THURSDAY, MAY 13, 1965

With the Journal Staff

Bailey county's 4-H rifle team took first in the district in elimination contests in Lubbock Saturday. On the team were Gary Murrah, Alex Schuster, and Bobby Julian. In Land judging, the county's team, composed of Bruce Little, Bill Harbin, Verlyon Scoggin and Joe Adams, wound up with second. In girls' events, Toni Murrah won third in money. The events were held as elimination trials for the state 4-H round up slated for June 1 and 2 at Texas A&M University.

Judge Williams informed the Journal that all parents desiring to have their school children transferred for the 1965-66 school term should make application at the County Superintendent's Office by not later than June 1.

Mrs. W. C. Risinger has been declared the "Bailey County School Bus Driver of the Year." The presentation was made at 1 p.m. Wednesday. She is a driver for the Bula Independent School district.

Mrs. George Neely visited with her daughter and family, the Robert Prathers in Fort Worth recently. She also visited in Baytown with her son and family, Mr. and Mrs. Charles Julian and family.

Three - Way schools have named Tommy Dupler as valedictorian with a 92.84 average. Superintendent Harrell L. Holder announced. Marvin Long with 90.67 average will be salutatorian. Sandra Kenley Newman is high - ranking girl with 89.76. Baccalaureate services are scheduled for May 23 and commencement May 27.

Terry Dwight Darling, Muleshoe, is a candidate for graduation at South Plains College, Levelland. Graduation exercises are slated for 10 a.m. May 27 when Kenneth Hobbs, Lubbock attorney, will deliver the address.

Mr. and Mrs. T. R. White left Wednesday for a two week vacation in Arizona. They went first to Wilcox where they were guests of old friends, Mr. and Mrs. Virgil Bush, then went on to Mesa. They plan to visit in Phoenix and other points in the area before returning.

Carl Pollard, Stegall, was elected supervisor for his district for the Blackwater Soil Conservation board. The election was held Monday.

Rotarians Hear Minstrel Music

History of minstrels and spirituals in American life was sketched by the Rev. Walter Buice, associate pastor of First Baptist Church, for members of the Rotary club Tuesday.

He told of the important role in the musical world played by the Negro and his music, and then sang several numbers for the club. They included "Old Man River," "That Lucky Old Sun," and "Were You There When They Crucified My Lord?"

Guests included Oscar Crane, district highway engineer from Lubbock; Bob Parks and Buck Johnson, Student guest was Bill Harbin who told of the junior olympics slated for Friday afternoon and Saturday at the high school stadium. Preliminaries are slated for Friday at 5 p.m.

City Grants \$3000 For Library Here

Muleshoe city council has included \$3000 in its budget for the city's part in operating the Muleshoe Area library, the council told the Rev. J. Frank Peery, chairman of the board of trustees at the council's May session Monday.

The council heard a report of the library by Mr. Peery who told of the interest in the library and of the increased check - out of books by patrons.

The council gave its formal blessing to the Mule Memorial project by authorizing the paving of a 70 by 200 - foot strip of and along U. S. 84 southwest of the Santa Fe station. Work of paving the strip will be started this week. Albert Field, city

manager, said, and will be completed in plenty of time for the big unveiling ceremony which is to take place July 3 as part of the mammoth Independence Day weekend celebration. The fiberglass model of the mule is being made in California.

Land for the memorial has been granted to the city by the Santa Fe railroad. The land at present is being used as a parking area. The paving is being done by Jake Diel, Muleshoe contractor.

The council also heard a report of the volunteer fire department's activities by the fire chief, Earl Ladd, and named Roald Johnson to the City Planning Commission. He replaces Lonnie Bass who has moved outside the city limits.

In another matter, the council passed a resolution accepting new water and sewer line extensions in the Richard Hills area, and also accept the construction job for a new top on the concrete water reservoir in west Muleshoe. The work was done by Abbott Construction Co., Lubbock.

The council set a called meeting for Friday, May 14, at 2:30 p.m., to discuss airport matters.

The Friday meeting is expected to "dispose of several matters relative to the airport," officials said.

Campaign Adds New Members To C of C Rolls

Muleshoe Chamber of Commerce has added 53 new members to its roster during the recent membership campaign. Roger Albertson, chairman, said Wednesday.

The number was reported at a breakfast meeting, and among the latest to sign up are Bob Stovall Printing, Leon Kessler Insurance and H. H. Carlisle.

The Muleshoe chamber was represented at last week's meeting of the West Texas Chamber of Commerce in Abilene by Roy Davis, manager, and M. D. Gunstream. The latter is a director of the organization and a regional chairman.

Meantime, the Chamber has started promoting the annual Muleshoe Independence Day celebration which this year probably will be extended to a five - day affair with highlights on July 3 and July 5.

The chamber manager went to the northern part of the Panhandle this past week and arranged for a group to bring a mule train to Muleshoe for the big celebration. The group will make the trip overland, starting late in June, according to present plans, and will be here in time for the high - noon unveiling of the statue to a mule July 4.

The group is known as the "Spearman Rolling Plains Mule Train, and Mrs. Joe B. Evans, one of the members of the organization who lives at Gruver, wrote The Journal to say that "We are all looking forward to coming forward to Muleshoe in July."

Former Local Youth Is Killed In Odd Mishap

A former Muleshoe youth, 19 - year - old Donald Steve Leigon, was killed in a freak mishap in a dormitory at the University of New Mexico Sunday afternoon.

His head was crushed when it was caught beneath a descending elevator. He is the son of Mr. and Mrs. J. R. Leigon, Tucumcari, who formerly operated a restaurant in Muleshoe.

Leigon was a member of the football squad at the university last season during his freshman year, playing as defensive linebacker and offensive fullback. He was considered an outstanding athlete at Muleshoe prior to moving in the summer of 1961 between his sophomore and junior years.

Window Was Broken

Dr. Sherman E. Smith, dean of students at the University of New Mexico, said the accident happened shortly after noon Sunday on the third floor of Mesa Vista dormitory for men.

