National 4-H Club Week: Enrollment Increase Noted

This is National 4-H Club Week. "4-H Clubs are attracting more boys and girls from cities and towns than from rural areas," so reports Floyd Lynch, State 4-H Club Leader. "Texas 4-H Club enrollment is up to 8400,0 members. More than 15,000 volunteer adult leaders work with Texas 4-H Club members, up from 15,000 a year ago," Lynch reported at a recent state committee planning meeting for celebration of National 4-H Club Week, September 26 - October 3, 1964.

"4-H Club membership was once primarily concentrated in rural communities," but not so today. Although there are fewer families active in one - farm operations, some 40 per cent of Texas family-bread winners are engaged in a vocation of direct or indirect service to agriculture," said Lynch. "Parents and school officials continue to give strong support to local community 4-H Club programs because the movement places emphasis on practical experiences for youth in the fundamentals of the American agricultural business system and our democratic constitutional heritage," Lynch added.

The history of 4-H Club development is typically American. 4-H in Texas originated as a grass roots movement to lift standards of home living. The boll weevil helped trigger the organization of 4-H. Texas was invaded by the boll weevil from south of the border at the turn of the century. The best defense was believed to be in diversity of agricultural production just in case "king cotton" should be dethroned. The key to many other agricultural enterprises lay in the expansion of in - state feed grain production; in those days that meant the growing of more corn. County Agricultural Agents and lay citizens organized boys to what became known as Corn Clubs. The youth were issued certified seed and were encouraged to plant an acre according to the latest scientific advice. Samples from bountiful harvests were entered in the county fairs and other competitive events. When the boy's father and neighbors saw the youth was out - producing them they switched to the new methods of production. Youth led the way into many other new or expanded Texas agricultural enterprises, for example, girls helped extend tomato culture.

County Home Demonstration Agents enrolled girls in Tomato Clubs. Each girl was given quality seed and instructions on how to raise tomatoes according to the latest information coming from agricultural research. After each girl's one - eighth of an acre of tomatoes was harvested, the Home Demonstration Agent hitched up her buggy filled with canning equipment including a hand soldering iron to seal cans and community teaching canning. Canning demonstrations attended by the Tomato Club girls and their mothers introduced the possibility of economical preservation of home grow products and thereby, much improved farm family diet. Tomatoes canned were often sold by local merchants who returned profits to the Tomato Club girls. The girls reinvested in a flock of chickens, cloth for a dress, or other project to improve the home or self.

Corn and Tomato Clubs were merged into what is today called 4-H Clubs during the 1920's. The movement still places emphasis on the dignity of labor, the importance of initiative, self - reliance, the contribution progress, and productivity on of applied science in human part of the individual. America reached a level of temporary agricultural surplus in the 1950's. Why is the 4-H Club movement continuing to grow and why does it attract so many youth from urban and suburban communities?

"A youth invests capital, time and talent, must keep accurate records, competes in contests and often sells a completed project for profit or loss. Parents and educators recognize these experiences as the principles of the successful American business system and find in 4-H youth's best opportunity for practical experience in applying these principles. 4-H Club members arrive at club decisions through the demonstration. Many arentis want these kind of youth experiences for their 4-H Clubs are organized on a neighborhood basis in cities, towns and rural areas. Volunteer adult leaders serve as advisors to the youth in club organizations and project activities. Each club member may select one or more of 142 projects or activities to engage in during a year. Projects include pets, farm animals, the automobile, home improvement, clothing, foods, photography, identification of insects, horse fitting and showing, and many other practical project interests of youth.

The first state - wide 4-H Club membership campaign called "Each One Get One" got under way September 26. 4-H Club members and adult leaders will extend club membership and leadership to at least one friend during a two month period. Cdr. Alan Shepard of NASA, and first US astronaut, is a member of the club. (See 4-H, Section A Page 5)

Muleshoe Jaycess Receives Award

Gene Hamilton, Rt. 1 Earth, was second place winner with four games incorrect.

It was announced Monday at the regular meeting of the Muleshoe Jaycesses that they had been awarded the "Jaycess Community Development Award". This award was presented for examining the community and designing action projects to alleviate needs found by analysis of that examination. They did give their membership and the public an increased awareness of local problems and did thereby contribute to the overall growth and development of the community.

The award was made by the United States Junior Chamber of Commerce.

Football Played In Plainview

Muleshoe 7th and 8th grade football teams tangled with the teams of Estacado School, Plainview Tuesday.

The 7th grade game ended in a tie with a score of 8 - 8. Daniel Lopez made the touchdown and extra points for Muleshoe.

