## Mussolini And Hitler Discuss Duration Of War

Two Axis Leaders Meet At Fuehrer's Quarters On East Fighting Front

BERLIN (AP)—Adolf Hitler and Benito Mussolini concluded a meeting on the eastern front Friday with the announcement they aimed at removing the causes of war and developing co-operation for all the peoples of Europe, predicated on complete Axis victory.

By The Associated Press  
Adolf Hitler and Benito Mussolini have met at the Fuehrer's east front headquarters for the last five days, it was announced in Berlin Friday, and an official communique indicated the Axis leaders were concerned about the duration of the war.

While their armies afield reported smashing new blows against the Russians, the Fuehrer and Il Duce were said to have discussed "the development and duration of the war."

It was the first time they had been described as concerned over the length of the conflict.

Whether the totalitarian chiefs envisaged an early end to the bloody two-year-old struggle—possibly another peace offensive—or took decisions for momentous new military ventures was not revealed.

**Reds Destroy Viipuri**  
The Japanese cabinet met in emergency session to discuss the Far East situation, with high military officials in attendance.

On the Russo-German war front, Hitler's invasion armies have captured the long-besieged city of Tallin, capital of Estonia, the German high command announced, and a violent naval battle was believed raging in the Gulf of Finland with the Germans attempting to smash a fleeing armada of Soviet warships and troop transports.

German and Finnish fleets and warplanes were said to be attacking the Russians in their flight from the burning capital. Finnish aerial observers also reported great fires reddened the skies last night over Viipuri, indicating that the Russians were destroying that Karelian capital 75 miles north of Leningrad. The flames were visible 32 miles away, the Finns said.

Along with the Nazi capture of the Dnieperpetrovsk (Pop. 500,000), making the end of the great battle of the Dnieper River bulge, the Russians conceded that German assault troops had penetrated to the approaches of Leningrad.

## Crosby To Compete In Midland Rodeo

Bob Crosby, former world's champion steer roper, will compete in the Midland Rodeo.

The Roswell, N. M. rancher recently was injured in a title match but is returning to rodeo competition. He recently competed in the Cheyenne Rodeo. Crosby will enter calf roping contests.

It will be a homecoming for Crosby, who was born in Midland County. He was champion steer roper several years.

## Chief Executive Places Resources With Super Board

WASHINGTON (AP)—President Roosevelt, striving anew to step up arms production, concentrated the supreme control of all the nation's natural resources Friday in a seven-man board headed by Vice President Wallace.

This board—a super-ministry of supplies—was charged with the duty of deciding what proportion of the country's materials and productive power must go for military essentials, and what may be spared for civilian needs.

These decisions perforce will result in some civilian hardships, the White House stated, but it reported that the Office of Production Management was seeking to ease them as much as possible.

President Roosevelt issued an executive order Thursday night creating the new body—the supply priorities and allocations board. In effect, it meant a reorganization of some of the existing defense machinery, and a limited re-shuffling of some key defense personnel.

**Nelson May Be Leader**  
The new board was empowered to deal primarily with the supply question, but its scope evidently extended to numerous other problems which have given rise to complaint.

To it Mr. Roosevelt named:  
Vice President Wallace;  
William S. Knudsen, director general of OPM;  
Sidney Hillman, co-director of OPM;  
Secretary of War Stimson;  
Secretary of Navy Knox;  
Leon Henderson, head of the office of price administration and civilian supply; and  
Harry L. Hopkins, special presidential assistant in charge of the lease-lend program.

For executive director of the board, the President selected Donald M. Nelson, former Sears Roebuck & Company executive who has been serving OPM as director of purchases.

Many officials were inclined to look on Nelson as the coming No. 1 man of the new organization.

# Thousands Of Fans Will Gather Here For Midland's Greatest Western Exposition

## Stevenson Will Open Midland Rodeo Gates As Texas Shows Start

By Brack Cusby  
Associated Press Staff Writer

Governor Coke Stevenson will swing open the gates of the seventh annual Midland Rodeo Saturday to launch Texas on its annual round of early fall fairs, rodeos and regional celebrations.

Texas cities from Amarillo to Abilene and from Ranger to Terrellville will be host to thousands of visitors during the last days of August and throughout September.

Midland's three day, six performance, thrill-packed Western extravaganza will feature the governor riding in the opening 2-mile long parade that will include the famous Hardin-Simmons University Cowboy Band, several high school bands, and 250 riders.

Rep. R. E. Thomason and his House sub-committee on military affairs, which will arrive by plane from an inspection tour of army construction work, will ride in a special car.

At Hillsboro Saturday more than 1,000 Texans will gather at the annual barbecue given by Burris C. Jackson and several friends in honor of five men named as the state's outstanding leaders who have rendered faithful and valuable public service.

Crawford's second annual rodeo and horse show will start Saturday with an old-fashioned horse fair featuring thoroughbreds, saddle horses, quarter horses, calicos, Shetlands, walking horses and draft stallions.

The celebration will continue Sunday and Monday with a parade of mounted Waco police scheduled Sunday night.

Throckmorton's county fair and rodeo Sept. 3-4 will feature horse girls from a number of surrounding towns, including Olney, Newcastle, Graham, Jacksboro, Mineral Wells and Breckenridge.

Highlights of Hallettsville's Lavaca fiesta will be the coronation of the fiesta queen Sept. 5. Duchesses from Columbus, Weimar, Gonzales, Cuero, Moulton, Waelder, Wallis, Schuenburg, LaGrange, Wharton, Yorktown and Shiner will be in the royal court. Queen of the fiesta will be chosen by popular vote in Lavaca County.

## Two-Mile Procession Of Colorful Horsemen Starts At 10 A. M. And Contest Performances At 2 P. M.

Midland is ready! Its seventh annual top-notch western feature attracting thousands of West Texans from every nook and cranny of the great Southwest cattle country opens Saturday with \$6,500 in purses and prizes and enhanced attractions. It is a three-day, thrill-packed rodeo in a \$60,000 setting.

Event one—the two-mile-long parade of cowgirls, top cowhands, contestants, celebrities, gaited show horses, and hundreds of miscellaneous riders, moves out at 10 a. m. Visitors and citizens totaling 12,000 are expected to line the streets to witness the colorful opener.

Music will be furnished by the Hardin-Simmons University Cowboy Band of Abilene. West Texas high school bands have been invited and Midland and Odessa bands are definite entries.

Governor Coke Stevenson, a Kimble County rancher, expects to be on hand Saturday to ride in the parade and appear at the opening performance that afternoon.

Congressman R. E. Thomason, representing the West Texas cattle producing area, and his sub-committee on military affairs, inspecting U. S. Army construction work, will be honor guests Sunday and Monday. Others in the party besides Thomason of El Paso are: Congress-

# City Asks \$259,000 For Defense Needs

The City of Midland Friday filed applications totaling \$259,000 with the Federal Defense Public Works Division to take care of its additional needs in connection with the Advanced Twin-Engine and Bombardier Training Center at Sloan Field.

Percy E. Bolser, project engineer representing the regional director of the El Paso area, transmitted to the regional offices in Fort Worth the applications for the needed facilities.

One application asks Federal assistance of \$35,000 for water system extensions; another asks \$89,000 for sewer system extensions and additional disposal facilities; \$52,000 is asked for a recreational unit, and

\$83,000 for widening of excess streets in Midland.

The financial aid requested by the city was made possible in Congress by passage of the Lanham Act which appropriated \$150,000,000 for community facility aid.

This appropriation is being administered by the Federal Works Agency, Defense Public Works Division.

**President Must Approve**  
Each application is given an individual examination by the regional office and several other interested agencies and after receiving a recommendation from the regional director it is forwarded to the central office in Washington for further study and final recommendation.

If its eligibility is proved, the application next is forwarded to President Roosevelt for his approval. As soon as he approves it, an allotment is made.

Midland is in Region No. 8 which comprises Texas and Louisiana. To date more than \$100,000,000 in applications have been received for consideration.

Any community immediately adjacent to any National Defense activity is eligible for assistance, if it is needed.

If Midland's applications are granted, city officials indicated a bond election probably will be necessary to defray the city's share of the costs, once they are determined.

Midland has approximately \$179,000 invested in Sloan Field which it leased to the War Department for \$1 a year to do its part in the national emergency.

## Mrs. J. V. Avara Dies In Amarillo

Mrs. J. V. Avara, about 43, former Midland citizen and mother of Mrs. Kenneth Webb, died at her home in Amarillo Thursday after an illness of nine months.

Funeral services were scheduled at 4 p. m. Friday at Amarillo. Burial will be there.

Survivors include: Her widower of Amarillo; daughter, Mrs. Webb, of Midland, and several brothers and sisters.

Mrs. Avara lived here two years ago. She was a native of Jacksonville, Texas.

Mrs. Webb and daughter, Vera, and son, Jerry, have gone to Amarillo for services.

## First Ordovician Well In Crockett Flows By Heads After Acidizing

By Frank Gardner  
Oil Editor

Amerada Petroleum Corporation No. 1-B J. S. Todd unit, discovery well of the first Ellenburger, lower Ordovician, pool in Crockett County, is flowing by heads through one-inch choke on 2-inch tubing set with packer at 6,185 feet.

The strike has been acidized with 2,000 and with 6,000 gallons in successive stages through 150 gun-perforations in 5 1/2-inch casing from 6,202-52 feet. Hole is bottomed at 6,255 feet, plugged back from 6,300 feet to exclude sulphur water. Following the 6,000-gallon treatment, No. 1-B Todd was swabbed into pits from 3:30 a. m. to 4 p. m. Thursday. It was turned into tanks at 4 p. m. and in six hours flowed and swabbed 43 barrels of oil out two per cent with spent acid and four per cent with basic sediment, swab being run once hourly. From 10 p. m. Thursday to 8 a. m. Friday it flowed 80 barrels of fluid, four per cent acid residue and one-half of one per cent b. s., through one-inch choke on tubing. Operators are continuing to test the well. Swab will be run at intervals to clean out the balance of acid water and b. s. off bottom. No. 1-B Todd is one mile northwest of the Todd Deep pool, producing from crinoidal lime of the Strawn, lower Pennsylvanian.

The Ordovician discovery has been offset in two directions. As a west offset Amerada will drill No. 1-D Todd 660 feet out of the southeast corner of section 12, block 10, G. C. & S. F. survey, while its No. 1-E Todd has been staked as a diagonal southwest offset, 660 feet out of the northeast corner of section 13, block 10.

