Urges U. S. Take Over Canada, Latin America

Colleague Calls Senator Clark's Idea Fantastic

By The Associated Press WASHINGTON—Senator Clark (D-Ida), speaking as an individual senator, suggested today that the United States "take over control" of all Latin America and Canada but a colleague immediately branded the idea as fantastic.

Senator O'Mahoney (D-Wyo) said he was sure no one in the western part of this country would support the suggestion in calling the proposal both fantastic and imperialistic.

Clark, one of the Senate group opposing administration policy, gave no intimation that he would offer legislation to carry out his theory.

But he said in an interview that "the good neighbor policy has been a failure" and that "instead of talking about using them here in our own hemisphere."

He mentioned puppet governments as a possible means of United States control of Western Hemisphere thus taking a sharply divergent view from the administration in its dealings with neighbors.

As late as May 27, President Roosevelt outlined to the governing board of the pan-American union a hemisphere defense program based on the good neighbor policy and its recognition of the independence of hemisphere nations.

Wouldn't Have To Fight O'Mahoney (D-Wyo) who has fought with the Fishoon to forbid government purchases of Argentine beef, was one of the first to voice opposition to Clark on the Hemisphere issue.

"Any such suggestion is utterly at variance with the historic policy of the United States," O'Mahoney told reporters. "It is inconceivable to me that it could be seriously made."

Clark gave the opinion that "it probably would not be necessary to fire a single shot to take control of this whole hemisphere."

"We could make some kind of arrangement to set up puppet governments which we could trust to put American interests ahead of those of Germany or any other nation in the world."

Clark said that throughout its history, the United States has had an opportunity to consolidate North and South America under its domination.

"It may be," he said, "that this is our last chance."

U. S. Boat Captain Drops Depth Bombs

WASHINGTON (AP)—A Senate naval committee report, released Tuesday, quoted Secretary of Navy Knox as testifying that the captain of a United States destroyer dropped three depth bombs off the coast of Greenland when he believed he was in possible danger of attack from a submarine.

Knox's testimony was contained in a report by the committee which recommended that no further investigation be made of newspaper reports of "shooting" by American naval units in the Atlantic and convoying of British merchantmen.

"We Ought To Hit Japan"— Supporters Of White House Asking Unswerving Policy

WASHINGTON (AP)—Despite Japanese hints of new far-reaching developments in the Orient, White House supporters in the Senate Tuesday urged that the administration hold unswervingly to the policy it has adopted in the Far East.

Senator Lee (D-Okla) told reporters that "economically, I think we ought to hit Japan with all we've got. Militarily, we ought not to back up an inch. Politically, the people will support such a policy."

In a similar vein, Senator Pepper (D-Fla) asserted that "Now is the time to let Tokyo know whether we mean business. Tokyo, unhappily,

O'Daniel To Take U. S. Senators' Oath Aug. 4

AUSTIN (AP)—Governor W. Lee O'Daniel announced Tuesday he would take the oath of office as United States senator at noon, August 4. He announced a schedule of his movements until that time, but did not say whether he would resign his present office or merely take the oath of the new one to which he was elected June 28.

The governor said he would attend the wedding of his daughter, Molly, to Jack W. Wrather, Jr., of Tyler, at the mansion Thursday night at 8 o'clock.

Friday morning he will leave Austin for Fort Worth where at 6 p. m. he will be present at an outdoor barbecue, reception and farewell party tendered by friends.

Another barbecue, reception and farewell party will be held in his honor at Herman Park, Houston, at 6 p. m. in Houston and at 6 p. m. in Houston and at 6 p. m. in Houston and at 6 p. m. in Houston.

They worked first on grading for the railway spur and roads into the military reservation.

Floors in the Army Engineer's temporary office building were oiled Tuesday and plans call for the engineers to be in the new quarters Wednesday.

Meanwhile, work went ahead on the temporary office building for the general contractors, Cagle Brothers and F. M. Reeves and Sons, Inc., and executives hoped it would be able to move its headquarters to the site of the training center by early next week.

Indications were that it will be three weeks before construction gets underway with full steam. Lumber and building materials will be purchased soon and shipped to the airport.

Midland Lawyers Will Entertain West Texas Group

The Midland County Bar association will hold a meeting for judges and lawyers of West Texas, it was announced at an institute here Monday conducted by James P. Alexander, chief justice of the Supreme Court of Texas.

Officials of the Midland association said an outstanding jurist of the state would be invited to speak.

Midland's association was host at the luncheon honoring the chief justice. Alexander conducted a four-hour discussion on new rules of civil procedure. He was enroute to El Paso where a similar institute will be held.

Seventy-five lawyers and judges from Midland, Odessa, San Angelo, Ward County, Big Spring, Reeves County, Wink, Kermit, Andrews, Crane, Lamesa, Seagraves, and Lubbock attended the institute.

President Will Ask Price Control Laws

WASHINGTON (AP)—President Roosevelt will ask Congress for price control legislation in a message Wednesday, congressional leaders reported Tuesday after a conference with the chief executive.

A final draft of legislation has not yet been completed, Senator Barkley said, but there is complete agreement on the general policy which the measure will embrace.

U. S. Has Not Assured Japan Of Trade Permits

WASHINGTON (AP)—Sumner Welles, acting secretary of state, said Tuesday the United States had given no assurance to Japan that licenses will be issued to permit continuing trade with that country.

He made this statement in explaining that clearance would be given to Japanese ships leaving American ports under present conditions.

Delays in obtaining oil used in the final paving work and other construction difficulties caused decision to delay the opening by a group of men meeting with Gov. Bonifacio Salinas at Monterrey.

