To cut cardboard, use a sharp pocket knife. Rubber is more easily cut if the knife blade is moistened with water. To cut thick leather, first immerse it in warm water for two or three hours.

Slip-cover baby's bottle. A wool bag will keep the milk from cooling. A drawstring at the top will fit the cover snugly to the bottle.

Rub vaseline or lard on door knobs, hinges, and other hardware before painting a room. Daubs of misplaced paint may then be wiped off easily.

If you are looking for ways to stretch your Christmas budgethere's good news! Make a list of all the smokers you know and give them either of these two popular gift items featured by your local dealer — a carton of flavorful Camel Cigarettes or a pound tin of mild, mellow Prince Albert Smoking Tobacco. Both gifts come ready to give. The Camel carton comes in a colorful holiday dress, containing 200 mild, rich-tasting cigarettes. And Prince Albert-the National Joy Smoke-is offered in the popular full pound container. Even a card is unnecessary for these gifts-space is provided for a personalized Christmas greeting. It may be caused by disorder of kidney function that permits poisonous waste to accumulate. For truly many people feel tired, weak and miserable when the kidneys fail to remove excess acids and other waste matter from the blood.

You may suffer nagging backache, rheumatic pains, headaches, dizziness, getting up nights, leg pains, swelling. Sometimes frequent and scanty urination with smarting and burning is another sign that something is wrong with the kidneys or bladder.

There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. It is better to rely on a medicine that has won countrywide approval than on something less favorably known. Doan's have been tried and tested many years. Are at all drug stores.

THAMPION FARMER BUERMAN uses Firestone Champion Ground Grips on his tractors, because he knows they clean up to 100% more effectively, pull up to 62% more, last up to 91% longer, and roll smoother over highways.

This superiority is based on patent rights which permit only Firestone to build tractor tires with connected curved traction bars. Curved bars are stronger . . . like a curved roof. They're braced ... like a corner fence post. They cut into the soil with the cleaving,

cleaning action of a plowshare. The tapered openings between the bars throw out mud and trash. Connected bars don't bend, wipe and wear like the bars on broken center tires. And because the bars are connected, the tire rolls along in smooth, continuous contact with the highway.

Be sure to specify Firestone Champion Ground Grips when you order your new tractor . . . or when you buy replacement tires for your present equipment. They'll pull more . . . last longer . . . and they'll cost no more than ordinary tires.

THE WILD PRAIRIE

TEITHER bitter hardships nor hostile Indians could daunt the pioneer farmer, but the rich prairie soil of the new West broke his heart. With no plow to turn the greasy, black loam after the first breaking, the frontiersman was forced either to grub an uncertain existence from it or to move westward to new virgin land.

In 1837, at Grand Detour, Illinois, a plow tamed the wild prairie! It was John Deere's new plow with a steel moldboard which shed the sticky prairie soil. At last, the pioneer farmer could unhitch his emigrant wagon and take root in the fertile plains of the West.

Times, methods, and machines have changed, but John Deere Plows have never relinquished their century-old leadership. Let us show you how it will pay you to own a John Deere.
