

MULE YEARBOOK ARRIVES — Muleshoe High School's 1965 yearbook has arrived, and here are four of the Muletrain staff looking over the book. Left - right are Wister Harrison, assistant photographer; Jana Stevenson, editor, and Jonny Dalton, chief photographer. Center is Mrs. Horace Blackburn, sponsor for many years. This is Mrs. Blackburn's last yearbook; she retired at the end of the 1964-65 term. (Journal Photo)

'Death Knell' For Cotton Foreseen If New Farm Program Is Approved

Bailey county Farm Bureau joined the state and national organizations Wednesday in condemning the pending Administration-sponsored farm legislation, now nearing passage.

The Bureau's views were gloomy, but the Plains Cotton Growers, Inc. also came out with a strongly worded passage against the pending Cooley bill, PCG objecting especially to the section of the bill which "calls for a low loan level with direct payments to producers, and this is a feature ... long opposed by PCG."

Farm Bureau State president C. H. DeVaney said the "bill" due to be voted on by the House of Representatives, probably before mid-August, could be the "death knell" for the cotton industry.

Charles B. Shuman, president of the American Farm Bureau Federation, termed it "anti-farmer, anti-consumer and anti-taxpayer."

The bill, H. R. 9811 by Rep. Cooley of North Carolina, contains the Administration's recommendations for farm legislation and would provide four-year programs for dairy, wool, feed grains, cotton, and wheat and a cropland adjustment program. It was approved on a split vote by the House Agriculture Committee late last month. The controversial rice certificate program proposed by USDA earlier this year was not included.

DeVaney said the main issues involved in this bill are the same as in other omnibus farm bills of the recent past which were defeated: "direct payments to producers and use of such payments to force producers to conform to reduced allotments and loss of freedom to make usual management decisions. He added that the main provisions of H. R. 9811 spell out lower support prices and in-

creased levels of direct payments, making producers more dependent than ever on the federal government for a major part of their net income.

Shuman said the House of Representatives "should reject this bill promptly and decisively and then begin work on constructive legislation. He said other bills are before both Houses of Congress that would "strengthen the market system, improve per family farm income, and reduce government costs."

Both leaders noted that the Secretary of Agriculture would have extended discretionary powers to manipulate farm income through dumping of government-owned surplus stocks of farm commodities on the open market and setting price support levels, particularly after 1966.

DeVaney said the proposed legislation is not "temporary in any manner of speaking. It is to be a four-year program with practically all provisions left to the whims of the Secretary of Agriculture after the first year," he said. "It would buy us the first year and hold us captive from then on."

Shuman pointed out the bill would not only make farmers more dependent on direct payments from the federal treasury for their incomes, but would also increase government farm program costs to taxpayers. At the same time it would "increase the processing tax on flour and raise the cost of bread to the consumers," he noted.

DeVaney said that, with the exception of two farm groups, most agricultural producers and segments of agri-business are opposed to the provisions of the omnibus bill.

"All are not opposed for the same reason," he said. "but a close analysis shows all opposition stems from rules that must be made if we accept the principle or philosophy of direct payments out of the federal treasury to support an industry."

Plains cotton growers, in a release Wednesday, pointed out that the bill would require a 15 per cent acreage reduction for any farmer who wished to participate in the program, and would buy us the first year and

HOLDUP VICTIMS — Relief teller Kay Kamradt and Bank Manager Bill Christian, reenact the robbery of Citizens Bank at Texico, N.M. for the Journal camera. It was through this window that they handed a "chubby, red-haired" bandit some \$5313 in cash after he entered the bank while the two employees were eating their lunch and demanded money. Three area residents are among candidates for graduation at Eastern New Mexico University's summer graduation ceremony next Friday at 8 p.m. Joyce Atchison Shafer, Muleshoe, will receive a bachelor of business administration degree, and Betty Bledsoe Lynch, Baileyboro, is to receive a bachelor of arts degree. Keith M. Fred, Bula, is to receive a master of science degree.

A sharp increase in midge infestation in the next two weeks is still possible, even though it does not appear so at present, says County Agent J. K. Adams. The insect count in grain sorghum at present remains very low.

A. W. (Gus) Benner, Council executive for the South Plains Council of Boy Scouts which includes Muleshoe, has resigned to accept a position with the national Boy Scouts and will leave soon for Oak Brook, Ill. Benner had been with the Lubbock council since February, 1957.

Board of Directors of the Bailey County Farm Bureau will meet at Bureau headquarters here tonight. Joe Wheeler, president, reported. Wheeler and Morris McKillip will give a report on their recent motor tour, "Institute on Wheels."

Mr. and Mrs. Jackie Henderson and family were in Muleshoe for the wedding of Mr. and Mrs. Lloyd Garlington and to visit with friends and relatives here.

Mr. and Mrs. Owen Jones and family, Mr. and Mrs. Ed Edmiston and family, Mr. and Mrs. Fred Clements and family and Mr. and Mrs. Donald Prather and family are home from a weeks vacationing at South Fork, Colo. According to Mrs. Jones, the group had a "real nice time visiting, doing a little fishing and just resting."

Mrs. Joe Vaughn has been visiting for the last two weeks. See MULESHOE, Page Four

'Faster Ringing' Phones Due Here

That long dead space between telephone rings soon will be a thing of the past here.

When the new seven-digit system goes into effect this autumn, the ringing cycle will be changed from its present 10-second ring to 3.5 seconds, nearly three times as fast as now, says District Manager Alan Waldrop.

Waldrop and Central Office Foreman R. B. Porter were in Muleshoe this week, checking progress of the vast conversion project, and announced that they are "well pleased with the program."

Said Waldrop: "The cut-over definitely will be made Saturday night, Nov. 7, and every number in the system will be changed. However, a new telephone directory will be issued to coincide with the switch-over, and all customers will be mailed new stickers to attach to their phones. We don't anticipate too much difficulty in making the change to the seven-digit system and other vast improvements being made."

All Muleshoe phones will have a 272 prefix, but the other four digits also will be changed. Waldrop said. "If a present number is 2350, for example, the new number will not simply add 272 to 2350; the entire number will change. Thus the present directories will be useless after the change-over is made. However, telephones served out of this office by the West Texas Rural Telephone Cooperative will not be changed."

Waldrop said the conversion program is 65 percent complete, "but the other 35 percent will be much more tedious; that's why we have put the completion date for November 7, some two months later than originally scheduled."

This week General started a four-way check, one of the "tedious" processes mentioned by Waldrop. Commercial, plant, traffic and engineering departments are all checking their records against one another, "making ready for the change-over."

He said the company is trying to "make the change with as little inconvenience as possible to our subscribers here. He said circuits in town now are limited as more and more "pairs" are changed to the new system. "This causes a shortage of available lines to the switching office, he explained, "sometimes making it impossible to get a dial tone for a few seconds — until the circuits have cleared up."