German Drives Break Against Red Resistance

By The Associated Press A Red Army bulletin declared Tuesday that Adolf Hitler's 38-day-old drives toward Moscow and Kiev were "breaking against the firmness and stubbornness of our troops" and that in some places Russian troops

had opened counter-attacks, inflicting heavy losses on the invaders.

Hitler's high command asserted that the Red armies in the south had been thrown back from the Bessarabian "buffer state" into the Ukraine, and it gave this picture of action on the vital central front:

"The enemy's power groups which were overrun in the course of our break-through of the Stalin line in the direction of Smolensk now have been virtually wiped out."

The Nazi communique reported that the last encircled Russian troops "eastward of Smolensk" were facing annihilation and that a great number of prisoners would be reported in a few days as a result of "this tremendous battle of destruction."

On the Leningrad front, the Germans said that Soviet forces west of Lake Peipus trapped by units assigned to mop up Estonia were "also facing destruction."

Hints At Moscow Attack Throughout the night, a Soviet communique said, violent fighting raged in three main sectors of the 2,000-mile battlefront—on the Nevel and Smolensk fronts, guarding Moscow, and the Zhitomir front in the south, protecting the Russian Ukraine capital of Kiev.

It was one of the most optimistically worded Soviet communiqués of the war, contrasting sharply with Monday's report by the German high command that Nazi troops were on the threshold of victory in the Smolensk sector, 230 miles west of Moscow.

A German military spokesman had even asserted that a direct assault on the Soviet capital itself might come next.

In London, meanwhile, Prime Minister Winston Churchill warned Britons of the possibility of a German invasion attempt against the British Isles in September.

British Foreign Secretary Anthony Eden declared Hitler's timetable for the conquest of Russia was "plainly out of joint."

Red Air And Sea Wins Eden rejected in advance a "peace blitz" by which he said the Nazi Fuehrer "hopes to keep his promise to the German people to end the war this year with victory."

The Russians reported victories in the air and at sea as well as along the land front. The Red fleet in the Baltic was said to have sunk two patrol vessels and a torpedo boat, with a loss of one torpedo boat, Russian planes downed 109 German aircraft Saturday with a loss of 36 planes, the Moscow war bulletin said.

Blacked-out Moscow had its sixth air raid of the war Monday night with some fires touched off and an undisclosed number of casualties.

The Russians declared, however, that of 140 to 150 raiders only a few actually broke through the city's defenses and nine were reported shot down.

Gulf 25 Waddell Shows Gas And Distillate On Drillstem Test At 5,610

By Frank Gardner Oil Editor. Large volume of gas and some distillate showed up when drillstem test was run from 5,556 to 5,610 feet in Gulf Oil Corporation No. 25 W. N. Waddell et al, third and highest Ellenburger well in the south extension area of the Sand Hills Ordovician pool of Western Crane County.

Testing tool was open for 25 minutes. At the end of the first 5 minutes the well gauged 2,812,000 cubic feet of gas daily; at the end of 10 minutes 3,456,000 feet; 15 minutes 4,032,000 feet, and 20 minutes 4,320,000 feet. The well started blowing a small amount of 62.3-gravity distillate at the 10-minute mark. When drillpipe was broken down it contained 120 feet of fluid, top 15 of which was distillate and the bottom 105 feet sulphur water.

Observers believe sulphur character of water is due to contamination and that it is not of bottom-hole origin. No. 25 Waddell entered the Ellenburger, lower Ordovician, high structurally at 5,488 feet. Last reports stated operators were reaming 7 7/8-inch hole to bottom at 5,610 feet preparatory to coring ahead.

An Ellenburger test in wildcat territory between the south extension area and the Sand Hills pool proper, Gulf et al No. 1-B J. B. Tubbs, is drilling past 2,097 feet in anhydrite.

Gulf No. 27 Waddell, in the Tubbs deep Permian portion of the Sand Hills pool, gauged flow through 2-inch tubing of 94 barrels of oil in two hours and is slated to be acidized with 5,000 gallons. Total depth is 4,561 feet in lime and tubing is set at 4,554.

Lubbock County Wildcat. L. C. Harrison No. 1 Nairn estate, Central Lubbock County wildcat three and one-quarter miles northeast of the Sand Hills pool, is shut down at 4,891 feet awaiting 7-inch casing. Reports Monday from

Officers Discuss Convoy Passage

Military officials from Fort Bliss, El Paso, conferred Tuesday with city police here regarding traffic through the city Monday of 500 Army trucks enroute to Camp Barkley, Abilene, from Fort Bliss.

Midland officers and military police will conduct the convoy through the city. It will require one and one-half hours for the unit to pass through. The convoy will travel in two units, 30 minutes apart.

Military officers will arrive here at 12:30 p. m. Monday to prepare for the 32-mile long convoy. Motorcycle officers will lead the units.

Car-Truck Collision Injures Man And Son

Charlie Malone, 40, and his son, Ray Malone, 13, both of Jacksboro, were lacerated and bruised in a truck-car collision on Highway 80, 12 miles east of Midland, about 1 a. m. Tuesday. They both were brought to a Midland hospital by passing motorists.

The man suffered facial cuts and bruises of the body. His condition at the hospital Tuesday noon was not serious, attaches said. The boy, who was asleep in the back seat of the automobile, was lacerated. The extent of his injuries had not been determined, pending x-ray examinations, but it is believed

his condition is not critical. E. I. Moore, Colorado City, driver of the truck was not injured. The truck was traveling east and the automobile west when the collision occurred. The Malones were enroute to Odessa.

Midland officers investigated the crash. Texas and Pacific railroad employees reported the truck careened onto its tracks after the collision, knocking down a signal pole which fell across the tracks. Officers and railroad workers quickly cleared the track.