Rains Brighten Outlook; Stegall Gets 1.9 Inches

THE DOGS HAD THEIR DAY - Muleshoe dogs (along with some cats) marched to city hall Tuesday for a "bargain" rabies vaccination and city license tags, and sometimes it was difficult to tell which was hurt more - the dog or the youthful owner, Ruby Elliot. Business was rushing all afternoon with Dr. Jerry Gleason wielding the needle. (Journal Photo)

Young Plants Injured As Mercury Hits 35

Rains that hop-skipped across the Muleshoe area during the weekend, left only .35 inch here, but favored the farms around Stegall with as much as 1.9 inches.

The rain followed a cold snap which has seen the mercury dive to 35 degrees officially here early Sunday, doing some damage to young plants. One farmer

reported young grape vines nipped by the cool weather.

The return of chilly temperatures also heightened the chances for cotton seedling diseases, especially on early - planted cotton, farm experts said.

One farm expert, commenting about the prospects for seedling disease, put it this way: "This is another of those nine-out-of-ten years when early planting of cotton has failed to pay off. It again points to the old rule: Plant cotton here after May 10."

He said the cotton seedling disease will develop as a result of the chilled soil, "despite the precautions taken in use of chemicals at planting time."

Monday morning's official low here was 45, but the chilly weather, coupled with the rain, has served to reduce soil temperatures below the 65 - degree mark.

The rains also served to make re - planting of cotton and corn likely in some area, especially in the West Camp region where 1.6 inches was reported four miles west of Muleshoe.

Furrow planted crops were covered up by the rain in some area, although crops planted on the row probably fared better.

The area which needed moisture north of the dryland territory south of Muleshoe, apparently served better in the water category. From Muleshoe's .35 inch, the moisture increased to the south. Needmore and Baileyboro fared only little better than Muleshoe. Stegall got as much as 1.9 inches in a spot or two while falls of 1.5 to 1.6 were common throughout the community.

Rain to the north also was reported fairly heavy; one farmer in the Lazbuddie region said

Junior College Story Carried To Area Towns

Proponents of a proposed junior college for the Muleshoe area are leaving no stone unturned in their effort to take the junior college story to all communities in this area. Roy Davis, chamber of commerce manager, said Wednesday.

Meantime, the sponsors of the movement, are awaiting the report by Dr. C. C. Colvert of the University of Texas, setting up the requirements and possibilities of a junior college in this area. Dr. Colvert, the university's junior college expert, visited Muleshoe three weeks ago and conducted a survey. That report is expected to be given sometime this month at a public meeting when Dr. Colvert will return to Muleshoe.

Tuesday night, Alex Williams, chairman of the junior college committee of the chamber, spoke to the Friona Lions club, telling them about the junior college proposal. The Friona district is included in the proposed junior college area.

Davis talked to the Friona Associated Retail Merchants at a luncheon meeting last Thursday, and Monday Williams and Davis went to Farwell to appear before the Farwell - Texico Rotary club.

Much time also is being spent in the Olton area, telling folk in that region of the advantages a junior college offers.

In a recent trip to Olton, Williams headed a group appearing before the Olton Lions club, and that afternoon they were hosts at a meeting in the PCA building. Williams was invited to speak to the Olton Chamber of Commerce and Agriculture board of directors earlier this

Schools Tempo Gains Speed As Closing Events Scheduled

Tempo for Muleshoe schools started picking up speed this week as closing events began to crowd the calendar.

Neal Dillman, superintendent, announced the schedule for all closing events, climaxed with high school graduation May 28.

Several events already have been held, including the annual junior - senior banquet (see pictures on Page 1 - B) held last Saturday night.

Starting the end - of - school

events will be the annual choir program by pupils from the 4th, 5th and 6th grades at Mary DeShazo and Richland Hills elementary schools. That event, under direction of Lease Richardson, will be held in the high school auditorium at 8:45 this morning. Parents are invited to attend.

Friday the "spring round-up" is to be held at Mary DeShazo, Richland Hills and Hilltop schools, starting at 8:30 a.m. Parent-Teacher Association units at the schools will serve refreshments.

The annual junior Olympics are slated for Saturday, sponsored by the high school Student Council of which Bill Harbin is the president. Byron D. Hardgrove is the teacher sponsor.

Awards night is slated for Friday night in the high school auditorium, and the annual athletic banquet will be staged Saturday night in the junior senior cafeteria.

Baccalaureate services for seniors will be held in the school.

Jaycees Plan Second 'Derby'

Muleshoe Jaycees are planning their second "Destruction Derby" of the season next Sunday, starting at 2:20 p.m. according to Jimmy Lane, chairman of the event.

The derby will be held three miles east of Muleshoe, one - fourth mile north of the Plainview highway.

Entry fee of \$10 should be sent to Lane at 111 Main. A \$100 prize and a trophy will go to the winner, and driver of the first car to overturn will receive \$10.

Automobiles can have no special bracing, all glass must be welded or chained shut. Seat belts must be used, and drivers must be 21 or over. They are required to wear seat belts. Admission fee is \$1.

Eliminating Skip-Row Cotton Plan Irks Sorghum Growers

Grain sorghum growers have joined cotton farmers in opposing the proposed change in USDA's rules for measuring cotton. Grain Sorghum Producers Association said Wednesday.

Under the new plan, USDA would eliminate skip - row system of planting cotton which would be a blow to dry - land cotton farmers and to those farmers who have only limited irrigation water, farmers charged.

Said GSPA: "USDA's April 22 proposal to change the rules for measuring cotton when planted in a skip - row pattern for compliance with acreage allotments has become a point of mounting opposition, not only of cotton producers, but also from grain sorghum producers, in that their farming practices, water use and income are all threatened.

The change, if adopted,

would become effective with the 1966 crop year."

In making the change, USDA said "The purpose of the proposed change is not to eliminate skip - row planting, but to bring skip - row acreage for allotment determinations more nearly in line with production increased due to such plantings."

"The rule change would have the effect of reducing cotton allotments from 15 percent to 30 percent, depending on planting pattern, whether a farmer chooses to continue skip - rowing and abide by the new measurements or whether he goes to solid planting," explains GSPA.

"If he abides by the new rule and continues to skip - row, he will be forced to reduce his base acreage of feed grain planted for lack of acres to put grain, or if he goes to solid planting and has an increase in

acres available for another crop such as grain, he will be forced to go out of compliance on grain and plant the additional acreage to grain without acreage payments or certificates."

Plains Cotton Growers, Inc. said the new ruling "is bringing a storm of protest from virtually all sections of the cotton belt," which would include the Muleshoe area.

