

Chamber of Commerce Directors Back Proposed Junior College

Muleshoe Chamber of commerce board of directors has endorsed "wholeheartedly" the proposed junior college for Muleshoe, and the board members have individually started

with State Sen. Andy Rogers, Childress. The survey will be conducted by Dr. C. C. Colvert of the University staff who has been called "Mr. Junior College of Texas." Dr. Colvert, it is said, is the state's greatest authority on junior college and is said to be highly in favor of area junior colleges as a part of the vast higher education program of Texas.

The board was told of a recent trip made by Williams and other members of his committee to Levelland to study the operation of South Plains Junior College.

Dr. Colvert was one of the men who aided greatly in se-

curing that college, the board was told. After he completes a fund rolling to pay for the initial survey by a University of Texas official.

After all phases of the program were explained to the board by Alex Williams, chairman of the committee studying the proposal, the board gave its endorsement to the program. Members chipped in with cash on the spot to get the movement under way.

Next step in the proposal to get such a college for the Muleshoe area will be taken soon when members of the chamber board fly to Austin to confer with University officials and his survey, Texas Education

Agency moves in to make a more complete survey, including a financial study. These surveys are necessary before state offices can give their blessing to such a movement, it was explained.

Dr. Colvert and TEA officials told backers of the Levelland college that they could expect an enrollment of 700 at the end of five years. But the school already has passed that mark, with 80 students enrolled in the present term.

South Plains officials told the Muleshoe group they will be glad to aid in any way possible in securing a junior college for Muleshoe area. With capacity at South Plains already reach-

ed the need for a junior college here or in this immediate area would seem obvious, the group

Can, Too, Snow Here

While areas to the north and east have been getting their share of snow, Muleshoe has been by - passed, but Sunday night, Monday and Monday night, it was Muleshoe's turn.

Four inches of snow (mixed with sleet and some frozen mist) pelted down on Muleshoe leaving a welcomed blanket of moisture to lay parched farm-lands which had been roaming around considerably all winter.

Farmers were pleased, and hoped more snow will follow. Roads, while slippery, were not considered hazardous, and the business of travel moved slowly but generally safely.

The snow blew in late Sunday, following a summer - time day which had seen the mercury climb into the top '60's. It continued to fall intermittently throughout the day and night. Mercury dipped only into the low '20's.

Tuesday a bright sun put on a gleaming act to turn city streets into slushy messes.

IT FINALLY SNOWED — Muleshoe area but made driving hazardous. Auto-got its first snow of the season this week, mobile sales, of course, dropped practically to nil, and this picture show why.

First filing for city council posts was announced Tuesday when Royce L. Garth, a former city employee for many years, filed for Place 1. The post is now held by Rudolph Weidebush.

Muleshoe Youth Center will stage a dance at Legion Hall, starting at 8 o'clock Saturday night, it was announced Wednesday. Providing the music will be the Newcastles from Amarillo. Prices are 75 cents for members, \$1 for non-members.

Muleshoe Study club will discuss "The Exceptional Child" at its meeting Thursday evening in the Muleshoe State Bank Community room, starting at 7 p.m., it was announced Wednesday. Husbands and friends of the club are invited to attend the program when speakers will be Dr. Ray Santos and Superintendent of Schools Neal Dillman. Hostesses will be Mrs. G. L. Splawn and Mrs. Cecil Cole.

Muleshoe area folk attended a High Plains Water District meeting in Lubbock last week to hear a discussion of water problems facing the nation. They were told that water in West Texas will be exhausted by the year 2000 if the present rate of depletion continues. Among those going from here were Virgie Nowell, Walter Cagle, James Wedel, Leldon Phillips and Chamber of Commerce Manager Roy Davis.

Jerry Haskins, 15, son of Mr. and Mrs. George Haskins Jr., has returned from a trip to Austin where he

DRINKING MADE DIFFICULT — When the Bailey county jail was built, little provision was made for women inmates, and none at all was provided for drinking water. Here an inmate (whose face is purposely blurred to conceal identification) gets a drink in the shower. "Comes in handy," she said, "you can get a drink and take a shower at the same time."

Labor Picture Brightens For Mexican Farm Help Here

First ray of hope in the hard-hit farm labor picture here, was seen Wednesday when help of the Mexican government was promised to a Muleshoe labor official in a trip, to the Rio Grande.

The promise was made to Elvon DeVaney, manager of the Western Texas Farm Labor Association, an organization which in the past has supplied area them braceros.

farmers with workers, many of "It's the first ray of hope we have found," DeVaney said Wednesday on his return from South Texas. "I visited with the Mexican Counsel and he assured me he will do all he can to help procure Mexican National labor for our vegetable planting season," DeVaney said.

"We believe we will be able to work out a contract with the Mexican government to provide bracero help again this year.

Of course the big boost will come in harvest time when the bracero lists will be greatest. In fact, we hope that by harvest time, we will be able to procure all the labor we need for our area."

The end of the bracero program, as such, put farmers in this area in a bind. The Department of Labor has taken over the program, and has boosted minimum wages for all workers, including American nationals, and also has set up strict housing and transportation rules.

Actually the men supplied from Mexico will be Mexican Nationals who will be in the United States with visas, a slightly different arrangement from the old bracero program which had been in effect for a number of years here.

Farmers had charged that the new wage levels would price

all help out of their range, whether Americans or Mexicans. However, many area farmers already have met the minimum housing requirements and have been providing transportation to workers. Thus that phase of the new program would not prove any great handicap to farmers.

"We were delighted at the response which we received," DeVaney said, "and we found that the Mexican officials are eager to cooperate in any way possible."

Parallel Parking On First St. Urged

Paul Mills of the State Hwy. Dept. was present at the city council meeting Monday and a discussion was held on parking and traffic hazards at the intersections of state Hwy. 214 and Ave. B.

Mills recommended that concrete slabs be poured on all four corners of Ave. B and Hwy. 214 intersection and parallel parking be allowed down to American Blvd. He said this would facilitate the proper right

distance at the corners for safe driving and help correct a dangerous pedestrian problem.

Mills said a traffic light, at 214 and Ave. B would have to be timed with the light at 214

See PARKING, Page 5

Jail Shower Has Twin Role: It's a Fountain

Bailey county sheriff's officers are almost praying these days that people will be good.

You see their jail, which was built for a very limited number of "clients" in the first place, is overflowing — or was during

the weekend. And it seems, that when they built the jail, they almost forgot all about provisions for women prisoners of whom there are some from time to time.