Waldrop said the system's See PHONES, Page Four

'Queens' To Strut For County Title; Eight In Race

Bailey county Farm Bureau's annual queen contest will blast off at 8 o'clock tomorrow night in the high school auditorium with eight girls competing.

Theme for this year's event will be "Swinging Alone," and musical theme for the contestants will be "Side by Side," it was announced Thursday by Mrs. Joe Wheeler, general chairman of the contest.

Prelude of organ music will be played by Ramon Martin, and Odell Frazier, agent-manager of Hockley county Farm Bureau, will serve as Emcee.

"In Parade," 4-H dress revue, narrated by Mrs. Clarence Mason, will be staged in conjunction with the queen's contest while the judges are considering their decisions.

The lass selected for the county title will represent Bailey county in the district meet in Levelland Aug. 22.

Competing in this year's race for queen are (in alphabetical order) Karen Burlesmith, Renee Howell, Judy Inman, Lanell LaFon, Jan Landers, Susan Pendergrass, Pam St. Clair, and Linda Warren.

'He Had Loud Pipes On His Car'

Young Red-Headed Texico Bank Robber Still At Large; \$5313 In Cash Taken

Officers in West Texas and eastern New Mexico are still hunting for a nervous young red-headed bandit who robbed the Texico branch of the Clovis Citizens Bank at 12:40 Monday and made off in a "car with loud pipes," clutching \$5313 stashed in a paper sack. The bank was opened only 45 days ago on Main street of the little town just west of the Texas line.

Victims of the hold up, Kay Kamradt and Bill Christian, got two chances to view the robber- once when he came in to ask for change for a \$10 bill "for a telephone call," and 15 minutes later when he returned to demand that the bank employees scoop up all the money in the till and poke it in a paper sack which he provided. The "persuader" was a .22 calibre revolver.

The robbery occurred during the noon hour while the two employees of the bank were eating their lunch. Christian is the manager of the branch bank and Mrs. Kamradt is a relief teller, the wife of an assistant vice-president at the main bank in Clovis.

"There was no one in the bank at the moment," Mrs. Kamradt related. "We had brought our lunch with us and were eating in the community room when the bandit made his second appearance. "The bandit said, 'I want your money,' and Mr. Christian thought he was kidding. "Then the young man came right back with, 'I'm not kidding; I want your money.' Christian got up and started for the teller's cage. "You come

'We Learned a Lot'

Firemen Get New Fighting Tricks

Five Bailey county volunteer firemen were back in Muleshoe this week, chuck-full of new fire-fighting ideas after attending a "hard working" session of the Texas Firemen's Training School last week in College Station.

Jay Spain summed up for all of the firemen (four from Muleshoe and one from Maple) who attended: "We learned a lot — just a whole lot — about new fire-fighting methods, prevention and public relations."

In fact, Spain said the three main points of the school were "fire prevention, safety and public relations," adding: "We had never realized before just how important public relations

Mrs. Nettie Lambert Is Honored With Birthday Celebration Here

Mrs. Nettie Lambert celebrated her 84th birthday Thursday evening with a cookout and ice cream supper at the home of her son and family, Mr. and Mrs. Woodie Lambert and Mrs. Judy.

Mrs. Lambert received many nice gifts, cards and flowers from friends and relatives along with a beautiful birthday cake. Twenty-eight members present for her birthday party.

Time To Unwind

It puts me in the deepest dolours
Seeing women's hair in rollers
Held with clips and bright hued net
In public while their hair is set
This strange getup is hard to hide,
It's one that men cannot abide

So girls in rollers hear my plea:
Return to femininity!
Take off your net, go face the world
Unclipped, unrolled and uncurled!

WELLBORN'S BEAUTY SHOP
101 Ave. J. Ph. 3-4040 DAY & NIGHT

Social Attended By Area 4-H Club

A picnic and swimming party was held for 4-H members at the Lamb County 4-H rally day which was attended by 136 Tuesday evening at Littlefield.

Those attending from the Pleasant Valley area were Freddy, Johnny, Jim, Sam and Carolyn Allison, James, John, Aubrey and Lynna Pitts, Ricky, Randy and Ronny Daniel, Rhonda Embry and Collie Platt.

A vesper service was held with James Pitts as Master of ceremonies. Lynna Pitts gave a poem, Carolyn Allison gave the scripture and the group was led with a song by Jane Branscum. The evening was dismissed with a prayer.

Parents attending from Pleasant Valley were Mrs. Kirk Pitts, Mrs. James Daniel and Mrs. Joe Embry.

Eight of her 10 children and families, 6 grandchildren and 5 great grandchildren.

Present for the occasion were Mr. and Mrs. W. T. Lambert and grandson, Steve Davis, Mr. and Mrs. T. M. Lambert, Mr. and Mrs. E. T. Lambert and daughter, Judy, Mr. and Mrs. Victor Foss and son, Michael, Mr. and Mrs. Jim Lane, all from Muleshoe; Mr. and Mrs. John Simkins, Lorenzo; Mr. and Mrs. G. V. Jeffcoat, Leveland; and their daughter, Welyvyn Breiver and her daughter, Rhonda, Lubbock and granddaughter, Mrs. J. T. Lambert and daughters, Denise, Pammie and Tammie, Muleshoe. Families unable to attend her celebration were Mr. and Mrs. I. M. Lambert, Muleshoe and Mr. and Mrs. N. L. Lambert, Edna.

Mrs. Lambert and family came to Muleshoe in 1929, thus making Mrs. Lambert a long time resident of the Muleshoe area.

Jim Taylor of the Green Bay Packers scored 12 touchdowns rushing last season and now has 73 for his career. He is second scoring via rushing to Cleveland's Jim Brown who has 89 rushing touchdowns.

Doris Holt Feted At Bridal Shower

Miss Doris Holt, bride-elect of Carl Underhill, was feted with a bridal shower in the home of Mrs. Cecil Davis, Friday at 2:30 p.m.

The bride-elect's colors of blue and white were carried out on the bride's table which was dressed in a floor length white organza cloth over white, with a blue and white arrangement on white milk glass stand, with white milk glass candelabra and blue tapers.

In the receiving line were the bride, her mother, Mrs. Elmer Holt, the groom's sister from Shallowater, Mrs. Mary Payne and sister-in-law of the bride, Mrs. Bessie Holt from Friona.

Mrs. Marvin Bounds, cousin of the bride, presided at the guest table which was an antique desk, with blue and white arrangement in milk glass with a miniature bridesmaid standing and dressed in blue.

Miss Holt was attired in blue and wore a blue and white corsage presented her by the hostesses. Mrs. Holt was also presented with a corsage.

White cake with blue flower centers was served with blue punch from an India glass punch bowl, with Miss Linda Warren presiding over the bride's table.