In 8th grade play, Estacado downed the local team 14 - 12. Bobby Burge is credited with one Muleshoe touchdown on a pass from Lowery Lewis and Johnny St Clair crossed the line, making the other Muleshoe score.

Next game for these two teams will be next Tuesday at Morton. The 7th grade game is to start at 6 p.m. and will be followed by the 8th grade game.

Crow Chevrolet Winners Named

It was announced to the Muleshoe Journal that H. E. Kirby, Route 3, Box 78 was the winner of the television that was given during the showing of the 1965 Chevrolets. Joel White, Rt. 1 Farwell and Mrs. Lee R. Simms, Rt. 4, Muleshoe, both were winners of radios.

White is Jaycee Speaker Monday

Muleshoe City Policeman, Harold White, was the guest speaker at the regular meeting of the Jaycees. White spoke on the duties of law enforcement officers in the Muleshoe area.

White reported that the City, County, and Texas Highway Department has jailed 384 persons so far this year, 131 of these by the city. He also reported the city has investigated 94 accidents, with 11 injuries and approximately \$24,180.00 in property damage. The city has made 251 disturbance calls, picked up 146 dogs, and delivered 90 messages for the citizens of Muleshoe. The City Police Department is now, as it has been, with only three men, Chief Neely, patrolman White and Pete Hatfield.

White told the Jaycees, "the citizens of Muleshoe, as do other towns and cities, regulate the degree of law enforcement by the amount of backing they give their officers."

James Freeman, Texas Highway Patrolman also spoke shortly at this meeting on "backing your officer". There were approximately 20 Jaycees attending this meeting.

Kendall Places First in Sears Gilt Show

Terry Kendall, son of Mr. and Mrs. Guy Kendall of Muleshoe placed first in a recent gilt show for Sears Foundation gifts in Bailey County. Terry, along with Glen Salyer of Bula exhibited in the district show in Lubbock Saturday morning. Terry placed sixth in a hotly contested gilt show and Glen Salyer placed sixth in the showing in the male division of the swine show. Leon Kessler and family attended the district show and Leon did a fine job of serving as adult leader on this occasion.

Police Dispatcher City Employee Seven Years

Muleshoe Police dispatcher, Jess is employed by Fry and Ruth Dalton, has been a city employee for the last seven years, four of these years has been as dispatcher. Mrs. Dalton and her husband, Jess Dalton, have lived in the Muleshoe area for the last 23 years. All three of the Dalton children, Theron, who now lives with his wife, the former Barbara Kay Carlton, and their two boys at West Camp, and Debbie, 15 years old, and Gregory, 11 years old, were born in Muleshoe and attended Muleshoe School. Jess is employed by Fry and Cox, as he has been for the last eight years.

Last December, Debbie and Gregory proved their interest in their mother's work, as they helped track down two men one and one half miles across a field near their home. After finding footprints in the snow after hearing of a car theft, they called Bailey County Sheriff Dee Clements and Deputy John Moore, and then helped track the men, which led to their arrest.

FROM YOUR LIBRARIAN

We find this week the majority of books checked out were non-fiction; in other words, people are using the library for information as well as enjoyment. We find people are very anxious to improve either in their work or hobbies. Let's take a glance through the books, that are not fiction and yet might be on just the subject shelves at some of the newer someone might need information about. Titles: "The First Years of Life"; "Dr. Spock Talks with Mothers"; "Help Yourself to Better Sight; Hi-Fi-Sound Guide to Home Installation"; Break the Smoking Habit; Early Times in Texas; Now, Isn't that a big variety of are our many books on Art.

Thanks this week to Jeannie Garth for the much needed tying she did. Also Thanks to Letta Ward, and Gereta Gardner, who did Volunteer work. Many Libraries use High School students as "Pages" to help shel-

Grusendorf, Mrs. John Hubbard, Mrs. Horace Hutton, Mrs. John Blackman, Mrs. C. Snitker, Mrs. Horace Brasher, Mrs. M. A. Phillips, Mrs. R. Scagler, Mrs. H. L. Hanna, Mrs. Major Love, Mrs. L. G. Fred, Mrs. W. L. Welch, Mrs. Princess Parkman and Mrs. Wayne Parkman

ve books and perform many duties. We welcome this help. I am preparing a "Certificate" to give any and all who do Volunteer work at the Library. This will show the number of hours given, and kind of work performed. This should help a young person to get experience in a field he or she might like to make a career of; or pursue further in College.

I am also rearing a mimeographed letter of "Thanks," to be sent any person for gifts to the Library - whether it be books; donation of money or services; or items or facilities we need.