There's a woman in the jail at present, waiting arraignment on an alleged forgery charge. But the only place they can put the woman is in the "run-around," a drafty little area that has a shower stall. Apparently women "clients" are not supposed to get thirsty because there is no provision at all for thirst-relieving. She can go stand in the shower stall, turn on the water "just a wee bit", open her mouth and catch the water as it spurts out. If she's careful, she can keep from getting wet.

Business picked up considerably in the jail department Saturday.

County Spelling Bee Date is Set; 'Boning' Starts

County school spellers, who have already started boning up for the 1965 contest, will have until April 13 to learn how to spell carobhydrate, glucose and archipelao and the like.

That's the date set for the annual county spelling bee, sponsored locally by the Muleshoe Journal and on an area basis by the Lubbock Avalanche - Journal.

The books for the bee,

Pellet in Lung To Stay, Houston Doctors Decide

A former Muleshoe girl is due to leave the City - County Hospital in Houston this weekend with an air rifle pellet in her lungs, a pellet which she probably will carry for the rest of her life.

Sherry Cooper, 11, who until Dec. 19 lived with her parents here, was struck in the back by the air rifle pellet when her small brother accidentally discharged the gun in her direction. Her parents are Mr. and Mrs. Gene Cooper and she is a sister-in-law of Lyndol Kinser.

The pellet entered an artery, traveled through her body to the abdomen, and then, somehow, traveled up to her left lung.

When the pellet first lodged in the abdomen, the little girl

See PELLET, Page 4

820 as compared with 163,163 bales. Floyd county also had a good year, the 1964 ginnings running to 119,364 as compared with 112,480 in 1963.

Swisher county's total was 59,086 as compared with 59,238 in 1963. Farmer county ginnings in 1964 reached 32,495 as compared with 30,346 in 1963, and bales as compared with 49,687 in 1963.

Cochran county, like this county, showed a decrease — 62,979 for 1964 as compared with 73,294 in 1963. Deaf Smith county, at the north edge of the cotton region, showed a slight increase, 11,755 for 1964 as compared with 9433 in 1963.

Meantime, announcement was made Wednesday of the annual Western Cotton Foundation conference to be held in Lubbock March 2 and 3 when cotton men will take a long look at the outlook for U. S. Cotton.

Dr. M. K. Horne, Jr., chief economist for the National Cotton Council, will discuss current domestic and export programs and analyze cotton's competitive situation.

The two - day conference, oriented specifically for the Western growers, will convene at the KoKo Palace. General chairman is Roy Forkner, president of Plains Cotton Growers, Inc.

UNDERGROUND LEVEL DROPS

Caution is Urged In Use of Water

Water measurements here have been completed and the underground levels have shown a further drop, says David Cunningham, Muleshoe, of the High Plains Underground Water Conservation District which has its headquarters in Lubbock.

"The decrease was not startling," says Cunningham who added that the drop was to be expected. "However, all decreases are serious, and point to the need for using caution to prevent waste."

He explained that the decline was expected, "especially considering the extremely dry year we experienced during 1964. Of course we have no control over the weather. Neither do we try to control the amount of water which an individual may pump. We feel this is as it should be."

He said the High Plains district "does ask that a man control his waste water. We think this will not only benefit the individual but the entire area as a whole. If waste water is not controlled, it is highly possible

that the day will come when another agency will not only ask, but enforce pumping allowances. What would this do to your economy and the economy of the High Plains?"

In a statement issued Wednesday, Cunningham said:

"The District is proud of the great majority who have already taken steps to control waste. Still there are a few who continue to ignore the importance of water conservation. Waste must be stopped. Not after the water is depleted, but while we still have a supply. There are those who condemn the District for enforcing its rules, but these same people would be the first to criticize the District if state or federal control was adopted."

"Have you ever considered the influence which the individual controls within the boundaries of the High Plains Underground Water Conservation District? These are the people who know the great importance of water and what it can accomplish."

See CAUTION, Page 5

MAIF in Action—Part V

Parks, Recreation Topped Suggestions

Heading the list of suggestions at last autumn's public forums to discuss Muleshoe's needs were parks and recreational facilities.

And because of this intense interest, Muleshoe Area Improvement Forum devoted an entire public session Tuesday night to this phase of the six-point MAIF program.

At the meeting, speakers included Donald Williams who pointed out the need for parks for all ages; Mel Evans told of the possibilities for getting state help for a park, and Gordon Doss gave a history of parks, saying that larger cities

plan one acre of park land for every 100 persons.

Victor Cox told of his plan for a huge zoo, rodeo and mule barn on his property east of town, and joining in support of the proposal were Louis Powers and the Rev. Don Boles. Backers of the movement said a "tremendous tourist attraction" could be provided by an elaborate development program.

Most persons indicated they would go along with a park program even if it would necessitate increasing city taxes to procure and maintain parks. Two city councilmen and the

city manager were present.

Altogether, 330 suggestions were received in this category alone, West Chamber of Commerce in its summary pointed out. Said the report: "This indicates the interest, and it is evident that your people are aware of the needs in this classification."

The report continued: "Your community will benefit much from the suggestions, and careful attention should be given to the adoption of scheduled activities in this field. Definite planning should be done on financing and supervision matters. It is known that under-fi-

nanced and improperly planned parks and recreation programs have experienced difficulty in operation and maintenance"

Of the parks and recreational needs, 117 persons suggested the need for parks. Suggestions included the need for adequate playground equipment. Tennis courts were specially mentioned.

WTCC said in its report of this phase of the program. "It is suggested that a committee composed of representatives of all recognized clubs and organizations be included in the planning. This is most important"

Rainbow Installation Ceremony Held

Miss Sonja Bass was installed as Worthy Advisor of Muleshoe Assembly No. 161 Order of Rainbow for Girls in an impressive service held Saturday evening in Masonic Hall. She is the daughter of Mr. and Mrs. Lonnie Bass.

"God Put A Rainbow in the Cloud" was her theme and her colors were melon and white. She chose the Rose as her flower. Scripture was Genesis 9: 13 - 15 "I do set my bow in the cloud, and it shall be for a token of a covenant between me and the earth. And it shall come to pass, when I bring a cloud over the earth, that the bow shall be seen in the cloud. And I will remember my covenant which is between me and you and every living creature of all flesh; and the waters shall no more become a flood to destroy all flesh."

For the installation program, Rev. J. Frank Peery gave the invocation and as the Altar was attended, Leasel Richardson sang "My God and I" following the presentation of installing officers. After the installation service Richardson sang "I'll Be Loving You Always." He was accompanied by Mrs. Sam Damron, "God Put A Rainbow in the Cloud" and "The Lord's Prayer" were presented by Delton Bass, soloist, as Nine Ed Bovell was presented the past Worthy Advisor's pin.

