

## 2050 To Trek To School Sept. 1, Early Enrollment Figures Revealed

Muleshoe schools will enroll 2050 pupils on opening day next Wednesday, Superintendent Neal Dillman estimates.

He bases his figures on the number of pupils enrolled in senior high school in pre-opening figures which ran beyond expectations.

The 2050 figure is twice the total population of the county back in 1930 and nearly four times more than the 1920 census figure.

Meantime, pre-enrollment will wind up tomorrow when junior high pupils and all elementary students will sign up for the new school year.

At the end of the school year, 152 were enrolled as freshmen; this year, as sophomores, 140 are expected to sign up. The sophomore year, he explained, is the leading "drop-out" year; more pupils quit school between their freshman and sophomore years than during any other period.

### Women's Tourney Is Held; Pro-Am Winners Listed

Tournaments of one nature or another are popping out this week at Muleshoe Country Club. Naomi St. Clair Memorial tournament for women was held Wednesday. Mrs. Woody Lambert was in charge and play was straight medal play.

Earlier, Irvin St. Clair, H. Hamby, Al Stovall and Dorothy St. Clair teamed to win the club's Pro-Amateur meet with a 56 low ball score. All are amateurs.

Low Pro was Fred Pendergrass, Olton, who shot a 69, and Skinny Carter, Muleshoe pro, finished second a stroke behind. Jimmy Adams, Littlefield, and Bob Felty, Lubbock, tied for third with a 72 each. Felty was formerly pro here.

Low amateur prize went to Russell Haberer who shot a 69. In the Pro-Pro events, Fred Pendergrass and Felty shot a 65 and Carter and Adams scored 66's each.

Eighty players took part in the event.

A "race horse" tourney is slated for Saturday with 10 teams competing, and the annual men's and women's club tourney is to be held later this season, Carter said.

### Five Assessed Fines In County Court Session

Three persons who had previously pleaded not guilty, changed their pleas to guilty and were assessed fines when cases were called to trial in county court here. Jury panels which had been summoned for the trials were dismissed.

Two other cases were granted continuances and those cases will be set for the September term, it was announced Wednesday.

Robert Lee Kelly, charged with transporting alcoholic beverage for sale, pleaded guilty before Judge Glen Williams. His fine was assessed at \$150. His (See COURT Page 8)

### Sears' Order House Planned

Sears Roebuck & Co., will locate an order house in Muleshoe soon at the corner of Main & Ave. B., it was announced Wednesday. J. E. Barker, district manager for order stores, Dallas, has not announced the tentative opening date.

### Special Election Interest Lagging

Bailey county voters apparently aren't too much interested in how many state senators Texas has.

This was the deduction made here Wednesday as deadline for absentee voting neared - with not a single absentee ballot cast, courthouse records revealed. The absentee balloting started Aug. 16, ends this week.

This is the first of several special elections to be called when voters will accept or reject a number of proposed amendments to the constitution. The ballot which voters will receive Sept. 7 is brief. It reads "For (or against) the Constitu-

tional Amendment increasing the membership of the State Senate from 31 to 39 members, retaining the present membership of the House of Representatives, requiring apportionment of the senate according to population and deleting the limitation that no single county is entitled to more than one senator."

Texas Press Association's weekly Austin letter says that the state AFL-CIO is leading the opposition. It charges that the proposal is a "pig in a poke," offering no guides as to where the new districts will go. (See ELECTION Page 5)

### Mrs. Burelsmith Gets 1st Week's Ramada Prize

To Mrs. D. O. Burelsmith, Route 2, Muleshoe, goes the first "Weekend at the Ramada".

Her name was drawn by Mayor Wilbur LeVeue from 13 names drawn earlier by the participating businesses in Muleshoe.

But there are nine other "Weekends at the Ramada" still to be awarded during as many weeks, so folk in Bailey or adjoining counties were invited to visit participating stores and register. No purchase is necessary for registering, and the contest is open to married persons. (See PRIZE Page 5)

### Gorrell Honored; Jaycees To Back Senate Boost

County Attorney Roger Gorrell was picked as "Jaycee of the Month" at Monday's luncheon of the club when Muleshoe coaches were honored guests.