Hitler To Reward Finland For Stand

BERLIN (AP)—A highly authoritative German pronouncement said Tuesday that Finland's reward for joining the war against Russia and breaking relations with Britain would be twofold.

Her position is to be exalted above that of all other Scandinavian countries. Her territorial aspirations for "a greater Finland" are recognized.

Speeds Aluminum For U. S. Defense

You might say she jumped the gun! An unidentified elderly woman Monday approached the ticket window of a Midland theatre. In her hand was a piece of scrap aluminum. She placed a dime on the box office counter and asked for her ticket.

"Do you get in for a dime," asked the ticket seller, forgetting about an aluminum matinee Wednesday. "Don't get in for a dime and a piece of aluminum? I heard you could." Then the ticket seller remembered and explained. The woman was two days early.

Sub-Office Here Will Check Area Shipments Of Oil

Ickes Also Designates Houston, New Orleans, And Corpus In Set-Up WASHINGTON (AP)—Secretary of Interior Ickes announced Tuesday plans for establishment of sub-offices of federal Tender Board No. 1 at Midland, Houston and Corpus Christi, Texas, and New Orleans, La., to further the enforcement of the Connally Act.

Personnel for these offices will be transferred from the Kilgore, Texas, office of Federal Tender Board No. 1, which office will exercise general jurisdiction over the sub-offices and all activities in the designated areas defined by an administrative order May 26.

Ickes announced the examiners in charge of the sub-offices will be Selman J. Jones, Midland; James K. Wilson, Houston; Lindsay L. Hollingsworth, Corpus Christi, and Robert M. Bennett, New Orleans.

The principal duty of the personnel in the new offices, Ickes said, would be to check all shipments of petroleum from the designated areas to interstate and foreign commerce "to make certain that the oil thus shipped was produced in accordance with the state laws and the orders of the regulatory bodies therein."

A representative of the Department of Interior was in Midland Monday seeking quarters for the federal tender board office here.

Churchill Warns Britain Of Nazi Invasion Attempt

LONDON (AP)—Prime Minister Winston Churchill warned Britain Tuesday of the possibility of a German invasion attempt in September, rejected demands for appointment of a minister of war production and spoke "with considerable regret" of the severance of diplomatic relations with Nazi-associated Finland.

"The invasion season is at hand," he said. "All armed forces have been warned to be at concert pitch by Sept. 1 and to maintain the utmost vigilance."

The Prime Minister cautioned the nation to "be on guard equally against pessimism and optimism," but said the British people should be heartened by "the magnificent strength and courage of Russia and by the attitude of the United States, which, he said, "is advancing in rising wrath and conviction to the very verge of war."

He added that "it is madness to suppose that Russia or the United States is going to win the war for us."

Churchill declared that parliamentary and press demands for a coordinator or minister of production would be ignored, and he deplored careless criticism of British industries for its effect abroad, particularly in the United States and Australia.

"In the United States," he said, "where there is a vigorous campaign against the policy pursued by the President, I fear that harm has been done and it cannot be easily overtaken or healed."

Churchill did not say whether Finland would be regarded formally by the British as a German ally in her new war against the Red army.

Scouts Search For Aluminum

A cleanup campaign for Midland County's drive to collect aluminum for National Defense was underway Tuesday with Boy Scouts searching the city and outlying districts for more metal.

Three or four hundred pounds of aluminum was collected Monday. Citizens brought the metal to the courthouse lawn where Boy Scouts were stationed.

Boys and girls of the city will be admitted to Midland theaters from 1:45 p. to 6 p. m. Wednesday for a piece of aluminum.

T. Paul Barron, director of the drive in the county, said Tuesday the aluminum would be sent to San Angelo, area metal center, probably the last of the week.

Citizens may continue to contribute aluminum. It can be left at the east basement door of the courthouse or placed with the pickup service by telephoning numbers 55 or 1159.

Behind The Headlines

By DeWitt MacKenzie One of the grim aspects of the great conflict in the Russian theater, which Tuesday's reports indicate is continuing with fierce intensity but without much change in position, is that it has developed into a savage and primitive battle of extermination which is costing the lives of untold thousands.

The Nazis early announced and frequently emphasized complete destruction of the Red Army as its primary objective. The matter presumably was publicized by Berlin for the purpose of breaking the Bolshevist morale, but for one Nazi propaganda propa ganda which has been uniformly clever in this war — seems to have gone wrong. ## "Breaks" For Soldiers

Unemployment insurance legislation was written by the states before the defense drive. Most such laws provide benefits based on earnings for the year preceding the claim.

Suppose a man had been earning \$2000 a year. He would have a substantial unemployment benefit coming if he lost his job. But if he were suddenly inducted into the Army, and served a year at \$250-\$350, at the end of that time his unemployment benefit would have evaporated. Should he find himself workless on discharge, and seek unemployment insurance, the figure would be based on his Army pay for the previous year, and the benefit accrued by his civilian work at much higher wages would have evaporated.

About half of the states have already revised their unemployment insurance laws to freeze benefits at the time a man is drafted, according to the American Public Welfare Association. It's hard to see how any state can justly do less.

## Capt. Harrison Tells Odessa Of Plans For Midland Air Center

ODESSA (Special) — Plans for Midland's Advanced Twin-Engine and Bombardier Training Center were outlined Tuesday by Captain R. J. Harrison of the U. S. Army Engineering Corps, in an address before the Odessa Chamber of Commerce.

Harrison is in charge of construction of the \$5,000,000 Army Air Corps program at the Midland Military Reservation, and headquarters at Midland along with his staff of engineers and the general contractors on the big project.

Fifty-two persons attended the meeting Tuesday to which the public was invited.