The presentation of the Past Worthy Advisor's pin was made before Rev. J. Frank Peery gave the benediction.

Rev. and Mrs. Peery and members of the First Methodist Church were introduced as her church family. Being installed along with

Sonja were Mother Advisor, Mrs. Wayne Williams, officers and the Advisory Board.

Officers were Pam Kerr, Worthy associate Advisor; Judy Elliott, Charity; Jeanine Wagon, Hope; Marcie Williams, Faith; Lindy Kerr, recorder; Debbie Burrows, treasurer; Lynn Ericson, Chaplain, Doris Kings, drill leader; Saeridan Porter, Love, Cindy Davis, Religion, Brenda Harrison, Nature, Pam St Clair, Immortality; Kerry Beddingfield, Fi-

delity, Pam Seymour, Patriotism, Danla Kendall, service, Denise Doss, Outer Observer, Rena Lackey, confidential observer; Terry Bryant, musician and Charlotte Davis, choir director.

Installing officers were Nine Ed Bovell; Rhonda Wagon, marshal; Mrs. Bobby Eason, chaplain; Wanda Harris, recorder; Mrs. Sam Damron, musician; Jan Everett, registering guests and Michelle Bolinger, usher.

Members of the Advisory Board being installed were Lonnie Bass, Ruth Williams, Ruby Lee Kerr, Phyllis Beavers, Spencer Beavers, Norma and Melvin Seymore, Mary Farley, Harmon Elliott, R. Q. Botkin, Jauree Bovell and Ruth and James Fowler.

Lonnie Bass, chairman of the Board, presented wreaths to Sonja Bass and Pam Kerr. Sonja also honored Mr. and Mrs. John Farley by present ng

them behind the bow, conducting them to the East and presenting them with flowers, this an appreciation for their encouragement through past years.

She dedicated her installation to Miss Elizabeth Harden, first Mother Advisor of Muleshoe Rainbow Assembly.

Epsilon Delta Studies Funds

The Epsilon Delta Chapter of Delta Kappa Gamma Society met Saturday, February 6, in the Olton Cafeteria for a coffee. The Valentine motif was used in table decorations and appointments.

The Scholarship Committee presented the purpose, the scop, and the source of funds for the Scholarship Program of the Alpha State Organization. Eleven short term scholarships are offered annually at colleges and universities of Texas; three long - term scholarships are available at the University of Texas, and four floating scholarships are now created. These scholarships are available for Delta Kappa Gamma members doing work toward a master's degree or beyond a master's degree. Members who presented the program were: Evelyn Kinsner and Gladys Houk, Littlefield; Uleta Jenkins, Olton; and Bee Miller and Elizabeth Watson, Muleshoe. Muleshoe members attending were: Mrs. J. E. Bachman, Mrs. Joe Costen, Mrs. Ed Johnson, Mrs. John Miller, and Mrs. John Watson.

Shower Honors Recent Bride

A wedding shower was given from 7:30 to 9 p.m. Friday honoring Mrs. D. G. Ivy, the former Miss Jonnie Burris.

Hostesses were Mrs. Delbert Sprayberry, Mrs. W. F. Burris, Mrs. Dillard Morris, Mrs. James Roy Jones, Mrs. H. T. Totten, Mrs. Doyle Trapp, Mrs. Claude Fuabus, Mrs. Bobby Burris, Mrs. Horace Burris, Mrs. J. T. Shofner, Mrs. Dailey Howell, Mrs. J. D. Small, Mrs. V. J. Purcell, Mrs. V. R. Lumpkin, Mrs. L. R. Watson and Mrs. C. H. Kersey.

Minister Tells Of Church Year

The Rev. Clifton Corcoran of the Immaculate Conception of Mary Catholic Chapel announces the spiritual activities for the past year. A total of 224 people received the Holy Sacrament of Baptism; 54 received the Holy Sacrament of Confirmation and 21 had a Christian burial and atque 8 christian marriages. More than 250 attended Sunday Masses every Sunday.

Sandra Rundell Named Betty Crocker Homemaker For Muleshoe

Sandra L. Rundell is this year's Betty Crocker Homemaker of Tomorrow for Muleshoe high school. She scored highest here in a written home-making examination taken Dec 1 by 552,704 senior girls in 14,236 of the nation's high schools. She is now eligible for state and national scholarship awards ranging from \$500 to \$5000.

Test papers of all school winners in the state are being judged competitively. From this, the State Homemaker of Tomorrow will be named, and will receive a \$1,500 scholarship from General Mills, Inc., sponsor of the annual Betty Crocker Search. In addition, her school will be awarded a set of the Encyclopaedia Britannica by Encyclopaedia Britannica, Inc. The second - ranking girl will receive a \$500 educational grant.

Following her selection, the State Homemaker of Tomorrow together with a school advisor, will join winners and advisors from each of the 49 other states and the District of Columbia in an expense - paid educational tour of Colonial Williamsburg, Va., Washington, D. C., and New York City. Climax of the trip will be the naming of the 1965 Betty Crocker All - American Homemaker of Tomorrow. Chosen from among the state winners on the basis of her original test score, plus personal observation and interviews during the tour, her scholarship

will be increased to \$5,000. Grants of second - third - and fourth - ranking girls in the nation will be raised to \$4,000, \$3,000 and \$2,000, respectively.

All judging is conducted by Science Research Associates, Chicago. This educational testing and publishing firm also constructs and grades the written test.

Begun in the 1954 - 55 school year, the Betty Crocker Search for the American Homemakers of Tomorrow is designed to emphasize the importance of home-making as a career. This year's record enrollment pushes the 11 - year total of participating girls past the 4 million mark, and, with the 1965 grants, total scholarship awards will stand well in excess of \$1 million.

IT WOULD BE **A SURPRISE**

How long has it been since you gave your wife or husband a valentine? A long time ago is the answer most would have to say. In fact, most can't even remember the last valentine they sent.

Sometimes we take Christmas, Mother's Day and Father's Day so for granted that it doesn't mean what it should. It isn't a surprise on these occasions, but a Valentine on February 14th would be a surprise.

If you would like to give a Valentine and a gift like a pretty new spring dress or Ship 'n Shore blouse, or for him something like one of the New Arrow white shirts would be sure to please. Try to think of something they really want but just hesitate to buy it for themselves. For the next few days, listen and maybe they will drop a hint but don't ask... it is the surprise that will be important.

Cobb's DEPARTMENT STORE

Gables, Precures Home After Month's Tour of Australia

Mr. and Mrs. R. D. Precure and Mr. and Mrs. H. M. Gable have returned after a month's stay in Australia and four other points of interest.