Skip - row regulations in effect for the past three years have allowed producers to spread cotton allotments over more acreage by leaving blank rows, or rows planted to soil - building crops, between rows planted to cotton without having the blank rows count against their cotton allotment. Particularly in areas without or with a scarcity of irrigation water, this practice has been widely used as a soil and water con-

Open House Set For Hospital

West Plains Hospital will have open house next Sunday from 2 to 5 p.m., it was announced Wednesday, as a part of National Hospital week. The week May 9 - 15, is being observed nationwide.

"A hospital is a flexible and dynamic institution, responding and reacting to changing health needs of the community," a spokesman for the hospital said. "National Hospital Week provides an opportunity for the community to learn more about the hospital services maintained to guard and restore health."

The spokesman pointed out that an average of one in every seven persons requires hospitalization each year. "This means that every person in the community has a vested interest in the hospital, and it behooves everyone to become familiar with the hospital, its services and its objectives."

Visitors Sunday also will be told that "although patient care is the primary function of hospitals, they have many other activities which affect health care now and in the future."

The hospital also will point out that hospitals are also concerned with the health of persons not hospitalized. Through public education programs and cooperation with allied health agencies, they promote better health practices for the entire community."

Enrollment Set For 6-Year-Olds

Tomorrow is the all - important day for pre - schoolers; those who will be 6 by Sept. 1, are to trek to school with their parents for pre - registration, school officials have announced.

Pupils must have birth certificates from the Bureau of Vital Statistics and immunization records. These include D.P.T., smallpox and polio, but if parents do not have records available, they may register their children anyway, providing the immunization records later.

Because of the registration, pupils now in the first grade will not attend school Friday. Mrs. Gordan Tiller, school nurse, will be at Richland Hills from 10:15 until 10:30, to advise the parents concerning health regulations," school officials explained.

Two Men Attend Speech Conclave

Two Muleshoe members of Toastmasters Club attended the recent District 44 Toastmasters International convention in Amarillo.

Representing this club were Vic Benedict, founding president of the Muleshoe Area Toastmasters club, and Roger Gorrell. The program was made up of educational sessions, panel discussions and election of officers. Finals in the speech contest also were held.

Charlotte Childs, Roy Donaldson Plan Double Ring Ceremony

Mr. and Mrs. L. L. Childs announce the engagement and approaching marriage of their daughter, Charlotte, Muleshoe, to Roy Donaldson, son of Mr. and Mrs. Sterling Donaldson at Plainview.

Charlotte Childs

of the Oklahoma Large Community. Miss Childs is a 1964 Muleshoe High School graduate and is employed by the Muleshoe Soil Conservation.

Donaldson is a 1964 graduate of Farwell High School and is a Freshman at Wayland College at Plainview.

The double ring ceremony will be solemnized at the First Baptist Church in Muleshoe, June 12 at 7 p.m.

The wedding is to be attended by friends and relatives of the couple.

Children Receive First Communion

Twelve children received their first Holy Communion in the Immaculate Conception of Mary Catholic Chapel here during the 12:15 p.m. High Mass on Mother's Day before a congregation close to 300 people.

The class included Eva Hernandez, Linda Hernandez, Mary Hernandez, Arthur Madrid, Blanca Madrid, Charles Madrid, Mary Ann Madrid, Myra Rangel, Sandra Rose Reinhold, Yvette Tanguma, Charlie Vela, Danny Vela, with Joe Corona, Freddy Farias, Hector Leal Jr. and Armando Pograss as the altar servers.

Friendship Club Honors Senior Mothers At Annual Reception

Friendship Club annual Senior Women's Mother's day party was held at the Muleshoe State Bank Community room Friday afternoon for all women 70 years of older.

In the receiving line were Mrs. W. T. Andrews, Mrs. Cecil Tate, and Mrs. Joe Damron. Mrs. Lola Bryant served at the guest book. Guests were seated at tables for four. Each table was centered with a bud vase with red rose buds, and layout with place mat party favors.

Refreshments of tiered sandwiches, chilled strawberry punch and frosted cakes were served by the hostesses, Mrs. W. T. Andrews, Mrs. Cecil Tate, Mrs. Tye Young, Mrs. Lola Bryant, Mrs. Ray Griffiths, Mrs. W. E. Young, Mrs. Nute Moore, Mrs. Mae Schuster, Mrs. Robert Dunn, Mrs. Joe Damron, Mrs. Wilson Witherspoon, Mrs. Raymond Precure, Miss Adelle Beaty and Mrs. W. O. Willingham.

Party was called to order by program chairman, Mrs. Ray Griffiths.

Mrs. W. T. Andrews gave the welcome address followed by crowning of the queen, Mrs. Birdie Paul, 87. She was crowned by Mrs. Webb Watts, who presented her with a bouquet

of red roses. Mrs. Wilson Witherspoon gave a reading titled "Our Mothers."

Love gifts were given to three women who had attended all parties given for senior women, this being the eighth party. Receiving gifts were Mrs. Effie Bray, Mrs. Rachel Sterling, and Mrs. I. W. Haney.

Refreshments of tiered sandwiches, chilled strawberry punch and frosted cakes were served by the hostesses, Mrs. W. T. Andrews, Mrs. Cecil Tate, Mrs. Tye Young, Mrs. Lola Bryant, Mrs. Ray Griffiths, Mrs. W. E. Young, Mrs. Nute Moore, Mrs. Mae Schuster, Mrs. Robert Dunn, Mrs. Joe Damron, Mrs. Wilson Witherspoon, Mrs. Raymond Precure, Miss Adelle Beaty and Mrs. W. O. Willingham.

CLUB GIVES PARTY — Pictured at top are three women who have attended all eight annual parties given by the Friendship Club, Mrs. Effie Bray, Mrs. I. W. Haney and Mrs. Rachel Sterling. The party was last Friday afternoon in the community room of the Muleshoe State Bank, for women 70 and older.

Mrs. Birdie Paul, 87 right was crowned queen at the event, being the oldest woman present. She moved to the Muleshoe area Jan. 23, 1918.

(Journal Photos)

Muleshoe Women Attend Bi-County P-TA Council

Two Muleshoe women were installed at the Bi-County P-TA council last Tuesday in Spade.

