

AH, SUMMER! — Except that it's summer and summer is a time for pretty girls, there's no particular reason for running this picture — but who needs a reason when the photo subject is this good? This is one of Muleshoe's most beautiful young women, Lanell LaFon, daughter of Mr. and Mrs. Rufus Gilbreath, first runner-up for South Plains Maid of cotton. She's home for the summer. FB Queen Contest Deadline Is Near

Deadline for entering the annual Farm Bureau queen contest is tomorrow, points out Mrs. Joe Wheeler, chairman of the queen contest, and so far the list of pretty girls seeking the title stands at seven.

The event is to be held Friday night, Aug. 6 in the senior high school auditorium.

"If you plan to enter this year's event," warned Mrs. Wheeler, "you had better get your application and picture to Farm Bureau headquarters as soon as possible."

An extra feature of this year's contest will be an after-act when the 4-H girls will model clothes which they are to display first tonight at their annual dress revue.

First entry in the queen's contest was Susan Pendergrass, daughter of Mr. and Mrs. Jess Pendergrass.

Others entered include: Karen Barlesmith, daughter of Mr. and Mrs. D. O. Barlesmith;

Judy Inman, daughter of Mr. and Mrs. Sherman Inman;

Linda Warren, daughter of Mr. and Mrs. James Warren;

Jan Landers, daughter of Mr. and Mrs. J. S. Landers.

Renee Howell, daughter of Mr. and Mrs. Gid Howell; Lanell LaFon, daughter of Mr. and Mrs. Rufus Gilbreath.

All of the girls entered so far attend high schools except Miss LaFon who will be a sophomore this year in Texas Tech.

Complete program for the show will be announced this weekend by Mrs. Wheeler, including the name of the master of ceremonies, Ray Martin will play the organ for the contest.

Plains Cotton Growers Board Opposes Cooley's Cotton Bill

Plains Cotton Growers Inc. board of directors is expected to renew its fight on the proposed Cooley cotton bill at this afternoon's meeting of the 48-member board.

A legislative report will be given to the board by Donald A. Johnson, executive vice-president of the organization at the session in Lubbock at 4 o'clock this afternoon. Many cotton farmers in the Muleshoe area belong to the big cotton producers' organization.

Johnson, who has spent much of his time in recent months in Washington, says that the PCG board of directors already has adopted legislative "principals" in direct opposition to many of the provisions now contained in the proposed Cooley bill.

He says that all possible influence is being used to secure "more acceptable" legislation.

Farm Labor Supply 'Better Than Expected;' Housing Units Scarcity Is Fly In Ointment

Bailey county's farm labor situation is much less acute than had been expected — so far! But a big part of the labor peak season is yet to come, and housing — or the lack of it — may be a vital factor in supplying labor needs for the balance of the season.

Jesse Young, manager of the Texas Employment Commission office here, says the labor situation "has been much better than we had expected. After the bracero program was eliminated we had feared that we would be hard put to supply workers for our area farms. However, so far the supply has kept pace with the demand."

Elvon DeVaney, fieldman for Western Canning Co., LaJunta, Colo., agreed with Young that the supply has been "more plentiful than we had anticipated." Young said cotton chopping is nearing the final stages in this part of the county. He said through an arrangement with TEC in Lubbock, many cotton choppers are commuting daily in old school buses between Lubbock and area cotton fields. "This has done much to relieve any cotton chopping workers," he explained. Later, after farmers on irrigated land have watered their

cotton crops again, additional cotton choppers will be needed.

"If we had adequate housing, I feel sure much of the labor shortage could be eliminated," summed up DeVaney who has been associated with the farm program here for a number of years. "One of the first questions these workers ask is what about housing. They want to stay in units - whole families - and live with their friends. Many of them are from the same part of the country, all Spanish, and they want to live with other Spanish-speaking people."

The harvesting of the county's big cucumber industry is well under way with pickers receiving a penny a pound for their work. The TEC office figures it takes 1 1/4 persons per acre to do the job. The crop is good and yield high. DeVaney said 90,000 pounds of cucumbers were picked Monday and sent to the Colorado cannery. He said the peak will not be reached in the harvest until early August, and that the season will continue until Sept. 1. By next week, DeVaney predicted, from 120,000 to 150,000 pounds of cucumbers will be shipped out each day. Young was still sending cucumber pickers into the area as

late as Tuesday.