### Keep Rents Reasonable

Captain Harrison explained in detail the plans for the training center and said he felt there probably would be a shortage of houses in the area. He asserted that rents must be kept reasonable for both men employed in the construction program and Army men who will be assigned to the training center.

The engineer estimated it would take six or seven months to complete the construction program and urged citizens of this area to provide recreation for the Army and construction workers. He suggested all possible USO recreation centers be obtained.

He asserted Major H. R. Baxter, of the Army Air Corps, who has been designated project officer, would determine how many houses will be required for Army men.

## Bangkok Says Japan Would Trade Cities For Siam's Alliance

By The Associated Press  
Japan's swing to the south assumed an even broader aspect Tuesday, risking new Anglo-American resentment.

A Reuters (British news agency) report from Bangkok said Japan had offered Cambodia and Laos, which are part of the French Indo-China, to Thailand (Siam) in return for her allegiance to Japan's "new order" in Asia.

Such a division of Indo-China would violate the French-Japanese protocol signed in Vichy Tuesday, which pledges Japan to "respect the territorial integrity of French Indo-China and the sovereign rights of France over all parts of the Indo-Chinese union."

**Movements In High Gear**  
British authorities in Shanghai said they would protest if Thailand were forced to grant special privileges to any third power—obviously, a reference to Japan—and they scoffed at Tokyo broadcasts that British forces in Northern Malaya were an active threat to the Thai.

Japan's occupation of Southern Indo-China went into high gear as warships and troop transports brought garrison troops and military supplies into Camranh Bay.

At Hanoi it was announced officially a total of 40,000 Japanese troops would be stationed in Southern Indo-China. Troops already have moved into bases at Nhatrang, 200 miles northeast of Saigon, and Tourane, 300 miles up the coast from Saigon.

### Club Group Goes To Odessa To Skate

Several members of the Jolly Dozen Club went to Odessa Monday night for a skating party, followed by refreshments.

Those going were: Misses Lois Ficke, Ruth Tidmore, Rita Whitaker, Sarah Sue Roberts, and Lillie May Raney.

Other members of the club played softball or engaged in other activity for the evening.

### MIND Your MANNERS

Test your knowledge of correct social usage by answering the following questions, then checking against the authoritative answers below:

1. Which is the correct way for a man to sign a hotel register, "Mr. and Mrs. John Brown," "John Brown and wife," or "Mr. John Brown and wife?"

2. If a woman compliments you on your hat, is the nicest thing you can say "I like your hat, too?"

3. Is it good manners for a woman to say to a man she has just met, "That certainly is a good-looking suit you're wearing?"

4. Is it good manners for one woman just introduced to another to mention that she likes the latter's hat or dress?

5. Is it best to save extravagant praise for friends or to lavish it on newly made acquaintances?

What would you do if—  
A social acquaintance says, "Do you mind if I call you by your first name?" and you really prefer not to be called by your first name—  
(a) Say, "I'd rather you would not?"  
(b) Say, "Not at all," but don't call the other person by his first name and if he mentions it say "It just doesn't seem the natural thing to say?"  
(c) Realize that it isn't very important whether you are called by your first name or not?

Answers  
1. Mr. and Mrs. John Brown."  
2. No. Turning it into a swap detracts from the first person's compliment. Say, "Thank you."  
3. No.  
4. No.  
5. Save it for friends, who won't suspect you of being insincere unless you are.

Best "What Would You Do" solution—(c) is the answer for most persons. However, if you think you must choose between (a) or (b) try (b).

### FEMININE FANCIES

By Kathleen Eiland

For a different way of serving asparagus, try it baked in a casserole with a thick, flavoured tomato-cheese sauce. Very good, particularly on a hot summer day when a warm dish but one that is not too heavy, is requisite.

Not so distinctive as the oblong dishes which hold one ear for the serving of boiled roasting ears but still pleasantly different and convenient, is the set which consists of a serving platter in green with raised design of yellow ears, individual platters in the same motif, and a pepper and salt shaker set in the shape of upright, plump ears of the grain.

Those who prefer the earthenware baking dishes to pyrex may now find those useful little gadgets, custard cups, made up in that material and ensembled in a design to match the remainder of the baking service in a convenient wire holder. That holder, by the way, has heretofore been the special property of the glass cups.

Amid the superfluity of costume jewelry deluging the world, a necklace of sliced walnuts strikes a pleasant note of originality. Sliced is the right word for the walnut has simply been sawed into segments, the edible meat removed and the circular pieces of shell strung together for the arm ornament.

We've been advised that plaids, especially for the juniors are outstanding among fashions for fall. For once we don't mind that we can no longer be classed as a junior. We had our fill of plaids long ago when red and green and blue were mingled, sometimes not very artistically, in the designs.

A touch of plaid for trimming perhaps. But so far as we are concerned, plaid dresses are definitely not our dream frocks.

### Unexpected Club Has "Shipwreck" Lawn Party

Forrest Hunter Home Scene Of Gay Entertainment

Sarah Hunter and Lillian Tamsitt, dressed as South Sea Island girls, greeted guests as they arrived at the home of Mrs. Forrest Hunter, 407 W. Missouri, Monday evening for the "shipwreck party" sponsored by the Unexpected Club. Each arrival was presented with a lei in the Hawaiian manner.

The "shipwreck" costumes of many of those present added hilarity to the affair which was held on the lawn of the Hunter home. A coconut relay, a bubble gum contest, and various other games were diversion for the group.

Prize for the best costumes went to T. C. Williams and Miss Eleanor Kenig.

Hawaiian music was played during the evening. Watermelon was served at the refreshment hour.

About 30 persons were present, including several new members who were initiated.