There will soon be 175 new books ordered with Memorial Funds. This is a wonderful way to remember a Loved One or friend. To Order a Memorial book, you would need to talk to Rev. J. Frank Peery of the Library Board. Many will be able to enjoy books given in this manner.

Elizabeth Black Began Art Career In Amarillo: Now Teaching Public

Elizabeth Black started her art career in Amarillo, where she studied for a number of years under A. W. Mack. Following this time, she studied graphic arts under Amy Jackson, then head of the art department of Amarillo College.

She received her degree at West Texas University where she majored in art under Isabel Robinson. For several years, Elizabeth (or Betty as she is known by close friends) was head of the Art Department of the Amarillo Tri-State Fair.

Although her marriage to Dr. A. J. Black and the arrival of her children, John, Thomas, Beth and Jan occupied the greater part of her time, she continued her private study of painting by reading all available books on art and by attending lectures and exhibits. She painted sporadically throughout the years.

For the past four years she has conducted classes in her home. Through her students, she asserts, she has learned more than she ever could have gained by further study, for to inspire young creative minds, one must be constantly aware of the changing world of art and allow each to follow his own individual talents and needs. Personally, she is a realist with a touch of impressionism, but her greatest satisfaction is when she sees one of her students breaking away from her restraints and experimenting with techniques of his own.

Mrs. Black is at present art instructor for Muleshoe High School's new Art Department. This greater challenge, she hopes, will inspire her to greater personal achievements.

Portrait - Mrs. Elizabeth Black is pictured with a painting, one of many now hanging in Paul's Cafe for the public to view. A different artist is featured each month by the business firm and Muleshoe Art Association.

Triple Threat

Style, wear, quality make the "Sharkey" suit unbeatable. From the Triple-Test collection by Hart Schaffner & Marx

Like some football stars, some suits have everything—style, stamina and class. Take this "Sharkey" suit. It's sharkskin with a new twist. Strong on wear. Neatly dodges wrinkles; bounces back into shape. Examine it closely. You see dark threads sparked with light threads. Gives the suit color a rich but subdued look.

Hart Schaffner & Marx tailoring keeps "Sharkey" fit and trim.

Take the lapels, for instance. Put your fingers behind one. Flip it forward. Notice how it springs back. Lies flat every time. The reason? Row upon row of interloop stitching inside each lapel. Lot more than in ordinary suits.

The look you buy is the look you keep. Stop in today and see yourself in championship form. In an HS&M "Sharkey" suit. \$00.00

Church Members Attend Special Conference Day

A special session of the Northwest Texas Conference of the First Methodist Church was called by Bishop Eugene Slater Tuesday and began at 10 a.m. in the Lubbock First Methodist Church.

Attending from Muleshoe were delegates Mr. and Mrs. Ray Edwards and Rev. J. Frank Peery, pastor of the local church. Rev. Peery gave a presentation to the Board of Evangelism Commission during the session.

Bishop Slater presided and brought the opening message. The Quadrennial Program for 1964 - 65, "One Witness in One World" was explained in a presentation by the conference Council.

Dr. George Richards, East Heights Methodist Church, Wichita, Kan. gave the closing devotional message.

Wives of the Lubbock District ministers were hostess for a Tea honoring Mrs. Slater that afternoon.

This was the first opportunity for Bishop Slater to address the conference since his July appointment.

The Latin II Club met Monday to elect officers, those being, Susan Birdsong; President, Doris King; Secretary, Neil Finle; Reporter, Lynn Ericson; Chairman, Neil Finley, Ann Phelps, and Jay Ward.

The next meeting of the Latin II Club will be held at the new home of Dianne Avery. Susan Birdsong will show slides of her trip to Europe. The slides showing Italy and its ancient Roman culture will be of particular interest to the Latin students.

Thursday, Mr. No - Yong Park, Ph. D., who has been widely acclaimed throughout the country as an Oriental Mark Twain for his delightful gift of expression, and penetrating knowledge of Asian affairs.

He inspired and stirred the student body Thursday holding the students literally spellbound when he spoke of the great struggle between democracy and communism across the Pacific, the struggle which, as Dr. Park put it, will shape the future of the world. He gave the students much food for thought.

Dr. Park wrote an intriguing book, A Squint - eye View of America. This program was presented by the Southern School Assemblies Agency.

Citizens Named To Labor Committee

Three Bailey County Citizens domestic farm workers existing in Bailey County and the shortage of workers, if any, which must be met by importing Mexican Nationals to harvest the cotton crop. Under Public Law 78, the TEC must supply this information to the Secretary of Labor who must limit the number of Mexican Nationals to be used in this county by granting a "ceiling".