Mrs. Strong installed the following officers who will serve for a term of two years: Mrs. Ed Thomson, Olton, president; Mrs. Clarence Mason, Muleshoe, vice president; Mrs. Winston Bley, Olton, secretary; Mrs. Howard Baker, Spade, treasurer; Mrs. J. M. Farmer, Littlefield, parliamentarian and

Mrs. Owen Jones, Muleshoe historian.

An attendance plaque was given to Richland Hills for having the largest attendance at council meeting this year.

Present from Muleshoe were Betty Anderson, Leatrice Madis, Sandra Mason, Clara L. Jones and Ann Dean.

The next council meeting will be the second week September.

The Nile Delta city of Dometta departed its pigeons bright, clean, modern lofts which cost \$14,350, built in villages. The pigeons did not stay departed.

COMMUNICATIONS Your Tool for Progress

This coin telephone benefits you in TWO ways

First of all, it becomes a "friend in need" when a quick call is necessary . . . puts a telephone where you are and makes it available 24 hours a day. It is profitable to communities, too, providing new income when we are permitted to locate them on public property. There is an added advantage in some states where it can lower fire insurance rates because of the availability of prompt alarms. So the next time you see a coin telephone, consider it an example of convenience in Communications — Your Tool for Progress. You are invited to call our Business Office for information about income-producing booth locations.

Lazbuddie Folk Go to Jacksboro For Reunion

By MRS. C. A. WATSON
LAZBUDDIE — Mrs. Joe Bates Jennings, accompanied by Mr. and Mrs. Elton Page of Lazbuddie, Mr. and Mrs. C. D. Gustin of Hereford, Mr. and

Mrs. Alton Page and children, Muleshoe and Mr. and Mrs. Le-land Gustin from the Ray community, attended a reunion at Jacksboro. Approximately 30 attended.

Congratulations to Mr. and Mrs. Glen Lust on the birth of a son May 5 in the Memorial Plains Hospital in Dimmitt. The baby weighed 7 lbs. and has been named Mark Alvin Lust. Grandparents are Mr. and Mrs. Vern Lust, Dimmitt, and Mr. and Mrs. Frank Hinkson, Lazbuddie.

Mr. and Mrs. Fred Graham visited relatives in Brown county last week.

Mr. and Mrs. Orville Burnet visited her parents, Mr. and Mrs. Bill Short, in Hale Center Sunday.

Mrs. Davis Gulley reports her mother, Mrs. H. H. Humphrey some improved. She is able to sit up some each day now. Mrs. Humphrey is a former resident of Farwell but is now making her home with the Gulleys.

Mr. and Mrs. Clarence Mason and Mr. and Mrs. Charlie Watson attended the funeral of Marvin Jackson in Hereford Tuesday of last week.

Birthday greetings this week go to Jean Stepp, Martha Parros, Charleta Treider, Wesley Barnes Jr., Rickie Seaton, David Nelson, Jack Templar, Cynthia Huthmacher, Debra Smith, Olena Seaton.

Mr. and Mrs. Juel Trider visited in Albuquerque the first of the week with her brother and wife the Rev. and Mrs. Paul Syns. Accompanying them was her mother Mrs. W. S. Menefee of Hereford.

Fred Wilbanks came in Saturday night from Arkansas where he had visited at the bedside with his father A. M. Wilbanks. He reports his father some improved. He was thought to be in serious condition.

Mr. and Mrs. Dwain Menefee and children, Friona, visited Sunday with her parents, Mr. and Mrs. Dan Cargile.

Mother's Day guests in the L. R. Hall home were the Gary Dale family from Muleshoe and Mr. and Mrs. Matton Brown and children and Brenda and Brent Hall from Friona.

Oldsters Hold Texas Spotlight

The observance of May as "Senior Citizens Month in Texas" is off to a fast start. More than three dozen counties and communities are planning week - long or month - long programs to honor aging persons in their areas, says Mrs. Carter Clopton of Austin, state coordinator for aging services. Getting off to a head start in

honoring its older citizens recently was Milam County, first in the state to organize its local aging committee under terms of the recently - signed agreement between the Texas A&M University Agricultural Extension Service and the Governor's Committee on Aging. A certificate officially designating the Milam County Governor's Committee on Aging was presented, along with special certificates honoring 20 senior citizens of the county. The joint ceremonies were held in Cameron.

Severe earthquakes in Chile, Greece and Japan have killed and injured hundreds of people this year. Such heavy loss of life is rare but quakes are common.

THE FAMILY LAWYER

Of Law and Love

Child on the Stand
Two cars collide at an intersection. Each driver blames the other for the accident. And the only impartial witness is a schoolboy who was standing on the curb.

Should the boy be allowed to tell his story in court? Thousands of dollars, and perhaps grave criminal penalties, may hinge on what he says. Is the testimony of a child reliable enough for the processes of justice?

Either way there are problems. To let him testify is to risk falsehood, deliberate or otherwise. Robert Louis Stevenson once wrote:

"Whatever we are to expect at the hands of children, it should not be any piddling exactitude about matter of fact."

But if children may lie more freely, they may also tell the truth more freely. Out of the mouths of babes come observations unsoftened by tact, untinged by prejudice.

As a rule, it is up to the trial judge to decide whether a particular child is qualified to be a witness. Of course, age is one factor. But age provides no hard and fast guide. The judge also must consider the child's intelligence, the time that has elapsed between accident and trial, and even the type of question to be asked. Thus, a tot of seven is better fitted to say whether a dog bit

him than to estimate the speed of a passing truck. Ethical as well as mental characteristics are taken into account. The child witness must feel a moral obligation to tell the truth.

Traditionally, the judge probes for this moral obligation in the child's religious background. Does he fear divine punishment if he doesn't tell the truth? For instance, one court allowed testimony by a youngster who, although hazy about the meaning of an oath, was sure that "the bad man" would get him if he told a lie.

In recent years some courts have been satisfied even if the child has no religious convictions, so long as he does have a clear motivation to be honest. But that motivation he must have. No matter how winsome his smile or how eloquent his

language, the child without scruples has no business on a witness stand at all. A public service feature of the American Bar Association and the State Bar of Texas. Written by Will Bernard.