Hostesses for the shower were Mrs. Earline Ragland, Mrs. Pauline Griffin, Mrs. Maxine Carter, Mrs. J. C. Slaughter, Mrs. Fern Warren, Mrs. Nona Davis and Mrs. Melva Davis.

Bookmobile Schedule

Wednesday, Aug. 4 — Circle-back 9 to 10 a.m.; Bula 10:30 to 12 noon.

Thursday, April 5 — Amherst, 9:15 to 10:15; Springlake, 11 to 12 noon; Earth, 1 to 4 p.m.

Friday, Aug. 6 — YL Community, 9:30 to 10:30; Pleasant Valley, 11 to 12 noon; Sudan, 1 to 4 p.m.

Saturday, Aug. 7 — Morton, 9:30 to 12 noon; Muleshoe, 2 until 5 p.m.

William Garlington July 11 at 3 p.m. in the Richland Hills Baptist Church with the Rev. Troy Walker officiating at the double ring ceremony.

The bride given in marriage by her father, is the daughter of Mr. and Mrs. George E. Williams, Muleshoe and the bridegroom is the son of Mr. and Mrs. W. C. Garlington, also of Muleshoe.

Miss Williams was attired in a street length princess style dress of white lace over taffeta with oval neckline and long tapered sleeves. Her shoulder length wedding ring veil was designed of self-fabric. The bridal bouquet consisted of a cascade of large pink roses and agapanthus blossoms accented with lily of the valley and streamers of loomed silk fiber atop a white Bible given to the bride as a wedding gift.

Matron of honor was Mrs. Roy Donaldson, Plainview. She wore a street length dress of ice pink brocade with scooped neck and bell skirt. Her matching headpiece was of pink silk illusion. She carried a single long stemmed pink rose.

Best man was Robert Garlington, brother of the bridegroom. Guests were seated by Billy Roming, Muleshoe and Jerry Garlington, also of Muleshoe, brother of the bridegroom. Guests were registered by Sandra Garlington, sister of the bridegroom.

Miss Nine Ed Bovell, accompanied by Brenda Mason, organist, sang, "More", "Twelfth of Never" and "He".

A reception was given in the home of the bride's parents following the ceremony.

For travel to points of interest in Colorado, the bride wore a two-piece pink satin brocade dress with white accessories.

The couple is at home at 1726 West Ave. B. Mrs. Garlington is a graduate of Muleshoe High School and is presently employed at the Green Memorial Hospital and Clinic. The bridegroom also is a Muleshoe graduate and is employed at the Harvey Bass Appliance.

Al Geiberger, Tony Lema, Ray Floyd, Gene Littler, Gay Brewer and Billy Casper were among the first 20 scorers in the last two U. S. Opens. Joe Adcock, first baseman for the Los Angeles Angels, is the oldest player on the team. He will be 38 on Oct. 30.

Meet the MULESHOE STATE BANK CUSTOMER of the Week

Buford Bates

Buford Bates of the Fairview community is our customer of the week. Bates is a farmer. He and his wife, Ruth, attend the First Methodist Church at Sudan. Bates said he had banked with the Muleshoe State Bank since 1958 and "I think the service is very good here." We are proud to recognize this customer of the week.

Muleshoe State Bank

"YOUR GOOD NEIGHBOR SINCE 1914"

Here's New Social Security Program

Now that the President has signed the 1965 Social Security Amendments, some people will want to take action right away in order to protect their new benefit rights, says Clinton Kennedy, Bailey County FHA manager.

Most others will need to take no action at all. As legislation providing health insurance for the aged and making other far-reaching changes in the social security program became effective with the ceremony in Independence, Mo. last Friday, Robert M. Ball, Commissioner of Social Security, proposed the many millions of persons who will be affected.

"First of all, let me say to the 20 million people now receiving social security benefits: you don't need to take any action at all in order to get the increased cash benefit payments the law provides. The amount of the increase for the months of January through August 1965 will be paid to you in a separate check that will reach you in the latter part of September. The first regular checks reflecting the 7 percent increase will be mailed early in October, covering the month of September.

Second: social security and railroad retirement beneficiaries now 65 or over will not need to take any action to secure their basic hospital protection under the new Health Insurance Program. All aged persons now on the rolls will receive in September or October a full information kit directly by mail describing this protection, which becomes effective July 1, 1966. Before this effective date a Health Insurance Card certifying to their eligibility for the services will automatically be sent to beneficiaries 65 or over.

Third: social security beneficiaries will not need to go to the social security office about the voluntary supplementary plan covering physicians fees and other benefits. At the time they get the basic information kit, they will receive an enrollment postcard giving them an opportunity to sign up for the added medical insurance program, which also becomes effective July 1, 1966.

Fourth, a special message to people 65 or over who have never worked under social security: although not qualified for cash social security benefits, these people may qualify for the basic hospital insurance protection under the new "medicare" program. Those receiving public assistance from the States may be signed up for the basic hospital insurance by their welfare agencies. Enrollments in the voluntary medical

insurance plan can be accepted beginning September 1, 1965. Therefore, persons over 65 who have not worked under social security should wait until September 1 before visiting their social security office. Then they can sign up for the basic hospital insurance and, also, enroll in the medical insurance program if they wish that additional important protection.

Certain other groups affected by the law do need to take action. They need only inquire at their social security office, the Commissioner said. The major groups involved are:

Persons now 65 or over who are insured under social security but have never applied for benefits. Even though they may still be working full time, it would be desirable for these people to apply now to establish their benefit rights. This will qualify them for hospital insurance protection and will also make sure they get any cash benefits to which they may be entitled commencing in 1966 because of more liberal retirement test provisions - Under the amendments, any earnings that a person has after applying for social security will automatically be included at a later date in a recomputation of benefits if it is advantageous to the individual; therefore no one can lose by filing for benefits as soon as possible.

Persons 72 or older not now getting benefits because they (or their husbands) had not worked enough under social security to qualify under the previous provisions of the law. These persons, if they have any social security credits at all, should get in touch with the nearest social security office right away, because the amount of time they needed to have worked under social security has now been reduced. Some persons 72 or over will now qualify for benefits of \$35 a month with as little as three quarters of coverage under

LYNDA BIRD'S GUARD — Workmen erect a brick wall to enclose a 9x14 room at the Zeta Tau Alpha sorority house in Austin, which, sorority officials say, will be offered to secret service agents assigned to guard Lyndo Bird Johnson, eldest daughter of the Presi-

dent and Mrs. Johnson. Although there has been no confirmation from the White House, sorority officials say Lynda Bird definitely will return to the University of Texas this fall. (AP Wire-photo)

Aylesworth Is Enlisted In Navy

Smitty Aylesworth, son of Mr. and Mrs. D. R. Aylesworth, Lubbock, has recently enlisted in the United States Navy and is currently receiving his recruit training at San Diego, Calif. Upon completion of 9 weeks training, Aylesworth will return to Muleshoe for 2 weeks leave before returning to school.