The Committee was presented with the figures of the TEC that Bailey County will be short 590 cotton pullers during the peak period of the cotton harvest. This shortage will be met by the importation of Mexican National Bracero workers.

The Committee will function under Public Law 78, obtaining facts relevant to the supply of

Club Members Tour Foundation

Saturday, October 3, one hundred twenty F. F. A. and 4-H Club members from Perryton and Ochiltree County will tour the High Plains Research Foundation at Halfway. Attorney, Gene Steed, youth leader of Perryton, is arranging the tour. These farm youth organizations, accompanied by their leaders and Drew Ellis, member of the Board of Trustees of the Foundation, will leave Perryton by bus early on the morning of October 3 so as to arrive at Halfway at about 9:30 a.m. They will make tours of the Kluge building and laboratory and the Jim Hill Green House prior to a tour of the research farm to view plots of various crops, water conservation practices, and other experiments. Staff members will explain the research program conducted. J. B. Wheeler, Vice President, Hale County State Bank, is assisting Mr. Steed in planning the tour.

The 4-H Club of Halfway will conduct a tour to identify the 36 trees and shrubs for which they have painted permanent signs. The identification of fifteen lawn grasses in plots will be included in a tour around the Killgore Memorial Building. The guests will be welcomed by 4-H and F. F. A. Club officers and leaders as well as the Foundation staff. The seed processing laboratory and the saw laboratory cotton gin will be included in the tour. The tour will follow the plan used at the recent Eighth Annual Field Day when 4,800 guests were entertained at Halfway on September 10. The farm equipment used at the Foundation will also be on display. Dr. Earl H. Collister, Director of the Foundation, said in view of this special tour, others will be welcome to join the group, especially those who were unable to attend the Eighth Annual Field Day. A group of farmers from Littlefield, Olton, and Springlake have indicated they would attend on October 3.

Texas Election Code

The following is a statement to the Journal of the Do's and Don'ts under the Texas Election Code by Texas Press Association.

Rule 1. If you are a corporation, do not give or lend any money, equipment, radio time, newspaper space, or anything working for such a candidate. For an elective office, or anyone else of value to any candidate. The sale of any services you have to offer must be on a cash basis.

You cannot, as a good will gesture, lend a candidate or any of his helpers the use of any equipment you might have, loud speakers, or printing presses. You cannot lend out the services of your employees to help him write speeches, and still keep the reporter on the payroll. For example, a newspaper could not lend a reporter to a candidate to help roll. This is not an exhaustive list, it is merely illustrative.

Rule 2. Rule 1 is also fully applicable to activities designed to defeat a candidate. In other words, the acts prohibited by Rule 1 in helping a candidate are also prohibited in opposing a candidate. Two examples will

LEADING RAIDER
Donnie Anderson, Texas Tech halfback and Tech's leading candidate for national honors is from Stinnett, Texas. He is a junior, weighs 200 pounds and stands 6 feet, 3 inches. Anderson was voted sophomore back of the year in the Southwest Conference last fall. AP Wirephoto.

suffice: (1) You cannot give money to a person who intends to spend it to defeat a candidate. (2) You cannot give away free newspaper space for a statement saying, "Do not vote for A."

Rule 3. Rules 1 and 2 are also applicable to activities designed to aid or defeat any measure before the people for a vote. Several illustrations are appropriate.

(1) You cannot give away free radio time to speakers favoring the adoption of a proposed constitutional amendment. Nor could you give free time to speakers opposed to the amendment.

(2) It is not entirely safe, although it may not be illegal, to give away free newspaper space to people favoring or opposing a certain school bond issue. The uncertainty arises over whether a school bond issue is a "political measure", not over the illegality of giving away free space. The latter is clearly illegal when done to influence voting on a political measure to be submitted to a vote of the people.

(3) You cannot sell radio time or newspaper space on credit to persons favoring or opposing the adoption of a new city charter. Any such sale must be for cash.

Rule 4. Do not promise to do anything prohibited by the rules above. A promise to give money, lend equipment, give free radio time or free newspaper space, etc., is just as illegal as actually giving the money, etc.

Rule 5. The four rules above apply to any election including school board, city, county, district, state, or national. The penalties for violation of the above rules are severe. A corporation may be liable in a civil suit to each opponent of the candidate support 1 or twice the amount of the loan or gift.

Any officer or director of the violation of the code may be fined \$100 to \$5,000, and put in the penitentiary for one to five years, or both.

Rule 6. Make all sales of your services to politicians or their supporters for cash. The rule applies to anyone who wants to use your services or talk for or against any candidate for public office or about any political measure up for a popular vote.

Rule 7. Accept no political

advertisement for printing or broadcasting unless it is signed by the person who pays for it.