Your OLDSMOBILE will give you better service with AMALIE

100% Pure Pennsylvania Motor Oil
Why? Today's high compression engines running at high or low speeds; running in grueling stop and go traffic require the superior oiliness, the heat resistance found only in AMALIE Pennsylvania Oil.

AMALIE is the oiler oil refined from the world's finest crude by special low-heat process. AMALIE stands up under engine heat long after conventional oils break down, thin out, drain off. Cuts wear, insures long miles of smooth engine performance...

PLANT LINDSEY 788

HIGHEST YIELDING HYBRID IN 5 YEAR AVERAGE AT HIGH PLAINS RESEARCH FOUNDATION, PLAINVIEW, TEXAS

Lindsey 788 frequently yields in the 7,000 to 10,000 pounds per acre range in this area. Used by many sorghum growers who want absolute top yield potential in the hybrid they plant. Use where you plant early and can go all out for yield. 788 can also wait out dry conditions and still produce surprisingly high yields. Near season maturity.

ALSO PLANT
LINDSEY 744 — Earliest Grain Hybrid. Widely used on dryland and under limited irrigation.
LINDSEY 755 — Medium Maturing Grain.

Cotton

(Continued from Page One) servation measure and to increase production from limited allotments. Farmers have found that plants in a skip-row pattern are able to utilize soil moisture and plant food from adjacent idle land, thus yielding more fruit than plants in a solid planted field.

In the Department's new proposal it is pointed out that:

"The purpose of the proposed change is not to eliminate skip-row planting but to bring skip-row acreage for allotment determination more nearly in line with production increases due to such plantings." The rule change, if put into effect, would change 32 inches (as opposed to the present 20 inches) beyond the outside rows next to idle land as cotton acreage. If made final, the rule change would go into effect with the 1966 crop.

Schools

(Continued from Page One) of auditorium at 8 p.m. Saturday, May 23, and high school graduation is slated for 8 p.m. Friday, May 28.

Seniors are to have final examinations Thursday, May 20 and Monday, May 24, and all students other than graduates will have final exams May 25, 26 and 27, according to Ralph Stevenson, principal.

Report cards for senior high school students will be given Friday, May 28, from 1 until 2 p.m. Graduating seniors who have an average of 75 or more for the semester, may be exempt from final examinations.

Third and fourth grade awards assemblies will be held Wednesday, May 26, the DeShazo event from 2:30 until 3:30, and Richland Hills from 3 until 8:30 p.m.

Fifth and sixth grade awards assembly at DeShazo is slated for May 27 at 9:45 a.m. Report cards will be given out Thursday, May 27, at 2 p.m., and buses will run that day at 2 p.m.

Hilltop school will have its awards assembly May 20 from 9:30 until 11 a.m., and 8th grade picnic is slated for May 27 at MacKenzie Park. Report cards will be distributed at Hilltop May 28 at 1 p.m.

All three elementary schools, row systems, but best estimates place the percentage at between 25 and 30. According to Walter Wells, Office Manager for the Lubbock County ASCS office, a 1964 survey showed about 28 percent of Lubbock County cotton in skip-row patterns, and it is thought that this may be fairly representative of the area. If so, some 630,000 acres of the High Plains were in skip-row cotton for 1964.

Much of this, if not a majority, was in areas with weak irrigation water or no irrigation at all, and instituting the new rules would amount to exactly the same thing as an acreage cut of about 30 percent to these farmers. In such areas, skip-row planting has long been an accepted practice, and if continued under the new proposal each farmer's allotment would be planted on about 30 percent less land. If discontinued, production would still suffer by reason of the reduced soil moisture and plant food available to each stalk. Either way, about 30 percent of production would be lost, and in light of the current "put the money where it is need most" philosophy in Washington, the new proposal is hard to justify.

Rains

(Continued from Page One) his gauges measured 1 1/2 inches. Despite the possibility that some crops were "covered up" by the fall and that seedling disease may result from the cool temperatures, most farmers were happy over the down-pour.

One farmer reported getting stuck in the mud in his pickup, adding, "it was a mighty nice experience, too. It had been a long time since I had got stuck."

Fortunately, the Muleshoe area missed the turbulent weather which visited sections of West Texas east of here. The rains were reported as far south as Snyder, and as far north as Hale county.

Rains Monday also included hail for some West Texas areas, including Crosbyton, Union and Tahoka.

Hereford got a 1.8 inch rain Monday, Brownfield recorded 1.75, Levelland 1.5; Tahoka, 1.72 and Spur 1.10. Lubbock had rains ranging from .38 inch to .75 inch.

College

(Continued from Page One) month. Among those who have been visiting area communities, in addition to Williams and Davis, are Harmon Elliott, Johnny Shelton and the chamber president, Dr. Charles Lewis.

Sessions now being held in the neighboring communities are of an informal nature. However, once the report from Dr. Colvert has been received, the sponsors will launch an intensive campaign to take junior college information to all areas which will be included in the proposed junior college district.

Among requirements for establishing a junior college district is one specifying that a thorough educational program must be put on before a formal election is held.

After Colvert has made his report, the next step will include presenting a petition to the state board of education, and members of that board will, in turn, make an inspection trip of their own.

An election early this summer is possible if the preliminary hurdles are crossed, it was explained.

Mr. and Mrs. Ray Martin had as Mother's Day guests their daughter, Mrs. E. L. White, and Mr. White, Big Spring.

SHOP MULESHOE FIRST

Youth

(Continued from Page One) He said Leigon and a companion had just run for the elevator.

Leigon, thinking the elevator was on a lower floor, stuck his head through a window in the safety door of the elevator to look downward through the shaft. The glass pane had been broken out earlier.

While Leigon was looking down, the descending elevator caught his head, pinning it between the floor of the car and the window sill. He died within minutes.

He was taken to County Indian Hospital where he was pronounced dead on arrival.

In Italy, a country of 52 million population, only 900,000 women have drivers' licenses. More than half of these got their licenses in the last five years.

5th Graders Eat Mexican Food As Class Study

Fifth grade classes of Mary DeShazo went in two groups to LEAL'S CAFE Monday and enjoyed a Mexican dinner as a culminating activity of their study of Mexico.

Thirty-eight parents and children enjoyed a Mexican dinner and had a most interesting and educational tour of the tortilla factory on Monday evening. Forty-one parents and children enjoyed the same food and tour Wednesday evening.