**Dawson Wildcat**  
Standard Oil & Gas Company No. 2 Lillian Scanlan, Northwestern Dawson County wildcat four and one-half miles northeast of production in the Cedar Lake pool of northeastern Gaines County, halted coring at 4,930 feet in dolomite. Operators may run a drillstem test. It was cored continuously from 4,845 to 4,930 feet with cores described as dolomite bleeding oil and with slight staining of oil. Water was evident from 4,910-11 feet and last core, from 4,917-30, returning 12 1/2 feet of gray, crystalline, anhydritic dolomite carrying water, with an odor of oil and a trace of porosity present.

L. C. Harrison and associates are rigging up spudder to finish cleaning out their No. 1 W. G. Nairn estate, Lubbock County prospect. Hole has been cleaned out with rotary to within 16 feet of bottom. After the well has been cleaned to 5,002 feet, total depth, operators will run tubing with packer in an attempt to make it flow. Earlier in the week, after it had been cleaned out to 4,932 feet, it swabbed 106 barrels of fluid in eight hours through 2-inch tubing set at 4,887 feet. Oil was diluted two to 10 per cent with b. s. and water. Part of the oil was believed to be circulating oil. No. 1 Nairn was acidized with 2,000 gallons at 4,916 feet and shot with 460 quarts from 4,885 to 5,002 feet after deepening.

Seeking Clear Fork, lower Permian, production in the Southeastern Cochran County portion of the Slaughter field, Atlantic Refining Company No. 21 H. T. Boyd is drilling at 6,299 feet in lime. Trinity Drilling Company No. Dan Auld, Western Lynn County wildcat, still is shut down for engine repairs, bottomed at 2,420 feet in anhydrite and salt.

**Barnhart Pool Opener**  
Amerada No. 1-RA University, discovery well of the Barnhart Ellenburger area in Southeastern Reagan County, is preparing to swab after gun-perforating 5 1/2-inch casing with 23 shots from 9,010-17 feet. Total depth is 9,082 feet, plugged back from 9,254 to shut off bottom-hole sulphur water. The well already is assured of production, having flowed 95 barrels a day, natural, while bottomed at 9,080 feet. It topped Ellenburger section at 8,960 feet.

Plymouth Oil Company No. 1 Alford et al. scheduled Ordovician test in Eastern Upton County, is drilling past 7,900 feet in black shale and sandy lime.

In the Sand Hills pool of Western Crane County, Gulf Oil Corporation No. 5-A J. B. Tubb is preparing to set casing. The well topped the Ellenburger at 5,747 feet. Core from 5,755-65 feet, total depth, returned three feet of fractured, oil-stained dolomite. A one-hour

## Harriman To Head Moscow Mission

WASHINGTON (AP)—President Roosevelt disclosed Friday he would appoint W. Averell Harriman head of an American delegation which will go to Moscow to consider the problem of aid to Russia.

Harriman has been in London handling lease-lend operations, and Mr. Roosevelt said John Biggers, who has been in charge of production for the Office of Production Management, would take over Harriman's duties in the British capital. The delegation to Moscow, which will meet with corresponding British and Russian groups, may be appointed within a few days, the President told a press conference, and may have a half dozen members.

## Retail Stores To Close Half Day

Midland retail stores will close Monday afternoon to observe Labor Day.

The banks, post office, governmental agencies, oil offices, and most of the courthouse offices will be closed.

City offices and the draft board office also will be closed all day. Workmen at the Advanced Twin-Engine and Bombardier Training Center will take a holiday.

No special program for Labor Day is planned in the city but its observance is included in the rodeo.

## Former Premier Loses Ground In Fight To Recover

PARIS, German-Occupied France (AP)—Fears for the life of Pierre Laval mounted Friday night as doctors attributed a sustained high temperature to a possible infection in the assassin's bullet wound, just below his heart.

The possibility of peritonitis was regarded as mortal peril.

Physicians were said to be considering an operation to extract the bullet in those circumstances even though they had rejected surgery at first as too dangerous and had ordered the bullet left untouched.

The doctors evidently were anxious as Laval's temperature stayed at 39 degrees Centigrade (102.2 degrees Fahrenheit) from early this morning until 4 p. m. this afternoon.

The sudden turn for the worse occurred overnight. If the high temperature should prove due to the beginning of an infection, it was pointed out, vital organs may be affected, since the bullet is lodged only about nine-tenths of an inch from Laval's heart.

Because of the danger of disturbing Laval, the examining magistrate for Paul Colette, who shot Laval and Marcel Deat Wednesday, and the prosecuting attorney were barred from the hospital from when they called before noon.

## Will Show Pictures Of Lone Star State

The first showing of the "Cavalcade of Texas" here will be one of the attractions of the Labor Day and Rodeo week-end in Midland.

It will be shown free at 10 p. m. Saturday night on the courthouse lawn. The sound film depicts in picture, song, and story the Lone Star State, its oil fields, ranch scenes, Big Bend country, and other sectors.

It will be brought to Midland by A. Garland Adair, Texas Centennial of Statehood commissioner and curator of patriotic exhibits in the Texas Memorial Museum.

## Latest News Flashes

### U. S. To Release Many Third Army Soldiers

WASHINGTON (AP)—The War Department announced details Friday of plans for releasing 200,000 soldiers from military service by the end of the year, and disclosed the largest group would come from the Third Army.

### Doctors Will Operate On Laval

PARIS (AP)—Doctors decided to attempt an emergency operation on Pierre Laval late Friday to remove an assassin's bullet from just below his heart to save his life.

### Japanese Protest U. S. Aid To China

TOKYO (Saturday) (AP)—Japanese said that Premier Konoye's message to President Roosevelt stressed Japan's desire to end the Chinese war, and spokesmen complained bitterly against British and United States aid to Chiang Kai-Shek.

## Says Pipeline Steel Will Hurt Maritime Group

Chairman Explains Plan As Most Practical Way To Help East Shortage

By The Associated Press

WASHINGTON—Admiral Emory S. Land proposed Friday construction of 100 oil carrying barges as the speediest and least expensive solution for shortages of gasoline and fuel oil along the eastern seaboard.

The blunt-spoken chairman of the Maritime Commission said he was opposed to construction of a huge new pipeline from Southwestern oil fields to the East because it would take 750,000 tons of steel badly needed by the Navy and Maritime Commission.

The Admiral told a Senate committee that the barges could be towed by tankers and other ships and could be constructed at the rate of 20 a month starting in January, with about 100,000 tons of steel.

"I don't know where they are going to get this 750,000 tons of steel (for the pipeline) but if it's to come out of the Navy or my ships, then I'm against it," Land said.

### Maloney Testifies

Shortly before this Land said that seizure of 26 tankers by South American republics was under a "pro forma agreement" and that some of these might be used within two months to meet any petroleum shortage in this country.

Senator Maloney (D-Conn.) said Friday numerous vital defense industries along the Eastern seaboard "are terrified because they have only four or five days supply of bunker oil."

The chairman of the special Senate committee offered this comment as he questioned the wisdom of diverting so many American tankers to other than normal transportation of petroleum products to the Eastern seaboard.

## Pacific Coast Will Face Curtailment Of Gasoline Sales Soon

WASHINGTON (AP)—Senators asked for full information on the operations of the nation's oil tankers fleet Friday after learning that the Pacific Coast soon may face the same curtailment of gasoline sales now effective along the Eastern Seaboard.