It will be risky to accept payment for political advertising from anyone other than the candidate, his campaign manager or an assistant campaign manager. The law forbids any individual from paying over \$24 to buy services in aid of a candidate. The individual must make the contribution to the candidate and let him buy the services. Thus, if you accept \$100 for radio time from a supporter of a candidate, the supporter would be guilty of a crime, and you might also be a party to the crime. To ascertain whether a person is a campaign manager or assistant campaign manager, call the Secretary of State's office and the County Clerk's office.

Rule 8. All political advertising must be labeled as "political advertising".

For the purpose of Rule 7 and 8, political advertising includes everything printed in a newspaper or spoken over the radio for or against a political candidate, for which you have received money.

The penalty for violation of Rule 7 and 8 is a fine up to \$100.

Whoever willfully publishes or distributes or causes to be published or distributed, or for the purpose of publishing or distributing the same, knowingly deposits for mailing or delivery or causes to be deposited for mailing and delivery or except in cases of employees of the Post Office Department in the official discharge of their duties, knowingly transports or causes to be transported in interstate commerce any card, pamphlet, circular, poster, dodger, advertisement, writing, or other statement relating to or concerning any person who has to seek the office of president, or vice president of the United States, or senator or representative in, or delegate or resident commissioner to Congress, in a primary, general, or special election, or convention of a political party, or has caused or permitted his intention to do so to be publicly declared, which does not contain the names of the persons, associations, committees, and corporate, and the name of the officers of each such association, committee, or corporation, shall be fined not more than \$1,000 or imprisoned not more than one year, or both.

When Don Larsen of the Houston Colts blanked the Philadelphia Phillies on Sept. 3 it marked his first shutout since May 30, 1959. Larsen once pitched a perfect World Series for the Yankees.

The Phillies gained a 12 - 6 edge in National League games with the Cubs this year.

USDA Emergency Prices Increases To Dairy Farmers Is Favored

The U. S. Department of Agriculture issued a final decision in favor of a temporary emergency price increase of 10 cents per hundredweight for bottling milk supplied to dairy farmers in six federal milk order areas in Texas.

Involved are the North Texas, Lubbock - Plainview, San Antonio, Central West Texas, Austin - Waco and Corpus Christi milk order areas.

At the same time, temporary increases were recommended for bottling milk supplied to seven other marketing areas in Arkansas, Illinois, Kentucky, Mississippi, Missouri and Tennessee, which also have been affected by drought.

Agricultural Marketing Service officials said the emergency increases are necessary to assure an adequate supply of milk for consumers in the 13 areas, where milk supplies are insufficient.

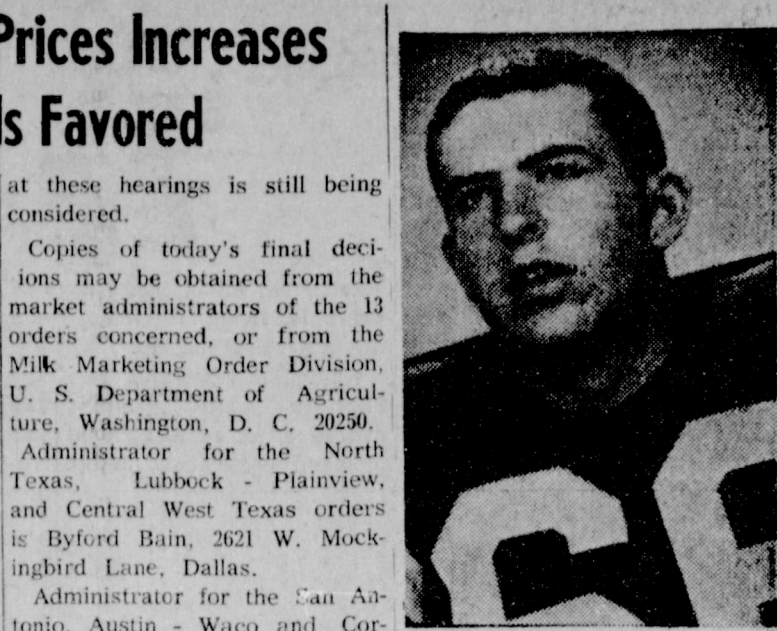

The recommended increases are subject to approval by producers in each of the areas. If approved, they will go into effect at the earliest date on which the orders can be amended and continue through March 1965.

Decision to grant the increases are based on evidence submitted to USDA at an emergency regional hearing in Dallas on Aug. 26. Similar hearings at Memphis, Tenn., and St. Louis, Mo., resulted in recommendations for temporary price increases as follows: Fort Smith, Ark., and Central Arkansas orders: 25 cents per cwt. from the effective date of the amendments through November, 1964; and 15 cents for the months of December, 1964 through March, 1965.