The couple left Amarillo by jet January 5 and arrived in Sidney, Australia 18 hours later.

While there, they visited many large ranches and saw thousands and thousands of sheep and cattle.

On one visit to a sheep ranch, they watched 35,000 sheep being sheared by 24 shearers in a large, air conditioned barn and the wool being baled and loaded to be sent to the "wash house" to be prepared for sale. Mrs. Precure said the wool was just beautiful after it came out of the wash house.

"The people of Australia impressed us very much," Mrs. Precure said. They are such nice, friendly people and have so much pride in their farms, ranches and businesses, and keep them very neat.

The Gables and Precures found touring difficult there without a car. On a trip to Dubo in New South Wales, they decided to buy a car so they could see more of the country. When they were ready to return, they sold the car back to the dealer.

Being summer there, the temperature stayed around 105 to 110 and there wasn't an air conditioned car to be found. The wildlife there was also an attraction, especially the colorful parrots and the Kangaroos.

"However, a sad note to the Kangaroo comes from the grass-rancher angle, as there are so many of the animals there and consume so much of the needed grass, ranchers have begun to have to destroy them.

The fruit was another thing they enjoyed with fresh bananas right from the tree. The cotton was blooming; the wheat had just been harvested, and

VISITED RELATIVES

Mr. and Mrs. John Farley visited in Tulia, Sunday, with their daughter, Mrs. Curtis Brasher and family.

SHOP MULESHOE FIRST

the vegetables were being gathered.

They visited one farm and saw acres and acres of English Peas being hand picked, put in sacks and taken to the processing plant.

Other places visited by the tourists were Fije Island, Queensland and Hawaii. In Hawaii, they stayed two days in Honolulu before coming back to Muleshoe.

Mrs. Precure said the Australia people anxious for people to come there and help develop the thousand of acres of virgin soil. The Commonwealth government is encouraging the development of the country through a type of government lease program.

At the beauty shop, the women learned from the Australians that the dollar standard of money would go into effect there next year and the women were quite worried over learning to count money again and ask many questions about the value of our money and how to count it.

Spring Festival of Fashion Being Presented At Springlake

The "Spring Festival of Fashions" will be presented February 16, 1965 by the Psi Nu Chapter of Beta Sigma Phi in the Springlake School Cafeteria. The show will get underway at 8 p.m. Refreshments will be served during an intermission period.

Mrs. Marvin Sanders will describe the fashions while Mrs. George Laing plays the piano. Mrs. Jimmy Kraft will sing during the middle of the program.

Tickets may be purchased from any chapter member or at the door the night of the show. Adults will be \$1.00 and students \$0.75. Children under 12 free. Everyone is urged to attend.

Fashions will be furnished by Cobbs' and Fashion Shop of Muleshoe and Unique Fashions

Mrs. Cole Host For Study Club

Mrs. Cecil Cole will be hostess for the Muleshoe Study Club meeting today at 4:30 p.m.

"Our Exceptional Children" will be the topic discussed. On the program will be Dr. Ray Santos speaking on "Is Psychiatry a Necessity?" and Superintendent of School Neal Dillman speaking on "Our Schools are Unprepared For the Exceptional Child, Why?"

Two holidays, Valentine's Day and Washington's Birthday will be observed at this meeting.

Grandson Born In Tehran, Iran

A telegram was received by Mr. and Mrs. John Farley, from Charles Masterson, their son-in-law, announcing the arrival of Kenneth James, at 5 21 a.m. February 8, in Tehran, Iran.

Mrs. R. A. Weiss, Texas Division President Visits Muleshoe AAUW Branch Saturday Afternoon

Mrs. R. A. Weiss, Texas Division President of American Association of University Women, visited the Muleshoe Branch of AAUW Saturday, February 6, in the Community Room of the Muleshoe State Bank.

Mrs. Weiss discussed the four topics which the AAUW Board of Directors selected for nationwide study and action in the 1965 - 67 program cycle. After much study and analysis of the suggestions sent in by members, the Program development Committee formulated the following topics: "Education: An Antidote to Poverty"; "The Law and the Citizen"; "Revolution in Modern China"; and "Science: A Creative Discipline."

Mrs. Weiss stressed the role that university women should

play in community problems, state legislation, and world affairs. The college-educated woman should be a leader in all areas.

The Texas Division of AAUW now has 84 Branches and over 8,000 members. The State Convention will be held in Orange, Texas, March 26 - 28, and the theme will be "Focus on the Future".

Mrs. C. E. Moore is the local branch president and hostesses for this meeting were Mrs. Joe Costen and Mrs. Ed Johnson. Members attending were: Mrs. Neal Dillman, Membership Chairman, Mrs. Jack Beddingfield, Mrs. J. E. Bachman, Miss Latoyia Howell, Mrs. Mabel Laughlin, Secretary, Mrs. Lena Hawkins, Mrs. L. B. Hall, Mrs. Wilson With-

erspoon, Community Problems Chairman, Mrs. R. E. Everett, Treasurer, Mrs. Mel Evans, Mrs. Hollie Francis, Cultural Representative, and Mrs. John Watson.

Sandra Scott In Play Cast

"The Mikado" the famous comic operetta by W. S. Gilbert and Sir Arthur Sullivan is being presented in Lubbock with Sandra Scott as one of the cast members. She is playing the part of Yum - Yum.

The three performances started at 8 p.m. Wednesday in the Fine Arts Annex on the campus of Lubbock Christian College.

201 MAIN MULESHOE PH. 3-1000

Muleshoe--

(Continued from Page 1) and seven other boys from the George White Boy Scout district gave a report to Governor Connally as a preliminary to Boy Scout Week, being observed this week. Altogether 24 councils in Texas were represented. Tours of Austin

were part of the program.

Miss Judith Putman, Muleshoe, daughter of Dr. and Mrs. B. R. Putman, was one of the two top students at South Plains Junior College, Levelland, for the autumn semester. The school announced this week. She and Marie Haynie each made perfect averages - 4.00 grade points. Seventy-four stu-

dents made the South Plains honor roll, including Beverly Kay Crawford, Muleshoe.

Kathryn Sue West, daughter of Mr. and Mrs. John W. West, Route 4, Muleshoe, has been named to membership in the internationally famous "School Band of America" which will begin a month-long

European Concert Tour June 12. The band is made up of 90 members.

Farm Bureau will stage a dinner at Paul's at 7:30 this evening when Mack H. Guest, an American Farm Bureau fieldman, from Georgia, will be the speaker. It's all part of Farm Bureau Week now in progress. An all-out membership drive also is on to bring the FB rolls in this county to 800.