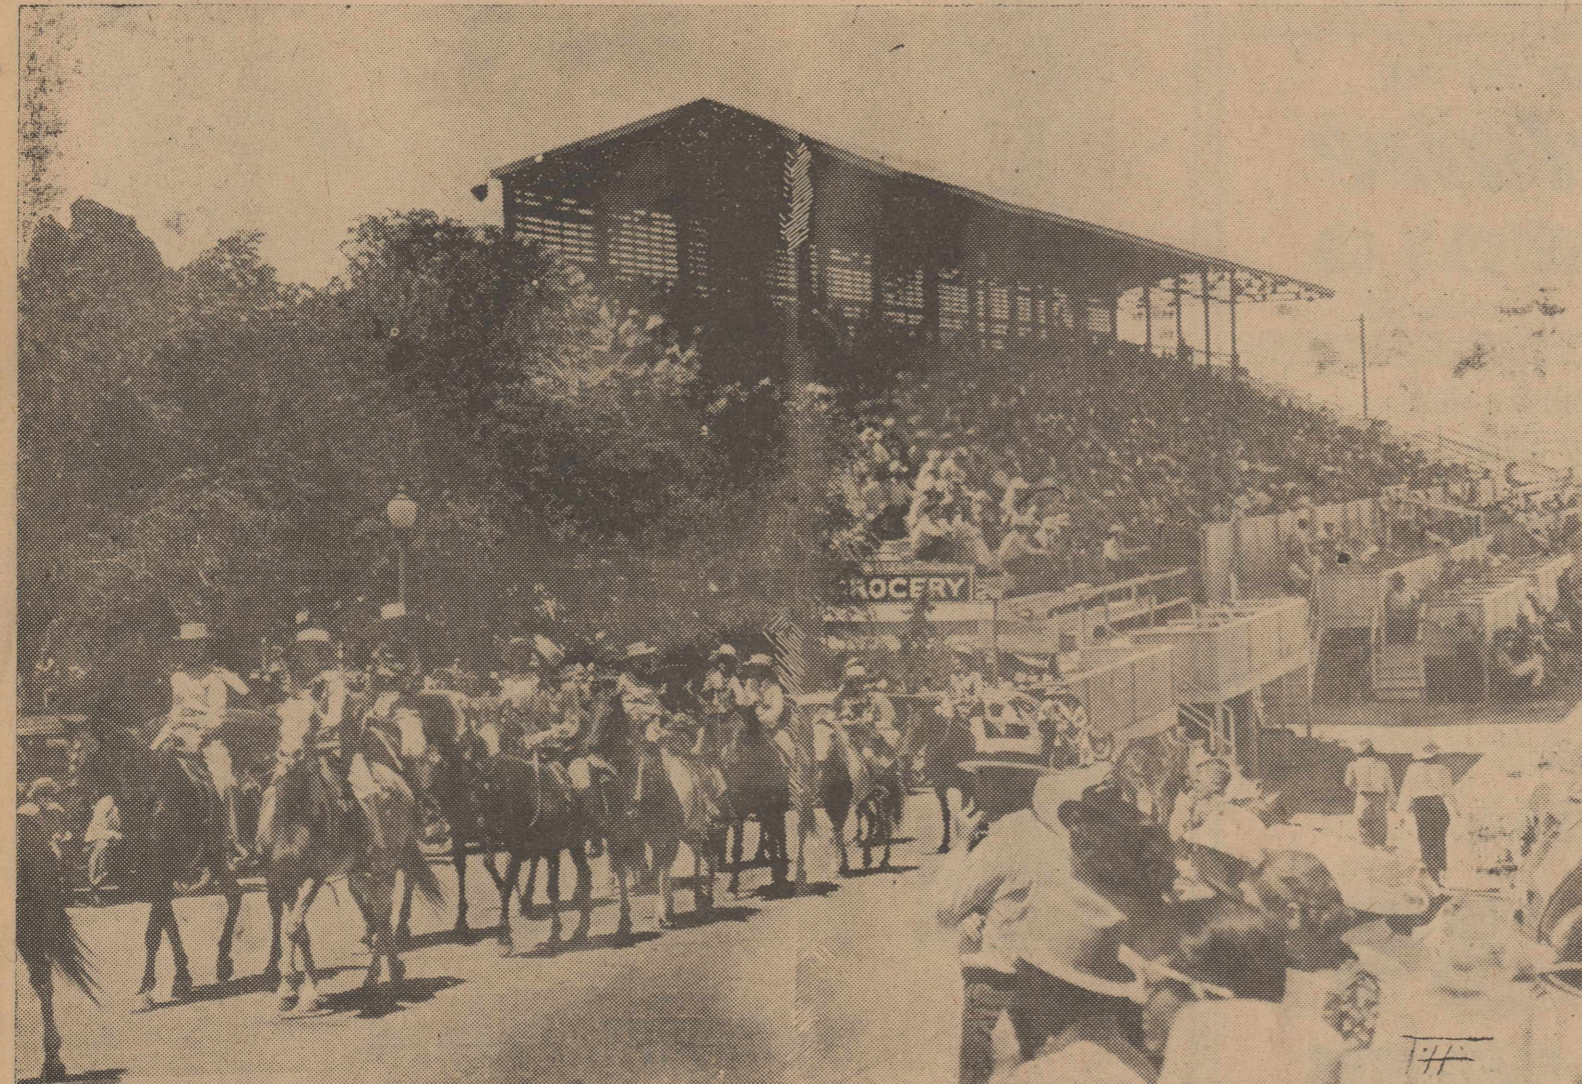

Admiral Emory S. Land, chairman of the Maritime Commission, was called before the special Senate group investigating shortages in petroleum products to supply data on tankers which normally haul millions of gallons of gasoline and fuel oil from the gulf ports to the Atlantic Seaboard.

The warning that West Coast motorists soon may be limited at gasoline filling stations came from Ralph K. Davies, acting petroleum coordinator, who filled both sessions of initial hearings with a long survey of the present situation.

Several of the five senators conducting the inquiry wanted to know why only motorists in the populous East had been asked to conserve gasoline. Some said that the entire country should share in National Defense burdens.

Davies agreed but explained that officials had been more than busy trying to cut gasoline use in the East and that they planned a similar reduction of 15 per cent in supplies for retail outlets on the Pacific Coast.

## Rodeo Fans Gather To Witness Opening Parade And Six Colorful Shows

The Midland Rodeo annually attracts a colorful crowd from Texas to its six shows the afternoons and nights of Aug. 30, 31 and Sept. 1. A long parade the morning of the first show on Saturday will sound the gun for exciting events that yearly pack the modern grandstand of Midland Fair, Inc.'s, fine new plant. The picture shows the stands and a portion of the parade.

## The U. S. Influence For Peace

It is being freely said that in some mysterious manner President Roosevelt holds the peace of Europe and of the world in his hands; that a word from him would stop the war.

That is a frightening power and responsibility to attribute to any one man. If it were literally true, it is hard to see how any man could fail immediately to exercise that power.

To what extent is it true, and in what manner? Let us see.

First, it is all too clear that the rest of the world would not stop fighting merely because the President of the United States told it to. We have long and bitter experience to prove that. We have the fact that the President, using only moral suasion, asked most earnestly on Aug. 25, 1939, that the war be avoided. In virtually identical notes to Herr Hitler, to President Moscicki of Poland, and to King Victor Emmanuel of Italy, he asked, in the name of all humanity, that they refrain from hostilities for a period during which negotiations could be arranged. Poland replied favorably, and Roosevelt transmitted its reply to Hitler, again appealing that "countless human lives can yet be saved, and hope may still be restored . . . if you will agree to the pacific means of settlement accepted by Poland . . ." In vain.

There is no reason to believe that today an appeal on purely humanitarian grounds would have any effect at all.

On what ground, then? Only on the ground of action, immediate or potential, by the United States. Even the peace appeal of former Ambassador Cudahy had an "or else."

What action, then? One possible action would be to threaten the British with cutting off all material aid. Perhaps, seeing then that they could not win, the British would sue for peace, which, based on the existing military situation and the known German ambitions, could be little different from the "peace" of complete German victory.

Another possible course would be to threaten the Germans that we would declare war if they refused a peace based on the Eight Points. But that implies willingness to back up the offer with an "or else," which is just the possibility which those will not admit who are most zealous in suggesting peace.

In short, any influence which the United States may now have in world affairs rest primarily on two things: the force at its disposal, and its apparent willingness to use that force to back up the kind of a peace it believes to be right.

The only realistic influence for peace that the United States has at the moment lies in building tremendous force and power, and committing that power only to the support of such belligerents as give evidence of being willing to create a decent peace; retaining the right to shift that support to any power which at any time gives credible evidence of working toward such a peace.

## Behind The Headlines

By DeWitt MacKenzie

The attempted assassination of Pierre Laval in Versailles, and the widespread sabotage directed against the Nazi overlordship in France, may be the grim outward signs of a rebirth of the French nation.

It is too soon to determine that point yet. The land of Lafayette is desperately ill and the crisis has not been reached. Only time can tell what the end may be.

If there is any surprise attached to the attack on Laval, it surely must lie in the fact that it didn't come sooner, for he walked in the shadow of death. This pro-Nazi politician, who had been the premier of a free republic, has been standing for collaboration with that Hitlerian regime which for a time appeared not only to have crushed the body of France but to have killed her spirit as well.

To Slow Down Machine. It may be unfortunate for France that events should have taken such an explosive turn at this juncture. It can only result in the exaction of great penalties by the Germans. Already they are speeding their round-up of enemies of the Nazi regime. The glittering blade of the guillotine is again in operation.

This column recently reported that Britain seemed worried lest the growing spirit of revolt among the peoples of the occupied countries might result in premature uprisings against the Germans. This could only hurt the Allied cause, since the punishments inflicted by the Nazis would tend to intimidate other con-

quered nations. Since my report, but prior to the Laval incident, London broadcast a warning to the French not to revolt too soon and thereby risk their lives unnecessarily. This appeal, which was picked up by the Columbia Broadcasting System in New York, advised France not to undertake open resistance but to do everything possible to slow down the Nazi war-machine by sabotage.

## Midland Lassoes Jupiter Pluvius

Midland hoped for dry and clear weather Friday for its annual rodeo after a temporary scare Thursday when 1.58 inches of rain fell.

City gauges showed .91 of an inch fell here Thursday morning and .67 of an inch that afternoon.

## Personals

Billy Summy who has been visiting Pat Corbett left Friday for his home in Fort Worth.

Ross Carr left Friday for Fort Worth on a business trip.

Mr. and Mrs. B. G. Grafa and son, Barney, left Friday for Dallas where they will spend the week-end.

Jimmy Cummings who has been visiting Billy and Elma Jean Noble left Friday for his home in Fort Worth.

Jean McLaughlin, daughter of Mr. and Mrs. Leo McLaughlin, her aunt, Miss Dee, and Mrs. Frank Hanson returned Thursday night from a five-weeks visit to California. They were accompanied to Midland from El Paso by Mrs. Mahoney. The three out-of-town visitors will be here for the rodeo and then go on to Lincoln, Neb.

quired nations.

Since my report, but prior to the Laval incident, London broadcast a warning to the French not to revolt too soon and thereby risk their lives unnecessarily. This appeal, which was picked up by the Columbia Broadcasting System in New York, advised France not to undertake open resistance but to do everything possible to slow down the Nazi war-machine by sabotage.

## The Hay Fever Viewpoint

## Army Air Corps' Technical School Nears Completion

WICHITA FALLS (AP)—Shepherd Field, the air corps' \$15,000,000 technical school established to train ground crews for keeping Uncle Sam's growing air fleets in repair, will be ready for its first student body of 26,000 youths September 29.

Despite 100-degree weather and rains that turned the site into a quagmire, the huge plant will be completed in only 105 days of construction work.

The school will turn out its first graduates in 22 weeks. Every two weeks a new group of 900 students will begin their training.

The campus will be 604 acres of once useless prairie land on which have mushroomed 420 barracks, housing 63 men each, and a 1,150-bed hospital.

Block Is Commandant  
There will be 10 mess halls, each of which will accommodate 2,000 men, in addition to the officers' mess. Two theaters, each with a capacity of 1,200, and six academic buildings will be ready for use on the opening date.

Lieut. Erland Tillman of the United States army engineers—who at 29 might still be called a recent graduate of Rhode Island State University—is responsible for the erection of many buildings in little time.

Standardization is the secret of quick construction work, he says.

Colonel E. C. Black, World War flyer from Chanute Field, Ill., will be the schools commandant. He has approved an elaborate army program for the decoration.

Senator Tom Connally (D-Tex.) will eulogize the late Sen. Morris Sheppard, for whom the field is named.

## Mid-Continent Gets Reduction On Oil Supplies

DALLAS. (Special)—Reductions averaging 25 per cent in railroad rates on oil well drilling outfits moving in Texas have just been obtained by the Texas Mid-Continent Oil and Gas Association from the Texas Rail Commission.

The new rates, which include reductions of as much as 44 per cent, become effective Aug. 30.

Under the Texas Mid-Continent's petition as granted by the railroad commission, the new rates apply on used oil well supplies, tools, machinery, and equipment which is an essential part of an oil well drilling outfit. This includes pipe, iron or steel tank, knocked down, or one tank set up, structural steel, wire rope, lumber and timbers, one tool-house, box of tools and other articles properly belonging with such an outfit. The commission order provides for shipment in mixed carloads with one rate for the aggregate of all the articles making up a drilling rig.

The rates just granted are the result of a long and tedious fight on the part of the association on behalf of Texas oil operators and drilling contractors," George C. Gibbons, executive vice-president of the Texas Mid-Continent Oil and Gas Association, explained. "We have finally succeeded in bringing about a rate which will permit the Texas oil industry to use the railroads for moving rigs. Due to the added cost entailed in loading and unloading equipment shipped by rail, rail costs have been prohibitive, and about 95 per cent of all drilling outfits moved in the past several years have moved by truck from location to location."