The club went on record as unanimously favoring the boost in state senate membership from 31 to 39. Voters will go to the polls Sept. 7 to decide whether the number shall be increased.

Head Coach Willie McAlpin was speaker at Monday's luncheon, when he told the club that Muleshoe has "much better than expected" prospects for the coming season.

He said 54 boys are now reporting and an additional 10 are expected when school opens Sept. 1. He sounded a plea for the support of townspeople in the school's entire athletic program.

"The players and the school body have excellent spirits," McAlpin said, "but we need (See JAYCEES Page 8)

### 51 Batteries Taken In Weekend Raids

Thieves with a penchant for batteries made lush hauls during the weekend, and they were not too particular about how badly they damaged the batteries of their connections, sheriff's deputies learned Monday.

As nearly as they could figure up "51 to 52" batteries were taken sometime during the weekend, apparently by thieves who used only their bare hands to haul the batteries from their moorings.

Sheriff Dee Clements and deputies spent most of Monday running from one irrigation well to another, seeking clues.

While many of the batteries were taken from irrigation wells, gas driven, the biggest single haul was made at White's Auto Stores. Thieves there made off with 30 used batteries, stacked outside the store. The batteries, many of them in poor condition, were trade-ins.

"The thieves apparently didn't care what kind of condition the batteries were in," a deputy explained. "In fact in getting them loose from the irrigation engines they even broke some of the batteries, leaving pieces lying around near the scene."

Foot prints were found around most of the irrigation wells. The sheriff's office explained that apparently the thieves were interested only in the resale value of the batteries. Such (See RAIDS Page 5)

### Schools Urge Driver Caution, It's School Bus Time Again!

School busses - all 16 of them - will be back on the roads tomorrow, and School Superintendent Neal Dillman urged drivers' caution for another school year.

"We have been very fortunate in the past," the superintendent pointed out, "and we want to maintain our good record."

He pointed to the signs on the backs of all school busses which demand that drivers stop any time a school bus is blinking its warning lights. After stopping, vehicles may proceed at a "rate not to exceed 10 miles per hour."

"We especially urge parents to supervise the loading zones," Dillman said. "State statistics show that most of the accidents which occur each year occur while pupils are waiting for the bus to arrive. One such fatal accident occurred in this district two years ago."

Dillman said Muleshoe busses conveyed 1024 pupils last year traveling a total of 1283 miles every day. Route 7 is the longest route in the system, 149.6 miles each roundtrip. That route leads southwest toward Arch, N.M. Muleshoe busses operated last school year with only one accident; a bus was struck in the side at a country road intersection and was toppled over on its side. Fortunately no serious injuries resulted.

"We ask the cooperation of all persons on the roads which the busses ply," the superintendent urged. "We want to point out, too, that all busses, by law, must come to a complete stop at every railroad crossing. We have had some near rear-end crashes when drivers of other vehicles failed to recognize this requirement."

The busses will operate for the first time this school year tomorrow when junior high and elementary school pupils will enroll. The busses will leave

here for the return trip at noon Friday.

All busses have been put into first-class condition by J. W. Johnson, foreman, and his crew during the summer months. All 16 drivers have been named, four of them teachers who will double as bus drivers during the next school year.

School opens Wednesday, Sept. 1.

LAST-MINUTE PREPARATIONS—There's plenty of hustle and bustle in Muleshoe schools this week as last-minute touches are put on the vast building program.

### Bailey County 4-H Wins Ribbons

**By JUAN MARTIN**  
Bailey County Home Demonstration Agent

County agents and junior leaders had a busy day Friday as they selected the outstanding 4-H Record Books from the 20 counties that make up Extension District II at the Garden-Arts Center in Lubbock.

Records are an important part of 4-H Club work, according to District Home Agent, Mrs. Aubrey Russell. She said the records have two purposes. They give the 4-H members a chronicle of their activities and they teach them a skill that they can use to keep orderly records when they become adults.