Greatest need, helpwise, at this time is for irrigators, Young said. "It's difficult to get experienced irrigators, and this is the greatest weakness in our labor program at this time, he explained.

Potato harvest is practically complete. No serious problem has been encountered in finding workers for this growing industry. However, one of the major potato producers has been importing his help from south Texas every year with the same crew making the trek from the Rio Grande valley to

the Muleshoe area. This has greatly lessened the labor problem in that area.

Tomato workers probably will not be needed in great numbers before September, Young said. "We are trying to persuade many of those who have come into the area for cucumber harvesting, to stay on into the tomato season, he said. "So far we are meeting with considerable success."

DeVaney said a new \$10,000 cucumber-picking machine is being experimented with in the Dimmitt area. "Were going up to Dimmitt and see the machine at work, said DeVaney. "They tell us that it eliminates human labor almost completely."

Meantime, DeVaney said backers of a proposed FHA-financed labor camp is being "persuaded and we are going ahead with our plans to create such a housing setup here. Under FHA regulations such units can be built and financed by the FHA either by individuals or by organizations, and paid for over a long period of time. DeVaney said Hereford's labor camps, although "far from adequate are a great help in securing labor for that area, and he added that such setups here would "make workers much more willing to come here if we had them. All labor being used so far in this area is domestic; so far as is known, no Mexican Nationals have been brought into this area, although most of the help is Spanish and much of it has come from the south part of Texas.

Final Hearing On United Fund Allocations Set

Final hearing for agencies seeking admission to the 1965 United Fund roster has been scheduled for Aug. 19, Robert Hooten, chairman of the budget and admissions committee, announced Wednesday.

But between now and then, informal hearings are slated, the first next Tuesday night at 8 o'clock. The Tuesday night session will be held in the Muleshoe State Bank, and the final hearing is slated for the First National Bank, starting at 7:30. At the final session, the various agencies will be asked to send representatives to make their appeals for admission to the 1965 campaign.

First informal session by the committee was held last week when preliminary plans for the 1965 season were discussed. Campaign date will be set later but probably will embrace the entire month of October. (See FINAL Page 4)

Electric Coop To Distribute 2635 Capital Credit Refunds

D. B. Lancaster, manager of Bailey County Electric Cooperative, announces the first Capital Credit refund checks were mailed this week to members who were receiving service from the cooperative during the year 1952.

These checks, totaling \$35,620.95, represent the money the member consumers paid in their electric bills during 1952 which was in excess of the actual cost of providing electric service.

First of the checks went to W. R. Damron, Circleback, in a ceremony at the cooperative Monday. He helped organize the cooperative back in 1938 and is the only member of the original board who has taken

service from the cooperative since its beginning. His was the first home lighted with power from the system and he also helped organize the Five Area serving for 13 years on the board of directors.

Current members of the board were present for the ceremony.

The cooperative is chartered under the state laws as a corporation and operates on a non-profit basis. At the end of each year's business, after an annual audit, the revenue received in excess of the expenses is credited to the individual members capital credit account in proportion to what he has paid for electric service during that year, he explained. The mem-

ber then receives a capital credit certificate showing the amount of capital credits allocated to each of his accounts for that year.

"The checks, being mailed to 2635 persons, are not dividends or interest payments, rather, the checks are for actual capital invested in the financial structure of the Cooperative. The cooperative has been using this capital to pay principal and interest obligations on its long-term loan; and to build up necessary reserves in order to keep a sound financial structure for self protection and to assure the members that they will receive adequate electric service at a fair and reasonable (See ELECTRIC Page 4)

2.17-Inch Rain Drenches Area; Dryland Aided

Muleshoe area got a good drenching, 1.98 inches falling officially in Muleshoe and heavier amounts in some areas. Add to this .03 Sunday and .16 inch Monday, and this brings the total to 2.17 for the week here.

The rain was general throughout the area, a check made by the Journal Wednesday revealed, but the fall was spotted, aiding dryland farms slightly. Mrs. O. E. Warren, Goodland, said their farm received only a sprinkle, but farther west, the fall was much heavier.

Beene's Grocery at Needmore reported 1 1/2 inches in two days, but at Lazbuddie, the fall was much heavier. Mrs. C. A. Watson reported 1.7 and Kathryn Hardage 1.3.