## FDR-Nomura Meeting May Be First Step In Review Of Relations

By Lloyd Lehrbas  
WASHINGTON (AP)—The man-to-man discussion of American-Japanese relations by President Roosevelt and Ambassador Kichisaburo Nomura impressed diplomatic quarters here Friday as a possible first step toward a sweeping review of all important points at issue between the two nations.

Boistering this conclusion was an official announcement from Tokyo Friday morning that the message which Admiral Nomura delivered to the President Thursday outlined the "imperial government's attitude toward the Pacific situation."

The message, this announcement said, was delivered at the behest of Prince Fumimaro Konoye, Japanese Premier, after a special cabinet meeting.

The fact that the Japanese initiated the conference, in which Secretary of State Hull also took part, was held deeply significant—indicative, perhaps, of Tokyo's desire to achieve a peaceful solution of the pending problems, or at least some of them.

The White House, the state department, and the Japanese embassy here let slip no hint of what Prince Konoye said or suggested in his personal message to President Roosevelt.

Neither did the Tokyo announcement divulge any details of the special communication.

HE WARNED HER—NOW REPORT IT TO POLICE  
BROWNSVILLE (AP)—"What's your name," inquired Sheriff Tom Morrison of the lady who phoned that her garden hose was missing.

"Mrs. Tom Morrison," replied his wife.

"Sorry, report it to the police. It happened in the city limits," he said and hung up. "I warned her about leaving that hose out at night."

## Officers Hunt Second Petrolia Bank Robber

WAURIKA, Okla. (AP)—A 26-year-old man who claims to be a soldier escaped from an army guard house was taken back to Texas Friday while fifty officers searched the Red River valley near here for another man with whom the soldier admitted robbing a Petrolia, Tex., bank.

The soldier was arrested Thursday night at Duncan and was taken to Henrietta, Tex.

He told officers where to find the car in which they made their escape after robbing the bank of \$470 Thursday.

RETURNS FROM FORT WORTH  
W. H. Churchill has returned from Fort Worth, where he was called by the death of his mother, Mrs. Ida Churchill.

## CHATTER About The COWGIRLS

Spur Sponsor Likes Roping

Calf roping and matched roping are the special joys of Miss Bobbie Lou Watters of Spur in watching a rodeo. That is, outside the sponsors' contest. She will represent Spur in the cowgirl events here this weekend.

Horseback riding and races are her favorite entertainment and her ambition is to own and help operate a ranch of her own.

Her favorite cowboy song is in line with her ranch interests for it is "I Want to Be a Cowboy's Sweetheart."

Miss Watters is five feet four and a half inches tall and has blonde hair and brown eyes.

Her horse, Muggins, is a sorrel which she rode in last year's contest and on which she won the title of "Champion Ranch Girl of Texas" at the Fat Stock Show in Fort Worth.

## Odessa Cowgirl Not "Drugstore Variety"

"A real cowgirl—not the drug store variety. She was brought up on a horse and cut her teeth on a saddle horn. Boots and saddles are her dish." So Odessa describes her representative in the cowgirl sponsors' contest, Miss Ruth Fernandes.

Member of a pioneer family of the area, Miss Fernandes is actually an experienced cowhand.

She has represented Odessa at numerous rodeos—at Stamford, Big Spring, and Midland—and this spring she was an honor guest at the Fort Worth Stock Show.

## Favorite Cowboy Song Is "Empty Saddles"

A blue-eyed blonde, five feet six inches tall, Miss Louise Ann Bennett, sponsor for Big Spring, admits that she has no ambition for the future.

She enjoys riding and swimming and likes calf roping best in the arena events for cowboys.

Her favorite cowboy song is "Empty Saddles."

Her mount will be a seven-year-old bay, fifteen hands two inches high.

## POSTPONE SCHOOL TO FIND REPLACEMENTS

TRENT (AP)—More effects of the war! Because armed services and defense industries have taken so many of its men teachers Trent's school board postponed opening of its schools from Sept. 1 to Sept. 8 to give Supt. R. L. Fortune a chance to find replacements.

## CLASSIFIEDS—SMALL COST—BIG RESULTS

## Social Worker Dies For Death Of Aged Bride

By Francis E. Barden  
McALESTER, Okla. (AP)—Warden Abby, a studious Louisiana farmer and social worker, was executed early Friday for slaying his 78-year-old mail order bride on their honeymoon to get her meager savings.

Protesting bitterly that he was being murdered, Abby was strapped into the electric chair at McAlester prison at 12:07 a. m. and was pronounced dead four minutes later.

Warden Fred Hunt, rigid disciplinarian who replaced kindly Jess Dunn after the latter was slain in a bloody break Aug. 10, stood by with averted eyes.

Hunt, officiating at his first execution, paled visibly as the current was applied and did not once look at the man in the chair.

Abby, a tall, scholarly looking man, strode to the chair without aid, and, when Hunt clasped his hand and asked for his last words, said clearly and without apparent strain:

"I am being murdered for an act which was forced on me. There was no premeditation."

The 58-year-old Abby insisted to the end that he was frantic with fear when he pulled his automobile to the side of a road near Clinton, Okla., Oct. 6, 1939, and buldgeoned his wife, Julia, to death with a tire iron. He met her in Cherry Valley, Ark., through a matrimonial agency and the couple was on a honeymoon trip to California.

"I thought she was going to shoot me," he asserted. "She had a gun and was insanely jealous. She thought I was having affairs with other women and said she meant to have me only for herself."

"I had stood all I could and was about to take her back home and divorce her when it all happened. She said she would see me dead first and we started to fight. That's all I remember."

At first, Abby told officers his wife was killed by a hit-run driver, then confessed. He pleaded self-defense and temporary insanity at his trial.

Everyone in the service of mankind will go either forward or backward, and our high standard of service has kept us from slipping.

## Argentine Committee Charges Ambassador In Probe Of Germans

BUENOS AIRES (AP)—German Ambassador Edmund Von Thiermann was charged by a congressional investigating committee Friday with receiving money from ostensible German welfare organizations and using it for ends "foreign to his diplomatic character."

The committee, which has been investigating anti-Argentine activities for two months, submitted to the House of Deputies its report on Nazi penetration.

It said there were 60,000 Germans in Argentina organized and under oath to obey Adolf Hitler and other Nazi leaders "to the death."

Raul Damonte Taborda, committee chairman, in a synopsis of the report cited a receipt for 100,000 pesos allegedly bearing Von Thiermann's signature and acknowledging payments by German welfare organizations which the committee charged were the "Nazi political machine in disguise."

He said a special report on activities of the German embassy staff would be presented later to Congress.

## NEW MEXICO TENNIS MEET WILL OPEN

RATON, N. M. (AP)—The 15th New Mexico Open Tennis tournament starts Saturday with a wide open race for the men's singles and doubles crowns.

## FLA INSPECTOR WILL STUDY TEXAS PLANT

WASHINGTON (AP)—An inspector of the Federal Loan Agency will study the advisability of constructing an iron ore smelting plant in Northeast Texas, a group from that section was informed Thursday.

# Marriage Of Miss Maxine June Sill And Walter Kenneth Graham Is At High Noon

## White Flowers, Tapers, and Greenery Form Decorative Background For Wedding At The Home Of The Bride's Parents

In a ceremony that was one of the important events of the social season here, Miss Maxine June Sill, daughter of Mr. and Mrs. Paul Otis Sill, and Walter Kenneth Graham, son of Mr. and Mrs. James Edward Graham of Johnstown, Pennsylvania, were married Thursday at high noon at the home of the bride's parents, 120 S Big Spring Street.

All-white flowers, gladiolas and tuberoses, were combined with ferns and palms in house decor. Floor baskets, fan arrangements, and mounds of the flowers and greenery were used at vantage points in the entrance hall and reception rooms, and employed with bows and white ribbons on the newel post and railings of the stairs.

### Candle-Light Ceremony

The candle-light ceremony took place in the living room. White gladiolas were ranged in fan shape against a background of ferns at either side of the white altar above which a square mirror, framed in greenery, reflected the wedding scene. White tapers burned in antique seven-branched silver candelabra at either side of the altar where the central decoration was a mound of the white blossoms with white ribbon streamers. Floor baskets of the gladiolas were used elsewhere in the room.

Mrs. Frank Miller was at the piano for the prenuptial music, playing "Intermezzo," "At Dawning," "Because," and "O Tender Moon" from "Faust," all favorite selections of the bride. For entrance of the bride, she played the "Bridal Chorus" from Wagner's "Lohengrin" and during the exchange of vows "Clair de Lune" by Debussy.

### Veil Caught With Flowers

The bride descended the stairway on the arm of her father who gave her in marriage. Her wedding gown was of white satin designed with the new sloped shoulder line and long-torso effect. The long sleeves

were shirred at the wrist and the skirt ended in a train. Her slippers were of white tulle. Her full length veil was of white tulle caught along the side and bordered across the end with fresh tuberoses and her face veil was also of tulle. Sprays of the fresh tuberoses held the veils at either side of her head. White orchids and gladiolas fashioned her bouquet with its floor-length satin streamers showered with the blossoms. She wore only one piece of jewelry—an antique gold cross set with diamonds.

Mrs. David Bass Lawrence of New Orleans, Louisiana, was her sister's matron of honor and only attendant. She wore a gown of chartreuse satin distinguished by a low, squared shoulder-to-shoulder neckline and long waist effect. The full skirt ended in a slight train. A chartreuse hat with matching veil and slippers of chartreuse satin completed the costume. She carried a bouquet of Talisman roses tied with ribbons of matching shade, the streamers showered with the roses.

### Single Ring Service

Mr. Graham was attended by Earle E. Smith of Baltimore, Maryland, as best man.

The Rev. William Carol Hinds, pastor of the First Methodist Church, read the single ring service. The bride's mother was gowned in blue crepe with a triple strand of pearls at her throat. Her corsage was of pink roses and tuberoses.

Members of the houseparty included, besides Mrs. Miller, Mrs. J. Harvey Herd, Miss Elizabeth Huff of Wichita Falls, Mrs. Harvey L. Beckmann, Mrs. Charles M. Linehan, and Mrs. C. Louis Chase. All wore dinner gowns and all had corsages of pink roses except Mrs. Miller whose flowers were white gladiolas and pink roses.

### Five-Tiered Cake

A reception followed the ceremony. White candles lighted the dining room which was appointed with white gladiolas, tuberoses, and ferns. Centering the dining table was a five-tiered white wedding cake topped with a white wedding bell. A spray of white flowers and delicate fern was caught at the top of the bell by a large bow from which white ribbon streamers trailed across the table.