Aylesworth is a graduate of Muleshoe High School and has been employed by Radio Station KMUL.

He was processed for the Navy through the Navy recruiting station at Clovis.

All Stars Choose Top Players

The Minor League All Stars played last Tuesday evening in the Little League Field.

Five boys were chosen from each minor league team.

The Cashway Sluggers were Donald Long, Nelson Fox, David Hodges, Perry Stockard and Earl Ladd III. Motormen chosen were Barry Roberts, Larry Roberts, David Harris, Todd Bliss and Bobby Henderson. The U-Bars five were Tim McCormick, David Seymore, Timmy Black, Ronny Henry and Benny Consatt.

These 15 boys made up the winning team. The score was 16 - 15 in their favor. The other team was composed of 15 boys from the Pig Wigs, Dollar Bills and Bears.

Barry Roberts, Larry Roberts and David Hodges each pitched 2 innings on the winning team. Larry Roberts pitched

Firemen...

(Continued From Page One) perience in five days. Altogether 1950 firemen from 11 states and seven foreign countries attended the school which is rated as one of the best firemen schools in the world.

Methods of preventing water and smoke damage and the use of chemicals played a prominent part in the school courses, Spain said. "We learned ways of putting out fires with an absolute minimum of damage to the house and contents, Spain said, "and along with it, the latest safety use. Virtually every type of equipment that can be used in fire fighting and prevention was demonstrated, including new chemicals which literally 'foam' out a blaze. We even saw such machines as giant vacuum cleaners which remove all the water from a drenched carpet in a few seconds time.

Dunham took the course in pump operations, Holmes took Fire Marshalls course No. 2, and Wallace, Spain and Locke enrolled for the Fire - Fighting I course.

(Continued From Page One) with her son in Chicago.

The O. L. Phillips family have visited with their daughter, LaWanda and George Pruitt in Kansas, Kans.

Marie Adkins, Dallas, aunt of Mrs. Ray Clayton, was buried Monday afternoon in Dallas. Mrs. Clayton died of a heart attack Friday at 1 p.m. in Dallas.

Mr. and Mrs. Leon Lewis and family and Mr. and Mrs. Marshal Head and family visited in Andrews Sunday with an uncle.

Mr. and Mrs. Charles Stewart, Terry and Trent, Hobbs, N. M., spent the weekend with the C. A. Barnetts. Mrs. Stewart is a daughter of the Barnetts.

The Rotary Club was shown through the new construction which is taking place at the school building. The building was also knocked a home run.

Coaches were Raymond Hodges for the Motormen, Sluggers and U-Bars; Keith Bray for the Pig Wigs, Dollar Bills and Bears, Bob Stovall was umpire for the game.

GUARDED MELON 'PATCH' — Sgt. L.F. Brown of Denton, a National Guardsman with the 49th Armored Division, watchfully guards a single watermelon keeping cool in a Ft. Hood stream while the 49th underwent maneuvers. (AP Wirephoto)

Bracero Breakdown Boosts Food Costs?

By SEN. JOHN TOWER

It is most disheartening to me that continued incorrect governmental actions are resulting in a steady and oppressive increase in the cost of living. Unwise agriculture policies are a major culprit as in continued federal spending of more money than the government takes in.

An unbalanced budget can be disastrous to a family. A nation likewise pays a price. And, the price is paid by the nation's citizens whether or not they agree with the government policy of spending non-existent dollars.

The cost of living shot up in June by one-half of one percent for the biggest increase in two years. But the worst result of federal fiscal ineptitude was a whopping 6.1 percent increase — in just one month — in the cost of meat, poultry, and fish, coupled with a June increase of 3.7 percent for fruits and vegetables and a 10 percent hike in the cost of potatoes.

Federal "number experts" were quick to point out that the take-home pay of factory workers with large families increased in June by 50 cents. What they did not point out is that 38 cents of that increase was wiped out by the same month's cost-of-living increase.

June consumer prices — and we all are consumers — were up more than 10 percent from their 1959 level. That inflation has lowered the purchasing power of the \$10 bill to \$9.08. The increased cost of food parallels this general consumer price inflation.

Mistaken governmental policies continue. A failure to come to grips with the Bracero question resulted in a labor shortage that left some crops rotting in the fields. Result: higher food prices. A failure to balance the federal budget, even in a time of high national prosperity, has caused the government to "create" the deficit dollars it wants to spend. Each of those "created" dollars cheapens every other dollar. Result: It takes more dollars to buy things.

This nation must return to fiscal sanity and more sound labor and farm policies or we are doomed to perpetual cost-of-living increases, increases that will be far harder on the poor and on the middle-income family with children to educate than they will be upon the rich.

Phones...

(Continued From Page One) new "late" traffic on long-distance calls "is picking up to the point that delays in completing calls sometimes exist." He said many people believe that

the lower rates do not prevail until after 9 o'clock, but the new rates go into effect at 8 p.m. and are in effect all day Sunday also.

Morton Seeking Entries For Third Annual Country Music Festival

Country music lovers from several states will converge on Jim Reeves Memorial Park in Morton, for the third annual Texas' Last Frontier Country Music Festival; an all day affair to be held this year Aug. 14.

The festival was held last year just a few days after the death of Jim Reeves, a top country music artist. Reeves was killed July 31, 1964, in a plane crash near Nashville. By resolution of the Morton city council, the park was dedicated during the festival as the Jim Reeves Memorial Park.

The festival will get underway at 10 a.m. Saturday, August 14, and will run until about 6 or 7 p.m. Semi-professional and experienced amateur talent from all around will be

vying for two hundred fifty dollars in prize money. The judging of contestants will begin about 4 p.m.

The winners, besides sharing in the \$250 in prize money, will play as a featured attraction at the last performance of the 14th annual Texas Last Frontier Rodeo. The rodeo's last performance is that night at 8 o'clock.

There is a \$5 entry fee for each contestant or each group. Entry fees will be used for prize money. Prospective contestants should contact the Morton area Chamber of Commerce manager, Jesse T. George, before noon Thursday, Aug. 12.

Cotton...

would permit reductions up to 35 percent with corresponding higher payments for the larger cut-back. At the same time, farmers would be allowed to plant unlimited acres for sale at market prices without benefit of the government loan or payments.

PCG Secretary - Treasurer Don Anderson took exception to a letter sent to area farmers by county ASCS offices at the direction of Agriculture Secretary Orville Freeman. He said the letter was strongly opinionated and slanted in favor of the proposed legislation.

The PCG, at Anderson's suggestion, moved "that PCG express in strong, but gentlemanly, language to the Secretary of Agriculture and appropriate people its opposition to having taxpayer funds spent lobbying for a bill which is not even on the floor of Congress."

Robber...