Memphis, Tenn., St. Louis, Suburban St. Louis, Ozarks, and Paducah orders: 15 cents per cwt. to apply from the effective date of order amendments through March, 1965.

Additional public hearings to consider proposal for price increases were held in Oklahoma City, Sept. 15, for the Oklahoma Metropolitan and Red River Valley orders, and in Kansas City, Sept. 17, for the Kansas City and St. Joseph order areas. Evidence received at these hearings is still being considered.

Copies of today's final decisions may be obtained from the market administrators of the 13 orders concerned, or from the Milk Marketing Order Division, U. S. Department of Agriculture, Washington, D. C. 20250. Administrator for the North Texas, Lubbock - Plainview, and Central West Texas orders is Byford Bain, 2621 W. Mockingbird Lane, Dallas. Administrator for the San Antonio, Austin - Waco and Corpus Christi orders is H. H. Erdmann, 834 Brooklyn Ave., San Antonio.

GREYHOUND TACKLE — Richard (Dick) Pylant, Muleshoe freshman, is listed as a good prospect at tackle for the Eastern New Mexico University Greyhounds. Pylant came to the Greyhounds as a center, but has been moved to tackle where the Hounds are thin in experienced personnel. Pylant stands 6-1 and weighs 220. In high school he lettered in football, basketball, and track. He was chosen All - District, All-South Plains, and All - State in football. Score: 1 - 0.

'65 Chevrolet Impala Sport Sedan

'65 Chevrolet Impala

It's '65's biggest, most beautiful change. There's striking new styling. New length, width and lowness. A roomier new Body by Fisher housing an interior that's a knockout. And a more serene Jet-smooth ride with a new Full Coil suspension system. Fact is, if you overlook just one thing you can easily convince yourself you're onto a big expensive car here. And that thing is its Chevrolet price.

New Corvair Corsa Sport Coupe

'65 Corvair Corsa

There's never been anything like it from either side of the Atlantic. There's new thin-line body for all closed models. More length and more entrance and shoulder room in all. And a higher powered range of engines—with up to 180 hp available in the top-of-the-line Corsas. How sporty can a car get? Your dealer's got the Corvair that'll show you.

The Sandhills Philosopher

Editor's note: The Sandhill Philosopher on his Johnson grass farm tackles the Presidential candidates financial statement problem in his letter this week.

Dear editor: As I understand it, it's not a just a new fad, but Presidential candidates and their running mates are now publishing financial statements and we have

heard from all of them, none of whom is living in what you'd call a poverty pocket.

What I'm wondering is if the thing will spread and voters will be expected to publish their financial statements before vo-

ting?

If so, there's one point I'd like to get over. I notice that there is considerable argument over the kinds of financial statements the Presidential and Vice Presidential candidates have published. Some are using figures based on what their holdings cost, others on what they could be sold for now.

This has brought on an argument, with one side arguing what something cost is no basis for determining what it's worth now. "That's no way to

reflect your financial standing," they argue. "Publish the true current figures."

Well, no, technically I guess maybe they're right, but let's not go overboard about it. There are times when a cost basis is better than a sales basis.

For example, take my 1946 model tractor. It'd show up a lot better on a financial statement at its cost when new 18 years ago than its current market value, which I estimate is around \$135, if I could get all four tires to stay up long

enough at the same time to get it to town for an appraisal. The same is true of my two shares of General Livery Stable stock, or the rubber-tired buggy I've had in a shed out here for years, holding it against the day when man finally pumps all gasoline out of the ground.

The current market value, you see, is not always the best basis for making a financial statement, but on the other hand, lots of times, it can be fine for tax assessing purposes. A man who doesn't know whether he's making out a financial statement to the bank or a tax report to the tax assessor, he's in bad shape to start with. I'm not saying this is the way it ought to be, only the way it is.

Yours faithfully,
J. A.

Plainview High Homecoming Set

Three thousand graduates of Plainview High School have received a personal invitation by mail to attend their Homecoming on Saturday, October 3.

"It's the eighth time that arrangements have been made for a Homecoming observance.

Registration of grads begins at 2:30 Saturday afternoon at the Estacado Jr. High School cafeteria with badge pinning that will identify visitors with the respective classes. A catered supper will be served from 5:00 to 6:30, tables being labeled so that grads of the same year can sit together. Mrs. Ben Mitchell (Frances Beth Hampton) is in charge of decorations. Diners will be entertained by a trio of young Plainview folk-singers.