A total of 136 senior entries were judged and from these 49 were selected for state competition. Thirteen South Plains counties are represented among the winners.

In the Junior division there were a total of 131 entries. The junior division is for 4-H members under 14 and although they are not eligible for state competition, the winners are awarded ribbons for their efforts.

Those entering from Bailey County in the Senior Division were Sharron Hutton in Home Improvement, Jona Goucher in Garden, Joe Adams in Swine, and Gus Taylor in Beef. Bailey County did not have a District winner this year but the records show great promise for next year.

Those entering in the Junior Division were Darla Kendall who won a blue ribbon with her swine record, Betty Harbin who won a blue ribbon with her clothing record, Linda Mason who won a red ribbon with her home economics record and Tommy Taylor who won a white ribbon with his Santa Fe record.

### Tower Discusses U.S. Aid

A number of important actions were taken in Washington last week, both by the Congress and by the Administration. I'd like to share with you my views about several of these actions. You will remember that several months ago I voted against the Foreign Aid bill because it had been expanded to cover a two-year period. I felt strongly that the magnitude and complexity of the foreign aid program demanded review by Congress every year — not just every two years. I'm glad to report to you that, after 13 weeks of effort, the Senate's version of the Foreign Aid bill has been compromised with the House of Representatives' version. And, the compromise strictly limits the program to one year.

That means there will be another review of foreign aid next year, as I had felt was desirable. Nearly all the letters I receive from Texans indicate they, too, feel world events are moving so fast that our taxpayer aid to foreigners should undergo yearly review and revision. In another foreign affairs action, the Administration, as I predicted in this report last week, proclaimed to the world America's retreat before Russian pressure at the United Nations. No longer will we insist that the Russians pay the dues they owe the U. N.

With the Soviets now excused from paying U. N. dues unless they want to, the U. N. undoubtedly will eventually have to ask American taxpayers for even more money. I expect Congress will be most hesitant to extend those dollars. One of the reasons put forward for America's surrender on this dues issue is that we just didn't have the U. N. votes to support our legal and morally-correct position. This lack of votes for our policies makes inevitable a serious new effort

by the Communist Bloc to seat Red China in the U. N. — hoping that once again we will not have the votes to reject a Communist advance.

Seating the aggressive, warlike Red Chinese in a United Nations dedicated to peace would be like giving the Mafia mobsters a seat on the President's Anti-Crime Commission. I shall continue to fight against seating Red China in the United Nations. In developments closer to home, the Senate last week took what I regard as a most unwise step concerning the Poverty Program.

By a 45 to 45 tie, the Senate defeated an effort to retain a veto power for state governors in operation the Federal Poverty Program in their states. I supported retention of this state participation just as I did last year when it was successfully placed in the program. The Poverty Program has suffered a number of abuses in which money has been

wasted; the poor have not been helped; and massive confusion has arisen. Most of these glaring shortcomings of the Poverty Program can be traced to its virtually complete failure to coordinate the limited Federal efforts with existing and substantial state, local, and private welfare work.

Many governors have stated that their threatened veto of undesirable, uncoordinated Federal poverty projects has been their only means of obtaining cooperation of Federal bureaucrats with state and local welfare efforts. Now, this governor's safeguard has been stripped away in an exceedingly close Senate vote. It is another serious slash at the right of states to have a voice in Federally-controlled programs. Bureaucratic bungling and clumsiness in the Poverty Program are without parallel. Excessively high salaries have left little money to provide economic opportunities for the poor. Many Federal poverty

czars are getting rich while the poor get poorer.

It's an example of what happens when the states are brushed aside, and the Federal government blunders ahead anyway. In closing, I want to say just a word about the recent rioting in California, because this is a matter much on the minds of all Texans. Those California riots were tragic and senseless.

Every American has the basic responsibility to obey the laws by which we order our

complex society. Nobody has the right to hurt another American or to damage his property. Nobody is going to win rights by riots; and equal right carry similarly equal responsibilities of citizenship.