(Continued From Page One) paper sacks and "a small gun." The bank, which is a branch of the Citizens Bank in Clovis, has been open 45 days. It is located on the main highway, U. S. 60 - 84.

The 34-year-old mother of two, Mrs. Kamradt, is the wife of an assistant vice-president of the Clovis bank. They live at 520 Westchester in Clovis. She works part-time and currently is relieving the regular teller who is on two weeks summer camp duty with the National Guard.

Officers throughout the area were still busy at mid-week checking leads "and rumors of leads."

One man was taken at a filling station here Monday afternoon by Bailey County Sheriff Dec Clements who matched the description of the bandit. Clements returned the man to Mexico, but bank employees said he was not the one who had robbed the bank.

Road blocks were set up by officers in this area but were abandoned some two hours later.

The fantastic dodo bird, once native to the island of Mauritius in the Indian Ocean, was descended from a pigeon. The turkey-sized bird survived on the island until 1681, when it succumbed to destruction by man and his animals, particularly pigs.

Barbara McIntire, 1964 USGA Women's Amateur golf champion, was the last amateur to gain the runner-up spot in the Women's Open. She was beaten by Mrs. Kathy Cornelius in the 1956 playoff.

the lower rates do not prevail until after 9 o'clock, but the new rates go into effect at 8 p.m. and are in effect all day Sunday also.

During modernization of downtown shopping areas, unusual ways to raise funds may present themselves. At Pomona, Calif., the city sold the alley, above, as a site for the lingerie shop, below. The money from the sale went to build a community parking lot nearby, to help shoppers and merchants (272)

SHOP MULESHOE FIRST

FARM AT AUCTION

160 acres of irrigated land near Muleshoe 160 to sell at auction

THURSDAY, AUGUST 12
Beginning at 1:00 P.M.

This sale will be conducted on the land located 1 mile west on highway 84 to farm road 1760, then 4 miles west, then 2 miles south, then 1/4 mile west of Muleshoe, Texas.

LEGAL DESCRIPTION: N.E. 1/2 of Section 4, Block Y, Bailey County, Texas being 160 acres more or less, all in cultivation and all under irrigation. 125 acres alfalfa, 13 acres of cotton and balance planted to sowed feed.

IMPROVEMENTS: Consists of an almost new 2 bedroom modern home, beautiful landscaped yard and garden, electric water pressure system, 8 inch drilled irrigation well 1/4 mile of 6 inch main and 3/4 mile of 4 and 5 inch sprinkler line irrigation pipe, with natural gas piped to irrigation well. This is a real nice farm home or summer cottage.

MINERAL RIGHTS: 1/2 are sold and 1/2 will sell with the farm.

POSSESSION: As soon as settlement is made the purchaser will receive the landlord's share of growing crops and the house, then the farm on or before January 1st, 1966.

TERMS: 10 per cent of purchase price will be required as a down payment day of sale to be escrowed along with a contract of sale in the First National Bank of Muleshoe. 20 days will be given the purchaser to examine the abstract. Balance of the purchase price due on approval of merchantable title.

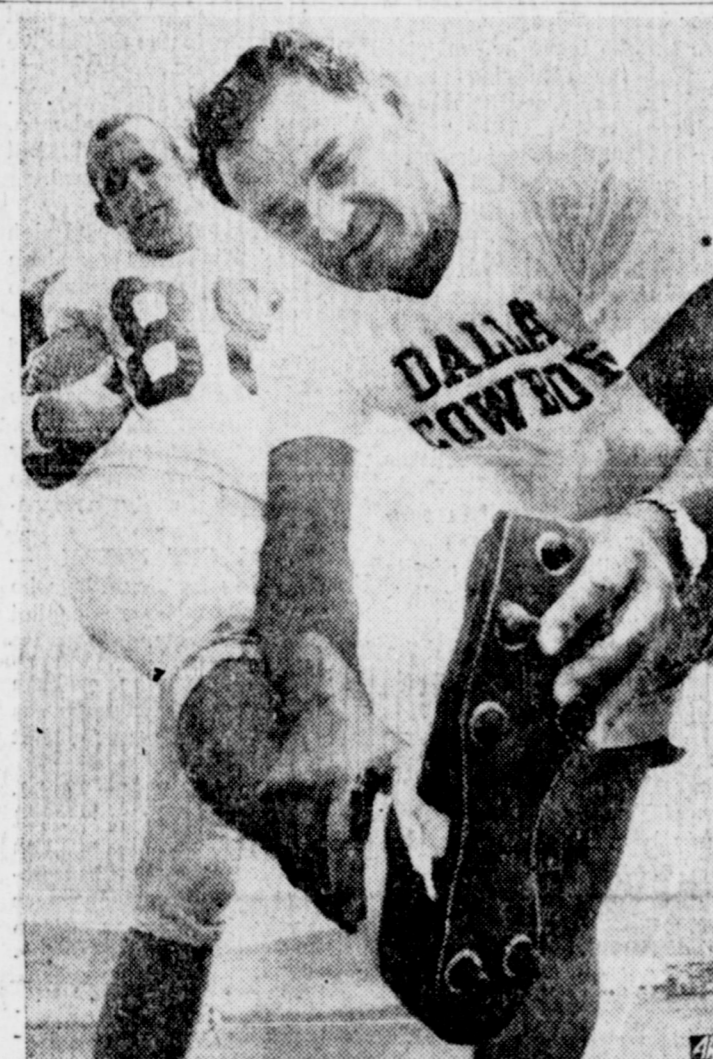

If you are looking for a good alfalfa farm or a sound investment that will pay good dividends, be sure to attend this sale and be the new owner of this farm.

Mr. and Mrs. Harry E. Mitchell-Owners

For further information contact the owners, Phone Lariat 925-3330

"HE LOCKED US IN HERE" — After robbing the Citizen's Texico branch of some \$5313 Monday noon, the "chunky, red-haired" bandit locked Relief Teller Kay Kamradt and Manager Bill Christian in the vault. Mrs. Kamradt stands in the open door to show where the bandit placed them. They freed themselves from the inside after about five minutes. (Journal Photo)

HE KEEPS KICKS COMING — Football's Ben Agajanian, right, itinerant kicking specialist of professional gridirons, instructs the Dallas Cowboys' Colin Ridgway during a coaching session conducted by Agajanian at NFL team's training camp at Thousand Oaks, California. Ridgway is a punting specialist from Australia. (AP Wirephoto)

Raising Quality Hay Called Vital To Ranch Industry

With approximately 80 percent of all hay produced in Texas being fed on farms where it is raised, farmers and ranchers should begin placing more emphasis on producing maximum amounts of high quality hay, says Dr. Neal Pratt, Extension agronomist, Texas A&M University.

"Producers can readily improve quality and yield of hay by adequate fertilization and harvesting at the correct time," he adds.