Graduates of 1939 will be honored this year. Immediately following the meal, a program based on the theme "This Is the Year That Was" will be presented. As in years past, a collection of pictures, some ancient and all old-fashioned, will be projected on a screen, and other appropriate means of jogging the memories of those present will be employed. Program arrangements will be handled by Roert Ringler, class of '39.

STOP FOR SCHOOL BUSES

Thousands of school children are now trooping back to school throughout Texas. Many of them will be transported by school buses. Most people are careful when approaching a school bus which may be standing beside the road or school to pick up school children or allow them to alight. However, we have already had some very bad accidents this year because a child or a motorist, or both, were careless at that very time.

Most Texans are aware of the law which requires a driver to come to a complete stop when overtaking from the rear a school bus which has stopped to receive or discharge school children. After stopping immediately behind the bus he is then allowed by law to proceed past same at a speed "which is prudent, not exceeding ten (10) miles per hour, and with due caution for the safety of such children."

What many persons do not realize is that the very same rule applies when MEETING a stopped school bus. While everyone is interested in protecting our children, unthinking violators of this simple safety rule greatly outnumber those who comply. Failure to follow the law in this case can lead to fine up to \$2,000 even when no accident occurs. Following an accident in which some child is injured or killed, the penalties are naturally much more serious.

Although the above rule does not always apply when

At 7:30 p.m. grads will walk to the nearby stadium to watch the Plainview Bulldogs play the second Class AAAA conference game of the season with the Borger Bulldogs.

After the ball game, coffee and doughnuts will be served in the Estacado cafeteria, providing a final opportunity for people to see each other. The registration fee of \$2.50 provides the meal and covers all expenses incurred in preparation for Homecoming.

passing a stopped school bus in safety. And, in no event should a business or residential district of a town, the necessity for extreme caution even in those locations is obvious.

When it comes to overtaking and passing moving vehicles, exercise of ordinary common sense will generally keep a driver within the law. For instance, when passing a car it is common sense to proceed on past at a safe distance before cutting back to the right side of the highway. Also, any driver would realize the danger of increasing his speed while another is attempting to pass him.

In the same category is the prohibition against passing on the right under most ordinary conditions. Of course, you may legally pass on the right in a few specific instances, such as when the vehicle overtaken is making or about to make a left turn, or upon a one-way street with two or more lanes, or upon a four-lane highway.

However, our traffic laws state that even when passing on the right is allowed, it shall be done only under conditions permitting such movement in

such passing be accomplished by driving off the pavement or main-traveled portion of the roadway.

Familiar to all are the no-passing zones designated by yellow lines placed to one side of the center line on our highways. Not so well known are the restrictions against crossing the center line when approaching within 100 feet of or when traversing any intersection or railroad grade crossing.