I know Texans will continue to support the law, and our law enforcement officers, and I do not expect a breakdown of order in our state.

### Who put the WATER in the MELON?

When there's plenty of rainfall...nature puts the water in the melon. But when the dry years come, the Bailey County Electric Cooperative shares this honor ...with water for irrigation pumped with electric power. Over the state the crops may vary ... but the ubiquitous watermelon is likely to be found most anywhere, hunting water. In areas served by the member-owned Bailey County Electric Cooperative, when nature fails to deliver the rain, electricity takes over, pumping the water for irrigation. The tender, juicy watermelon, while not the most important, must be the most delicious contribution made by the Bailey County Electric Cooperative. Helping Texas Grow.

pansion program. Floors were being laid.

A teachers' workshop opens this morning with a breakfast in Richland Hills cafeteria. Sessions are planned for Thursday and Friday of this week, and Monday and Tuesday next week. Among the speakers at the workshop will be A. H. Hooser, fieldman for Texas State Teachers Association. One of the features of pre-school activities will be the annual teacher appreciation luncheon to be held in the brand-new high school cafeteria next Tuesday. Business and professional men in Muleshoe will serve as hosts for the annual get-together. Plans have not been completed but are due to be announced this weekend. All teachers, administrators, board members and supervisors will be guests of honor at the luncheon.

## Election

(Continued From Page One)  
TPA says that the "Committee for Fair Representation," made up primarily of trade and industrial association representatives, contends that Texans would get "proper representation without jeopardizing the interests of the sparsely-settled areas," by adding eight new members to the senate.

The report said that the amendment "which triggered one of the 59th legislature's most bruising battles, was intended to take some the sting out of legislative redistricting by making it possible for most incumbent senators to keep their jobs."

The press association says that big city forces are divided, while most rural interests tend to favor a 39-member senate. The report concludes with "Most predictions are that the amendment will fail."

## Raids

batteries, they said, will bring \$1 to \$1.50 each at houses which buy used batteries.

In some cases, the thieves were able to pull the cables from batteries, and in some cases they took cables too.

Many of the batteries stolen were in Parmer county, the thieves apparently working along the northside countyline dirt road between Parmer and Bailey counties.

Brazil shares a common border with all other South American countries except Chile and Ecuador.

### Long Gets First Blood In Tri-Co Bowling Tourney

Justin Long and Ruby Faubus both of Muleshoe have taken top honors in the first week of rollofs in AMF's "Beat the Champ" tournament at Tri-Co Bowling Center. Long led the field of men bowlers with a three-game series of 660, while Mrs. Faubus and Mrs. Arnold shared top honors for the women with a 491 series each. Sharing the second place in the men's competition were Jack Coker of Muleshoe, Jack Coker rolled a 631 series. Each of the five winners during this first week of rollofs in AMF's "Beat the Champ" tournament have now qualified to compete in the final house elimination to be held on September 26th at Tri-Co Bowling Center in Muleshoe. The elimination will determine the three top men and three high women bowlers who will bowl against AMF Staff of Champion members Dick Weber and Donna Zimmerman in the finals scheduled for Oct. 4th at Eastridge Bowl in Amarillo.

Three more weekly qualifying rollofs are scheduled at

Tri-Co Bowling Center during the weeks of Aug. 23, 30 and Sept. 6. Each of the six winners during the second, third and fourth weeks will also qualify to bowl in the final house elimination. There is no entry fee for this tournament, and anyone who has a 1964-65 ABC or WIBC league average, based on a minimum of 21 games, is welcome to enter. The men in the tournament use a 75 per cent handicap of 200 scratch, 135 pin maximum three-game handicap. The women use a 75 per cent handicap of 190 scratch, also a 135 pin maximum three-game handicap.

The tournament ends September 5. This is the first In-

vitational Tournament that the Muleshoe Men's and Women's Association has held jointly. This is a good way to get in shape for the fall leagues which will be starting in September.

Dr. S. B. Walker, Director of

Largest number of confirmed

As part of stepped-up efforts