A soil test is the best way to determine fertilizer needs,

Pratt emphasizes. Too often farmers think of nitrogen as being the only nutrient required for maximum production. However, a deficiency of phosphorus, potassium or other nutrients can greatly reduce the quantity and quality of hay.

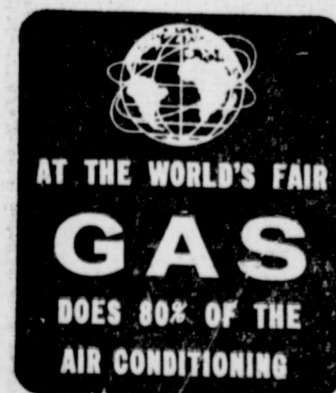

Correct cutting time is vitally important. Young plants contain high levels of protein, but as the plant matures, fiber increases and protein and other quality factors decrease. Therefore, an optimum growth stage must be selected for harvesting.

To gain good balance between quantity and quality, hay crops should be cut just prior to seed head formation, with exception of Coastal Bermuda which should be cut at about four week intervals.

Pratt explains that curing procedures also affect protein content and overall hay quality. It is important to properly cure and bale hay as quickly as possible to retain leaves, color and nutrients.

Curing time for large-stemmed plants such as Sudan-sorghum hybrids may be cut in half by using a hay conditioner. Conditioning machines are most effective when used 15 to 20 minutes after hay is cut.

Choice of hay type, plant establishment and weed control are also important factors of hay production that should not be overlooked, Pratt concludes.

ROBBED BANK — This is Citizens Bank at Texico, N.M., a 45-day-old branch bank of Citizens Bank of Clovis, which was robbed Monday noon by a lone bandit who demanded that the two bank employees on duty at the time, scoop up the money on hand and dump it into a paper sack which he carried. (Journal Photo)

Connally's Future Plans Stir Austin

By Vern Sanford
Texas Press Association

AUSTIN — Gov. John Connally's future plans are the talk of the capital.

On his decision hinges the political future of many Democratic candidates for numerous federal and state offices.

No one in his party wants to run against the popular Democratic party leader and top vote-getter, but there is talk of his possible retirement. This would change the complexion of many races in 1966.

Connally has indicated that he will make his plans known before the General Election in November. This in order that other state political figures, whose moves depend on his, can set their own sails.

In the latter category are Lt. Gov. Preston Smith and Atty. Gen. Waggoner Carr. Both want to run for governor.

A race by Smith and Carr for the higher office naturally would place their own jobs up for grabs — and plenty of candidates would file for these posts.

Connally says that neither the four-year-term amendment, which will be voted on Nov. 2, nor the possibility of a federal appointment will play a part in his decision whether or not to retire.

Other speculation is that he may run for the US Senate next year against the incumbent, Republican Sen. John Tower.

There also is talk that, regardless of Connally's decision, US Senator Ralph Yarborough may enter the Governor's race next year. He could do this without relinquishing his present post.

So goes the talk in the state capital where speculation always runs high.

NOT SO BAD — Dr. James Schless, director of the state TB hospital system, isn't claiming perfection. But he doesn't think the number of persons leaving the hospital against medical advice is alarming.

"We don't bat a thousand," said Schless, "but a layman looking at the figures could easily get the wrong impression."

Figures he referred to reveal that out of the 2,914 persons who left the state TB hospitals last year, 601 of them left without medical advice.

Dr. Schless says most of those 601 were non-contagious. They were cured and

they are not a menace to public health. But they left before receiving the 18-24 months of treatment necessary to give them a 98-per-cent chance of never having TB again.

Those who leave before getting past the contagious stage usually are returned quickly by health authorities. After "going over the hill," such patients usually are quarantined.

ORANGE POLLUTION — State Water Pollution Control Board has asked officials of the City of Orange to try again to get voter approval of a bond issue to provide funds for correcting the city's pollution of the Sabine River.

Orange voters recently turned down a \$3,000,000 bond issue by a mere 29 votes. It would have corrected the city's sewer or troubles.

Mayor Neil Miller Jr. admits that the city's sewer is polluting the river at six points within the city limits. If esai d the city must re-submit the matter to the voters.

INTERSTATE HIGHWAY — Plans for development of a section of Interstate Highway 10 west of Fort Stockton in Pecos County have been approved by the Texas Highway Commission.

Area extends from 5.9 miles west of Fort Stockton to 7 miles east on the present US 67.

HIGHWAY HEARINGS — Texas Highway Commission, working on its busiest docket in years, heard 19 county delegations request \$82,167,010 for highway construction projects.

By far the largest requests came from Dallas and Harris counties.

The Falcon Tourist Route Association gained a generally favorable reaction from the Commission when it asked that a 207-mile route from San Antonio to Zapata be given a single number.

They preferred that it be designated as US 283 or Texas Highway 16. Route through Bexar, Atascosa, McMullen, Duval, Jim Hogg and Zapata counties now has a number of designations.

SALES UP — June retail sales in Texas was up 2 percent over May, reports the University of Texas's Bureau of Business Research.

Ordinarily, June sales are down an average of 6 percent from May. Bureau's only explanation for the rise was the fact that June was the state's

first month of consistently sunny, pleasant shopping weather.

APPOINTMENTS — Additional interim committees have been named by House Speaker Ben Barnes and Lt. Gov. Preston Smith.

Barnes appointed Reps. Paul Floyd, Wayne Gibbons, Gene Hendryx, George Hinson, Randy Pendleton, Tommy Shannon, Richard Slack, James Slider, Terry Townsend and Ralph Wayne to the Legislative Council.

Smith named Sens. A. M. Aiken Jr., Dorsey Hardeman, Grady Hazlewood and Bill Moore to the Budget Board.

He also appointed: Sens. Tom Creighton, Ralph Hall, Jack Hightower, Abraham Kazen Jr., and Don Kennard to study elections.

Sens. Criss Cole, Martin Dies Jr., Bill Patman, Walter Richter and Franklin Spears to study the nursing profession.

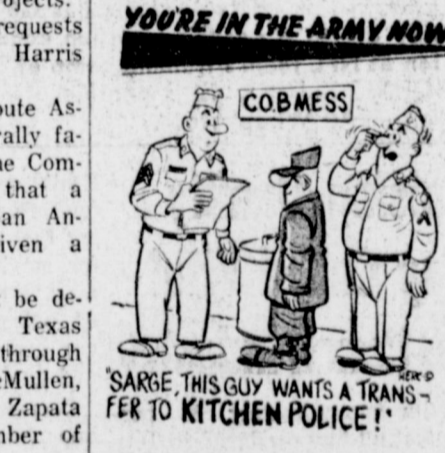

Sens. Roy Harrington, Andy Rogers and Pete Snelson to study college faculty compensation.

VISITORS GET BREAK — Free parking for tourists who wish to visit the state capitol has proved a boom.