The bride and groom cut the first slice of cake after which Mrs. Beckmann served other guests.

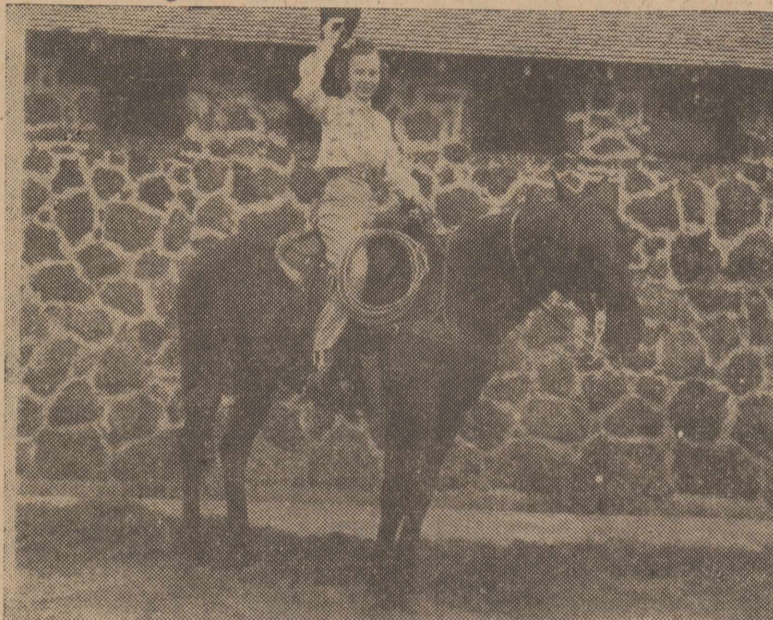

Green sherbet floating in the white punch further stressed the white-and-green color theme. Mrs. Chase and Mrs. John Hix served the punch from a crystal bowl encircled

## "Real Ranch Hand"

## Cowgirl From Spur

Miss Bobbie Lou Watters, sponsor from Spur.

by tuberoses and fern with white bows.

Mrs. Herd was in charge of the bride's book.

### On Eight Weeks' Trip

Immediately after the reception, Mr. and Mrs. Graham left by automobile for an eight weeks' wedding trip to Denver, Colorado, Sun Valley, Idaho, Banff and Lake Louise, Canada, and other places of interest.

Later they will be at home in Lubbock.

For traveling, Mrs. Graham wore a tailored dress of navy blue crepe with style detail focused on shoulder treatment, fitted waistline, and full skirt. Her brimmed hat was of navy blue with tiny veil. Navy shoes and bag carried out the new one-color theme in the ensemble. The accompanying coat was navy blue with fox collar. Her corsage was of orchids and she wore a diamond wrist watch, gift of the bridegroom.

Approximately one hundred guests were present for the wedding.

### University Graduate

Mrs. Graham attended Gulf Park Junior College at Gulfport, Mississippi, and later was a student in Sophie Newcomb College in New Orleans, Louisiana, where she was a member of Pi Beta Phi Fraternity. She received her bachelor of arts degree from the University of Texas in 1939.

She was active both in social affairs of her circle and in club work here, holding membership in the Civic Music Club and the American Association of University Women. She conducted a radio program over station KRLH.

Following announcement of her engagement, she was complimented at a series of courtesies.

Pre-wedding festivities closed with the rehearsal and a buffet supper at the Sill home Wednesday evening.

### Metallurgical Engineer

Mr. Graham graduated in 1935 from both the Metallurgical and Chemical Engineering Schools of Purdue University at Lafayette, Indiana, and is a member of Pi Kappa Phi Fraternity.

He is a metallurgical engineer with the National Tube Company.

## Three Are Guests At Meeting Of Needlecraft Club

A profusion of dahlias and roses decorated the home of Mrs. J. A. Tuttle, 1506 W. College, Thursday afternoon when she was hostess to the Needlecraft Club.

Mrs. Wallace Ford, club member who recently underwent an operation, was present after absence from several meetings.

Knitting, crocheting, and needlepoint, along with conversation, occupied the group during the afternoon.

A salad course was served at tea time to three visitors, Mrs. M. L. Wyatt, Mrs. M. F. King, and Mrs. Otis McClain of Plainview, and to the following members: Mmes. B. C. Girdley, Geo. Phillips, J. O. Vance, Addison Wadley, Ford, A. W. Wyatt, and the hostess.

Next week the club will meet with Mrs. Vance.

Saturday, August 30:

10:00 a.m.—Opening Day Parade (Sponsors required to be on hand, with mounts, at Midland high school promptly at 9:30 o'clock).

2:00 p.m.—Grand Entry, rodeo arena. Introduction of sponsors. Cowgirl Sponsor calf roping contest.

8:00 p.m.—Grand Entry, rodeo arena.

11:00 p.m.—Annual Sponsors' Ball, Crystal ballroom, Hotel Scharbauer.

Sunday, August 31:

10:00 a.m.—Sponsors' breakfast, Blue Room, Hotel Scharbauer.

2:00 p.m.—Grand Entry, rodeo arena. Cowgirl sponsor calf roping contest.

8:00 p.m.—Grand Entry, rodeo arena.

Monday September 1:

10:00 a.m.—Final judging, regular sponsor contest, rodeo arena.

2:00 p.m.—Grand Entry, rodeo arena. Presentation Sponsor awards. Sponsors' cattle penning contest.

8:00 p.m.—Grand Entry, rodeo arena.

Over 4,316,200 Feet Of Lumber Received

More than 4,316,200 feet of lumber was piled up at Sloan Field Friday for construction of the Advanced Twin-Engine and Bombardier Training Center and more carpenters are being employed daily for the work, executives of Cage Brothers and F. M. Reeves and Sons, the general contractors, said.

Approximately 50 carpenters were hired Thursday and about 40 more will be employed before Tuesday. All new men will start work Tuesday. Work will be shut down Sunday and Monday.

Work resumed in all sectors of the field after rain halted many activities. Crews were working on foundations for the water tank, the disposal tank, water and sewer lines, roads and on buildings.

A large number of building laborers probably will be hired before Tuesday. All laborers are being obtained through the Texas State Employment Service which has an office at the Midland Baseball Park.

Additional heavy construction equipment is arriving at the project and the order for "full-stem head" should come within a week or so.

## Odessa Council Calls City Bond Election

ODESSA. (Special)—The Odessa City council has called a special election September 20 on proposals to issue \$75,000 in waterworks improvement and extension bonds and \$25,000 in sewer improvement and extension bonds.

It has filed applications with the federal government for additional funds under the Lanham Act hoping to get grants to take care of persons moving to this area because of the establishment of the Advanced Twin-Engine and Bombardier Training Center in Midland County.

Under the Lanham Act, Odessa is asking \$210,000 outright grant from the government. Work on its application for funds for sewer extension is underway.

## Mrs. James Day Is Hostess For In-Honor Party

Entertaining for Mrs. James S. Breed of Washington, D.C., Mrs. James Day was hostess for a morning bridge and luncheon, 1905 W. College, Thursday. Mrs. Breed is here as houseguest of her sister, Mrs. Robert Cox.

Crepe myrtle, roses, and zinnias were used in floral appointments.

Guests gathered at 10 o'clock and bridge was played at three tables.

High score award went to Mrs. John Kenyon and Mrs. Breed was presented with a guest-gift from the hostess.

After the games a two-course luncheon was served at small tables decorated with flowers.

Guests were: The honoree, Mmes. Cox, Kenyon, Allen Flaherty, O. L. McNew, Leo McLaughlin, J. W. Bradberry, Hewlett Russell, J. E. Lowe, C. M. Chase, Wm. Osborn, and Wm. C. Fritz.

## GIRL SCOUTS TO SELL CANDY-AT REVUE

Girl Scouts of Troop No. 2 will sell candy, popcorn, and peanuts at the "rodeo revue" which will be presented by members of the Civic Theatre at the Yucca Theatre, Friday night at 8 o'clock.

The project will be sponsored by the Leaders' Association.

## TROOPS NOT TO MEET

Girl Scout Troop No. 2 and Troop No. 6 will not meet Monday on account of the Labor Day holiday.

# McKENNEY ON BRIDGE

By Wm. E. McKenney  
America's Card Authority.

After taking a few days off for sightseeing, we remembered we were on a bridge tour, so our four-some headed for Albuquerque, N. M., to visit with C. H. Fulwiler, president of the Pacific Bridge League.

We had seen Fulwiler in San Francisco and Los Angeles and discussed the possibilities of the Pacific Bridge League joining with the American Contract Bridge League. I am happy to say that all bridge

organizations in the United States are now under the banner of the American Contract Bridge League, the Pacific Bridge League having become the western division of the A.C.B.L.

When our business was completed, the conversation drifted to bridge hands. Today's hand, which Fulwiler played in one of the events of Bridge Week on the Pacific coast, I think interesting enough to pass on to you.

North and South got to three no trump rather optimistically. From the sight of their cards, the contract is hopeless after the spade lead. Fulwiler (North) held off the first two rounds of spades and then West was forced to shift. He tried the jack of diamonds. North played low, East won and continued spades, forcing the ace. The three of hearts was discarded from dummy. Fulwiler then laid down the ace of clubs and was happy to see the queen drop. He immediately took his four club tricks, West discarding hearts. Then on a diamond lead, Fulwiler put up the ace, for fear of losing the trick to East. His only remaining chance was to lead his singleton heart and finesse—and this won three heart tricks for the contract.

Have you ever seen such an array of insufficiently guarded honors?

Lindbergh to Have Busy Day of Talks

OKLAHOMA CITY (AP)—A busy day of conferences with associates in the America First Committee movement was arranged Friday for Charles A. Lindbergh before his talk at night in Sandlot Park on "air power."

The non-interventionist leader arrived here Thursday from St. Louis. He had no comment on the action of the city council in cancelling the booking of the municipal auditorium for the rally which both he and Sen. Burton K. Wheeler (D-Mont) will address.

# Dirt Farmers Want Extra Legislature

AUSTIN (AP)—The Dirt Farmers Congress of Texas wants Governor Coke Stevenson to call a special session of the legislature to work out a solution on the controversial road bond issue.

President Bailey B. Ragsdale of the Congress Thursday conferred with the governor, presented a resolution urging him to convene the lawmakers and stated:

"We are in complete accord with Governor Stevenson's position of insisting that a compromise be arrived at dealing with the division of the \$2,000,000 road fund surplus prior to the convening of a special session."