Mrs. Bob Breckenridge is the social studies teacher in the fifth grade, and the class has previously seen a film on Mexico and had made a pinata and musical instruments.

The menu was a typical Mexican cuisine enchiladas, tacos Spanish rice, fried beans, and Guacomole salad.

TOP STUDENT — Lewis Scaton, son of Mr. and Mrs. Harvey Scaton, Lazbuddie, was named the high point student with an 8.49 average.

Ignore Thermometer, Be More Comfortable, Writer Suggests

By VIVIAN BROWN
AP Newsfeatures Writer

Is the trusty thermometer the great national pamperer of our citizens? If we avoided looking at it, would we be more comfortable? Do we need houses so hot in cold climate that we can hardly breathe? Do we need to feel uncomfortable in a climate that is hotter than we've known? Or is it all a state of mind brought on by what we think a temperature is doing to us?

If weather bureaus declined to give the temperature would we have happier cities? This is the time of year when people complain about the efficiency of their heating systems. City dwellers are banging on

radiators, hoping to arouse apartment house superintendents, and hiking landlords to court.

A woman who has been very temperature-conscious because she lived in a city where newspaper headlines screamed disaster when the temperature fell to 5 degrees, has now weathered several country winters sleeping in a bedroom without heat when the temperature outdoors has been 5 degrees or below. At first, she slept downstairs where registers warmed the first floor. But going to her bedroom in summer, she found that she could weather fall. As it grew colder, she took each day in stride until pretty soon, like the little boy who lifted the

calf each day until it weighed several hundred pounds, she got through the winter without complaining at all about the cold bedroom. Well, hardly at all.

Now she feels uncomfortable when she spends a night in the city. She is so hot, she can't sleep and almost always returns home feeling groggy.

The unheated bedroom, she sleeps in is on the corner of a house with only two inner walls of the room insulated. A small heat register is in the upstairs hall. She feels drafts, and she has worn a stocking cap from time to time to keep icicles out of her hair, but she is healthier than she has ever been and hasn't had a cold in years, she says.

It is interesting to observe city people who move to the country. They are "freezing to death" the first winter. Their thermostats are up so high, visiting neighbors can't bear it. Just about the time friends are avoiding visits, the exuberant ones decide to oblige by tolerating a cooler house. At the end of the first winter, their houses are just as comfortable as their neighbors'. In no time at all they may tell you they have shut off radiators in their bedrooms.

The next step is that they become gleeful at low temperatures because now their inter-

est in the thermometer is to see how rugged they are. They forget they're supposed to feel cold.

It is amusing, too, that many people can be rugged outdoors but are hothouse flowers indoors. Skiing on the windy

Plains of Abraham at Quebec City some years ago at 26 degrees below, with breath forming ice patterns as you watched it, a man marveled at his wife. In her lightweight gardening ski trousers and jacket, she was having a great time. "At home she won't walk a block away to the grocery store, if the temperature goes below 40 degrees, and she has the house up to 80 degrees," he observed. "She knows it's cold, but she doesn't know how cold," he said.

Everyone had been so intent on catching the ski bus from the Chateau Frontenac ski room that no one realized how cold it was until they checked the thermometer on their return. Noses, fingertips and toes were ready to drop off, but after hot soup and bath, everyone felt great.

The healthy Finns have the reverse therapy. First they steam their bodies until they're red hot, then they roll in the snow. The Sauna heat unit is popular here now, but there aren't many takers for snow baths.

Office workers blow hot and

cold, too, with the thermometer, as one man points out. After being driven to distraction by complaints in a windowless city office in winter that they were "roasting," he removed the thermometer and hasn't had a complaint since.

Thermometers are wonderful fun for telling where you are, where you've been, and where you're going. But if one let's a thermometer decide how he FEELS temperature-wise, he'll feel pretty miserable from one end of the year to another. Few people ever decide at what temperature they really feel good. When they have a great day, they always compliment the weather, never the

temperature.

To prevent chocolate from turning white, store it in a fairly cool place (under 75 degrees). If chocolate does turn white, it need not be discarded; the white color does not affect the chocolate flavor.

Florida has 17 springs of first magnitude, largest number found in any state. A first magnitude spring is one which pours forth at least 100 cubic feet of water a second.

IN THIS WORLD

HERE'S A SCIENTIFIC TRUTH STRANGER THAN FICTION. IT NOW TAKES ONLY 8 OUNCES (ONE CUP) OF INSECTICIDE TO CONTROL BOLL WEEVILS INFESTING AN ACRE OF COTTON...

IT WAS PROVED BY FEDERAL AND STATE AGRICULTURE RESEARCH OFFICIALS.

THEY USED AN ENTIRELY NEW CONCEPT IN PEST CONTROL CALLED LOW-VOLUME AERIAL SPRAYING WITH MALATHION LV CONCENTRATE.

8 FLUID OUNCES PER ACRE... DIAMETER OF DROPS 100 MICRONS

72 DROPLETS TO SQUARE INCH

A PLANE'S SPRAY BOOM IS EQUIPPED WITH FLAT SPRAY NOZZLES THAT BREAK UP 8 OUNCES OF PESTICIDE FINE ENOUGH TO LEAVE A DEPOSIT OF 72 DROPLETS PER SQUARE INCH OF CROP SURFACE, OR ONE CUP OF MALATHION LV PER ACRE.

FORMERLY AN APPLICATOR FILLED HIS SPRAY TANKS 4 TIMES BETWEEN PLANE REFUELING... NOW ONE.

Library Bookmobile's First Year In Two-Year Project Nears End

AUSTIN, — Library service has a new and clearer meaning for many citizens of the High Plains Bookmobile Demonstration Area, composed of Bailey, Cochran, Lamb and Parmer counties, as the first year of a two-year project has been completed. Dr. Dorman H. Winfrey, director and librarian, Texas State Library, stated.

Georgia Pena, bookmobile librarian, said the library system had issued more than 44,335 books during its first year of operation. She also noted that of the total, 3,900 books had been checked out of the Muleshoe Area Library. The circulation figures broken down by county reveals the following use: Bailey, 7,137; Cochran, 3,600; Lamb, 16,208 and Parmer, 13,390.