Perennial parking problem around the capitol for years has kept many visitors away. But no more.

Where the Old Walton Building once stood, directly in front of the capitol grounds at 11th and Congress, the state has provided plenty of parking space exclusively for tourists. Two hours of free parking are furnished in a supervised lot.

Result is a noticeable increase in the number of in-state as well as out-of-state visitors.

Fryers' Supply Plentiful, Says A&M Expert

COLLEGE STATION — Fry-
ers are expected to be in greater
supply for the next several
weeks, so look for more "spe-
cial" on this versatile sum-
mer meat item.

This prediction comes from
Mrs. Gwen Clyatt, Texas A&M
University Extension consum-
er marketing specialist.

Specials also will be seen on
some steaks over the weekend.
Beef roasts will be among low-
cost items. Ground beef will
continue as a popular economy
selection.

The best pork values will be
found among shoulder roasts
and steaks, spare ribs, and
cured hams. Franks and cold
cuts are reasonable in price,
and they also offer more serv-
ings for the money than many
other types of meat. There is
no waste with these.

Summer vegetables add an
uncomparable sparkle and
touch of color to meals. When
appetites suffer because of the
warm weather, the rich reds,
greens, golds and creamy
whites entice lagging appetites.
And they also add nutritional
value to the meal in addition to
the variety in texture.

The vegetable counter offers
a variety of Southern peas, with
the blackeye variety leading in
greatest supply. Okra is be-
coming more plentiful. Carrots,
celery, green onions, radishes
and head lettuce are good
choices. Squash, Bell peppers,
cucumbers and green beans
are moderately priced. Quality
varies, so make selections care-
fully.

Offerings at the fruit counter
include cantaloupes, watermel-
ons, seedless grapes and plums.
Freestone peaches, many of
them the Elberta variety, are
available. If you freeze peaches
now for preserve - making
later on, either freeze the fruit
unsweetened or write on the
container the exact amount of
sugar used in preparation for
freezing. Then subtract this
amount from the total called
for in the recipe when you
make the preserves.

Milk and dairy products con-
tinue abundant. Weight watch-
ers may want to use fresh skim
or non - fat milk since both
forms have most of the fat re-
moved.

Don't Clutter That 'Big' Room, Expert Warns

By VIVIAN BROWN
AP Newsfeatures Writer

One trend in house additions
is to add what might be called
a Great Room. It's a room
where the owners can spread
out, at long last whether the
cramping has been in a deligh-
tful little farm house or some-
thing contemporary. Instead of
adding a series of more little
rooms, a large room with in-
teresting architectural details
can offer tremendous satisfac-
tion.

But don't spoil it all with
clutter or you'll be hemmed in
even in a large room.

In furnishing such a large
area, remember there is sophis-
tication in sparse decoration,
advises interior designer
Michael Greer, who has done
many such rooms for well-
known society folk and others.

An interesting room he help-
ed plan from the drawing board
stage is a contemporary one
that was constructed on to an
18th Century farm house. The
new room is on two levels. You
enter on the library side panel-
ed in an arch of walnut, ellipti-
cal shape. The living room is
three steps lower with only the
chimney breast paneled in wal-
nut. His aim was to keep
everything in it light and airy.

"It is a mistake to think that
everyone wants to sit in an up-
holstered arm chair or overup-
holstered sofa. Most people pre-
fer chair and sofa that they can
get in and out of comfortably
and gracefully. In country
houses window treatment
should be simple and in keep-
ing with the architecture. There
should be a valance unless there
is a French door that prohib-
its it, but even then some-
thing must connect the two
lengths of material that flank
the windows."

In that case Greer decorates
the pole with the same fabric
as the draperies.

This particular house addi-
tion doesn't have a single up-
holstered piece that goes to the
floor, the sofa doesn't have a
skirt, another idea that adds to
the lightness and simplicity.
Terra cotta floor tiles provided
so much warmth in the living
room section that he decided
its patina wouldn't be covered
with a rug.

Greer doesn't object to
clutter if it is quality clutter,
but the current interest in fur-
nishing country homes with
Victorian makes him shiver. It
brings back a lot of useless
clutter, he points out.

"Whenever one uses Victo-
rian furnishings there is an
over - abundance of it which
was typical of that period, but
it isn't easy to live with. The
curves aren't scaled to human
comfort. Seats are not average
height. It is uncomfortable and
unattractive and is admissible
only when it cannot be replaced
with something better. I like
good reproductions, but I dis-
like bad imitations. Victorian is
nothing but a bad imitation of
Louis XV, he says.

trast this to the 1964 ration
that averaged per cow: 5,400
pounds of silage, 4,000 pounds
of hay, and a whopping 4,700
pounds of grain!

The average herd size has in-
creased 39 cows over the 16 -
year period — from an average
of 37 cows per herd in 1948 to
an average of 76 cows per herd
in 1964.