# CAPITAL CITY BREATHES EASIER AFTER TURNOUT

AUSTIN (AP)—The capital city breathed easier Friday. With fanfare it had announced its first public entertainment for an Army unit—the 204th Field Artillery Anti-Aircraft Batteries from Louisiana—bivouacked nearby on maneuvers.

Officers who had arranged the dance Thursday night stood around worrying whether enough girls would appear and then recalled stories where the boys in uniform failed to show up.

About 9 p.m. however, groups of maids in evening dresses started streaming into the dance pavilion floor.

And then—wave after wave of boys in khaki. It turned out fine—about 200 girls and 200 boys.

# Flashes Of Life

By The Associated Press

**BLAST**  
BECKLEY, W. Va.—From a Radford, Va., powder plant comes this tale:

A plant engineer went fishing in the New River and hooked a catfish, which he took home, cleaned and placed in a frying pan. In a moment an explosion blew fish, skillet and hot grease all over the kitchen.

The engineer concluded that the fish, living in the stream below the powder plant, became so impregnated with nitro cotton it exploded in the heat.

**HIGH DIVING**  
PHILADELPHIA—Closing of the city's swimming pools to prevent

spread of infantile paralysis led four 16-year-old boys to high adventure—and fail.

Police found them swimming in a reservoir tank 125 feet in the air which they reached by climbing the outside of the three-story plant, walking across a narrow plank to the tank and scampering up a ladder to the top.

**PRECIOUS FLUID**  
WATERBURY, Conn.—And now police report the case of a burglar who valued gasoline above money. He broke into a filling station, helped himself to the key that unlocks the pumps and presumably filled 'er up. A small amount of money in the cash drawer was untouched.

**NO BARK, NO BITE, NO DOG!**  
SAN ANTONIO—J. W. McGlinch got a watchdog after thieves rob-

# McMURRY WILL MISS SERVICES OF GRID STAR

ABILENE (AP)—McMurry College Indians will have to do without Buck Mundy, backfield star, this season.

Enroute to New York, he will sail for the Island of Antigua, British West Indies, to work for a construction company at an Army base.

bed his room several times. Now they've stolen the dog.

**FADES IN THE AFTERGLOW**  
BERKELEY, Calif.—Gentlemen prefer blondes without peroxide.

The washed out kind are barred from the University of California Sigma Chi's sweetheart contest. A real, blue-eyed blond will be chosen from 300 sorority pledges.

# Stanton Schools To Open Sept. 2

STANTON (Special)—Stanton schools will open the 1941-42 term Sept. 2.

The faculty will be increased one because of the transfer of students from rural districts of Lenorah and Valley View in Martin County, and Lomax and Hartwell in Howard County.

The faculty includes: Kirk McKimmon, Betty Savage, W. J. Smith, Jack Reynolds, Claris Glick, S. T. Briggs, Howard Cox, Homer E. Baryes, Jack Reynolds, Erma Lee Goether, Nora Needham, Ruth Self, Virginia Reddell, Mrs. A. L. Houston, Mrs. Bryan Walls, Mrs. W. J. Smith, and California Dougherty.

# FORMER COUNTY TEACHER RECEIVES DEGREE

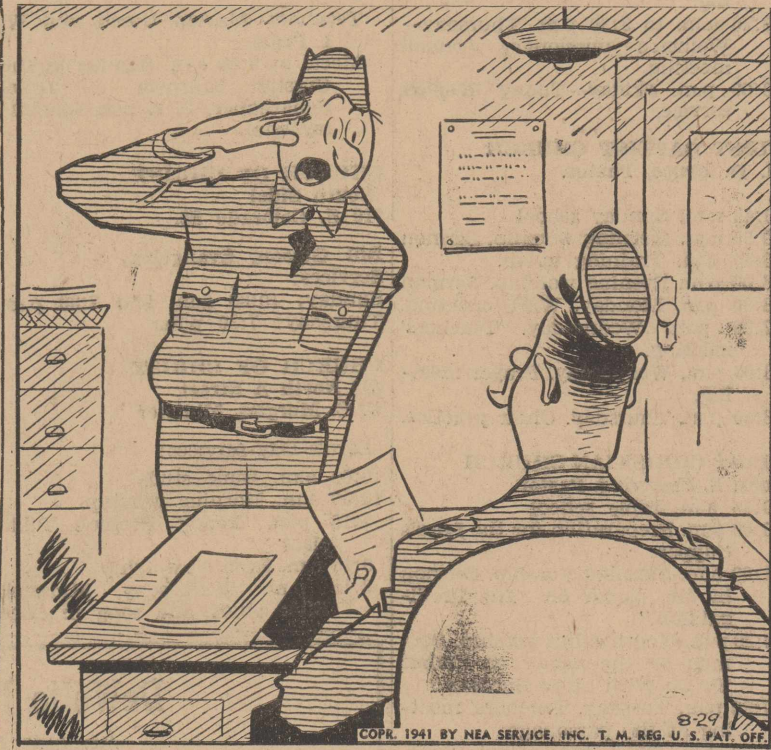

Mrs. Porter Motley of Knott, Texas, former Midland County teacher, received her degree from Sul Ross College at Alpine, August 21. She is a member of Alpha Chi Fraternity. Mrs. Motley had taught at Valley View and Warfield schools. She is the former Miss Ola Terry, Mrs. P. L. Crawley and daughter, Johnnie, of Midland, sister and niece of the graduate, attended the commencement exercises form Midland.

# NORTH STAR COWGIRLS USE SADDLE PILLOWS

PARIS (AP)—The frontier's cow-boy ghosts would turn in their graves to see the flock of pretty girls advertising the North Star Rodeo.

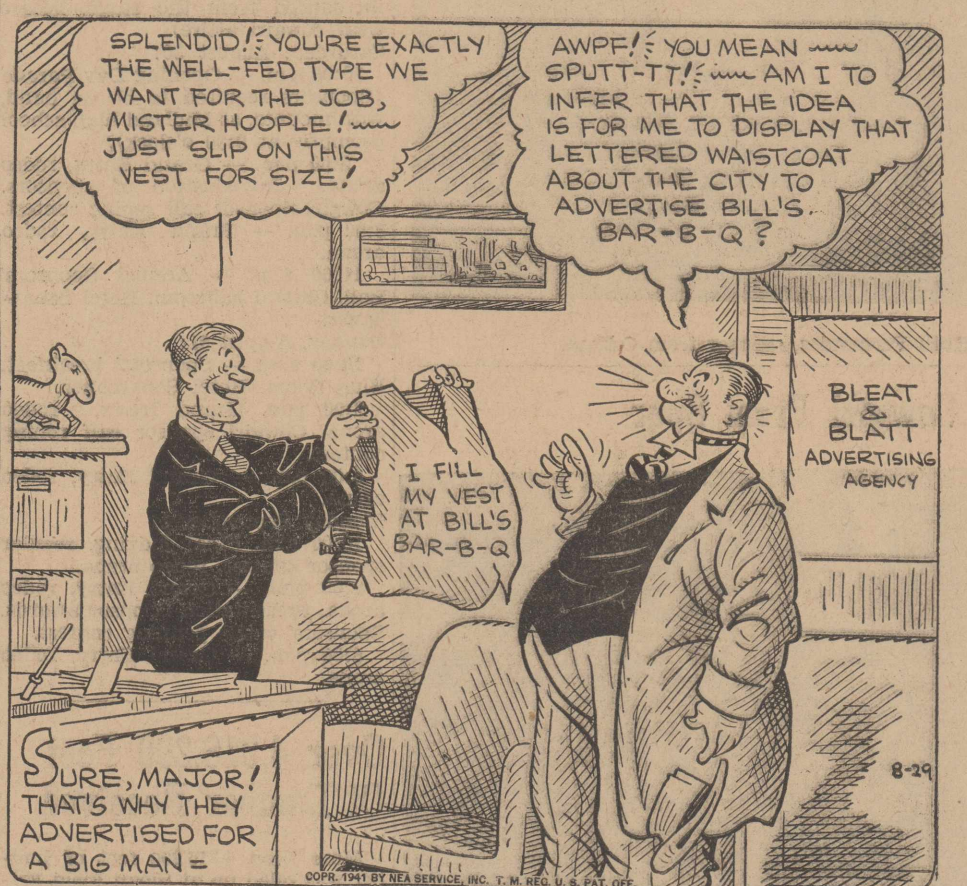

The girls are using pillows in their saddles.

### Personal

Wallace Reid Jackson, son of Mr. and Mrs. Paul Jackson, returned Thursday morning from Salt Lake City and Ogden, Utah, where he spent the summer in missionary work for the Church of Christ. He will return to Abilene Christian College this fall where he is a ministerial student.

Mrs. Ted Gardner and daughter, Joyce Dru, are here from Kent as guests of the Rev. and Mrs. W. C. Hinds. Mr. Gardner will join them here for the rodeo weekend. Mrs. Hinds is a sister of Mr. Gardner.

Mr. and Mrs. Al P. Groehl of Big Spring will be guests of Mr. and Mrs. Chappell Davis for the rodeo weekend.

Mr. and Mrs. Frank Ehrle and son, Frank Jr., of Childress will visit her parents, the Rev. and Mrs. W. C. Hinds here during the weekend. Another son of the Ehrles is already here visiting his grandparents.

Mrs. J. H. Allison of Wichita Falls arrived Thursday for a brief visit with her son and daughter-in-law, Mr. and Mrs. James N. Allison. The Midland couple's small son, Jimmie, who had been visiting in Wichita Falls, returned home with her. Two other grandchildren, Betty Jane Allison of Denver, Colo., and Mary Gay Long of Wichita Falls, also accompanied her.

Ernest Neill of Victoria will arrive in Midland this weekend and will be here for several weeks to work at the airport.

Mrs. W. P. Z. German left Thursday for Oklahoma City and Tulsa to visit her sister and mother. She will probably be away about 10 days.

Miss Walter Fay Cowden and Miss Oleta Ashley of Wichita Falls will arrive Saturday for the rodeo weekend. They will be guests of Miss Cowden's parents, Mr. and Mrs. E. W. Cowden.

Mrs. John Ficke and daughters, Mrs. Ray Gwyn and Misses Silva Louise and Lois Ficke, left Friday morning for Kansas City. They will return Tuesday evening.

Mr. and Mrs. Joe Wilson and son Bill of Dallas will be rodeo weekend guests of Mr. and Mrs. W. Bryant.

### LABOR CAUSES PARADE TO BE CANCELED OKLAHOMA CITY (AP)—Labor is so busy laboring the Labor Day parade has been called off.

"So many are tied up with National Defense jobs," explained a spokesman, "we decided to forgo any celebration."