The committee in charge of the party included Miss Kenig, Miss Jeannette Thornton, Miss Dorothy Hamilton, and Miss Lou Annice Reeves.

The next party is to be planned by Mr. and Mrs. Bob Reeves, Fred Stout, and Mr. and Mrs. Bud Wilson.

The following officers were inducted: Noble grand, Mrs. Florence Floyd; vice grand, Mrs. Lucille Klatt; treasurer, Mrs. Martis Miller; warden, Mrs. Anna Bell Carden; conductress, Mrs. Lillian Coplin; chaplain, Mrs. Rhoda Webb; inside guard, Mrs. May Goulder; outside guard, Mrs. Emma Hall; right support to the noble grand, Mrs. Grace Delaney; left support to the noble grand, Mrs. Lora Thomas; right support to the vice grand, Mrs. Annie Collier; left support to the vice grand, Mrs. Roxane Fuller; musician, Mrs. Margaret Fuller.

A refreshment plate was served to sixteen members and to two visitors from Odessa Rebekah Lodge No. 88.

### NEW BATHROOM GADGET

A combination toothbrush holder and toothpaste dispenser is one of the newest gadgets on the market. It's a neat, oblongish item, made of plastic, with spaces for three toothbrushes at the top and a clamp at the bottom which holds the average size tube firmly at the end with the tube's mouth hanging down. A handle at the lower right of the holder, when turned, squeezes the paste out onto the brush which you hold below the nozzle of the tube. When eventually the tube is empty, it can be released from the clamp and a full tube again inserted. The holder may be attached to the wall by household cement or small screws.

#### REFRESHING FRUIT CUP

On a hot night a lemon cup is a fine thing to start off the evening meal. Cut melon balls of pink watermelon, cantaloupe and honeydew, add a few blackberries and red raspberries for color contrast. It's beautiful to look at, too.

### Birthday Party Is Compliment To Ginger Lee Baker

Complimenting her daughter, Ginger Lee, on her eighth birthday anniversary, Mrs. D. E. Baker entertained with a party at her home, 1511 W. Washington, Monday afternoon at 3:30 o'clock.

Various games and contests supplied amusement. D'Aun Floyd won the prize in the bean guessing contest and Peggy Charlton in the card contest.

Roses and cannas decorated the house. At the refreshment hour, the pink birthday cake was lighted by candles.

Favors were hi-lo balls. The guest list included: The honoree, Joan Tom, Margibeth Carter, Peggy Charlton, D'Aun Floyd, Jean Linebarger, Jimmie Linebarger, Charles Linebarger, Merle Hines, Bartha Jo Handy, Judy Handy, and Dannie Baker.

Sending gifts were Gwendolyn Campbell and James Munsell, Kenneth Munsell, and Bobby Munsell.

### Duke Of Kent To See Canada's War Effort

OTTAWA, (AP)—The Duke of Kent, youngest brother of King George VI, arrived here Tuesday to begin a tour of air training establishments and see other phases of Canada's war effort. The duke is expected to stay about six weeks in Canada. Informed persons said there were no plans for him to visit the United States or to meet his oldest brother, the Duke of Windsor, now governor of the Bahamas.

No Matter from whence a call comes, we respond promptly, taking complete charge of every detail of arrangements.

ficiently in order to make his contract. Pepper, sitting South, won the opening lead with the ace of diamonds. He cashed the ace of spades, dropping the queen. Next he led the ace of clubs, then the jack, winning with the king in dummy. A third club was led from dummy, which Pepper ruffed with the king to shut out West. He led the deuce of spades and finessed the seven in dummy when West played low. A fourth club was led for South to ruff with the jack.

Now a low heart to the king put dummy in to cash the last two trumps, on which South discarded diamonds. When the little four of clubs was led, West found himself unable to keep protection in both red suits, and Pepper had his ambitious grand slam.

### Germany Lays Blame Of Belmont Case On Rep. Dies Committee

BERLIN (AP)—The German government has sent notes to all South American governments declaring that the Belmont note figuring in the expulsion of the German minister from Bolivia was "falsified," the well informed Dienst Aus Deutschland said Tuesday.

The authoritative comment service said that "one can conclude that the Wilhelmstrasse called the attention of the remaining South American governments to the clarification in connection with the Belmont case and to remember it if a somewhat similar situation should face them."

This development came as authorized German sources expressed belief that the Dies committee of the United States House of Representatives was responsible for the action of an Argentine congressional investigation committee in having German diplomatic pouches seized.

The anger of the controlled German press was turned on President Roosevelt in connection with the cases of Wendler and Belmont Pabon.

The Lokal Anzeiger of Berlin came out bluntly with the statement:

President Roosevelt "in his hate for Germany x x x has turned forger. He befouls his office with machinations usual only in Chicago gangster circles."

### Producers May Insure 50-75 Per Cent Yield

Under the 1942 cotton crop insurance program, Midland county cotton farmers will be able to insure 50 percent or 75 percent of their average yield, M. W. Whitmire, chairman of the Midland County AAA board announced.

The details of the United States Department of Agriculture crop insurance program are being perfected by the Federal Crop Insurance Corporation in Washington now and growers will be able to insure their next year's crop before seeding, he continued. The insurance will protect them from all unavoidable hazards, such as droughts, insects, including boll weevils, flood, plant disease, wind, fire and hail.

### Noted Geologist Dies In Hospital

**DALLAS** (AP)—Dr. Robert T. Hill, 82, who entered Cornell University in 1882 with only sixth grade schooling and received a B.S. degree four years later, died Monday night.

Dr. Hill was principal geologist of the United States Geological Survey from 1886 to 1930.