West Camp area received a generous downpour; Robert Crawford, two miles south of the West Camp grocery, reported (See RAIN Page 4)

FIRST CHECK—W.R. Damron (center) Circleback, and a member of the original board of the Bailey County Electric Cooperative here, received the first Capital credit refund from the organ-

ization at a ceremony Monday. The check was presented by C.G. Lewis, secretary-treasurer, as Clarence Mason, chairman of the board, watched. (Journal Photo)

After completion of an irrigation and power requirement study, an accompanying engineering projection, with a long-range financial plan, accepted by the auditor and banker, the board of directors and management now deem that the cooperative is in a cash position to start refunding the members capital.

Lancaster points out that the cooperative is current on all of its principal and interest payments on the long-term loans from REA. In fact, it has over three-quarters of a million dollars paid in advance, and has the recommended amount in the renewal and replacement fund.

It is interesting to note that the Bailey County Electric Cooperative members paid an average monthly electric bill on farm meter of \$6.50 in 1952, and that the average amount of these refund checks is \$13.52 which is the equivalent of two months billing," said Lancaster.

Mr. and Mrs. J. R. Otwell and family have returned home after spending several days vacationing in Ruidosa, N. M. Otwell underwent surgery at the Lubbock Methodist Hospital last Tuesday week on his hand. He was reported to be doing fine and back to work at the Muleshoe Motor Company Monday morning. The Otwells attended the Daniel family reunion held in Clovis Sunday. Forty-eight were in attendance.

Mr. and Mrs. Mickie Pierce have returned home following a short vacation trip.

Mrs. George D. Neely, 808 S. I, here, had a family gathering in her home Sunday. L. V. Julian and Mrs. Jack Julian and family, Mrs. Edith Wilt and Todd, all from Muleshoe were here along with Elwin and family, Baileyboro; Mrs. Dan Thompson and children, Lubbock and Charles D. Julian and family from Fort Worth.

(Continued From Page One) farmers, Johnson claims. The bill is expected to be considered on the floor of the House early in August.

However, despite opposition from such organizations as P-CG, the odds favor passable of the Cooley cotton proposals virtually in the form introduced.

The board at its meeting starting at 4 o'clock today, is expected to adopt a \$250,000 budget, according to Roy Forkner, president of the 23-county cotton producer organization.

The organizations derives its funds primarily from cotton producers in the form of 15 cents per bale dues, with supplementary funds coming from gins, oil mills, compresses, banks and other agri-business.

The PCG board session will be held at the Johnson House and will include a buffet supper. The budget report will be given by M. A. (Rip) Elms, Littlefield, chairman of the finance committee. That committee will meet prior to this afternoon's general board session and will draw up its budget recommendations for consideration of the full board.

It Was A Quiet Weekend Here, Officers Report

While the month in general has been a pretty busy one, over the past weekend, all was quiet on the crime scene in Muleshoe, check of the jail records revealed Tuesday.

The sheriff's office arrested two persons and put them in jail on a charge of disturbing the peace. Texas Highway Patrol lodged a drunk in the jail, and the city picked up two on charges of driving while intoxicated.

The low number of arrests was probably just as well, officers pointed out, since jail quarters already were crowded with persons serving sentences handed down earlier in the month by County Judge Glen Williams. The judge passed out several 30-day sentences, not to mention one to three-day terms.

Witnesses Return From Lubbock

Delegates from the Muleshoe Congregation of Jehovah's Witnesses returned home this week after almost a week's stay in Lubbock, attending the "Word of Truth" District Assembly sponsored by the Watchtower Bible and Tract Society.

Boyd Lowery, presiding minister of the Muleshoe Congregation, reports that 5,011 Bible students from 27 states and 2 foreign countries convened for the four-day assembly.

According to Lowery the convention was highlighted by the discourse entitled "World Government on the Shoulder of the Prince of Peace." The address delivered by H. A. Fetzik, district supervisor of Jehovah's Witnesses in Oklahoma, Texas and nearby states, will have been repeated at 30 similar gatherings in the United States and Canada by summer's end, said Lowery.

Refreshed by the scriptural information received during the four-day program, the Muleshoe Witnesses are better equipped to meet the needs of interested ones locally, Lowery said at regular meetings at the local Kingdom Hall will resume this week.

Youth Center Set Swimming Party

A swimming party is scheduled for next Friday night from 7 to 9 p.m. for the youth center members only. At 9:30 p.m. the swimmers will go to the Irvin St. Clairs for refreshments and a dance.

