine providence punishing the sins of mankind, but said the "fierce intensity of the trial" would be followed by a new era of peace and hope.

The Holy Father made no specific mention of the Russian-German conflict, but spoke of the sufferings from war at the fighting front and behind the lines—from bombs, machine-gun bullets, blockade and from persecutions endured because of religious faith.

The Pope advised Catholics to trust in God and said that means "believing that God can permit at times here below for some time pre-eminence of Atheism and Impiety, the lamentable obscuring of a sense of justice, the violation of law, the tormenting of innocent, peaceful, undefended, helpless men."

Fort Worth Schoolboy Wins Lefthanders Meet

MINERAL WELLS (AP)—Bobbie Malone, high school boy from Fort Worth, defeated Veteran Frank Foxall of Memphis, Texas, one up in 38 holes Sunday to win the left-handers golf tournament championship.

"Monarchs Of Monkeyshines"

The Boston Hoboes, traveling baseballers, will play Midland's semi-pro team here July 7. The Hoboes play 175 ball games a year and cover 35,000 miles. A baseball sideshow of "screamlined baseball" also is presented. The game will be played at the baseball park.

Three Bills Receive O'Daniel's Signature As Members Convene

AUSTIN, (AP.)—Governor W. Lee O'Daniel Monday signed the eleemosynary, education and rural aid appropriation bills without vetoing any item.

The governor announced his action on the three important money bills in special messages to the legislature, which had just reconvened after a recess of several days.

The bills made appropriations as follows: Eleemosynary, \$15,598,000, an increase of \$2,226,000 over the appropriation for the current year.

Education, \$22,502,069, an increase of \$5,279,069.

Rural aid, \$16,888,380, an increase of \$3,238,380.

With regard to rural aid, the governor said he was "strongly in favor of doing everything we can to increase the educational opportunities for our Texas boys and girls."

Confirms Report Vessel Torpedoed

WASHINGTON, (AP.)—The Navy confirmed Monday that a foreign flag steamer carrying American Marines to London had been torpedoed, but for the present gave out no figures on loss of life.

The Navy's statement did not name the ship, but a previous report from an authoritative official said it was a Dutch vessel, the Maarsden, now in British service.

The same source said a Marine was lost.

In addition to Marines, Summer Welles, acting secretary of state, said American Red Cross nurses were aboard.

Many Midland Visitors Attend McLaughlin Show

Midland sent a large delegation to the C. T. McLaughlin Diamond M Ranch horse show near Snyder Sunday.

Included in Midland's group were: Mr. and Mrs. Chappell Davis, Miss Jeanne Davis, Mr. and Mrs. James Burton, S. Ross Carr, Mr. and Mrs. M. D. Seif, W. W. LaForce, Georges Vorbe, M. T. Smith, Mr. and Mrs. Hal Peck, Mrs. R. C. Ferguson, J. W. House, Mr. and Mrs. R. E. Kimsey, H. J. Kemler, Bob Hamilton, W. P. Thurmon, Jr., E. A. Oulbertson, Cy O'Donnell, Mr. and Mrs. Guy McMillan, Bill Collyns.

Boston Hoboes Will Play Here

The Boston Hoboes, traveling team, will play Midland here July 7 at 8:15 p. m. in the first night baseball game of the season.

The barnstorming Hoboes annually travel 35,000 miles and play 175 games. Included in their appearance is a baseball sideshow put on by Ed Hamman and his stooges.

Zivic Brings Real Story-Book Career Into Polo Grounds

NEW YORK, (AP.)—So much tub-thumping has been going on to prove to the breathless public that Bummy Davis really is a little gentleman now, you'd think the Brooklyn Fauntleroy was going to be in the Polo Grounds ring all by himself Tuesday night.

Well, don't believe it. In Fritzie Zivic, he not only tangles with the welterweight champion of the world and a fair country kind of clouter at that, but a fellow who was tuned up with best rags-to-riches story of the ring since Jim Braddock came off the docks to play Cinderella to Max Baer's prince charming.

Fritzie had been kicking around the ham and egg circuit for the better part of 10 years. He'd hitchhiked to some matches, even driven a peanut-peddling truck to keep one date. The most he'd ever made at any time was \$2,500.

Zivic hadn't read Script.

Then, late last August, he got a shot at Sammy Angott, the swarthy Louisville larruper recognized by the National Boxing Association as the world lightweight champion. With Braddock, the stepping stone was Tuffy Griffith. Sammy was good enough for Fritzie. He did a pretty fair job on Samuel, and, first thing you know Mike Jacobs picked him as the next offering to be carved on Henry Armstrong's chopping block.

Everyone knew Zivic was going to get a going over that night in October. Only Fritzie hadn't read the script. He punched both the great little buzz-saw's eyes shut and took his welterweight crown.

Horse Show . . .

(Continued From Page One)
and Storm Prince, Mrs. Ned O. Miller, Amarillo, third.

Mann Far Ahead In Ward County

MONAHANS (Special)—Gerald C. Mann carried the Monahans boxes in the senatorial race with Lyndon B. Johnson second.

Monahans voters gave Mann 147 votes, Johnson 109, W. Lee O'Daniel 45, and Martin Dies 38.

Barstow returns were: Johnson 42, Mann 41, O'Daniel 6, and Dies 3. Returns from Grandfalls gave Johnson 38, Mann 37, O'Daniel 33, and Dies 8.

County totals, with the exception of the Pyote, Wickett and Royalty boxes, gave Mann 225 votes, Johnson 189, O'Daniel 84, and Dies, 49. Returns from the three outlying boxes hadn't been received late Saturday.

Wilton Page, Butler Hurley, Mr. and Mrs. Fred Kotyza, Jack Thames, Tanner Laine, Mrs. N. A. Lancaster, Mrs. Clara Hood Rugel, Miss Nell Shaw, John Rugel and Clint McFarland.

Washer-wise housewives prefer
Maytag's
GREAT COMMANDER WASHER

You can mark this down as fact . . . this new work-saving Maytag Commander does one of the greatest jobs of washing clothes clean that any porcelain tub washer can do. It's worth every penny of its cost . . . worth far more, when you count the money it saves you every week for so many additional years. Every time you use the Commander, you'll marvel at the speed with which clothes are washed to snowy whiteness . . . at your freedom from hand-rubbing even the dirtiest garments . . . at the extra gentleness of the famous Maytag gyrafoam washing action. You hope for these things when you look for your new washer . . . you get them in the beautiful new Maytag Commander. Try the new Commander in your own home, with your own clothes . . .