He located oil bearing sands and artesian waters in Texas where he conducted much of his research work.

A heart affliction of several years standing caused the death in a Dallas hospital of the internationally known geologist who did much of the pioneering work that resulted in the rich oil industry of Texas.

The scientist rose from a cowboy who once drove cattle up the Dodge City trail to be a noted authority on the geology of Mexico, Central America and of parts of the United States.

Found Comanche Series. With Alexander Agassiz of Harvard University, he explored the strata of the American Caribbean region. He discovered and wrote authoritatively on the Cretaceous (chalky) rocks in the Texas area and located the Trinity, Paluxy and Woodbine oil-bearing sands of the state.

He found the "Comanche Series" in the geological column of Texas, a link that did not fit in any known theory.

Funeral arrangements had not been made pending the arrival of his daughters, Dr. Justina Hull, member of the medical staff at Johns Hopkins Hospital, Baltimore, and Mrs. Jean Hill Guttersen of Los Angeles.

**TO HAVE WATERMELON PARTY** AAUW will have a watermelon party at the home of Miss Maria Spencer, 502 W. Storey, Thursday evening at 7:30 o'clock.

### Youths Lose Lives In Airplane Crash

**DALLAS** (AP)—Two youths were killed in the crash of a light airplane in a pasture one-half mile west of Farmers Branch late Monday.

William Samuel Lokey, 19, of Waxahachie, who had been living at Grand Prairie, and William A. Gilmore, 22, of Beaumont, lost their lives when the plane dived 400 feet to earth after a wing dropped off.

Lokey was an instructor of the Lou Foote Flying School of Love Field and Gilmore was employed by the Culver Aircraft Sales Co., Love Field.

The ship was a fast, low-wing two-seater monoplane.

Department of Commerce investigators said they would investigate the crash.

### Three Speakers At Monahans Luncheon

**MONAHANS** (Special)—Three talks on "selling" Monahans were made before the Junior Chamber of Commerce Monday noon.

County Agent John L. Mogford spoke on making Monahans the gateway to the Davis Mountains and Big Bend Park area, and James Sprinkle on "What Monahans Has to Sell."

M. L. H. Baze, who recently returned from a trip through the northwest, outlined methods he observed practiced by Junior Chambers of Commerce in several states.

E. L. Kent, vice-president, presided in the absence of President J. H. Starley.

### Blodgett Is President Of Christian Endeavor

**MONAHANS** (Special)—Terrell Blodgett has been installed as president of the Christian Endeavor of the First Christian Church, and Mr. and Mrs. E. S. Ellinger named sponsors of the group.

Other officers are Burl Walters, vice-president; Billie Lou Wilhite, secretary-treasurer; and Mary Frances Jernigan, program committee chairman.

### SERIAL STORY

## LESSONS IN LOVE

BY JERRY BRONDFIELD

COPYRIGHT, 1941, NEA SERVICE, INC.

**YESTERDAY:** Faced with the problem of entertaining an Indian, Barbara plans to take Dugan Blake to a formal party at the Starlight Terrace. Barbara admits that Dugan is really quite presentable, but she enjoys the prospect of showing him off to her friends. Dugan assures her that he has formal clothes for the occasion and Barbara is chagrined to discover that Dugan's regard for her circle of sophisticated friends is not too high.

### DUGAN GOES FORMAL

#### CHAPTER III

"NOTHING like relaxing after dinner," said Uncle Hank, pulling out his pipe. "Beautiful night, too."

"The stars, especially," Dugan said softly, turning his head skyward.

Barbara noticed his profile and it bothered her. "Surely your Oklahoma stars must be much prettier," she said loftily.

He turned to her. "Yes," he replied slowly. "They are. Much prettier. You'll have to come down and see them sometime."

"Would it be safe?"

"Quite," he assured her. "You have my guarantee."

"What's it worth?"

He walked up to her, very deliberately. "Much more than those given to a lot of my friends by some of yours, years ago."

From the depths of his comfortable chair, Uncle Hank groaned. Something told him he had engineered a little too much.

Hank dropped into Dugan's room before they retired. "Well, Dugan my boy, what do you think of her?"

Dugan grinned as he yanked off his tie. "Hank, she's the most beautiful thing I've ever seen. Looks as though she has more spirit than a Pinto pony, but very obviously, uh..."

Hank grunted. "Spoiled... very obviously. All my fault, too. I raised her since she was a kid and I didn't have too much time to devote to her. She's had everything... probably too much. And believe me, Dugan," he added, jabbing a stubby finger for emphasis, "the man that gets her will need a plenty strong rope and a high collar."

Dugan Blake was inclined to agree. The lovely Miss Chase, he understood, had talents no end.

each nodded dumbly. All but Sue. Her pent-up breath exploded. "Boy! isn't he the item!"

Dugan, sitting down between Barbara and Larry, smiled. "I seemed to have a little difficulty getting in. Especially with the head waiter."

"Did he try to stop you—for some reason or other?" one of the girls queried.

Dugan leaned toward her slightly. "He changed his mind, however. I told him I would cut out his heart and throw it to the dogs."

SOMEONE knocked over a water glass. Barbara turned to Dugan, frigidly. "Your costume is colorful, if not correct."

"It is not a costume and it is correct," he replied evenly. "Evening clothes are supposed to be the finest one has. These are the finest an Indian can wear. This feather," he added, "was part of the very correct ceremonial dress I wore when made chief of my tribe. And now—may I be honored with a dance?"

Barbara looked startled. "I think I can manage," he added significantly.

His assurance was an understatement. His dancing was smooth, superb, as good as that of any man she had ever known.

There was a bright flash as they glided near the end of the floor. Someone had taken a picture.