Bossy The Cow Goes Modern, Output Boosted

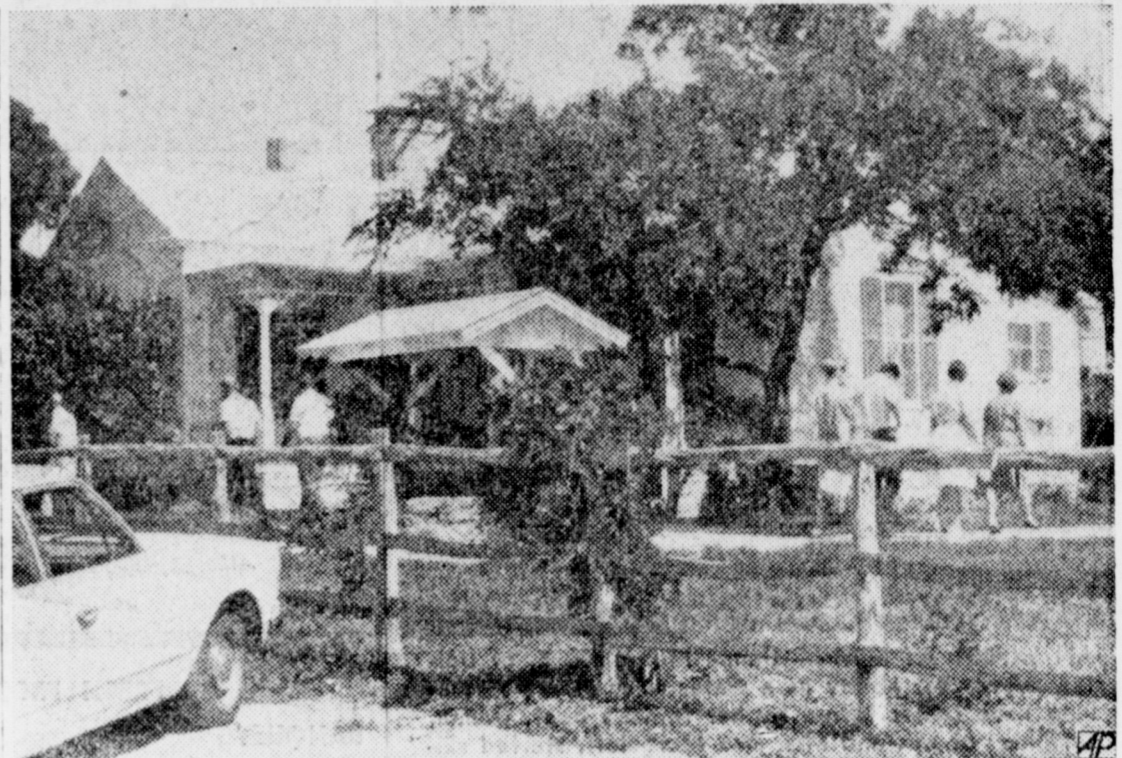

Old Bossy ain't what she used
to be. She's been souped up to
a bovine version of the hot rod!
Records of Texas Dairy Herd
Improvement Associations docu-
ment the change, says A. M.
Meekma, Extension dairy
specialist, Texas A&M Univer-
sity.

Back in the "dark ages" of
1948, the average cow on DHIA
test in Texas produced only 5-
547 pounds of milk. Today she
produces 10,195 pounds of
milk. And the milk she pro-
duces may appeal to consum-
ers more too, for the butterfat
content has been lowered from
4.7 percent to 3.7 percent.

Best of all, from the produc-
er's standpoint, returns per cow
over feed cost have gone up
from \$199 in 1948 to \$260 in 19-
64. One of the biggest reasons
for this, says Meekma, is that to-
day's feeding techniques have
improved so much. Of course,
other production costs must be
met by this income, and these
costs have risen considerably
since 1948.

It used to be that dairymen
thought they were doing a good
job when they fed cows an
average of 2,000 pounds of sil-
age, 2,500 pounds of hay, and
3,000 pounds of grain. But con-

LBJ'S BOYHOOD HOME — President Johnson's boyhood home in Johnson City, is a big attraction for tourists in Texas. It is open to the public Friday through Monday each week. Around 1,000 tourists a week have been taking a look, free of charge. (AP Wirephoto)

CAREER EMPLOYMENT

... CAN YOU QUALIFY?

AUSTIN — A GOLDEN OPPORTUNITY awaits above average young men between 21 and 35 with a high school education who are in good physical condition. To learn full details about how to further your education, obtain many personal benefits, and receive complete training for a career in public service, contact any DPS patrolman or your nearest Department of Public Safety office.

Color is important in carry-
ing out any room scheme to a
black lacquer floor lamp, a room
with it. He likes the idea of
perfection, he points out. He
contemporary black and white
of having easels in a library
sown red, white, black and
painting over a fireplace that
is area so that it is possible to
brown in this wing. The sofa is
flanked also by Directoire
move paintings into various
black with red cushions, a
table chairs covered in brown
velvet, positions in the room or
around is draped in white linen
with Greer likes black in every
the house.

Let me ask you a very im-
portant question this week
...if your home burned,
would your in-
surance
cover
your cost of rebuild-
ing...at to-
days'
prices? ...If your answer
is "No"...if you are not
fully insured...then you
haven't enough...This ag-
ency is fully qualified to
help you determine just
what insurance, and how
much, you need on your
home and furnishings.....
Why not phone us right
now...we'll be glad to dis-
cuss your insurance prob-
lems with you...And rem-
ember, if you're not fully
insured...it's not enough!

AN EXPERT AT FIVE — Danna Morguloff, 5, of Dallas, proves her ability as a water skier as she zips along Lake Dallas towed by her father's boat. Danna, daughter of Mr. and Mrs. Dan Morguloff, started skiing last year on a pair of midget skis and was equipped with a single professional custom model when a west coast manufacturer learned of her love of the sport. Highway Department Color Film Promotes State Tourist Industry

Texas Highway Department Monday unveiled the first full-color 30-minute travel promotion film to be produced entirely by a state agency. The film, entitled "Texas — Land of Contrast," was shown to a select group of state officials, newsmen and others interested in tourist industry development. The showing was at a luncheon sponsored by the Austin Chamber of Commerce (at the Commodore Perry Hotel).

Monday's showing was a preview of the film, which will be available for public screening about September 1. Among the guests at the chamber-sponsored luncheon were members of the Texas Highway Commission, Hal C. Woodward of Coleman, J. H. Kulturen of Waco, and Herbert C. Petry, Jr. of Carrizo Springs, chairman.

The Commissioners expressed enthusiasm for the film which is expected to stimulate recreational travel to Texas by residents of other states, Canada and Mexico. Speaking for the Commission, Chairman Petry said: "The Department has received many requests for such a film to criss the image of Texas as a vast, barren land. Vacation-seekers will be able to see for themselves the marvelous beauty of Texas scenic attractions, unmatched in their diversity by any other state."

"This is Texas as it really is — the Fun-tier State — offering recreational attractions to suit every taste. . . forests, mountains, plains, seashore, caverns, lakes and its many cultural attractions. Here they are pictured in a sparkling panorama of color."

Petry also voiced the opinion that the film will stimulate recreational travel by Texans within their own state.

"Unfortunately, many Texans have overlooked the Lone Star State as a vacation paradise," Petry said. "This film should inspire Texans to learn and see more of our own scenic, cultural and historical attractions."

The film will be made available on a loan basis to service clubs, chambers of commerce and organizations throughout the country. Special efforts will be made to get the travelogue shown on TV stations in Texas and other states.

Prints may be obtained by writing the Travel and Information Division, Texas Highway Department, P. O. Box 5064, Austin, Texas (78703).

The film includes such fascinating scenic attractions as Caddo Lake, the Big Thicket, Monahans State Park, the Rio Grande Valley, the Gulf of Mexico and the fabulous beauty of Big Bend National Park. Also depicted are such events as the San Antonio Fiesta and the Austin Aqua Festival.

The mere size of Texas complicated production of the film, according to Tom H. Taylor, director of the Travel and Information of the Texas Highway Department. His division was responsible for planning and production of the film.

"Texas is so large that to depict its many wondrous attractions in a single 30-minute film virtually was impossible," Taylor said. "We found a theme and treatment for the picture in its title, for Texas truly is a land of contrast. He continued: "We have attempted to show, alternately, some of the many diverse scenic and cultural attractions of the state. Here is the land of surprises, where there's always adventure further on, always excitement and the unexpected — maybe just around the bend."

"We hope that this will be a pilot film for a series which will attract more and more visitors to Texas, and make Texas better known as a recreation center to its own residents."

The coldest temperature ever recorded at the U. S. Navy's South Pole Station in the Antarctic was - 102.1 degrees Fahrenheit, recorded on September 17, 1957.