Book collections have also been left as teacher loans in Bledsoe, Bovina, Spade, Frioma, Lazbuddie, Bula, Amherst, Springlake, and Sudan. The Olton Public Library, a branch of the Lamb County Library, has also received books on a long-term loan.

Mrs. Pena said that the mobile library has not missed a scheduled visit and approximately 17 trips have been made to each community in the four-county area since April, 1964.

Headquarters for the High Plains Bookmobile Demonstration in Muleshoe were furnished through the cooperation of the Friends of the Library organization.

At the close of the trial period, next April, 1966, the plan is for the four counties to continue the mobile library service, sharing the cost on a pro rata basis of population per county.

Services Held For Elizabeth Gardner

Funeral services were held for a long-time resident Muleshoe, Mrs. A. J. Gardner, at the First Methodist Church here, with the Rev. Frank Peery, pastor officiating.

Burial was in Bailey Cou Memorial Park cemetery under the direction of Single Funeral Home.

Mrs. Gardner died Friday 10:15 p.m. in Baylor Hosp in Dallas.

She was born Feb. 9, 1905, Hollis, Okla., and moved Muleshoe in 1930.

She was a member of First Methodist Church and Past Worthy Matron of Eastern Star in Muleshoe.

Survivors include: Three sons, Paul and Max Gardner Richardson, Tex., and Don Amarillo; one sister, M. Cloma McFarland of Gall N. M.; one brother, Dick H. son for El Sonora, Calif.; two grandchildren.

Mrs. Gardner was the widow of the late A. J. Gardner, for her post master here.

“Chicken” halibut is term used for a halibut that weighs from five to 10 pounds.

Texas State Library has provided all of the operational cost during the first year and will continue to do so the second year. After the trial period concluded Texas State Library will continue to assist the project by means of book loan and consultant service from its Field Services Division staff.

Sixty counties have participated in similar library demonstrations and a majority of the counties are now being served by a strong local library plus mobile libraries for rural patrons.

Junior's Spree May Cost Boy's Parents

By Vern Sanford
 Texas Press Association
AUSTIN — Parents of rambunctious children soon may be paying more attention to the activities of their offspring. A bill passed by both houses of the Legislature makes parents liable up to \$5,000 for damages done by their children. Measure now is in the hands of Gov. John Connally for his signature.

It applies to 10 to 18 - year olds who damage public or privately owned property. Sponsors of the bill are Sen. Jack Hightower of Vernon and Rep. Willis Whately of Houston. They contend that stiffer penalties than the present \$300 maximum will curb vandalism.

Bill was prompted by the number of cases where homes and schools were being wrecked by vandals, but also it applies to such cases as false fire alarms and other acts of vandalism.

SHOWDOWN NEARING — As the end of the current legislative session nears, legislators rapidly are approaching decision time on legislative and congressional redistricting, teacher pay raises and new taxes.

House passed a congressional redistricting plan which almost everybody is taking for granted will be drastically changed in the Senate and will have to be worked out in a conference committee. Meanwhile, the Senate cleared the way for adoption of a senatorial districting plan keeping control in rural areas.

One of the biggest crowds of the legislative session appeared Wednesday for House and Senate committee hearings on heatedly - contested bills by Texas State Teachers Association and Governor Connally to raise teacher pay.

Connally wants a 10 - year graduated pay plan; TSTA insists on its plan for \$405 annual raises to all teachers.

Final approval of the record \$3,600,000,000 general budget bill for state government operation is expected in both houses

and presented conflicting testimony before the Senate Committee on Jurisprudence.

DIVORCE SLOWDOWN — A bill that would extend the waiting period from 60 to 180 days before a divorce is granted, where children under 18 years of age are involved, has been approved by the House and the Senate Jurisprudence Committee.

Bill is sponsored by Rep. Paul B. Haring of Goliad and Sen. William N. Patman of Ganado.

Sponsors feel that the bill would provide a check on hasty, ill - conceived divorces and remarriages, thereby giving added protection to children involved. Also it would be effective in reducing juvenile delinquency and the crime rate.

Bill has strong support of many prominent jurists and clergymen.

YOUTH CORPS JOB A JOB — Program to provide part - time jobs for needy students under the federal Economic Opportunity Act is growing fast and reaching into many areas in Texas.

Governor Connally reports that office details for handling the project require a staff larger than the crew that handles all the duties of the Governor's office.

Connally has approved nearly a dozen Neighborhood Youth Corps programs, involving Federal grants for projects in Rio Grande City; Los Fresnos; Harris County; Beaumont, Dallas County; Galveston County; Laredo; Olton, Lockhart and San Marcos.

Grants are authorized by the U. S. Department of Labor in Washington, but are subject to final approval by the Governor.

Terrell Blodgett, director of the Texas Office of Economic Opportunity, has announced appointment of two consultants to help communities organize local action programs. They are Bertrand Adams of Austin and Robert Watts of Lufkin.

CODE BILL DOCKETED — House Criminal Jurisprudence Committee has approved a 145 - page bill overhauling the Texas Code of Criminal Procedure. It is set for debate late next week.

Affecting nearly all citizens, the far - reaching measure is the number one legislation objective of the State Bar of Texas.

Revision was passed by the 58th Legislature, but was vetoed by the Governor because of errors in the bill.

AG OPINIONS — Atty. Gen. Waggoner Carr has ruled that a party to a civil lawsuit, summoned to court as a witness — but who doesn't appear — may be cited for contempt even though he was not paid a witness fee or travel expenses.

Bill to provide \$7,500,000 in state funds for constructing and operating a Texas exhibits building at San Antonio's 1968 HemisFair is constitutional. Bill won unanimous approval of Senate Finance Committee, after appropriations conferees refused to put HemisFair funds in state's general budget.

Laws requiring a corporation be incorporated under Texas laws in order to get a liquor license or permit are constitutional.