At the table Sue nudged Larry Grover. "If he's an Indian, it's me for the great open spaces," she said enthusiastically. "Ever see eyes like that... and look at those shoulders?"

Larry grinned. Then he sat up stiffly. "If he's an Indian—" "What did you say?" Sue asked.

"Nothing," he said curiously. Larry took them home when it was all over and bade them good night.

Barbara let her wrap slide from her shoulder as Dugan opened the door. "Allow me to say I had a very fine time," Dugan said gravely. "It was very interesting."

"Interesting?" Barbara echoed. "I'd say it was slightly on the riotous side. I won't hear the end of this for months, thanks to you."

"Thanks to me? You had planned a show. So we had a show. But we have a saying, Miss Chase... the whip can strike from both ends."

### Page Says Registrants Subject To Some Rules

**AUSTIN** (AP)—Men who registered July 1 under the Selective Service act are subject to the same rules of classification as those previously enrolled, Selective Service headquarters announced Tuesday.

State Director J. Watt Page asserted that under no circumstances will the new group of potential trainees be classified and considered for possible military training en bloc.

He added no local board can classify an individual registrant before his number is reached, except in the case of volunteers.

The second national lottery served as a guide for every board to integrate its new registrants among those who registered last year and that integration must be carried out so that the recent registrant will be classified only in fair and equitable relation to those men not yet inducted, Page said.

### Market Has Troubles, Leaders Into Declines

**NEW YORK** (AP)—The stock market was beset with profit cashing troubles Tuesday and, while an assortment of favorites overrode barriers, many leaders stumbled into losing territory.

The list tilted forward at the start but was forced to call a halt when offerings began to appear. From then on the direction was cloudy and irregular trends prevailed at the close.

Frequent fast periods were interspersed with slowdowns but transfers for the full proceedings were in the neighborhood of 1,000,000 shares.

**TOKYO** (AP)—Koh Ishii, Japanese cabinet bureau of information spokesman, announced Tuesday that Japan has frozen the assets of the Netherlands and the Netherlands East Indies.

### Wool

**BOSTON** (AP)—(U. S. Dept. Agr.)—Very few inquiries were received Tuesday for fleece wools in the Boston market. Quotations were steady compared with last week, but they were largely nominal due to lack of trading. Combing 3/8ths and one fourth blood bright fleeces wools were quoted at 45 to 47 in the grease. Graded territory wools of the fine and one half blood grades had a very moderate demand at prices unchanged from last week.

### Houston Sweeps Indians Series

By The Associated Press  
Carrening along in juggernaut style, the Houston Buffs, Texas League leaders, trounced their hosts, the Oklahoa City Indians, 4-0 in an 11-inning contest last night to sweep a three-game series. Howard Pollett was credited with his 17th victory of the season.

Despite three-hit hurling by Bill Scott, the San Antonio Missions dropped a 3-2 decision to the Oilers at Tulsa.

The Beaumont Exporters fell before a 14-hit attack by the Cats at Fort Worth. Art Rebel and Joe Greenberg were the chief stick artists for the Cats, who have notched five consecutive wins.

Sparked by long-hitting Murrell Jones, the Shreveport Sports bowled over the Rebels at Dallas with a 17-

### Film Patrol Proves Practical At Track

LOS ANGELES (AP)—The film patrol, motion picture cameras which record an entire race, was so successful in its debut at Hollywood Park that it soon may be used at eastern horse tracks.

That was the consensus of Hollywood Park officials after using the machines throughout the 51 day meeting which closed Saturday.

The patrol consists of eight cameras, placed at eighth-mile intervals around the mile track. Each photograph the race for one-sixteenth mile in each direction. When the 16 mm. films are spliced, they give a complete picture of the race from start to finish.

Films were shown publicly the morning following the day on which they were made.

hit offensive that gave them a 12-3 win. Jones banged two home runs over the left field fence.

### Wilson Plasters 10-4 Defeat On Texas Company

Wilson Dry Goods started a climb out of the city sports league cellar Monday night and they slapped a 10-4 defeat on second-place Texas Company to do it.

For the first time this season it was Wilson's night and they howled. Carter, Warren, and Hicks hit extra base clouts. Carter's was a triple, Warren poked a homer in the first frame and Hicks hit a two-bagger. Besides being on the hitting beam the Airporters executed a double play—Mecham, thirdbase, to Carter, first base.

Texas, normally a fast fielding crew, committed five errors and the club's hitting was not as effective as the Wilson's. Pace, Texan pitcher, struck out 10 Wilson batters. Jones and Pace hit two-base clouts and Hart banged a triple.

### Sports Roundup

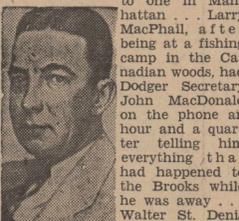

By Eddie Brietz  
NEW YORK—Tip: Connie Mack, who came up with one of the year's prize rookies in Third-Baseman Pete Suder, really will make their eyes pop with the youngster he brings up from the farms in 1942.

Laundry Proprietor J. Donald Budge has transferred his draft registration from an Oakland (Calif.) board to one in Manhattan.

Larry MacPhail, after being at a fishing camp in the Canadian woods, had Dodger Secretary John MacDonald on the phone an hour and a quarter telling him everything that had happened to the Brooks while he was away.

Walter St. Denis and Mike Jacobs, Eddie Brietz who rowed about a year ago, have kissed and made up. Walter probably will go back as publicity major-domo of Joe Louis' camp for the Nova bout, while Jack Miley will do the tub-thumping for Lou.

Nova, by the way, writes Manager Ray Carlen that he wants to stay up in the Maine woods until August 10 and Carlen, just back from Florida, promptly went to bed with a heavy cold.