Tower Approves GI Pay Boost Proposal

BY SEN. JOHN G. TOWER

The Congress has been busily engaged this past week with bills concerning our military servicemen and the nation's defense forces. I long have believed new initiatives were needed in this field, and the past week has been a most beneficial one as the nation faces up to the tense international situation.

The House of Representatives has passed 410 to nothing a military pay-raise bill giving our servicemen an average 10 percent increase. I regard this as a vitally important bill, and the Senate Armed Services Committee, upon which I serve, will proceed quickly to its consideration.

The Defense Secretary has asked that the military pay increase be limited to only one-half as much as the House of Representatives thought necessary. But, I feel an increase in the area of 10 percent is vital if the Armed Services are to retain the skilled technicians they need today.

I will be doing all I can to obtain Senate approval of a meaningful military pay raise, so that we no longer will be faced with the stigma of seeing military families need public welfare funds and of having servicemen "moonlighting" in second jobs so as to make financial ends meet.

The defense of our nation is a full-time job. It demands full-time attention, and it must provide full-time pay.

As matters now stand, untrained youths who enter the anti-poverty Job Corps are paid more per month than are Army privates, Navy seamen, and the Air Force's basic airmen. And, quite often these basic soldiers are high school graduates with substantial skills.

This situation must be immediately corrected with a pay raise for the servicemen.

Over here on the Senate side of the Capitol Building, two major actions were taken during the week which add to the benefits provided military servicemen and military veterans.

The Senate adopted a "G. I. Bill" that would provide education and loan benefits for all veterans who have served since the Korean War. This omnibus bill is particularly expensive and is opposed by the Administration, the Defense Department, and the Veterans Administration.

As you know, I have urged throughout this year that a "Vietnam G. I. Bill" be enacted so that veterans of service in Southeast Asia may receive education and loan assistance upon their return home. I believe this is needed even more today in the face of our increasing manpower commitment to Vietnam.

Because of the opposition to the omnibus G. I. Bill, the House of Representatives has refused in the past to accept it. Again this year, House veterans affairs experts say they cannot accept a bill covering all veterans who have served since Korea.

But, I voted to send the Senate bill to the House in the hope that the House will consider the general need involved and will compromise with the Senate. Such a compromise will result, I expect, in enactment either this year or next of the "Vietnam G. I. Bill" we so badly need.

The Housing Bill recently passed by the Senate also contained provisions designed to help both servicemen and civilians connected with the Defense Department.

One provision of that bill — an amendment which I offered during committee work on the measure — provides a moratorium upon housing loan payments for civilians displaced or laid off because of closing of a military base or installation. This will be beneficial to those persons in Waco and Amarillo where bases were ordered closed last November.

Another part of the Housing bill — this one a joint amendment offered by myself and Senator Sparkman of Alabama — provides that the Defense Department can buy up houses in areas affected by base closings. This, too, is designed to provide temporary resettlement assistance to affected civilian and military personnel.

And, the Senate accepted another of my amendments dur-

ing floor debate on the Housing bill. This amendment provides for a new FHA loan-insurance program, affecting all veterans who have not previously received government loan benefits.

It would enable veterans to obtain a no-down-payment, insured mortgage for the first \$15,000 of cost of a house. And, it would insure a loan for a \$30,000 house if the veteran provided only a six percent down payment.

Our nation always has provided special benefits for our fighting men; benefits that accrue to them during their service and resettlement benefits applying to them when they are veterans.

As a member of the Senate Armed Services Committee, I'll be doing all I can to see that we continue to provide veterans benefits; that we provide a substantial military pay increase; and that we achieve eventual enactment of a "Vietnam G. I. Bill."

Former Muleshoe Man's Rites Held

Funeral services were held Tuesday at 2 p.m. in the Crosbyton Church of Christ, for C. L. Dyer, who formerly operated a real estate business here.

Officiating at the services were Ebb Randall, Farwell pastor, with burial in the Crosbyton Cemetery under the direction of Sanders Funeral Home of Lubbock.

He died in a Lubbock University Convalescent Home Sunday afternoon following an illness of about six years.

Dyer was born in Kentucky and lived in Crosbyton from 1916 to 1942, where he operated a grocery store. He moved to Lubbock two years and then to Muleshoe where he lived about 10 years until retirement from the real estate business there.

Survivors include two sons, Carroll, Lubbock and Hershel, Tulsa, Okla.; two daughters,

Tourism In Texas Shows Sharp Rise

By VERN SANFORD
 Texas Press Association
 AUSTIN — Not even prolonged spring rains were enough to dampen Texas tourism this year.