## WANT-AD ROMANCE

BY TOM HORNER  
 SERIAL STORY

**THE STORY:** Having inherited a factory and a million cans of Wondrosoap, all-new cleaner from her late inventor-father, and acquired three staunch friends in MacLeod, Gowen and Flynn, who were his lawyers, Kay Donovan goes ahead with plans to sell the product in which her father apparently had so much faith. She is sharing her living quarters at the factory with competent secretary Mary Marshall, whose first move is to clean up the place and sell a disreputable old washstand. Kay has given super-salesman Ted Andrews a quarter share in the business for talking over the job of sales manager. The product is going over like a hot potato. Complaints come in that it cleans too well, eating holes in clothing and the paint of cars. Kay and Ted call in all Wondrosoap through want ads. Then lawyer Flynn buys into the company and they plan to hire a chemist to test the product, sell it as a metal cleanser. Ted tells Kay their association means more than business to him. But when they wonder if Hans Stadt, her father's chemist now in Texas, has the key to the Wondrosoap mystery.

### CHAPTER VI

**CHEMIST—analytical, expert.** Temporary position; good salary. Apply in person to Wondrosoap Company.

**JOE BENTON** knocked at the office door, entered when Ted shouted: "Come in."

"I'm Joe Benton, analytical chemist. I want that job you advertised."

Kay looked up to see a blond giant filling the doorway. His blue eyes met hers squarely, and seemed to smile, although his face remained serious.

"Sit down, Benton," Ted motioned him to a chair. "This is Miss Donovan, president of the Wondrosoap Company. I'm Ted Andrews, advertising manager. You're the fifth to apply for the place. What's your story?"

"No story," Benton answered frankly. "Nine months of the year I teach organic chemistry at the state university. I saw your ad and I asked the corner druggist if he knew anything about Wondrosoap. He did, said he had sold some of it and had to get it back."

"I am interested in your product. I suppose, after the trouble you've had, you want a chemist to find out exactly what it will do before you put it on the market again. I can do that for you. Even if you hire someone else, I'd appreciate your giving me a sample of your—"

"Wondrosoap," Kay supplied. "Your Wondrosoap," Benton finished, "so I can test it in my own laboratory. I teach chemistry because I like it. This product interests me just as selling a difficult prospect would interest you, Mr. Andrews. Or a new cake recipe might intrigue a housewife."

"Wondrosoap has been taken off the market, Mr. Benton," Kay answered. "But you can make your tests in our laboratory. We'll pay you \$50 a week. You'll find our laboratory is well equipped."

"We want to know all there is to know about this product. What it is made of, how it is made, and what it will do. We want it tried out on cloth, metal, leather, wood, everything you can think of. Not knowing what it would do has cost us money. We don't want to repeat that mistake."

"Thus did Joe Benton become a member of the Wondrosoap 'family.'" Late that night Kay saw the light still burning in the lab when she and Mary went to bed, and she found Benton still at work when she went to the office the following morning. She paused at the lab door.

"Don't you ever stop working? You don't have to do all of this at once, you know." Benton turned from his test tubes and beakers.

"Didn't notice it was so late. Well, I know what in your precious Wondrosoap now. No wonder it went through clothes. It's..."

"I don't care what's in it, now. You can tell me later. Right now you're coming to breakfast. Ham and eggs are being served in the dining car."

"She wouldn't listen to his re-... Benton finished, "so I can test it in my own laboratory. I teach chemistry because I like it. This product interests me just as selling a difficult prospect would interest you, Mr. Andrews. Or a new cake recipe might intrigue a housewife."

"No business before breakfast," Kay warned him. "Ted, you'll have ham-and with us, won't you?"

**THE business office of Wondrosoap** had nothing to do until Benton's analysis was complete, so Kay drafted Ted and Mary to help her plant her long neglected garden. Luckily they were well away from the plant when the explosion occurred.

It came suddenly. A great, earth-shaking blast, the crash of broken glass, falling bricks and splintering wood, and a cloud of black and yellow smoke rising from a hole in the roof.

Kay screamed. So did Mary. Ted ran for a fire extinguisher.

Benton's head emerged from a broken window.

"Everything's all right," he yelled. "Just had a little excitement." The head disappeared again. Kay ran to the wrecked laboratory, with Mary close behind her.

They found Joe standing in the midst of the wreckage, smiling happily. His eyebrows were singed and his face was black. But he was unhurt. Ted's fire extinguisher had stopped the spread of flames, but the laboratory looked like it had been a target for a bomber.

"It's marvelous! Great!" Benton was shouting. "Most remarkable experiment I ever saw. Should have guessed it. Missed it entirely."

"What happened?" Ted yelled. "It blew up!" "What blew up?" "Wondrosoap!"

### RODEO

First of six performances will be Saturday at 2 p. m. It will open with playing of the national anthem. After the first grand entry, officials, sponsors and special personalities will be introduced. The afternoon performance includes ten events of bareback bronc riding, cowboy calf roping, a special dance by the Throckmorton mounted square dance team, saddle bronc riding contests, boy's calf roping, sponsor's calf roping contest, steer wrestling, class one of the colt show, and bull riding.

The Saturday night show starts at 8 p. m. and includes more attractions and events continued from the afternoon. A sponsor's dance at Hotel Scharbauer will be held after the night performance.

Sponsor entries reached 32 Friday morning and cowgirls will register Friday afternoon. Sponsors who will ride in the parade and perform at the arena include:

Nancy Binford, Amarillo; Lucy Jean Coates, Big Lake; Louise Ann Bennett, Big Spring; Marjorie Beck, Coleman; Dortha Merket, Colorado City; Carlyn Cox, Cox Ranch; Billie Marie Morton, Crane; Lila East, Hebronville; Billy Cade, Iraan; Bobbie Ruth Harris, "K Bar" Ranch; Helen Barron, Lamesa; Mrs. Virginia Moore, "Lay A" Ranch; Daisy Chambers, Lovington, N. M.; Lois Nance, Lubbock; Marilyn Lowe, McElroy Ranch; Bess Browler, Memphis; Mrs. Polly O'Brien Massey, Monahans; Joe Morris, Morris Ranch; Ruth Fernandes, Odessa; Lottie Jo Owens, Ozona; Marjory Mayo, Paducah; Billie Marie Miller, "Rafter 3" Ranch; Coleman; Mrs. T. T. East, Reynaldo; Mrs. D. L. Haralson, San Angelo; Mrs. Vivian Ellis, San Saba; Thena Mae Farr, Seymour; Mrs. Christine Northcutt, Spade Ranch; Bobbie Lou Watters, Spur; Sally Taylor, Stacy; Loraine Cason, Stanton; Mrs. Floy Beth Cooper, Throckmorton; and Elma Lois Hardin, Tularosa, N. M.

Sponsors will compete for more than \$1,000 in prizes in events including the regular sponsor contest, sponsor's roping contest and sponsor cattle penning contest. An added feature this year will be a matched roping between Margaret Owens, 1940 sponsor roping contest winner

and the winner of this year's roping contest.

Sponsor judges, announced Friday will be C. T. Guseman, Hereford, and Judge Montgomery, Ozona. A third will be selected to help judge the cattle penning contest.

**Jordan Is Announcing.** More entries in the colt show were received Friday to add to 75 entered. More than 100 entries for the event are expected. Director Stanton Brunson said. Classes of Palominos, quarter horses and thoroughbred types will be shown.

Official Rodeo Association of America rules apply in all rodeo events. Judges will be selected by contestants and approved by the management. All contestants must pay entry fees by 10 p. m. Friday.

Cowboys who regularly ride West Texas ranges will compete with many of the nation's top performers in the Midland rodeo which is approved by the Rodeo Association of America and the Southwest Rodeo Association. The event here is open to both professionals and amateurs and is approved by the Cowboy Turtle Association.

Johnnie Jordan, an experienced rodeo performer, who knows the cowboys and stock, will announce the show.

Headquarters of the Midland Rodeo have been opened in Hotel Scharbauer.

Some of the contestants, sponsors, and visitors were arriving as early as Thursday night, and ranch hands brought their horses in from the ranges early. Hotel lobbies were filled with cowboys and cowgirls.

A preview of the sponsors was slaved Friday night at the Yuca Theatre at a program planned by the Midland Civic Theatre group. The cowgirl sponsors will be introduced from the stage.

Decorations were up Thursday night and the city took on full festive dress for the Labor Day and rodeo week-end. Many offices will be closed Monday and stores will close Monday afternoon. Thousands of visitors were expected from a wide area on the holiday.

### MARKETS LIVESTOCK

**FORT WORTH.** (AP. U. S. Dept. Agr.)—Cattle 110; calves 400. Most cattle and calves about steady; good and choice steers and yearlings 10.00-11.25; common and medium steers and yearlings 8.50-9.50; beef cows 6.50-7.75; fat calves 7.00-10.50. Hogs 1.00; steady to ten cents higher than Thursday's average; top 11.85; stocker and butcher pigs 10.00 down.

Sheep 8.00; mostly steady; medium and good spring lambs 9.00-10.00; feeder lambs 8.50 down.

### WOOL

**BOSTON.** (AP. U. S. Dept. Agr.)—The commercial bulletin will say Saturday: "The wool market has been decidedly lacking in animation this week. Sales have been few and far between, although prices have been well maintained and on medium grades a few sales are a bit firmer. Fine domestic wools have been rather neglected."

"Western operators this week have been very limited. A little wool has been sold in New Mexico and Texas at a strong dollar, clean basis, Boston."

"Mohair is still quiet and hardly changed in price."

**BOSTON.** (AP. U. S. Dept. Agr.)—A very moderate but spotty business was transacted in wool on the Boston market Friday. The occasional sales reported were at steady prices. Twelve-month Texas wools brought \$1.03-\$1.07, scored basis, most sales closing at prices on the low side of the range. An occasional sale was closed on fine Australian wool at \$1-\$1.02, scored basis, including duty.

### OIL NEWS

Continued From Page One  
 drillstem test was run from 5,738 1/2 feet to 5,765 feet, showing a steady blow off air and recovering 75 feet of fluid, 25 per cent oil.

Continental Oil Company No. 1 E. B. Jones et al. one and one-half miles south of Ellenburger production in the four-mile pool extension at 3,763 feet in lime. Between the pool proper and the extension area, Gulf et al. No. 1-B Tubb is drilling at 5,429 feet in lime.

Tops Lime  
 M. L. Richards No. 1 Drum, Eastern Borden County wildcat, topped lime at 2,140 feet, datum of plus 319, and is drilling ahead at 2,152 feet.

In Southern Howard County, Forest Development Corporation No. 1 Stewart is fishing at 1,547 feet in anhydrite.