Pellet--

(Continued from Page 1) was taken to a suburban hospital where it was traced by X-rays.

She was transferred to the city-county hospital in deep shock from its previous location.

It ended up in an artery in her left lung and doctors said they will not remove the pellet.

It is causing no pain and will cause her no trouble, a hospital spokesman said.

The doctors explained the pellet traveled through the vessels until it lodged in a vessel small enough to hold it.

Labor--

(Continued from Page 1)

ble. Many of their people are eager to return to the United States, and they are as disappointed over the collapse of the bracero program as we are. For this reason, they are delighted to learn that there may be a system worked out which will permit them to return to West Texas this year to work in the fields.

"In fact," he summed up, "we believe we will be able to line up all the hand labor needed by vegetable planting time."

Mr. and Mrs. J. W. Olds visited Saturday in the home of Mr. and Mrs. Leland Bouldin in Plainview.

Mr. and Mrs. Acie Daniell attended the funeral services for Mrs. J. R. Sheriff held Monday afternoon in Lubbock.

Rotarians Hear Druggist, Youth At Luncheon

A senior high pupil and a pharmaceutical representative from Lubbock shared the speakers' role at Tuesday's meeting of the Muleshoe Rotary club.

Student was Dennis Burrows who gave interesting figures on the recent "Music Man" musical, presented by the Muleshoe Schools' Fine Arts Department. He told the Rotarians that 130 students took part in the play, putting in a total of 19,000 man hours. The production cost \$1081 and receipts were \$2793. Altogether, 1700 persons attended the performances, many of them from out of town. Part of the profits will go toward helping send the high school choir to Enid, Okla. this spring to take part in the Tri-State Festival. A similar musical will be presented next year.

Paul P. Erwin, Lubbock, representing Smith Kline & French Laboratories of Philadelphia, spoke on "Prescriptions for Tomorrow," recounting the progress that has been made in medicines during the last few years. He told the Rotarians that "more progress has been made in medicines during the last 20 years than during the previous 20 centuries."

He cited such drugs as tranquilizers which are "starting to turn the tide against mental illness of which one out of every four families has been effected." He said the pharmacy industry is spending \$250 million, working with the doctors and nurses to help reduce the number of diseases. He said people are buying more drugs today than ever before because "drugs are doing more for them."

Erwin also cited these figures: In 1941, 64 persons out of every 100,000 were dying of pneumonia and flu, while in 1961, the number had been reduced to 30. Tuberculosis was taking a toll of 30 persons in 1941 out of every 100,000, while by 1961 the number had been reduced to five. In 1941, five persons died of measles and whooping cough out of every 100,000 persons, while by 1961 the number had been reduced to only one out of the same number.

Guests Tuesday were Bill Connor, Lubbock; Donald Williams and Darrell Turner, and student guest, Dennis Burrows.

SUDAN NEWS

Mr. and Mrs. Clovis Bridwell visited during the weekend in the home of their daughter and family. Mr. and Mrs. David Bensing, in Goldsmith.

Mr. and Mrs. J. A. Graves visited Sunday in the home of her sister and family. Mr. and Mrs. B. B. Marshall in Porthaven.

Your PONTIAC will give you better service with AMALIE 100% Pure Pennsylvania Motor Oil

Why? Today's high compression engines running at high or low speeds; running in grueling stop and go traffic require the superior oiliness, the heat resistance found only in AMALIE Pennsylvania Oil. AMALIE is the oiler oil refined from the world's finest crude by special low-heat process. AMALIE stands up under engine heat long after conventional oils break down, thin out, drain off. Cuts wear, insures long miles of smooth engine performance...

THREE WAY NEWS

By MRS. H. W. GARVIN Three Way Basketball teams played Bula Friday night. The boys lost their game but the girls won. The girls have only one loss in conference. The Three Way girls and Pep girls will play Tuesday night at Bledsoe to determine the district title. Then Thursday the district tournament starts, to be held at Bula this year.

Mr. and Mrs. R. L. Reeves attended a reunion at Midland Sunday.

Mr. and Mrs. Johnny Wheeler visited Sunday in Lovington, N. M. with their son and fam-

Morton Funeral Rites Are Held For A. D. Hallford

Services for A. D. (Tobe) Hallford, 62, were held at 4 p. m. Saturday in the Morton First Methodist Church with the Rev. H. F. Dunn, pastor, officiating. Burial was in the Enoch's Cemetery under direction of Singleton Funeral Home, Morton.

Hallford, a resident of Morton for three years, moved here from the Enoch's Community where he had lived since 1933.

He died at 12:15 p.m. Thursday in Memorial Hospital, Morton, following a six-week illness.

For several years, Hallford was a member of Morton Co. - Op Gin. He was a member of Enoch's Methodist Church.

Survivors include his wife, Ella Mae, a son, Carl W., 3121 Aberdeen, Lubbock; three daughters, Mrs. James Butler, Morton, Mrs. George Haskins Jr., Muleshoe, and Mrs. Don Richardson, Lubbock; a sister, Mrs. Ruth Maxwell, Benicia, Calif.; a brother, Andy, Portales; his father, W. F. Hallford, Plains; and 12 grandchildren.

By Mr. and Mrs. Jimmy Wheeler. The Maple Fire Truck was called out for the first time this week. A grass fire started at the Ed Lattemer farm north west of Maple. There was little damage.

Friday afternoon the Propane tank southwest of Maple on Mrs. Minnie Dupler's farm exploded. No one was near the tank, so no one was injured.

Mr. and Mrs. Larry Dupler from Longview spent the week end visiting their parents, Mr. and Mrs. Leon Dupler and M. L. Fine.

Rev. Ruth Cooper was called to Roaring Springs Tuesday to conduct a funeral.

Mr. and Mrs. Gib Dupler took his mother, Mrs. Minnie Dupler to Oklahoma Saturday for a visit with her brothers and sisters. She plans to be gone two months.

Mrs. Bill Mann is in Dallas this week taking training at the postal department.

There has been quite a lot of illness in the community the past week Mrs. Dub Black was in the hospital with pneumonia.

A new house is being built south of Maple by the State Line Butane Co. It is a three-bedroom home and will be the home of the mechanic for the

Pleasant Valley NEWS

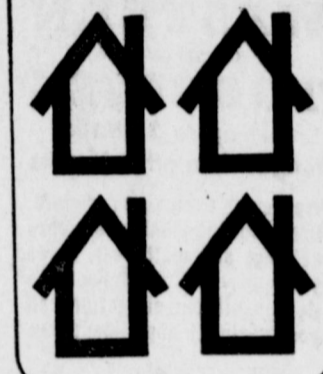

By KATHY WEST Mr. and Mrs. Buddy Pool and children, Brownfield, spent the weekend with Mr. and Mrs. Oscar Allison.