We hear the only colt from Seabiscuit's first get broke a leg and had to be destroyed a few days ago at Charley Howard's California farm. The tennis troupe are crediting Mrs. Sarah Palfrey Cooke's pappy for her impressive record on the tennis courts this summer. It's husband Elwood's master-minding, they say, which has won her the New England, middle states, Eastern Clay Court and Sea Bright titles.

Speaking of tennis, seven of the young men playing at Southampton this week have been champions of Santa Monica (Calif.) at one time or another.

That Sunday doubleheader in Pittsburgh was hard labor for all the Dodgers except one—catcher Herman Franks, who beered on a decision in the first inning of the first game and promptly was bounced.

### Prokish Strikes Out Ten Batters In Sewell's Win

Prokish, Sewell Motor's pitcher with the boyish bob, limited John P. Howe's ten to two hits and struck out 15 Monday night in her team's triumph 10-3 over the "girls in blue."

She poured in the pitches like a siege gun and her "side-winding" slants baffled Howe hitters.

Mickey Musgrove, Howe pitcher, hit a home run in the seventh, Gray, B. Brummett, and Prokish hit two-baggers for Sewell.

Sewell's win shaved a game off Howe's lead in the women's circuit. The Odessans got five runs in a big fat fourth inning spurge. Added to five runs chalked up in the first and second it meant the ball game. Howe's scored one each in the third, fourth, and seventh.

**Brooklyn Dodgers Move To St. Louis For Prime Series**  
By Bill Boni  
Associated Press Sports Writer

Wobbling on both their hitting and their pitching legs, the Brooklyn Dodgers moved into St. Louis Tuesday for what may be the "make or break" series of their National League pennant aspirations.

Just two weeks ago those Dodgers were in first place, enjoying a four-game margin over the Cardinals. Then the hard-running, hard-hitting, ever-scraping Redbirds moved into Ebbets Field, beat the Brooks in both contests of a short series, and started them on a toboggan slide that has them two lengths back of the Cards.

The source of this present Dodger dilemma seems to be a combination of things, including pitchers who haven't been able to hold leads, hitters who haven't given those pitchers any big leads to hold, and, apparently, lack of sufficient youth such as is sparking the Cardinals and the oncoming Pittsburgh Pirates.

**Pitchers Fail**  
Up to that fateful July 15 Whit Wyatt and Kirby Higbe, with the help of Hugh Casey, were mowing down the batters in fine style. But not one of the three has been able to win since, and the only three victories in the Dodgers' 12 tilts in those two weeks have been credited to Curt Davis and Mace Brown, in relief roles and to Luke Hamlin, who needed help from Higbe.

Hamlin was expected to get the call for Tuesday's encounter with the Cards, first of two, against Lou Wameke or Max Lanier. For the second game it likely will be Higbe again, who already has worked in four of the seven contests on Brooklyn's current western trip.

Yesterday's Major League holiday, in addition to giving time to study the Brooklyn plight, also gave the statisticians a chance to collect some new figures on the New York Yankees. These latest are attendance figures, which show that in 41 home dates the American League leaders have averaged 19,569 paid admissions.

## ... ever make a hole in one?

One of life's great moments—making a hole-in-one! Pelt a little white pill into the cup from a tee and you'll become a golfing "great." Your friends will shower you with gifts and congratulatory gab.

Another moment—equally exhilarating—is the instant your palate greets grand-tastin' Grand Prize Beer. Say, when you sample this golden ambrosia—ice cold and comfortin'—you'll discover why Grand Prize lives up to its celebrated name.

All the deep mellowness that comes from painstaking care and long aging makes this grand-tastin' beer a summertime favorite. Grand Prize chases thirst in a hurry, too! Yet this grand brand—brewed from costly ingredients by "killed Texans—is not costly to buy. It's the grand-tastin' beer that you can afford... one you can serve with pride. Try it today!

### Mackmen Take On Steam, Set Sail For Loop Leaders

By Ted Meier  
PHILADELPHIA (AP)—After seven lean years Connie Mack and his Athletics may finish in the American League first division, the first step on the way back from the cellar to the former glories of the 1910-'14 and 1929-'31 championship eras.

Victorious in seven of their last eight starts, the A's now are virtually tied with the Chicago White Sox for fourth, a fraction of a percentage point favoring the Sox. The argument between the two clubs will be decided in a three-game series underway.

Wise old Connie and his players feel they will dispose of Jimmy Dykes' club. Then they plan to overhaul Boston for third place.

"If we go that high," declared Connie, "we can make second. The Yanks are the class of the league but from second place to fifth it's anybody's race. If our pitching holds up and we keep hitting with men on there's no telling what may happen."

Not since 1933 when the Mackmen finished third have they been as high in the race at this stage of the campaign. They have won 45 and lost 48 and are virtually certain to win more than 56 games, the most they have won in any one season since 1934.

### Baseball Teams To Compete For \$5000

DENVER (AP)—Sixteen strong and colorful baseball outfits from seven states have announced their intention of appearing at Merchants Park this week to seek the 26th annual Denver Post tournament title and the more than \$5,000 cash that goes with it.

Total prize money will probably exceed \$15,000 when the battling starts Thursday afternoon, depending on the gates.

### Wood And Ghezzi Will Play Match

GIRARD, Ohio (AP)—Golfdom will unofficially crown its world champion this week-end in a 72-hole battle between the two major title holders.

Personable Craig Wood, National Open king, and broadshouldered Vic Ghezzi, winner of the P. G. A. tournament, tangle in the match test over the Mahoning Country Club Course Saturday and Sunday.

Besides the "world championship," the victor will pocket \$2,500.