Humble Oil & Refining Company No. 1 L. Ellwood estate, slated to test the Ordovician in Southern Mitchell County, is drilling below 3,182 feet in lime and shale.

### Henderson Will Coach Wildcats Football Team

WINK (Special)—Bryan C. Henderson, assistant Wink Wildcat coach the last three years, was promoted to the head mentor's position to succeed Lucy Turner, who resigned to coach at Brownwood, a Class AA school.

The new coach had no little part in building the fine Wink teams of 1938, '39 and '40.

Henderson is a graduate of Austin College, where he played four years of football, two years under Pete Cawthon, former Texas Tech coach, an two years under Cecil Griggs, present backfield coach at Rice Institute.

Coach Henderson, has had years experience in coaching. He served five years at Midland High School as assistant to L. K. Barry. From there he went to Stanton, where he turned out scrappy teams for three years.

Henderson has given the Wink Kittens their training and they constantly have won junior high championships in the district.

Bob Dendy, a former Wink Wildcat will be assistant to Henderson. Dendy is remembered by Wink football fans for his play three years for the Black and Orange in 1932-33-34. He was named all-district tackle in 1933 and 1934.

Last year Dendy was head coach at Richland Springs, in football, basketball and track.

### Locker Room Experts Predict Ward Winner Of National Amateur

OMAHA, Neb. (AP)—The boys in the Field Club's locker rooms will tell you that Marvin (Bud) Ward, the curly-haired husky from the Far West, is heading toward another National Amateur Golf championship.

Belling Bud, a hard-hitting shooter with the finesse of a professional, was rated tops in the semi-finals field which battled down the Field Club's narrow, trouble dotted fairways in 36-hole matches Friday.

"Say, that guy can beat any amateur in the country," said one of the boys who dropped out in the quarter-final round. You hear similar remarks about the Spokane, (Wash.) slugger in other huddles down where both the winners and losers mingle.

Bud's semi-final foe was the almost fragile appearing Bobby Riegel, a young man from Houston, (Tex.) and those same guys downstairs named Ward to advance to the championship final against the winner of the match between good-looking Pat Abbott, the former movie extra, and tall Ted Bishop, the Bostonian.

### Cats Are Nearer Baseball Playoff

By The Associated Press. The Fort Worth Cats, striving to oust Dallas from fourth place in the league and thereby win a place in the Shaughnessy playoff for themselves, were a notch higher Friday.

Thursday night the Cats tripped the San Antonio Missions, 6 to 5, while the Reds were losing to the Houston Buffs, 2 to 0.

It was San Antonio's 35th defeat by a one-run margin this season. Glen Gardner, the Buff twirler, allowed the Rebels only two base blows in the game that ended Houston's home schedule.

Tulsa, second place team in the league, shut out Shreveport 2-0, with Henry Wyse turning in a three-hit performance. The Sports are in third place.

Only three games were scheduled.

### Chicago Bears Forewarn Plenty Of Misery For Pro Rivals In 37-13 Victory Over Collegian All-Stars

### Henderson And Dendy Look Over Material For Wildcat Eleven

WINK (Special)—Coaches Bryan Henderson and Bob Dendy got their first eye-full of aspirants for the 1941 Wink Wildcat football team when sixteen boys, ranging in size from 100 to 210 pounds reported this week.

Official football practice will not begin until Monday, Sept. 1. The full Wildcat squad will number more than twenty. Out of the squad the coaches will have six returning lettermen. Lettermen are John C. Waldrum, Willie Longlois, tackles; Perry Horn, guard; and Bob Brasher, Oather Pugh and William McMillan, backs.

Other squadmen are: R. F. Moss, Fred Moore, Floyd Alvery, A. L. Pugh, Pat Conner, Ernesto Serna, Floyd Thompson, Joe Lee, J. L. Dudd, Robert Jackson, Max Alberding, James Brady, Robert Cooper, Dale Reese and Arthur Kelly.

### Florida Starlet May Win Girls Net Title

PHILADELPHIA (AP)—Doris (Babe) Hart, 16-year-old Miami, Fla., starlet, had a chance Friday to become the first player south of the Mason-Dixon line to win the National Junior Girls Tennis championship.

Second seeded Miss Hart earned the right to meet defending champion Louis Brough, top ranked performer from Beverly Hills, Calif., in the finals of the 24th annual event at the Philadelphia Cricket Club.

### Moore Will Return To Cardinal Lineup

BOSTON (AP)—Terry Moore is going to get back into that St. Louis Cardinals' lineup by the end of next week, he promised Friday, "because you can't keep a good Irishman down."

Victim of an accidental beaming by "Lefty" Art Johnson of the Boston Braves, August 20, the Cardinal captain and center fielder was all smiles at the prospect of a speedy discharge from St. Elizabeth's Hospital.

"I figure I'll get out of here tomorrow and head for St. Louis," Terry said.

### Javelinas Prepare For San Jose State Battle

KINGSVILLE (AP)—The Javelinas of Texas College of Arts and Industries—rated by some football wiseacres as "the toughest little college team in America"—are getting set to knock the chips off some more shoulders.

The team that topped San Jose State of California and St. Mary's Rattlers has a suicide schedule of five conference champions this season.

Coach Bud McCallum, gathering 50 squadmen from a school of some 1,200 students, is broiling them beneath a South Texas sun for their opener against San Jose State, California's collegiate athletic champions, on the coast Sept. 19.

HE'S GREEN. . . .

By William Weekes CHICAGO (AP)—From the latest available evidence, it's going to take a lot of blasting to jar Chicago's professional football champion Bears loose from their National League honors.

The evidence was presented Thursday night at historic Soldier Field before a series record throng of 98,200 who saw the Bears, led by brilliant Sid Luckman, crush a battling squad of the headline stars of 1940 college football, 37 to 13, in the Chicago Tribune's eighth annual all-star spectacle.

The margin was nothing like the 73 to 0 rolled up over the Washington Redskins in last year's league championship game, but it looked highly impressive for an early season effort. The triumph, the third in a row for the professional brand of football, was accomplished in a manner which indicated the bulging Bears and their "T" formation could have done better if necessary.

Pannell Is Star The all-stars with such 1940 greats as Michigan's Tommy Harmon, sturdy George Franck of Minnesota, both all-America's, and Norman Standlee of Stanford's undefeated Rose Bowl victors in the battle front, came up with thrilling plays and battled every minute of the way—but didn't have what was needed to slow up the power-packed pro titleholders.

Luckman, whose passing and leadership were at concert pitch, fired a touchdown pass to Ken Kavanaugh in the first quarter, another to George McAfee in the fourth, and one to Kavanaugh which set up another score, along with completing numerous others. To complement his passing, Luckman mixed in powerful line-crashing from full-backs Bill Osmanski, Gary Fangleit and Joe Maniaci, and smart running by McAfee, Ray Nolting and Harry Clark.

Standouts among the all-star linemen were Ed Frutig, Michigan end, Augie Lio of Georgetown, Ernie Pannell of Texas A&M, Dave Rankin of Purdue, and Ken White of Rice.

### Rollins Says Aggies May Be Disappointing

COLLEGE STATION (AP)—J. W. (Doug) Rollins, Homer Norton's top hand with Texas A. & M.'s Aggies, figures supporters of last year's Southwest Conference champs should be prepared for the worst.

He lamented: "It'll be a long time before another John Kimbrough comes along."

"We have a fine group of youngsters, but they are inexperienced. If we get started on the right foot, we'll have a good year, but a setback at the start will work against our inexperienced."

"We have four fine ends—Simmons, Henderson, Sterling and Cowley—but the tackle prospects are not so bright. Martin Ruby is the only returning veteran."

### EFFECT OF SPACE

To make windows appear larger, extend the valance eight or ten inches beyond the window frame on each side, so that the draperies cover the frame but do not fall over the glass. The effect of greater height can be achieved by placing the valance as high as possible without showing the window frame beneath it.

### Texas Uses Most Trucks In Nation

DETROIT (UP)—California surpassed populous New York in automobile registrations during 1940, but sprawling Texas still uses the most trucks, the Automobile Manufacturers Association has disclosed.

California reported 2,453,958 passenger cars last year, New York, which led in car registrations in 1939, slipped to second place with 2,407,253. Pennsylvania was third with 1,883,095, and Illinois fourth with 1,706,639.

Texas had 350,440 trucks, a total of 14,670 more than New York. California was third with 319,701 trucks, Pennsylvania fourth with 262,755.

Trailers were most numerous in California and Michigan. The former reported 167,929, the latter 160,762. Trailer registrations in the United States climbed from 1,193,085 to 1,298,487 last year.

New York City First New York City, with a population of 7,500,000 and 330 square miles, led municipalities in car and truck registrations with 798,345 and 121,249, respectively. Chicago, the nation's second city, reported 588,266 passenger cars and 67,115 trucks; Los Angeles, 489,012 cars and 54,965 trucks, and Detroit, 438,489 cars and 37,923 trucks.

### Pitt Panthers Are Facing Lean Season

PITTSBURGH (UP)—The Pitt football team doesn't have what it takes in the face of this year's back-breaking schedule.

Coach Charley Bowser, working on the last of his three-year contract, has a good squad but not enough time to develop reserves to back up a promising first team.

The squad of 58 players will assemble for its first practice Sept. 10 to get ready for the opening Oct. 4, against Purdue.

The Panthers are rich in backfield strength but weak in the line where they need reserve depth to withstand the pounding of backs used by their traditionally strong rivals.

The draft law will not cause Pitt trouble unless it takes Edgar Jones, star running and passing back. The draft has claimed only two Panthers, both ends, but Jones is close to being called.

### LIBRARY PERMITS SMOKING

CLEVELAND, O. (UP)—The Cleveland Public Library, always a few steps ahead of the field, has decided to permit smoking in one of its branches. As an experiment a browsing room has been established where, in overstuffed chairs and comfortable surroundings, the borrowers may thumb through books and magazines.

### EAST CALLED MORE VAIN

VANCOUVER, B. C. (UP)—Hosiery dealers in Vancouver believe that Western women are more sensible than those in the East. They said only a few extra pairs of stockings had been purchased by Vancouver women, while Eastern hosiery shops were being raided and huge individual purchases made.

### Experts Predict 3000 Fans At School Battle

PLAINVIEW (AP)—A crowd of 3,000 was predicted for Friday night's East-West all-star schoolboy football game—the second grid engagement of the season in Texas.

Marty Karow of Texas A. and M. and Jack Curtice of West Texas State are tutoring the East squad with Dell Morgan and Bert Huffman of Texas Tech coaching the West.

The game climaxes the Plains Coaching School.