Mr. and Mrs. W. E. Angeley, Morton, visited in the E. K. Angeley home Saturday.

Mrs. John Lackey and Tammy, Morton spent the weekend with the W. D. Lackeys.

State Line, Gib Dupler, who has been with the Company for several years.

Parks--

(Continued from Page 1) as this should certainly be a project that has the understanding and assistance of your total community leadership."

Seventy-four suggestions were made for planned and supervised all-age recreational programs. Almost every card suggested the need for a youth center.

Sixty-six persons suggested the need for improved downtown movies. (Editor's note: This project is now underway, and plans to reopen at least one of the downtown shows in March are well under way.)

Six specific needs were cited under the general heading of needs for recreation.

Sixteen persons suggested

that a skating rink be built in Muleshoe. It was pointed out by people attending the forums that Muleshoe area youth go to other towns to enjoy this sport, and that a local rink would make it unnecessary for skaters to leave Muleshoe. There has been no skating rink in Muleshoe for some time, it was pointed out.

A drag strip, such as many larger towns now have, also was a specific suggestion made by 12 persons. In many towns these strips have proved to be very successful and meet a need of young people.

A new swimming pool also was suggested by several persons. The pool would have improved facilities, such as shade and better seating facilities for

spectators. While all parks have been in existence here for several years, the need was cited for an "all-age" park for all leagues, such as some towns in this area have established. Littlefield's grouping of such parks was cited as an example of the type of park needed here.

Interest in golfing also was shown when two types of courses were suggested by several persons — a municipal golf course, where John Q. Public could play golf and a miniature golf course, also open to the public on a per-game fee basis.

Among the fine arts suggestions were for community concerts such as are carried on by many towns, some of which are no larger than Muleshoe. Twenty persons made suggestions

that a community concert program be set up in Muleshoe, possibly as early as next season.

Six persons also suggested a program of summer fine arts based on a fine arts festival plan.

Final suggestion made in the parks and recreational division was for a golden age club.

The report by WTCC summary said: "A sound parks and recreation program is an important phase of balanced community building, and is conducive to development of good will throughout the trade area. . . . Enlist the support and help of all clubs in this program."

Final article in series: Organizational.

Spelling--

(Continued from Page 1)

"Words of the Champions," have been going like hotcakes ever since the 1965 contest was announced. The Journal has reordered several times already, and the supply is down to a minimum. Another reordering probably will be necessary. The books, incidentally, are issued by the National Spelling Bee and sell for a mere 15 cents

each. The Bailey county contest will be held in the senior high school auditorium here, starting at 2:30 p.m. Tuesday, April 13. School officials here have reserved the auditorium for the use of the bee at that time.

Name of the "pronouncer" has not been announced, but he will be named within the next few days.

Parking--

(Continued from Page 1)

and American Blvd. and would create a traffic stoppage at Ave. B and 214 and therefore would not be feasible.

City manager Albert Field is compiling information in respect to laying concrete slabs in order that the city council may make a detailed study of the situation.

The city council made arrangements to meet with the planning commission Tuesday night, Feb. 16th, Muleshoe State Bank Community Room 7:30 p.m.

Roy Davis, chamber manager stopped by the meeting to invite the mayor and councilmen to the open park forum held Tuesday night.

The council agreed to supply the Boy Scout tract with a water tap when the local JC's were prepared to distribute or utilize the water. The JC's had requested a tap for the scout tract.

City officials present at the meeting were Mayor LeVeque, Councilmen St Clair, Lambert, Dudley, Wiedebush, and City Manager, Albert Field.

Mayor LeVeque issued the official call for the city council election Tuesday, April 6, when two city posts are to be filled. Incumbents are Rudolph Wiedebush and Matt Dudley.

Jail--

(Continued from Page 1)

Thursday. There were already 10 men prisoners in the tiny jail and that's just about the time the officers need to hang out the "no vacancy" sign.

But seven more prisoners landed in the jail during the weekend, three on charges of driving while intoxicated and four for drinking. There weren't enough beds to go around, so the prisoners took turns sleeping, others standing to wait for their turns.

Caution--

(Continued from Page 1)

plish in dollars and cents. It would be a shame if a man in Austin or Washington, who quite possibly has never experienced irrigation practices as they exist on the High Plains, have the power to control the water usage on your farm.

"Let's make 1965 the year when water conservation actually becomes a reality on the High Plains. Not through force from higher levels of authority, but by our individual desires to keep the High Plains a great place for us today and an even greater place for our children tomorrow."

"YOUR GOOD NEIGHBOR SINCE 1914"

If you're going to enter something like the Pure Oil Performance Trials, you might as well do it to win.

So we did. Class IV—won by Buick Special.

Down at Daytona Beach, we gave everyone another look at Buick's "Win Policy". A V-8 Buick Special won over stiff competition (sorry, boys!) in Class IV—in the 1965 Pure Oil Performance Trials. The winning Special was equipped with our 300 cubic inch Wildcat 310 V-8 and Super Turbine Transmission.

Remember that the drivers in the Performance Trials are skilled professionals and the cars finely tuned standard production models. (If it can be said that the Special is "Standard" anything.) Also remember that the trials are an exhausting, carefully graded test of a car's all-around ability. In economy, acceleration and braking. Small wonder the Special came out on top. Handsomely.

(The specific detail? Our hero averaged 20.689 mpg in economy, to score second among 10 cars. It accomplished the acceleration test—from 25 to 70 mph—in 9.315 seconds, for a fifth. And took another second in braking: from 65 to 0 mph in 172.0 feet. The cumulative result: we won all the marbles in Class IV.)

Now then. If you're going to enter something—like a car—you might as well do it to win, too. Your Buick dealer can introduce you to the driver's seat of a Buick Special.

Sylvia Pool Home After Accident

Sylvia Pool is at home here with her parents, Mr. and Mrs. Lee R. Pool after being released from a Sherman Hospital Friday.

Miss Pool, a student at West Texas State University, was injured in a one-car accident near Sherman while there visiting with a friend recently.

She is reported to be improving and is to enter a Dallas hospital for skin grafting in approximately three months.