Attendance at tourist attractions the first six months of 1965 increased 14 percent over the same period last year.

A mid - year survey by the Texas Tourist Development Agency shows that 14,069,333 visitors were counted by 18 attractions and the state parks, with some places showing a 25 percent increase in out - of - state visitors.

Largest single increase was reported by the Fort Davis Historic Site in far West Texas. Although the fort still is undergoing restorations, the tourist load there increased almost 50 percent.

Other leaders in the visitors' increase were the Old Stone Fort at Nacogdoches, Big Bend National Park, and a replica of the original Fort Bliss in El Paso.

SCREWORMS BACK — A combination of mild winter weather and inattentiveness on the part of livestock producers is believed to be behind a sudden spiral upward in the number of screwworm cases reported last month.

In a joint report the Texas Animal Health Commission and the US Department of Agriculture reveal that 129 Texas cases were confirmed between May 30 and June 26. Only 35 cases were reported in the entire Southwest in June, 1964.

FEDERAL MONEY — Austin, Corpus Christi, San Antonio and Houston are hub - cities in areas given top priority in a matching - fund program for construction of facilities for the mentally retarded. They will get first shot at some \$500,000 in federal funds soon to be available.

Priority list, which will be one of the controlling factors in the allocation of the federal funds by the State Health Department, is part of a plan now in the hands of the US Surgeon General. He has authority to approve it or ask that changes be made.

Applications for funds first go to the State Advisory Council for Mental Retardation Facility Construction. Applicants must have their half of the funds for any proposed project in hand, in liquid assets.

AG OPINIONS — Atty. Gen. Waggoner Carr has ruled that: A county may not legally operate a "translator system" to bring TV to its people.

Garza County cannot close the county hospital, but it may lease or sell it.

A prisoner "laying out" fines at \$3 a day in the county jail may not get credit on two cases at the same time. In other words, the two jail terms follow each other instead of running concurrently.

TRAINING MANPOWER — Texas Industrial Commission is urging Texas communities to look into benefits of the Manpower Development and Training Act as a way of adding impetus to industry attraction.

In Texas, the act is administered by the State Industrial Commission.

maintained, vary from 9.7 percent above the average to 9.7 below. They asked the court to apportion the state into proper districts after an investigation supervised by a mastery in chancery.

SHORT SNORTS
 Governor Connally has named Jack Goren of Dallas, vice president of Neiman - Marcus, as state chairman for United Nations Day, Oct. 24.

House Speaker Ben Barnes represented Texas on the proposed Guadalupe National Park near El Paso at a hearing before House and Senate committees on interior and insular affairs. State Parks and Wildlife Commission has endorsed conversion of an area near El Capitan Mountain into a national park.

Committee of the Governing Boards of State Colleges and Universities has unanimously endorsed the Constitutional Amendment that provides for reallocation of the ad valorem tax, increases the amount from 5 cents to 10 cents and increases the number of participating institutions from 12 to 17. Proposal will go to the voters on November 2.

Sadler expressed hope a line between the two states finally can be agreed on for submission to their legislatures and congress. Agreement would prevent litigation and permit both states to be able to identify their land for purposes of oil and gas leasing and other useful purposes, he said.

Texas members of the commission are Sadler, Attorney General Carr, Sen. Martin Dies Jr. of Lufkin, Sen. Jack Strong of Longview, Rep. David Crews of Conroe, Rep. Charles Wilson of Lufkin, and Larry Temple, executive assistant to Connally.

REDISTRICTING — Nine Republicans filed a motion to intervene in a federal court challenge of constitutionality of the new congressional redistricting act.

They charged the Texas Legislature failed to create 23 districts of equal population as ordered by the court in 1963 and that the redistricting act "constitutes an extreme and indeed classic case of gerrymandering against certain political and metropolitan groups."

Inequalities were cited in Dallas, Bexar, Jefferson, Orange, Ector and Midland counties. Districts, the new plaintiffs

 Here's something you should think about...No man feels that disaster will ever strike him...It is human nature to say "It cannot happen to me." How wrong this statement can be...in the next 24 hours you may be involved in an automobile accident lose your house by fire, or be struck by sudden illness in the family...The terrific back-breaking cost of any of these tragedies can put you in debt for the rest of your life... Think about it... A little, low-cost insurance can safeguard your future... Why not come in and let us show you how you can protect yourself, and family against any and all hazards through a fine insurance program.