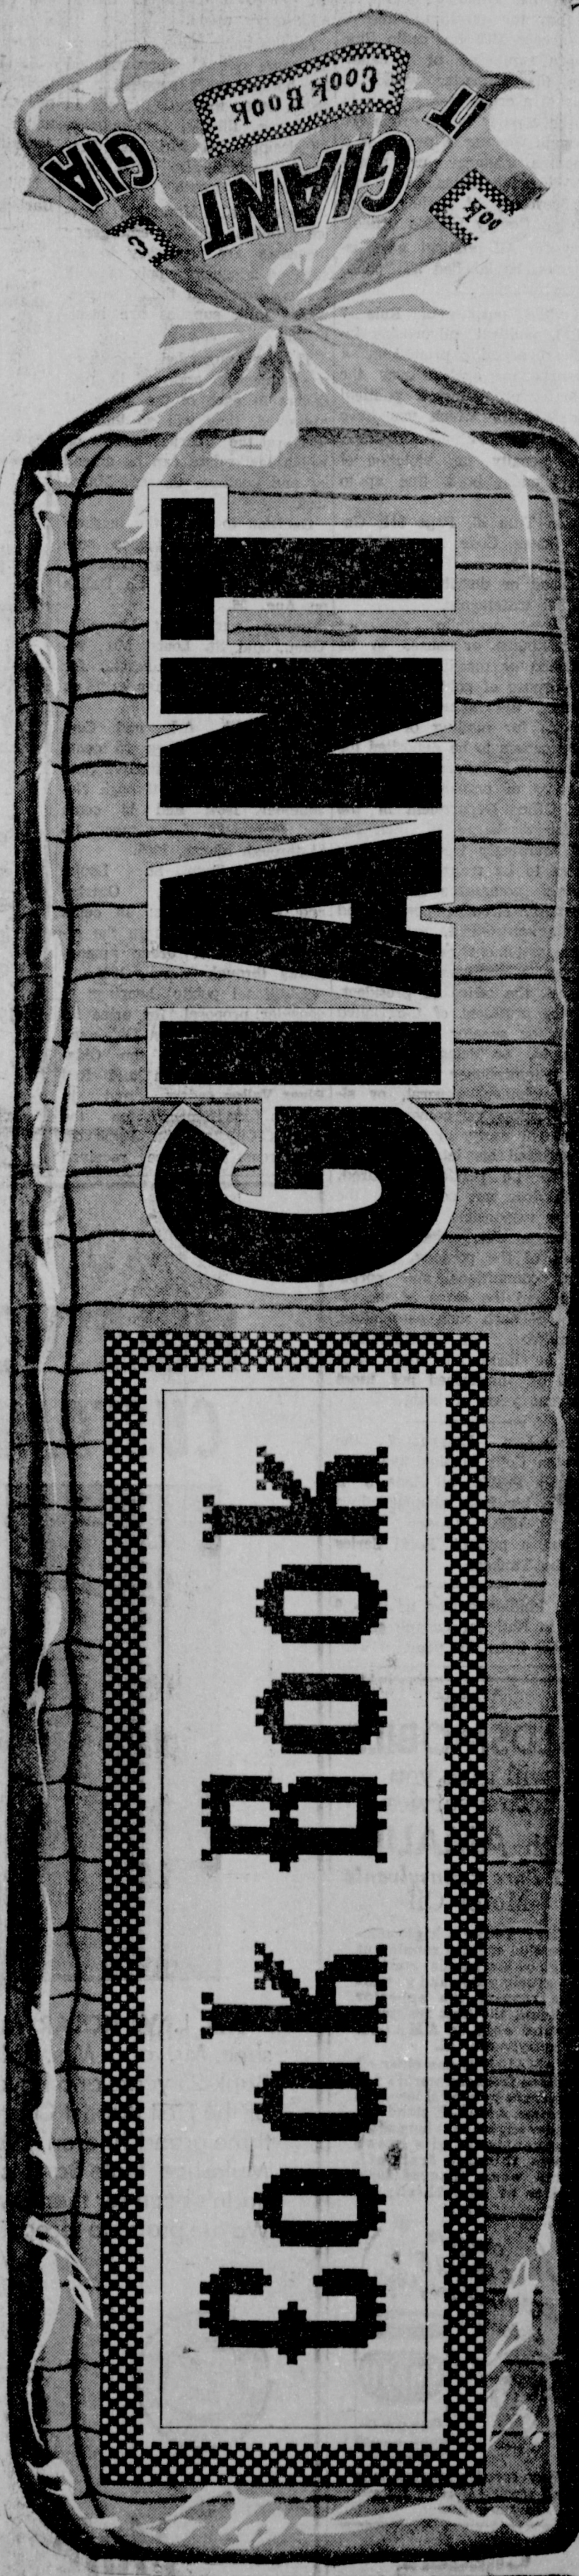

A driver should never cross the center line of a highway when the left side of the road is not clearly visible and free of oncoming traffic. Generally speaking, when not engaged in passing another vehicle, one should not drive to the left of the roadway.

(This news feature, prepared by the State Bar of Texas, is written to inform -- not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.

Yarborough in Washington

Dear Fellow Texan: The bill to provide for hospital, nursing home, out-patient, and home medical care for persons 65 and over - under the Social Security System - is now before a conference committee of Senate and House members. I supported this bill and hope it is passed by Congress.

The Health Care Bill included in the Gore Amendment now before the House and Senate conference does not cover doctor bills. However, the individual could choose the type of coverage he would receive for inpatient hospital care. For example he could elect 90 days coverage, agreeing to pay \$10 a day for the first 9 days. The average cost of one day's hospital care was \$9.39 in 1946, but today is about \$39 a day.

This is why I support the bill. This is why I support the bill. This is why I support the bill. This is why I support the bill.

Gov. John Dalton Keynote Speaker

LUBBOCK — Gov. John M. Dalton of Missouri will be the keynote speaker when area Democrats gather in Lubbock's Municipal Coliseum at 7 p.m. Thursday (Oct. 1) for a West Texas Democratic rally.

Ralph Brock, Lubbock County Democratic Chairmann, announced that the gigantic rally will draw Democrats from throughout the area for the \$10-a-plate dinner and campaign kickoff.

Top Texas Democratic officials will also be on hand for the rally, Brock announced.

Brock reports that tickets are available through local Democratic officials and representatives, or at Lubbock Democratic Headquarters, 3029 34th St., phone SW5-3635.