Listen To MULETRAIN over KMUL 10:15 A. M. sponsored by CASHWAY

POSTER GIRL—Michaeline (Mickie) Heinicke, 4, National March of Dimes poster girl, started a national tour at the Manned Spacecraft Center in Houston. Here she sits in a Gemini Spacecraft simulator. She is the daughter of Mr. and Mrs. Paul E. Heinicke of Denver, Colo. (AP Wirephoto)

STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

AUSTIN — Gov. John Connally's alternate teacher pay proposal has drawn fire from the Texas State Teachers Association. And Connally has reciprocated.

Connally wants less of an immediate pay raise than the \$45 a month the teachers ask. He wants to set up a 10-year program for steady and regular increases which in time would amount to greater rewards for more experienced teachers.

House Speaker Ben Barnes and Rep. George Hinson of Minnola, who is sponsor of the TSTA-backed "45 in '65" program, both called for a colling-off period. Compromise seemed unlikely due to strong feelings on both sides.

Sen. Jack Strong of Longview and Rep. W. S. Heatley of Paducah, chairman of the House Appropriations Committee, introduced the Governor's 10-year pay plan — with substantial support. Among sponsors of the two bills are 17 House mem-

bers who endorsed both measures.

Teachers complain the Connally program offers too little, too late. They charge it would put 70 per cent of raises on local school districts.

Connally produced figures showing cost of the 10-year program at \$40,200,000 for the next biennium. He said the state would pick up \$32,100,000 of the tab and local districts \$8,000,000. His financing plan suggests that local school boards start paying a share of the cost of textbooks and teacher retirement, now paid wholly by the state.

Connally believes his program would maintain the 80-20 cost ratio between state and local districts.

Meanwhile, teachers launched a campaign for their \$85,000,000 salary adjustment program (geared to an additional \$68,000,000 state outlay for the biennium).

Pressure is intense on legislators, both from the Governor's office and from the teachers back home. Mail is piling high on lawmakers' desks.

Speaker Barnes said it will be three months before the Legislature can even consider a teacher's pay raise, since it has to pass the complicated appropriations bill first.

An all-out war now would injure all educational efforts under consideration, Barnes emphasized.

REDISTRICTING—Both houses of the Legislature overwhelmingly adopted a resolution calling for a federal constitutional convention to permit one legislative chamber to be apportioned on factors other than population.

Thirty-four states must adopt the identical proposal before Congress has to consider calling a convention on a specific amendment. Three-fourths of the states must ratify any amendment thus submitted.

At least half a dozen proposals for congressional redistricting have been filed so far, plus bills for Senate redistricting and House redistricting.

Rep. Gus Mutschers of Bren-

ham told his House Committee on Congressional and Legislative Districts he will canvass all representatives for their views on reapportioning the state.

House members are trying to work out a cooperative House redistricting plan, taking into consideration those who do not plan to run next time and those who plan to run for other offices.

Other two — congressional and senate — redistricting jobs will not be settled so amably. As one legislator put it, "It's going to be a mean session."

BILLS TO GOVERNOR — The Legislature acted fast on two emergency budget requests by Governor Connally.

One called for \$702,785 in emergency appropriations to run some dollar-short agencies and programs. Included were \$250,000 for carrying on the state's share of the screwworm eradication program for three months after April 1 and \$290,000 for speeding up the Texas

Water Commission's planning program.

Other bill set up procedures, and a library plan by which cities can take advantage of a \$2,500,000 library building appropriation voted by Congress for Texas.

Both requests were granted in a matter of days.

TAX BILL PUSHED — Rep. Ben Atwell of Dallas, Chairman of the House Revenue and Tax Committee, is pushing a bill to raise \$15,300,000 under present tax laws.

Bill would repeal sales tax exemption on farm machinery and telephone and telegraph service; revise inheritance tax laws; repeal chain store tax (\$7,206,000 loss) and theater admissions tax (\$1,200,000 loss) and grant a tax exemption for natural gas used in exploration and production in the same field where it is produced.

Serious consideration of tax bills must await passage of the general appropriations bill, Atwell said.

MAID OF COTTON—Miss Judy Hill, 19-year-old green-eyed beauty from Fort Worth was named 1965 Maid of Cotton at Memphis, Tenn. She will represent the Cotton Industry for the coming year with trips to Canada and Europe. (AP Wirephoto)

Junior High Announces Top Pupils Of Semester and Third Six-Weeks

Fifty-two junior high school pupils were named to the first-semester honor roll, Principal R. E. Everett announced Wednesday.

Sixth-graders on the semester honor roll were Randy Duckworth, Barbara Haire, Vicky J. Julian, Gary Kincannon, Jerry Putman and Jerry Scoggin.

Semester top students for the seventh grade included Pam Avery, Delton Bass, Dennis Beene, Devona Bradley, Treena Bryant, Jeff Chapman, Ann Douglass, Leland Ferris, Nelda Finley, Richard Fox, Betty Harbin, Debra Hayes, David Henderson, Darla Kendall, Pamela Murphree, Rhonda Pierce, Merced Puente, Elizabeth Seales, Don Taylor, Lana Washington and Kathy Wyer.

Every year the great gray whale migrates from Arctic feeding grounds to breeding grounds off Mexico's Baja California.

Life manages to exist even in the minute drops of water that constitute fog. Diatoms, single-celled organisms, have been found inside the droplets.

United States currency, whether a \$1 note or \$100, costs less than one cent a bill to make.

Bass, Marilyn Barnett, Debbie Burrows, Glenda Calhoun, Drucilla Damron, Charlotte Davis, Lindsay Davis, Renee Dyer, Mart Francis, Bo Gaston, Doris Horsley, Ricky Hudson, Vickie Kelley, Linda Kerr, Tommy Little, Karla Lovelady, Kerma Nickels, Gaye Ramm, Johanna Shelton, Vickie Street, Susie Tanner, Paul Wallace, Kathy Williams, Peggy Williams and Brenda Wyer.

Also announced Wednesday were pupils included on the honor roll for the third six-weeks period. By grades, they included:

Sixth Grade: Barbara Haire, Vicky Julian, Gary Kincannon, Jerry Putman and Jerry Scoggin.

Seventh grade: Pam Avery, Delton Bass, Dennis Beene, Devona Bradley, Treena Bryant, Jeff Chapman, Ann Douglass, Leland Ferris, Nelda Finley, Richard Fox, Betty Harbin, Debra Hayes, David Henderson, Darla Kendall, Pamela Murphree, Rhonda Pierce, Merced Puente, Elizabeth Seales, Bucky Taylor, Don Taylor, Lana Washington and Kathy Wyer.