Governor Connally has signed a bill authorizing issuance of "prestige" license plated for an extra \$10, which may bring in \$5 million a year additional revenue for tourist and industrial promotion and recreation. After Dallas and Fort Worth lawmakers and city officials reached a compromise on the measure, Legislators approved and sent to the governor a proposed constitutional amendment authorizing counties to join in regional airport authorities. Bill to abolish death penalty for crime received House committee approval after a heated hearing. House passed proposed constitutional amendment to make old age assistance available to non - citizens who have lived in the U. S. at least 25 years. A bill by Rep. Dick Cory to take advantage of federal help for development of commercial fisheries cleared both houses, while another to regulate the taking and processing of shell fish was out of committee and on the House calendar. Attorney William S. Lott of Georgetown was sworn - in by Attorney General Carr as a new member of the School Land Board. Senate approved and sent to the governor a House bill which permits pickup trucks to go as fast as passenger cars on Texas highways. Governor Connally renamed P. M. Davis and J. S. Bourn, both of Winters, and appointed Melvin Patterson and Tom Caudle, both of Ballinger to the Rannels County Water Authority. Texas business activity soared to a new high in March, 19.2 per cent above March, 1964 and

Jim Towns, H-SU Muleshoe Pupil, Gets Fellowship

Jim Towns, Hardin - Simmons University senior from Muleshoe, has been awarded a teaching assistantship valued at \$2,500 in Southern Illinois University for the 1965 - 66 school year.

He will teach two basic speech courses and monitor a television lecture while working toward a master's degree at SIU. He turned down similar offers from two Texas schools to accept the Illinois assistantship.

The son of Mr. and Mrs. Verney Towns of Muleshoe, young Towns is vice president of the H-SU Student Association and speaker of the House of Representatives in the H-SU student government. He is a member of Who's Who in American Colleges and Universities, was "Mr. Secondary Education" in 1964, and has served as class officer, Religious Activities Council officer and in the Speech Senate. He is a member of Sigma Tau Delta and Tau Alpha Phi.

John P. Clayton of Tulsa, a 1964 graduate of Hardin - Simmons University now working on his Master of Arts degree in Baylor University, is winner of the Luther Rice Memorial Scholarship for 1965 - 66 at Southern Baptist Theological Seminary in Louisville, Ky.

Economist Sees Big Carry-Over Of U.S. Cotton

A Texas A&M University agricultural economist sees few encouraging signs in his spring review of the outlook for cotton.

John G. McHaney, economist for the Texas Agricultural Extension Service, says the carryover for U. S. upland cotton on August 1, 1965, is expected to reach 13.4 million bales, up 1.3 million bales from last year. And, he adds, this is the fourth consecutive year the carryover has increased. The record carryover of 14.4 million bales was set in 1956.

Despite a rise in domestic mill consumption, the total disappearance of upland cotton for the 1964 - 65 year is well below the production for 1964, the economist said. Exports, which play a very important role in total disappearance of cotton, have declined sharply this year, McHaney said.

The economist listed three major factors behind the expected 21 percent drop in exports. They are the record production of cotton in foreign free - world countries; the reduced free - world trade with Communist countries because of their near record production and the working down of cotton stocks in importing countries.

Foreign free - world consumption of cotton is expected to total a record 25 million bales. Production in these

Out of Orbit

same countries also set a new record of 22.5 million bales for the 1964 - 65 year. The sharpest increases were in Central America and Africa, McHaney said.

In order to make U. S. Department of Agriculture has announced that the initial rate for payment in kind for the 1965 - 66 crop year under the Cotton Equalization Program will be approximately 5.75 cents per pound.

Texas cotton growers should continue to strive to produce cotton at the least possible cost per pound. This means the use of the latest findings from research and demonstration farms covering all phases of cotton production, says McHaney.

Rhonda Wagon Pledges 'Spurs' In New Mexico

UNIVERSITY PARK, N. M. — Rhonda Sue Wagon of Muleshoe has been tapped for membership in SPURS, national sophomore women's honorary, at New Mexico State University.

Miss Wagon was named as one of 25 pledges at the university's annual Women of Achievement Banquet May 6. She will serve in the organization next year.

Tapees for SPURS are selected by members of the present chapter. Selection is based on the coed's participation in campus events during her freshman year, scholastic standing, and willingness to serve her university.

Miss Wagon is the daughter of Mr. and Mrs. B. H. Wagon of Muleshoe. She is a 1964 graduate of Muleshoe High School.

Muleshoe Man In 'Silver Hand' Army Exercise

FORT HOOD (AHTNC) — Army PFC James H. Carpenter, son of Mr. and Mrs. James D. Carpenter, Route 1, Box 31, Muleshoe, Tex., is participating in Exercise SILVER HAND, a major joint field training exercise conducted by the U. S. Strike Command at Fort Hood, Tex., May 1 - 15.

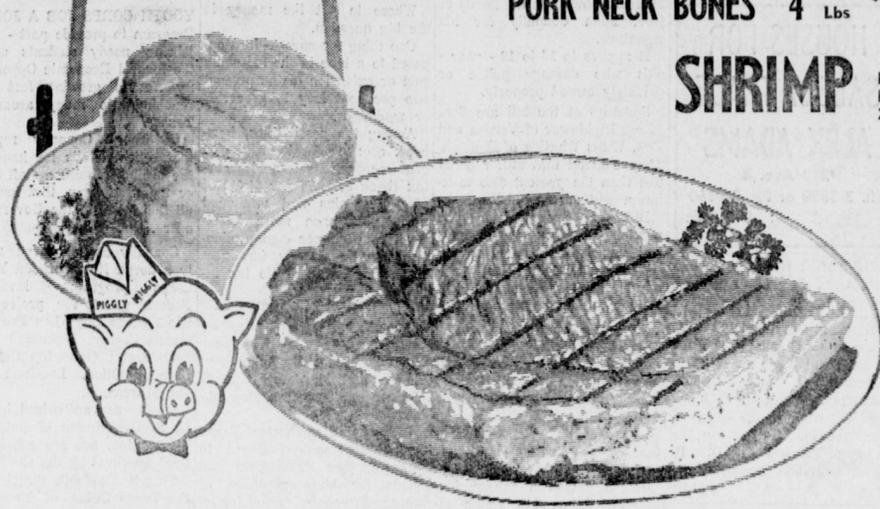

Carpenter is taking part in various tactical maneuvers designed to develop techniques to insure that Army and Air Force units can deal decisively as a team with any type of emergency.

The 24 - year - old soldier, a tank crewman with Company A, 2d Battalion, 81st Armor of the 1st Armored Division at Fort Hood, entered the Army in 1963 and received basic training at Fort Polk, La.

He is a 1959 graduate of Lazbuddie (Tex.) High School.