Eighth grade: Vina Bass, Marilyn Barnett, Dessie Burrows, Glenda Calhoun, Drucilla Damron, Charlotte Davis, Lindsay Davis, Renee Dyer, Mart Francis, Bo Gaston, Janie

Higginbotham, Doris Horsley, Ricky Hudson, Vickie Kelley, Linda Kerr, Rena Lackey, Tommy Little, Karla Lovelady, Kerma Nickels, John Pitts, Sheridan Porter, Gaye Ramm, Pat Riley, Johanna Shelton, Vickie Street, Susie Tanner, Paula Wallace, Kathy Williams and Brenda Wyer.

Battle For Wheat Markets Pits U.S. Against Canada

By OVID A. MARTIN
Associated Press Farm Writer
WASHINGTON (AP) — Whether wheat-exporting nations want to recognize it as such, they actually are engaged in an economic war for world markets which all of them need if they are to maintain a degree of farm stability at home.

The master-minding in the struggle for sales is not in the hands of commercial traders and exporters of grain, but almost wholly the responsibility of farm officials of the competing nations.

Victors in this battle will most likely be those countries which have the keenest minds directing the export task and having the largest amount of money to spend in the struggle.

The battle for world markets broke into the open Jan. 25 when Canada made a substantial reduction in the price of a consignment of wheat to Red China. Reliable reports indicate that Canada was influenced in this particular price cut by offers of wheat made to China by the French government.

The United States followed by price reductions which were countered by the Canadians. Then further cuts were made by other countries.

Back of this conflict is the fact that world wheat production during the 1964 - 65 season set a new record. Many countries — including the United States, Canada, Australia, Argentina and France — have large supplies they need to move into world markets. But those markets do not need the quantity that will be offered. Hence, the price-cutting to win buyers.

Last year, there was little trouble making sales. The Soviet Union and other Eastern European Communist countries as well as parts of Western Europe had short supplies due to poor crops. They turned mainly to Canada and the United States for supplementary supplies. As a consequence, world exports last season set a record of more than 2 billion bushels.

The United States exports set a new record of 849 million bushels. Canada also set a record of 452 million.

But the situation is different, this season, as described by a recent Agriculture Department report:

"The outlook indicates that wheat import requirements will be greatly reduced in a number of countries that were quite active in the market during 1963 - 64. Foremost is the Soviet Union where crop failures made large imports imperative —

about 380 million bushels were imported during 1963 - 64. A normal outturn this year is expected to curtail Soviet imports to a relatively small amount shipped from the west coast of Canada to areas that present transportation problems for home-grown wheat."

The report said Red China had a larger crop this year as did Western Europe.

The American and Canadian governments will play major roles in the exports of their respective countries because they control wheat prices. In this country, the Agriculture Department supports grower prices above world price levels. Hence, the department must offer export subsidies to offset the price disadvantage. In Canada, a governmental wheat board regulates prices. Strong government control also is exercised in Argentina and Australia.

A good picture of what is happening in the struggle for foreign markets is reflected by the fact that the export subsidy on July 1, the beginning of the 1964-crop sales year, was about 17c a bushel for spring wheat and 9c for hard wheat. Those subsidies have been increased nearly 30c a bushel on both the spring and hard wheats. It is possible that the subsidy may go considerably higher.

The United States is hurting more than perhaps any other regular exporter. Its exports so far this season total about 400 million bushels, down about 22 million from a year earlier. Canadian exports total about 275 million bushels, about the same as a year earlier.

But the volume sold by the United States for needed dollars is way down. So far it has sold only about 5 million bushels for hard currency compared with about 230 million bushels to the like date last year. This means that the great bulk of American exports are moving under foreign aid and food-for-peace programs, actually returning little money to this country.

By the same token, a larger percentage of sales by Canada, Australia and Argentina are bringing payment in hard currencies than a year earlier.

Just how far and how tough the competition becomes may be determined to some extent by what is done about extending an International Wheat Agreement designed to stabilize world supplies and prices. The agreement, which has been in effect for 15 years, expires Aug. 1 this year unless extended. The United States wants only one year's extension.

The Sandhills Philosopher

Editor's note: The Sandhills Philosopher on his Johnson grass farm continues to fight progress, his letter this week indicates.

Dear editor:
 According to an article I read last night, a major breakthrough in the mail delivery system is at hand. The Postmaster General says a new machine finally has been perfected to read the zip code number on an envelope, and in a year's time these machines will be in use in major post offices around the country.

As I understand it, the machine reads the zip code number on an envelope, sorts the mail accordingly, and does it at the rate of 35,000 letters an hour.

I have been thinking about this machine, and while I don't expect to get to see one for some time, after all the Muleshoe post office might be a little hard - pressed to find a

use for a machine that reads 35,000 letters an hour, unless Washington ordered Postmaster Spencer Beavers to let the letters accumulate over a long period of time, and you know it would not do that, still if a machine can read a long string of numbers written in pencil in longhand, there's no limit to what it can do.

Couldn't it look through the envelope and see what was inside? If so, why haul the letter across the country in the first place? Why not let the machine read it, transmit it to another machine in the town it's addressed to, and drop it in the addressee's mail box?

Understand, I'm in favor of this machine, but method it seems to me is always hunting for a way to whip the results instead of the cause of a problem, which explains why there are a lot more television commercials on how to cure a cold than prevent one. If we're going to flood the mails with more and more letters, certainly we need faster ways to handle the stuff, but a simpler way would be to work on the problem of cutting down on the number of letters in the first place. Mark Twain said he made it a practice never to answer a letter till after six months, and it'd surprise you how few then needed answering.

But we might as well get the postal machine going. It's for the people who believe the answer to the parking problem is more parking space, not fewer cars.

Yours faithfully,
 J. A.

**No window post.
No floor hump.
No radiator.
No power steering.
No power brakes.**

(Some of the things you don't get in a Corvair are among your best reasons for buying it.)

Corvair by Chevrolet

The beauty of it, of course, goes deeper than the things you don't get. There's the other side of the coin—what you do get in their place.

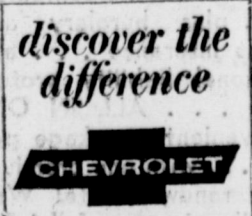

Take the no window post, for example. What you do get is hardtop styling—with curved frameless side windows—in every Corvair closed model.

The transmission and driveline hump you don't get means more foot room. Thanks to Corvair's rear engine, the floor is practically flat.

No radiator—the engine's air-cooled—also means no water, no antifreeze and no hose leaks to worry about. All of which add up to some more important pluses.

Power steering? Power brakes? Corvair needs them like a centipede needs crutches. With most of the engine weight on the rear wheels, the front ones are free to steer easily. And stops are quick and sure—with no nosediving.

Come on down to our showroom and discover the difference.
